RULES AND REGULATIONS OF THE CONFERENCE RELATING TO STEERAGE PASSAGES.

To all Agents.

4974 Dear Sirs:—The above Steamship Lines, composing this Conference, have adopted the following Rules and Regulations for the conduct of the steerage business, all of which will be rigidly enforced in spirit as well as letter. Agents will please report any violation of the Rules and Regulations that may come to their knowledge, *with proof*, to the Secretary, No. 5 Bowling Green, New York.

Petitioner's Exhibit 217 4975

Rates for Steerage Passage.

The rates to be charged for steerage passage, shall be those rates which appear on the official circulars and rate sheets, as issued from time to time, by each of the Steamship Lines, members of the Conference.

Children one year old, and under 12 years of age, shall be charged half rates.

Infants under 12 months:

	Outward (Eastbound).	Prepaid (Westbound).
On British business,	Free.	$3.00
On Continental business,	2.00	2.00
On Scandinavin business,	3.00	3.00
On Finnish business,	3.00	3.00

4976

Commission on all Steerage Business (which shall cover all charges of every nature) by all Lines:

$2.00 per adult.
1.00 for each child.
.50 for each infant (when paid for), excepting that for Infant Continental business no commission is allowed.

The attention of Agents is especially directed to the following Rules and Regulations of the Conference. Any Agent who shall not comply therewith will be fined or disqualified, as Conference may decide. 4977

1. Agents must in all cases adhere strictly to the gross Tariff rates—all drawbacks, discounts, commissions, presents or allowances, of any description, made with a view of influencing passengers, are prohibited.

2. The actual amount received for passage money must always appear on the passage ticket, which must also bear the actual date of issue, and place of sale. There must be no return or division of any portion of

4978 *Petitioner's Exhibit 217*

the commission, no deduction from the inland fare, and no improper inducements held out, directly or indirectly, to purchasers of tickets.

3. No commission shall be paid to Agents on letters or cards of introduction. No Agent shall be deemed entitled to a commission except on the actual issue of a ticket, and direct receipt by him of the passage money.

4. No Agent shall send, or allow others to send his tickets to the City of New York, or any other place, or to any other Agent for sale; and no Agent shall ac-
4979 cept or hold for sale any tickets other than those supplied him by a head office or the General Passenger Agent of a Conference Line.

5. No Agent in the City of New York or elsewhere will be permitted to solicit persons at other places to apply to him for passage by the naming of any rate lower than the gross Tariff rate, either personally or by letter, circular or newspaper advertisement.

6. Except in the territory of the Trunk Lines (as now existing) prepaid tickets shall be issued only for *through passage* to final destination of passenger. No Line or its Agents shall pay Sub-Agents more than
4980 the regular official commission on both ocean and inland fare.

7. When an Agent advertises or offers a rate for passage to or from Europe, he must name the Line by which such rate is available.

8. No circular or publication of any kind shall be issued, reflecting upon or instituting any unfavorable comparison with any Conference Line.

9. Bill posting must be restricted at all places to the immediate premises of each Agent.

Petitioner's Exhibit 217

10. From the amount refunded for unused steerage tickets, there shall be deducted, from the net amount received by the Line for such tickets, a cancellation fee of 10% of the gross passage money, but in the case of *bona fide* purchasers no cancellation fee shall be deducted. 4981

11. Any Agent who shall be reported to be in default to any Line party to this Agreement, shall thereupon be dismissed and disqualified by all other Lines parties hereto.

12. When an Agent is disqualified, the sale of steamship tickets at his place of business and/or residence is thereby prohibited. 4982

13. No Line shall employ any Agent who shall be disqualified for reasons approved at a meeting of the Conference.

14. For any violation of these Rules, and unless otherwise therein provided for, Agents shall for the first offense be fined not exceeding $100; for the second offense not less than $100; and for the third offense they shall be disqualified. Nothing, however, herein shall prevent the Conference from disqualifyang an Agent for any offense, if circumstances warrant. 4983

15. No Agent shall be justified in allowing commissions, or committing any breach of the Conference Rules, because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the Rules, and to report any violation thereof that may come to his knowledge, *with proof*, to the Secretary, or to some party to the Agreement.

LAWSON SANDFORD,
Secretary.

To All Agents.

The Rules and Regulations as now in force, of each of the Lines, covering all of their several Services,

4987

and which relate to first class, second class and third class or steerage passages, are reprinted below for the convenience and guidance of agents.

The agents must comply with the letter and spirit of these Rules and Regulations, under the alternative of loss of agency or such other action as may be warranted in each case.

Agents are especially requested, in compliance with a Rule below, to report any violation of the Rules and Regulations that may come to their knowledge, *with proof*, to the Conference.

Each Line will fix and will announce on its own circulars the rates of passage by its steamers and the commissions to be retained by its agents. 4988

The Rules and Regulations are as follows:

1. All tickets must be sold at current tariff rates. The entire amount of commission granted by the Line must be retained by its agents. All drawbacks, discounts, commissions, presents or allowances, of any description, made with a view of influencing passengers, are prohibited. No improper inducements shall be held out, directly or indirectly, to purchasers of tickets, whether by offer in letter, circular or newspaper advertisement or otherwise. 4989

2. Steerage passengers booked through to inland points in Europe or to or from inland points in America, on both outward (Eastbound) and prepaid (Westbound) business, shall be charged the actual tariff inland American and/or European rail rates in addition to the ocean fare, except where special through rates are authorized by circular of a Steamship Line.

3. The actual amount received for passage money must always appear on the passage ticket, which must

4990 *Petitioner's Exhibit 218*

also bear the actual date of issue and place of sale. Advices of all sales must be sent to the General Agents *promptly*, accompanied by remittance.

4. No commission will be paid by any Line to agents on letters or cards of introduction. No agent shall be entitled to a commission except on the actual issue of a ticket and direct receipt by him of the passage money.

No agent shall accept any commission or allowance of any description from any person, firm or company, in Europe or in America, on the business he transacts
4991 except the commission granted him by the Conference Line or Lines he represents by direct appointment.

5. No agent shall send or allow others to send his tickets outside of his own office for sale. No agent shall sell tickets to or have dealings with former or disqualified agents, peddlers, runners or persons of any sort, endeavoring to do steamship business, nor shall he be allowed to employ agents of any description, or any person to solicit steamship business in front of his office.

6. Agents shall be allowed to sell passage tickets only in the office for which they have been appointed.
4992 No agent shall be allowed to sell tickets for a Line he does not represent or assist in any way to procure such tickets. No agent shall be allowed to sell tickets to another agent over any Line which the latter does not represent. Agents are prohibited from advertising themselves as agents for, or to do business in any way over, Lines they are not authorized to represent by direct appointment.

7. No agent shall hold or accept for sale any form of tickets other than those supplied him by the Conference Line or Lines he represents. No agent shall issue orders, certificates, passage contracts or tickets

4993

of his own or of any other individual or firm, etc., nor shall he be permitted to issue orders, certificates, passage contracts or tickets on private correspondents or firms in Europe or elsewhere for outward or prepaid business. No agent shall advise the names or addresses of prepaid passengers to any one in Europe or elsewhere.

8. Any agent who shall be ascertained to be in default to a Line, Member of this Conference or of the Continental Conference, or of the Mediterranean Conference, shall thereupon be dismissed and disqualified by all the Lines, Members of these Conferences. 4994

9. Agents are prohibited from booking passengers for any steamer except those of the Lines, Members of the Continental, the Mediterranean and the North-Atlantic Passenger Conferences, unless Conference gives express permission in writing. Agents are prohibited from selling passage tickets under false representations as to the Line or the route by which the passenger is to be transported.

10. *Advertising.*

(*a*) By the term ADVERTISEMENT shall be covered all posters, circulars, handbills or other announcements in regard to Steamship business, newspaper advertising, paid reading notices, etc. 4995

(*b*) All advertisements shall conform to the truth.

(*c*) No comparison shall be made in any advertisement or verbal statement made, reflecting upon or instituting unfavorable comparisons between one Line or steamer and any other.

(*d*) All advertisements shall contain the date and place of issue.

(*e*) All advertisements or offers otherwise of a rate of passage to or from Europe shall include the name of the Line and service (and/or steamer if more than

one rate applies to its steamers) over which the rate is available, and with a rate advertised or offered otherwise in the interior a clear statement shall be made whether it is for ocean passage or for through ocean and rail passage and showing the class of accommodation covered thereby.

(*f*) All advertisements announcing reductions in rates shall include the actual rates.

(*g*) No cut of a steamer not employed in the North Atlantic trade of a Line, Member of Conference, shall be used in an advertisement.

(*h*) No claim shall be made in an advertisement
4997 of a greater size for a steamer than the gross registered tonnage of such steamer as published in Lloyd's Register, the Bureau Veritas or Germanischer Lloyd.

(*i*) Bill posting must be restricted at all places to the immediate premises of each agent.

(*k*) No agent shall advertise himself as a "general agent" or "general passenger agent" on letterheads or otherwise.

(*l*) All advertisements or circulars issued by General Agents, or Agents, must be submitted to and approved by the General Agents of the Line either in New York, Montreal, Boston, Philadelphia or Chicago, before publication. If this is not done and any ad-
4998 vertisement is issued of an objectionable nature, the Agent will be liable to penalties, provided for elsewhere, for violation of rules.

11. No advices of prepaid steerage tickets will be accepted by any Line unless the passengers are booked through to final destination. *Agents must remit immediately* upon the sale of a prepaid steerage ticket for the ocean and inland transportation to either the General Agency at the port of landing in America of the Steamship Company by which the prepaid passenger is to be forwarded, or to the official General Passenger Agency of such Company in the interior in

Petitioner's Exhibit 218

4999

whose territory the agent is located. Colonist rail tickets may be issued in the Dominion of Canada in connection with ocean tickets.

12. When an agent is disqualified, the sale of Steamship tickets for all classes of business at his place or places of business and/or residence is thereby prohibited.

By the term "agent" is covered the individual or the members of a firm employed as agent.

The members of a firm declared disqualified are therefore also declared to be individually disqualified.

13. Agents will be held responsible for all transactions, relating to the business of the Lines, carried on in their offices or premises, whether by themselves or others. 5000

14. Agents shall not be entitled to commission on tickets purchased to test the observance of rules, even though no rule may have been violated in making the sale.

15. For any violation of these Rules, and unless otherwise therein provided for, agents shall for the first offense be fined not exceeding $100; for the second offense not less than $100; and for the third offense they shall be disqualified. Nothing, however, herein shall prevent the Conference from disqualifying an agent for any offense, if circumstances warrant. 5001

16. *No agent shall be justified in committing any breach of these Rules because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the Rules, and to report any violation thereof that may come to his knowledge, with proof in the form of an affidavit, to the Conference or the General Agents of any Conference Line.*

Petitioner's Exhibit 220. 5005

Circular No. 5.

THE NORTH ATLANTIC PASSENGER CONFERENCE

No. 19 Broadway,

New York, May 6, 1908.

Agents are hereby instructed not to book via Genoa or Naples third-class passengers *destined to Continental points.*

It will be considered a violation of this regulation 5006
if agents attempt to book passengers of Continental nationalities (such as Austrians, Croatians, Dalmatians, Galicians, Germans, Hungarians, Russians, Slavonians, etc.) to or via any point in Italy.

Only *bona fide Italian and Oriental passengers* may be booked to or via Italian ports.

Which shall cover all charges of every nature, by all Lines .. 10 per cent.

For Infants, no commission allowed.

Note.—For the cancellation of Steerage Passage Tickets, a deduction of 10 per cent. and Agent's Commission will be made.

Petitioner's Exhibit 222-A

5017

The Attention of Agents is especially directed to the following Rules and Regulations of this Conference. Any Agent who shall not comply therewith will thereby render himself liable to such penalties as the Conference may consider proper.

1. Steerage passengers booked through to or from inland points in Europe or to inland points in America, must be charged the actual Tariff inland rates, in addition to the Conference Ocean rate.

2. The actual amount received for passage money must always be entered on the passage ticket, which must also bear the actual date and place of sale. There must be no return or division of any portion of the commission, no deduction from the inland fare, and no improper inducements held out, directly or indirectly, to purchasers of tickets.

5018

Notice is hereby given that no Agent may employ Sub-Agents and divide commissions with them.

3. Agents must in all cases adhere strictly to the Conference rates—no drawbacks, discounts, credits, commissions, presents or allowances of any description, made with a view to influencing passengers, shall be permittted.

4. No commission shall be paid to Agents on letters or cards of introduction. No agent shall be deemed entitled to a commission except on the actual issue of a ticket, and direct receipt, by him, of the passage money.

5019

5. No Agent shall send, or allow others to send, his tickets to the City of New York, or other places, for sale.

6. Any Agent who shall be reported to be in default to a Conference Line, shall be dismissed and disqualified.

5020 *Petitioner's Exhibit 222-A*

7. No Agent of a Conference Line shall book passengers by any steamer of the Thingvalla Line or of any other Line not represented by a member of this Conference, of the Mediterranean Conference or of the North Atlantic Steam Traffic Conference.

8. Bill posting must be restricted at all places to the premises of the several Lines or of their Agents.

9. It is in violation of the spirit of Conference to allow credit to be given for a part or the whole of the purchase money, on the sale of either outward or
5021 prepaid tickets. Part payments for prepaid tickets shall not be allowed.

10. No circular or publication of any kind shall be issued, reflecting upon or instituting any unfavorable comparison with any Conference Line.

11. No Agent will be allowed to issue certificates or orders for prepaid passage, drawn on any person or company other than the General Agent at New York, or Boltimore of the Conference Line actually employing such Agent; nor to advise such orders to any person other than the General Agent by whom the subagent is appointed.

5022 12. No agent shall be justified in allowing commissions, or committing any breach of the Conference rules, because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the rules, and to report any violations thereof that may come to his knowledge, to the Secretary, or to some member of the Conference.

THOMAS S. SANDFORD,
Secretary

NOTE.—For the cancellation of Steerage Passage Tickets, a deduction or 10 per cent. and Agents' Commission will be made.

THE ATTENTION OF AGENTS IS ESPECIALLY DIRECTED TO THE FOLLOWING RULES AND REGULATIONS OF

Petitioner's Exhibit 222-B

5029

THIS CONFERENCE. ANY AGENT WHO SHALL NOT COMPLY THEREWITH WILL THEREBY RENDER HIMSELF LIABLE TO FINE OR DISQUALIFICATION, AS THE CONFERENCE MAY DECIDE.

1. Steerage passengers booked through to or from inland points in Europe or to inland points in America, must be charged the actual Tariff inland rates, in addition to the Conference Ocean rate.

2. The actual amount received for passage money must always be entered on the passage ticket, which must also bear the actual date and place of sale. 5030
There must be no return or division of any portion of the commission, no deduction from the inland fare, and no improper inducements held out, directly or indirectly, to purchasers of tickets.

Notice is hereby given that no Agent may employ Sub-Agents and divide commissions with them.

3. Agents must in all cases adhere strictly to the Conference rates—no drawbacks, discounts, credits, commissions, presents or allowances of any description, made with a view to influencing passengers, shall be permitted.

4. No commission shall be paid to Agents on letters 5031
or cards of introduction. No agent shall be deemed entitled to a commission except on the actual issue of a ticket, and direct receipt, by him, of the passage money.

5. No Agent shall send, or allow others to send, his tickets to the City of New York, or other places, for sale.

6. Any Agent who shall be reported to be in default to a Conference Line, shall be dismissed and disqualified.

5032 *Petitioner's Exhibit 222-B*

7. No Agent of a Conference Line shall book passengers by any steamer of the Thingvalla Line or of any other Line not represented by a member of this Conference, of the Mediterranean Conference or of the North Atlantic Steam Traffic Conference.

8. Bill posting must be restricted at all places to the premises of the several Lines or of their Agents.

9. It is in violation of the spirit of Conference to allow credit to be given for a part or the whole of the purchase money, on the sale of either outward or prepaid tickets. Part payments for prepaid tickets
5033 shall not be allowed.

10. No circular or publication of any kind shall be issued, reflecting upon or instituting any unfavorable comparison with any Conference Line.

11. No Agent will be allowed to issue certificates or orders for prepaid passage, drawn on any person or company other than the General Agent at New York, or Baltimore of the Conference Line actually employing such Agent; nor to advise such orders to any person other than the General Agent by whom the sub-agent is appointed.

12. No Agent shall be justified in allowing com-
5034 missions, or committing any breach of the Conference rules, because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the rules, and to report any violation thereof that may come to his knowledge, to the Secretary, or to some member of the Conference.

4. Agents must in all cases adhere strictly to the Conference rates—no drawbacks, discounts, credits, commissions, presents or allowances of any description, made with a view to influencing passengers, shall be permitted.

5. No commission shall be paid to Agents on letters or cards of introduction. No agent shall be deemed entitled to a commission except on the actual issue of a ticket, and direct receipt by him, of the passage money.

5069 6. No Agent shall send, or allow others to send, his tickets to the City of New York, or other places, for sale.

7. Any Agent who shall be reported to be in default to a Conference Line, shall be dismissed and disqualified.

8. No Agent of a Conference Line shall book passengers by any steamer of any Line not represented by a member of this Conference, of the Mediterranean Conference or of the North Atlantic Steam Traffic Conference, or by a party to the Scandinavian agreement.

5070 9. Bill posting must be restricted at all places to the premises of the several Lines or their Agents.

10. It is in violation of the spirit of Conference to allow credit to be given for a part or the whole of the purchase money, on the sale of either outward or prepaid tickets. Part payments for prepaid tickets shall not be allowed.

11. No circular or publication of any kind shall be issued, reflecting upon or instituting any unfavorable comparison with any Conference Line.

Petitioner's Exhibit 222-E

5071

12. Any Agent who shall sell a passage ticket under false representations as to the Line or the route by which the passenger is to be transported, shall be dismissed and disqualified.

13. When an Agent advertises a rate for passage to or from Europe, he must name the line by which such rate is available.

14. Agents shall not be entitled to commission on tickets purchased to test the observance of Rules, even though no Rule may have been violated in making the sale.

5072

15. No Agent shall be justified in allowing commissions, or committing any breach of the Conference rules, because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the rules, and to report any violation thereof that may come to his knowledge, to the Secretary, or to some member of the Conference.

THOMAS S. SANDFORD,
Secretary.

New York, May 14, 1890.

RATES FOR CHILDREN.

Children under 12 years, half of above rates.

Infants Under 12 months	2.00	2.00	4.00

COMMISSIONS TO SUB-AGENTS.

Which shall cover all charges of every nature, by all Lines, per Adult	2.00	2.00	4.00

For Children, half Commission. For Infants, no Commission allowed.

NOTE.—For the cancellation of Steerage Passage Tickets, a deduction of 10 per cent. and Agent's Commission will be made, and the surrender of the ticket or prepaid order will be required.

5085

THE ATTENTION OF AGENTS IS ESPECIALLY DIRECTED TO THE FOLLOWING RULES AND REGULATIONS OF THIS CONFERENCE. ANY AGENT WHO SHALL NOT COMPLY THEREWITH WILL BE FINED OR DISQUALIFIED, AS THE CONFERENCE MAY DECIDE.

1. Steerage passengers booked through to or from inland points in Europe or to inland points in America,

5086 *Petitioner's Exhibit 222-G*

must be charged the actual Tariff inland rates, in addition to the Conference Ocean rate.

2. The actual amount received for passage money must always be entered on the passage ticket, which must also bear the actual date and place of sale. There must be no return or division of any portion of the commission, no deduction from the inland fare, and no improper inducements held out, directly or indirectly, to purchasers of tickets.

Notice is hereby given that no Agent may employ Sub-Agents and divide commissions with them.

5087 3. No Agent will be allowed to issue certificates or orders for prepaid passage, drawn on any person or company other than the General Agent at New York, Philadelphia or Baltimore of the Conference Line actually employing such Agent; nor to advise such orders to any person other than the General Agent by whom the agent is appointed.

4. Agents must in all cases adhere strictly to the Conference rates—no drawbacks, discounts, credits, commissions, presents or allowances of any description, made with a view to influencing passengers, shall be permitted.

5088 5. No commission shall be paid to Agents on letters or cards of introduction. No agent shall be deemed entitled to a commission except on the actual issue of a ticket, and direct receipt by him, of the passage money.

6. No Agent shall send, or allow others to send, his tickets to the City of New York, or other places, for sale.

7. Any Agent who shall be reported to be in default to a Conference Line, shall be dismissed and disqualified.

Petitioner's Exhibit 222-G

5089

8. No Agent of a Conference Line shall book passengers by any steamer of any Line not represented by a member of this Conference, of the Mediterranean Conference or of the North Atlantic Steam Traffic Conference, or by a party to the Scandinavian agreement.

9. Bill posting must be restricted at all places to the premises of the several Lines or their Agents.

10. It is in violation of the spirit of Conference to allow credit to be given for a part or the whole of the purchase money, on the sale of either outward or prepaid tickets. Part payments for prepaid tickets shall not be allowed.

5090

11. No circular or publication of any kind shall be issued, reflecting upon or instituting any unfavorable comparison with any Conference Line.

12. Any Agent who shall sell a passage ticket under false representations as to the Line or the route by which the passenger is to be transported, shall be dismissed and disqualified.

13. When an Agent advertises a rate for passage to or from Europe, he must name the line by which such rate is available.

5091

14. Agents shall not be entitled to commission on tickets purchased to test the observance of Rules, even though no Rule may have been violated in making the sale.

15. No Agent shall be justified in allowing commissions, or committing any breach of the Conference rules, because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the rules, and to report any violation thereof that may come to his knowledge, to the Secretary, or to some member of the Conference.

To all Country Agents.

Dear Sirs: The above Steamship Lines, composing this Conference, have withdrawn all ticket-books from Agents in New York City and vicinity.

Petitioner's Exhibit 222-H

5095

By this action, the business properly belonging to their Agents throughout the Country will be better protected.

Particular attention is called to the following Rule of Conference, which will be rigidly enforced, namely:

No Agent shall send, or allow others to send, his Tickets to the City of New York, or other places, for sale.

Any Agent who shall not comply with this Rule, or the following Rules and Regulations of the Conference will be fined or disqualified as the Conference may decide.

5096

Rules and Regulations of the Conference.

1. Steerage passengers booked through to or from inland points in Europe or to inland points in America must be charged the actual Tariff inland rates, in addition to the Conference Ocean rate.

2. The actual amount received for passage money must always be entered on the passage ticket, which must also bear the actual date and place of sale. There must be no return or division of any portion of the commission, no deduction from the inland fare, and no improper inducements held out, directly or indirectly, to purchasers of tickets.

5097

Notice is hereby given that no Agent may employ Sub-Agents and divide commissions with them.

3. No Agent will be allowed to issue certificates or orders for prepaid passage, drawn on any person or company other than the General Agent at New York, Philadelphia or Baltimore of the Conference Line actually employing such Agent; nor to advise such orders to any person other than the General Agent by whom the agent is appointed.

5098 *Petitioner's Exhibit 222-H*

4. Agents must in all cases adhere strictly to the Conference rates—no drawbacks, discounts, credits, commissions, presents or allowances of any description, made with a view to influencing passengers, shall be permitted.

5. No commission shall be paid to Agents on letters or cards of introduction. No agent shall be deemed entitled to a commission except on the actual issue of a ticket, and direct receipt, by him, of the passage money.

5099 6. No Agent shall send, or allow others to send, his tickets to the City of New York, or other places for sale.

7. Any Agent who shall be reported to be in default to a Conference Line shall be dismissed and disqualified.

8. No Agent of a Conference Line shall book passengers by any Steamer of any Line not represented by a member of this Conference, of the Mediterranean Conference or of the North Atlantic Steam Traffic Conference, or by a party to the Scandinavian agreement.

5100 9. Bill posting must be restricted at all places to the premises of the several Lines or their Agents.

10. It is in violation of the spirit of Conference to allow credit to be given for a part or the whole of the purchase money, on the sale of either outward or prepaid tickets. Part payments for prepaid tickets shall not be allowed.

11. No circular or publication of any kind shall be issued, reflecting upon or instituting any unfavorable comparison with any Conference Line.

Petitioner's Exhibit 222-H

5101

12. Any Agent who shall sell a passage ticket under false representations as to the Line or the route by which the passenger is to be transported shall be dismissed and disqualified.

13. When an Agent advertises a rate for passage to or from Europe, he must name the line by which such rate is available.

14. Agents shall not be entitled to commission on tickets purchased to test the observance of Rules, even though no Rule may have been violated in making the sale.

5102

15. No agent shall be justified in allowing commissions or committing any breach of the Conference rules because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the rules, and to report any violation thereof that may come to his knowledge, to the Secretary or to some member of the Conference.

To all Country Agents.

Dear Sirs:

The above Steamship Lines, composing this Conference, desire to call your special attention to Continental Conference Circular No. 8, Third Series, dated

Petitioner's Exhibit 222-I

January 27th, 1894, containing the Conference Rules and Regulations, and to inform you that a number of Agents have been within a short time, disqualified or heavily fined for infraction and violation of these Rules and Regulations, particularly Rule No. 6.

Particular attention is directed to the following Rules of Circular No. 8:

No. 6. No Agent shall send, or allow others to send, his tickets to the City of New York, or other places for sale.

No. 2. The actual amount received for passage money must always be entered on the passage ticket, which must also bear the actual date and place of sale. There must be no return or division of any portion of the commission, no deduction from the inland fare, and no improper inducements held out, directly or indirectly, to purchasers of tickets.

Notice is hereby given that no Agent may employ sub-agents and divide commissions with them.

No. 3. No Agent will be allowed to issue certificates or orders for prepaid passage, drawn on any person or company other than the General Agent at New York, Philadelphia or Baltimore of the Conference Line actually employing such Agent; nor to advise such orders to any person other than the General Agent by whom the Agent is appointed.

No. 15. No Agent shall be justified in allowing commissions, or committing any breach of the Conference Rules, because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the Rules and to report any violation thereof that may come to his knowledge, to the Secretary of the Conference.

Petitioner's Exhibit 222-J 5113

To all Agents.

Dear Sirs:

The above Steamship Lines, composing this Conference, have materially reduced the number of agents employed by them in New York City and vicinity.

The agents retained have made a deposit in cash as an evidence of their good faith in carrying out the Rules and Regulations of Conference.

Particular attention is directed to the following Rules of Conference:

No agent will be allowed to issue certificates or orders for prepaid passage, drawn on any person or 5114
company other than the General Agent at New York, Philadelphia or Baltimore of the Conference Line actually employing such Agent; nor to advise such orders to any person, in Europe or America, other than the General Agent by whom the Agent is appointed.

No Agent shall send, or allow others to send, his tickets to the City of New York, or other places for sale. Nor will any Agent be allowed to sell tickets to former or disqualified Agents of Conference Lines.

Any Agent who shall not comply with these Rules or the following Rules and Regulations of the Conference will be fined or disqualified as the Conference may 5115
decide.

Rules and Regulations of the Conference.

1. Steerage passengers booked through to or from inland points in Europe or to inland points in America must be charged the actual Tariff inland rates in addition to the Conference Ocean rate. These rates will always be furnished on application.

2. The actual amount received for passage money must always be entered on the passage ticket which

5116 *Petitioner's Exhibit 222-J*

must also bear the actual date of issue and place of sale. There must be no return or division of any portion of the commission, no deduction from the inland fare, and no improper inducements held out, directly or indirectly to purchasers of tickets.

Notice is hereby given that no Agent may employ Sub-Agents and divide commissions with them.

3. No Agent will be allowed to issue certificates or orders for prepaid passage, drawn on any person or company other than the General Agent at New York, Philadelphia or Baltimore of the Conference Line ac-
5117 tually employing such Agent; nor to advise such orders to any person, in Europe or America, other than the General Agent by whom the agent is appointed.

4. Agents must in all cases adhere strictly to the Conference rates—no drawbacks, discounts, credits, commissions, presents or allowances of any description, made with a view to influencing passengers shall be permitted.

5. No commission shall be paid to Agents on letters or cards of introduction. No agent shall be deemed entitled to a commission except on the actual issue of a ticket, and direct receipt by him, of the passage money.

5118

6. No Agent shall send, or allow others to send, his tickets to the City of New York, or other places for sale. Nor will any Agent be allowed to sell tickets to former or disqualified agents of Conference Lines.

7. Any Agent who shall be reported to be in default to a Conference Line, shall be dismissed and disqualified.

8. No Agent of a Conference Line shall book passengers by any Steamer of any Line not represented by a member of this Conference of the Mediterranean

Conference or of the North Atlantic Steam Traffic Conference or by a party to the Scandinavian agreement.

9. Bill posting must be restricted at all places to the premises of the several Lines or their Agents.

10. It is in violation of the spirit of Conference to allow credit to be given for a part or the whole of the purchase money, on the sale of either outward or prepaid tickets. Part payments for prepaid tickets shall not be allowed.

11. No circular or publication of any kind shall be 5120
issued, reflecting upon or instituting any unfavorable comparison with any Conference Line. Nor shall any Agent support or advertise in any newspaper or publication that may attack a Conference Line.

12. Any Agent who shall sell a passage ticket under false representations as to the Line or the route by which the passenger is to be transported shall be dismissed and disqualified.

13. When an Agent advertises or offers a rate for passage to or from Europe, he must name the line by which such rate is available.

14. Agents shall not be entitled to commission on 5121
tickets purchased to test the observance of rules, even though no rule may have been violated in making the sale.

15. No agent shall be justified in allowing commissions, or committing any breach of the Conference rules, because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the rules and to report any violation thereof that may come to his knowledge, to the Secretary of the Conference.

To all Agents.

The Rules and Regulations of each of the Lines, covering all of their several Services, as now in force, and which relate to first class, second class and third class or steerage passengers are reprinted below for the convenience and guidance of agents.

The agents must comply with the letter and spirit of these Rules and Regulations, under the alternative of loss of agency or such other action as may be warranted in each case.

5130 Agents are especially requested in compliance with a Rule below, to report any violation of the Rules and Regulations that may come to their knowledge, with proof to the Conference.

Each Line will fix and will announce on its own circulars the rates of passage by its steamers and the commissions to be retained by its agents.

The Rules and Regulations are as follows:

1. All tickets must be sold at current tariff rates. The entire amount of commission granted by the Line may be retained by its agents. All drawbacks, dis-

counts, credits, commissions, presents or allowances, of any description, made with a view of influencing passengers, are prohibited. No improper inducements shall be held out, directly or indirectly, to purchasers of tickets, whether by offer in letter, circular or newspaper advertisement or otherwise. 5131

2. Steerage passengers booked through to inland points in Europe or to or from inland points in America, on both outward (Eastbound) and prepaid (Westbound) business, shall be charged the actual tariff inland American and/or European rail rates in addition to the ocean fare, except where special through rates are authorized by circular of a Steamship Line. 5132

3. The actual amount received for passage money must always appear on the passage ticket, which must also bear the actual date of issue and place of sale. Advices of all sales must be sent to the General Agents *promptly* accompanied by remittance.

4. No commission will be paid by any Line to agents on letters or cards of introduction. No agent shall be entitled to a commission except on the actual issue of a ticket and direct receipt by him of the passage money.

No agent shall accept any commission or allowance of any description from any person, firm or company, in Europe or in America, on the business he transacts except the commission granted him by the Conference Line or Lines he represents by direct appointment. 5133

5. No agent shall send or allow others to send his tickets outside of his own office for sale. No agent shall sell tickets to or have dealings with former or disqualified agents, peddlers, runners or persons of any sort, endeavoring to do steamship business, nor shall he be allowed to employ agents of any description, or any person to solicit steamship business in front of his office.

5134 *Petitioner's Exhibit 222-M*

6. Agents shall be allowed to sell passage tickets only in the office for which they have been appointed. No agent shall be allowed to sell tickets for a line he does not represent or assist in any way to procure such tickets. No agent shall be allowed to sell tickets to another agent over any line which the latter does not represent. Agents are prohibited from advertising themselves as agents for, or to do business in any way over, Lines they are not authorized to represent by direct appointment.

7. No agent shall hold or accept for sale any form
5135 of tickets other than those supplied him by the Conference Line or Lines he represents. No agents shall issue orders, certificates, passage contracts or tickets of his own or of any other individual or firm, etc., nor shall he be permitted to issue orders, certificates, passage contracts or tickets on private correspondents or firms in Europe or elsewhere for outward or prepaid business. Nor to advise the names or addresses of prepaid passengers to any one in Europe or elsewhere.

8. Any agent who shall be ascertained to be in default to a Line, Member of this Conference or of the Mediterranean Conference or of the North-Atlantic Passenger Conference, shall thereupon be dismissed
5136 and disqualified by all the Lines, Members of these Conferences.

9. Agents are prohibited from booking passengers for any steamer except those of the Lines, Members of the Continental, the Mediterranean and the North-Atlantic Passenger Conferences, unless Conference gives express permission in writing. Agents are prohibited from selling passage tickets under false representations as to the line or the route by which the passenger is to be transported.

Petitioner's Exhibit 222-M 5137

10. *Advertising.*

(*a*) By the term Advertisement shall be covered all posters, circulars, handbills or other announcements in regard to Steamship business, newspaper advertising, paid reading notices, etc.

(*b*) All advertisements shall conform to the truth.

(*c*) No comparison shall be made in any advertisement or verbal statement made, reflecting upon or instituting unfavorable comparisons between one Line or steamer and any other.

(*d*) All advertisements shall contain the date and 5138
place of issue.

(*e*) All advertisements or offers otherwise of a rate of passage to or from Europe shall include the name of the Line and service (and/or steamer if more than one rate applies to its steamers) over which the rate is available and with a rate advertised or offered otherwise in the interior a clear statement shall be made whether it is for ocean passage or for through ocean and rail passage and showing the class of accommodation covered thereby.

(*f*) All advertisements announcing reductions in rates shall include the actual rates. 5139

(*g*) No cut of a steamer not employed in the North Atlantic trade of a Line, Member of Conference, shall be used in an advertisement.

(*h*) No claim shall be made in an advertisement of a greater size for a steamer than the gross registered tonnage of such steamer as published in Lloyd's Register, the Bureau Veritas or Germanischer Lloyd.

(*i*) Bill posting must be restricted at all places to the immediate premises of each agent.

5140 *Petitioner's Exhibit 222-M*

(*k*) No agent shall advertise himself as a "general agent" or "general passenger agent" on letterheads or otherwise.

11. No advices of prepaid steerage tickets will be accepted by any Line unless the passengers are booked through to final destination on Steamship Company's blanks. Agents must remit immediately upon the sale of a prepaid steerage ticket for the ocean and inland transportation to either the General Agency at the port of landing in America of the Steamship Company by which the prepaid passenger is to be forwarded or to
5141 the official General Passenger Agency of such company in the interior in whose territory the agent is located.

12. When an agent is disqualified the sale of Steamship tickets for all classes of business at his place or places of business and/or residence is thereby prohibited.

By the term "agent" is covered the individual or the members of a firm employed as agent.

The members of a firm declared disqualified are therefore also declared to be individually disqualified.

13. Agents will be held responsible for all transactions, relating to the business of the Lines, carried on
5142 in their offices or premises whether by themselves or others.

14. Agents shall not be entitled to commission on tickets purchased to test the observance of rules, even though no rule may have been violated in making the sale.

15. No agent shall be justified in committing any breach of these Rules, because some other agent may be doing so. It shall be the duty of every Agent to adhere strictly to the Rules, and to report any violation thereof that may come to his knowledge *with proof, in the form of an affidavit* to the Conference.

THE NORTH ATLANTIC PASSENGER CONFERENCE.

Meeting No. 3.

Minutes of a Meeting of Representatives of The North Atlantic Passenger Conference held at No. 19 Broadway, New York, on Thursday, April 23d, 1896, at 11 o'clock, A. M., for the purpose of acting upon Rules and Regulations for the government of business in America. 5168

Present:

Allan Line:
Mr. Andrew A. Allan.
Mr. George Hannah.
Allan-State Line:
Mr. R. Baldwin.
American Line:
Mr. James A. Wright.
Mr. Arthur Lederer.
Anchor Line:

Mr. R. F. Macfarlane.
White Star Line:
Mr. Harold A. Sanderson.
Mr. H. Maitland Kersey.
Mr. S. S. Cortis.

5170 *Petitioner's Exhibit 223*

20. On motion, it was

Resolved, that Mr. William Coverly act as Chairman of the meeting.

21. Read, Minutes of the Meetings held on January 9 and 10, 1896, which were confirmed.

22. The Rules and Regulations (awaiting ratification) appearing at the foot of the Minutes of the Meetings held January 9 and 10, 1896, were then read, section by section, and as amended and ratified appear below.

5171 23. On motion, it was

Resolved, that Messrs. Kersey, Wright and Hannah be appointed a committee to nominate the Arbitrators, consulting with the Chicago representatives with respect to the Chicago Arbitrator.

24. On motion, it was

Resolved, that the Rules and Regulations of the North Atlantic Passenger Conference shall go in effect, subject to final approval, on and after Monday, May 17th, 1896; and that Conference circulars reciting the Rules and Regulations for the government of subagents be printed, to be mailed by the Lines individually to their agents not later than May 13th, 1896.

5172 25. The Secretary was instructed to confer with the representatives of the Thingvalla Line in America as provided for under Minute 11 and to request that this company make a deposit as required by Rule 8.

26. The Minutes of the Meeting held January 16, 1896, were then taken up and confirmed as a correct record of the proceedings of that meeting. They were acted upon as follows:

Mr. Ringland stated that the Beaver Line can only consider rates, commissions and rules for first and second cabin business entirely apart from the Rules and Regulations governing steerage business.

Mr. Floyd stated that he was not authorized to vote on matters connected with cabin or second cabin business.

SECOND CABIN BUSINESS.

27. On motion, it was

Resolved, that the equivalent (calculated at $5 being equal to £1, Sterling) of the rates and commissions provided for in the Liverpool agreement of April 8, 1896, for Westbound second cabin business be adopted and put in force on and after for 5174
Eastbound business, except that all steamers when carrying cattle be allowed a differential of $2.25 off the lowest rate, and also except that commission be fixed at 5%, with a minimum of $3 for a single and $5, for a round trip passage.

FIRST CABIN BUSINESS.

28. On motion, it was

Resolved, that for the steamers "Campania," "Lucania," "Umbria," "Etruria," "Majestic," "Teutonic," "Paris," "New York," "St. Paul," "St. Louis," the minimum first cabin rate shall be $75.

5175

The minimum rate for the steamers "Servia," "Aurania," Cunard Boston steamers, "City of Rome," "Britannic," "Germanic," "Adriatic," "Berlin," "Chester," shall be $60.

The minimum rate for the steamers of the Allan and Dominion Lines shall be $52.50.

The minimum rate for the steamers of the Beaver Line shall be $50 for single passage by all steamers, excepting that for the steamer "Lake Winnipeg" a minimum rate of $45 may be charged for Eastbound business as per separate agreement for cabin business

between the Canadian Lines, and $95 for minimum round trip passage.

And that these rates shall take effect on and after (Min. 15, 16).

29. On motion, it was

Resolved, that on all first cabin rates of $75 and upward the reduction to be allowed for round trip passage shall be not greater than 10% of the combined East and Westbound rates.

30. On motion, it was

Resolved, that commission to sub-agents on first
5177 Cabin business shall not be more than 5% of the passage money, with a minimum of $4 per adult for each single passage.

31. On motion, it was

Resolved, that the recommendation contained in Minute 19 be put in effect on and after October 1, 1896, subject to approval of the Continental and Mediterranean Conferences.

32. On motion, it was

Resolved, that any Line shall be at liberty to retire from those agreements respecting cabin and second cabin business, on giving fourteen clear days' notice
5178 in writing to the secretary of intention so to do.

Adjourned.

Confirmed.

WILLIAM COVERLY,
Chairman.

Lawson Sandford,
Secretary.

Petitioner's Exhibit 223 5179

RULES AND REGULATIONS FOR A NORTH ATLANTIC PASSENGER CONFERENCE.

Ratified in New York, April 23, 1896 (Minute 22).

Amended, May 15, 1896 (Minute 36).

1. WHEREAS, it is desirable that the Steamship Lines engaged in the North Atlantic trade, having their terminal ports in Great Britain, should combine and organize an Association to make Rules and Regulations for the proper conduct of their business in America.

5180

2. RESOLVED, That the Lines establish in New York an Association to be known as the North Atlantic Passenger Conference to adopt such Rules and Regulations for the working of the passenger business on this side of the Atlantic as may be considered necessary or desirable for the best interests of the trade.

3. RESOLVED, That the Lines party thereto and forming such Association shall comprise the following, viz: Allan Line—Montreal-Liverpool, Glasgow-Boston and Allan State Line, American Line—New York-Southampton, Philadelphia-Liverpool, Anchor Line, Beaver Line, Cunard Line—New York-Liverpool, Boston-Liverpool, Dominion Line, White Star Line. And that the Conference shall be considered as established, 5181
and its obligations binding, so soon as these presents are ratified and approved by the representatives of all the Lines.

4. RESOLVED, That the members of this Conference agree, one with the other, to faithfully abide by and fulfill every rule and obligation adopted at its meetings and embodied in the minutes thereof, in spirit as well as letter, and to consider and maintain all questions and actions that may be considered or adopted in connection herewith, as sacred and confidential and this undertaking is considered as made upon honor.

5182 *Petitioner's Exhibit 223*

GENERAL RULES FOR STEERAGE BUSINESS.

5. Meetings of the representatives of the Lines parties hereto may be called at the request of any Line, at any time, by written notice to the Secretary, and by him to the members, stating so far as practicable the business to be presented for consideration, the notices calling such meetings to be mailed or delivered to members at least 48 hours before the time fixed for meeting.

6. The presence of the representatives of three
5183 Lines shall constitute a quorum; but no Line shall be bound by any act or resolution adopted in the absence of its representatives, unless the same be subsequently approved in writing by that Line. All action must be unanimously agreed to before becoming operative. And, unless otherwise provided, such action shall become operative 48 hours after delivery to the several parties of the Minutes in which it is recorded.

7. The chair shall be taken by the representatives of the several Lines in rotation, in the alphabetical order of the names of their respective Lines.

8. The sum of $1,000 shall be deposited upon the
5184 ratification of these presents, by each of the Several Lines, in the Union Trust Company of New York to credit of the Conference, and by such Company to be held as security for, and if necessary in satisfaction of, any penalty imposed by award of the Arbitrator for violation of Rules, and said deposit of $1,000 must at all times during the continuance of this Agreement be kept good by the several Lines.

9. Mr. James A. Wright is appointed to act as Trustee for the deposits made under Rule 8, and such deposits shall be subject to the joint order of the Trustee and the Arbitrator.

Petitioner's Exhibit 223 5185

10. Mr. Lawson Sandford is hereby appointed Secretary at the pleasure of the Conference, his remuneration to be fixed at the rate of $3,000 per annum from all Lines represented, which sum shall include the use of a Room for Meetings, expense of printing the Minutes, etc., and which shall be apportioned *pro rata* according to number of steerage passengers East and Westbound, carried by the several Lines, during the year preceding

11. Meeting of the Heads of Passenger Departments shall be held whenever necessary to consider and make such recommendations as they may deem 5186
necessary for the proper working of the Passenger business under the Agreement, and to take action on complaints against agents.

12. No Line or its Agents shall allow drawbacks, discounts, commissions, presents nor allowances of any description made with a view of influencing passengers.

13. For all Lines from the United States (except for Eastbound Continental business,) the Conference or Common Points in America shall be New York, Boston, Philadelphia and Baltimore, and also for the Cunard Line, Boston Service only, Portland; 5187
and for the Canadian Lines, Portland, Boston, St. Johns, N. B., and Halifax, N. S., in Winter, Quebec and Portland in Summer.

Passengers booked to or from other places in America, except as specially provided for in Rule 14, shall pay the actual fare to or from the port of embarkation or debarkation.

For Eastbound business to Great Britain and Ireland the Conference or Common Points in Great Britain and Ireland shall be the same for all Lines, viz.: Liverpool, London, Londonderry, Glasgow, Belfast and

5188 *Petitioner's Exhibit 223*

Queenstown. Passengers booked to other places in Great Britain and Ireland shall pay the actual fare from port of debarkation except in the case of the American Line Southampton Service and Liverpool Canadian Lines, who are allowed to include the rail ticket to London only.

For Westbound (prepaid) business from Great Britain and Ireland, the rates are off the port of embarkation in Great Britain and Ireland except in the case of the American Line Southampton Service and Liverpool Canadian Lines who are at liberty to give free tickets from London.

5189 The Common Points in Scandinavia for Eastbound and Westbound business shall be those adopted from time to time by the Liverpool Conference.

14. The through rates to and from all points in the territory covered by the "New England Tariff" shall be computed by adding to the Ocean fare, the actual Inland fare between each place and Boston or New York, whichever may be lowest.

The actual amount of passage money received shall in all cases appear on the ticket, and the amount remitted by Agents shall be this amount, less commission and actual cost of Inland transportation by the cheapest route, to the port of embarkation or from the port

5190 of debarkation, except for passengers from Boston and places beyond, who may be forwarded to New York by any Line of Sound Steamers.

15. Any Line party to this Agreement may in cases of emergency, carry passengers for any other party to the Agreement at the net rate received by such other Line for the transportation of such passengers. When passengers are so carried they shall be immediately reported by the carrying Line to the Secretary for the information of the other Lines.

5191

16. The Charity rates shall be uniformily $15 net for steerage passage by any Line to port of debarkation only, but is only to apply to cases where the said passage money is paid by a *bona fide* Aid Society when granted by special order of the Manager (or Managing Agent). And it shall further be discretionary with the Manager (or Managing Agent) to grant Charity rate or free passage when considered desirable, not exceeding in number, twenty-five per annum.

17. No free or reduced rate tickets, whether saloon, second cabin, intermediate or steerage, shall be issued to "leaders" or others, to advertise, influence or secure steerage passenger business.

5192

18. Commission to Agents, (which shall cover all charges for bill-posting, advertising, exchange, and all other expenses), shall be on all steerage passengers, outward and prepaid, $2 per adult.

Children, half commission.

Infants, when paid for, 50 cents.

19. The only eligible Agents for New York City and vicinity shall be those included in the Secretary's list, dated October 23, 1895, and no additional Agents shall be appointed except to fill vacancies, of which the Secretary shall be promptly advised, or by unanimous consent.

5193

20. All advertising bills shall be paid directly to and upon the vouchers only of the newspaper publishing the advertisement, or the recognized advertising agent of the Line.

21. No circular or publication shall be issued by any Line reflecting upon or instituting comparisons unfavorable to any other Lines party to this Agreement, and no Line shall support any newspaper which may systematically attack any Conference Line.

5194 *Petitioner's Exhibit 223*

22. The full amount paid shall be refunded for tickets purchased to test the observance of rules.

23. Should any member of this Conference desire at any time to prefer a claim against any other member for damages arising out of an alleged breach of any Rule adopted by this Conference, he shall give notice in writing to the Secretary, and a like notice to the party complained of, stating the nature and particulars of such charge.

At the expiration of seven days from the date of delivery of such notices, unless satisfactory settlement
5195 is arrived at in the meantime, the said charge shall stand referred to the Arbitrator, whose award shall be final; and the plaintiff and defendant shall well and truly abide by, obey and comply with such award.

24. Under this Agreement Mr. F. W. J. Hurst, is hereby appointed Arbitrator in New York, Mr. , Arbitrator in Chicago and Mr. D. Connelly, Arbitrator in Montreal. The decisions of the Arbitrators shall be final in all cases.

The territory of jurisdiction of the respective Arbitrators shall be as follows:

1. New York—for all points East of Chicago.

5196 2. Chicago—for itself and all points West thereof.

3. Montreal—for all Canada.

25. And party hereto may, at any time, withdraw from this Agreement, upon giving 14 days' previous notice to the Secretary, in writing, of intention so to do.

GENERAL PASSENGER AGENTS.

26. Each Line is restricted to one General Passenger Agent at Chicago, Boston, Philadelphia, San

5197

Francisco or other Pacific Coast point (one point only), Winnipeg and Toronto; and may pay said General Passenger Agent an extra commission not exceeding $1.00 for each adult steerage passenger, and 50 cents for each child booked through him, provided such General Passenger Agent is not in receipt of a fixed annual salary irrespective of business secured. Such General Passenger Agents may employ sub-Agents, and pay them the regular Agent's commission. General Passenger Agents shall be governed by General Rule 20.

5198

Each Line shall file with the Secretary the name and address of each of their General Passenger Agents, defining the territory over which they are in charge.

The payment of the extra commission of $1.00 shall apply to the designated General Agency points where the Lines have no offices of their own. (Min. 37.)

AGENTS AND SUB-AGENTS.

27. Agents must in all cases adhere strictly to the gross Tariff rates—all drawbacks, discounts, commissions, presents or allowances, of any description, made with a view of influencing passengers, are prohibited.

5199

28. The actual amount received for passage money must always appear on the passage ticket, which must also bear the actual date of issue, and place of sale. There must be no return or division of any portion of the commission, no deduction from the inland fare, and no improper inducements held out, directly or indirectly to purchasers of tickets.

29. No commission shall be paid to Agents on letters or cards of introduction. No Agent shall be deemed entitled to a commission except on the actual issue of a ticket, and direct receipt by him of the passage money.

5200 *Petitioner's Exhibit 223*

30. No Agent shall send, or allow others to send his tickets to the City of New York, or any other place, or to any other Agent for sale; and no Agent shall accept or hold for sale any tickets other than those supplied him by a head office or the General Passenger Agent of a Conference Line.

31. No Agent in the City of New York or elsewhere will be permitted to solicit persons at other places to apply to him for passage by the naming of any rate lower than the gross Tariff rate, either personally or by letter, circular or newspaper advertise-
5201 ment.

32. No Agent shall be justified in allowing commissions, or committing any breach of the Conference Rules, because some other Agent may be doing so. It shall be the duty of every Agent to adhere strictly to the Rules, and to report any violation thereof that may come to his knowledge, *with proof*, to the Secretary, or to some party to the Agreement.

33. Except in the territory of the Trunk Lines (as now existing) prepaid tickets shall be issued only for *through passage* to final destination of passenger. No Line or its Agents shall pay Sub-Agents more than the regular official commission on both ocean and inland
5202 fare.

34. When an Agent advertises or offers a rate for passage to or from Europe, he must name the Line by which such rate is available.

35. No circular or publication of any kind shall be issued, reflecting upon or instituting any unfavorable comparison with any Conference Line.

36. Bill posting must be restricted at all places to the immediate premises of each Agent.

Petitioner's Exhibit 223

5203

37. From the amount refunded for unused steerage tickets, there shall be deducted, from the net amount received by the Line for such tickets, a cancellation fee of 10% of the gross passage money, but in the case of *bona fide* purchasers no cancellation fee shall be deducted.

38. Any Agent who shall be reported to be in default to any Line party to this Agreement, shall thereupon be dismissed and disqualified by all other Lines parties hereto.

39. When an Agent is disqualified, the sale of steamship tickets at his place of business and/or residence is thereby prohibited.

5204

40. No Line shall employ any Agent who shall be disqualified for reasons approved at a meeting of the Conference.

41. For any violation of these Rules, and unless otherwise therein provided for, Agents shall for the first offense be fined not exceeding $100; for the second offense not less than $100; and for the third offense they shall be disqualified. Nothing, however, herein shall prevent the Conference from disqualifying an Agent for any offense, if circumstances warrant.

5205

New York, March 12, 1909.

H. A. Eschenburg, Esq.,
Chicago.

Dear Sir:

Received today copy in duplicate of minutes of A. A. C. meeting No. 13 held March 2. Subject matter thereof it is noted has been left to the General Managers, following a proposition to withdraw all restrictions as to Chicago Agents. It appears to have been 5210
moved that "the whole matter before this Committee today" be referred to the General Managers.

Please specify what particular points are so referred. Surely in the present state of relations between the Lines there is to be no relaxation of regulations in control of the business and agents as well as the desire of the General Managers to avoid any unnecessary friction and expense.

Yours truly,
(Signed) LAWSON SANDFORD.

Mr. Lawson Sandford,
Secretary, New York.

Dear Sir:

I beg to acknowledge receipt of your favor of March 12, 1909, with reference to Minute of Chicago American-Atlantic Meeting No. 13, held March 2, 1909. The letter was read at yesterday's meeting of the Chicago Committee and the action taken is outlined under
5214 Minute 54, of Minutes of that Meeting of which I enclose a carbon copy.

Yours truly,
(Signed) H. A. ESCHENBURG,
Secretary, Chicago Committees.

H. A. Eschenburg, Esq.,
Chicago.

Dear Sir:

I sent you by registered mail all the papers received from you in regard to the Belinski case. No attempt has been made to deal with refunds here—please do so at Chicago.

Minutes Chicago A. A. C. Meeting No. 13, March 2, and No. 14, March 16, were acted upon at a meeting held here today, which will be advised as soon as the action taken is confirmed. 5216

Please take this as final action on yours March 11.

Yours truly,
(Signed) LAWSON SANDFORD.

New York, April 12, 1909.

Messrs. H. Claussenius & Co., 5217
Chicago.

Dear Sirs:

"Belinski,"—Zinner, Bock & Co.

In the matter of the evidence in this case presented to The American Atlantic Conference including your replies thereto, oral and written particulars of which are referred to in sufficient detail on Chicago Committee proceedings—Conference has acted.

These complaints involve you directly.

5218 *Petitioner's Exhibit 224*

The evidence and your admissions show gross carelessness and lack of appreciation on your part of the responsibilities of the position of a General Passenger Agent of a Conference Line, for which no excuse can be accepted.

For the gross violation of Conference rules involved a fine of $500 is hereby imposed upon you for dealings with the dummy "Belinski" and with Zinner, Bock & Co.

The amount of this fine is to be remitted to this office.

Yours truly,

5219 (Signed) LAWSON SANDFORD,
Secretary.

Mr. Lawson Sandford,
Secretary, Trans-Atlantic Passenger Conferences,
17 State St., New York.

5220 Dear Sir:

Your favor of 12th inst. is received and contents noted.

In reply to same will say that the action of Conference in the Belinski matter is a complete surprise to us, as the evidence presented does not show that we were accused of having appointed Belinski for the purpose of using him as a dummy for Zinner, Bock & Co. nor that we knowingly maintained his Agency as an irregular one, in fact it does not show that our firm was on trial at any time during the proceedings, and we

5221

are prepared at any moment to testify to the fact that we were at all times in ignorance of the real character of Belinski's Agency.

The only charge we are willing to acknowledge is that of carelessness, and this consisted in our having taken it for granted that instructions that had been given one of our employees at the time we received letters from the Hamburg American Line and the Anchor Line concerning Belinski, to proceed to South Chicago and look up the man and investigate his doings, had been complied with, while this in fact had not been done, a condition which we did not become aware of until March 2nd last, for which date the Special Meeting of the Chicago Committee to consider the Belinski case had been called.

5222

In view of the above we reserve the right to demand a rehearing of the case in due course.

Meanwhile we beg to hand you enclosed our check No. 3099 on Messrs. Kountz Bros., New York City, for $500 in payment of the fine imposed, and are,

Yours truly,

(Signed) H. CLAUSSENIUS & CO.

Mr. Lawson Sandford,
New York.

Dear Sir:

Belinski Case.

5226 I beg to acknowledge receipt of your favor of April 16, 1909, with enclosures, and also all papers and documents in this case together with copy of Minutes of Meeting No. 12, American-Atlantic Conference, advising action taken in this matter by Conference.

I note that the bills for expenses in this connection will be paid by you direct. I am arranging for the refund of the various ocean and rail tickets purchased as test tickets and will make remittance to the respective Lines by which they were submitted.

Yours truly,
(Signed) H. A. ESCHENBURG,
Secretary, Chicago Committees.

Petitioner's Exhibit 226.

CONFIDENTIAL.

New York, Jan. 23, 1909.

5231 To the Lines:

Dear Sirs:

Commerical Allowance on First Class and Mixed Class Rail Business via D. L. & W. R. R. in Connection with Westbound S. S. Business.

Your Special Committee beg to advise all Steamship Lines that an arrangement has been made with the D. L. & W. R. R. whereby a commercial allowance of *10% with a maximum of $2* will be paid on all first class and mixed class business to Buffalo and all points west thereof.

5232 A commercial allowance of 5% with a maximum of $1 may be paid to sub-agents. This becomes operative at once; holds good for the year 1909 and will be paid on all prepaid (Westbound) or cash European business and on tickets sold on board Steamers on Westbound voyages.

On arrival of Steamers at piers a representative of the D. L. & W. R. R. will be present to arrange for rail tickets and for the through checking of baggage.

Negotiations with other Railroad Companies are now pending and progress will be duly reported upon.

The Lines are requested to refer to Special Com-

Petitioner's Exhibit 226 5233

mittee any offers or approaches from other Railroads in order to facilitate negotiations of your Special Committee.

Special Committee.

5234

These reports will carry a serial number in future.

Special Railroad Committee.
Serial No. 1.

CONFIDENTIAL.

New York, Jan. 26, 1909.

To the Lines:

Dear Sirs:

Commercial Allowance on First Class and Mixed Class Rail Business via D. L. & W. R. R. in Connection with Westbound S. S. Business. 5235

Referring to Special Railroad Committee report January 23, 1909, it is desired to say that the arrangement has not been made direct with the D. L. & W. but is the result of an offer by Messrs. A. E. Johnson & Co., 27 B'way, New York, with whom the Steamship Lines should communicate as occasion requires.

Attention is called to the concluding paragraphs of report Jan. 23, viz: "On arrival of Steamers at piers a representative of the D. L. & W. R. R. will be present to arrange for rail tickets and for the through checking of baggage. Negotiations with other Rail-

5236 *Petitioner's Exhibit 226*

road Companies are now pending and progress will be duly reported upon. The Lines are requested to refer to Special Committee any offers or approaches from other Railroads in order to facilitate negotiations of your Special Committee."

Commercial Allowance on First Class and Mixed Class Rail Business via Lehigh Valley R. R. in Connection with Westbound S. S. Business.

Your Special Committee further advise all Steamship Lines that an arrangement has been made with Messrs. A. E. Johnson & Co., 27 B'way, New York,
5237 whereby a commercial allowance of 10% with a maximum of $2 will be paid on all first class and mixed class business to Buffalo and all points west thereof.

One-half of this commercial allowance may be paid to sub-agents. This becomes operative at once, holds good for balance of calendar year 1909 and will be paid on all prepaid (Westbound) or cash (European) business whether cabin or third class and also on rail tickets sold on board steamers on Westbound voyages.

The operation of this arrangement is identical with that set forth in connection with the offer via D. L. & W.

These offers via D. L. & W. and L. V. R. R. are dis-
5238 tinctly coupled with the reservation that no portion whatever of the commercial allowance shall be divided with purchasers or passengers—gross rail rate must in all cases be charged.

As similar offers via other Railroads are expected promptly, it is suggested that it will be wise to withhold notifications to *booking agents in America* for a day or so.

Yours truly,
HERMANN WINTER,
EMIL LEDERER,
R. H. FARLEY,
A. C. H. NYLAND,
CESARE CONTI,

General and Special Railroad Committees.

CONFIDENTIAL.

New York, February 5, 1909.

To the Lines:

Dear Sirs:

Commercial Allowance on First Class and Mixed Class Rail Business via Erie Railroad in Connection with Westbound Steamship Business.

Referring to and supplementing Special Committee reports 23rd and 26 January.

5240

For reasons which will be announced not later than February 6, the General and Special Railroad Committees request, that until further notice, the Steamship Lines shall as far as practicable direct all routable first cabin, second cabin and U. S. citizen third class Westbound business *via Erie Railroad* for Buffalo and points beyond, issuing Steamship Lines' own inland forwarding orders, which when endorsed *"Via Erie"* will be honored by that Railroad's dock representatives and by their ticket offices at Chambers and 23rd Street Ferries and at Jersey City.

Steamship Lines to keep record of their orders so issued and routed, bills to be settled *direct* between them and Erie.

5241

CESARE CONTI,
MAX STRAUS,
LAWSON SANDFORD,
Special Committee.

5242 *Petitioner's Exhibit 226*

CONFIDENTIAL.

New York, February 8, 1909.

To the Lines:

Dear Sirs:

Direct Commercial Allowance on First Class and Mixed Class Rail Business via Erie Railroad in Connection with Westbound Steamship Business.

During Calendar Year 1909.

5243 Referring to joint General and Special Railroad Committees' report February 5, 1909, Erie Railroad makes *Direct Offer* to all Steamship Conference Lines of a commercial allowance on above described business in connection with Westbound Trans-Atlantic first cabin, second cabin and U. S. citizen third class passengers.

Commercial allowances being 10% (with maximum of $2) on such business to Buffalo and points beyond.

This has been accepted by the Steamship Committees, and arrangement is now operative, holding good for balance of calendar year 1909. Offer is contingent upon the definite acceptance by Steamship Lines of obligation to instruct their agents in no wise to directly

5244 or indirectly rebate or divide this commercial allowance with passengers—which obligation the Steamship Committees have accepted.

Steamship Lines shall use their own inland American forwarding orders which, when endorsed *"Via Erie"* will be honored by the representatives of that Railroad on the dock (who will also arrange for Railroad tickets and through checking of baggage there) or at any office of that Railroad in New York or Jersey City.

Because of this direct arrangement, Steamship Lines are expected to show preference to the Erie—it is the

5245

only offer of a Trunk Line Railroad made direct to the Steamship Lines in many years.

Steamship Lines are requested to refer to the Committees any offers or approaches from other Railroads in order to facilitate negotiations of the Committees. Intention being clearly defined that in regard to the principles involved and their development, it is not intended to accept offers indiscriminately from Railroads, even if possibly at a higher percentage of commercial allowance, to which latter end Lines are not working. They are desirous of a direct equitable arrangement on Westbound business with Trunk Line Association Railroads similar to recently perfected arrangements with C. P. A. on Eastbound business.

5246

Yours truly,

EMIL L. BOAS,
WILLIAM COVERLY,
JOHN LEE,
General Committee.

Petitioner's Exhibit 226 5251

CONFIDENTIAL.

Report No. 1.

New York, March 24, 1909.

Special Westbound Railroad Committee
of the Steamship Lines.

To the Steamship Lines:

Dear Sirs:

Direct Commercial Allowance on First Class and Mixed Class Rail Business (Maximum Allowance Increased from $2 to $4) Via Erie Railroad in Connection with Westbound Steamship Business. 5252

Referring to direct offer of Erie Railroad contained in Committees' report February 8, 1909, Erie Railroad makes supplementary direct offer to all Steamship Conference Lines on rail business described therein—the rail commercial allowance effective April 1, 1909, is fixed at 10% (*with maximum $4*) on such business from *New York to Buffalo and to points West thereof via Buffalo or Salamanca.* It is available for cash business in Europe and prepaid business in America, also for business done by Erie on Steamship Docks.

5253

The routine terms in respect to this supplementary direct offer are same as stated in Committees' report February 8, 1909.

This supplementary direct offer has been accepted by the Committee for the Steamship Lines.

At whatever time it may be terminated by notice of Erie, protection of outstandings is distinctly covered.

Yours truly,

CESARE CONTI,
S. S. CORTIS,
EMIL LEDERER,
A. C. H. NYLAND,
W. J. REILLY,

5254 *Petitioner's Exhibit 226*

CONFIDENTIAL.

Report No. 5.

Special Westbound Railroad Committee
of the Steamship Lines.

New York, August 31, 1909.

Westbound First Class and Mixed Class Rail in Connection with Steamship Business.

To the Steamship Lines:

Dear Sirs:

5255 Westbound Railroad Committee have recommended (and the Lines have confirmed) that the system of joint circulars of the Steamship Lines regarding East and Westbound railroad business be extended to the present question of control of routable Westbound first and second class and also third class U. S. citizens, by issue of a joint through-booking rule circular of the New York Lines, as per form below. Volume of the *routable* business can doubtless be increased by joint action.

Canadian S. S. Lines have also adopted same plan.

The rule cannot be made obligatory, as is the case with Westbound immigrant through-booking, but as
5256 far as practicable, both in Europe and America, and via all ports, through-booking should be controlled upon Steamship Lines' own inland orders.

Yours truly,
CESARE CONTI,
R. H. FARLEY,
EMIL LEDERER,
A. C. H. NYLAND,
W. J. REILLY,
R. L. WALKER,
HERMANN WINTER,
LAWSON SANDFORD,
Special Westbound Railroad Committee.

Petitioner's Exhibit 226 5257

Joint Circular of New York Steamship Lines.

(This circular is now being printed.)

(This cannot be made *obligatory* as is the immigrant through-booking rule.)

New York, September 1, 1909.

To our Agents:

You are requested hereafter to through-book, when practicable, to their final destination in the United States and Canada your prepaid and return (Westbound) second class passengers—also U. S. citizens in third cabin or third class—and, as far as possible, first class passengers as well, traveling on return or prepaid ocean orders via New York. 5258

Steamship Lines' own inland forwarding orders to be used in connection with ocean prepaid or return orders, or endorsement of the through booking to be made on such ocean orders for such Steamship Lines as do not furnish separate Westbound inland rail orders.

For present, and until further notice, a commercial allowance on first class and mixed class rail from *New York to Buffalo and Points West, via Buffalo or Salamanca* of five per cent (5%), with maximum of $2.00, may be deducted when advising such through booked prepaid or return orders—rail routing from the Seaboard to be at discretion of the Steamship Lines with due regard for convenience of passengers. 5259

Agents are reminded and cautioned that tickets must be sold at published rates; that the making of reductions is unlawful, and therefore dividing commissions with passengers is prohibited.

5266 *Petitioner's Exhibit 226*

CONFIDENTIAL.

Report No. 7.

Special Westbound Railroad Committee
of the Steamship Lines.

New York, August 26, 1910.

To the Steamship Lines:

Dear Sirs:

5267 *Direct Commercial Allowance on First Class and Mixed Class Rail Business via Baltimore and Ohio Railroad in Connection with Westbound Steamship Business.*

Referring to joint General and Special Railroad Committees' reports February 8, March 4th and 24th, 1909, promulgating offer from the Erie Railroad of a direct commercial allowance on first class and mixed class rail business, your Special Committee take pleasure in advising that the *Baltimore & Ohio* has today made a similar direct offer to all Steamship Conference Lines of a commercial allowance of 10%—with maximum of $4—on this class of business, in connection with Trans-Atlantic first class, second class and U. S.
5268 citizen third cabin and third class ocean passengers.

The allowance which is available for all business *from New York to points West of Trunk Line western termini including Pittsburg*, has been accepted by the Steamship Committee and is operative at once. This offer is contingent upon the definite acceptance by Steamship Lines of obligation to instruct their agents in no wise to directly or indirectly rebate or divide this commercial allowance with passengers—which obligation the Committee have accepted.

Petitioner's Exhibit 226

5269

Steamship Lines shall issue their own inland American forwarding orders which, when endorsed *"Via Baltimore and Ohio"* will be honored by the representatives of the Railroad on the dock (who will also arrange for railroad tickets and through checking of baggage there) or at any office of that Railroad in New York or Jersey City.

This commercial allowance is available for cash business in Europe and prepaid business in America and will also be paid on above described business that may be done by B. & O. representatives on steamship docks.

5270

Committee request in view of this direct offer that a good share of the routable business be turned over to Baltimore & Ohio.

Termination of this offer may be made at any time by notice of B. & O. but protection of outstandings is distinctly covered.

Lines are reminded of previous request of the Committee to refer to them any offer or approaches from other railroads, as this will facilitate their negotiations.

Yours truly,

CESARE CONTI,
A. C. H. NYLAND,
R. L. WALKER,

5271

EMIL LEDERER,
W. J. REILLY,
HERMANN WINTER,
LAWSON SANDFORD,

Special Westbound Railroad Committee.

5272 *Petitioner's Exhibit 226*

New York, Sept. 15, 1910.

To our Agents:

Your attention is again called to our joint circular September 1, 1909, authorizing a commercial allowance on first-class and mixed-class rail from *New York to Buffalo and Points West, via Buffalo or Salamanca* (by Erie R. R.), of five per cent (5%) with maximum of $2.00 on through-booked prepaid or return orders.

Agents were requested thereafter to through-book, when practicable, to their final destination in the
5273 United States and Canada prepaid and return (Westbound) second-class passengers—also U. S. citizens in third cabin or third-class—and, as far as possible, first-class passengers as well, traveling on return or prepaid ocean orders via New York.

Steamship Lines' own inland forwarding orders to be used in connection with ocean prepaid or return orders, or endorsement of the through-booking to be made on such ocean orders for such Steamship Lines as do not furnish separate Westbound inland rail orders.

We are now pleased to announce that a similar allowance on first-class and mixed-class rail business
5274 from *New York to Pittsburg and Points West, via Pittsburg, Pa., or Parkersburg, W. Va.* (by Baltimore & Ohio R. R.), may be deducted when advising such through-booked prepaid or return orders—rail routing from the seaboard to be at the discretion of the Steamship Lines with due regard for convenience of passengers.

Agents are reminded and cautioned that tickets must be sold at published rates; that the making of reductions is unlawful, and therefore dividing commissions with passengers is prohibited.

5277

New York, March 8, 1911.

To the Lines:

Dear Sirs:

Direct Commercial Allowance on First Class and Mixed Class Rail Business via D. L. & W. R. R. in Connection with Westbound Steamship Business.

D. L. & W. make *direct offer* to all Steamship Conference Lines of a commercial allowance on above described business in connection with Westbound

5278 *Petitioner's Exhibit 226*

Trans-Atlantic first cabin, second cabin and U. S. citizen third class passengers.

Commercial allowance being 10% (with maximum of $4) on such business to Buffalo and points beyond—not on intermediate territory business.

This has been accepted by the Steamship Committee, and it is now operative for business presented on Steamship Companies' orders or booked by D. L. & W. on Steamship piers.

The arrangement holds good until cancelled.

The offer has been made "contingent upon the definite acceptance by Steamship Lines of an agreement
5279 that they will not themselves nor will they permit their agents in any wise to directly or indirectly rebate or divide this rail commercial allowance with passengers,"—*this obligation has been accepted in behalf of the Steamship Lines by this Committee.*

Steamship Lines shall use their own inland American forwarding orders, which, when endorsed "Via D. L. & W." will be honored by the representatives of that Railroad on the Steamship piers (who will also arrange for Railroad tickets and through checking of baggage there) or at any office of that Railroad in New York or Hoboken.

Steamship Lines are requested to refer to this Com-
5280 mittee any offers or approaches from other Railroads in order to facilitate negotiations of the Committee.

Committee will submit for approval a joint circular of the Steamship Lines to advise their agents of the Railroads and routings, over which direct offers are now operative, namely, via Erie, B. & O. and D. L. & W.

Yours truly,

For Westbound Railroad Committee
of the Steamship Lines,
Lawson Sandford, Secretary.

Petitioner's Exhibit 226 5281

CONFIDENTIAL.

New York, March 9, 1911.

To the Lines:

Dear Sirs:

Direct Commercial Allowance on First Class and Mixed Class Rail Business Via Lehigh Valley Railroad in Connection with Westbound Steamship Business.

Lehigh Valley make *direct offer* to all Steamship Conference Lines of a commercial allowance on above described business in connection with Westbound Trans-Atlantic first cabin, second cabin and U. S. citizen third class passengers. 5282

Commercial allowance being 10% (with maximum of $4) on such business to Buffalo and points beyond —not on intermediate territory business.

This has been accepted by the Steamship Committee, and it is now operative for business presented on Steamship Companies' orders or booked by Lehigh Valley on Steamship piers.

The arrangement holds good until cancelled.

The offer has been made "contingent upon the definite acceptance by Steamship Lines of an agreement 5283 that they will not themselves nor will they permit their agents in any wise to directly or indirectly rebate or divide this rail commercial allowance with passengers," *—this obligation has been accepted in behalf of the Steamship Lines by this Committee.*

Steamship Lines shall use their own inland American forwarding orders, which, when endorsed "via Lehigh Valley" will be honored by the representatives of that Railroad on the Steamship piers (who will also arrange for Railroad tickets and through checking of baggage there) or at any office of that Railroad in New York or Jersey City.

5284 *Petitioner's Exhibit 226*

Steamship Lines are requested to refer to this Committee any offers or approaches from other Railroads in order to facilitate negotiations of the Committee.

Committee will submit for approval a joint circular of the Steamship Lines to advise their agents of the Railroads and routings, over which direct offers are now operative, namely, via Erie, B. & O., D. L. & W., and Lehigh Valley.

Yours truly,
For WESTBOUND RAILROAD COMMITTEE
OF THE STEAMSHIP LINES,
Lawson Sandford, Secretary.

5285

STRICTLY CONFIDENTIAL.

Special Committee
Report
(Preliminary)

New York, 31 January, 1912.

Negotiations with Trunk Line Railroads Westbound Immigrant, forwarding arrangements completed effective 1 February, 1912.

5286 Referring to Special Committee report 17 January and to negotiations among the Steamship Lines in the interval, the Special Committee met Trunk Line Special Committee 31 January and concluded arrangements on Westbound immigrant forwarding, effective 1 February, 1912.

Trunk Lines will pay the Steamship Lines:

(a) On Westbound immigrant inland forwarding a commission of 10% (maximum $4) on immigrant inland fares $2.50 and over to destinations under their control and by participation for destinations beyond.

Petitioner's Exhibit 226

5287

(b) Also a commission of 10% on Westbound immigrant inland forwarding to points in Canada east of a line which will take in North Bay—

Full particulars are being drawn out for explicit submittal at earliest moment.

Until the exact description of this territory can be issued and a further Committee report appears, the Lines are requested not to communicate any information whatever to booking agents,

Joint Standing Committee to be established to deal with administration of routings, complaints concerning them, etc., etc.

5288

Grand Trunk representation via Chicago to Winnipeg and Grand Trunk Pacific points beyond has been included in Trunk Line Immigrant Tariff No. 14, which was filed with Interstate Commerce Commission 30 January, 1912.

Trunk Lines will informally submit to Interstate Commerce Commission the features of these arrangements with the Steamship Lines on immigrant forwarding.

On first and mixed class Westbound business negotiations will continue regarding commissions. While the arrangements with the Trunk Lines provide for a harmonious working together on all classes of business 5289 there will be no disposition on the part of Trunk Lines to interfere with or object to the receipt of commission on this business by Steamship agents in Europe as a result of offers by other inland carriers, unless there is a seeming concentration of first and mixed class travel, in which event the subject would be dealt with jointly with the Trunk Lines to settle the questions that arise.

The offers of Erie, D. L. & W., Lehigh Valley and B. & O. are canceled effective 1 February, subject to protection of lists of outstanding orders to be filed within 30 days.

5290 *Petitioner's Exhibit 226*

These withdrawals necessitate the immediate issue of a joint circular by Steamship Lines to booking agents in America cancelling previous circulars on the subject. Usual supply for a circular of this description will be delivered to the Lines as promptly as possible for immediate promulgation.

Lines are requested to inform European Offices of the completion of these arrangements and of the reservations in respect to first and mixed class Westbound commission, and as a formality to be kind enough to promptly advise Conference Office of their ratification of the arrangements.

Officer

.....
(Official capacity.)

5334 OSCAR L. RICHARD of the firm of C. B. Richard & Co., General Agents,
President.

LEONARD SIMMONS, Cashier of C. B. Richard & Co., General Agents.

Note A.—The gross amount of income received during the year from all sources shall, in the case of a mercantile corporation, consist of the total amount ascertained through inventory or its equivalent, which shows the difference between the price received for goods sold and the cost of goods purchased during the

5335

year, with an addition of a charge to the account of the sum of the inventory at beginning of the year and a credit to the account of the sum of the inventory at the end of the year. To this amount should be added all items of income received during the year from other sources, including dividends received on stock of other corporations, joint stock companies and associations subject to this tax. In determining this amount no account shall be taken of allowances for depreciation or losses, which items shall be taken account of under the proper heading above as a deduction.

5336

Note B.—The deductions authorized shall include all expense items under the various heads acknowledged as liabilities by the corporation making the return and entered on its books from January 1 to December 31. Amounts of income expended in paying dividends on stock, preferred or common, or in making permanent improvements, in betterments, etc., or in any way transferred to capital account, are not proper deductions in ascertaining annual net income. Interest paid on mortgage indebtedness on real estate acquired by a corporation may be deducted in Item 4, if the mortgage remains a lien on the property and the debt is not assumed by the corporation. The amount so paid and included in Item 4 should, however, be separately stated under Item 4.

5337

Note C.—THIS FORM, PROPERLY FILLED OUT AND EXECUTED, MUST BE IN THE HANDS OF THE COLLECTOR OF INTERNAL REVENUE FOR THE DISTRICT IN WHICH IS LOCATED THE PRINCIPAL BUSINESS OFFICE OF THE CORPORATION MAKING THE RETURN ON OR BEFORE MARCH 1.

Sworn and subscribed to before me this
twenty-first day of February, 1912.

F. Paul Weiss,
Notary Public,
Kings County.

Certificate filed, New York County. 5349

Seal of
Officer
Taking
Affidavit.

Note A.—Gross income shall consist of the gross revenue derived from the operation and management of the business and property of the corporation making the return, together with all amounts of income (including dividends received on stock of other cor-

5350

porations and associations subject to this tax) derived from all sources as shown by the entries on its books from January 1 to December 31 of the year for which return is made.

Note B.—The deductions authorized shall include all expense items under the various heads acknowledged as liabilities by the corporation making the return and entered on its books from January 1 to December 31. Amounts of income expended in paying dividends on stock, preferred or common, or in making permanent improvements, in betterments, etc., or
5351 in any way transferred to capital account, are not proper deductions in ascertaining annual net income. Interest paid on mortgage indebtedness on real estate acquired by a corporation may be deducted in Item 4, if the mortgage remains a lien on the property and the debt is not assumed by the corporation. The amount so paid and included in Item 4 should, however, be separately stated under Item 4.

Note C.—THIS FORM, PROPERLY FILLED OUT AND EXECUTED, MUST BE IN THE HANDS OF THE COLLECTOR OF INTERNAL REVENUE FOR THE DISTRICT, IN WHICH IS LOCATED THE PRINCIPAL BUSINESS OFFICE OF THE CORPORATION MAKING THE RETURN, ON OR BEFORE
5352 MARCH 1. FOR FAILURE TO COMPLY WITH THIS PROVISION OF THE LAW, THE AMOUNT OF THE ASSESSMENT IS INCREASED 50 PER CENT AND LIABILITY TO A SPECIFIC PENALTY OF FROM $1,000 TO $10,000 IS INCURRED.

INSTRUCTIONS.

1. This return should be filed with the collector as soon as possible after the 1st day of January of each year.

Petitioner's Exhibit 242 5353

2. This return must be properly filled out and verified and be in the hands of the collector on or before the 1st day of March. The penalty for failure to make the required return within the time specified by law is one (1) to ten (10) thousand dollars. The assessment against delinquent corporation will also be increased 50 per cent of the amount of the tax found due.

3. Every corporation, joint stock company or association not specifically enumerated in section 38 of the act of August 5, 1909, as exempt, and every insurance company, shall make the return required by law, re- 5354
gardless of the amount of its net income, whether above or below $5,000.

4. The return should be made on the prescribed form and must be for the calendar year.

5. The return of each corporation must be verified by its president, vice president, or other principal officer, and its treasurer or assistant treasurer.

6. The seal of the attesting officer should be impressed on the return in the space reserved for such purpose. Affidavits should be made before a notary public or other officer using a seal authorized to administer oaths. If before a justice of the peace, a 5355
certificate of the clerk of the court as to his authority should be attached to the return.

7. The return, properly executed, must be filed with the collector of internal revenue for the district in which the principal place of business of the corporation, etc., is located; that is, where the books are kept from which the data shown on the return is obtained.

8. If an extension of time not exceeding 30 days from March 1, is necessitated by reason of the illness or absence of an officer required to make the return,

5356 *Petitioner's Exhibit 242*

application to the collector for such extension of time must be made on or before March 1, or within the period for which such extension is desired. No extension of time can be granted on an application filed subsequent to March 31, or to cover a period later than that date.

9. Returns should not be made in duplicate.

10. Item No. 1 should not include unissued or treasury stock.

11. Item No. 2 should include all interest-bearing
5357 indebtedness. In the case of banking corporations, deposits should not be reported as indebtedness.

12. The amount claimed under Item 5b for depreciation should be such as measures the decline during the year in the value of buildings, machinery, and such other property as is subject to depreciation on account of exhaustion, wear and tear, and obsolescence; and should not cover changes in value of stocks and bonds. The change in value of stocks and bonds is properly taken up in the inventories.

13. Depreciation, to be allowed, must be the amount estimated to have been actually sustained during the year and must be charged on the books of the corpora-
5358 tion against the value of the property in which the depreciation occurred. Where depreciation is made good by repairs, etc., and the expense of such repairs, etc., is charged to the general expense account, no deduction for depreciation can be made in the return of annual net income.

14. The amount of interest paid on indebtedness must be limited to the interest actually paid on an amount of indebtedness not in excess of the paid-up capital stock outstanding at the close of the year.

Petitioner's Exhibit 242

5359

15. Dividends declared or paid are not deductible.

16. The gross income of mercantile corporations should be ascertained in the following manner: From the sum of the total sales during the year plus the amount of the inventory at the end of the year deduct the sum of the inventory at the beginning of the year plus the cost of goods and materials purchased during the year. To this difference add the income received from any other source, and the result will be the gross income to be reported under Item No. 3 of the return.

17. The gross income of manufacturing corporations should be ascertained as in No. 16, except that the cost of manufacture should be included in the deduction to be made from the sum of the sales made during the year and the inventory at the end of the year.

5360

For further instructions see Regulations No. 31, containing the law and regulations, and Treasury Decision No. 1675, containing official rulings copies of which will be furnished upon application to the collector of the district in which the corporation desiring same has its principal place of business.

5361

1787

5362 **Petitioner's Exhibit 243.**

May 13, 1908.

Holland-America Line,
Rotterdam. 1346

Gentlemen:

In reply to your favor #1045 of the 5th inst., we beg to inform you that on May 2nd, the North German Lloyd reduced their E. B. rates to Naples and Genoa to $10.00 with a commission of $2.00 for the sailing of S/S "Friedrich der Grosse" on May 16th.

We understand that there being practically no pros-
5363 pects of a speedy adjustment of the Italian situation, the North German Lloyd decided to reduce the rate to the above low level of $8.00 net, in order to force the Italian Lines to adopt a similar low rate in which hardly any margin of profit is left.

The Italian Lines instead of having reduced their existing rate of $15.00 on May 7th sent out circulars increasing the commission to $6.00, leaving a net rate of $9.00. The Hamburg-American Line on May 7th also reduced their eastbound rate to Naples and Genoa to $10.00 with $2.00 commission for the sailing of S/S "Hamburg" on May 14th. It is assumed by the non-Italian Lines that the Italian Lines will not be able
5864 to stand this fight very much longer, and that they will ultimately come to terms.

We further beg to inform you that the Red Star Line on May 12th reduced their eastbound 3rd class rate from $37.00 to $30.00, but this being a regular Pool event, we did not think it necessary to cable you.

Yours respectfully,
HOLLAND-AMERICA LINE,
Gen'l Agent.

New York.

5381 Dear Sirs:

We have your favour of March 26th, private No. 1490, and noted with pleasure that the Erie Railroad has increased the maximum commission on first and mixed class American railroad tickets to $4—thus placing the Steamship Lines on the same basis as Peter McDonnell, A. E. Johnson & Co. and other outsiders.

We perfectly agree with you that it rests now with the Steamship Lines to adduce proof that they really control the railroad business of their passengers, and as far as we are concerned we shall leave nothing undone in order to enforce the through booking rule.

5382 With a view thereto we are equally prepared to grant to agents half of the above commission on the sale of American railroad tickets first and mixed class. We would allow this commission to our Dutch agents in the first place, because the bulk of American railroad tickets of the above classes that is sold here is issued in connection with Dutch second cabin tickets. In fact, we would have issued circulars granting the commission right away were it not that we are in doubt whether commission will be paid on *all* first and mixed class tickets, or only on those from New York to Buffalo and to points west thereof via Buffalo or

Petitioners Exhibit 263

Salamanca. According to your letter the commission is due on *all* tickets, but considering the report of the Railroad Committee of March 24th (No. 1), we are led to believe that the above restriction should be observed.

We shall very much like to hear from you which one is the correct conception of the two, and should it be the latter you will please give us your idea how it should be made clear to our agents in which cases they are entitled to commission and in which cases they are not. Perhaps they would best understand the situation if we could name the States to which the commission applies, but in this a difficulty is encountered as well because of the fact that while commission is due on tickets to Buffalo, New York, for instance, there are other stations in the same state on which no commission can be granted. We are in a kind of dilemma to find the correct wording of our circular to agents and shall thank you to let us know how our circular should read in respect of this question.

Meanwhile we beg to remain,

Yours very truly,

G HOLLAND-AMERICA LINE.

HOLLAND-AMERICA LINE

Address for Telegrams:
Americano Rotterdam Passenger Department.

A. C. H. Nyland. Rotterdam, November 6th, 1900.

Holland-America Line,
New York.

Private Nr. 150

Gentlemen:

Your Nr. 6431. What you state with regard to
5387 the Leon XIII of the Comp. Transatlantica had already been brought to the notice of the different lines by Mr. Wilmink, whereupon a meeting took place in Paris on Oct. 3rd to which the Comp. Transatl. had been invited. We were rather successful in coming to terms with them; they were allowed 12 trips with a maximum of 1800 passengers a year; if they should have less than 12 departures, the number of passengers which they will then be allowed to carry is obtained by multiplying the number of sailings by 150. If exceeding their proportion, they shall have to compensate at a ratio of Lire 145 per passenger—if they do not carry their share they get nothing! They will be no
5388 members of the N. Y. Conference and consequently will not be able to employ conference agents for either Eastbound or Prepaid business. Protocol of the Paris meeting will have reached you in the meantime.

Your private Nr. 412. We beg to thank you for the affidavit of Anna Perelonik, and we hope that Mr. Willekes MacDonald will be able to do something with it. As it is, it might have been drawn up better, but all the same we hope to obtain some results.

Your Nr. 6432. Contents of your favor have been duly brought to the attention of our Agent M. Desbois, who has given further instructions to the Beyrouth Agents.

Yours very truly,
HOLLAND-AMERICA LINE.

Petitioner's Exhibit 265. 5389

HOLLAND-AMERIKA LIJN

(Nederlandsch-Amerikaansche Stoomvaart-Maatschappij)

KONINKLIJK NEDERLANDSCHE POST.

Rotterdam, August 25th, 1899.

Private 190.
Holland-America Line,
Afdeeling Passage. New York.

Adres voor Brieven: Holland-Amerika Lijn; Telegrammen: Americano, Rotterdam. 5390

At the informal meeting held at Rolandseck on the 22nd instant, it was decided to readjust Eastbound rates as follows:

	IInd Class	Steerage
Lloyd fast	$42.	$32.
" regular	$40.	$30.
" slow	$40.	$30.
Hapag fast	$40.	$30.
" slow	$39.	$28.

Star unchanged 5391

against which we consented to put second Cabin rate STATENDAM ROTTERDAM up again to $37, as cabled yesterday. We trust that these changes have been put into effect by mutual arrangement at once, as was intended at the Meeting. In this respect, we may add that Red Star intended to reduce their Eastbound Steerage rate to $25, which we did not consider desirable and decided rather to raise our STATENDAM and ROTTERDAM Second cabin rate again, which had been reduced only with a view to meet Hapag's reduction.

5392 *Petitioner's Exhibit 265*

With reference to our No. 188 of the 18th instant, we may say that Red Star Line has indeed announced its intention to reduce Westbound Steerage. Their argument is that in view of the prohibitive measures at the Prusso-Austrian frontier they cannot forward their prepaids from Galicia and, consequently, are unable to make up their Shortage sufficiently. We do not know whether they really intend to carry out this intention, as we consider it more as a matter of pressure upon the German Lines to assist them in opening the frontier for their passengers. This matter also interests us, and we have therefore followed with
5393 special interest the discussion upon this subject. As you know, Red Star's and our position is different in so far as Star holds the German Concession, and we would imagine that this would entitle them and the British Lines having the concession to have their passengers admitted in the same way as the German Lines. In this respect, Dr. Wiegand explained that the Concession having been given for the booking and forwarding of German passengers did not include the through-forwarding of Austrian passengers and consequently the German Government could not grant such a privilege to the Red Star Line, without doing the same in the case of the British Lines, which the
5394 Government does not want to do! (This means to say that the German Government may at any time shut their frontiers for through-booked passengers of non-German Lines, whether holding the Concession or not, which gives a nice look into how things will be when the Pool arrangements should ever be broken up.) For the present, and as long as the Pool exists, the German Lines have an interest to enable Red Star and us to carry our share; and therefore they are looking for measures to arrive at a solution, without interfering with the above principle of holding the non-German Lines whenever they want to have them.

Petitioner's Exhibit 265

This solution is the establishment of Control Stations at the Prusso-Austrian frontier, and the Hapag has already sent in a proposal to the Government to this effect. This proposal will now probably be seconded by the Lloyd and we may therefore soon see this idea realized. In that case, not only Red Star's but also our passengers will be able to pass through in the same way as is now the case at the Russian frontier. This being satisfactory, as far as it goes, there is at the same time the prospect of danger to our through-transportation at Leipsic. We would not wonder at all, if we met with difficulties there some day. These difficulties would, of course, be of a less serious character if we had the way via Oderberg—Breslau open. But we are then altogether left at the mercy of the German Lines for Austrian as well as for Russian business, unless we go in for Libau and Basle. Perhaps we look upon this somewhat over-pessimistic, but it would be unwise to shut our eyes for the possibility that such events may happen. We have always hoped that much of these gloomy outlooks would be taken away, if we only could obtain the German Concession. But it looks very much as if we will never get it, our exertions being pretty well exhausted. We mention these things, because it is necessary to keep them always in mind, when forming an opinion about our situation as a passenger line in comparison with our neighbors.

5395

5396

5397

Now again referring to Red Star's intended reduction, we may repeat that as a general measure we would very much regret it, as it will without any doubt be disadvantageous to us financially. We would very much like to make something more out of our Steerage carryings than we are doing, although we have no special reason to complain. It is a pity that with a total traffic more than 50% larger than last year's, Star and we could not obtain a better aver-

Petitioner's Exhibit 265

5398 age rate than we are making, our rate over the first 5 months showing a loss of 5/ per head, as against last year. However, we fear that it cannot be helped and we will have to put up with it, unless Red Star should change its intention.

The aforesaid Meeting has especially discussed Cabin rates on the basis of a speed Agreement between all the Lines, of which we enclose a rough copy which we have no time today to correct, but which will give you a general idea of what is intended. A definite copy, as it has come out of the discussion, is now being prepared by the Secretary and will be
5499 mailed to you as soon as received. As far as time permits, we may say that Schedule No. II has been accepted as the basis of a proposal to be submitted to the British Lines and the Transatlantique, whilst an alternative schedule of rates running up from 220 shillings for the slowest to 400 for the fastest steamer will be proposed to be adopted on the 15th October, 1900, if at least 6 Lines, parties to the Agreement, should require it. The Agreement would be proposed for 3 years with the above exception, as concerns rates. Most of the clauses of the former cabin Agreements would be reinstated, but we have objected to the clauses concerning reduction on Return tickets,
5400 which we have insisted upon in so far that 5% would be paid on the Return portion. We have also declined to reaccept city rules and have carried through that 8 Agents (for I and II Cabin together) may be employed within Greater New York. A new clause would be added for the transportation of baggage, the tariff being proposed to be $1.50 per piece, except for one steamer trunk and hand baggage which would be carried free. IInd Class rates would be based upon British Lines, rates, plus 20 and probably 10%, with a flag-differential in favor of Red Star and us as against German Lines of 5%, the British rates prob-

Petitioner's Exhibit 265 5401

ably ranging between £ 7 and £ 10. You will please consider this as a preliminary and confidential communication which we will complete as soon as possible. Lloyd, Hapag and we have declared our intention to accept at any event Schedule II as a basis for first cabin rates during the 1900 season, which would bring our minimum rate for Statendam Rotterdam up to about £ 14. Nothing of all this is binding, and we will further write you as soon as possible in regard to Cabin rates for our Line in 1900. There is one thing however, which we would like to point out today, in regard to our this year's cabin business, viz: that, in our 5402
opinion, we have gone much too far in offering rooms to one and two persons. The enclosed rough estimate shows that by our this year's tariff we have lost something like $3000 on the Statendam which left yesterday and will lose $2500 on the Rotterdam, September 14th, on that account, apart from standard rates. This is a policy which we should not adopt for next year, whether an Agreement with other Lines is reached or not.

We are

Yours truly,

HOLLAND-AMERICA LINE

5403

Kopie.

Rotterdam, den 8. September 1899.

Herrn H. Peters, JENA.

Kajüten Uebereinkommen.

Die in Ihrem Rundschreiben vom 6 ds. wiedergegebene Bemerkung der Packetfahrt führt das Unprak-

5404 *Petitioner's Exhibit 265*

tische and Unhaltbare eines Speed-Agreements klar vor Augen. Wir steben vor einem (wie angenommen wird) aussergewöhnlichen Beförderungsjahr, in welchem die Partheien versuchen wollen, wenn möglich etwas mehr aus den Kajütseinrichtungen der alsdann in der Fahrt befindlichen Dampfer herauszuschlagen als mangels eines Uebereinkommens erzielbar sein dürfte. Dessen ungeachtet greift jetzt schon die Packetfahrt, weil das mit Rücksicht auf ihre anderen dampfer derselben Klasse, besser in ihr System passt, in die Grundlage des proponirten Agreements hinein,
5405 indem sie für einen ihrer Dampfer eine Ausnahme gemacht sehen will, und zwar in der Richtung einer Preisermässigung statt Preiserhöhung. Es ist ja nichts leichter als einen Dampfer, der für eine vortheilhaftere Tariffixirung etwas zu schnell gelaufen hat, eine geringere Fahrgeschwindigkeit zu geben; wenn das aber für ein Schiff gemacht werden kann, so geht es auch für alle Schiffe, und so gelangen wir dann wieder bei der Raten-Diskussion an. Ein unbefangener Vergleich der Fahrgeschwindigkeit der Schiffe mit ihreim Renommee und ihren früheren Beförderungszahlen wird übrigens sofort die Unhaltbarkeit des vorliegenden Entwufs zu Tage fördern.
5406 Vergleichen wir z. B. die diesjährige Beförderung mit den "P" Dampfern der Packetfahrt, der "Barbarossa" Klasse des Nordd. Lloyd und unserer "Statendam" Klasse, Eastbound, während des Zeitraums vom 1. April bis 31. Juli (also die volle Sommer-Saison, so ziegen sich folgende Durchschnittszahlen:

		Durchschnitt 1 Klasse	2 Klasse
Pretoria	3 Reisen	140	106
Pennsylvania	3 "	177	138
Waldersee	3 "	169	132
Patricia	2 "	202	132

Petitioner's Exhibit 265 5407

Barbarossa	3	"	202	103
Königin Luise	3	"	182	104
Fr. d. Gr.	3	"	108	113
Bremen	3	"	240	118
Rotterdam	4	"	120	87
Statendam	4	"	157	92

(Es fehlt uns momentan die Statistik no. 307 von Sandford, in welcher die Juli Eastbound Reise der Königin Luise erscheint; vielleicht wollen Sie die durchschnittszahl auf 4 Reisen rectificiren, wenn Ihnen die Statistik, wie wir voraussetzen, zur Verfügung steht.) 5408

Das ist also das Resultat im freien Kampfe mit Preisen, die jeder sich selbst nach eigenem Gutdünken zugelegt hat. Wenn wir nun einmal annehmen, dass Statendam und Rotterdam ihrer Geschwindigkeit nach unter die 14/15 Kolonne fallen, Graf Waldersee und Patricia unter die 12/13, so ergiebt sich eine höhere Rate für unsere Dampfer von 63/. Wer wird das mit der Statistik vor Augen lür vernünftig halten!

Ebenso, wenn man die Zahlen der Barbarossa Klasse mit Statendam vergleicht und bedenkt, dass die esstere, wenn wir uns gut erinnern, in die 13/14 Kolonne eingereiht werden soll, wer wird eine Preisdifferenz zu Gunsteu der Barbarossa Klasse, statt ungekehrt, 5409 für gerechtfertigt halten? Wie immer auch jetzt die Fahrgeschwindigkeit dieser letzten Schiffe sein mag, dieselben fahren auf ihr Renommee von 15/16 Knoten Schiffen, abgesehen von ihren sonstigen guten Eigenschaften, die wir für den Moment ausser Acht lassen können.

Da müssen wir uns doch als vernünftige Leute sagen, dass wenn ein "Speed" Agreement su solchen sonderbaren Resultaten führen kann, die Basis nicht taucht, und Niemand wird es uns verdenken, wenn wir erklären, nicht darauf eingeben zu können. Wir haben

5410 *Petitioner's Exhibit 265*

da überhaupt Bedenken, den Vertragsentwurf den englischen Linien in dieser Form vorzulegen und werden dazu nur unsere Zustimmung geben könen, nachdem wir in einer zweiten Versammlung Gelegenheit gehabt haben werden, die darin vorgeschlagenen Preise an der Hand der Beförderüngsstatistik näher zu prüfen. Wir senden Ihnen heute unsere Speed-Statistik, soweit wir sie haben, und sind bereit, dieselbe als Basis für weitere mündliche Unterhandlungen unter den Verbandspartheien dienen zu lassen. Wie gesagt, halten wir letztere um überhaupt zu einem in England vertheidigbaren Resultat zu kommen, für unerlässlich.

5411 Hochachtend,

HOLLAND-AMERIKA LINIE

gez. Reuchlin.

Telefoon: No. 2972.

Afdeeling Passage.

Rotterdam, Wednesday, April 8th, 1908.

Holland-America Line,
New York.

Dear Sirs:

5417 We duly received your favor private 1314 of the 25th ultimo, contents of which had our careful attention.

As you are aware, Lloyd has undertaken to compete with the Russian Volunteer Fleet and the Russian East Asiatic Line by quoting on the same or nearby sailing-dates of these lines eastbound the same rate as the two Russian Lines. Because of Lloyd's considerable shortage in the eastbound pool they will not be compensated for thus meeting our competitors' rate, but in order to make up to them to a certain extent for their loss resultant upon their considerable reduction, which is much greater than required for the purpose of the pool, they have been

5418 allowed at the same time to raise the rate of those of their steamers the sailing-dates of which do not coincide with departures of the Russian Lines, and also for their express steamers which are always full in the steerage anyway.

On the other hand Hapag had been delegated to meet the rate quoted by the New York & Continental Line for their steamer "Volturno," leaving New York on the 11th instant. Because of Hapag's excess in the eastbound pool it was agreed that they should be compensated the difference in rate then amounting to $7. At this juncture survened the general raise

of four dollars with the restriction that rates should be reduced to the level of our competitors' rates whenever a sailing of the Pool Lines should coincide with a departure of the former. Until now, however, no further action has been taken in order to carry out this resolution, and, being much in excess, we have no particular reason to step in with a reduction for which, we beg to add, no compensation has been agreed so far. In the meantime Hapag, on account of their raise of $4, now claim a compensation of $11 against the "Volturno's" rate, but as yet some of the Lines have not conceded the point. 5419

As far as Lloyd's reduction is concerned we have been informed that their steamer "Barbarossa" was overbooked already and we consequently offered to take the passengers engaged by them in excess on our ss. "Potsdam" leaving New York today. Though the Lines have not agreed to compensate the difference in fare to us, we yet cabled you on the 7th instant: 5420

"Understand Barbarossa overbooked Snipperbak (het navol gend ber. betr. eastb. 3e. kl). After accommodating own passengers regular rate spiesglans (gij kunt derde klasse passagiers nemen) excess passengers booked by Roepvogel (Norddeutscher Lloyd) at reduced rate request Roepvogel (Norddeutscher Lloyd) advise city agents accordingly." 5421

Danshoed (Potsdam, April)

which we herewith beg to confirm.

In the meantime some of the Lines have allowed our claim for compensation in connection herewith and we are still in hopes of obtaining also the consent of the other Parties. In order that we know what has happened, you will be good enough to inform us at your earliest convenience how many passengers you have taken over from Lloyd on the "Potsdam" and which rate you have obtained for their transportation.

Yours very truly,

HOLLAND-AMERICA LINE.

A. N.

Ge 1046
Afdeeling Passage.

Rotterdam, Friday, May 8th, 1908.

Holland-America Line,
New York.

Dear Sirs:

5423 We beg to acknowledge receipt of your No. 1339 and 1340, dated April 27th & 28th respectively, contents of which had our careful attention.

From our cable of May 2nd, confirmed by our No. 1041 of May 4th, you will have seen in the meantime that the other lines have not agreed to compensate us for the difference in quoting a low rate for the "Rijndam," May 6th, against the "Avoca" of the 5th.

Since then we received your cable of the 6th, instant, reading:

"Avoca obsepiato tachtiger some left over," informing us that the "Avoca" sailed May 5th from
5424 your side with 650 third class passengers and now learn from a telegram just received from the Hamburg-American Line that in consequence of there being no opposition against the "Avoca," she not only got her full complement of 745 steeragers but could still transfer 25 steeragers to the "Jalunga" (May 9th) against which there is no opposition on the part of the pool lines either.

We noted from your No. 1340 that ss. "Birma" of the Russian East Asiatic SS. Co. did not sail on the appointed date (April 29th) and is not expected to be ready for service for some time.

Yours truly,
HOLLAND-AMERICA LINE.

M. A.N.

Petitioner's Exhibit 269. 5425

Private N.

No. 1369

June 26th, 1908.

Holland-American Line,
Rotterdam.

Gentlemen:

Our steamer "Noordam" left last Wednesday with 1120 third class passengers, she having been selected as stated to you in previous correspondence, as a competing steamer with S/S "Russia" of the Russian East Asiatic Company. 5426

S/S "Russia" itself left with a total of 900 steerage passengers, of which 200 were accomodated at a $4 higher rate in the so-called improved steerage or third class. We are convinced that if our S/S "Noordam" should not have had a competitive rate, the number of passengers on the "Russia" would have been nearly doubled, as extraordinary attention was given by the firm of A. E. Johnson & Co., through advertisements, extra commission, etc., to have a good showing for this first departure from here.

The new steamer "Prins Friedrich Wilhelm" left yesterday, with 1729 third class passengers, also against S/S "Russia." The excess for the North 5427
German Lloyd steamer (in case there was any) should have gone to the "Arabic" of the White Star Line, although we received confidential information from Mr. Winter that he was not adverse to transferring a possible excess to S/S "Barbarossa" sailing on the 27th inst. As this steamer has not been designated by the Committee to carry a possible excess, we will thank you for giving your attention to this matter and in the correspondence see if for some of the "Barbarossa" passengers, the differential between the $22 and $28 rate is claimed and to which, in our opinion the North

5428 *Petitioner's Exhibit 269*

German Lloyd is not entitled. Mr. Winter claimed that S/S "Prins Friederich Wilhelm" was not overbooked, although two days before her departure, he expected an excess of between two and three hundred passengers.

We beg to enclose copy of a letter written by Mr. Sandford to Mr. Peters in Jena, showing from June 3rd up to and including June 20th, the figures and rates of the eastbound competitive steamers.

Respectfully,
HOLLAND-AMERICA LINE,
A. G.

5430

Petitioner's Exhibit 270.

5431

Private N.
No. 1400

Sept. 18th, 1908.

Holland-America Line,
Rotterdam.

Gentlemen:

We beg to refer to Atlantic Conference Pool letter G247, of Sept. 2nd, 1908, in which letters from Hapag, are promulgated, regarding the head-tax claimed by American citizens on arrival here. Although we have had several cases where American citizens claimed the 5432
amount of $4.00 under the same conditions as illustrated by Hapag, we have thus far refused to comply with such requests, and at yesterday's meeting brought up this question in order to ascertain the exact standpoint of all the lines.

All the lines present; namely American, Anchor, Austro-Americana, Cunard, North German Lloyd, Russian American and White Star, took the same ground as we did, and refused to refund a tax which has never been paid. Hapag only stated that for American citizens and aliens in transit to Canada, they charge Mk. 16—less than their regular rate.

As you are aware, the United States government is 5433
strongly in favor of having every alien who comes over here pay the head-tax in addition to the ocean fare, and in this way a discrimination in favor of United States citizens is made. We hope that the present obstacles in the way of collecting head-tax separately on cash rates will be removed and that very soon the taxes for aliens will be collected on your side, and not be included in the fare as it is at present.

Respectfully,
HOLLAND AMERICA LINE,
A. G.
N. General Agent.

5434 **Petitioner's Exhibit 271.**

VdS
1468

Jan. 26, 1909

Holland-America Line,
Rotterdam.

Gentlemen:

We herewith take pleasure in informing you that an arrangement has been concluded between the steamship lines and the D. L. & W. R. R. Co., through the medium of A. E. Johnson & Co., whereby a com-
5435 mercial allowance of 10% with a maximum of $2 will be paid on first and mixed class railroad business between New York and Buffalo and all points west thereof, if routed via the D. L. & W. R. R. Commission will be paid on either westbound prepaid tickets, on cash tickets sold in Europe or tickets sold on our dock.

This arrangement cancels the previous arrangements which we had with Messrs. A. E. Johnson & Co., regarding westbound business and all tickets the fare per adult of which does not exceed $20 from now on will be routed by us via D. L. & W. R. R., whenever consistent.

5436 All tickets the fare of which per adult exceeds $20, we will continue to route through Peter McDonnell, inasmuch as the latter pays us a commission of 10% with a maximum of $4.

Negotiations in regard to the granting of a commercial allowance are now pending with the other railroad companies out of New York, and it is probable that within a short time some of them will join the D. L. & W. in granting a commercial allowance. It is also expected that within a reasonable time, western railroads will come into the agreement, in which case the present allowance of 10% with a maximum of

Petitioner's Exhibit 271

5437

$2 would naturally be extended to 10% with a maximum of $4.

We beg to enclose report of the special committee of Jan. 23, 1909, covering the above, while we further enclose map showing the territory covered by the Delaware, Lackawanna & Western R. R., and its connections.

We will promptly keep you posted on all progress made in regard to agreements with other railroads.

Respectfully,

HOLLAND-AMERICA LINE,

A. G.

Gen'l Agt.

5438

VdSt

5439

5440 **Petitioner's Exhibit 272.**

Dict VdS
1478

Feb. 9, 1909.

Holland American Line,
Rotterdam.

Gentlemen:

Agreement with Erie Railroad providing for a commercial allowance of 10% with a maximum of $2.00 on Westbound first and mixed class railroad business
5441 from New York to Buffalo and point beyond.

We beg to refer to our letter of the 26th ult. and report of the special Railroad Committee enclosed therewith, to the effect that an arrangement had been concluded between the Steamship Lines and the D. L. & W. R. R. through the medium of A. E. Johnson & Co., whereby a commercial allowance of 10% with a maximum of $2.00 was to be paid on all first and mixed class Westbound railroad business from New York to Buffalo and points beyond.

In accepting this proposal from A. E. Johnson & Co. the Steamship Lines realized that the ultimate object of the Steamship Lines was not furthered thereby. This object, as you are aware, is to come to an
5442 agreement *directly* with the railroads, whereby a commercial allowance will be paid by them on all first and mixed class Westbound rail business.

With this end in view, several attempts were made by the Steamship Lines to obtain such allowance through a direct agreement, but without result. Following the offer by A. E. Johnson, negotiations were continued, but without any apparent success, the supposition being that existing contracts on the part of the Trunk Lines prevented them from making any Westbound agreements directly with the Steamship Lines.

Petitioner's Exhibit 272

Since then the Erie Railroad has broken away from the Trunk Lines and has come to the Steamship Lines, with an offer as above stated. This has been accepted by the Special Committee for the Steamship Lines, which in return has promised to recommend to the Lines to support the Erie and route as large a share of the Westbound rail business, as possible via their road. 5443

The Erie Railroad expects to be able, within a short time to make suitable arrangements with one or more Western rail lines so as to place them in a position to take care of business beyond Chicago and extend the maximum allowance of $2.00 to $4.00. 5444

In the meantime, commissions paid by Peter McDonnell and A. E. Johnson remain in force.

Under the circumstances, we would respectfully suggest that you discontinue the issuing of Johnson's and Peter McDonnell's orders and issue instead our own regular cash orders, which upon arrival of the steamer here, will be indorsed by us "via Erie" or such railroad as may suit the particular case.

We will instruct our agents on this side that whenever rail transportation is sold in connection with cabin prepaids the rail fare is to be remitted to us and we will mention this on the prepaid lists in the same manner as is done with the third class prepaid railroad orders. A commission of 5% with a maximum of $1 will, in due time, be allowed to agents. 5445

In connection with the above, we avail ourselves of this opportunity to kindly see to it that the preliminary written lists of first and second cabin passengers reach us either before or on the date of the arrival of the steamer, in order that we may be able to verify the prepaid and cash rail orders presented to us by passengers.

At present these lists reach us after the arrival of the steamer.

5446 *Petitioner's Exhibit 272*

While the aforementioned agreement with the Erie Railroad is still far from being perfect, it is, as you will note, a step in the right direction and we sincerely hope that it may prove to be the beginning of a general agreement between all Trunk Lines and Steamship Lines, covering the payment of a commercial allowance on westbound first and mixed class railroad business.

The Special Committee's report on the above will be sent to you promptly upon issue.

Yours respectfully,

HOLLAND-AMERICA LINE,

5447 A. G.

Gen'l Agt.

5448

Petitioner's Exhibit 273.

5449

Private N
No. 1608

Nov. 18th, 1909.

Holland America Line,
Rotterdam.

Gentlemen:

We beg to refer to the Eastbound Railroad Agreements:

Altogether recently the Eastbound Agreement with the Western Passenger Association has been consummated and the sub-agents have been notified as per 5450
enclosed circular, the situation today is not very satisfactory in regard to the Central Passenger Association Agreement upon which a great deal depends for the success of the former. The Central Passenger Association Agreement has worked to the entire satisfaction of the steamship lines, although this can not be said for the different members of the participating railways.

A great preference is shown by the Western Agents for the Wabash, and Nickel Plate Railroads, and as you will please note from the accompanying statistics the percentage on both roads is exceedingly high. The B. & O., Grand Trunk and Erie Railroads, as 5451
well as the Pennsylvania differential Lines and the Michigan Central are the principal sufferers.

The poor showing of the B. & O. railroad is principally caused by inadequate train service, and although some improvements in this direction have been made already, further improvement is highly necessary.

As far as our Company is concerned it is difficult for us to send our Chicago passengers by the B. & O. railroad as trains on said road are frequently delayed, and the morning train due to arrive at New

5452 *Petitioner's Exhibit 273*

York at 7:00 A. M. does not allow passengers as a rule to make connections with our steamers sailing at 9 A. M. as the arrival station is the terminal of the Central Railroad Co., of New Jersey, necessitating crossing and recrossing the North River.

In consequence there is no other way for us than to either send our Chicago passengers by the morning or afternoon B. & O. train, which causes board and lodging expenses to the passengers, or to send them over some other road. However, it is of great interest to all the Lines to properly adjust the business to show the railroads that the Steamship Lines are
5453 practically controlling the railroad business obtained in connection with steamship travel.

A strong telegram was sent by the "Committee" to their General Passenger Agents in Chicago, instructing them to route the business primarily over the B. & O., then by Erie, Grand Trunk Pennsylvania Lines, and Michigan Central, and that for the present and until further notice no commercial allowance would be paid to agents who routed passengers by some other road.

We trust this will bring about a decided improvement in the near future.

Respectfully,

5454 HOLLAND AMERICA LINE,

A. G.,

Gen'l Agent.

Petitioner's Exhibit 274.

5455

N
Private No. 1490

March 26, 1909.

Holland-America Line,
Rotterdam.

Gentlemen:

We beg to refer to our letter 1478 Private of February 9, and railroad report of the same date subsequently sent to the effect that the Erie R. R. offered 10% commission with a maximum of $2.00 to the Steamship Lines direct, and that said offer had been 5456
accepted.

We now beg to report that after many meetings and discussions the Erie R. R. has increased the maximum commission to $4.00 thus placing the Steamship Lines on the same basis as Peter McDonnell, A. E. Johnson & Co. or other outsiders.

We are very much pleased to have this offer made by the railroad direct which is fully in line with the general principle always advocated, the special railroad Committee has accepted this offer, and in consequence our business which can go via Erie R. R. will be routed accordingly.

We beg to enclose all different reports thus far received in connection with the above. 5457

One of the great factors which very strongly impresses the railroads is the proof that the Steamship Lines control the railroad business of their passengers and this control can in no way be more facilitated than by the enforcement of the so-called "through booking" Rule.

It is therefore that a recommendation was made at one of the last meetings that all second cabin prepaid and return, and as far as possible first class passengers be booked through to final destination in Ameri-

5458 *Petitioner's Exhibit 274*

ca, and that a commission, or as we call the same at present, "commercial allowance" of 5% with a maximum of $2.00, be given to sub-agents on all first and mixed class westbound railroad tickets in the United States, sold in connection with ocean tickets.

We beg to recommend very strongly the adoption of the same rule for "cash" business in Europe, so that on arrival of the Steamers here all business as far as practicable has been booked.

The arrangements with A. E. Johnson Co. and Peter McDonnell will naturally cease now, and we will thank you as explained in our letter 1478 to use
5459 your own orders drawn on us.

For the present we will have our agents endorse our 2d cabin prepaids and return tickets, as recommended by the Committee, and in such cases request you to give to such passengers, claim—orders for the American transportation in the same way as you do now with 3rd class through-booked prepaid passengers.

It may be advisable for the next issue of our prepaid cabin and return tickets 2d cabin to have a clause added in the same wording as is now found on our 3d class prepaid contracts, covering the above.

Respectfully,

HOLLAND-AMERICA LINE.

5460 A. G.,

General Agent.

Encl.

Petitioner's Exhibit 275. 5461

N. No. 1495.

April 8, 1909.

Holland America Line,
Rotterdam.

Gentlemen:

We beg to enclose minutes of meeting #6 held March 30th of the Mediterranean Conference (awaiting confirmation) also a copy of the minutes of the meeting of the American Atlantic Conference, #12 from which you will please see, that said meeting was held only to consider the complaint against the agents 5462
of the North German Lloyd, Chicago, Ill.

We were much pleased to have Messrs. Clausenius & Co. fined $500.00 and at the same time receive a very severe open rebuke, which will be made part of the records.

We further enclose report #1 of the standing Committee on the United States Steerage Act 1908 regarding the "Water Line" of passenger's ships.

We will forward to you by Control box on Steamer "Noordam" April 13th, four more copies of the complete Passenger Act of 1882 with all the amendments up to date.

Respectfully, 5463
HOLLAND-AMERICA LINE.
A. G.,
Gen'l Agent.

5464 **Petitioner's Exhibit 276.**

Private N
No. 1553

July 30th, 1909.

Holland-America Line,
Rotterdam.

Gentlemen:

We beg to refer to pool letter #4219 issued at Jena, June 18th, 1909, in regard to agents who receive more than 5% commission, and especially to this part of the letter, which promulgates a letter from
5465 the French line.

The French Line states it to be their standpoint that only such agents should be entitled to a commission of 7 1/2% who work excluslively for one Company, and that those who work for several Lines should not be entitled to a higher commission than 5%.

In contradiction to this standpoint as specified by the French Line we beg to remark that said Company is represented by the firm of Raymond & Whitcomb in Philadelphia as General Agents for said city, and that the latter firm receives reports from different sub-agents in Philadelphia of tickets sold over the French Line, and on which sub-agents commission is allowed
5466 by them.

We believe that the regular General Agents Commission is paid by the French Line to Messrs. Raymond & Whitcomb in Philadelphia, as it is highly improbable that Messrs. Raymond & Whitcomb would do this business for nothing, and would pay out to the sub-agents the regular commission in case they, themselves do not obtain any more.

In addition we beg to say that the firm of Raymond & Whitcomb not only represent the French Line as General Agents, but nearly every other Line, including ours, as sub-agents.

Petitioner's Exhibit 276

5467

Furthermore, we beg to say that at the time when the first and second cabin Agreements became operative in the past, we had to cancel the firm of Thos. Cook & Son in San Francisco, much to our regret, and only because it was stipulated that Tourist Agents should not receive more than 5% commission, which made the continuation of said firm as General Agents an impossibility.

Respectfully,
HOLLAND-AMERICA LINE.
A. G.,
General Agent.

N

5468

5469

5470 **Petitioner's Exhibit 277.**

N. No. 1589.

Oct. 8th, 1909.

Holland-America Line,
Rotterdam.

Gentlemen:

We beg to enclose unconfirmed minutes of Meeting #17 of the Mediterranean Conference held October 6th, 1909. The principal matter discussed was the
5471 situation in regard to the Greek Lines whose competition is very strongly felt. The result of the measures taken fall far below the expectations as is last shown in the big number of passengers carried by s/s Athene, October 2nd.

Conference has now received an application of membership by the International Greek Lines to the Mediterranean Conference and which application was referred to Mr. Peters in Europe by cable. The motive for this application not being apparent it was deemed advisable to inform Mr. Peters that the United States Government might possibly have instigated this action in order to obtain proof of restraint in trade against the Mediterranean Lines, and that there-
5472 fore careful consideration would be very desirable. A cable answer was requested.

Amongst further matters the request was made by Mr. Hartfield that the Continental Conference should reconsider their action taken last year in April, namely to remit the fines at that time imposed upon the continental agents, who booked continental passengers via Italy.

We beg to refer in connection with this matter to the minutes of Meeting #154 of the Standing Complaint Committee of the Continental Conference held

Petitioner's Exhibit 277 5473

on April 17th, 1908, and our letter #1401, Private, of September 18th, 1908. The case in question is that of Mr. M. B. Goldberger, recorded under Minute #1093, and who was fined $500.00 for violation of rules.

We understand that Mr. Hartfield has paid said fine for Mr. Goldberger, and therefore is very anxious to obtain refund. The violation of rules however committed by this agent is worse than any of which an agent has ever been guilty, and in our opinion should not be reconsidered.

Mr. Solari (Mr. Hartfield's partner), intends to go to Europe next week and has the intention of bringing this matter up in Europe. 5474

Respectfully,
HOLLAND-AMERICA LINE,
A. G.,
N Gen'l Agent.

We do not quite share the opinion as expressed by the members of Conference present at the meeting with reference to the U. S. Government having instigated this application, nor do we approve of the mentioning of our Line in said cable to Mr. Peters, and same must have been added after the matter had been discussed. We have now instructed Secretary Sandford henceforth to submit for approval contents of cables before same are being sent. 5475

A. G.

5476 **Petitioner's Exhibit 278.**

N. No. 1605.

Nov. 12th, 1909.

Holland-America Line,
Rotterdam.

Gentlemen:

We beg to inform you that the Eastbound Railroad Agreement with the Western Traffic Association has been completed. We beg to enclose Confidential report of the Special Eastbound Railroad Committee un-
5477 der date of November 10th. This report covers the entire agreement as now existing.

You will please note that the territory between the Missouri River, from Kansas City going north and a line through St. Paul, Minneapolis and Duluth as Western Boundary, and a line between Chicago and St. Louis as the Eastern Boundary, is not as yet covered as far as the paying of commission is concerned. In said territory for business to the Atlantic ports when passing through St. Louis, or Chicago, the steamship Lines will receive the commercial allowance as specified by the Central Passenger Association.

The question now remains to get the Southwestern Passenger Association and the Southern Passenger
5478 Association in the agreement, (terminal points Memphis, and New Orleans) which if done, will include then all of the United States.

On the 10th and 11th. inst. the renewal of the Westbound Immigrant Agreement of 1897, and amended 1905 was discussed, as informed you already by our letter of November 5th, #1600. We are pleased to state that this agreement has been renewed and in general its features are the same as the agreement now existing. A special note was made that due consideration must be given to passengers and purchasers in regard to the routing.

A serious attempt will be made to have this agreement also made to include the Canadian ports, and the port of Portland, Me., which are not included in the present agreement. This matter will be taken up by a Special Committee with the Canadian Pacific, Inter-Colonial and Grand Trunk Railways. 5479

In the amendment of the original agreement a clause was made to the effect that Mr. Peter McDonnell will have the same commissions from the Western Passenger Association which the steamship lines now receive. This clause has been renewed, but in addition it was distinctly stated that Mr. Peter McDonnell cannot pay to any steamship company any more than the agreed commission of 10% with a maximum of $4.00, nor more than 5% with a maximum of $2.00 to sub-agents. The steamship Lines promised to bring this matter especially to the attention of the European offices of the Lines and recommend very strongly its adoption for Europe, if this can possibly be done. In case the present agreement could be also adopted and enforced by all the steamship Lines in Europe undoubtedly a great deal of revenue could be derived from it. 5480

Mr. Peter McDonnell has always been a disturbing factor in direct arrangements with the Railroads and in Europe his activity through Ramsden of Liverpool, especially in Switzerland, Italy and some parts of Greece is well known. 5481

We will greatly thank you for informing us if it is known to you that at present Mr. McDonnell is paying in Europe more than 5% to sub-agents, either directly or indirectly.

The question of the issuance of annual passes in behalf of steamship representatives was also made a subject of long discussion. There does exist a wide difference of opinion between the Attorneys of the different railroads as to the right of the issue of passes under the present Interstate Commerce Laws.

5482 *Petitioner's Exhibit 278*

The matter will be taken up by the Advisory Committee of the Railroads at their next meeting in Chicago, and the question may perhaps be settled by the allowance of a sum to each steamship Company for travelling expenses. (Retroactive.)

As soon as the report of the Railroad Committee, which will very likely be issued shortly, is ready, we will send you a copy giving full particulars.

Respectfully,
HOLLAND-AMERICA LINE,
A. G.,
Gen'l Agent.

5483

5484

Petitioner's Exhibit 279.

5485

N #1641 January 18th, 1910.

Holland-America Line,
Rotterdam.

Gentlemen:

In regard to the Westbound railroad business, first and second class, for which we made arrangements with the Erie Railroad, we are pleased to inform you that there is a tendency of the other Trunk Lines to come in.

We have been informed that the Lackawanna Railroad has already approached one or two lines with the 5486
object of making direct arrangements, which, if confirmed will soon be followed by other trunk lines. We also have from good source that the Grand Trunk Railway, which company issues their own orders in Europe, has approached some of the lines abroad in regard to railroad business, and it is very likely in case this has not been done already, that you will also be approached by them in this matter.

Should this be done, we would respectfully suggest that you will refer the Grand Trunk Railway to us here, which is in conformity with the policy advocated by all the steamship lines, and which will show conclusively that the steamship lines in regard to railroad businesses, are acting jointly and as a unit, and in this 5487
way strengthen their position considerably.

As you are undoubtedly aware the Westbound first, and mixed class American railroad transportation via the Trunk Lines is pooled, and that an eventual shortage of one of the lines is made up by Immigrant traffic. This condition has existed for years, but in many respects is unsatisfactory to some roads, who have a strong hold on first class business, and see very reluctantly the lucrative Immigrant business go over to their competitors' roads.

5488 *Petitioner's Exhibit 279*

There are different rumors indicating a break in the near future of the Trunk Lines' relations between themselves, and should this occur, we would not be surprised that a rate-war will be the immediate result.

When such conditions should arise, it is evident that the Lines here must have a free hand to route the business according to these conditions, and having thus far made very satisfactory arrangements, as well Eastbound and Westbound with the different railroads, although all arrangements under contemplation are not completed, the steamship lines here are of the opinion that all arrangements should be made here
5489 only, in order not to be handicapped by agreements or contracts which may have been made in Europe, and which might undo part of the work accomplished here.

We will keep you fully informed about the situation.

Respectfully,
HOLLAND-AMERICA LINE,
A. G.,
General Agent

5490

Petitioner's Exhibit 280. 5491

Dict. N. No. 926.

Nov. 10th, 1905.

Holland-America Line,
Rotterdam.

Gentlemen:

Referring to our letter #8719 of August 18th this year, we beg to enclose copy of the Committee Report about the situation regarding immigrant traffic to the New England States.

This report has been unanimously accepted by the different Lines constituting the three Conferences and 5492
the Committee continued with full power to act.

A contract is now being drawn up on the lines as laid down in Mr. Connor's letter and as soon as it is completed a copy of same will be forwarded to you.

Not having any instruction from you, we have since the re-establishment of the Italian rates left our Italian and Oriental rates unchanged.

Regarding Italian rates, the same are too high as compared with those of the other Lines, as to expect any business. However, our rates to the Orient are in most cases lower than those of the other Mediterranean Lines. As you may have noticed all direct Lines to the Mediterranean as also the French Line, 5493
quote to the four principal Oriental points, the following fares, in addition to their Naples rate:

Piraeus	$ 7.00
Alexandria	10.00
Jaffa	12.00
Beyrouth	13.00

If we are to follow this example, our throughout rates to said points will be

5494 *Petitioner's Exhibit 280*

Piraeus	$42.00
Alexandria	45.00
Jaffa	47.00
Beyrouth	48.00

instead of respectively, $37.00, $41.00, $43.00, and $43.00, as they are now.

Thus far we have not particularly pushed this business on account of the small margin of profit, as compared with our other rates to Continental points and do not intend doing so unless we receive your instructions on this point.

5495 We will thank you for considering this matter and inform us at your earliest convenience.

Yours respectfully,

HOLLAND-AMERICA LINE

T. W. M.

Gen'l Agent.

Memo: We enclose herewith clipping from the Washington Evening Star of Nov. 9th, which will undoubtedly be perused by you with interest.

5496

Petitioner's Exhibit 281. 5497

Dict. N: Private.

No. 932.

Dec. 5th, 1905.

Holland-America Line,
Rotterdam.

Gentlemen:

We beg to confirm our cable of this afternoon, "REGENWATER ROKKENBOUT ZAGAGLIA OFF ANTWERP."

No explanation was given regarding this unexpected 5498
reduction.

At the same time we hear from our agents on the East side that this reduction will greatly interfere with the prepaid bookings for the Continental Lines.

We beg to enclose herewith slip of the Cunard Line announcing this reduction, which, although issued on Dec. 1st, was not promulgated as is the custom among the different Lines, and which slip was not received by us until today.

Yours respectfully,
HOLLAND-AMERICA LINE
T. W. M.
Gen'l Agent

5499

5500 **Petitioner's Exhibit 282.**

Dict. N. Private.

No. 940.

Dec. 14th, 1905.

Holland-America Line,
Rotterdam.

Gentlemen:

Referring to your Private ♯652, we beg to return herewith letter from the Esperia Insurance Co., of Naples; it's contents was perused by us with great
5501 interest.

In reply to your ♯656 and 658, we have received Dr. Rictema certificate, legalized by the American consul at Rotterdam, regarding detention of third class passengers for five days and note that for the present we may expect similar certificates by the purser of each subsequent steamer. We will advise you at once as soon as the present instructions regarding detention of third class passengers, are either amended or withdrawn.

We received your favor, Private ♯659 of Nov. 2 'th and complying with your request will, in future substitute "Third class" for "steerage" in all tickets and
5502 general advertising matter referring to this class.

Referring to your Private ♯660 of Dec. 1st, the three pictures ordered in your ♯685 of Sept. 25th have been forwarded per steamer "STATENDAM" the 6th inst. The two other pictures ordered in your ♯635 will go forward at an early date. As Mr. Pansing is employed by the American Litho. Company, he has not as much time at his disposal as formerly, which may explain the delay in the execution of orders.

Petitioner's Exhibit 282

5503

In reply to your #661 of Dec. 1st. we beg to inform you that the Cunard Line, without any reason, declined to enter into any Cabin Baggage Agreement, either Eastbound or Westbound. In consequence Mr. Wright will not bind himself for the I. M. M. Co. lines in this respect and the entire matter is therefore left in abeyance for the present.

We greatly regret this outcome, as it means a considerable loss of revenue for all the Lines. It is our opinion that the measure, if uniformally adopted, could be easily enforced. The results of Hapag and Lloyd W. B. have been very satisfactory.

5504

The Mediterranean Conference is holding nearly daily meetings in order to come to an Agreement in regard to East and Westbound rates for 1906, but we presume that several other meetings will have to be held, before a satisfactory understanding will be reached.

We enclose herewith Minutes of the three last meetings of Dec. 7, 11th and 14th, #14, 15 and 16.

Yours respectfully,

HOLLAND-AMERICA LINE,

T. W. M.

Gen'l Agt.

5505

5506 **Petitioner's Exhibit 283.**

New York, December 27th, 1905.

Mr. H. Peters,
Jena, Germany.

Dear Sir:

Replying to your esteemed favor of December 5th, 1905, addressed to the Holland-America Line, this city, the Committee appointed here under Agreement L, in accordance with your request, has carefully examined the Italian tickets and stubs, referring to S. S. "PHILADELPHIA" Dec. 3rd, 1904, and S. S.
5507 "ST. LOUIS" Dec. 31st, 1904.

The Committee finds that a few differences occur with the statement submitted by you, namely,

Stub 25602, one adult to Naples, S. S. "PHILADELPHIA" Dec. 3rd, is missing—on the American Line statement of said steamer it is recorded as one adult to Naples—net amount received $15.00.

Ticket numbers 4030, 4031, 4032 and 4033 in your statement, are apparently incorrect and must be 25640, 25641, 25642 and 25643 respectively, as said stubs correspond with the first ones in regard to the number of passengers, destination and amount received.

There have been no advance bookings in August for the two steamers referred to.

5508 Seventy passengers recorded on your statement (the missing stub was left out) have been transferred from the White Star Line, all of said passengers having originally been booked for steamer "REPUBLIC" sailing Dec. 1st.

The three passengers for S. S. "ST. LOUIS" Dec. 31st, were reported, #24449, one adult to Turin, by the San Francisco office, #24451 and 24978, each one adult to Milan, by New York agents.

We beg to enclose statement made up from the stubs in the American Line office, at the same time return the statement submitted by you.

Petitioner's Exhibit 283

5509

The American Line here is very emphatic in its assertion that they never claimed said passengers having been booked in or prior to August, 1904.

Their rates were reduced on December 23rd (postal card announcing said reduction enclosed) and as on said Notice the commission to agents was not mentioned, this notice was substituted by a small circular issued January 4th (copy enclosed) mentioning the amount of commission as $3.00.

In regard to advance bookings at higher rates than those in effect at the date of sailing, we beg to enclose statement for the sailing of steamer "St. Louis" Dec. 31st and of S. S. "PHILADELPHIA" Jan. 7th.

5510

We trust the above information is all that you require; in case any additional particulars should be desired, we will be pleased to take the matter up further.

THE COMMITTEE.
E. Leonard.

A. C. H. Nyland.
Herman Winter.

5511

5512 **Petitioner's Exhibit 284.**

Dictated N.
D. Private.

Feb. 9th, 1906.

Holland-America Line,
Rotterdam, Holland.

Gentlemen:

We have followed with considerable interest the different discussions in Europe, at pool meetings, resulting finally in a renewal of the existing agreements.

5513 One of the most annoying features (leaving, for the present our low percentage out of the question) is the excessive percentage of H. A. P. A. G., which company with their present fleet and services, will have some difficulty to earn the same by carrying the required numbers, except by unusually low rates.

We refer especially to the eastbound third class rate for steamer Amerika. No steamer has received a wider advertisement, and we believe that the third class rates should be at least $37, instead of $33, which is practically a differential of two dollars on our and Red Star's rate.

5514 However, as the matter stands now, we do not think that much can be accomplished by complaining about this state of affairs. Coming back to our own low percentage, it may be worth while considering the advisability of quoting a higher eastbound third class rate for our new twin screw steamer New Amsterdam, viz., the rate of $35, leaving the rate for the other steamers at $33.

Our new twin screw steamer is superior to the others, and will have the benefit, more than any other steamer of our fleet, of wide advertising.

The present indications are that we will have no difficulty in carrying sufficient third class eastbound passengers to come up to our percentage. In fact,

5515

we believe that before long we will have a constant plus.

H. A. P. A. G. could then be induced, at the same time, to advance their rates for steamer Amerika, which would facilitate our bookings at $35 rates, for our steamer.

As long as we cannot obtain a higher percentage, without endangering the existing agreements we might try to carry our number at as high a rate as possible.

We will thank you for considering this matter, and informing us at your earliest convenience.

Yours respectfully,

HOLLAND-AMERICA LINE

5516

Gen'l Agent.

5517

5518 **Petitioner's Exhibit 285.**

Dictated N.
No. 961.

Feb. 16th, 1906.

Holland-America Line,
Rotterdam, Holland.

Gentlemen:

We beg to enclose copy of a letter from the Congressional Information Bureau, regarding Senator Dillingham's bill, which undoubtedly will be perused by you with interest. We also enclose a copy of said
5519 bill. We are not yet in receipt of a copy of the Penrose bill, referred to in our #959. We also enclose copy of a report by the Secretary of State, relating to the case of Special Immigrant Inspector Markus Braun, comment on which is undoubtedly superfluous.

We beg to enclose a memo of the Metropolitan Conference, containing copy of a letter sent by the White Star Line, Mediterranean service, to the effect that they do not wish to be bound by the tacit cabin agreements, regarding Mediterranean business.

We greatly regret to notice the standpoint which the White Star Line takes in this matter, which bad example will undoubtedly be followed by the Ham-
5520 burg-American Line, and the North German Lloyd, Mediterranean services.

It goes without saying that any favor shown by the Mediterranean services of said lines will also go to the benefit of their other services to Northern Europe. We would respectfully suggest that you bring this matter up before the different lines, parties to the agreements, in Europe.

Referring to our private #956, of Feb. 8th, we now beg to inform you that the United States have taken action and served summons in complaints against the

Petitioner's Exhibit 285

5521

French Line, the Hamburg-American Line and our Line. The said complaints refer to cases of deported immigrants, affected by the two and three year clauses, sections 20 and 21 of the Immigration Act of March, 1903. Our cases have been referred to counsel (Messrs. Choate & Beers).

Yours respectfully,

HOLLAND-AMERICA LINE

A. G.

Gen'l Agent.

N. This is for joint account of all lines.

5523

5524 **Petitioner's Exhibit 286.**

Private N. 1000

May 25th, 1906.

Holland-America Line,
Rotterdam, Holland.

Gentlemen:

Different meetings are being held by the Mediterranean Lines in order to come to a eastbound agreement, and endless discussions have been going on, without any definite result thus far.

5525 At a meeting held yesterday, a schedule of rates was placed before the Lines, as per enclosed copy, named Schedule "R," in which the rates on the American and French Lines, are both put down as $35.00. Both Lines express themselves as agreeable to said rates, provided the steamship Lines, parties to Agreement L, would hold them harmless for any consequence as in accordance with article 5 of agreement L, both Transat. and American Line agree to quote to Italian and Oriental points, the same rates and to pay the same commissions as are being quoted and being paid by the North German Lloyd, for their direct twin-screw steamers, or by Hapag for its direct fast twin-screw steamers. The North German Lloyd was agreeable to

5526 this, as was also HAPAG.

We told the gentlemen that this matter must be submitted to you. Although Schedule R has not been accepted, and undoubtedly many others will follow, and this matter may perhaps not come up at all, any more, we will thank you for giving us your definite instructions as to what stand to take in this matter.

The Lloyd rate was made $34.50.

Respectfully yours,
HOLLAND-AMERICA LINE,
A. G.,
General Agent.

Gentlemen:

We received your favor, private 756, of August 21st, contents of which had our best attention. We fully believe with you that the steamship Companies 5528
could follow up with good results their different cases in which unauthorized persons sell orders on Europe.

However, it remains a question whether this course is advisable. Similar matters, if brought before a court, may easily lead to further investigation of the present methods employed by the steamship companies, which, in many respects would cause unsatisfactory results. The course followed by the steamship companies in their different meetings to maintain control of the agents under their supervision is in many ways very arbitrary, and although from the steamship companies standpoint justifiable may be condemned if brought before an investigation committee.

For this reason, we think it is very desirable to proceed slowly. However, in one of the next meetings, we will have this matter brought up and fully discussed, informing you of the result. 5529

Mess. Zotti & Co.:

Apparently this company is in very bad shape. The steamer Brooklyn has been sold, and Mr. Zotti now is anxious to become a regular appointed agent of the Conferences. He always has been a disturbing element in the business, and the best solution of this question

5530 *Petitioner's Exhibit 287*

is undoubtedly to have him under control which will be the case, if he accepts Conference rules and regulations. However, there is in our opinion, one feature, which prevents us from acting on this matter, namely, Mr. Zotti's relation to the French Line. In the different pool letters, we have noticed the very bitter tone of Mr. Tattet against Mr. Zotti. As long as the French line is working in harmony with the different pool lines, we do not consider it fair towards said line, to support a man who is antagonistic, and is trying to fight the French Line, wherever he can.

5531 It is possible that this matter will be taken up in Europe, and we would like to hear your opinion before proceeding. So far, the North German Lloyd, the Cunard, and the I. M. M. have endorsed Mr. Zotti's application, and will undoubtedly give him ticket books.

It should not be overlooked that special consideration is, in our opinion, not justified in regard to the French Line, as they are actually the cause of Mr. Zotti's position today; they have more than protected him when he was unknown, and have enabled him, by giving him a contract a few years ago, in defiance of the Conference, to have sub-agents, and sell tickets from three to five dollars cheaper than any one else.

5532 Respectfully yours,

HOLLAND-AMERICA LINE

A. G.

General Agent.

As long as Mr. Z. is endorsed by nearly all the lines we certainly would be at a disadvantage if we refused him our agency.

Petitioner's Exhibit 288. 5533

S
PRIVATE.
N.

October 5, 1906.

No. 1034

Holland-America Line,
Rotterdam.

Gentlemen:

Steamer Potsdam, arrived here last Monday, and we were pleased to note on the manifests, your careful compliance with the request made by the Commissioner of Immigration to fill out the different answers required by the Naturalization Act. The first and second cabin manifests were also in good order, the purser having measured the different passengers in regard to whom the questions had not been answered before the sailing of the ship. No verification of first and second cabin passengers was made in regard to this matter and they were permitted to leave the steamer on arrival, without being inconvenienced in any way. 5534

In the third class, however, all the different questions which had been filled out by you were verified, the passengers being measured over again, and eventual differences added to the manifests as is also the case with other differences. 5535

We were informed that the authorities were well pleased with the pains that had been taken in furnishing the desired information.

After a few weeks of existence, the Mediterranean Conference is again in such bad shape that any moment, we may expect the information that it will be broken up again, on account of the east-bound agreement, not being satisfactory to the Lloyd Italiano.

5536 *Petitioner's Exhibit 288*

Mess. C. B. Richard & Co., having given notice that on account of the unsatisfactory number of passengers on steamer Louisiana, which left New York on the 26th Ult., they wished a reduction in their rate from $33.00 to $31.00.

All Lines, members of the Mediterranean Conference, were very much incensed against Mess. C. B. Richard & Co., and a kind of indignation meeting was held, yesterday afternoon, in which in the strongest terms, the Lines expressed their bitterness and dissatisfaction with the unjustifiable action of C. B. Richard & Co. We beg to enclose copy of resolu-
5537 tion passed at said meeting by the Majority.

The outcome of said meeting was that all Lines should cable the situation to their Home Office, Mess. Richard & Co. reluctantly agreeing to do so. In case no solution of the present difficulty is found before tomorrow, all Lines will be at liberty on the 6th inst., to quote whatever rate they wish, east-bound.

In case this should occur, it will in our opinion be very difficult to get the Lines together again for any length of time.

Respectfully yours,

A. G.

5538 It seems that Mr. Richard is trying to use the above as a pretext to definitely withdraw from the conference, which body on account of clause G he is now fighting in his capacity as agent for the Volunteer Line.

A. G.

Petitioner's Exhibit 289.

5539

N. No. 1060.

November 23rd, 1906.

Holland-America Line,
Rotterdam, Holland.

Gentleman:

Steamer "Smolensk," will leave next Tuesday the 27th inst., for Rotterdam, with a third class rate of $30.00 gross, commission regular $2.00, and extra varying from $1.00 to $3.00.

This steamer will undoubtedly have a considerable number of passengers, as at present the only competitive ship is our steamer New Amsterdam, sailing the next morning. 5540

Steamer Main of the North German Lloyd, would have sailed also on the 27th inst., if it had not been for an accident, which befell her when arriving yesterday, and of which enclosed please find description, as given in the New York Herald this morning.

We have considered sending you a cable, stating these facts but in view of the circumstances, the time for next Wednesday is too short, to expect any practical result by a reduction in our east-bound rate.

As there is no Red Star ship next Wednesday, and no Hamburg steamer on Thursday, we expect notwithstanding the Volunteer Line's low rate, a considerable number of third class east-bound passengers for our sailing of November 28th. 5541

Yours respectfully,

HOLLAND AMERICA LINE
O. D.
Act. Gen'l Agent.

N.

5542 **Petitioner's Exhibit 290.**

H

MEMO

First Cabin Agreement Dated Liverpool, March, 1902.

The lines party thereto interpret that part of Article 12, referring to commission on round trip tickets as follows:

In arriving at the proper amount of commission the outward and return portions are to be considered separate transactions:

5543 Example Outward portion, $100.00 Commission $5.00
Return portion, 54.00 4.00

Total, $9.00

OR

The outward and return portions are to be considered as one transaction and the commission of 5% is to be calculated on the entire round trip rate:

Example Outward portion, $100.00
Return portion 54.00

Total, $154.00

5544 Commission at 5%, $7.70, but commission increased to $8.00 the minimum provided in Article 12.

* * * * * *

The Lines seem to desire to have a uniform understanding, and they are accordingly asked to endorse hereon which of the above interpretations they prefer, with, in this case, in order to reach some settlement, the understanding that the majority vote shall rule. If any one objects to majority rule, the matter will have to take the usual course, *i. e.*, require unanimous action.

(Signed) L. SANDFORD.

Petitioner's Exhibit 291.

5545

Private N
No. 1064

December 7th, 1906.

Holland-America Line,
Rotterdam.

Gentlemen:

Principally through the non-departure of steamer "Kaiser Wilhelm der Grosse" on Tuesday, steamer "Vaderland" of the Red Star Line had about six hundred passengers more than she could carry. Of this 600, 150 were transferred to steamer "Trave" and 53 to our company, while about 200 were transferred to the steamer "Oceanic" of the White Star Line, and 100 to steamer "Arabic" Boston service, who were sent to Boston on Wednesday night, by Fall River Line. Between 75 and 100 will be transferred to steamer "St. Paul" tomorrow.

5546

Now it is evident that this business transferred to English Lines all being Continental, is lost to the Pool, and that the Red Star Line will undoubtedly claim not being able to take care of the passengers in any other way than they did, the "Trave" being full, and we not being able to take more than the number as stated above. However, as long as the American Line may take 75 or 100, it would, in our opinion, have been better to have the same transferred to steamer "Pretoria" of the Hamburg Line, which sails on the same day. We have the above information from a very good source, viz., our agent, Mr. Henry Schinitzer, who is president of the Passenger Transfer Co., to whose care, nearly all of the passengers were sent, and who has to deliver them to the different docks.

5547

We would request you not to give any publicity to the above, as the communication was made to us in

5548 *Petitioner's Exhibit 291*

a strongly confidential manner, and as it would place, not only Mr. Schnitzer, but also ourselves, in a very embarrassing position, in case it became known that we were the originators of this report.

Respectfully yours,
HOLLAND-AMERICA LINE.
V. D.
Asst. General Agent.

5549

5550

Petitioner's Exhibit 292.

5551

N

No. 1093

Feb. 11th, 1907.

Holland-America Line,
Rotterdam, Holland.

Gentlemen:

The recent changes in the eastbound third class rates have clearly illustrated how easily a rate war may be precipitated under present conditions.

Although the British Continental Agreement of 1898 is lived up to by all the Lines, there is apparently 5552
a misunderstanding regarding clause 8 of this agreement. The British Lines, or rather the Cunard Line, takes it for granted that clause 8 of said agreement gives the right to the fast steamers of this Line to quote the highest rate of either Hapag to Hamburg, or Lloyd to Bremen, which is actually in existence at the time when the change in rate is made. In other words, when on January 22nd, the reduction was made by Hapag to $30.00, the Cunard Line wanted this same rate for Hamburg to apply for their steamers, Lucania, Campania, etc., as this $30.00 rate was the highest in actual existence for Hapag.

Steamer Deutschland for which an outward rate 5553
of $39.00 is quoted has been temporarily withdrawn from the Hamburg service, and will not enter this service again until March 16th. For all the other ships, the $30.00 rate was available.

Mr. Vernon H. Brown, after long discussions, was finally persuaded, in case the Continental Lines would all advance to $33.00 eastbound, to leave his outward rate unchanged (except for steamer Umbria, sailing on February 2nd, but for which departure, he agreed not to issue any official circular).

5554 *Petitioner's Exhibit 292*

It may easily be seen how the reduction to $30.00 for all of the New York steamers of the Cunard Line would have created a disturbance among the other of the British Lines, which would not have been settled easily.

However, as long as the Cunard's conception of clause 8 does exist, the recurrence of similar controversies is always apt to come up, and in our opinion, makes a change in clause 8 very desirable.

Although we understand the difficulties in changing this clause so as to satisfy all the members of the Pool Agreement, we believe that it can more easily
5555 be accomplished on this side of the water than in Europe. In many respects, the Lines here can judge better about the questions covering eastbound traffic than in Europe. In the second place, the Lines are able to meet here nearly at any time on very short notice to discuss the situation while in Europe it is frequently very difficult to hold meetings, and nearly impossible to come to a satisfactory solution of similar questions by correspondence.

In view of the above, we would respectfully recommend that the Pool Lines adopt a resolution by which the settlement of eastbound rates be left in future to the New York representatives of the lines, who be-
5556 fore coming to a final settlement, can always submit propositions by cable to their respective Home Offices as is done by the Mediterranean Lines.

We understand from the other lines that they will make the same recommendations to their European offices.

Respectfully yours,
HOLLAND-AMERICA LINE
A. G.,
General Agent.

Petitioner's Exhibit 293. 5557

N
No. 1104

March 8th, 1907.

Holland-America Line,
Rotterdam.

Gentlemen:

Referring to our private 1101, of the 4th inst., we now beg to inform you that all the Lines interested in the Mediterranean business are in favor of a separate collection of the $4.00 head-tax in addition to the ocean fare, except the Navagazione, La Veloce and the Lloyd Italiano, who prefer to have an ad- 5558
vance made in the prepaid and cash rates.

The British Lines received a cable today to the effect that they also propose an advance in rates for British and Scandinavian business, rather than a separate collection of the head-tax.

The representatives of the Lines here, however are opposed to this, and believe that the question has not fully been considered at this week's meeting in Liverpool.

We ourselves are strongly in favor of a separate collection for the following reasons:

1st: The legislators in Washington wish a discrimination made between and in favor of American 5559
citizens and aliens, and several of them have expressed themselves in favor of proposing a further advance in the head-tax in case the same should be included in a rate.

2nd. In case of a rate war all lines would lose an enormous amount of money in case said head-tax should be included in the rate.

3rd. Supposing an advance should be made of $4.00 in rates, it would still mean a loss of $2.00 on every child and infant.

5560 *Petitioner's Exhibit 293*

We will admit that the collection of a separate $4.00 for each alien passenger would cause considerable extra work, but, in our opinion, there is no serious objection to the adoption of this system.

We believe that if the matter is presented with all particulars to the British Lines, they will join the other Lines in the separate collection.

Of the Canadian Lines, information has been received that they are agreeable to the collection separately of $4.00 head-tax for every alien passenger with destination in the United States.

5561 So far no news has been received from any of the Continental Lines, but we presume that the matter has been taken up; and that we will receive your instructions as soon as an agreement has been reached.

The New Immigration Act has been fully discussed by the Special Committee appointed by the Lines, and a report will be issued either today or tomorrow, giving full particulars.

We will forward same to you immediately upon its receipt.

Respectfully yours,
HOLLAND-AMERICA LINE.
A. G.,
General Agent.

5562

Petitioner's Exhibit 294.

5563

No. 1196.
Private, N.

Sept. 20th, 1907.

Holland-America Line,
Rotterdam.

Gentlemen:

In our letter, private 1192, of September 13th, we called your attention to the eastbound third class situation. We now wish to do the same regarding the prepaid business, which on account of the two Russian Lines is in a most unsatisfactory condition.

5564

As after the Jewish holidays, the prepaid business usually is increasing, the complaints about lack of protection, especially from the eastside New York City agents, are growing in number. Said agents not only cannot do any steamship business, but their banking and money order business suffers to such an extent that they are well nigh desperate.

The North German Lloyd prepaid rate of $27.50 does not assist them. In the first place, this rate is off Bremen, and the Russian Volunteer Line has the same rate off Libau; further, the Lloyd never having catered for the Russian trade, is practically unknown on the east side for prepaid business, and even if they should be able to forward passengers from Libau via Bremen at the same figure it would remain difficult for them to obtain the business against the direct services of the Russian Lines.

5565

The Committee appointed under Minute 1032, New York Complaint Committee Meeting 148, has investigated the conditions on the east side in New York, and found the situation to be very serious. The port of Libau has grown so much in popularity that today it is more in demand than any other port in Europe for Russian prepaids. The protection afforded

5566 *Petitioner's Exhibit 294*

by the Russian Government to the Russian Lines, the low rates and good service, the peculiar position of the Cunard Line, which has practically promised immunity to some agents, who should be willing to book for the Volunteer Line, are all factors which if disregarded, would cause the most dangerous consequences.

All over the east side, new agents have been appointed by the Russian Lines; not being bound by Conference rules, they sell prepaids and outward for both Lines at any price between the official rate and
5567 the net rate, which is about three or four dollars lower. Agents like Kass, Kobre, Polowe, Mogilewsky & Werner, Markel Bros., Oppenheim, Barash and Kohan beg for protection. They see their business decrease day after day; their expenses are not covered any more by their earnings, and although in our opinion, they have thus far been loyal to the Pool Lines and have not sold for the Russian Lines directly or indirectly, our control may be lost under the continuation of the present conditions.

By one of the prominent agents, it was intimated that in case he had the agency of the two Russian Lines and in addition the Cunard Line, who, as stated above, would not cancel his agency for his bookings
5568 for the Russian Lines, he would be far better off than at present.

Although none of the other agents expressed himself clearly on this point, we believe that all of them hold the same opinion, but have not the courage to say so.

Something must be done, and this the sooner the better.

The solution of the problem may be found in the three following points, which we beg you to consider:

1st: The admission of the two Russian Lines to Pool and Conference;

Petitioner's Exhibit 294 5569

2nd: Permission to be given to the principal east side agents to book for the Russian Lines under certain conditions;

3rd: Competitive rates for Russian business off Libau.

At a meeting held yesterday, said points were fully discussed but no definite result obtained.

In regard to the first point, we learn from the Lloyd here that the Russian Lines place themselves in such an independent standpoint and make such demands that this cannot possibly be considered.

In regard to the second point, it was suggested that 5470
ten or twelve of the prominent east side agents should become agents of the Russian Lines, under condition that C. B. Richard & Co. take away their tickets from the outside agents now created by them, if not all, at least a great number would then be cancelled. These agents would be allowed if it was not possible to book passengers for any of the Pool Lines, to book for the Russian Lines at net rates, thus depriving the remaining outside agents of any revenue which they would otherwise make. The books of such agents would always be open for inspection by the Pool Lines, and whenever demand was upon them, they would return the agencies of the Russian Lines. 5571

The Lloyd advocated this measure. We, however, are not in favor of it for obvious reasons; first, the principle of admitting to agents our weakness in this fight is entirely wrong; second we place ourselves entirely at the mercy of the east side agents. It is evident that where they cannot sell for the Pool Lines at their present rates, they cannot do much better for them if they obtained the privilege of selling for the Russian Lines. Thirdly, it is very difficult, not to say impossible, to refuse other agents, as well in New York as outside (who learn of this concession

5572 *Petitioner's Exhibit 294*

made to a few) the same privilege. How can we, under the circumstances, punish agents outside of the selected few for selling Russian Volunteer tickets, if we allow this to others in New York.

The third point is undoubtedly costly, but in our opinion, the only solution at present. It is not necessary to quote for all our prepaid business a low rate, but this should be done for Russian business booked off Libau. The transportation from Libau to either Hamburg, Bremen, Rotterdam or Antwerp to be either by rail or by steamer. It would be sufficient that one or two Lines in this respect be made the
5573 fighting Line, and we would suggest that Rotterdam or Antwerp, or both, on account of their great popularity, be selected. The Pool Lines jointly should pay for the expenses thus incurred.

We respectfully beg you to consider the above carefully, and if an agreement can be reached by you, to inform us by cable as to what means should be adopted.

Respectfully,
HOLLAND-AMERICA LINE,
VAN DOON,
Act. Gen'l. Agent.

5574

Petitioner's Exhibit 295.

5575

Private N
No. 1228

Oct. 28th, 1907.

Holland-America Line,
Rotterdam.

Gentlemen:

We are in receipt of your cable "UREMO NAVRAGEN WE ROERLOOS DISADVISE PERMIT AGENTS BOOK RUSSIAN LINES," from which we note that you and Hapag are opposed to granting to some agents the privilege to book for the Russian Lines. 5576

We had hoped that by our cable of the 24th inst., the seriousness of the present situation would have become so apparent that the Pool lines would have been able to agree to a proposition of some kind, which to some extent, would have brought relief to our Russian agents.

The lines directly affected are we ourselves, Hapag and Red Star Line; Lloyd never having catered for Russian business can better than any other Line afford to continue in an indifferent attitude.

We have little doubt that very soon a break will occur in the ranks of our east side agents, and we 5577 are convinced that this will be followed by a general demoralization which it will be impossible to prevent.

We do not know how the outlook is for a renewal in December of the existing Pool contracts (but believe the same to be rather gloomy). If a continuation is very doubtful, we would suggest that our Company make a competitive rate at once for Russian prepaid business only.

Even if the Pool contracts should be renewed there will be a few prepaids only able to leave Rotterdam during the present pool year, the month of December

5578 *Petitioner's Exhibit 295*

only having two departures of passenger steamers from your side, and with the beginning of the new year we need not be afraid of too large numbers.

Our percentage of Russian business is so large that we, least, of all, can afford to lose our hold on this business. Moreover, we believe that under the present circumstances all lines interested in Russian business will reduce their Russian prepaid rates on the 15th of November, under the clause of the contract.

Respectfully,

HOLLAND-AMERICA LINE.

A. G.,

5579 General Agent.

N

We enclose copy of a communication from the Congressional Information Bureau under date of October 25th.

5580

Petitioner's Exhibit 296.

5581

N. Private.
No. 1237.

Nov. 15, 1907.

Holland-America Line,
Rotterdam.

Gentlemen:

Our present 11 Cabin Outw. rate being $37.00, and the 11 Cabin rate for Hapag and Red Star being fixed at $35.00 we are placed in a very unfavorable posititon for 2nd cabin business; especially since the Red Star Line during the winter season has again changed her sailing day to Wednesday.

5582

On account of the enormous rush of 3rd class eastbound passengers during the past two weeks, we have little doubt but that our plus in the Steerage Pool eastbound will before long be entirely annihilated, as the present differentials make it impossible for us to obtain business.

During the present week the Pool Lines have carried over 7500 3rd class passengers, of which number we had only 126; and the outlook is very dark as far as numbers are concerned for the subsequent sailings even for our Christmas steamers "New Amsterdam" and "Statendam."

We therefore suggest that our 3rd class E. B. rates be reduced to $25.00, which will enable us to quote a $35.00 E. B. 2nd cabin rate. The then remaining differential in 3rd class will be large enough, even by increasing our bookings slightly, to prevent excessive numbers, 3rd class being carried by us, and we would then be placed in a position to quote competitive 2nd cabin rates with Hapag and Red Star.

5583

In consequence of the above we cabled you today "RAAGBOL ZALFARICHE ENABLING RAADSZAAK ZAGREUS EASTBOUND POOL LINES THIS WEEK 7500 PROBABLY ANNIHILATING OUR PLUS SHORTLY BESIDES REMAIN-

5584 *Petitioner's Exhibit 297*

ING DIFFERENTIAL LITTLE DANGER OF EXCESSIVE NUMBERS," which we herewith beg to confirm.

Respectfully,
HOLLAND-AMERICAN LINE
A. G.,
Gen'l Agent.

5585 N Private
No. 1270.

Holland-America Line,
Rotterdam.

Gentlemen:

We will greatly thank you for informing us if your views about the Mediterranean and Oriental business have remain unchanged.

The reason for our asking this questiton is that we have received application of a Greek firm in this city (Rompape & Co.) who may be able to do quite some Greek and Syrian business for us if we should
5586 wish to appoint them.

In case Agreement L is continued, and even if the Pool contracts are renewed under the old conditions, it would undoubtedly not pay us to cater for this business, as with the high compensation rate, there would be hardly any margin for profit left.

We will thank you to inform us about this at your earliest convenience.

Respectfully,
HOLLAND-AMERICA LINE,
A. G.,
Gen'l. Agent.

N

Petitioner's Exhibit 298. 5587

N. Private
No. 1314.

Mar. 25, 1908.

Holland-America Line,
Rotterdam.

Gentlemen:

Mr. Gustave H. Schwab of the North German Lloyd, called on us yesterday, and informed us that the outward 3rd class rate of $26.00 for their regular steamers has been advanced, in accordance with cable instructions from their Home Office to $27.00. 5588 At the same time, he was instructed by his Home Office to compete with the Russian E. Asiatic Line and the Russian Volunteer Fleet, by quoting on the same or nearby sailing dates of such lines, the same rate as the two Russian lines do, for his steamers.

He wished to know if our Company was also inclined to quote competing rates for the steamers which left on the same dates as those of the Russian Lines, and asked us to send a cable regarding this matter. The Hamburg Line has received instructions to make a competitive rate for their regular steamer leaving on April 11th, on account of the sailing of s/s "Volturno" of the N. Y. and Continental Line. The Red 5589 Star Line, was without instructions whatever, and we in consequence cabled you last night, "SNIPPERBAK ROEPVOGEL VERZAKING MEET COMPETITION RONDSTUNEN RONDVOREN SAME OR NEARBY SAILING DATES ROERLOOS VERZAKING MEET RATES VOLTURNO NADRUKSEL SNIPVISCH."

We are pleased to note that at last steps are being taken to meet the Russian and New York and Continental Lines' competition. We do not think it necessary that all the Lines for all of their steamers re-

5590 *Petitioner's Exhibit 298*

duce their rates, and that it is sufficient for the present at least, for one or two of the Pool Lines meeting the rate on the same or nearby date of said Lines' sailings.

The arrangements as explained by Mr. Schwab will be as follows:

The rate on s/s "Estonia" April first to be met by s/s "Rhein" Ap. 2.

The rate on s/s Petersburg, April 8th, to be met by Ziethen Ap. 9.

The rate on s/s Volturno Ap. 11 to be met by Pre-
5591 toria Apr. 11th.

The rate on s/s Korea Apr. 15 to be met by Seidlitz April 16th.

The rate on s/s Kherson Apr. 22 to be met by Barbarosa April 23.

The rate on s/s Birrma Apr. 29 to be met by Luetzow Apr. 30th.

We enclose circulars of the Russian East Asiatic and the Russian Volunteer Fleet, indicating the sailings as given above. Please note that the Russian Volunteer Line, between April 22nd and June 3rd, has no sailing from New York. The Russian East Asiatic Co., apparently keeps up her regular schedule.

5592 Although our Company having better steamers, sailings on same dates, and same destinations, would make a more effective fight than the North German Lloyd against the two Russian Lines, we hope that the measures as taken will be sufficient. Already our plus eastbound with a nearly fortnightly service, thus far is increasing, and we would never suggest that our Line take a hand in this fight by reducing rates unless the Pool Lines compensate us amply.

Perhaps the suggestion may be considered by you that the Pool Lines (English lines included) through Mr. Peters, designate the competing eastbound

Petitioner's Exhibit 298

steamer. At the same time the reduction should not be announced too long beforehand, as the bulk of a steamer's eastbound business is booked within ten days prior to sailing, and an announcement of a low rate may cause a steamer to be overbooked at a moment when its effect should be most needed. 5593

Respectfully,
HOLLAND-AMERICA LINE,
V. D.,
Act. Gen'l. Agent.

P. S. We just received your cable of today "UREMICO NACHTWERK ROEPVOGEL ROERLOOS REDUCED BY MUTUAL AGREEMENT BECAUSE WAPENHELD WASHLYST WE SHALL NOT FOLLOW AT PRESENT." 5594

5595

5596 **Petitioner's Exhibit 299.**

Vds

No. 1320.

Apr. 3, 1908.

Holland-America Line,
Rotterdam.

Gentlemen:

We herewith beg to confirm our yesterday's cable reading "ROBYNZUUR DISCONTINUED ON ACCOUNT UNACCEPTABLE EASTBOUND
5597 RATE PROPOSITION ITALIAN LINES."

After a series of unsuccessful attempts, extending over several meetings, to agree on a schedule of Mediterranean E. B. rates, the Mediterranean Conference, during its yesterday's meeting came to an abrupt ending, following a proposal from the "Italian Lines" (Navigazione Generale Italiana, La Veloce, and L'Italia) represented by Hartfield Solari & Co. This proposition in substance proposed a reduction for the above named "Italian Lines" and at the same time an advance in the eastbound rates of nearly all the other Mediterranean Lines, with the ultimatum that in case of non-acceptance, the aforesaid "Italian
5598 Lines" would withdraw from the Conference.

Inasmuch as the proposition was not acceptable to the majority of the Mediterranean Lines, the result was the dissolution of the Mediterranean Conference, which was immediately followed by the Italian Lines announcing an eastbound 3rd class rate of $12.00, the Austro-Americana similarly reducing their rate, while the North German Lloyd reduced to $15.00.

The probability now arises that some agents will make use of the low Italian eastbound rate, and will try to book continental passengers at this low rate by way of Milan. However, in order to check any

Petitioner's Exhibit 299

attempt in this direction, the Continental Lines have at once issued a circular, cautioning agents that it will be a violation of Conference instructions to book 3rd class passengers destined to continental points by way of Genoa or Naples, and that only *bona fide* Italian or Oriental passengers may be booked to or via Italian ports. 5599

We beg to enclose copy of this circular (issue of May, 1905) herewith.

Respectfully,
HOLLAND-AMERICA LINE,
A. G.,
General Agent 5600

P. S. Upon due consideration of all the Lines, the above circular will not be reissued, but its provisions will be strongly enforced.

Copy of the minutes of the last meeting of the Mediterraneon Conference will also be found enclosed.

5601

5602 **Petitioner's Exhibit 300.**

Vds. 1326.

April 14, 1908.

Holland-America Line,
Rotterdam.

Gentlemen:

We beg to confirm our today's cable "SNIPPERBAK PRETORIA 400 OVERBOOKED WILL FORWARD SAME REQUEST ROERLOOS DOORNAPPEL AT REDUCED RATES VADEROOG ARRANGING COMPENSATION."

5603 With reference to the above, we beg to advise that S/S "Pretoria" of the Hamburg-American Line at the time of sailing today, appeared to have about 400 passengers in excess of her carrying capacity. These passengers were booked at the reduced rate of $23.00, and it was proposed to us by the Hamburg Line that we take these passengers on our S/S "Noordam," sailing tomorrow, the Compensation price to be fixed by the Pool Lines on your side.

In view of your favor #1016 of the 25th ult., and there being no time to first cable you for instructions, we thought it best to accept the Hamburg Line's proposition, and forward these passengers per our S/S "Noordam" tomorrow.

5604 By so doing, eventual additional expenses of board and lodging, would be saved to the Pool Lines, and as under the circumstances, we are undoubtedly entitled to compensation, we trust that you will have no difficulty in arranging for same in a satisfactory manner with the Pool Lines.

Respectfully,
HOLLAND-AMERICA LINE,
A. G.,
General Agent.

Petitioner's Exhibit 300

5605

Hapag absolutely refused to pay us our regular rate and said they would otherwise hold them over indefinitely until a steamer with the (not clear in copy-book), would sail pretending it were "pool passengers" for which the (not clear in copy-book), would share the expenses.

5606

5607

5608 **Petitioner's Exhibit 301.**

Vds. 1339.

April 27, 1908.

Holland-America Line,
Rotterdam.

Gentlemen:

We beg to acknowledge receipt of your cable of the 25th inst., reading "DAAGJIES (HET NAVOLGEND BERICHT BETREET S/S AMSTERDAM APRIL) CONSIDERING RAVEBEK (VERLAAG DEN 3RD KLARSE PRYS MET) ZABUCALE (ELEVEN DOLLARS) AGAINST AVOCA
5609 BIRMA (KOREA?) PROVIDED POOL COMPENSATES US EXCEPT DECISION TOMORROW KEEP TELEGRAMS ADVISING AGENTS IN READINESS."

Since up to the present time, we have failed to receive your decisive instructions in regard to above contemplated reduction, we must assume that the pool Lines have been unable to agree on an adequate compensation figure, which we greatly regret.

We cabled you tonight "KOREA WILL SAIL NABUUR AVOCA PROBABLY SAME DAY." S/S "Avoca" did not arrive here until last Saturday night, and is not expected to be ready to leave from
5610 here again until Saturday next May 2nd.

With reference to your favor #1027 of April 6th, we beg to advise that upon inspecting the passenger manifest of S/S "Avoca" it appears that only 4 steerage and no second class passengers arrived here on this steamer, the name of Jean Luca not being among them. We presume that this passenger must have been landed in Halifax, and are still making efforts to ascertain the exact particulars.

Yours respectfully,
HOLLAND-AMERICA LINE.
A. G.,
General Agent.

Vdst.

The Steamer stopped at Halifax for considerable time to effect repairs in the engine room.

Petitioner's Exhibit 302. 5611

Vds. 1340.

April 28, 1908.

Holland-America Line,
Rotterdam.

Gentlemen:

Pursuant to our cable and letter of yesterday, informing you that S/S "Avoca" will probably sail on May 2nd, we now beg to advise that the sailing of this steamer has been further postponed until Tuesday, May 5th, in consequence of which we cabled you today "AVOCA SAILING POSTPONED TILL NAGEDEUND (May 5th) ELFVOUD (Het navol- 5612
gende bericht betreft Ryndam mei) Vakgenoot (Wy geven u in overweging voor to stellen) COMPETITIVE RATE."

In view of next week's sailing schedule, viz:

"Kaiser Wilhelm der Grosse" May 5th, $37.00;
"Ryndam," May 6th;
"Kurfurst," May 7th, $31.00,

it would seem that our s/s "Ryndam" could offer an effective competition as against S/S "Avoca" ($23) in case a competitive outward 3rd class rate were allowed. We therefore cabled you as above, and sincerely hope that you will be able to make the necessary 5613
arrangements as regards compensation.

We are just in receipt of your cablegram "URETERES NAGELEDEN REDUCTION DAAGJIES AGAINST AVOCA BIRMA VALKACHTIG" from which we regret to note that the contemplated reduction and the corresponding compensation for S/S "New Amsterdam" April 29th, has not been agreed upon. We further beg to advise that S/S "Birma" aforementioned which is being built for the Russian East Asiatic S. S. Co., is not expected to be ready for service for some time.

Yours respectfully,
HOLLAND-AMERICA LINE,
A. G.,
Gen'l. Agent.

5614 **Petitioner's Exhibit 303.**

Vds.

No. 1344.

May 8, 1908.

Holland-America Line,
Rotterdam.

Gentlemen:

We beg to confirm our yesterday's cable, reading "URICO (Het navolgende betreft ons Schryven) 1334 (North Atlantic Conference) ROEIERAB ADOPTED RULE DISQUALIFYING AGENTS
5615 BOOKING CONTINENTAL PASSENGERS FOR ZOLKOETS (de Italiaanoche lynen).

On the 6th inst., a cable was received here by the Secretary of the Conference, from Mr. Peters, inquiring whether the North Atlantic Conference had the same rule as the Continental Conference, disqualifying agents who booked Continental passengers for Italian Lines. Up to that time, the North Atlantic Conference Lines had not joined the Continental Lines in this respect, and although they had been informally approached in the matter, nothing definite had as yet been accomplished.

Upon receipt of Mr. Peter's cable, however, nego-
5616 tiations were at once begun, with the result that both the British and Canadian Lines have now agreed as above, and we thought it advisable to inform you of this by cable. Circulars as issued by the Continental Conference Lines on April 20th, will now also be issued by the North Atlantic Lines within a short time, and co-operation is assured. The result of this co-operation will undoubtedly be most gratifying, in that it will help considerably in holding agents in control, and more effectively check their activity in booking Continentals for Italian Lines. According to

Petitioner's Exhibit 303

5617

estimates here, the Italian Lines have been carrying from 1000 to 1500 Continentals a week during the last month, but we sincerely hope that the firm stand now taken jointly by the North Atlantic and Continental Lines, will help to greatly reduce these numbers, in the future.

Yours respectfully,
HOLLAND-AMERICA LINE,
A. G.,
General Agent.

Vdst.

5618

5619

5620 **Petitioner's Exhibit 304.**

N

No. 1352. May 28, 1908.

Holland-America Line,
Rotterdam.

Gentlemen:

On May 25th, the following cables were received from Mr. Peters in London.

1. "Referring your last cable Atlantic Conference Lines are unanimously agreed that under present con-
5621 ditions, it is highly essential that the Conference regulations should be strictly enforced against agents and request New York Conference act accordingly, and in case of doubt refer same to arbitration."

2. "Meeting resolved opposition steamers to be put on berth against steamers Russian Volunteer, East Asiatic, N. Y. Continental, for east Asiatic (this word undoubtedly means *eastbound*) business at the same or lower rate than these outsiders. Further extent of measure subject to unanimous decision of Atlantic Conference. Opposition steamer is appointed by vote by majority of members of North Atlantic and Continental Conferences in New York. Canpac to be con-
5622 sidered to enable them to vote. Chairman shall have a casting vote in the event of votes being divided equally. In their decision members shall be guided by considering which steamer is best suitable for being most efficiently opposed. Regarding date of sailing, preference by steeragers capacity. Terms being merely equal, steamers sailing direct for continent of such party that is short or most short shall be appointed. If a British steamer is selected, it must be subject to consent of Line concerned. New York conference to be at Liberty appoint small committee to carry out this clause. If for such opposition steamer, more pas-

sengers are booked than she can carry, excess to be transferred to other suitable conference steamer. Further by letter."

Immediately upon receipt of the second cable, a meeting was held by the general managers and passenger agents of the different lines, and the last cable was taken up first. As this cable is very explicit, only little discussion took place, the main point being to appoint a small committee for the selection of the competitive steamers. This committee consists for the present of three members: Mr. Winter of the North German Lloyd, Mr. Farley of the I. M. M. Co. and 5624
our Mr. Nyland. The passenger managers will serve in rotation.

Subsequently, the first cable was taken up and the apparently interminable question of Zotti's disqualification laid before the Lines. As was expected, the Cunard Line objected to the disqualification, although the reason as stated in our previous letter #1351 of May 22nd, did not hold good any more, since a competitive rate has been made to agents against the sailings of the outside lines. The Cunard Line now claims that on Feb. 17th, they had withdrawn from Conference, as far as the regulations are concerned, relative to sub-agents, and notwithstanding a very strong 5625
discussion took place, in which all the other members participated, no headway could be made, the Cunard Line maintaining their position, not wishing to be convinced in any way. It was agreed that a cable be sent to Mr. Peters, making him acquainted with the situation. We as a result, cabled you on the same evening as follows: "ROOKENBONT OBJECTS CARRYING OUT CONFERENCE RULES GOVERNING AGENTS CLAIMING NOT BEING PARTY TO SAME BY THEIR WITHDRAWAL LETTER NABALAFFEN. PETERS FULLY CABLED," which we hereby beg to confirm.

5626 *Petitioner's Exhibit 304*

After the meeting was over, the small committee appointed under the first cable referred to, met and submitted a report, as per enclosed copy, which has been accepted by the Lines.

In consequence, we have at once notified all our agents that for the sailing of S/S "New Amsterdam" June 3rd, a $24.00 third class outward rate will be effective, and although the time is rather short, we expect considerable business for said departure.

We in consequence, cabled to you this morning, "SNYVELD PETERS CABLE NAGEMEND FANATIEK SELECTED RADYSZAAD ZAFANDO
5627 AGAINST PETERSBURG," which we hereby beg to confirm.

Respectfully,
HOLLAND-AMERICA LINE,
A. G.,
General Agent.

5628

Petitioner's Exhibit 305.

5629

No. 264
Dict. R. Private.

Feb. 10.1899.

Holland-America Line,
Rotterdam.

Gentlemen:

Your letter Private ₰153 of Jan. 25th had our best attention.

The statistics tell us that in 1897 our total number of prepaid bookings was

4892 of which

5630

4154 (or 85.7%) were of Russian and Austro Hungarian, origin.

In 1898 the total number was

7372, of which

6376 (or 86.5%) were of Russian and Austro Hungarian origin.

We may say with a great deal of positiveness that if a reduced price is accepted applying to over 85% of a certain business, that this price will practically be the basis on which the entire business is transacted, and a price either higher or lower, covering only 15% of the business will have very little effect on the business as a whole.

5631

In other words if we should adopt for our Austro Hungarian business the same high rate quoted at present at for Russians, this rate would regulate our proposition in the Pool, and though the passengers who arrived in New York may appreciate the fact that no expense for lodging and board were to be paid in Rotterdam, which fact as we know from agents is actually appreciated, this fact at the same time will be and is overlooked by the purchaser when buying the ticket.

5632 *Petitioner's Exhibit 305*

And when a certain price regulates the business, we may expect that after a lapse of time, we will not consider any more what expenses are to be paid out of the money received, but that we will fix our prices just as our interests warrant it. As an example we might say that in case the War Tax on Eastbound tickets was abolished, it is very likely that the present steerage rate of $27.00 would be continued, and the same might be said if the head tax on Westbound Passengers was done away with.

The consequence of all this would be that prepaid
5633 passengers were furnished free board and lodging in Rotterdam.

Another reason why we do not feel like endorsing your proposition, is that we consider the Jewish-Russian element a very undesirable one; if ever we have trouble with passengers it is with Russian Jews and therefore a kind of discriminating rate for these people seems quite appropriate and suiting the purpose. The same cannot be said of the Galician and Hungarian Jew, with whom very little friction is encountered, and against whom besides his habit of not paying his hotel bill in Rotterdam, little can be said.

For the above reasons we would recommend to
5634 continue our system of a special Russian price, but not to adopt it for our Austro-Hungarian trade.

Try to collect from those people the hotel charges in Leipsig and Rotterdam, as far as possible and if they are unable to pay, we would advise to keep their baggage, send it by the following steamer as "Luggage left behind" and we will do our best to cash the unpaid bills.

Respectfully,

Petitioner's Exhibit 306.

5635

Dict. R.
No. 285

March 31, 1899.

Holland-America Line.
Rotterdam.

Gentlemen:

Paragraph 4 of the Agreement of February 24th for Eastbound steerage business, entered upon with Hapag and French Line, has been the subject of discussion here, the result of which has been that the French Line has given us a differential of $3.00 to 5636
Marseilles, special Italian points and the Orient and to Red Star $2.00 differential to Italian points and $3.00 to Marseilles and the Orient.

The French Line's rates to Italian points have been based on the direct N. G. Lloyds rate plus $1.00, according to an agreement between those two lines. The Orient rates of the French Line are based on the price to Marseilles. Same rates have been adopted for Genoa and Marseilles, following Fabre Line.

The French Line receiving a commission of $2.00 from the Massageries Maritimes, wished to give $1.00 to its agents here on Oriental business—in this we followed.

5637

To points in Alsace-Lorraine and Switzerland, we have taken our lowest (often Rhine boat) through rate; by quoting to the several points in France, to which the French Line gives prices, we have gone beyond the number of places of our European tariff, as many of them are not mentioned therein. As we are to propose a new tariff to you very shortly, we have not hesitated to quote prices, as stated above.

The Italian rates of the direct lines having been brought back to an adequate basis, we may hope to re-enter the field of Eastbound North-Italian business.

5638 *Petitioner's Exhibit 306*

If this proves to be correct it might help us along in the Eastbound Pool, as with the Hamburg Express and Lloyds Barbarossa steamers taking up their respective services in the near future, we might have some difficulty to secure our share, unless, the other lines assume the old differentials.

We beg to acknowledge the receipt of your cable of the 30th inst. reading as follows:

"AGREED WITH ALL CONTINENTAL AND MEDITERRANEAN LINES ADMIT NAVIGASIONE PRINCE LINE MEDITERRANEAN CONFRENCE REINSTATING THEIR DIS-

5639 QUALIFIED AGENTS."

Respectfully,

Initials undecipherable.

5640

Petitioner's Exhibit 307.

5641

No. 284
Dict. R. Private.

March 31, 1899.

Holland-America Line,
Rotterdam.

Gentlemen:

We beg to confirm the receipt of your favor, private #169, and have gone over the entire field again. We find that in principal, no material changes, in our opinion, have occurred since our letter No. 191 of May 27th, 1898, on this subject.

5642

The first class differentials as agreed upon last year, were entirely satisfactory to us, as far as the Continental Lines were concerned. The only changes, which in our mind would be advisable and according to the facts seem justifiable are a $5.00 higher rate both Summer and Winter for the Atlantic Transport, bringing them to $70.00 Summer and $55.00 in Winter and for S. S. "CANADA," "NEW ENGLAND" and "CYMRIC" equal rates with "ROTTERDAM," and "STATENDAM" both Winter and Summer. The "Winter Rate" of "BRITANNIC" and "GERMANIC" should furthermore be raised $5.00.

5643

Our second class rates (so-called saloon) have given satisfaction; we might suggest, however, to ask for a $2.50 differential against the Cunard, Boston Price for the same class of steamers and accommodations, which will protect our Boston business.

With regard to our second class on steamers "ROTTERDAM" and "STATENDAM," we have to propose another policy; 1898 has shown that,

Westbound s/s "Rotterdam" on 10 trips carried 575 passengers.

Westbound s/s "Statendam" on 4 trips carried 286 passengers.

5644 *Petitioner's Exhibit 307*

Westbound s/s "Pennsylvania" on 7 trips carried 548 passengers.

Westbound s/s "Pretoria" on 8 trips carried 570 passengers.

Westbound s/s "Bremen" on 6 trips carried 449 passengers.

Westbound s/s "F. der Grosse" on 5 trips carried 360 passengers.

Westbound s/s "Friesland" on 9 trips carried 441 passengers.

Westbound s/s "Westernland" on 10 trips carried 583 passengers.

5645 And Eastbound s/s "Rotterdam" on 10 trips carried 352 passengers.

Eastbound s/s "Statendam" on 4 trips carried 62 passengers.

Eastbound s/s "Pennsylvania" on 7 trips carried 512 passengers.

Eastbound s/s "Pretoria" on 8 trips carried 539 passengers.

Eastbound s/s "Bremen" on 6 trips carried 401 passengers.

Eastbound s/s "F. der Grosse" on 5 trips carried 384 passengers.

Eastbound s/s "Friesland" on 9 trips carried 439

5646 passengers.

Eastbound s/s "Westernland" on 10 trips carried 472 passengers.

From these figures we may conclude that the differential of $2.50 enjoyed against the Hapag's. "Pennsylvania" and Lloyd's "Barbarossa" class is not sufficient to protect our German second cabin business and it is also proven that the differential of $2.50 for S. S. "Friesland" and $5.00 for "Noordland" and "Westernland" allowed to Red Star, is too much (especially Eastbound.)

The agent's question we still consider pretty much in the same light as before. Essential, before everything else is, that if we have to make provisions on this point, that the French Line should join for both first and second cabin business. We would prefer no restrictions at all with regard to cabin agents; on the contrary, in our opinion it would seem advisable to strengthen our position on this point by trying to interest the slow British Lines in our views on this subject, taking as an example the way in which they carried through their wishes on the question of reduction on round trips. 5647

In the grade of desirability of the different city agents, we have not to report any changes since our letter #191 of May 27th, 1898, which you may take as a guide in case developments in an eventual debate should warrant making restrictions some way or another. 5648

You ask our reply on the question, whether we prefer no agreement with agents, to an agreement without agents, and we do not hesitate to say that where a proper basis of rates has been found every agreement will be welcome to us.

We want to impress on your mind that with us, rates are the chief thing and that the other questions, although of quite some importance must be considered details, as compared with prices. 5649

The 5% reduction on our combined outward and return trip, we should like to see changed into a rebate of 10% on the return portion. It facilitates our administration and control and besides is more logical.

The fixing of seasons is a question which, especially next year, deserves a great deal of attention; the most reasonable way of fixing our rates, should be to take the highest Eastbound "Summer Rate" as a basis, for instance for "ROTTERDAM" and "STATENDAM" $75.00 minimum, from June 1st to August 1st

5650 *Petitioner's Exhibit 307*

Now in order to prevent (as far as possible) during those weeks a rush, which we would not be able to accommodate, the lines should hold out some inducements to the traveling public for going earlier, which inducement of course, should consist of a somewhat lower rate. We would therefore propose to adopt for next year, our present system of three seasons and by doing so divide the traffic as much as possible over a longer period.

According to this idea the Eastbound season might, for instance, be from Jan. 1st to April 1st, from April 1st to June 1st and from June 1st till August 1st.

5651 We note what you say concerning agreements in general. A Pool might be difficult to establish; perhaps an agreement, however without a clause providing for fourteen days' notice, but instead thereof made for a year, might possibly be reached.

Respectfully,

HOLLAND-AMERICA LINE.

5652

Petitioner's Exhibit 308.

5653

Dict. R. Private.

No. 318 Oct. 3rd, 1899.

Holland-America Line,
Rotterdam.

Gentlemen:

Contents of your private letter #198, were noted with a great deal of interest.

On receipt of your cable of Sept. 22nd, we had the necessary circulars printed and sent to our agents, with the result that Galician prepaids, including board and lodging expenses, are now coming in. We hope 5654
that the step taken will prove effective in every respect.

With regard to your remarks concerning Eastbound traffic in general and our position in the Pool, covering that particular part of the traffic, we feel uncertain as to whether our observations on this subject have been understood by you in the way we intended you should comprehend them. It has always been our most decided opinion that our acceptance of the, to some extent, onerous conditions under which we were forced to renew the Eastbound arrangements, was the wisest thing we could do at that time. However, we should not like to indorse your views with 5655
regard to the future. We do not want to advocate the principle of "Peace at any price" and to say that measures taken merely to protect our interests "may tend to disrupt harmony," as for instance, an equitable reduction (equitable in comparison with the constant reduction made by our competitors) in our European inland tariff, is, we think, showing ourselves too much inclined to follow the wishes of others.

On different occasions, we have already stated that reduction of inland rates in itself is not our object, but only the way to reach it.

5656 *Petitioner's Exhibit 308*

In case Red Star were willing to put up the inland rates, we certainly would not object to do likewise.

And to say that our share in the Eastbound Pool is too large means overlooking the fact that in former years we have constantly enjoyed a differential rate and that as a consequence thereof, our percentage of the total businses showed to be more than 16%. It has never been said that in a Pooling arrangement, differentials should cease to exist; we have always had them and we still need them in order to carry the share allotted to us. And if under certain circumstances we have agreed in the general interest of all concerned
5657 to temporarily waive our claim on a differential the unavoidable result of such a measure should not be explained to our detriment. We are most decidedly of the opinion that with the proper differentials we ought to be able to carry our share of the business.

Today Lloyd (Balto. service) advanced its Eastbound steerage rate to $30.00; this advance will have its good effect in checking Continental business going via English ports.

Respectfully,
HOLLAND-AMERICA LINE,
A. N.,
Asst Gen'l Agent.

5658

Petitioner's Exhibit 309.

5659

Dict. N. Private.

No. 329 Nov. 3rd, 1899.

Holland-America Line,
Rotterdam.

Gentlemen:

We wish to call your attention to the stand which we have taken with regard to the disqualification by the North Atlantic Passenger Conference, of Capt. R. M. Melville at Toronto, Ont., the General Cabin Agent of our Line for the Province Ontario.

Minute 1106 adopted at the Meeting of October 5660
14th, 1897, provides that any agent or sub-agent disqualified by one Conference for violation of a rule common to all three Conferences, shall be disqualified by the others.

Capt. Melville was disqualified on June 1st of this year for an alleged cutting of rates, by the N. A. P. C., and similar action was requested from the other Conferences. We did not wish to miss Capt. Melville's services as agent and not being able to withdraw from Minute 1106, we consented to the disqualification, but for steerage business only. (Minute 1234 adopted Jan. 26th, 1899, providing that all rules and regulations of Conference be applied also to first and second 5661
cabin business, having in the meantime been rescinded by Minute 1237 adopted March 30th, 1899.)

Mr. Melville is the General Agent of the Atlantic Transport Line for Canada and at the same time our General Agent for cabin business for the Province of Ontario.

It is with great regret and spite that the Canadian Lines saw business go from this territory via New York and in order to punish Mr. Melville, they finally succeeded in making a case against him, which, however, was only proved by circumstantial evidence, and

5662 which was as strongly contradicted by Mr. Melville as it was brought forward by the complaining Lines. We considered it to be a patched up case, but no matter if it is true or not, the N. A. P. C. found him guilty and disqualified him.

As Mr. Melville has done a very satisfactory business for us and it would be a very difficult matter to replace him, we were not agreeable to a disqualification for all classes of business, although Hapag used all possible efforts to induce us to join the action of the other Lines.

5663 This opposition of Hapag against Mr. Melville is explained by the following:

Capt. Melville was Hapag's agent for several years and gave that Company quite some steerage business, first for the Hansa Line and afterwards for the Regular and Union Line steamers.

A lawsuit against Hapag, by one of his passengers on account of the loss of some baggage, resulted in a sharp controversy between Mr. Melville and Hapag. In this suit Mr. Melville sided more with the passenger than with the Company, which finally brought about the withdrawal of his agency.

The steerage business controlled by him is now largely given to us.

5664 Mr. Boas represented to us that our non-co-operation in this matter would perhaps endanger a possible Cabin Agreement between the English and Continental Lines. We do not share this opinion at all, which we believe is inspired by personal sentiment against Mr. Melville.

Moreover the Canadian Lines have always been very reluctant to join in any action which the Continental Lines proposed and so far we do not see any necessity for going further than what the Conference agreements compel us to do.

Petitioner's Exhibit 309

5665

In case it would be desirable, for the sake of harmony, to give up Melville as agent, we naturally will give in, but as stated before it would be a very difficult matter to find a suitable substitute.

As there is a possibility that the above matter may be brought up on your side, we wish to make you acquainted with the facts of the case.

Respectfully,

T. W. M.

Memo:—Mr. Boas stated his intention of referring the matter to his Company in Hamburg to be taken up with you direct.

5666

Our standpoint is, that inasmuch as Conference controls steerage business exclusively, a disqualification, according to Conference rules, should, or rather does merely apply to that particular business.

Therefore our position in upholding Melville as cabin agent is entirely unattachable, which even Mr. Boas is obliged to acknowledge.

Another argument brought forward by Mr. Boas was that Melville not being a Conference agent any longer, will be forced to book all his steerage business via the Beaver Line, and by doing so become a very undesirable element. (This argument of Mr. Boas' may perhaps be of particular use to you.)

5667

This shows how very unfortunate it was to disqualify Melville. Melville from January 1st, until the present date has given us $6,000 worth of business, part of which was steerage prepaid. It was the jealousy of the Canadian Lines, Allan and Dominion, who, for a long time strongly resented Melville's endeavors to draw as much business as possible by way of New York, which made them look for means that would annihilate him. As long as Melville's continental prepaid business went via our Line; it reverted entirely to the benefit of the

5668 *Petitioner's Exhibit 309*

Pool (whether this would have been the case as fully, if the Allan or Dominion Lines had obtained these Passengers, might still have been questionable but now that Meville is limited to the Beaver Line, the Pool is certain to lose all of this business). Yet we know that the very reason why the Beaver Line systematically refuses to enter the N. A. P. C. is the hope to obtain a large proportion of the Continental traffic and the only way of obtaining this, is according to the Beaver Line's ideas, to remain freehanded.

In connection with this we may cite the curious fact
5669 that according to a letter from the Dominion Line to Mr. Sandford, copy of which you will find enclosed, the Canadian Lines seem not to have made up their minds as to the desirability of prohibiting their own Canadian agents from booking for a con-Conference Line (one of the standard rules of all conferences).

We repeat that the action taken against Melville has been a rash and unfortunate one, although we naturally are bound to make N. A. P. C's. action effective as far as his disqualifications for steerage business is concerned.

Dict. R. T. W. N.

5670

Petitioner's Exhibit 310.

5671

Dict. N. Private. 420

Nov. 20th, 1900.

Holland-America Line,
Rotterdam.

Gentlemen:

We have received your esteemed favor of November 6th, Private #148, also Minutes of Meeting held in Cologne and have persued the contents with much interest.

The rates in general as adopted for next year are very satisfactory all around and we feel confident 5672
that as far as our position in regard to the steerage rates is concerned we will obtain a good share of next year's business.

The second cabin rates, Eastbound and Westbound, are also again on a paying basis for all the lines but we mention again Red Star's second cabin minimum Eastbound rate for steamers "VADERLAND" and "ZEELAND," which we should have wished to see placed at the same level with the Barbarossa steamer rates, namely $44.00, instead of $42.00.

We acted upon your remarks regarding French & Red Star rates to Italy and the Orient, but both Lines declined to make any further changes in said rates. 5673
The French Lines did not wish to change their rate to Marseilles even, if it was only for said port, as they considered said rate sufficiently high, the Fabre Line quoting a $24.00 rate to said point. Besides as the business to Marseilles only is very light, they do not wish to issue a new circular only on that account. Red Star has advanced their Marseilles rate to $30.00 leaving the Genoa rate of $29.00 unchanged.

As our rate to Boulogne is $28.00, we adopted a $29.00 rate to both Marseilles and Genoa which although far from satisfactory taking into considera-

5674 *Petitioner's Exhibit 310*

tion the rate of $29.70 to Paris, is better than to leave it at $28.00 as heretofore. In consequence, we have today the same rate to Genoa as Red Star, although the differential of $1.00 to other Italian points has been maintained. On account of the $30.00 rate to Genoa by the N. G. Lloyd, Red Star did not want to advance this rate the same as Marseilles. As you will have seen already, our rate to Naples has now been adopted at $41.00.

About the advance made by the Messageries Maritimes, nothing was known by either French or Red Star Line; as soon as they receive this information,
5675 the matter will be taken up again.

We have noted with satisfaction that the compensation price for 1901 has been fixed at Mk. 100.00 Westbound and Mk. 80.00 Eastbound, which will undoubtedly influence the "plus" lines to advance their rates this coming year sooner than has been the case in the past.

Respectfully,
HOLLAND-AMERICA LINE,
T. W. M.,
N. Gen'l Agent.

Gentlemen:

Dominion Line.

We beg to enclose circular issued by the Mediterranean Conference, dated November 9th and showing the action taken against the Dominion Line at a recent meeting.

5678

Meantime this Line is obtaining an enormous advertisement out of this boycott throughout the country. Different rumors are in circulation as to possible action against the Conference for conspiracy. In some way or other the Dominion Line has obtained possession of a circular addressed by Mr. Lawson Sandford to the General Managers of the Mediterranean Lines and giving indication of a conspiracy; sooner or later in our opinion, very unpleasant consequences may follow.

In accordance with information received from you on the subject (Private #220, of Sept. 24th), we have abstained from voting on different matters pertaining to said line. Up to today none of the lines seem to have the information that Mr. Peters was instructed to notify the Dominion Line that the Continental Lines did not object to their direct service from the Mediterranean.

5679

You will see by enclosed circular that our name does not appear among the different signatures.

We will thank you for giving us your further views on this matter and remain,

Yours respectfully,
HOLLAND-AMERICA LINE,
T. W. M.,
Gen'l Agent.

5680 **Petitioner's Exhibit 312.**

Dict. N. Private.
No. 555.

Dec. 27th, 1901.

Holland-America Line,
Rotterdam,

Gentlemen:

Re Advertising for 1902.

In reply to your favor Private No. 241 in regard to advertising, we beg to say that we named the Chicago "Arbeiter-Zeitung" in our list, on account of the recommendation of our Chicago office. It has
5681 a very large circulation and is undoubtedly of strong socialistic tendencies although not anarchistic.

The advertising manager of this paper made a trip on our line this year and was greatly pleased with our service. The object of our advertising in said paper is only for the development of our German steerage business in Chicago; we would also be given occasional editorial notice of some value, if we do so. By control box of steamer "Statendam" we will forward to you a few copies of this paper for your perusal. For the present we will refrain from placing a contract and await your further views on the subject.

Although it may have been decided at the time by
5682 conference not to advertise in the "Arbeiter-Zeitung" the subsequent rules and regulations in regard to advertising have done away with this prohibition the lines now only being required to give notice to each of the other Members before placing an "Ad" in any non-English newspaper.

Last year's amount of $149.76 for advertising in the Kansas City Star, was due to an error of our Advertising Agents, who discovered same too late to rectify it and paid for same. We think the amount of $306.55 exceedingly high, although the Sunday edition of the paper is included, which was not the case last year. We will correspond with Mr. Bain.

Petitioner's Exhibit 312

St. Louis in regard to this proposed advertisement and may conclude to advertise not more than four times a week including Sunday, which would materially reduce the expense. 5683

In the Guide of the Hotel America the advertisement of all the lines appear; also in the "Deutsche in America" (calendar) for which reasons we think it advisable to renew our contract of this year.

In regard to the Tobacco Journal, we hope to be able to obtain some passengers through the medium of an "Ad" in this paper.

Although Mr. Laverge may take care of the interests of the Tobacco Trust, yet there will be a number of individual buyers of tobacco at the Public Inscriptions to be held in Amsterdam. 5684

We have renewed our advertisement in "De Potter's Guide," as Mr. De Potter will have a few tours over our Line in a desirable season and his parties as a rule consist of exceptionally high class people.

In regard to placing advertisements in exchange for passage, we note that you consider yourself not to be free West bound which, if the proposals regarding the Cabin Agreement are accepted, will also be extended to East bound business.

We do not quite understand this position, as the actual value of the passage applies to the payment of the advertisement and there is no question about a reduced rate or free passage, or any other courtesy. 5685

We should like to have your full views on this, as you know we have always been strongly in favor of placing contracts in exchange for passage, whenever the latter was taken out in the off season, especially in some cases of the medical papers and others, circulating among the professional class, which may do us a great deal of good.

Yours respectfully,
HOLLAND-AMERICA LINE.
F. W. M.,
Gen'l Agent.

5688

Petitioner's Exhibit 314.

5689

Dict. N.

Jan. 24, 1905.

No. 850

Holland-America Line,
Rotterdam.

Gentlemen:

We beg to enclose herewith memo. of the Railroad Committee, under date of Jan. 17th, recommending the adoption of a supplementary agreement with the Western Passenger Association and Southern Pacific Company, to the effect of placing Mr. Peter McDonnell on the same level as the Steamship Lines under certain conditions as named in said memo. 5690

As this recommendation is entirely at variance with the contents of a memo. sent out by the Railroad Committee under date of Jan. 10th (copy enclosed) and referring to a letter sent by said Committee to the Joint Routing Committee under date of Dec. 13th, 1904, we asked Mr. Boas the Chairman of the Railroad Committee, for information as to why he recommended the acceptance of a proposition to which previously, he was always strongly opposed.

Mr. Boas stated to us that the non-acceptance of this proposition would mean the breaking up of the Western Passenger Association. The Union Pacific Railroad had given definite notice that unless Mr. Peter McDonnell would be accepted as a party to the Railroad Agreement between the Western Traffic Association and the Steamship Lines, they would withdraw their membership from the Western Traffic Association, which would be followed promptly by two or three other members. When the question was asked if the Western Traffic Association did not fear a successor to Mr. Peter McDonnell who would continue 5691

5692 *Petitioner's Exhibit 314*

the fight against them along the same lines as Mr. McDonnell had followed so successfully, Mr. McLeod the chairman of the Western Passenger Association stated that this was an utter impossibility.

Mr. Boas thought that the non-acceptance and a subsequent break up of the Western Passenger Association would lead to utter demoralization as in addition to the various commissions which would in that event be paid by the Western Railroads to some Lines, the field of Mr. McDonnell's operations, which is clearly defined in the supplementary agreement, would
5693 undoubtedly be extended in Europe to territories which are beyond the control of the Steamship Lines.

We are opposed to demoralization and in consequence have indorsed the recommendation of the Railroad Committee. On the other hand we are afraid that although this supplementary agreement guarantees us certain privileges for the five following years that after the expiration of said period and as soon as the Western Passenger Association and Southern Pacific Company fully control the situation, they will withdraw all privileges from the Steamship Lines and take the same position which the Immigrant Clearing House to-day assumes toward the Steamship Lines.

5694 However five years is a long time and taking into consideration the various interests of the different members of the Western Passenger Association, which, in many cases lie in opposite directions it will be no easy matter to maintain said Association as a harmonious unit.

Yours respectfully,
HOLLAND-AMERICA LINE.
T. W. M.
Gen'l Agent.

Petitioner's Exhibits 315 to 333.

5695

Regulations and agreements of the various British lines, including the Cunard, relating to several kinds and classes of passenger business, marked for identification.

Petitioner's Exhibit 334.

Liverpool 7th March, 1908.

Per s. s. "Lusitania."

Special. 5696

Passenger Department,
White Star Line,
9, Broadway,
New York.

Dear Sirs,

General Pool.

We are in receipt of your favour of the 25th ulto., with reference to the above, for which we thank you.

You are correct in your assumption that our instructions in connection with the exclusion from your East-bound cable numbers of deported passengers applies equally to charity rate tickets, and we will leave you to be guided accordingly. 5697

We observe that it is your intention to adhere to the rates under Agreement L for the Channel Service, which is quite in order, as should it be required to alter your rates for pool adjustments, the necessary changes can be made in the rates for other business.

With reference to Mr. Ismay's letter from you dated 21st ulto., wherein mention is made of the agreements for British and Scandinavian business, we would inform you that owing to there still being one or two points open for discussion, the agreements are not as yet signed.

5698 *Petitioner's Exhibit 334*

We, however, enclose herewith proof copies of same as they now stand, from which you will observe that, so far as British business is concerned, all reference to Eastbound business has been deleted therefrom. This in view of the parties subscribing thereto being parties also to the General Pool and therefore at liberty to quote rates that are necessary for the adjustment of the pool allotments.

In connection with the Scandinavian and Finnish agreements, it was decided that the reference to Eastbound rates should be allowed to remain in order that
5699 a check might be kept on the rates of the Scandinavian American Line who are parties thereto.

The question of Second Class Scandinavian rates for the British Lines and the Scandinavian American Line has been brought up for consideration, but up to the time of writing nothing definite has been settled. The proposal before Conference is that gross rates be quoted off the various Scandinavian ports. No doubt, however, we will be in a position to write you further on this matter by next mail.

Yours faithfully,
For ISMAY, IMRIE & CO.

Third Class.

Passenger Department,
White Star Line,
9, Broadway,
New York.

Dear Sirs,

Your favor of the 13th instant to hand, contents noted.

(*J. Potts & Son.* The package containing list of 5702
hotels &c., has been duly received, for which thanks.)

Libau E. B. Rate. We have to advise that $5.35 does not at all cover the fare by direct steamer from either Hull or London, the through fares from Liverpool being £ 2.11.0 and £ 2.18.6 respectively. Moreover, in view of the uncertain departures of these steamers from London and Hull, we consider that you should confine bookings to Libau and Riga via Hamburg, the rates—according to European Railroad Tariff issued by the Hamburg American Line—fourth class, being $7.40 and $7.60 respectively.

* * * * * *

Russian East Asiatic Co. Referring to the remarks 5703
in your letter of the 13th instant to Southampton, we observe with interest that the agency of this Line is in the hands of Messrs. A. E. Johnson & Co., and we hope that joint action will be found possible on the part of all the Conference Lines to withdraw the representation from this firm so long as they act for the Russian Line. Please keep us posted as to any developments.

Prepaid Steerage figures. From your cable of the 23rd instant we note the figures for last week were 114 British, 42 Italians, 40 Scandinavians and 26 Contin-

5704 *Petitioner's Exhibit 335*

entals as against 220 British, 358 Italians, 118 Scandinavians and 61 Continentals for the corresponding period last year.

S. H. O.—3—1183, issued in favor of Mr. Ole Johnson from Seattle through to Christianssand, sent you with our letter of the 21st instant. You will observe that we show the rate from Seattle to New York as £16.7.0, but on referring to supplement No. 8 to General Tariff No. 50, we find there is a mixed class rate of £13.10.10. If you can arrange for the passenger to travel at the latter rate, will you please
5705 do so and advise us in due course. Our agent, Mr. H. Von Riegen, through whom the booking was made, has raised the question as to the high rate charged, and if any less rate is obtainable, please secure it in the passenger's favor.

s. s. "Baltic" arrived and landed her passengers at nine o'clock last evening, and the through booked passengers are all travelling to their respective destinations today.

Advice of forwarding orders (Westbound). Referring to your letter of 14th February last, we beg to advise issue of forwarding orders.

Yours faithfully,

For ISMAY, IMRIE & CO.

New York.

Dear Sirs,

Eastbound Pool.

We thank you for your cable intimation of the 13th instant advising that the Hamburg American Line have advanced their Eastbound rate for the 'Amerika' and 'Kaiserin Auguste Victoria' to $34, for which information we are obliged. 5708

In this connection you will have received our cable of the 12th inst., reading as follows:

"International Mercantile Marine Co., percentage "Eastbound Pool 25.83 exclusive Red Star; watch "position; cable when rate alterations appear desir- "able."

The above percentual share of the Eastbound traffic of the Lines party to the Eastbound pool is still subject to slight correction. The difference, however (if any) will only be in the decimals. 5709

As it is now only necessary to effect alterations in our rates according to our position shown in the pooling returns, there will be no need to follow the changes of the Continental Lines (as under clause 8 of the 1898 agreement) unless you consider it necessary to do so to keep within our allotted percentage.

We will therefore leave you to watch the position closely, and cable when rate alterations appear desirable.

Yours faithfully,
For ISMAY, IMRIE & CO.,

5712

Petitioner's Exhibit 338.

5713

Liverpool 24th March 1908.

Per s. s. "Oceanic."

Messrs. Lee & Franklin,
9, Broadway,
New York.

Dear Sirs,

Third Class Eastbound Pool.

Your favor of the 13th inst., received in reference to our cable of the 12th, and may say that while the Eastbound percentage for the I. M. M. Co. was given you as 25.83, exclusive of Red Star, this figure is subject to revision, but will remain approximately correct. 5714

We will write you further—probably by next mail —as to the division of this allotment amongst the I. M. M. Co's Lines, which will, however, be for our own private guidance only in the division of any payment made to us or compensation received from the Pool, as in the agreement the I. M. M. Co. appears with one percentage.

It is very difficult to lay down any hard and fast rule as to how far the numbers may be allowed to run, plus or minus, without altering rates to rectify the carryings, as a great deal would depend on the time of the year and the number travelling. For instance: at present with the large Eastbound movement, a difference of 1,000 would be very readily adjusted. At a time when travel was very slack such a difference would mount up gradually and not be so readily adjusted. In the former case it would not be necessary to take prompt action with regard to rates if there was a prospect of figures righting themselves as the season progressed, whereas in the second instance quoted in view of the difficulty of making up the deficit, or the re- 5715

5716 *Petitioner's Exhibit 338*

verse, as the case might be, it would be undesirable to let the difference run up to so large an extent.

We shall watch the pool carryings ourselves closely so that when it appears to either of us that some change is desirable, an interchange of views by cable can take place with a view to proper action being decided upon.

Yours faithfully,
For ISMAY, IMRIE & CO.,

9, Broadway,
New York.

Dear Sirs,

You will no doubt have observed that according to Article 16 of the General Pool Contract, it is required that copies of circulars and advertising matter of a general interest relating to Third Class business should be mailed to the Conference Secretary. 5720

We shall therefore thank you to arrange for Secretary Peters, Jena, to be placed on your list of persons who receive such advertising matter, which you will, of course, send by the Company's steamer for posting on this side.

We would point out that the practice in vogue is to supply Secretary Peters with 30 copies of all such printed matter in order that he may send to the different Lines specimens thereof. This would also refer to circulars by the common officers dealing with rates or such other matters of general interest.

Yours faithfully, 5721

Liverpool 28th March, 1908.

Per s. s. "Lucania."

Passenger Department,
White Star Line,
9, Broadway,
New York.

Dear Sirs,

General Pool.

As it is our practice to furnish the Conference Sec-
5723 retary each week with the numbers of Third Class Westbound Prepaids sold in America, we shall thank you to in future cable these particulars in souls and not in adults as hitherto. This in order that our figures may be rendered in an uniform manner with those of other Lines, and, further, as the pool statistics are made up for periods ending 7th, 15th, 23rd, and last day of each month, as referred to in article 10 of the pool contract, it will now be necessary for the particulars in question to be cabled for these periods, and not for the calendar weeks as heretofore.

In this connection we observe from the statistics ending 15th March 1908, that the prepaids sold for the
5724 Cunard Line total no less than 706, as against our 493, a somewhat alarming disparity. Perhaps you will favour us with your views as to the reason of our unfavorable position.

Yours faithfully,
For ISMAY, IMRIE & CO.
A. B. C.
(Initials undecipherable.)

Petitioner's Exhibit 341. 5725

April 7, 1908.

Per SS "Oceanic"

Messrs. Ismay Imrie & Co.,
Liverpool,

Special.

Gentlemen:

We are in receipt of your special letters of the 26th and 28th ult.

Third Class Circulars Rate Sheets etc.) We note that it is your desire that 30 copies of circulars and advertising matter of general interest relating to the third Class business shall be forwarded to Secretary Peters 5726
in your care, for distribution among the different lines interested, which shall have our attention. The custom here is to furnish the Secretary of the New York Conference with copies of all circulars and rate sheets when issued for distribution among the Lines, and to enable the latter to provide their home offices with copies. It will be deplicating the work to supply Mr. Peters as well.

General Pool. We also note your instructions, that in future when cabling the figures of prepaids booked on this side, we are to give the souls and not adults, and that the reports are to be made up for periods ending 7th, 15th, 23rd and last day of each month, in 5727
accordance with Article 10, and not for calendar weeks heretofore.

Disparity in Numbers of Prepaids of White Star & Cunard Lines). The disparity in numbers is undoubtedly due to the publicity the Cunard Line has obtained in the newspapers here, and especially to the enormous amount of advertising the Cunard Line has done both in the press and illustrated posters, as well as every other available means. Expense seems to have been no object, particularly in the West.

Yours faithfully,
WHITE STAR LINE,
Per

Passenger Department,
White Star Line,
9, Broadway,
New York.

Dear Sirs,

Continental Rates.

We confirm our cable this afternoon reading:

"Libau Riga rate advanced Marks 150, White Star, 5732
"American Dominion."

We presume you will understand from this that you are to quote the prepaid parity as mentioned in article 15 of the General Pool contract, viz., $36.50.

We propose in future to merely cable you any advance made in marks, leaving you to make the prepaid parity. For economical purposes, we will in future state only the code word indicating the number and, of course, the Continental port, *e. g.* "Libau emanarono" would mean that the Libau rate is now Marks 150. It seems to us superfluous to advise you in the cable whether an advance or reduction is to be made, so long as you are in possession of the actual cash 5733
rate that is being quoted.

If, of course, there is one rate to be used for the various ports the names of the ports to, which it is applicable will be given with the one code word for the rate.

Yours faithfully,
For ISMAY, IMRIE & CO.,

9, Broadway,
New York.

Dear Sirs,

Your favor of the 27th ulto., to hand, contents noted.

5735 *Rubin Gross.* In connection with the deportation of this passenger, we returned to you on the 1st instant forms No. 597 certifying that the passenger has been safely delivered to his father.

Ivan Jelacio. This passenger was sent on to Havre, and our agents there, Messrs. Genestal & Son, transferred him to hospital pending communication being established with his relatives. Up to the present, however, they have been unsuccessful, and we have advised them that they had better arrange to send the man on to the Austrian frontier, and deliver him over to the authorities. We have not received any advice up to the time of writing that this has been car-
5736 ried out, but will write you further as soon as we have confirmation.

* * * * * *

J. A. Retief. We have perused the copy of letter from this gentleman and we reserve for himself and family D. J. Malan, at the £16.60—rate from Liverpool to Cape Town berths 1 & 2 in inside four berth room 120 per "Suevic" 4th June.

We note these passengers are sailing from Canada to Liverpool. It will, of course, be necessary for them to fill up declaration forms, as per enclosed, in order to comply with the Cape of Good Hope Immigration

5737

Laws which please send us along with advice of booking.

* * * * * *

Prepaid Steerage figures. Referring to your cable of the 4th inst., we note the figures for the past week were 124 British, 30 Italians, 37 Scandinavians and 24 Continentals as against 232 British, 116 Italians, 94 1/2 Scandinavians and 83 1/2 Continentals for the corresponding period last year.

Irish Prepaids. From report of our Irish traveller, Mr. Bowler, dated 4th instant, we note his remarks as follows:

5738

"*Athenry.* Mr. Mahon booked for us for the past "year 31 and for Cunards' 37.

"Our prepaids for the year were only 9 whereas the "Cunards' were 30. The district is both New York "and Boston.

"*Tuam.* Mr. Walsh booked for us during the past "year 112 and for Cunards' 88.

"Prepaids in this district for the year were White "Star 63, Cunards' 92."

S. H. O.—3—1190. Thomas Kirk, also enclosed. Our agent, W. Russell of Dundalk issued contract ticket A-5-6581 in error for Mr. Kirk's homeward passage. Please therefore substitute the enclosed regular homeward order therefor. 5739

Advance in Continental Westbound (Prepaid) Rates. Referring to cable sent you yesterday by Mr. Ismay, it seems an error was made in advising you, in his previous cable to advance the rates by $2.50. The cable should have stated ten marks leaving you to adopt for prepaid rates the equivalent as defined in article 15 of the General Pool Contract. For the White Star Line, prepaid rates, inclusive of head tax, off the various Continental ports are now as follows: Amsterdam, Antwerp, Hamburg, Harlingen, Havre,

5740 *Petitioner's Exhibit 311*

Cherbourg & Rotterdam $31.50. Bremen $34. Libau and Riga $34.00.

s. s. "Cedric" sails tomorrow, and will have, we expect, about 250 Third Class, including about 20 Scandinavians and Finns.

* * * * * *

Emigrant rate to San Jose, California. We attach herewith letter of enquiry from a Mrs. Longhorn, asking us to quote the emigrant fare through from Liverpool to San Jose, California.

Please reply on our behalf to this communication,
5741 advising us the rate you have quoted to this point.

We have also received your letter of the 31st ulto., per s. s. "Mauretania," and the several items contained therein will be replied to by next mail.

Hamburg-American Line. We note that hereafter there is no necessity for our advising you by cable of the changes made by the Continental Lines in the Third Class rates, unless we find we are considerably in excess or below our quota under the percentage of the pool allotment, which has our attention.

New Hamburg Line. You will note from rate sheets attached of the N. G. L., Hamburg and French Lines that they have reduced their rates to meet the competition of the sailings of the new Line.

5745

Quarterly Statistic. We enclose herewith statement prepared by Conference, dated Jan. 25th, showing the E. B. and W. B. carryings of the Mediterranean Lines for the last quarter of 1907. This is the only form in which these statistics are now printed, with the exception of the yearly report.

List of Agents. We shall be glad to receive the two lists of agents on your side which you propose to send us.

* * * * * *

E. B. Scandinavian Passengers. We have carefully read Messrs. Elster and Dahls' letters, and are

pleased to note that they are meeting all arrivals by this line. We are sorry, however, to note from Mr. Elster's letter that so many of the passengers landing at Christiania have complaints to make against their treatment on the steamers. It does seem very difficult to satisfy the Scandinavians.

* * * * * *

Reduced Eastbound Continental Rates. The following steamers will sail next week with reduced Third Class rates to meet the competition of the new Hamburg Line steamer "Volturno" advertised to sail on the 11th inst. with a $23 rate to Hamburg, and to
5747 points beyond at proportionate reductions.

"Barbarossa" to Bremen, April 9th,	$24.00.
"Pretoria" to Hamburg, April 11th,	23.00.
"Hudson" to Harve, April 11th,	23.00.

The Italian Lines have also put in force very low rates to the Mediterranean ports, one of them as low as $12.00 and another $15.00. These rates will undoubtedly seriously effect our Continental business to Southern Europe, Italian and Oriental points.

Anton J. Hanover. The enclosed forwarding order, No. 6902, Liverpool to Laurvig, was found on the wharf after the sailing of the SS "Celtic," April 2nd. Passenger has no doubt made claim on you for
5748 transportation upon arrival at Liverpool.

SS "Celtic" sailed on Thursday with 78 First, 75 Second and 737 Third.

Class passengers. The latter numbers were made up as follows:

English	98
Irish	74
Scandinavian	68
Finnish	24
Continental	429
Basle & Harve	43
Italian	1
Total	737

Petitioner's Exhibit 345 5749

including 5 deported passengers, making 733 net to be reported to the pool.

Among the deported passengers were two Syrians who came out on the "Majestic," one of them having become insane. We presume you will return these via Southampton and Harve, and that it will be necessary for you to issue one our tickets, of which you have a supply on hand, in order to obtain the benefit of the reduced fares on the French Line. Supplement No. 8 to Joint Tariff No. 13. Copy enclosed.

Will Murray & Party. We duly received your cable of 1st Inst. reading:

5750

"April 2nd, give passage to Liverpool, Third Class, including Third Class London fare, Will Murray and party, 10 adults, also 2 1/2 adults Second Class to Liverpool."

Of this party only 2 1/2 Second Class passengers sailed per SS "Celtic" and 4 Third Class. The others did not show up. They had a great deal of excess baggage, and our Baggage Master being unable to collect on same before the sailing of the steamer gave Purser Brewer a memorandum to collect $30.00 basing his calculation on the size of the party. As only 6 1/2 fares sailed instead of 12 1/2, there is of course, more than $30.00 due us. We have, therefore, cabled 5751
you today as follows:

"Referring to your cable of 1st, we have given Murray Second Class for 2 1/2 adults, 4 adults only Third Class. Have 550 feet excess, collect charges."

Yours faithfully,

WHITE STAR LINE.

per

ENCL.

5752 **Petitioner's Exhibit 346.**

Liverpool, 15th April, 1908.

Per SS "Majestic."

Third Class.

Passenger Department,
White Star Line,
9 Broadway,
New York.

Dear Sirs:

Your favor of the 3rd instant to hand, contents
5753 noted.

Quarterly Statistics. Thanks for copy of the statement prepared by Conference, dated Jan. 25th, showing East and Westbound carryings of the Mediterranean Lines for the last quarter of 1907, and note that this is the only form in which these statistics are now printed, with the exception of the yearly report.

* * * * * *

Continental Baggage. We hope subsequently to learn that the recommendation to check Continental, Italian & Oriental baggage (the two latter referring
5754 to the indirect route Eastbound), will, after consideration, be acted upon. It will certainly facilitate effective handling here.

* * * * * *

Reduced Eastbound Continental Rates. We note your remarks with interest and the probable effect of the low rates upon our Continental business to Southern Europe, Italian and Oriental points. In this connection we give you copy of telegram from Secretary Peters, which explains itself, and to which the Lines have agreed in order to meet the competition of the New Hamburg Line.

* * * * * *

 5755

Supplement No. 8 to Joint Tariff No. 13, received. The Conference Secretary is compiling a sterling copy for distribution to agents, which, it is expected, will be sent out simultaneously by all Lines at an early date.

Will Murray and party. We are in communication with the London office regarding these passengers, who duly arrived by the "Celtic" and will write you further as soon as we have a reply from them.

General Pool Contract. We attach herewith West and Eastbound statement No. 4 shewing the carryings of the Lines from March 1st to March 31st. We also enclose statement for the period named shewing approximately the position of the Lines and the amount of compensation due, either debit or credit, according to the pool allotments, compared with the actual carryings, which you will find interesting. 5756

Southampton Passenger Situation. Referring to your letter of March 31st, in supplying extract from your letter to the Southampton office they write us under date of April 14th, as per copy of letter attached, which we pass on to you for your information.

S. H. O.-3-1129, Martin Lund. Referring to our letter of February 8th returning this order to you, our agents, Messrs. Haabeth Bros., now advise that the passenger has definitely decided to remain in the United States, and the purchaser therefore desires refund of the passage money paid. Will you please return the order so that we may comply. 5757

Prepaid Business. From return, covering April 1st to April 7th, received by us from the Conference Secretary, we observe that the Cunard Line under the heading of "Prepaids sold in America" figure 608 as compared with our 185 from which it would appear that we are falling considerably below the Cunard Line.

5758 *Petitioner's Exhibit 346*

s. s "Celtic." W. Katlewski, 27542, two adults, child and an infant, who arrived ex this steamer. Kindly note and advise agent Henry Bischoff, Broadway, New York that the infant was found to be suffering from gastric nutrition, and was therefore placed in the Brownlow Hill hospital, the parents being housed at our boarding establishment. The family, however, have since been able to go forward, and were despatched to Hamburg from Grimsby on the 13th inst.

Irish Prepaids. From report, dated 11th instant from our Irish travelling representative, we give you the following extracts:

5759 "*Achill.* Mr. Sweeny, agent. Cunard prepaids in "this District are also very much over ours, a large "number coming from Chicago.

"*Ballahaunis.* Prepaids for the past year are White "Star.

"21, Cunard 29."

We have also received your letter of the 7th instant, and the several items therein referred to will be dealt with in our next letter.

Movement Card. We attach herewith movement card dated April 1st, and would call your attention to the heading to the foot-notes thereon, reading: White Star Line—New York—Liverpool.

5760 We think it is strongly advisable to insert Queenstown between New York and Liverpool, thus making it read: White Star Line—New York—Queenstown Liverpool. This to be the general rule in all advertising matter.

s. s. "Arabic." This steamer sails tomorrow with about 200 Third Class passengers including about 60 Scandinavians and Finns.

Yours Faithfully,

For ISMAY, IMRIE & CO.,

Dear Sirs:

Continental Rates.

5765 We beg to confirm our cable of yesterday reading:

"To adjust position pool Eastbound what Continen-
"tal Steerage rates do you recommend in view of
"Continental Lines recent reduction,"

and thank you for your reply to hand this morning as follows:

"Referring to your telegram of the 24th consider
"our minus today 2700; presume impossible plus par-
"ties advance account conditions; recommend reduc-
"ing to basis $28 Hamburg."

We have now to confirm the following cable sent you this morning:

5766

"Advance westbound Continental steerage rates
"White Star Line American Line Dominion 150
"Marks all ports excepting Cherbourg 140 Marks;
"quote prepaid accordingly. Referring to your tele-
"gram of the 25th we approve of your suggestion
"Eastbound rate White Star Line Dominion Ameri-
"can Philadelphia Line Service only."

and no doubt you will on receipt of this message arrange to have the rates put on the basis indicated, advising Boston in the ordinary way.

Yours faithfully,

Initials undecipherable.

Petitioner's Exhibit 348.

5767

April 24, 1908.

Messrs. Ismay, Imrie & Co.,
Liverpool.

Per SS "Etruria."

Gentlemen:

We are in receipt of your favor of 11th inst., per SS "Majestic."

* * * * * *

Reduced Eastbound Continental Rates. We note from copy of Mr. Peter's telegram to you, that all parties have agreed to meet the competition of the SS "Volturno," April 11th, but a $23 rate, the Hamburg Line to be compensated for such reduction up to $7 per adult by all Lines, in proportion to their Eastbound percentages. We presume the same arrangement has been made with the N. G. L., as you are aware that they have quoted and are still quoting for certain steamers and sailings a $24 rate. You will note from the attached bill issued by the Austro-Americana Line the wide difference in our rates and theirs via the "Adriatic" to points in Southern Europe. 5768

* * * * * *

Southampton Passenger Statistics. We are obliged to you for copy of letter from the Southampton Office. 5769

Prepaid Business. We understand that the Cunard Line is getting a larger share of the Russian Hebrew prepaid business than we are. On inquiry at their passenger office here as to their prepaid report between the 1st and 7th inst., we were told that including their Boston Office, but exclusive of Fiume business, their sales amounted to only 200. Our Irish agents in this city state that if anything, they are selling more of our tickets than of the Cunard Line, but with the Scandinavians, the Cunard Line has the preference.

5770 *Petitioner's Exhibit 348*

Finnish Eastbound Business. It is claimed that the Wednesday steamers of the Cunard Line connect with the Wednesday boats from Hull to Finland, and that the latter are much superior to the Saturday boats. On this account, the agents state that the Cunard Line gets more of this business than we do.

Hamburg Line. They have reduced their Third Class E. B. rates as follows:

SS "Deutschland" from $40.00 to $32.00.

SS "Amerika" and "A. Victoria" from $38.00 to $28.00,

5771 All other steamers from $34.00 to $28.00.

SHO/3/1129, Marthine Lund. Order returned for cancellation and refund as requested.

SS "Cedric" sailed yesterday with 178 First, 85 Second and 288 Third Class passengers. The latter numbers were made up as follows:

English	74
Irish	70
Scandivanian	71
Finnish	42
Continental	29
So. African	2
5772 Total	288

* * * * * *

Cable—Continental E. B. Rates. We received your cable today reading:

"To adjust position pool Eastbound what Continental steerage rate do you recommend in view Continental Lines recent reduction.

After due consideration, we replied as follows:

"Referring to your telegram of the 24th, consider our minus today 2700, presume impossible, plus par-

Petitioner's Exhibit 348

5773

ties advance account conditions; recommended reducing to basis $28 Hamburg."

We figure that the Cunard Line is about 3000 plus in their Liverpool Service, and should accordingly advance their rates, but we presume that this is not advisable under present circumstances with the low rates prevailing via Mediterranean ports and the direct lines to Rotterdam and Hamburg. We hope that the reduction to $28 will give us some share again of the E. B. Continental business.

Yours faithfully,

WHITE STAR LINE,

5774

Encl.

Per

5775

5776 **Petitioner's Exhibit 349.**

Passenger Department,
White Star Line,
New York.

Dear Sirs:

Your letter of the 7th inst. to hand.

* * * * * *

5777 *Russian East Asiatic Co.* We note that although the Continental Lines have withdrawn their agencies from A. E. Johnson & Co. consequent upon their continuing to act for the Russian East Asiatic Co., the British Lines have not taken any action on account of the Cunard Line declinging to cancel their Agency. We are bringing this matter up at the Conference Meeting next week.

Checking Continental Baggage. We hope that the difficulties named will have been overcome, and a trial of checking Continental baggage will subsequently have been made.

5778 *Red Posters.* Those referred to are now out of print. We are however, forwarding you by the "Celtic" April 23d, 2500 "Star" posters, and will dispatch the balance by the "Baltic" April 30th. We may say that these are the only form of posters, in addition to the Small Stars, we are now circulating.

White Star Colonial Service. As requested, our Colonial Dept. are preparing a good supply of advertising matter, to be forwarded by the "Celtic" next week.

Continental Prepaid Rates. The prepaid rates to Continental points, as quoted in the P. S. of your

Petitioner's Exhibit 349

letter are quite in order, but we presume exclude head-tax. As we advised you to advance the Libau & Riga rate to Marks 150 on April 8th, you will have made the prepaid equivalent, viz, $36.50 including head-tax. 5779

* * * * * *

American Citizens and Head-tax. Referring to your favor of the 1st inst. we enclose copy of letter addressed last night to the Conference Secretary here, together with copy of the circular referred to, from which you will see that we are trying to bring this matter to a head, notwithstanding the opposition of one or two of the Lines. 5780

Yours faithfully,
For ISMAY, IMRIE & CO.,
A. B. C.

(Other initials undeciperhable.)

P. S. Since writing the above, we have been advised that David Williams did not sail by the "Arabic." He informed the Shipping Master that in consequence of family troubles he would not be able to go by the steamer.

Estimated Eastbound Numbers. You do not appear to have advised us these numbers lately for victualling purposes. 5781

For ISMAY, IMRIE & CO.

5782 **Petitioner's Exhibit 350.**

15th April, 1908.

The Secretary,
North Atlantic Passenger Conference,
James Street,
Liverpool.

Dear Sir:

United States Head Tax.

Referring to our letter of the 10th March, which you had circulated amongst the Lines, and the discussion which took place at the last Conference Meeting, we enclose copy of a communication, dated Washington, D. C., March 27th, 1908, from Commissioner F. P. Sargeant to Mr. Lawson Sandford with respect to this question, a copy of which has probably already reached the other Lines.

5783

In view of the importance which the United States Authorities attach to the United States Lines charging head tax only upon aliens entering the United States, we enclose proof copy of proposed circular embodying a scheme for the consideration of the Lines, which we hope will meet with general acceptance.

The rates scheduled therein are in accordance with the suggestion made by our representative at the last Conference meeting whereby it is proposed that:

5784

(a) *Third Class.* For passengers travelling to Canada or other places via United States the present rates for Canadian business be continued.

(b) For United States citizens a deduction of 16/- from present rates for United States business.

(c) For aliens proceeding to the States 16/-per soul be added to the rates applying to United States citizens.

(d) *First & Second Class.* For aliens proceeding to the States 16/-per soul be added in every case on the minimum fares.

Yours truly,

Petitioner's Exhibit 351.

5785

Messrs. Ismay, Imrie & Co.,
Liverpool.

Per SS "Majestic."

Gentlemen:

We are in receipt of your favor of 18th inst., per S S "Lucania."

* * * * * *

Russian East Asiatic Co. We note that you propose bringing the matter of the disqualification of A. E. Johnson & Co. up at your next Conference meeting. We may say for your information that we get very little business from them. 5786

* * * * * *

American Citizens & Headtax. We have read with much interest copy of the letter you have addressed to the Conference Secretary on this matter, and hope to hear that a satisfactory arrangement has been reached. We attach copy of another communication from the Secretary of our Conference on the matter. You will notice that the United States authorities are in earnest with regard to compelling the Trans-Atlantic S. S. Co. to discriminate in their rates in favor of American citizens and aliens in transit. 5787

* * * * * *

Estimate of E. B. Numbers. It is impossible to make estimates of numbers of third Class passengers to be expected under existing conditions. The exodus of Continentals is decreasing, and the numbers are not in excess of the capacity of the direct Continental Lines. The reduction in our rates on the basis of $28 to Hamburg will not effect our numbers on the "Majestic," which from present indications will not

5788 *Petitioner's Exhibit 351*

exceed 250. The "Arabic" may do better on Thursday. Next month the Scandinavians should begin to move, and for the "Adriatic," May 20th, Mr. Brecke hopes to have 300 from his territory.

We estimate for

	SS "Adriatic," May 20th,	700
	SS "Cedric," May 21st,	500
	SS "Majestic," May 27th,	250
	SS "Arabic," May 28th,	500
	SS "Oceanic," June 3rd,	400
	SS "Celtic," June 4th,	500
5789	SS "Teutonic," June 10th,	250
	SS "Baltic," June 11th,	500

* * * * * *

Yours faithfully,
WHITE STAR LINE,
Per.

5790

Petitioner's Exhibit 352.

Liverpool, 2nd May, 1908.

Per s. s. "Mauretania."

Third Class.

Passenger Department,
White Star Line,
9 Broadway,
New York.

Dear Sirs:

Since writing you on the 29th, ulto., we have none of your further favors of which to acknowledge receipt.

5792

* * * * * *

Grand Trunk Railway. We direct your attention to the enclosed letter from the local representative of this Company, as we have reserved our reply until we have your views before us, and shall be glad if you will write us on the subject.

Atlantic Conference. We attach herewith weekly statistics—No. 7 for the period 16th-23rd April, showing the carryings, both West and Eastbound in connection with the General Pool.

Cable. We duly received yours of the 30th ultimo., reading:

5793

"Arabic Gothenburg 14, Hamburg 37. Second "cabin: Helsingborg one gent and one lady married, "Gothenburg 3 ladies,"

and the usual forwarding arrangements have been made.

Prepaid Steerage figures. From your cable of the 25th ulto., we note the figures for the past week were 131 British, 17 Italians, 40 Scandinavians and 35 Continentals against 234 British, 28 Italians, 82 Scandinavians and 105 Continentals for the corresponding period last year. We regret to note the general decline shown on this comparison, particularly in the British figures.

5794 *Petitioner's Exhibit 352*

Competition with the "Avoca." Referring to our letter of the 24th ulto., informing you that it had been decided to compensate the N. G. L. to the extent of $5 per adult, we have since received a telegram from Secretary Peters (copy attached), and enclose herewith copy of our letter to him, confirming our reply, of 29th ulto., which explains itself.

* * * * * *

Victualling Department accomodation. We attach herewith copy of memo. addressed to the Victualling Superintendent allocating the various Third Class
5795 rooms in the steamers engaged in the Liverpool-New York Service for the Chef and French Entree and Sauce Cooks. Will you please mark these off on your plans so as to prevent the rooms being alloted to Third Class passengers.

"Cedric" arrived at 7:30 this morning. Owing to a dense fog prevailing at Queenstown the passengers for debarkation there could not be landed. Arrangements were, however, made for them to be forwarded to their destination via Holyhead and Dublin, and in the event of the fare from Dublin being greater than if they had disembarked at Queenstown, the difference will be allowed. The forwarding from Dublin is
5796 being taken care of by Messrs. Thomas Cook & Son who have dealt with over-carried passengers on previous occasions.

The other through booked Continental and Scandinavian passengers were dispatched today to their respective destinations, but in consequence of the sailing of the Finnish Steamship Co.'s steamer being cancelled, the Finnish passengers canot leave Hull before Wednesday next, 6th instant.

Yours faithfully,
For ISMAY, IMRIE & CO.,

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sirs:

New York Continental Line. Referring to our remarks in our letter of the 10th on this subject we are now able to enclose you copy of the circular which Messrs. Richard & Co. have sent to all agents of the Russian Lines. While the commission in the circular is given as $2, we have learned from confidential 5798
sources that they expect to pay an extra commission of $1 to make it equal to that paid by the Russian East Asiatic Co.

We learned from a conversation with some of the officials of the Grand Trunk Ry. who were here last week that Messrs. MacKenzie & Mann, Canadian railroad contractors, who as you are aware were said to be the backers of this enterprise, have sunk about $40,000 so far.

Yours faithfully,
RED STAR LINE,
Per R. H. J.

5799

5800 **Petitioner's Exhibit 354.**

III CL. PASS.
March 24-08.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

NON CONFERENCE COMPETITION. We were informed by Mr. Schwab of the Lloyd this afternoon that he was in receipt of a cable from his home office instructing him, in order to meet the competition
5801 of the New York Continental Line and the Russians, to adopt their rates for Lloyd regular steamers when sailing against them. He therefore had intended reducing the rate for the "Barbarossa" April 9th, against the Volunteer Fleet Steamer April 8th. "Seydlitz" April 23rd against the Volunteer Fleet steamer April 22nd and the "Luetzow" April 30th against the Russian East Asiatic steamer May 2nd. The Hamburg Line we understand, have received a similar cable and intend to reduce the rate for their regular steamer in competition with the "Volturno" of the N. Y. Continental Line sailing April 11th. Although we understood from the Lloyd that the measures to
5802 be taken against outside competition had been discussed at the meeting held at Cologne this week, as the Holland Line and ourselves were without any instructions we decided to cable you as follows:

"N. G. Lloyd have received cable instructions reduce eastbound Continental steerage rates regular steamers to meet competition Continental Line and Russians. Cable your instructions."

S. S. "Saratov." It may interest you to know that this steamer of the Russian Volunteer Fleet which is to sail tomorrow has stopped booking some days

Petitioner's Exhibit 354

5803

ago and is about 400 overbooked. We understand they approached the Lloyd with a view of their taking them on their S. S. "Main" sailing on Thursday and were very much put out when informed that they would be obliged to pay the full gross rate of $26. The passengers for the "Saratov" were booked at $24 less commission of $3 and in many cases $4. We rather imagine, however, that the loss will not fall on the Russian Volunteer Fleet but they will collect the difference in the rate from the passengers.

Yours faithfully,

RED STAR LINE.

Per R. H. J.

5804

5805

5806 **Petitioner's Exhibit 355.**

III CL. PASS.
March 27-08.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

NON CONFERENCE COMPETITION. Since writing you on the 24 we received your reply to our cable regarding the reduction of the Lloyd as follows:

5807 "N. D. L. changes Continental eastbound rates are in order." We have just been informed by Mr. Schwab that he has received cable from Bremen agreeing to his recommendation as to the reduction in the rates of his steamers which are competitive against the sailings of the Volunteer fleet and Russian E. Asiatic as mentioned in our letter of the 24th.

The "Main" of the Lloyd which sailed yesterday had 2537. We understand that none of the "Saratov" overbooked were included in these figures. They are keeping them here for the next Russian East Asiatic sailing, the "Estonia." We doubt their being able to retain all these passengers and likely they will
5808 be forced to return some of them their passage money, in which case we rather imagine they would only give them the net rate.

Yours faithfully,
RED STAR LINE,
Per R. H. J.

F. V.

Petitioner's Exhibit 356. 5809

III CL. PASS.
April 7-08.

Red Star Line,
Passenger Department,
Antwerp.

Dear Sirs:

Your favors of the 26 and 27 ult. to hand.

N. G. Lloyd REDUCTION IN E. B. RATES. With reference to your remarks in your favor of the former date as to our reasons for cabling you when the reduction was made by the Lloyd, may say that we did so as result of a conference of all the Continental Lines held here the day the instructions were received. 5810
The opinion was that Lines who had not received instructions should communicate with their home offices on the subject. We now, of course, appreciate that it was decided to place the burden of the fight on the Lloyd and Hamburg Line on account of their position in the pool. S. S. "Kroonland" sailed Saturday with 760 Third Class which included 210 transferred from the American Line S. S. "Philadelphia" which was overbooked by that number.

COMPETITIVE SAILINGS. We understand the "Petersburg" sailing tomorrow is full. The "Barbarossa" sailing on Thursday has stopped booking and will probably have a surplus. The "Volturno" the first 5811
steamer of the N. Y. Continental Line passenger service arrived at Halifax yesterday to land passengers and in talking with their agents—Messrs. C. B. Richard & Co.—yesterday they hardly expected she would get away on the 11th. The "Pretoria" of the Hamburg Line also scheduled to sail on the 11th, is likely to be delayed as she had to put into Halifax for coal and heavy weather.

ENCLOSURES. Enclose copy of Cunard Line advance-in-rate circular, N. G. Lloyd Baltimore Service and circular of the Cunard Line for S. S. "Carpathia."

Yours faithfully,
RED STAR LINE,

May 29-08.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

LONDON MEETING. We confirm our cable of yesterday as follows:

"Referring Peters cable May 25th. Finland June 6th, selected with rate twenty four dollars against Volturno."

5819

We have nothing further to add since we wrote you fully on the 26th. We enclose herewith copy of the circular we are issuing to agents today advising them of the reduction in force for the sailing of the "Finland."

CUNARD LINE. With further reference to our remarks of the 26th while no reply has been received by Mr. Sandford from Secretary Peters to his last cable Messrs. Ismay Imrie & Co. have cabled that the lines should promptly arbitrate differences regarding disciplining agents accordance London resolution. We have discussed this cable with Secretary Sandford and the representatives of some of the other Continental Lines and also consulted counsel as to whether we had not a good case for arbitration proceedings. The consensus of opinion is that there is ground for a case against the Cunard Line for breach of Art. 18 as there is no doubt that their action in refusing to join the other parties to the agreement in disciplining agents is giving aid to the opposition by the bad example to other agents of Zotti continuing to book for opposition lines while representing a Conference line. It is proposed to hold a meeting of the Lines on Monday to consider the best methods of bringing about arbitration proceedings against the Cunard Co.

5820

Yours faithfully,

RED STAR LINE.
Per, R. H. J.

Petitioner's Exhibit 360. 5821

III CL. PASS.

May 28-08.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

LONDON MEETING. Pool Secretary Peter's cables to Secretary Sandford have been promulgated among the lines and we were pleased to see that it was decided to adopt the plan of certain steamers being 5822
selected to continue the fight against the competition. A meeting of the General Managers and Heads of Departments was held yesterday to consider the cable on this subject as well as the cable having reference to the enforcement of rules and as suggested a committee was appointed to arrange for the selection of what steamers were thought best to put against the sailings of the Russians and N. Y. Continental Line. We are therefore enclosing you copy of the schedule outlined for the month of June. Of course it is understood that the circulars to agents covering these steamers will only be issued ten days in advance of sailing. In view of the sailing of the N. Y. Continental Line 5823
S. S. "Volturno" being on a Saturday, June 6th, and bearing in mind the fact that the preference should be given to the Continental steamers, particularly with reference to whether they are in the minus or plus, as the Lloyd cable of the 19 of May showed that the Red Star Line was 1051 minus, the "Finland" sailing that day was selected as the fighting steamers, any overplus of this steamer to be transferred to the "President Lincoln" or "Oceanic." Rates to be adopted are to be the same as those of the competition, which are at present $24.

5824 *Petitioner's Exhibit 360*

CUNARD LINE. We assume that the matter of the attitude of the Cunard Line towards the disqualification of F. Zotti & Co. was discussed at the London meeting. Notwithstanding the very clear cable which was sent by Secretary Peters to Mr. Sandford stating that the lines were unanimous that Conference rules should be carried out the Cunard Line again refused to agree to the disqualification of Zotti and also refused to consent to the matter being taken to arbitration, on the ground that there is nothing to arbitrate. Their reason for this is that they claim not to be bound by conference rules and regulations with regard to
5825 agents, basing this upon a letter which they wrote on the 17th of February withdrawing from all agreements.

The position taken by the Cunard Line here to us all seems illogical and we can hardly credit that the Cunard Line principals abroad will sanction their representatives here suiting their own convenience as to what agreements they see fit to carry out.

Another cable was sent yesterday to Mr. Peters but we do not expect any change in the attitude of the Cunard Line until they receive direct and specific instructions from their home office that they are expected to carry out the rules of Conference.

5826 Yours faithfully,

RED STAR LINE,

Per R. H. J.

Petitioner's Exhibit 361.

5827

Antwerp, May 26, 1908.

Messrs. The Red Star Line,
Passenger Department,
New York.

Dear Sirs:

NEW YORK & CONTINENTAL LINE.

I enclose herewith copy of an agreement made yesterday in London between the A. C. Lines, which is intended to fight the New York and Continental Line in the 3rd class Eastbound passenger traffic. It was considered impossible to designate on this side the 5828
competing steamer with the promptness which will be necessary to make the competition of such a steamer efficient and therefore the selection of the steamer is left to a committee to be named by the New York representatives. I think it will be interesting for you to have some more details of the discussion on this subject and which it might be well for the committee to consider in carrying out this agreement.

The question was raised in connection with Section A dealing with the rate, what action should be taken if the Continental Line increases the commission and how this should be met. The answer was that if they paid higher commission then the rate of the com- 5829
peting steamer will be accordingly further reduced. The general opinion was that we could not deal with a net rate, but must make good an increase in the commission of our adversary by a proportionate reduction in our gross rate.

The opinion was expressed that the New York & Continental Line will mislead us by advertising a steamer for a certain date and then when the competition steamer has been advertised they will defer the departure by four or five days so that the steamer would not be hurt by our competition steamer. It is

5880 *Petitioner's Exhibit 361*

in view of this question of sailings that it was thought advisable to leave the designation of the competition steamer to a small committee which will have to carefully consider when the steamer is to be advertised and if not notwithstanding all precautions being taken our adversary defers the sailing then there is nothing to be done but to designate a second competition steamer. We have seen that the sailings of the New York & Continental Line are very irregular and when they advertise a steamer for a certain date, the committee will of course have to ascertain whether the steamer will be able to keep that sailing date.

5831 The question was also raised whether a British steamer should not be allowed to be used as the competition steamer, the Continental Lines say that there is not the slightest objection on their part but a British steamer will never be so efficient as a direct Continental steamer, besides a British steamer has to pay the transportation across the North Sea, which is money thrown away and it was also said by the British Lines themselves that it would be very awkward to have a very low rate for continental passengers and that the British rate of the steamer might be affected thereby. I do not think that after the matter was fully discussed any British Line is anxious to

5832 have one of their steamers chosen, the last sentence but one in paragraph three reflects this sentiment. You will yourself easily understand that under this agreement the line owning the competition steamer no matter whether that line is short or in excess in the pool, does not gain or lose anything, unless its regular rate exceeds $30 or unless the difference becomes greater than $12 (see paragraph A) but this is not likely to be the case for the next months to come.

Yours very truly,

(Signature undecipherable.)

Petitioner's Exhibit 361 5833

(Slip attached reading as follows):

Incluse pour
Messrs. The Red Star Line,
Passenger Dept., N. Y.

London, 25th May, 1908.

Prière de renvoyer. Um Rücksendung wird gebeten.

(a) When an Atlantic Conference Line with the consent of the other A. C. Lines puts a steamer on the berth in opposition to an outside eastbound steamer at the same or lower rate than such outsider then the A. 5834
C. Lines (including the Line of the opposing steamer) will compensate such line for the passengers forwarded at the reduced rate the difference per adult between the regular rate in operation for the steamer at the time when she was proposed and agreed upon for the opposition but not exceeding $30—and the reduced rate at which the passengers were carried. Maximum compensation to be $12.

(b) Opposition steamers to be put on the berth against the steamers of the Russian Volunteer Fleet, the Russian East Asiatic Steamship Company, and the New York and Continental Line for eastbound business. Further extension of this measure is subject to 5835
a unanimous decision of the A. C. Lines.

(c) The opposition steamer is appointed by Vote by majority of the members of the New York Conferences (North Atlantic Conference and Continental Conference). Can. Pac. Ry. to be considered to enable them to vote. The chairman shall have a casting vote in the event of the votes being divided equally. In their decision the members shall be guided by considering which steamer is best suitable for being most efficiently opposed with regard to date of sailing, preference

5836 *Petitioner's Exhibit 361*

by steeragers, capacity, etc. These terms being nearly equal the steamers sailing direct for the Continent of such party that is short or most short shall be appointed. If a British Line steamer is selected it must be subject to the consent of the Line concerned. The New York Conference to be at liberty to appoint a small committee to carry out this clause.

(d) If for such an opposition steamer more passengers are booked than she can carry then the A. C. Line which carries the excess is entitled to a compensation per adult to the amount of the difference be-
5837 tween the rate which the passengers have paid and the regular rate of the carrying steamer at the time when the opposition steamer was appointed except if in the meantime her rate has been reduced, subject to the limitations provided for in clause a.

(e) The Compagnie Generale Transatlantique and the Austro Americana participate in the compensation in the proportion of their share to be fixed by a special agreement between them and the N. D. L. V. Lines. These agreements to be tabled.

(f) The amounts of compensation to be paid by the Atlantic Conference Lines in the proportion of
5838 their eastbound percentages which will be adjusted in accordance with clause e.

(g) Any line may withdraw from this agreement at any time by giving thirty days' notice.

(Signature undecipherable.)

Petitioner's Exhibit 362.

III CL. PASSGR.

June 30-08.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

We are in receipt of your letter of the 19th and note your remarks with reference to the large number carried by the "Potsdam" the fighting steamer against the "Cherson" of the Russian Volunteer Fleet. While 5840
the latter steamer, it is true, had 850 passengers which you think is very satisfactory considering the large number taken by the "Potsdam" and leads you to doubt the wisdom of agreeing on a fixed steamer so far in advance, we would point out that most of the "Cherson's" passengers were booked prior to the "Potsdam" advertising the fighting rate of $22. However at the meeting of the committee held today to consider best means to meet the competition of the next non-conference steamers, we agreed only for the next sailing of the Continental Line, the "Volturno" on the 18th, for which we have fixed the "Zeeland" as the fighting steamer, but in view of the possibility that 5841
the "Volturno" sailing may be changed we have decided not to issue any circular until the 10th or 11th, about a week before the sailing.

Yours faithfully,
RED STAR LINE,
Per

5842 **Petitioner's Exhibit 363.**

Antwerp, 19th June, 1908.

Messrs. The Red Star Line,
3rd Class Passenger Dept.,
New York.

Dear Sirs:

I notice from the telegram received from our secretary Mr. Peters, that the Pottsdam which was the fighting steamer this week carried about 2200 third class passengers whilst the Cherson had 850 third class passengers. I think this is a nice result for the latter
5843 steamer and that it justifies the suspicion whether the agents have not become aware, through some indiscretion, of the agreement and now handle things so that whilst the fighting steamers get a large number of passengers the steamer that is to be fought is not discouraged and in this way the fight could go on definitely and the agents alone will have the benefit therefrom. I believe it was an absolute mistake to fix the list before hand for so many steamers, the Committee should have dealt with each steamer separately and with the greatest discretion so that the steamer to be fought is to some extent taken by surprise.

Yours truly,

(Signature undecipherable.)

5844

Petitioner's Exhibit 364. 5845

III CL. PASS.

June 19-08

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

We are in receipt of your letter of the 9th and note your comments on the list of fighting steamers in opposition to the Russian and N. Y. Continental Line selected by the committee of Conference. Your criticism as regards the possibility of this list becoming public was later considered here as you will doubtless 5846
have received ere this our letter of the 3rd inst. in which we advised you that it had been recalled. We felt, however, there was no necessity of asking you to return the copy which we mailed you. It is possible that you are correct that it is perhaps inadvisable to fix the fighting steamers so far ahead. However the last opposition steamers fixed are those to sail against the "Russia" next Wednesday. So far there has been no attempt made by the competition to change their sailing date but we have been careful to watch the situation. As you may know we delayed fixing the sailing against the "Avoca" on the 20th as it was felt this steamer would not go out and the "Friederich der 5847
Grosse" was not decided upon as competitive sailing with the excess to go to our line until the arrival of the "Jelunga" and when we felt confident she was to sail tomorrow. When the committee again meets to consider the next opposition sailing, which will not be until some time next month in view of the cancellation of the Volunteer Fleet sailings, we will endeavor to carry out your suggestions as regards fixing the competition sailings from sailing to sailing instead of in advance as before.

Yours faithfully,
R. H. J.

5848 **Petitioner's Exhibit 365.**

III CL. PASS.

June 16, 08.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

COMPETITION RATES. On Saturday the "Jelunga" of the N. Y. Continental Line arrived and it was ascertained by the Committee that her sailing had been fixed for Saturday next the 20th. In view of this it was recommended by the Committee that the
5849 S. S. "Friederich der Grosse" of the N. G. Lloyd would be fixed as the fighting steamer at a rate of $22 and the surplus, if any to be given to the "Zeeland" sailing the same day. Also in view of the great efforts being put forth by the Russian East Asiatic Co. through their agents Messrs. A. E. Johnson & Co. to secure large numbers for their new S. S. "Russia" scheduled to sail from here on the 24th, which steamer has been receiving a great deal of publicity in the Continental and Jewish papers, it was felt that it would be advisable to reduce the rate for the "Noordam" sailing the 24th in addition to the "Prinze Friederich Wilhelm" sailing the 25th. We might say that when
5850 the Committee first met to consider the situation some two weeks ago it was thought that it would be inadvisable to have three Holland ships in succession as fighting steamers and for that reason the "Noordam" was omitted as competitive steamer to the "Russia," but feeling that possibly the "Pr. Friederich Wilhelm" sailing the day after might not be effective, it was thought better to include the "Noordam" sailing the same day so that these two steamers between them would be able to draw from the "Russia."

Yours faithfully,

For RED STAR LINE,

R. H. J.

Petitioner's Exhibit 366.

5851

III CL. PASS.

June 9-08.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

CUNARD LINE. Since we wrote you on the 26 and 29 ult. regarding the Cunard Line's attitude with reference to the disqualification of Zotti several cables have been passed between Secretary Peters and Secretary Sandford which no doubt you have seen. Yesterday the Secretary transmitted to the lines the following letter from Mr. V. H. Brown of the Cunard Line:

5852

"We are in receipt from the Home Office, Liverpool, of the following copy of cable sent by Cunard to Secretary Peters:

'Referring my telegram June 6th, and Sandfords cable we cannot agree submit general questions interpretation of Pool Agreement and Resolutions to arbitration because we agree that any agent who consistently and deliberately give Continental business to Italian Lines or other competing lines is liable disqualification—if Conference Lines consider this course expedient of which we still have grave doubts only possible question for arbitration is whether such agents and/or other agents actually doing this—we are sending our New York representative copy of this message.'

5853

You will note by above that the Cunard Company while expressing grave doubts as to the expediency of action proposed by the Conference Lines is not disposed to further stand in the way of carrying out the policy and wishes of the other parties to the agreement."

5854 *Petitioner's Exhibit 366*

We also understand that Mr. Brown told the secretary that the Cunard Line would at once take up their tickets from Mr. Zotti. It is satisfactory to know that the head office of the Cunard Line interpreted the Atlantic Conference Agreement as binding on their office here and we feel confident that the action now taken by the Cunard Line in removing its tickets from Zotti, while perhaps late in the day will still have a salutary effect on agents who have been pointing to Zotti as an agent who was able to set Conference rules at defiance.

5855 "Finland" Saturday. As you have learned by cable this steamer on account of the fighting rate of $2.4 was full and the surplus of about 180 was transferred to the "Oceanic." In this connection may say that the committee appointed to carry out the details in connection with reduced rate steamers were in doubt as to whether the excess should go to the "President Lincoln" of the Hamburg Line or the "Oceanic," Messrs. Winter and Nyland having the impression that the British Lines being in the plus the surplus should go to the "President Lincoln." We were convinced, however, judging by the latest data before us, *i. e.*, Atlantic Conference Statistic E. B. No. 10, that the British Lines were in the minus and it would be proper

5856 to tender the business to the "Oceanic." After some discussion the writer, who was on the committee, was able to bring the other members around to our point of view. Director Von Helmolt of the N. G. Lloyd, however, who was with us at the time, felt that it was desirable that the committee should be in possession of later data as regards the standing of the parties and it was decided to send a cable to Secretary Peters asking him to wire for the use of the committee the relative position weekly of the British and Continental groups in order to ascertain to whom excess, if any, should be diverted. We were pleased to receive his reply this morning as follows:

Petitioner's Exhibit 367 5857

"Shortage and May Holland 790 Red Star 3739. American 1797 White Star 3056."

Which clearly confirms our view and justifies the position we took in claiming that the "Finland's" excess should be given to the "Oceanic."

Yours very truly,

RED STAR LINE,

Per R. H. J.

Petitioner's Exhibit 367. 5858

Antwerp, 9 June, 08.

Messrs. The Red Star Line,
Passenger Dept.,
New York.

Dear Sirs:

I have seen the list of the fighting steamers which were selected by the New York Committee in opposition to the Russian and Continental Lines. Is it wise to fix the fighting steamers such a long time ahead and to issue a list? Are you not afraid of indiscretions which may have for result that the Lines in question will play the nasty trick upon you to defer their sailings by a few days. It would seem to me that the Committee should not disclose before hand what their decisions are but that they should deal with each case as it comes up. 5859

Yours truly,

R. H. J.

III CL. PASS.

June 3, 1908

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

New York-Continental and Russian Lines.

We are in receipt of your letter of the 26th with enclosed copy of the agreement made at the London meeting of the Atlantic Conference Lines, at which
5861 fighting measures against the competition of the above mentioned companies was adopted.

The points which you have elucidated will be of much value in the meetings of the sub-committee which has been appointed to carry out the work in details.

In our letter of the 28th ult. we sent you a copy of the schedule for the month of June. After this schedule had been issued by the secretary, the North German Lloyd consulted counsel on the matter and it is his opinion that the copies of the schedule should be withdrawn in view of the expressions contained therein, which were held to be a violation of the Sherman and Trust laws. The only copy in our possession was
5862 the one we sent to you. Of course, there is no necessity of returning this to us.

We quite agree with your view that it will be very necessary for us to carefully watch the sailings of the competition, particularly the Continental Line, as it is more than likely that they may be disposed to mislead us by postponing the sailing of the steamer from the day advertised, in which event we note, it is the opinion that a second competition steamer can be designated.

None of the steamers of the British Lines have been used as a competition steamer but some as in the case

Petitioner's Exhibit 368

5863

of the Oceanic, have been selected for any surplus that the fighting steamer may have.

As we cabled you last week the Finland on Saturday will sail in competition with the Volturno.

The New Amsterdam which sailed today had 1507 third class passengers. It was too late when the fighting rate was put out for this steamer to fill her capacity.

Yours truly,

RED STAR LINE,

Per

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

COMPETITIVE SAILINGS.

Referring to our letter of the 10th in which we wrote you regarding the measures to be adopted to
5867 meet the next sailings of the Russian East Asiatic Co. on the 22nd and the N. Y. Continental Line on the 28th. In view of the sailing of the "Potsdam" on the 22nd having been withdrawn the Committee were obliged to deal with this matter again and the "Bremen" sailing the 23rd has been recommended as the fighting steamer. In this connection may say that there was some difference of opinion in the Committee as to whether in view of the Lloyd being in the plus in the pool it would not be advisable to select the "Arabic" as the fighting steamer on account of the White Star Line being a minus party. We, of course, quite agree that all things being equal a Continental
5868 steamer is the most effective but in the present case we felt that the "Arabic" could, at the reduced rate, draw as much from the "Estonia" sailing the day after as the "Bremen." However, as we have stated, it has been finally decided to make the "Bremen" the fighting steamer.

Yours faithfully,
RED STAR LINE,
Per R. H. J.

Petitioner's Exhibit 370.

5869

III CL. PASS.
July 10-08.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sirs:

COMPETITIVE SAILINGS. The small committee met on Wednesday to consider what should be done to arrange fighting steamer against the next departure of the N. Y. Continental Line. From the information that they had it appeared that the "Volturno" was to sail on Tuesday the 28th. This 5870
date, it seems to us, was specially fixed so as to have a date which made it difficult for the Conference Lines to properly meet the competition. Tuesday is the sailing day of the Lloyd express steamers and of course, as you are aware, the accommodation of these steamers is quite limited. We therefore had planned for arranging fighting rate on the "Gothland" sailing the 25th and the "Noordam" the 29th. We were later advised, however, that the "Jelunga" was to sail on the 25th. This sailing has been cancelled and we learned this morning that this steamer will take the place of the "Volturno" on the 28th, the latter steamer not sailing until August 8th. It now appears that
the "Estonia" of the Russian East Asiatic Co. sailed 5871
from Rotterdam on the 4th although the papers had reported that she sailed on the 6th. Messrs. A. E. Johnson & Co. advised that they would probably dispatch the steamer. Therefore the Committee came together again this afternoon and in view of the practical certainty of the "Estonia" keeping her present advertised date of July 22nd it has been recommended to fix the "Potsdam" sailing the same day as the fighting steamer and the "Noordam" on the 29th against the "Jelunga" sailing the 28th.

Yours faithfully,
RED STAR LINE,
Per R. H. J.

5872 **Petitioner's Exhibit 371.**

III CL. PASS.

July 7-08.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

RATE SITUATION. The Secretary of Conference passed to the lines today a letter from the Hamburg American Co. asking for an immediate meeting of the heads of Passenger Departments of the lines
5873 to consider cable Mr. Boas had received from Director Storm of Hamburg in which he suggested the strong desirability of all lines reducing rates, the reason given being the increased number of Continentals carried by the Italian Lines. Mr. Boas concurs in the idea but it has been found impossible to arrange for a meeting before Thursday. We are not inclined to feel that it is desirable to further reduce rates. The numbers we are obtaining at present rates are quite satisfactory; for instance the number taken by the "Finland" last Saturday, viz., 1036. The American and White Star Lines are taking fair numbers on weeks when there is no competitive sailing or fighting
5874 rate steamer. Judging from the numbers of Continental passengers carried by the Italian steamers given in the weekly statistic which was sent you last Friday they are not so extremely heavy and with the possibility of some settlement being reached at the meeting of Messrs. Rallin and Crespi to be held later this month we are inclined to feel it will be better to wait a while before making any general reduction in rates and further we believe that the plan agreed to at the recent London meeting fully meets the situation as regards the competition of the New York Continental and East Asiatic Line.

Petitioner's Exhibit 371

5875

AMERICAN ATLANTIC CONFERENCE. We are enclosing with this letter copies of the awaiting confirmation minutes of the first two meetings. At the first meeting the Cunard Line had raised the question as to whether any action against agents could be taken which was not contained in the minutes and resolutions adopted at London last February. They wished to start out afresh not desiring to take action on the complaints which had been pending prior to the deadlock between Conference and the Cunard Line. However they finally consented to submit the present rules of the two Conferences (Continental and North Atlantic) to counsel for opinion and this has since 5876
been received and referred to in Minute 7 of the meeting of July 2nd. This being favorable to the rules of the lines regarding disciplining agents the Cunard Line consented to join in the action of the others contained in the minutes adopted at that meeting, so we hope that now that everything is in smooth working order we will be able to hold our meetings regularly hereafter.

Yours faithfully,

RED STAR LINE.

Office of the Manager,
Antwerp.

Dear Sir:

FIGHTING RATES.

As we have before advised you the "Barbarossa" was fixed to meet the competition of the "Russia" the
5891 result being as follows:

"RUSSIA"	750
"BARBAROSSA"	1420

The small committee met this afternoon to consider selection of steamers to meet the next competitive sailings which are at present advertised, viz. the "Korea" of the Russian East Asiatic Co. on Aug. 15 and the "Volturno" of the New York Continental Line on the 22nd. At first the "Korea" was advertised for Monday the 17th but was later changed to the 15th, which we have learned through our freight connections is the now advertised date of departure.
5892 The Russian East Asiatic Co. some time ago advanced their rate to $26 less $3 commission but dropped it to $24 for the "Russia" when the "Barbarossa" was put on against her. Mr. Straus of the R. E. A. has intimated that they intend to return to $26 for the "Korea," but we have clear evidence from booking agents on the East Side that they were booking freely at a $24 rate with $3 commission. We therefore decided to select the "Finland" sailing the 15th as the competitive steamer at a rate of $23 less $2 making the net rate the same for both lines. The circulars announcing this reduction will be mailed tomorrow

5893

so as to reach agents hands by Monday. This we believe is not too early a notice. Some time ago you rather criticised us for announcing a rate too far in advance and we have been careful of late to limit the notices to 7 or 8 days. If the "Volturno" holds to the present date advertised the "Zeeland" will probably be selected. As the "Volturno's" present rate is $23 less $3 the "Zeeland's" rate will be $22 less $2.

We will not cable you as no doubt the cable which the Secretary's office will send to Mr. Peters will be promulgated among the lines.

W. B. BUSINESS. You will no doubt have noticed that our prepaid business is beginning to show an increase. In fact the Red Star Line have held their own right along. Report 982 going forward this week is for 405 souls.

5894

Yours faithfully,

5896 **Petitioner's Exhibit 376.**

III CL. PASS.
August 4-08.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

COMPETITION SAILINGS. As advised you before the "Barbarossa" is the fighting steamer selected to sail this Thursday against the "Russia" on Wednesday. A. E. Johnson & Co. of the Russian East
5897 Asiatic Co. reduced the rate for the "Russia" from $26 to $24 with $3 commission. The small committee are now considering what steamers should be selected to meet the sailings of the "Korea" of the East Asiatic Co. on the 15th, and the "Volturno" of the N. Y. Continental Line on the 22nd. In all probability in view of our minus the "Finland" and "Zeeland" will be chosen. You will no doubt be advised of this through Secretary Peters.

Yours faithfully,
RED STAR LINE.
Per R. H. J.

F. V.

5898

Petitioner's Exhibit 377. 5899

III CL. PASS.
May 12-08.

Red Star Line,
Passenger Dept.,
Antwerp.

Dear Sirs:

Your favors of the 30 ult. and 1 inst. to hand. "ZEELAND" HENCE MARCH 28—"VADERLAND" HENCE APRIL 18. We are obliged for the immigration documents duly signed in the cases of Philip Kaufman and Rochol Surkes deported on 5900
these steamers which we are forwarding to Ellis Island.

REJECTED PASSENGERS. Thanks for the list to May 1st which we are passing to Mr. Watchorn.

REDUCTION E. B. RATES. We duly received your cable of the 9th reading as follows:

"Reduce eastbound Continental steerage rates to $30." In accordance with same we immediately telegraphed our joint offices and issued circular to agents, copy of which we are enclosing.

S. S. "FINLAND" sailed from here last Saturday with 152 Third Class.

S. S. "VADERLAND" after a good passage 5901
docked early this morning landing all classes of passengers.

COMPETITIVE SAILINGS. The "Jelunga" of the N. Y. Continental Line which sailed Saturday had 6-12-720. There are no further sailings of this line during the current month, the next being the "Volturno" June 6th. The next Russian East Asiatic Steamer is the "ESTONIA" May 27th. The Volunteer Fleet have no steamer advertised to sail until the "Saratov" June 3rd so that the Continental Lines practically have no competition to meet from the above

5902 *Petitioner's Exhibit 377*

lines this week or next. The reduction in our rate to $30 no doubt will stimulate outward business and we look for increased numbers on the "Vaderland."

ENCLOSURES. Enclose Continental Conference Complaint Committee minutes #154 change in rate notice 356 and copies of our letters of even date to Liverpool and Southampton.

Yours faithfully,

RED STAR LINE.

F. V. Per R. H. J.

5903

5904

Petitioner's Exhibit 378.

5905

III CL. PASS.
June 26-08.

Red Star Line,
Passenger Department,
Antwerp.

Sirs:

Since writing you last, we have none of your favors to acknowledge.

COMPETITIVE SAILINGS. The "Russia" of the East Asiatic Co. sailed Wednesday with 19-60-900. Of the fighting steamers the "Noordam" had 1120 and the "Prinz Friederich Wilhelm" the day following 1759. We think that if it had not been for the fact that the fighting rate was applied to the "Noordam" the "Russia" would have had even a larger number. No further fighting steamers have so far been decided upon. 5906

PREPAID 51781. We enclose letter from our Chicago office which is explanatory. You will note that the boy's father is in this country. Under the circumstances, therefore, it will be permissible for the boy to come alone although under 16 years of age. Kindly do the needful and oblige.

"KROONLAND." For this steamer sailing tomorrow we look for from 350 to 400 Third Class. The bulk of the Continental business naturally went earlier in the week taking advantage of the sailings of the "Noordam," "Russia" and "Prinz Friederich Wilhelm" at the $22 rate. 5907

Yours faithfully,
RED STAR LINE.
Per R. H. J.

5908 **Petitioner's Exhibit 379.**

III CL. PASS.
June 23-08.

Red Star Line,
Passenger Department,
Antwerp.

Dear Sirs:

Your favor of the 12th to hand.

S. S. "ZEELAND" sailed Saturday with 302 Third Class, all our own bookings as we did not get any surplus from the "Friederich der Grosse," the competi-
5909 tive steamer against the "Jelunga." The "Friederich Der Grosse" had 1007 and room for several hundred more.

As regards the "Jelunga" we understand this steamer sailed with only 246. The report is that there were about 400 booked but owing to a fire among the matresses on the steamer there were a number backed out and refused to sail.

S. S. "KROONLAND" arrived this morning landing all classes of passenger.

PASSENGERS IN TRANSIT TO CANADA. You will be interested in a copy of the report of the Committee on Immigration & Navigation Laws which
5910 we are attaching herewith. This simply embodies the position taken by the Canadian authorities of which we advised you in our letter of June 5th.

As regards the undertaking with the Canadian Government as to the deportation of aliens brought by steamers landing at U. S. ports, we desire to say that we have signed same in behalf of the Red Star Line that we are prepared to return all such aliens, which has been forwarded to Ottawa.

Yours faithfully,

RED STAR LINE,

Per

Petitioner's Exhibit 380.

5911

III CL. PASS.
June 19-08.

Red Star Line,
Passenger Department,
Antwerp.

Dear Sirs:

S/s "ZEELAND." For this steamer tomorrow we only expect between 200 and 300 Third Class. While she is to take the surplus of the "Friederich der Grosse," the fighting steamer against the "Jelunga," the Lloyd steamer has such a large capacity that they 5912
feel they will be able to accommodate all offering and as it looks now they do not expect to have more than between 900 and 1,000.

DEPORTED ALIENS. We enclose you copies of notices from the Commissioner of Immigration, in the cases of two aliens Bogdan Covic and Konstantin Stankiewicz.

Yours faithfully,
RED STAR LINE.
Per R. H. J.

5913

5914 **Petitioner's Exhibit 381.**

III CL. PASS.
August 14-08.

Red Star Line,
Passenger Department,
Antwerp.

Dear Sirs:

OPPOSITION STEAMERS. We note your wishes to send you a statement of passengers carried at fighting rates in accordance with by-law 22 (not 20
5915 as given in your letter) of Agreement A-A. As no doubt you are aware up to now we have only had one steamer which has participated in the fighting rates viz. the "Finland" Voyage 67 E. B. June 6th, and our Auditing Dept. are preparing a statement as desired which we are enclosing you herewith. We have excluded from the statement the few passengers who booked for this sailing at full rates prior to the time when the fighting rate was adopted. We will in due course send you a similar statement covering the passengers by the "Finland" tomorrow, which is our second fighting rate steamer. As regards transfers from other lines having fighting steamers which had a
5916 surplus will say that we have not had any such passengers. The other fighting steamers have been those of the Holland Line and N. G. Lloyd sailing Tuesdays and Wednesdays and they have not had any surplus to transfer to us.

S. S. "FINLAND." This steamer sailing tomorrow on account of the reduced rate will be full in Third Class.

"FINLAND" 69 W. B. We beg to advise that we have been notified by the Commissioner of Immigration of imposition of fine on account of Theo. Kelsch a second class passenger, having been certified as suf-

Petitioner's Exhibit 381

5917

fering from trachoma. We understand this passenger was brought over on the understanding that the parents are citizens but the claims of citizenship, however, have not been recognized although the parents are protesting it. Meanwhile the fine has been paid under protest.

DEPORTED ALIENS. Enclosed please find copies of letters from the Commissioner of Immigration *re* Anna Hullecker and James Radler who will probably be deported on the "Finland" tomorrow under Bureau Circular 22.

S. S. "FINLAND." We regret to advise that on arrival of this steamer we were notified that third class passenger Albert Heller died of peritonitis on August 4th and was buried at sea. In accordance with the regulations the effects of the deceased have been turned over to the Public Administrator. 5918

Yours faithfully,

RED STAR LINE.

Per R. H. J.

5919

5920 **Petitioner's Exhibit 382.**

March 17, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Enclosed we herewith beg to hand our Company a tariff issued by the Austro American Line for Russian prepaid passengers from interior points in Russia. You will see from this tariff, the rates are quoted from interior points in Russia to Triest, which includes the expense at the frontier for passengers who emigrate
5921 without passports from Russia. At the same time the Austro American Line have sent out the following letter to the agents doing Russian prepaid business;

"Enclosed we beg to hand you our tariff for Russian prepaid passengers. The rates quoted in this tariff include the rail fare from the interior of Russia to the port of embarkation in Trieste, and all expenses on the Russian-Austrian frontier to bring over the passengers even without passports. In case that the passenger has already a passport, the quoted rate will be less $5.00. The Company has made arrangements recently to the effect that Russian prepaid passengers will have any assistance by the Company's agents on the Russian front-
5922 ier, and will be carefully guarded and directed to the port of Trieste. As our passengers can avoid the annoyance of the Quarantine stations, and the rates quoted in our tariff are acceptable, we hope that you will be able to increase the prepaid business over our line."

"Signed, Phelps Bros. & Co., G. P. Agents."

We submit this to you for your information.

We also beg to enclose you herewith a copy of a statement made by Mr. J. Nelidoff printed in the American Orthodox Journal, which explains itself. We have been personally in good connection with Mr. Neli-

Petitioner's Exhibit 382

doff and have given him every assistance he required at the time he was here. This proposition made by Mr. Nelidoff is certainly of the greatest importance, as if it goes through, no Russian passenger will smuggle over the frontier, but go the regular way, and as Libau is so far the only port from which Russian steamers are going to the United States, it will increase the business so much that you will probably have a steamer every week. It was told to us, that only on account of this new emigration slips, the Russian Volunteer Fleet is starting again, and the "Wladyka" of the Russian Church in New York, has informed us that this question has already been taken up and has been decided in a favorable way, as he received a private letter from Minister Stolypin. 5923 5924

We also had a talk with the Russian General Imperial Consul, but he did not receive any information about it, and told us that he does not believe that this arrangement has already been made. We also have no faith in this because you would have notified us at once, but it is nevertheless a fact that this proposition has already been made and we hope it will be accepted by the Duma. In case you should need the views of the Russian Imperial General Consul, regarding this matter, the Vice Consul, Peter L. d'Adomovitch promised to assist us in this matter as much as possible, as he is entirely of the same opinion as Mr. Nelidoff is. Will you kindly inform us as soon as possible about this matter, and oblige, 5925

Yours very truly,

Copy to Copenhagen.

5926 **Petitioner's Exhibit 383.**

March 13, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to enclose herewith a circular of the North West Transport Company, which has been sent out yesterday afternoon. You will see from the same that the rate to Rotterdam is the same as ours, $28.00, but by booking a passenger to the interior, they have taken the rail fare that the Hamburg American Line quote,
5927 therefore the steerage rate of $30.00 to Hamburg is simply as a blind, as the rate to Posen from Rotterdam is $4.30, therefore it should be $32.30, while the rate quoted in this circular is $30.65. This shows that steamers going from New York are calling at Hamburg and land the steerage passengers, in order to obtain the cheaper inland fare.

We have called the attention of the Conference to this, and Mr. Sandford will take this matter up with the other lines. This is for your information.

Yours very truly,

Copy to Copenhagen.

5928

Petitioner's Exhibit 384.

5929

March 11, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Maintenance of Conference.—We beg to acknowledge receipt of the Company's esteemed favor of the 26th ult., and note the Company's remarks on the above subject.

Our Mr. Johnson has today had a talk with Secretary Sandford on this subject, and reaffirmed the Company's views as well as our protest to the effect that 5930
$500.00 for the Russian East Asiatic Steamship Co., to pay toward the maintenance of Conference is excessive and unreasonable, and we called the attention to the limited number of sailings, as well to other lines that have more frequent sailings and what they are paying and have been paying.

Mr. Johnson also suggested to Secretary Sandford that he communicate with the Standing Committee of the Conference, who has the matter in hand, and to present our Company's views to the Committee, with the request that the Committee modifies its views on the subject, so as to meet the views of our Company, viz., that $200.00 a year should be right and proper.

We will advise the Company further on this subject. 5931

Yours very truly,

5932 **Petitioner's Exhibit 385.**

March 12, 1909.

Confidential.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to inform the Company that in one of the German newspapers has been stated that the Russian Volunteer Fleet purchased 4 fast steamers from the Hamburg American Line in order to get the parcel post between Russia and New York.

5933 We also beg to inform you that one of Messrs. C. B. Richard & Co.'s employes stated to one of our employees that the Volunteer Fleet has definitely decided to go again into the New York during June and July. This is certainly not official, and therefore we only give you this information as we have received it.

Yours very truly,

5934

Petitioner's Exhibit 38o.

5935

Libau, 13/26th, February, 1909.

Y. O.

Messrs. A. E. Johnson & Co.,
27 Broadway, New York.

Dear Sirs:

We received your favours of the 11th inst. (6) and carefully noticed contents of same.

Maintenance of Conference: We look forward to your news in this matter.

Tariffs: We are glad to see that you are sending us by the s. s. "KOREA" Joint Tariffs No. 13, also the supplements Nos. 4 & 11.—However, we beg to refer to previous letters, in which we asked you to furnish us with tariffs, especially dealing with railway rates to places in the states of Massachusetts, Pennsylvania, Connecticut & Canada, and we look forward to a number of such tariffs, as we at present must take many rates from tariffs of other steamship lines and thereby loose much time. Besides you will have noticed that in more cases we have had to issue railroad orders without knowing the rate, which is a great inconvenience to our bookkeeping department. Please send the above mentioned tariffs by mail.

5936

We thank you for the circular sent out by the North-West Transport Line, and also note your remarks about the steamer "ESONIA'S" departure from New York; but as she has not yet arrived at your port we think that you will have to postpone the sailing till Saturday or some other day in the end of the week.

5937

Yours faithfully,

THE RUSSIAN AMERICA LINE,

RUSSIAN EAST-ASIATIC STEAMSHIP CO., LTD.

Initials undecipherable.

1919

5938 **Petitioner's Exhibit 387.**

Feb. 22, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

It looks from the present indication that we will not have enough passengers to go to Rotterdam, *i. e.*, it will not come up to the required amount, and we find it is unnecessary to notify the agents, as we did before, that we will only go to Libau, but book to Rotterdam just the same and transfer the passengers to the North
5939 German Lloyd steamer, the following day, whose rate is also $28.00 to Bremen, the same as ours is to Rotterdam.

Yours very truly,

Petitioner's Exhibit 388.

None.

5940

Petitioner's Exhibit 389.

5941

Feb. 20, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We have transferred about 15 to 20 passengers to other steamers. These passengers would not wait, even after we offered to pay their board for them at 75c a day till the "Korea" sailed. Having a week's time to advertise the "Korea" among the agents, we thought we would try to see if we could not get enough passengers for Rotterdam. You will notice from the en- 5942
closed pink sheet, #805, issued by Mr. Sandford, the small percentage of the business, and it may be that we will not be able to get enough business to stop at Emden, and if so, we will arrange to transfer these Rotterdam passengers to the North German Lloyd.

If we would be able to get 50 Rotterdam passengers for this sailing, we think it would be best to then stop at Emden. However, the "Korea" making the trip of 21 days from Libau to New York has caused quite comment among the different agents, claiming it is very difficult to give us business on a steamer like the "Korea" in comparison to other steamers sailing on the same day, and we will know better Mon- 5943
day or Tuesday, and shall then cable definitely whether the "Korea" will go to Emden, or to Libau direct.

We can readily understand it would be too expensive for us with only a hand full of passengers for Rotterdam to have the steamer go to Emden, and we will use our best judgment, so the Company is not placed to any unnecessary expense.

Yours very truly,

5944 **Petitioner's Exhibit 390.**

Feb. 19, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The Company's letter dated 23/5 February to hand, and concerning the passenger Isreal Bobe, ticket #25-110, who has been deported on the steamer "Birma" and as you mention has not been paid to you, beg to state that you are incorrect, as on the first page of the Libau outward manifest report, is mentioned this ticket
5945 and paid to you, therefore we cannot credit you again for the same ticket.

We do not accept any deported aliens of the Russian Volunteer Fleet, unless Messrs. C. B. Richard & Co. pay the passage, and we have never done otherwise, but it could happen that Messrs. C. B. Richard & Co. would buy a ticket for a deported passenger, which was delivered to the passenger through Ellis Island, and the passenger being brought to the dock and placed on the steamer, and thereby we would not have the opportunity to take the embarkation coupon. Consequently, such a ticket could have been omitted to be credited.

5946 Yours very truly,

Petitioner's Exhibit 391.

5947

Registered.

Libau, 27/9, Feb. 1909.

Messrs. A. E. Johnson & Co.,
New York

Dear Sirs:

Your two favors of the 26th ult. duly to hand.

Prp. 8951/1210. On the 7/20th of October we advised this party to come forward by a registered letter, and same has not been returned to us. We are now writing them a special letter to-day to come forward by "Lituania" on the 17th prox. Their reply to hand we shall let you know.

5948

According to your information we have cancelled the following prepaid tickets, and you may refund the amounts stated below less usual cancellation fee:

133 Prp. 1406/21777.....$36.30
134 1377/21537 ..... 35.00
136 1000/4383 ..... 26.50
137 1092/11066 ..... 45.50
138 884/5836 ..... 86.80
(You state erroneously 844/5836.)
139 1063/17756 ..... 29.00
140 861/12375 ..... 23.87
(As this passenger has received from us Rb. 5. = $2.63).

5949

Infant rates. This question was discussed at Paris on the 4th inst., and we await the decision of the Continental Lines.

We note your remarks about "Arcadia's" eastbound passengers.

The Russian America Line, Russian East Asiatic 5955
Steamship Co., Ltd.
Initials undecipherable.

Enclosure.

5956 **Petitioner's Exhibit 394.**

Libau, 17/30th, January, 1909.

Messrs. A. E. Johnson & Co.,
27 Broadway, New York.

Dear Sirs:

Your two favours of the 6th & 7th inst. are to hand, as well as a duplicate of a receipt from Messrs. Benham & Boyesen for $2860.98 to your credit.

Maintenance of Conference: We thank you for having made protest against paying more than $200.00 towards the maintenance of conference, and shall thank you to hold out for this amount as it is quite unreasonable that we should be charged even as large a share for 18 sailings yearly as the Anchor Line &c., and moreover twice as much as the Scandinavian America Line. We are looking forward with interest to your news in this question, and remain,

5957

Yours faithfully,

The Russian America Line, Aussian East Asiatic Steamship Co. Ltd.
Initials undecipherable.

5958

Petitioner's Exhibit 395. 5959

Libau, 18/31st, December 08.

Messrs. A. E. Johnson & Co.,
27 Broadway, New York.

Dear Sirs:

S. S. "ESTONIA": We have received your favor of the 4th inst., enclosing your list for the railroad orders per this steamer's 10th voyage, and we have passed the amount of same, viz. *$1907.28* to the credit of your account.

We note your remarks about the 10% commission, and do not fail to say that we were unaware of the re- 5960
strictions in regard to Winnipeg, Man., & Buffalo, N. Y.

Yours faithfully,
THE RUSSIAN AMERICA LINE,
RUSSIAN EAST-ASIATIC STEAMSHIP CO., LTD.
(Initials undecipherable.)

5961

5962 **Petitioner's Exhibit 396.**

Feb. 11, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to acknowledge receipt of your cable reading, "Ectopia Rotterdam Masketls Langpoot Hundred they Labewein Emden" which means, engage passengers for Rotterdam (the third word is unclear to us, therefore we could not make it out) not less than 100 passengers, they will be landed at Emden. In
5963 reply we cabled you that the third word in this cable has been unclear to us, and we think we will only have about 40 Rotterdam passengers for the "Korea" leaving on Wednesday, as it is too late to again now advertise that she will stop at Rotterdam. We therefore have asked you in the same cable if the steamer "Korea" should stop at Emden, as we have written you before, we have decided that the "Korea" for this trip should not call at Rotterdam on account that we could not guarantee to have 150 passengers for this port, and therefore the agents have not tried to book Rotterdam passengers, and have given the same to other lines. The time for advertising the steamer that she will stop at Rotterdam is now any too late,
5964 as tomorrow is a great holiday, being the centennial of Abraham Lincoln's birthday, and also on Tuesday is going out the Rotterdam steamer and on Wednesday the White Star and Red Star steamers, and so the chances of having 100 passengers are very small.

By this opporunity beg to inform you that the steamer "Korea" has not yet arrived at New York, and as tomorrow Ellis Island, on account of the above mentioned holiday is closed, and we will not be able to land the steerage passengers before Saturday.

Petitioner's Exhibit 397

5965

As this steamer has so much cargo, after having a conversation with Messrs. Benham & Boyesen, we came to the conclusion that it will be quite impossible to have this steamer sail before Wednesday, and even this is not quite sure if Messrs. Benham & Boyesen will be able to load all the cargo by this date. It may also be possible that the steamer will not sail before Thursday, and we will inform you accordingly.

Yours very truly,

Petitioner's Exhibit 397.

5966

Feb. 11, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The Company's Letter dated 14/27 to hand, and concerning the Rotterdam prepaid passenger, #4371, Mika Albert, who has been forwarded by the Holland American Line, according to our instructions, beg to inform you we have not advised this passenger to you, as the agent only by mistake issued our blank, and has sent in the amount required by the Holland American Line. We have asked at the time from the Holland American Line to bill this ticket to us, which they have failed to do, therefore we have asked them again to charge this to our account, and we will pay for the same.

5967

Yours very truly,

5968 **Petitioner's Exhibit 398.**

Feb. 11, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The Company's letter dated 17/30 to hand, and concerning the maintenance of Conference beg to inform you that we have heard nothing further on this subject. All bills are held up by the Conference, until the decision in this regard will be made.

Yours very truly,

5969

Petitioner's Exhibit 399.

Feb. 11, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The Company's letter of the 16/29 to hand, and noted your remarks regarding the Rotterdam prepaid 17759, reference 750, Rotterdam report 76, Aug. 11th.
5970 We have informed the purchaser accordingly and as soon as we receive the reply, we will let you know if this passenger will travel via Libau or not.

Yours very truly,

Petitioner's Exhibit 400.

5971

Feb. 10, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Referring to the Company's letter of the 13/26, in reference to our considerable shortage in the Eastbound pool; of course you understand, we having so few steamers naturally makes us very short in the eastbound pool, compared with the other, particularly as you will notice from the pink sheets the small column of Eastbound travel at present. As soon as the Eastbound travel picks up, and we take a small differential, we ought to be able to make up part of this shortage.

5972

Yours very truly,

5973

5974 **Petitioner's Exhibit 401.**

Feb. 10, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Referring to your letter of the 15th January, we are sending you herewith a notice from Mr. Lawson Sandford, Secy. of the Conference, from which you will see that the Cholera situation in Russia does not justify the raising of the quarantine restrictions.

Regarding the proposal that Dr. de Forest should
5975 examine the passengers before departure from Libau, so as to avoid the examination at Ellis Island, this is impossible as the regulation laws here demand all passengers to be examined at Ellis Island, regardless whether they are examined at port of embarkation, as each case is taken on its merits on arrival only.

We have tried with Dr. Doty at quarantine, who is very friendly with Dr. de Forest to assist and bring this about. He spoke about this to Washington, and we have written to Washington direct, but it seems that nothing can be done, unless Dr. de Forest in his own communication would suggest something about examining passengers at Libau for the Company, and even this suggestion we do not think will help any, and
5976 it will not stop the examination at Ellis Island, as stated above.

Yours very truly,

Petitioner's Exhibit 402. 5977

Feb. 10, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

In a conversation with Mr. C. L. Richard, of Messrs. C. B. Richard & Co., he stated that the "Voltuna" has left with 320 steerage passengers, and that she is to leave here about the 25th or 27th of February, but we think she is so slow that she will not go before the 28th. Under these circumstances we think it would be necessary for us to quote our rates to Rotter- 5978
dam of $28.00, and if we have not enough passengers to arrange with the captain of the "Estonia" to send a wireless to Rotterdam, and send the passengers in by tug-boat, as suggested in your letter of the 12/25th January, thereby saving port dues, etc.

Messrs. Benham & Boyesen up to the present time do not know if they will have any freight for Rotterdam. The outward business as you will see, is very quiet, and it is very difficult to say so far in advance if we will have 150 Rotterdam passengers or not.

Messrs. C. B. Richard & Co. will be the General Passenger Agents of the Northwestern Transport Line, which is the new name of the Old Continental Line. 5979

Yours very truly,

5980 **Petitioner's Exhibit 403.**

Feb. 10, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to acknowledge receipt of your confidential communication of the 15/28, in reference to the Secretary of the Conference Lines sending us weekly statistics. The same will be treated strictly confidential.

Yours very truly,

5981 ———————

Libau, 16/29th January, 1909.

Messrs. A. E. Johnson & Co.,
27 Broadway, New York.

Dear Sirs:

We are in receipt of your three favours, dated the 15th inst., and thank you for the Transatlantic Passenger Conference report No. 800, and are pleased to see that the purser of the steamer "Estonia" has re-
5982 ceived two copies of the annual report for the year ending June 30th, 1908, one of which we will send to our Copenhagen friends.

We note the contents of the circular from the United States Custom Service, and will instruct our captains in accordance with same. However, we think it better to give the officers meals as heretofore.

Yours faithfully,

THE RUSSIAN AMERICA LINE.

M. L. SUECK.

Petitioner's Exhibit 406. 5989

Libau, 13/26 January, 09.

Messrs. A. E. Johnson & Co., R. C.
27 Broadway, New York.

Dear Sirs:

We are duly in receipt of your favor of the 2nd inst. and note with interest all you write about the measurement of the "Birma." Next deck above Nr. 1 1422.11 ft. you calculate to 80.11 passengers, whereas we get the figure 79.01 when dividing by 18. Please let us know, how you arrive at your figure.

We have had the "Korea" measured here and came 5990
to the following result:

All decks are more than 7' high.

Deck space 11831.83 sup. ft. divided by 5 = 2366 passengers.

Dining room 3168.58 sup. ft.
2 Hospitals 387.50
4 Washrooms 712.30
8 W. C. 430.50

Lowest passenger deck Nr. 1 3007.22:21' = 143.-20 passengers.

	2	4848.	230.90
	3	2531.42	120.54
Next deck above	4	2934.80	139.75
Alloways	3	2680.45	148.91 5991
next deck above	3	439.60	24.42
	4	2310.01	128.34
		Total	936.06 passengers

and we are now anxious to learn how the result of the American Inspection will turn out, which please let us know at your earliest convenience.

We intend to take the "Korea" out of this line after her present trip, and have therefore made the necessary alterations as slight as possible.

5992 *Petitioner's Exhibit 406*

We sincerely hope you will see your way to engage a larger number of passengers than 150 for Rotterdam and also to push the eastbound Libau-business in order to fill up the considerable shortage, which we are having for the present. We note that for the present only the American Liverpool, Anchor, Dominion and Donaldson Lines are charging $28 to Rotterdam, whereas all the other lines charge from $30 to $37.50 which we hope will assist you in your efforts to secure our share.

Yours faithfully,

THE RUSSIAN AMERICA LINE,

RUSSIAN EAST ASIATIC STEAMSHIP CO., LTD.

5993 (Signature undecipherable.)

P. S. Yours of the 26th ult. is also to hand and we thank you for the U. S. Passenger Act 1908, sent us by same.

Copy Copenhagen.

5994

Petitioner's Exhibit 407. 5995

Feb. 9, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to refer to the Company's letter dated 14/27 January. Regarding the mentioned prepaids, beg to inform you that the same were advised to you under the following dates, reference numbers and reports:

Prepaid 17201, reference 1547, report 106 Dec. 31st.
" 21304, reference 1855, report 110, Jan. 30th. 5996
" 16554, reference 1714, report 109, Jan. 21st.
" 17401, ref. 894, Rotterdam, rep. 81, Sept. 3rd.

Regarding prepaid 17202, we will refer to this later on as the agent who sold this prepaid ticket has not been able to inform us whether this passenger can travel or not. He has sold this prepaid ticket on installments, and has only received a deposit for the same, but not yet the full payment.

In reply to your request, if it would not be possible to furnish you with the advise of prepaid tickets in time that you would be able to know what to do with a prepaid passenger when they call or write to your office, we are sorry to be compelled to inform you that 5997
it cannot be done, as many good agents are doing a large business with peddlers who sell the prepaid tickets on installments, taking a deposit and collecting from the purchaser weekly, certain amounts until the full payment is made. By dealing with these peddlers the agent has to give him at once the original certificate, and as the agents are bonded to us, there is no risk for the Company regarding the same, but to discontinue the dealing with these kind of agents would hurt the business, as a great number of good agents deal with peddlers, and we don't think that it would be advisable to cut the same out.

5998 *Petitioner's Exhibit 408*

In case you have inquiries of prepaid passengers, which are not advised to you, will you kindly inform them that their ticket has not yet been advised, therefore they cannot be forwarded. In case a prepaid passenger will call personally at your office, and the ticket has not been advised, you may cable us, and we cable you back what to do, as you have no expenses on the same, because the agent has always to pay the expenses for cabling when he does not advise a prepaid in time.

Yours very truly,

5999

Petitioner's Exhibit 408.

Libau, 9/22nd January, 1909.

Messrs. A. E. Johnson & Co.,
27 Broadway, New York.

Dear Sirs:

We are in receipt of your favor dated the 8th inst., and thank you for the information that the British Lines and the Scandinavian Line as well as all lines of the North Atlantic Conference have raised the in-
6000 fant rate from $1.00 to $2.50 plus $4.00 head tax. We fully agree with your remarks and have asked the pool secretary whether the Continental Lines intend to do the same step; in such case we are willing to raise our rate accordingly.

Yours faithfully,

THE RUSSIAN AMERICA LINE,
RUSSIAN EAST ASIATIC STEAMSHIP CO., LTD.
(Signature undecipherable.)

Petitioner's Exhibit 409. 6001

Libau, 8/21st January, 1909.

Messrs. A. E. Johnson & Co.,
27 Broadway, New York.

Dear Sirs:

As we have received enquiry from the pool secretary at Jena for some copies of our prepaid tickets at Rotterdam, we shall thank you to send us a few cancelled tickets.

Yours faithfully,

THE RUSSIAN AMERICA LINE,
RUSSIAN EAST ASIATIC STEAMSHIP CO., LTD. 6002
(Signature undecipherable.)

6003

6004 **Petitioner's Exhibit 410.**

February 2, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Prepaid 11,482, ref. 416 Rotterdam, rep. 54, March 30th.

On Oct. 3rd we wrote to Messrs. Ruys & Co., regarding this prepaid ticket, that the passenger on the same claimed she was charged with Ro. 24.00 at Illowa. The passenger wants an explanation why she
6005 was charged the Ro. 24.00, as the ticket was paid from Illowa through to Indianapolis. We presume that this charge is on account that the passenger had to go via Basil, but we have asked them to give us the information about this.

On Oct. 16th we received from Messrs. Ruys & Co. the following answer: "In reply to the last paragraph of your letter beg to say we cannot explain why this passenger was charged Ro. 24 at Illowa. She received her instructions at the time from Messrs. Knie Falk & Co. We also do not know whether this firm has sent her the money which was due to her for the European rail fare."

6006 The agent who sold this ticket now sends us the enclosed letter, asking for refund of this amount, therefore we would be obliged to you if you would be able to give us some information regarding this case, and oblige,

Yours very truly,

Petitioner's Exhibit 411.

6007

Jan. 30, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The Company's letter dated 5/18 January to hand, and contents noted.

We thank you very much for the statements of our Rotterdam prepaid passengers via the Holland American Line, and beg to inform you that Messrs. Ruys & Co. have already been so kindly to furnish us with the same.

6008

Concerning the advance of rates, we will follow your instruction and telegraph you briefly as soon as we consider it advisable to advance our outward rates, but for the present time we consider it would not be reasonable to advance the same, as the rates for the other lines are for the present time unchanged, and the difference between our rate and the rate of the Holland Line is only $2.00, and the American and White Star Lines quote $35.40 to Libau, which means only 40¢ more than our rate. Certainly it should be taken into consideration that our steamers go direct to Libau and the passengers do not have to change at Liverpool or Southampton, which is inconvenient for passenger, but taking into consideration the different steamers, and the time of the ocean trip, we cannot require from passengers to pay us a higher rate than other lines charge.

6009

These are our views in the matter, and we think it will meet with your approval.

In the latter part of this month we have again had so many inquiries about the steamer "Russia," for example, the enclosed letter, therefore we will kindly ask you to inform us if you intend to put this steamer again in the trade later on, and in which month. We

6010 *Petitioner's Exhibit 412*

always tell our customers that this steamer will be again in trade in the month of April, when immigration will pick up, but we would be very much obliged to you if you could inform us about your views in regard to the same.

Yours very truly,

Petitoner's Exhibit 412.

Jan. 28, 1909.

6011

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

According to the advertisement in the New York Journal of Commerce, the steamship "Volturno" is to sail Feb. 27th, and the "Avoca" March 13th, to Rotterdam and to Hamburg, from New York. This seems to be a revival of the New York & Continental Line, under a different name.

Request has been made by the Continental and North Atlantic Lines to reissue a special circular to agents, calling attention to the importance of the Continental Conference.

6012

Yours very truly,

Copy to Copenhagen.

Petitioner's Exhibit 413.

6013

Libau, 5/18th January, 1909.

Messrs. A. E. Johnson & Co.,
27 Broadway, New York.

Dear Sirs:

Today we received your five favors of the 5th inst. and contents of same have our attention.

Enclosed we beg to send you copies of conference statements Nos. 28 and 29, and will ask the pool secretary to furnish your good selves with a copy of the future reports.

We thank you for copies of correspondence, ex- 6014
changed with Mr. Lawson Sandford in reference to maintenance of Conference, and fully agree with your view upon the question, as the charge of $500 to our Line is certainly far too heavy as compared with the charges to the other lines; as proposed by you we consider an amount of $200 to be reasonable.

S. S. "BIRMA": Kindly excuse the mistakes in the statement of passengers per this boat, and we do not fail to say that the notations in our records are right and only the advice to you has been made falsely.

We thank you for the copy of "New York Herald" from which note with great interest what Emil Boas writes about "Hard Times in Ocean Traffic." This 6015
newspaper we are passing on to our Copenhagen friends.

Yours faithfully,

THE RUSSIAN AMERICA LINE.
RUSSIAN EAST ASIATIC STEAMSHIP CO., LTD.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

We confirm our respects of yesterday, also telegrams exchanged since as per copy enclosed.

According to your request we have instructed Libau to quote the rail fares from New York at the same rate as the other conference lines, and we are in the meantime looking forward to the tariffs you mention in your telegram.

6026

We wired you today that the percentage of children amongst your passengers is far too high, and as we according to our agreement with the Conference have to pay a certain amount per soul—not per whole ticket —it is most essential that we get as many adults as possible and request to do your utmost to get the percentage of children reduced. One of the reasons for the high percentage is the prepaid business as the greater proportion of prepaid tickets are sold to wives with their children so you would oblige us by taking the necessary steps to control this business with the object to reduce the number of children of each ticket.

s. s. "Russia." At the same time we asked you the prospects for this steamer, and also to kindly apply to Captain Neumann requesting him to telegraph us the quantity of coals consumed per day on the out voyage.

Libau, 19/1, September, 1910.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

Sailing list 1910. Enclosed we beg to hand you list of proposed sailings for the remainder of this year, from which you will please note that we have been able to arrange Saturday as sailing date for the departures from yours.

We also draw your attention to the fact that "Birma" will be the Christmas steamer, arriving at 6044
Rotterdam on the 9/22 December, and as we understand that this steamer has gained a good reputation amongst the traveling public, we trust you will be able to secure a fair number of passengers for her. The "Russia" 15 has been fixed to leave yours on the 11/24th of December (Christmas evening), but we have no objection to your despatching the steamer a few days sooner or later as you might deem it profitable.

Please let us have some copies of the new sailing lists you are going to issue.

Eastbound call Rotterdam. We beg to refer to previous correspondence, by which we requested you not 6045
to order the steamers to Rotterdam, unless you can engage 75 passengers, but nevertheless you let the "Lituania" call with 64 souls only, about which we are awaiting your explanation.

For the approaching winter season we have again secured so many agriculturals, that our boats will hardly get any space left for R'dam cargo, and under these circumstances it will not pay to call at R'dam unless you can secure 100 adults (not souls) which please note.

6046 *Petitioner's Exhibit 426*

Especially we direct your attention to the approaching trip of "Lituania" (18). She is fixed to leave yours on the 18/1/10, and if any way possible we should like to despatch her from here on the 2/15th of October. Therefore, if you cannot make the call at R'dam pay, the steamer must call at Newcastle o/T for bunkers on her direct way to Libau, and we shall instruct the Captain to do his utmost to reach Libau on the 30/13th of October. Otherwise the "Estonia" will be despatched as substitute.

6047 It goes without saying, that when the steamers are ordered to bunker at Newcastle o/T, they shall only take enough coals at yours to safely reach that port, and we should thank you to draw the attention of our Captains to this fact.

On account of our rather considerable undercarrying eastbound we are in negotiations with the other lines to have our steamers appointed fighting ships against the North West Transport Line, and shall advise you of the result in due course.

Yours faithfully,

THE RUSSIAN AMERICA LINE,
RUSSIAN EAST-ASIATIC STEAMSHIP CO.
Initials undecipherable.

6049

Libau 3/16th. June 09.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

s/s "Lituania." We beg to confirm our yesterday's telegram as follows:

"Do not delay Lituania unless small committee guarantee demurrage," from which you will have understood, that we do not want you to postpone the departure of the "Lituania"* unless you get sufficient guarantee from the small committee, that they will indemnify us for demurrage of the steamer. 6050

There is some difficulty in getting the demurrage on the "Estonia" refunded, and we shall therefore ask you to kindly never postpone the departures of our steamers without having obtained our consent.

Yours faithfully,
THE RUSSIAN AMERICA LINE,
THE RUSSIAN EAST-ASIATIC STEAMSHIP CO., LTD.
Signature undecipherable.

Libau, 2/16th June 09.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

We beg to acknowledge receipt of your two favours of the 2nd June, and note what you write *re* the reduction of rate, at which the Hamburg-American Line complained.

Your information that the steerage rate for "Russia" to Rotterdam has been fixed to $25.00 by the
6053 small committee and that we will get the difference between this rate and our regular rate, refunded by the conference, has our best attention.

Yours faithfully,

THE RUSSIAN AMERICA LINE,
THE RUSSIAN EAST-ASIATIC STEAMSHIP CO., LTD.
Signature undecipherable.

6055

Copenhagen, 15' September 08.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

We beg to acknowledge receipt of your favours (1) of 2nd (3) of 3rd and (1) of the 4th inst and copy of your letter of 4th inst. to Messrs. Ruys & Co., Rotterdam.

Conference. We thank you for copies of communications with the secretary, which have our best attention.

Sick Passengers. We note that you have deposited 6056
on account of Dr. C. C. Young $330—with the Commissioner of Ellis Island to cover the expenses in connection with the party referred to.

Base Barenbaum. Claim $18 for lodging and $7 for Ry. fare in Europe. We note contents of your communications *re* this matter.

Prepaids. We note you have fixed the prepaid rate from Libau to New York to $35.00 including head tax and that all lines agree hereto. We further note that you are going to advance the second cabin rates prepaid from Libau to New York about $2.50 per head.

Your remarks as to agents have our best attention. 6057

Sailings. We willingly admit that Saturday perhaps is not a good sailing date, we have, however, fixed this day because the stays at yours then would not be so long, as steamers leaving Libau on Tuesday would arrive at New York on Mondays or Tuesdays.

Therefore, in order to fix another day we shall be glad to hear when you whether you think you will be able to despatch steamers on Fridays in case of their arrivals on Mondays/Tuesdays or if this stay will be too short for you. With regard to Tuesday as sailing date, you will note that the steamers stay at

6058 *Petitioner's Exhibit 430*

New York will be a week or more in which case we shall not be able to entertain the service with two active steamers and one reserve steamer.

Please therefore let us have your kind reply, whether you can recommend the Friday and oblige.

Yours faithfully,

C. S. Sannizthat.

Libau, 31/13th August, 09.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

We thank you for the corrected addresses submitted in your favor of the 26th ult. for prepaids No. 13285 and 18523.

"Birma." We note that you have fixed Saturday the 21st inst. as day of departure from New York.

"Estonia" against "Volturno." Referring to the
6089 letter from the Small Committee sent us by your favor of the 26th ult. we do not fail to point out that contents of the same only confirms what we have previously asserted, viz. that the committee only *recommends our claim* for the expenses in connection with the delay to the consideration of the pool lines, but does not afford any guarantee as to the refund of these expenses.

Prepaid 13866/3647. We regret the mistake in writing out the address on the envelope of the letter of advice for this prepaid and ask you to kindly excuse the error.

North West Transport Line. We thank you for the information *re* this line.

6090 *Posting of Letters.* We shall thank you to give this matter your best attention as we lately only have received several of your letters 17-18 days after their having been posted; your letters under reply were thus posted on the 26th ulto. and came only to hand today, *i. e.* after 18 days.

Prepaid 17666/3321. With further reference to your favor of the 10/23rd ult. we request you to kindly inform us, whether this passenger claims to have paid the head tax at Libau or to the agent at Suwalki and with how much. We do not fail to say

Petitioner's Exhibit 441

6091

that *we* of course have not collected any head tax here at Libau.

We duly received your telegrams of the 11th (1) and 13th inst. (3) in accordance with which we are paying as follows for your account:

Ro. 60—to Sura Nezwetzka, Naschelsk, Gub. Warschau.

$25, to Prepaid No. 8136 Dinsberg.

$25, to Prepaid No. 13870 Cyrlin.

$25, to Prepaid No. 16683 Riwke Skhrewsky.

We further note that we may forward Jossia Adam c/o Karlsberg Spiro and that we may pay for your account Ro. 60 to this passenger. We have made inquiries at Karlsberg & Spiro, but they do not know anything of this passenger. We are however keeping in constant touch with them, for the case she should turn up later on.

6092

In reply to your telegram requesting us to cancel prepaid *22716* Sirczak we had to wire you that we do not know anything of this prepaid, as same has not yet been advised. We take it that you have collected for our telegram expenses.

Yours faithfully,

THE RUSSIAN AMERICA LINE,

THE RUSSIAN EAST-ASIATIC STEAMSHIP CO., LTD.

Petitioner's Exhibit 445.

6104

Oct. 11, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Referring to your letter of the 14/27th ult., we have sent you by Saturday's steamer a recommendation from the Small Committee on the Libau question. Although the rate has not been discussed, the Small Committee feels that the Company is entitled to it. Our reason for not discussing any further on that subject was because we were not acquainted with any by-law #22, which you speak of in your letter, and you 6105
are evidently posted on this subject which we are not, and that is the reason we ask you to give us all information about Pool matters, the same as all other General Agents have here, and after we read the same, we will send it back.

In your letter you state that you think the reason why the Libau business is so much smaller than the Rotterdam business is on account of the passport regulations. In that respect there is not such a large proportion, but when a rate is $22.00 to Rotterdam, or $24.00, and it costs for instance $7.00 from Rotter-

6006 dam to a point in Russia, and the rate to Libau should be $36.00 or $38.00, the difference would be so great that it would pay the passenger to go via Rotterdam. We see the passengers here and know how they talk to the agents, that they would prefer to go direct if there was not so much difference in the rate, but regardless of that, we agree with the Company, that when we are compensated on a Rotterdam ticket we should be compensated in proportion on a Libau ticket, and when the Committee comes to us again, which we think they will for the S. S. "Russia" and ask us to use that steamer as a fighting steamer, they will evi-
6007 dently want to reimburse us only for the regular $30.00 to Rotterdam, and we in turn will want the same proportion on Libau, otherwise we will quote the full $38.00 rate to Libau. If on the other hand the Committee is willing to give us the same proportion on Libau as they give us on Rotterdam, and as the rate to Rotterdam on the next steamer will be $22.00 to Rotterdam, or possibly $21.00, the Libau rate should be $29.00 or $28.00 as the case may be. The Company should be reimbursed $8.00 on each ticket, if the Rotterdam rate is made $22.00, both Rotterdam and Libau, and not $9.00 as you claim. That is the rule laid down. If they do not agree to that on Libau, we
6008 will simply quote $22.00 or $21.00 to Rotterdam, and quote our regular rate to

Petitioner's Exhibit 446.

6114

Petitioner's Exhibit 448. 6115

June 11th, 1908.

Messrs., The East Asiatic S. S. Co.,
Copenhagan, Denmark.

Gentlemen:

In conversation today with Mr. Richard, he read our Mr. Straus a cable from his Company, the Russian Volunteer Line, which read as follows:

> "Will send steamers if you can get ample number of passengers from Europe."

Mr. Richard stated, I have written our Company 6116
yesterday about outstanding prepaids, and they will not discontinue selling prepaid tickets. Richard's stated to his company, in conversation with Mr. Straus who thinks the Russian East Asiatic S. S. Co. would be glad to help out the Volunteer Line and take whatever passengers they should offer us at our Cost price.

This would naturally give us the business of both lines should the Volunteer discontinue to send their steamers out here. Please communicate with them if you think this good policy, and thereby capture the prepaid business issuing from the Volunteer Line.

Yours very truly,

6117

JOHNSON.

Petitioner's Exhibit 451.

6121

June 13, 1908.

Messrs. East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

Enclosed please find memo from our Chicago Office and note A. E. J's remarks if a Continental Pool steamer is placed against ours.

We enclose herewith notice from the Holland American Line reducing their third class outward to $22.00; this rate was mailed last night to their agents and we received it this morning. It seems to us quite 6122
clear that this is the policy of the Continental Pool Lines to wait until an outside line have a steamer then place a low rate against it, which they have done against our "RUSSIA." We felt at the present time that it would not be necessary to reduce lower than the Holland-American Line, and we do not intend to lower the rate for Improved Steerage, as we have about 60 booked for Improved Steerage for this steamer. Now it is a question between the non-conference and conference Agents as to who will win out on equal rates. We called on the Holland American Line and told them that it was not necessary to reduce the rates as we had not reduced ours and they blame it on Richard
& Company's Continental. That may be the case and 6123
it may not. We really believe it is the object of the line just as stated above to reduce their rates whenever an outside line has got a steamer on the same date. The Outward business at present has fallen off considerably for all lines which you will notice in the next red sheet statement which will come out from the Secretary of the Conference Line.

We have had ten photographs made of the S. S. "RUSSIA" from the photograph sent us by the builders and have delivered a photograph to each of the

6124 *Petitioner's Exhibit 451*

different American, German and Jewish newspapers in order to get a good advertisement, and create talk about the steamer. We will report to you later what progress we are making.

From conversation with Mr. Nyland, General Passenger Agent of the Holland-American Line. today when we called his attention to the fact that there was no necessity to their reducing their rate, he said, I am sure if you people would now apply to join our combination in Europe you would be received. We do not know how true this information may be but we give it to you for what it is worth.

6125 In connection with the foregoing we cabled you today as follows:

"STEAMER NORDAM PLACED AGAINST RUSSIA RADIQUEIS ORGIAQUE ROTTERDAM FELDBINDE RADOUB."

which we now confirm.

"RATES LAMPSAKOS"

6129

We have made the rate $24.00 to Rotterdam and $31.00 to Libau and hope thereby to scoop in the business which we most certainly would have lost if we had allowed the old rates of $2.00 and $33.00 respectively to stand.

Yours very truly,

6130 **Petitioner's Exhibit 454.**

June 9th, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

The Holland America Line have just sent out notice reducing their rate to $22.00 for the steamer leaving on the 17th instant in opposition to the "CHERSON" which leaves on the same day, therefore, would earnestly request the company to allow us to reduce the rates of the S. S. "RUSSIA" the same
6131 as quoted by the Volunteer Line, as all lines will certainly reduce their rates now, and we think the Volunteer Line will make one dollar differential. We have not yet heard what Messrs. Richard & Co. are going to do, but we consider it very important for our new steamer as we cannot get any kind of business unless we have got as low rates, and should have at least one dollar differential against the combined pooled lines which are so strong in their combination and whatever losses are sustained by these lines are divided up amongst the pool, each line paying their pro rata share. As we understand it, the pool rate, even when steamers run over a certain figure the lines that run over the allotment of passengers according to
6132 their percentages, pay at the rate of $20.00 into the pool. We understand that the Cunard Line according to the new pool arrangement has to pay into the pool $10,000.00 on account of running over their percentages, which we understand is 17% of the total business.

Yours very truly,

Petitioner's Exhibit 455.

6133

June 12th, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

By appointment with Mr. Johnson he met Mr. Richard in reference to discuss future business. He met Mr. Richard and told him that we read the account in the different newspapers of the Volunteer Line withdrawing from the trade, which appeared in the New York Herald. Mr. Richard immediately denied the truth of the reported statement, and showed us a letter written by him to the New York Herald stating that his Company has cabled him that they are only suspending, awaiting more business from the other side. Any other information which the Herald had he claims is incorrect. He then took up the question of prepaid business from the other side; Mr. Richard stated that he has written his Company asking them to forward his prepaids by the Russian East Asiatic S. S. Company's steamers until they resume, as he understands from the Agents here, unofficially, that the Russian East Asiatic S. S. Co. will accept these prepaids at cost. He has written his Company asking them if he shall continue selling prepaid tickets and when he gets an answer he will show us what the Company has written him on the subject. He further states, and promises, that when the Continental Lines have no steamers he would be glad to give us any passengers that he may have from any of his Agents to go via our Line. Of course we only understand that he will favor his New York and Continental Line with which Company he has a contract. That we understand, and for your information the same Agents that work for Richard's Line, are non-conference Agents, and are the same Agents that work for our line. Mr. Richard

6134

6135

6136 *Petitioner's Exhibit 455*

also stated to our Mr. Straus that his prepaid business did not amount to more than 20 passengers a week on account of the dull times. We therefore confirm our cable which we have sent to you today and acknowledge receipt of the cable received from you. The answer which we have sent to you reads as follows:

"RICHARDS CLAIMS VOLUNTEER WINDKUNST TEMPORARILY WROTE COMPANY ADIPOSO OUTSTANDING PREPAIDS FEMELLE OUR LINE ASKING PERMISSION
6137 SCYMITARS PREPAIDS TARRUT IUS PROMISES GIVE US OUTWARD CAMBARCAR HAGIOMACO CONTINENTAL LINES STEAMER;"

and we really believe that if the Volunteer abandons the New York trade that the business that they have received will go to us, and as soon as the prepaid business gets heavier it will force our ships to go full from the other side and put us in a more paying basis. As all the other lines at present, which you also note are not doing very much from the other side. We will get a proper share of this business as soon as the trade begins to move. Outward business looks
6138 very blue for this week as the Italian Line which had a $17.00 and $20.00 rate to Fiume, Trieste and Vienna, which is from $11.00 to $12.00 lower than our rates have carried 807 continental passengers on the S. S. "ARCONA" which is supposed to leave today, after stopping at Philadelphia. This will give you an idea that these cheap rates of the Italian Lines are drawing the business from the other side and we hope that these rates will soon be withdrawn in order that we can arrange, if possibly so, to raise our rates, and agree with the Continental Lines, a small differential is all that we would require for steamers like

Petitioner's Exhibit 455

6139

the "ESTONIA," and if it is true that the Volunteer will abandon the New York trade, and that the Company will see their way clear to go into the Combination or Pooled Lines so that they will get a paying revenue for the business which would make it more profitable for all concerned.

At the present writing we have now booked 7 first cabin, 40 second cabin, and about 60 improved steerage, but we have the cheap rate of the Volunteer Line, $21.00, and the Continental Line of $21.00 and the Holland American Line of $22.00; the Continental sailing four days before us. It is a question what steerage passengers we will be able to secure, and as we do not wish to reduce the rate until we know that a steamer of the Continental Pool Line is placed against us at a lower rate than ours; if they should not, we hope to be able to do fairly well in the steerage. As so many steerage passengers have left this side as stated before, it is an impossibility to state what we can expect at so early a time, however the Company can rest assured that we will do every thing in our power, and leave no stone unturned to get the passengers for the steamer "RUSSIA."

6140

Yours very truly,

6141

6142 **Petitioner's Exhibit 456.**

Libau, 5/18th, August 09.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

Eastbound Steerage Rates. We confirm telegrams exchanged on this subject as per copies enclosed.

We are obliged for your wire informing us that you expected the "Birma" would be selected for fighting the North West Transport Line and thank you for your proposal to increase the Rotterdam steerage rate
6143 to $30.— As the other lines are quoting still higher rates we thought it however best to increase the Rotterdam rate to $31.—, and the Libau rate to $38.—, and wired you to this effect.

We later on received your telegram, from which we note that the "Birma" has been selected for the fighting with a rate of $24.— and that you have announced our regular steerage rates as indicated by us.

We are glad to note from your telegram that the "Birma" arrived at yours yesterday at 9 a. m.

Prepaid 18457. In accordance with your today's wire we are paying Ro. 30.— to this prepaid for your account.

6144 *Prepaid 22716.* From the same telegram we observe that you have already refunded the value of this ticket.

Yours faithfully,
THE RUSSIAN AMERICA LINE
THE RUSSIAN EAST ASIATIC
STEAMSHIP CO. LTD.

Petitioner's Exhibit 457.

6145

Nov. 30th, 1910.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Enclosed please find copy of letter sent by the Conference to the Cunard Line, at a meeting which we attended. The Cunard Line sent out a private circular letter, paying $4.50 commission from Minneapolis to Europe, mixing this commission up with the commission which existed in Duluth, temporarily till January 1st, and on account of the Cunard Line representative not coming to the meeting, the members decided to send them this letter. In the meantime the Cunard Line has telegraphed to their agents to withdraw the commission and the situation is cleared up This is for your information.

6146

Yours very truly,

Copy to Copenhagen.

Petitioner's Exhibit 458.

Nov. 15, 1910.

Messrs. The Russian American Line,
Libau, Russia.

6147

Gentlemen:

As we now understand from a cable received by Messrs. Benham & Boyesen, that after this sailing of the SS Kursk, the Lituania, Russia and Kursk will go direct to Libau and not call at Rotterdam. We regret exceedingly that on this account we could not get the Lituania as a fighting steamer, as we were certain to have a thousand passengers for the Dec. 10th sailing, being a Christmas sailing, as we have already written you.

Yours very truly.

Copy to Copenhagen.

6148 **Petitioner's Exhibit 459.**

Nov. 9, 1910.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to acknowledge receipt of your favor of the 15/28th ulto., regarding the sailings for 1910.

Referring to the SS Lituania, we could easily send this steamer from here on the 8th of December if she comes in on time, and we hope the Company will get her as a fighting ship.

6149 As Messrs. Benham & Boyesen have about 3200 tons of cargo for this steamer, they could take about 2500 tons and leave 700 tons for the SS Russia, and we could send the SS Russia and Kursk following the Lituania direct to Libau.

We will also try to get a sailing list from the Uranium S. S. Co. and send it to you as soon as possible.

Awaiting your further instructions in the matter, we remain,

Yours very truly,

Copy to Copenhagen.

6150

Petitioner's Exhibit 460.

6151

Nov. 4th, 1910.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We regret exceedingly that we have not been able to dispatch the SS Birma to Rotterdam, in spite that we formerly advised you that we hope to get the number of passengers required by our Company in order to have this steamer touch Rotterdam, but the North German Lloyd has decided to send the Grosser Kurfest against the Volturno of the Uranium S. S. Co. at 6152
the rate of $21, brutto, and sent out a circular to this effect on Saturday night, which means practically a week before the sailing of the SS Birma.

Some of our agents had already advised outward tickets, but stated immediately on receipt of the circular from the North German Lloyd, that under no consideration are they able to get any more Rotterdam passengers for the SS Birma, because each passenger would certainly prefer to wait five days, thereby saving a difference of $10.00 in rate, and also from $1.00 to $1.50 difference in European rail fare, as the rates from Bremen to inland points are from $1.00 to $1.50 than from Rotterdam. Some of the agents also asked 6153
to have their outwards which they advised, cancelled, and to return their remittances, as the passengers desired to wait and take advantage of the cheaper steamer in order to save at least $10.00.

It might have been, that in spite of the circulars sent out by the North German Lloyd that we would have had the required amount of adults, as reports coming in from the State of Pennsylvania and Chicago show that we would have had about 80 steerage and 7 cabin passengers to Rotterdam; possibly 100; but as our steamer sails at 2 o'clock in the afternoon, and if we

6154 *Petitioner's Exhibit 460*

did not come up the 100 adult mark, it would be impossible then to change direct to Libau, so we thought it best on Wednesday to advertise the steamer direct to Libau and transfer the passengers booked.

You of course know how difficult it is for us to decide or say how many passengers we will have prior to the sailing. It is a physical impossibility, and no one can say that, except guess at it. We presume that you have the same difficulties on your side, and as the SS Kursk has freight to Rotterdam, she naturally has to go to Rotterdam, even if she will not have the re-
6155 quired number of passengers. But after then, unless the Company can see their way clear to change the instructions about the 100 adults to Rotterdam, it would be far better for the Winter season, January and February, to send the steamers direct to Libau and advertise them to that port only, unless Messrs. Benham & Boyesen have freight for Rotterdam, but as we understand, the Company has now enough agricultural freight to fill the steamers to Libau.

Of course the Company understands that the steamers must be coaled with 1500 or 1600 tons if they go to Rotterdam but if they go to Libau direct via New Castle o/T, they need only about 1000 tons, and therefore it would be a difficult matter for us on
6156 the last day to decide to go direct to Libau on account of not having a sufficient number of passengers for Rotterdam, as the coaling must be done before the last day. The Company will therefore readily understand their instructions are very hard to carry out as stated previously.

Also, should we have had only 80 or 90 passengers for Rotterdam, and decided then to transfer these passengers for the reason that we did not have the required amount, we would have had to send these passengers to a hotel and to keep them for the sailing of some other steamer, as no steamer sails after 2 o'clock

6157

P. M., and we would have to pay the board of these passengers in a hotel from Saturday to Tuesday, which would be at least $3.00, and also the difference in rate of $4.00, or a total of $7.00, which would amount to about $600.00 for all the passengers, which we desire to avoid for the Company.

By cutting out Rotterdam it would hurt the Rotterdam business of the line, as the agents must be continually notified when we have a steamer to Rotterdam, as we have sailings only every 14 days, and they naturally forget the sailing. It is not like other lines that have a sailing every week on one particular day.

6158

We will now be out of the Rotterdam business in case the Company adheres to the instructions, for the months of January and February, and we naturally feel that it hurts the business regardless of how many passengers the steamers take to Rotterdam, as we wish to convey to the public that we have a Rotterdam service. We therefore think that the instructions should be changed to 75 adults instead of 100 adults to Rotterdam.

Yours very truly,

Copy to Copenhagen.

6159

6160 **Petitioner's Exhibit 461.**

Nov. 1st, 1910.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Referring to our letter of yesterday, regarding the insuring of passengers, we have today received the enclosed private and confidential communication from the Secretary of the Conference, which we hasten to send to the Company, for your information.

As we suggested yesterday, the Company should
6161 have absolutely nothing to do with the insuring of the passengers, and also not to encourage the insurance of aliens. We hope the Company can bring this about because it might, as the question is up now, cause inconvenience to such passengers that are insured.

We think this matter has been brought up by the other lines through their representatives in Russia, therefore it is very important for the Company to discourage the insurance of passengers against deportation.

Yours very truly,

Copy to Copenhagen.

6162

Petitioner's Exhibit 462.

6163

March 18th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Prepaid 17759/750, Rotterdam report 76, August 11th.

The passenger on this prepaid ticket was booked from Rotterdam to New York, and this ticket advised accordingly. The agent who sold this ticket has asked now to advise this passenger to come forward via Libau, but the purchaser could not afford to pay the 6164
difference in rate, between the Rotterdam rate at which this ticket was purchased, and the ruling rate.

As it is a loss to our Company if passengers are forwarded via the Holland American Line, we have decided to take into consideration the rate which was in effect at the time this Rotterdam prepaid has been advised, viz., $34.50, therefore we have collected from this passenger the difference in rate amounting to $9.00, and also $10.00 for a passport. This amount of $19.00 you will find credited in our finanical statement of March, and therefore we will kindly ask you to advise this passenger again to come forward via Libau, and inform them at the same time that the pass- 6165
port has been paid for. The name of this passenger is Machla Resnik.

Yours very truly,

6166 **Petitioner's Exhibit 463.**

March 19th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to enclose you herewith a copy of a letter which we have sent to the Holland American Line, which explains itself. We do not think that the Company has made an agreement with the Holland American Line, in accordance with which the Holland American Line should receive 5% cancellation fees
6167 on the gross amount of a prepaid ticket, as it is against the rules to deduct 10% from money which does not concern the Company, and it cannot be required to deduct 10% on head tax or American or European rail fare. The only right that a steamship company can require for the disposition of money that belongs to them is for the ocean passage and therefore we have asked, as you will see from the enclosed letter, to refund to us the amount of $1.87. In consequence of this letter we will not credit you any more with 5% cancellation fees on Rotterdam prepaids, as evidently you have made the arrangement with this line.

6168 Yours very truly,

Petitioner's Exhibit 464.

Omitted.

Petitioner's Exhibit 465.

Omitted.

Petitioner's Exhibit 466.

6169

March 25th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

On account of the steamer "Estonia" not sailing on time, we had to transfer 37 passengers. 22 were transferred to the North German Lloyd, 1 to the Cunard, 6 to the American Line and 8 to the White Star Line.

We transferred 14 passengers to the White Star and American Lines, and as they give us general 6170
agent's commission of $3.00, we therefore charge your account only with $2.00 each, or $28.00, and on the remaining 23 passengers we only received $2.00 each, therefore, we charged your account with $3.00 on each ticket, or $69.00; total $97.00.

The numbers of these tickets you will find in the vouchers attached to the financial statement.

Yours very truly,

6171

6172 **Petitoner's Exhibit 467.**

March 23rd, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Please note that the "Lituania" will have 10 steerage and 1 cabin passenger. About 25 Rotterdam passengers will be transferred to the Rotterdam Line tomorrow, and they accept our rate of $28.00 less $2.00 commission.

This season of the year it is only the better class of
6173 people that are traveling, and those that have money, as of course, the foreigners who have work here would not go this season of the year, either to Rotterdam or to Libau, or points beyond, unless for pleasure.

The Hamburg American Line steamer which left here Saturday was the Easter ship, and as the passengers are looking for the largest and fastest steamers, particularly when they have money, and the "Lituania, "Estonia" and "Korea" being well known to the agents now, as well as the traveling public, in comparison with the other steamers, we naturally could not expect to receive anything like the other lines received, when we sail against such steamers as the White Star, Ham-
6174 burg American, Holland Line, and North German Lloyd, whose rates are the same as ours, and whose rail fares range from $1.00 to $1.50 cheaper than we are from Rotterdam, and as stated above, the class of people that travel are the better class, and this is the best that could be done under the circumstances.

A number of agents have also called our attention to the changing of our sailings from time to time, and as the other lines have a particular day mapped out every week, and some twice a week, we stand of course at a disadvantage with the material we have.

Petitioner's Exhibit 468

We also wish to call your attention, if you take your sailing list, you state that your steamers sail from Libau on Tuesday, and you claim that the steamers arrive here on Monday. This never occurs, as the steamers do not leave Libau on Tuesday; sometime on Wednesday, and as in the case of the "Lituania," on Thursday, and she naturally arrived here too late for Saturday.

Petitioner's Exhibit 468.

March 23rd, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Referring to the Company's cable of the 15th inst., reading, "Korea arrived at Libau Sunday 5 P. M., please collect to our credit $16.50 from prepaid 21198," beg to inform you that it was impossible to collect this amount on prepaid 21198, as you will see from the enclosed letter of the agent who sold this ticket. We could not keep the baggage, as this passenger did not have any and we have no right to hold a passenger back at the Island, and therefore as we could not collect this amount, we are very sorry we cannot credit your account with the same.

Yours very truly,

6178 **Petitioner's Exhibit 469.**

Libau, 24/9, March, 1909.

Passenger Department. R. C.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

Duchoboray sect. We are in receipt of your favor of the 23rd ulto. and note with great interest all you write upon this subject.

We think that the letter you have required from the Russian Consul will prove sufficient, and shall take up
6179 the matter with the ministry on this side upon receipt of same.

As for the transport of the whole body, 10/12,000 souls we have written our board at St. Petersburg, and in the meantime we ask you not to close any contract for this business unless having conferred with us about the particulars.

At our present rate, $35. to Libau we shall not be able to carry out this transport unless with a loss, having to pay to the Conference £4.—.—for any passenger beyond our share, but we might be able to raise our Libau rate to $38.50 or $40, and at the same time we reckon that you might see your way to content your-
6180 selves with $2 commission per adult, taking into consideration, that you have no subagents' commission to pay, and also the special nature of this business. Please let us have your views.

Yours faithfully,

THE RUSSIAN AMERICA LINE.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Prepaid 13493, reference 841, report 76, July 13th.

We beg to refer to our letter of Jan. 8th, in which we informed you that this passenger arrived on the steamer "Birma" and has been entered by you as a Russian Volunteer ticket, #20980.

The agent who sold this ticket advised this prepaid
6191 to us under the above mentioned number, but as we informed you some time ago, some passengers at the time the Volunteer Fleet went out of business had the blanks of this Line.

Messrs. C. B. Richard & Co. now claim from the agent of this prepaid ticket, the payment of same, therefore we have asked you to cancel same and refund to him the proceeds without any deductions.

Will you kindly give this matter your prompt attention as the agent is very anxious to receive the refund of the same.

Yours very truly,

6192

Petitioner's Exhibit 474.

6193

April 12th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The steamer "Russia" is leaving during the week of the Jewish Holidays, "Pasach," which is Easter week, and there are very few passengers travelling, which you will notice from the pink sheets sent out by the Conference.

Yours very truly,

6194

Petitioner's Exhibit 475.

April 14th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Refund of Trachoma Fines:

We beg to inform the Company that in a conversation to-day with Mr. Lawson Sandford, Secretary of the Conference, he informed us that up to the present time the Supreme Court has not handed down a decision whether the steamship companies will receive the refund of these fines or not. This is to advise the Company that you will be then posted.

6195

Yours very truly,

6196 **Petitioner's Exhibit 476.**

April 16th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Referring to the Company's letter of the 1st inst., we noted with pleasure that your board is working very strong to get through the proposition about the immigrant slips, and it was told to us privately that under this condition the R. V. Fleet is going to start in the business. Certainly we do not know how much
6197 truth there is in this statement or rumor, but this has been told to us by the Russian Immigrant Society, who are in very good connection with the Russian Government.

Concerning the required copy of the tariff of the Austro American Line for Russian prepaid passengers, we beg to enclose you herewith a copy, and also a copy of a statement made by Mr. Nelidoff.

Concerning the copy of the letter in question (original) we have written to the agent who has given us a copy of this letter asking him to send us the same, and if he will give us this letter, we will send the same to you, but we doubt whether he will let us have this letter.

6198 Yours very truly,

Petitioner's Exhibit 477.

6199

April 16, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to inform the Company that all lines will advance the Eastbound outward rates as follows, which rates we will quote for our next sailing.

To Rotterdam,	Steerage	$31.00
	Improved Steerage	33.00
To Libau,	Steerage	38.00
	Improved Steerage,	40.00

6200

Yours very truly,

Copy to Copenhagen.

6201

6202 **Petitioner's Exhibit 478.**

April 20th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Enclosed please find the minutes of the last Conference meeting. We beg to call the Company's attention to the paragraph regarding Southern Pacific Individual Railroad Orders.

The Southern Pacific have been endeavoring to transact the rail business in Europe with some of the
6203 Lines, without success, but some of the Lines, as we understand it, have been drawing Southern Pacific Orders, out of friendship to Falk & Co., who are the Southern Pacific Representatives at Hamburg.

The Conference thought it best policy for each and every steamship company to draw their own individual orders, the same being handled here by the Immigrant Clearing House, and the Lines have been requested to write their representatives or home offices to this effect. We recommend not drawing any Southern Pacific orders whatsoever, as there is no particular benefit to the Company.

Yours very truly,

6204

Petitioner's Exhibit 479.

Petitioner's Exhibit 481.

6211

April 27th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Maintenance of Conference: Enclosed please find a copy of a letter from Mr. Lawson Sanford, Secretary of the Conference. In a conversation with Mr. Sanford today, he claims that the Managing Committee had decided on $400 for the Russian American Line. Mr. Sanford also claims that the lines like the Sicular Americana, which had only 10 sailings, also paid $400. 6212
This is the compromise which the Managing Committee suggests, $400 for the Russian American Line.

Mr. Sanford also claimed that if the Conference accepted $200 as offered by us, it would disturb the entire arrangement of the maximums, and leave the Conference with insufficient funds for maintenance, as all the Italian Lines now paying $400 would want to pay the same as us.

Mr. Sanford suggested that we therefore submit this to the Company and rule by your decision.

Yours very truly,

Copy to Copenhagen.

6213

6214 **Petitioner's Exhibit 482.**

April 29th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Sometime ago the Company send us a statement of railfares which will be in force from May 1st from Rotterdam, and which we should place in our European Inland Tariff. As the Holland American Lines does not make any changes in the rates and the difference is so small, we think it would not be advisable to
6215 advance the rates, because we always have to have the same European rail fares as the Holland American Line, taking into consideration that their agents are also our agents.

Yours very truly,

Petitioner's Exhibit 483.

Dec. 12, 1908.

Messrs. Ruys & Co.,
Rotterdam, Holland.

6216 Gentlemen:

We beg to enclose you herewith a letter from our former general passenger agent of Philadelphia, who complains that the prepaid passengers have not yet received any letters of information when to call for embarkation.

In accordance with letter received from our Company, the arrangement between the Holland American Line and our line has already been made to forward all Rotterdam Passengers, and wherefore will kindly ask you to advise the same at once, in order to avoid any more trouble.

Yours very truly,

Petitioner's Exhibit 484.

6224

Petitioner's Exhibit 487.

April 16th, 1909.

Messrs. Ruys & Co.,
Rotterdam, Holland.

Gentlemen:

Prepaid 6852, reference 828, report 70, July 16th.

The purchaser of this prepaid ticket informs us today that the passenger on the above mentioned ticket has written him a letter in which he states that the Holland American Line has informed him that this ticket is "no good" and should be changed for another one. We do not see the reason why this passenger should not be forwarded, as this ticket has been duly advised and has not yet expired. We would kindly ask you to communicate with the Holland American Line or with the passenger, in order to forward these passengers at the earliest convenience.

6225

Yours very truly,

6226 **Petitioner's Exhbit 488.**

Nov. 4, 1908.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We herewith beg to inform you that in accordance with the Trans-Atlantic Passenger Conference Notice ♯400, the North German Lloyd has advanced the westbound prepaid third class rates for New York Express steamers from $34.50 to $38.50. For New York regular steamers, from $27.50 to $31.50. For Baltimore service from $27.50 to $31.50. Galveston steamers from $30.00 to $34.00, plus United States head tax of $4.00, as per enclosed sheet.

6227

We also beg to inform you that the Holland American Line has advanced their prepaid rates $4.00. This means, prepaid rate from Rotterdam or Boulogne Sur-Mer to New York for all prepaid passengers except for Russian, Austrian, Hungary and Roumanian to $31.50. Prepaid rate from Rotterdam for passengers from Russia, Austria, Hungary or Roumainia nationalities, to $33.50.

We also beg to enclose you herewith rate sheet given out by the American Line Oct. 27th, under ♯63, in accordance with which you will see that the rates to Europe are,—

6228

To Hamburg	$28.00
" Budapest	$34.15
" Oswiezim	$32.00
To Berlin	$29.40
" Oderbarj	$31.90
" Vienna	$32.85

Petitioner's Exhibit 488

6229

while our rates for the same places are:

To Hamburg	$31.00
" Budapest	$35.55
" Oswiezim	$33.70
To Berlin	$31.00
" Oderbarj	$33.60
" Vienna	$34.00

The steamers leave New York Nov. 14th, 17th, 21st and 28th, and Dec. 5th, and therefore the steamer "St. Louis" sailing the same day as the "Korea" which has cheaper Continental rates than ours, therefore we *will* have a hard fight.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We have just received the following letter from Messrs. Ruys & Co.

"It has not been arranged between our Company and the Pool Lines that the latter take over all the prepaids still outstanding. The Pool Lines however have not yet taken the decision as to the route by which the passengers will have to go. As soon as this decision 6242
will be taken, the passengers will receive the necessary instruction."

We would kindly ask you to try to make the arrangement with the Pool Lines as soon as possible, because every day we receive so many complaints and letters from agents who have sold these Rotterdam prepaids, and we would be very glad to have this matter settled and straightened out.

Yours very truly,

6243

6244 **Petitioner's Exhibit 494.**

Sept. 18, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Referring to your letter of the 19th/1st inst., regarding the S. S. "Birma," in which you acknowledge receipt of ours of the 16th ult., circular #37, the Small Committee of which our Mr. Straus was a member, decided to make the rate on the "Birma" $24.00 to Rotterdam, as the pool arrangements are,
6245 that no line receives a higher compensation for a ticket than $30. Naturally you would not receive more than $35.00 to Libau. On the other hand you will notice the small amount of business on the S. S. "Birma" to Libau compared with Rotterdam. We have left the Libau rate too high; for instance, when we charge $24 to Rotterdam, when instructed by the Small Committee, we should not charge more than $31.00 to Libau, but the Pool does not compensate you anything on the Libau, as above stated, and you would receive more Rotterdam business and no Libau business, because the passengers will know that the rail fare from Rotterdam would make it much cheaper for them than
6246 to go via Libau and paying the ocean passage of $35.00 or whatever the rate may be to Libau. We on the other hand kept the $35.00 rate to Libau in order to make as much revenue as we possibly could for the

6255

6256 **Petitioner's Exhibit 499.**

Sept. 14, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to acknowledge receipt of the Company's letter of the 21/3rd in which you send us a copy of your letter written to Mr. H. Peters in Jena, in which you do not agree at our steamers being used as fighting ships unless the lines refund you the full difference.

For your information, we beg to state that the lines
6257 here are very anxious to be appointed fighting steamers, knowing that they receive $30.00 per head, no matter what rate is used to do the fighting, and we also beg to say that we should not take this stand with the Pool Lines on account of the probability of some other line going in for the Russian business, and if such is the case, we may be required, in order to protect the Company's interests, to be used as the fighting steamer to Libau. However, the Company knows best what it wants, but we simply respectfully make this suggestion.

Yours very truly,

6258 Copy to Copenhagen.

Petitioner's Exhibit 500.

6259

Oct. 4, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

On November 6th, the same date as the s. s. "Russia" is scheduled to sail, the North West Transport Line will have a steamer sailing, at the rate of $24.00 to Rotterdam and $31.00 to Libau. We expect to be selected by the Small Committee as the fighting line, and we respectfully ask the Company to allow us to take up the fight on that particular date, as we understand the Company is compensated at the rate of 6260
$30.00 to Rotterdam. We could place the Rotterdam rate in effect, but leave the Libau rate stand at $38.00. Of course, we will get very little Libau business, as with the $24.00 rate to Rotterdam, it would be very much cheaper to the interior of Russia via Rotterdam than via Libau direct.

As the Lapland sails on the same date as the "Russia," Nov. 6th, if we should refuse it, the "Lapland" will receive the privilege to do the fighting and be compensated at the rate of $30.00 per head, and naturally we would carry very few passengers being that two lines are so much cheaper than we are the North West Transport Line and the Red Star Line. 6261

We therefore ask the Company to cable us and permit us to accept the decision of the Small Committee, which all lines do here.

Yours very truly,

Copy to Copenhagen.

6262 **Petitioner's Exhibit 501.**

Oct. 6, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Referring to our letter of today, in reference to the Libau rate, the Committee has never discussed the Libau rate with us because they have been under the impression that the Pool only compensates at the rate of $30.00 to the Continental Ports, about which we have written you a number of times.

6263 We never discussed the Libau rate, but the argument we used with Mr. Phelps, and Mr. Reilly, is as follows:

Our rate to Rotterdam at that time was $31.00 and to Libau $38.00. Now, as the Pool compensates at the rate of $30.00 to Rotterdam, and as the Libau rate should be $7.00 higher than the Rotterdam rate, we should be compensated not less than $2.00 on Libau instead of $3.00, as we collected $35.00 for Libau. Under this condition, the regular fare compensation rate and $7.00 higher for Libau would be $37.00.

Yours very truly,

6264 Copy to Copenhagen.

Petitioner's Exhibit 502. 6265

Oct. 6, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The following letter was sent to Mr. Sanford, Secretary of the Conference by Mr. H. Peters of Jena:

"I beg to acknowledge receipt of your favor of the 13th inst. contents of which have my attention.

I hereby would ask you to kindly inform me whether the Small Committee has agreed to the reduction of the Libau rate of the s. s. "Birma" August, from 6266
$38.00 to $35.00 because the Russian American Line claim compensation, besides for passengers booked for Rotterdam $162.00, for difference in rate for passengers for Libau at $3.00 each. This claim could hardly be recognized, unless it was by order of the Small Committee that also the Libau rate has been reduced with the view to withdraw passengers from the N. W. T. L. Awaiting the favor of your reply."

At the bottom of this letter the Small Committee endorsed as follows: "Not discussed but think entitled to $2.00 for each Libau fare." This has been signed by Mr. Phelps, Jr. of the Austro-American Line and Mr. Reilly of the Anchor Line.

6267

Yours very truly,

Copy to Copenhagen.

6268 **Petitioner's Exhibit 503.**

Oct. 8, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The s. s. "Graf Waldersee" was placed against the "Volturno." The s. s. "G. W." will have from about 400 to 500 passengers. We do not yet know what the "Volturno" will carry.

The rate for the "Graf Waldersee" is $22.00 and the rate for the "Volturno" is $21.00. The North
6269 West Transport Co. always make their rate $1.00 less than the official rate quoted by the Conference Line.

The other steamers that sail tomorrow will have very few steerage passengers on account of the Hamburg rate being so low $22.00 against $31.00 and $33.00 of the other lines.

Yours very truly,

Copy to Copenhagen.

6270

Petitioner's Exhibit 504. 6271

Oct. 11, 1909.

Messrs. The Russian American Line, Continued.
Libau.

We hope this will be satisfactory to the Company, and wish to say at the same time, knowing we will have a large opposition on that particular date, that if we do not accept the fighting rate on that day, our rates will be so out of proportion that we will have hardly any steerage passengers on the S. S. "Russia" which is very important for the Company to know at this season of the year.

We therefore ask the Company to kindly cable us 6272
immediately whether we should accept the $8.00 if the rate to Rotterdam is made $22.00 and $8.00 on Libau if the rate is made $29.00.

In reference to the Small Committee making a rate, there are no papers or agreements signed. It is simply a verbal understanding, as no minutes are kept by any committee on such matters, which you understand but we simply receive a notice from the Secretary that the Small Committee has decided to make a certain rate. This notice is always sent you.

Yours very truly,

Copy to Copenhagen. 6273

Gentlemen:

We beg to acknowledge receipt of your cable in which you stated to instruct the Captain to proceed to Leeds, in reply to our cable in which we asked you for instruction, if the steamer should proceed via Rotterdam or direct to Libau in case we only have 50 passengers for Rotterdam.

The outward business is very poor, as you will see 6296
from the pink sheets we are sending you, with the exception of the fighting steamers of the cheap rates, and certainly, all the agents knowing that there will be a fighting steamer against the North West Transport Co. always keep the passengers for these steamers. We had about 50 Rotterdam passengers for the Lituania and have transferred them to other lines.

We beg to enclose you herewith a clipping from which you will see that the North German Lloyd will start from March 10th, a direct service from Bremen to Philadelphia, and go from Philadelphia to Baltimore on the voyage from this side. This certainly will effect the outward business from the state of Pennsyl- 6297
vania and vicinity.

Yours very truly,

Copy to Copenhagen.

6298 **Petitioner's Exhibit 514.**

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to confirm our cable of today in which we informed you that the steamer Estonia will sail from this Port Tuesday, the 18th inst. For your information, the Small Committee has selected the Estonia as a Fighting Steamer, as the Rate of $22.00 to Rotterdam and $29.00 to Libau.

6299 Yours very truly,

Copy to Copenhagen.

6300

Petitioner's Exhibit 515.

6301

Jan. 21, 1910.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The S. S. Lapland is to sail tomorrow at the rate of $22.00 to Antwerp, and $6.00 and $7.00 from Antwerp to Russian points by rail, makes the rate to Libau about $29.00. The rate on the Birma being $38.00, and the steamer going direct to Libau, where at this time of the year there is no direct business to Russia of any kind, naturally there will be no passengers to 6302
speak of on the Birma.

For your information, there were three steamers used as fighting steamers against the Uranium, which was to sail yesterday as they have postponed their sailing three times; once the Hamburg American Line, then the Estonia, and tomorrow the Lapland.

These oppositions of rates of course knock out the outward business, as passengers are being so well posted that they seem to try to find out when the next North West Transport steamer sails, and they feel to know now that there will be a cheap rate placed against them and they wait until the last few days before buying a ticket in order to get the cheaper rate. Somehow 6303
or other, it demoralizes the business for all lines.

Yours very truly,

Copy to Copenhagen.

Petitioner's Exhibit 517.

6307

Jan. 7, 1910.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

A ship broker by the name of Streeter called us up on the telephone and inquired of us whether the steamer Birma or Estonia could be bought and at what figure. We immediately inquired and ascertained through discussion that the ship broker, Mr. Streeter, was representing a Fredrick Allesi of Genoa. Being at this particular time the Greek Line is about to enter 6308
the Pool in some way or other, we ascertained through other sources that it is possible that the Greek Line might be in the market to purchase a steamer. We thereupon, after consulting with Captain Berg, decided to send you the following cable:

"Imitate Poolturf Birma or Estonia Bajulantis for Greek Line Ugnitors same Galmgaten Mediterranean Conference Talacory Ikosium Sell Chynche Berg," which means:

Inquiry has been made what is the price of Birma or Estonia. We believe it is for the Greek Line. The understanding is same is going in Mediterranean Conference. Advise by telegraph if you are inclined 6309
to sell. We have consulted with Captain Berg.

We are awaiting your cable answer as we are not aware that the Company at present is willing to sell any of the steamers. As soon as we receive your cable we will then submit it to the broker and await further developments.

Yours very truly,

6310 **Petitioner's Exhibit 518.**

Jan. 21, 1910

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

Your favors of the 8th and 10th instant, in answer to our telegrams, in reference to the broker who was negotiating with us in reference to the sale of either the Birma or Estonia, to hand.

In your letter of the 10th you state that you do not understand our cable, "Broker is trying to back out cannot make a firm offer," as, when no firm offer has
6311 been made it would not be necessary to back out. To this we must answer that the broker, whose reputation we found out was not of the best, but we stated to him that we do not think our Company would take less than $400,000.00 for the steamer Birma. This did not phase the broker and he insisted and was even willing to pay for the cable, to find out whether these steamers could be bought and at what price.

After making inquiry we ascertained that the Greek Line was about to enter the Mediterranean Conference and as the broker stated to us his principal was Fredrick Allesi of Genoa, we put both things together and thought possibly there might be something to it, and when we cabled you we mentioned the Greek Line in
6312 order to place the Company in possession of the information so that they could communicate with someone or with the Pool people, if necessary to find out if they were in the market. We considered this of course our duty, when the broker was willing to pay all the cables and expenses, but after receiving the Company's cable and communicating with Mr. Streeter, that we are ready to talk business with him, he made us an offer of $80,000.00 for the Birma only. This was ridiculous on the face, and therefore we cabled to you, "Broker is trying to back out cannot make a firm offer" for that was enough for us to know that there was nothing in the whole transaction.

Yours very truly,

Petitioner's Exhibit 519. 6313

Dear Sirs:

Cabin Passengers. As you will be aware our arrangement with the Atlantic Conference does only concern steerage passengers, and consequently it is of importance to us to obtain as many cabin passengers as ever possible.

6323 According to our arrangement with the other lines we are bound to have a difference of not less than $10 between improved steerage and 2nd cabin, and we wired you today in order to facilitate your endeavors:

"Reduce 1st cabin $55—Rotterdam, $65—Libau 2nd cabin $45—$50—eastbound, westbound. Endeavor fill Russia's cabins. Telegraph confirmation."

after which considerable reduction we trust you will see your way to fill all the cabins of the "Russia," in spite of the rather short time which is left you.

We contemplate evtl. to make our improved steerage a 2nd class B on the "Estonia" and "Lituania" and use the 1st class on "Russia" and "Birma" for 2nd
6322 class passengers, but to this scheme we shall revert later on.

Yours faithfully,

THE RUSSIAN AMERICA LINE,

Petitioner's Exhibit 524. 6325

Oct. 29, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to acknowledge receipt of the Company's two cables reading:

"Russia Chofreire advisable decideros"
"Russia rareness oblongo achispado ful compensation bailoteo orienting oriolanas."

On receipt of the latter cable we communicated 6326
at once with the secretary of the Conference, but he informed us that the "Russia" cannot be taken as a fighting steamer because he has received the notice from Secretary Peters that our Company has withdrawn from by-law #22, and in order to arrange that our S. S. "Russia" can be selected as a fighting steamer, we have telegraphed you as follows:

"Secretary imprimaba Peters acianto again bylaw 22 otherwise our steamers whipsters selected fighting abundamos."

We hope you will not fail to communicate at once with Secretary Peters, in order that our steamers, in 6327
this particular case the "Russia," can be selected as fighting steamers, on the compensation basis of $30.00 and $37.00 respectively.

Yours very truly,

Copy to Copenhagen.

6328 **Petitioner's Exhibit 525.**

Nov. 19, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We respectfully call the Company's attention to the difference between our second class rate from Libau compared with the rates of the other lines from Rotterdam to New York, or from Antwerp to New York, via the Holland American Line or the Red Star Line.

The prepaid rate of the Holland American Line and the Red Star Line, steerage, for Russians, $40.50 ex-
6329 clusive of head tax, and their second class rate from Antwerp and Rotterdam being $50.00 is based on the steerage rate of $38.50 from both Antwerp and Rotterdam, on all classes excepting Russians, for which they charge $2.00 more, as the Company understands that all lines make extraordinary efforts for second class passengers, by charging $10.00 more than the steerage rate, and then do not charge the head tax.

Our second cabin B rate from Libau being $62.00 is evidently based on the $48.00 steerage rate to New York, plus the $4.00 head tax, which equals $52.00. Then the Company adds the $10.00 which is the difference between second class and steerage making the second cabin B $62.00.

6330 We think, if the Company agrees with us, that $58.00 would be sufficient, and also, we would then possibly be able to get second cabin B business, which does not count in the pool. This would put us in the position to sell those tickets instead of giving us a prohibitive rate of $62.00, and naturally we will not be able to sell any second cabin B tickets from Libau to New York at this rate, and as we have a right, as we understand it, to charge $10.00 above the rate exclusive of head tax, we would exercise our right and privilege by making the rate $58.00 and we respectfully call your attention to this while our steerage rate is so high compared with other lines.

Yours very truly,

Dear Sirs:

Maintenance of Conference. We are in receipt of your favor of the 27th ult. with enclosure, contents of which noted with interest, and after having perused same we may say that we would find it unreasonable if we had to pay more than the Scandinavian America Line, for the motivation for their contribution of 6338
$200 a year, that "activity of Conference in respect to Scandinavian passenger business is moderate" does to a still higher extent apply to the Russian passenger business. As for the Italian Lines we do not know in what degree they occupy the Conference, but it is no doubt more than we.

We would therefore ask you to induce the Conference to reconsider the matter and failing acceptance of $200 try with 250 or 300. Should the Conference after all keep up their standpoint, we must leave it to you to judge whether the membership is worth $400 a year to us and act accordingly.

Please inform us of the result. 6339

May 13th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The Raglan Castle sailed yesterday with 3 cabin and 127 steerage passengers. The rate for the Raglan Castle has been $26.00 $5.00 cheaper than our rate to Rotterdam and the Committee which was appointed did not feel like meeting the rate, as they did not think they could carry very much. Our line naturally
6347 suffered, as we should have carried those 127 steerage passengers which the Raglan Castle carried, but our rate was as stated above $5.00 higher, and the committee did not think it necessary to meet the rate. We therefore only carried 66 steerage passengers and 19 cabin.

Besides the rate, the agents' commission was $3.00 and $4.00 per head but the committee is watching the Northwest Transport Line and it has been agreed among them all that it would be a short life with them.

Also, the Bluecher, which sailed yesterday morning, left with 125 steerage passengers which steamer is a fine and elegant boat. They felt the competition but they did not mind it.

6348 Yours very truly,

Copy to Copenhagen.

Petitioner's Exhibit 533. 6349

Copy to Copenhagen.

6352 **Petitioner's Exhibit 534.**

May 14th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

As the Northwest Transport Line have a steamer on the 22nd inst., the small committee appointed to watch their interests, have decided to use the "Estonia" in fighting the reduced rates of the Northwest Transport Line, and instructed us to make the rate on this steamer to Rotterdam $26.00 and therefore the Libau rate will
6353 be $33.00 and under the old rules which have not been changed by Mr. Peters the Secretary the line thus used for fighting purposes is compensated at the rate of $30.00 per head to Rotterdam therefore the Pool Lines will have to pay the company $4.00 for each passenger carried.

Kindly write Mr. Peters a line, as the committee claimed it has not been changed from last year.

Yours very truly,

Copy to Copenhagen.

6354

Petitioner's Exhibit 535.

6355

May 20th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The Small Committee appointed to fight the rates of the North West Transport Line have decided that we should also fight on June 5th with the steamer "Russia," and instead of making our rates $28.00 to Rotterdam, we should reduce our rates to $26.00 to Rotterdam the company being compensated by the Pool Lines, the same as last year.

6356

We shall comply with their request which means that we should not send out our circulars from here until Saturday morning the 29th inst.

On this steamer we shall charge $4.00 more for improved steerage instead of $2.00 more, as the steamer of the North West Transport Line leaving June 5th has no improved steerage, and we trust we will receive good support and show good results.

Yours very truly,

Copy to Copenhagen.

6357

6358 **Petitioner's Exhibit 536.**

May 21st, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

As the steamer "Estonia" has been designated as the fighting ship against the "Volturno," the committee called upon us today and requested us to hold the steamer until Monday on account of the "Volturno" being postponed till Tuesday and to procure whatever other business we can get.

6359 They are also writing to Mr. Peters, to arrange to compensate the company for the cost of the same, which we estimated would be about $500.00 per day.

Besides this you understand for this steamer the company is only getting $26.00 to Rotterdam. You will also bill in to the Pool Lines for the difference between $26.00 and $30.00 which is the amount the lines compensated other lines last year when they competed against outside lines, and as our rate was only changed to $28.00 for the S. S. "Russia," we therefore are entitled to the difference in rate between $26.00 and $30.00 for the S. S. "Estonia."

The members of the Small Committee are to send us a copy of the letters they are to send recommending

6360 paying us whatever expenses we have incurred in holding the steamer over.

Yours very truly,

Copy to Copenhagen.

Petitioner's Exhibit 537.

6361

May 21st, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

As you will note, we claimed our rate to have been $31.00 for the "Estonia" and not $28.00. When we received notice from you to reduce the rate of $28.00 we sent this notice out only for the "Russia" as the "Estonia" was already designated as the fighting ship against the "Volturno," therefore we claimed that the company is entitled to the difference of $4.00 per head 6362
carried, which is the rate as stated in our other letter of today, that the Pool Lines paid last year for the fighting steamers.

The company will understand that our reduction of $28.00 was only made for the S. S. "Russia" and not on the "Estonia" as we did not care to make our rates $28.00 on the "Estonia" as the company would therefore only be compensated at the rate of $2.00 per head.

Since the "Russia" has also now been designated by the Small Committee to fight the next steamer on June 5th, the company will of course receive only the difference of $2.00 per head, as the rate on this steamer officially is only $28.00. This is our understanding 6363
in the matter, and hope the company will approve of the action taken by us under the circumstances, we benefiting the $30.00 rate on the "Estonia" instead of $28.00 any way, and also for whatever expense the company is placed to by holding the steamer in New York from Saturday to Monday. This of course includes dock expenses and the feeding of the passengers two days more, and you would understand what other expenses to put in better than we.

Yours very truly,

Copy to Copenhagen.

6364 **Petitioner's Exhibit 538.**

May 21st, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We below give you a copy of the Small Committee's report issued today.

"Steamer 'Uranium' scheduled Eastbound from New York June 5th, advertised rate $26.00 commission $3.00 but allowing $4.00 and even $5.00 on parties of 10.

6365 Small committee selected S. S. 'Russia' Eastbound June 5th from New York to have authorized tariff of $28.00 commission $2.00 to be reduced to $26.00 commission $2.00 the basis however, not to be published or used prior to May 29th."

This is for your information.

Yours very truly,

Copy to Copenhagen.

6366

Petitioner's Exhibit 539.

6367

May 21st, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

As you will note, we claimed our rate to have been $31.00 for the "Estonia" and not $28.00. When we received notice from you to reduce the rate to $28.00 we sent this notice out only for the "Russia" as the "Estonia" was already designated as the fighting ship against the "Volturno," therefore we claimed that the company is entitled to the difference of $4.00 per head carried, which is the rate, as stated in our other letter of today, that the Pool Lines paid last year for the fighting steamers

6368

The company will understand that our reduction of $28.00 was only made for the S. S. "Russia" and not on the "Estonia," as we did not care to make our rates $28.00 on the "Estonia," as the company would therefore only be compensated at the rate of $2.00 per head.

Since the "Russia" has also now been designated by the Small Committee to fight the next steamer on June 8th, the company will of course receive only the difference of $2.00 per head, as the rate on this steamer officially is only $28.00. This is our understanding in the matter and hope the company will approve of the action taken by us under the circumstances, we benefiting the $30.00 rate on the "Estonia" instead of $28.00 any way, and also for whatever expense the company is placed to by holding the steamer in New York from Saturday to Monday. This of course includes dock expenses and the feeding of the passengers two days more, and you would understand what other expenses to put in better than we.

6369

6370 *Petitioner's Exhibit 539*

We however agreed to the Small Committee in holding the steamer over until Monday in order to meet the tactics of the North West Transport Co. They postponed their steamer not on account of any particular tactics, but on account of damage done. We asked the Small Committee to relieve us of this, and to recommend to the Secretary Peters to compensate the company for same.

Yours very truly,

Copy to Copenhagen.

6371

6372

Petitioner's Exhibit 540. 6373

May 21st, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Enclosed please find a copy of a letter sent to the Secretary Peters, which explains the situation. Under the circumstances, the company will understand that we desire to be released of the situation of holding the steamer over till Monday on account of the company cabling about the boilers, and the committee recommended to Mr. Peters to compensate us for 6374
whatever expense we may have.

For the company's information, our rate for the "Estonia" was $31.00. When we received the company's cable to reduce our rates to $28.00, we put the reduction in for the "Russia" as the "Estonia" had been designated by the Small Committee to meet the rate of the "Volturno."

The company will therefore make a claim for each $26.00 passenger $4.00 the same as was paid by the Pool Lines last year which is our understanding.

The "Russia" has now been designated to meet the next steamer of the North West Transport Co., but we have already reduced our rates for the "Russia," 6375
to $28 as per the company's cable therefore the company will be entitled to the difference between $26.00 and $28.00 to Rotterdam, etc.

Yours very truly,

Copy to Copenhagen.

6376 **Petitioner's Exhibit 541.**

May 26th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Enclosed please find statement of extra commission of $2.00 allowed to the non-conference agents to take away the business that they have booked for the "Volturno" amounting to $104.00. This amount we have charged to the company's account, which you will receive back from the Pool, after making your claim.

6377 We also show you in this statement rail fares from Rotterdam amounting to $21.90, which is the difference between the rail fare from Hamburg and destination and Rotterdam to destination, as the North West Transport Co., used the Hamburg rail fares instead of the inland rail fare from Rotterdam. As per our arrangement with the Small Committee the company will also receive this from the Pool. Kindly put in your claim for same.

Also please note the difference between the rate of $26.00 and $30.00 and the same also applies to Libau, as per letter written to you on the 21st inst. You are to charge the Pool Lines this $4.00 on each passenger carried, the same as the Pool Lines arranged
6378 with the other lines when they were in competition with outside lines.

As we were to receive for this steamer $31.00 instead of $26.00 to Rotterdam, as explained to you in our letter of the 21st, we only put the $28.00 rate in effect for the "Russia" and not for the "Estonia" in order to have the company receive the benefit.

Yours very truly,

Copy to Copenhagen.

Petitioner's Exhibit 542. 6379

May 20th, 1909

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Referring to your letter of the 29/12th May, in reference to A. A. C. Joint Proceedings #13 we noted that you shall abstain from availing yourselves of the Southern Pacific's orders which information we have conveyed to the secretary.

Your understanding of the proceedings that 10% commission will be allowed in all territory in the 6380
United States; this is not yet in effect, as the committee is working on this for this some time and there is no special headway at present. As soon as such would take place however, the company will be informed at once.

We have again asked the secretary of the Conference to give us a list of all Joint Proceedings to send to our company, and the secretary promised to make a list up for us to forward to you.

Regarding wireless, beg to inform you that now law of this kind has been passed, therefore it is not compulsory.

Yours very truly,

Copy to Copenhagen. 6381

6382 **Petitioner's Exhibit 548.**

May 26th, 1909.

Libau, Russia.

Messrs. The Russian American Line,

Gentlemen:

Maintenance of Conference: We are in receipt of the company's favor of the 27/10th inst., and beg to inform you that after consulting with the secretary of Conference it was impossible to have the amount reduced from $400.00 as the Managing Committee has decided upon this amount but this is the maximum
6383 amount, and there was no use for us to dilly dally any longer, so we accepted the proposition without any protest, we the understanding that the subscription covers freight participations as well as passenger and general subjects.

We therefore paid the Conference since September, $133.00 which will be charged to the company's account in our next financial statement. Enclosed we also hand you a copy of Mr. Sandford's letter.

Yours very truly,

Copy to Copenhagen.

6384

6385

May 27th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Please note that the S. S. "Volturno" left yesterday at 4 P. M. They detained the steamer till 4 o'clock with the object of getting more passengers. This steamer carried 77 steerage against our 344 passengers.

Besides this, we have taken away from their agents 60 souls by paying an extra commission and meeting their Hamburg rail fares as per our statement send to you today.

6386

Yours very truly.

Copy to Copenhagen.

6387

6388 **Petitioner's Exhibit 545.**

June 2nd, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to acknowledge the company's letter of the 9/22nd May regarding the Eastbound rate, in which you inform us that through the Hamburg-American Line the Secretary of the Atlantic Conference was informed that we charged only $26.00 eastbound to Rotterdam, you having instructed us to reduce only to
6389 $28.00.

In the meantime you have already received our letters in which we informed you that the Small Committee, which is appointed through Secretary Peters, has power to instruct us to reduce our rates and they instructed us to reduce our rate to $26.00 to Rotterdam, and the company will receive the difference between $26.00 and $30.00 for the S. S. "Lituania," the same as was paid to the fighting steamers last year.

As already informed you, the Small Committee instructed us to reduce our rate for the "Estonia" to $26.00 in order to fight the "Volturno" of the North West Transport Co.

Yours very truly,

6390 Copy to Copenhagen.

Petitioner's Exhibit 548.

6391

June 4th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

For the S. S. "Russia" you will notice that the Small Committee has reduced our rate from $26.00 to $25.00. This reduction was made on Wednesday, the 2nd inst., too late of course to reach the Chicago and Western agents, therefore, a number of tickets will be sold at the $26.00 rate, as we do not refund the difference to the passengers.

6392

The company however, if it sees fit, can claim $3.00 from the Pool instead of $2.00 on these passengers, as the official rate for this steamer was made $25.00 by the Small Committee, whereas our regular rate should have been $28.00. This is for your confidential information.

Yours very truly,

Copy to Copenhagen. Confidential.

6393

6394 **Petitioner's Exhibit 547.**

June 4th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to inform the company that the North West Transport Co., finding that they have no passenger for their steamer tomorrow on account of the competition with the S. S. "Russia" decided to day to postpone their steamer till Tuesday. The Small Committee therefore decided to put the White Star Line
6395 steamer "Oceanic" sailing Wednesday against them with a $25.00 rate.

This is for your information.

Yours very truly,
A. E. JOHNSON & CO.,
M. S.

Copy to Copenhagen.

6396

Petitioner's Exhibit 548.

6397

June 8th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Please note that the "Raglin Castle's" date has now been postponed from June 18th to June 23rd, which is the sailing date of the S. S. "Lituania," as per your sailing list. The Small Committee has decided to place the "Lituania" against the "Raglin Castle," whose rate is $25.00 officially, with $3.00, $4.00 and $6.00 commission. The Small Committee claims that we will be 6398
compensated the difference between the $24.00 rate and $28.00, to Rotterdam, and as the Pool Lines under no circumstances pay higher than $30.00 compensation to any line used for fighting purposes, we therefore are only compensated at the rate of $4.00. We therefore made our Libau rate $33.00 instead of $35.00, as the "Raglin Castle's" rate to Libau is $31.45, not desiring to have too much of a difference on Libau, so the Company will not lose any Libau business.

Besides this, as the Company knows, the North West Transport Co. is using the Hamburg rate instead of the Rotterdam rate, which we have explained before in our previous letter, which are from $1.00 to $1.50 6399
cheaper.

The Small Committee also desires us to use the tactics as far as commissions are to be paid that when we find it necessary, to pay $2.00 or more commission, or whatever the amount should be, in order to take away the business from their agents, as we have done before on the "Estonia" and "Russia;" that we should pay this extra commission and charge it up to the Pool Lines, and the Company will be compensated by the Pool Lines accordingly. Therefore we cabled you today, as per your letter of the 15/28th ult. asking for your approval.

Yours very truly,

Copy to Copenhagen.

6400 **Petitioner's Exhibit 549.**

June 8th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

For your information, the "Uranium" left today with 147 steerage and two cabin passengers. The "Oceanic" which is scheduled against this steamer tomorrow at a $25.00 rate expects about 600 to 700. The Holland American Line steamer "Nieuw Amsterdam" which sailed today, has 195 steerage passen-
6401 gers. The North German Lloyd steamer, "Kronp. Wilhelm" had 233 steerage passengers.

This is for your information.

Yours very truly,

Copy to Copenhagen.

6402

Petitioner's Exhibit 550.

6403

June 8th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Referring to the weekly statements on eastbound business, #19, that we are short 1279 Eastbound passengers, and on Westbound we are short 95 passengers, we evidently will make up our shortage in the eastbound with the next steamer, the "Lituania," as in the statement issued the 23rd of May, we note that neither the "Estonia's" 344 passengers or the 6404
"Russia's" 607 passengers are included. Since then of course the lines have had quite some outward business from here, for instance, the Cunard Line had over a thousand steerage passengers. The Scandinavian American Line, who we understand are now in the Pool will have over 1200 passengers tomorrow and as soon as the statistics are figured up, we suppose the Pool Lines will raise our rates from here. We understand that the White Star Line, Southampton Service is about 3000 passengers short Eastbound, being that they have also been placed in the fighting position against the North West Transport Co., this Line will reduce their shortage considerably.

Yours very truly, 6405

Yours very truly,

6407 Copy to Copenhagen.

6408

Petitioner's Exhibit 552.

6409

June 11th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Small Committee advise: S. S. "Raglan Castle" advertised to sail Eastbound from New York June 23rd.

S. S. "Lituania" also scheduled Eastbound June 23rd.

Two circulars of the North West Transport Co. have been seen—one quoting rate to Rotterdam $27 less $3. The other with rate of $25 less $3. Apparently they have not issued circulars in New York City and vicinity and if the $27 less $3 rate is met in the country they will immediately send out the $25 less $3 circular. 6410

S. S. "Lituania" selected—Circulars with rate of $24 less $2 will be issued in the West on Tuesday, June 15. This rate and commission will be passed verbally to New York City agents on Wednesday, June 16th.

This is for your information.

Yours very truly,

Copy to Copenhagen. 6411

6412 **Petitioner's Exhibit 553.**

June 12th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Enclosed please find statement of extra commissions paid on the S. S. "Russia" to different non-Conference agents, amounting to $62.00, which we have charged to the Company's account. This money you will collect from the Pool, which has been authorized by the Small Committee.

6413 In other words, instead of paying these agents $2.00 commission, we paid them $4.00.

Yours very truly,

Copy to Copenhagen.

6414

Petitioner's Exhibit 554.

6415

June 16th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Mr. Lawson Sanford, the Secretary of the Conference, intends within the next two weeks to take a trip on the Grand Trunk Pacific Ry. to look over the land situation of the G. T. P. We are sending you by the next steamer some large maps of the Grand Trunk Pacific Ry., which will give you an idea of the vast amount of land which will be opened 6416
for settlementt when the Line is finished. From a conversation with our Mr. Straus and Mr. Sanford it developed that Mr. Sanford and Mr. Bell the General agent of the Grand Trunk Ry. are discussing about starting a large land colony on the G. T. P. Ry., which possibly will range from 250,000 to 1,000,000 acres of land, and as the soil on this new land is supposed to be of the finest, some of the steamship companies, in fact most of them, including the heads of departments, have made requests on Mr. Sanford for participation in this vast undertaking. Of course it would take years before the G. T. P. Ry. will be properly settled with farmers.

6417

We stated to Mr. Sanford that our Libau people would be very much interested, particularly in furnishing immigrants, the same as other lines would be doing, but with the conditions of course that the heads of our departments, the Russian American Line, will be counted in on the ground floor. Our idea of ground floor is entirely different from Mr. Sanford's, and that is, we should at least get this land from the G. T. P. Ry. for nothing, as we would put the settlers on the land and the settlers naturally furnish freight through their crops, as the steamship companies could

6418 *Petitioner's Exhibit 554*

do more in one year with their heads of departments than the G. T. P. Ry. could do in ten years.

Should the deal go through after Mr. Sanford returns, we shall be glad to send you the entire information so that you can participate in whatever profits there should be in this arrangement.

We simply send this letter to the Company as advance information, as we have no other information that we can give you until Mr. Sanford returns.

Yours very truly,

6419 Copy to Copenhagen.

6420

Petitioner's Exhibit 555. 6421

June 18th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

The Small Committee has decided to meet the tactics of the North West Transport Co. whose rate is $23.00 to Rotterdam, $3.00 commission; $4.00 and $5.00 on the quiet; therefore our rate to Rotterdam will be $22.00, but we did not disturb the Libau rate, as we understand we could not get from the Pool Lines higher than $30.00 on Libau. The difference 6422
of $2.00, which we have now reduced since the $24.00 rate you will receive from the Pool Lines. Therefore, the Pool Lines will have to pay the company $6.00 per head for each passenger carried to Rotterdam at the $22.00 rate.

The reason we did not cable you is because we had authority from you for the $24.00 rate, and as the Pool Lines will pay the difference, it certainly will not make any difference now, as we did not change the Libau rate.

Yours very truly,

Copy to Copenhagen. 6423

6436 **Petitioner's Exhibit 561.**

May 30th, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

Please note that the Volunteer fleet has reduced their outward rate to $23.00. We have not cabled you to this effect as yet. The object of the Volunteer reducing their rate to $23.00 was on account of the Hamburg-America, sailing on the same day, making their rate $24.00, same as the Volunteer. The ques-
6437 tion arises will the Hamburg-America reduce its rates still further to meet the Volunteer. We shall have the same object lesson before us when the S. S. "RUSSIA" is to sail. Would like to have instructions so that we can meet the Volunteer rates of $23.00 if the Hamburg-America does not reduce its rates still further to meet the Volunteer. If the Hamburg-America should reduce its rate to $23.00 then it would be important for us to have a dollar differential at least. Kindly cable your instructions.

Yours very truly,

6438

Petitioner's Exhibit 562.

6439

May 27th, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

The S. S. "ESTONIA" has just left with 1200 steerage and 28 cabin passengers. We have, however, reported to Mr. Sandford, Secretary of the Conference 1007 steerage and 28 Cabin on account of our license for this ship being, I understand, only 1150 passengers including crew. Later on we will report the exact amount to Mr. Sandford as if this was a clerical error. This for your personal information. 6440

Yours very truly,

Petitioner's Exhibit 563.

May 29th, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

Now the steamship companies which are in the pooled lines as stated to you in previous letters have made some arrangements on the other side whereby they place one of their steamers against the Volunteer and Continental boats. I have not yet heard how they are going to go against our steamers, I will report however what inroads are made against the others by watching the steamers of June 3rd as well as June 17th. As we cabled you what we could do for the "RUSSIA," it all depends on how our competitors, the continental lines in the pool goes: if they should attempt to lower their rates it will materially reduce our business, but we shall use the newspapers as much as possible to boom her amongst the foreign trade and report to you later as to the results. 6441

Yours very truly,

6442 **Petitioner's Exhibit 564.**

June 2nd, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

We beg to acknowledge receipt of your favor of May 21st relative to the steamer "RUSSIA." We note that the first class will take 40 passengers, the second class 58, and the first steerage 252, the immigrant main deck 588 and the lower deck 826.

As the Continental pooled lines are fighting the sailings dates of the Russian Volunteer as well as the
6443 New York and Continental Lines they will probably fight our date on the 24th of June by making a lower rate. It is difficult for us to say what we will do for the S. S. "RUSSIA" in the steerage but the Company can rest assured we will leave no stone unturned to get a good share of this business.

Yours very truly,

Petitioner's Exhibit 565.

June 8th, 1908.

Messrs. East Asiatic S. S. Co.,
Copenhagen, Denmark.

6444

Gentlemen:

The New York and Continental line steamer which left Saturday had only 350 steerage passengers. This gives you an idea as to how the pooled lines are bucking up against this line in order to make it non-profitable; more particularly we think as they use the Hamburg Line for freight business. The Hamburg Line people are certainly very much incensed over this and they will leave no stone unturned if they can drive them out of the business.

Yours very truly,

Petitioner's Exhibit 566.

6445

Messrs. East Asiatic S. S. Co.,
Copenhagen, Denmark.

June 9th, 1908.

Gentlemen:

In conversation with one of the Holland-American Line agents he claims that as long as there is no freight business now they might as well reduce their rates and fill up their steamers with passengers as this would assist in paying expenses of their boats. This argument is all right particularly with the "RUSSIA," and we know that they are all reducing their rates 6446
and clubbing as hard as they can against the outside line agents, who of course cannot keep up, or get any business at a higher rate, and as Richards and Co., have received instructions from the Volunteer to reduce their rate $1.00 we must not under any circumstances attempt to get more money and thereby go short on passengers.

As written you some time ago the Pooled Lines have now arranged to force the issue and pro rate the expense, and it might be done now with the ultimate intention to get Russian Lines into their agreement, which under the circumstances would be well for our Company if we were in the agreement, it 6447
would then mean higher rates and more revenue for the Company.

Yours very truly,

6448 **Petitioner's Exhibit 567.**

June 10th, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Dear Sirs:

For your information the expectations of all the steamship people here including ourselves is that the immigration from the other side will be tremendous as soon as our Presidential matters are settled on this side. We have now every assurance of a good crop, which is quite necessary in order to bring back the
6449 confidence which is greatly returning. As soon as the European people find that the demand here for laborers, etc., will be greater than ever the immigration will come back heavier than it went out from here. Leading up to this question, one of our agents, Mr. Lang, will make a proposition to us in writing tomorrow for one thousand prepaid tickets from Rotterdam to New York, for Hungarians, for which he proposes to pay one-half cash and the balance on furnishing the names and addresses of the actual passengers. We would respectfully call the attention of the Company to this and as soon as we get the proposition in writing we will submit it to you for your
6450 consideration. The only thing that might interfere with the Company accepting this proposition, would be that if the Company should join the Pool they would be carrying this immigration at the present rates, and if the pool is established and recognize our Line the Company will be getting from five to ten dollars more a ticket. This is the question which the Company will have to decide when this proposition comes before us. We hope to write you fully on this subject in a day or two, or as soon as Mr. Lang sends in the written proposition.

Yours very truly,

Petitioner's Exhibit 568.

6451

New York.

Dear Sir:

By appointment made with Mr. Johnson he met Mr. Richards in reference to discuss future business. He met Mr. Richards and told him that we read the account in the different newspapers of the Volunteer line withdrawing from the trade, which appeared in the New York Herald. Mr. Richards immediately denied the truth of the reported statement and showed us a letter written by him to the New York Herald stating that his Company has cabled him that they are only suspending awaiting more business from the other side. Any other information which the Herald had he claims is incorrect. We then took up the question of prepaid business from the other side; Mr. Richards stated that he has written his Company asking them to forward his prepaids by the Russian East Asiatic S. S. Co.'s steamers until they resume, as he understands from the Agents here, unofficially, that the Russian East Asiatic S. S. Co. will accept these prepaids at cost; he has written his Company asking them if he shall continue selling prepaid tickets and when he gets an answer he will show us what the Company has written him on the subject. He further states, and promises, that when the Continental Lines have no steamers he would be glad to give us any passengers that he may have from any of his Agents to go via our line. Of course we only understand that he will favor his New York and Continental Line with which Company he has a contract. That we understand, and for your information the same Agents that work for Richards' line are non-conference Agents, and are the same that work for our Line. Mr. Richards also stated to our Mr. Straus that his prepaid business did not amount to more than 20 passengers a week on account of the dull times, we

6452

6453

6454 *Petitioner's Exhibit 568*

therefore confirm our cable which we have sent to you to-day and acknowledge receipt of the cable received from you. The answer which we have sent reads as follows:

and we really believe that if the Volunteer abandons the New York trade that the business that they have received will go to us and as soon as the prepaid business gets heavier it will force our ships to go full from the other side and put us in a more paying basis. As all the other lines at present, which you also note
6455 are not doing very much from the other side. We will get a proper share of this business as soon as the trade begins to move. Outward business looks very blue for this week as the Italian Line which had a $17.00 and $20.00 rate to Fiume, Trieste and Vienna, which is from 11 to 12 dollars lower than our rates have carried 807 continental passengers on the S. S. "Arcona" which is supposed to leave to-day after stopping at Philadelphia. This will give you an idea that these cheap rates of the Italian Lines are drawing the business from this side and we hope that these rates will soon be withdrawn in order that we can arrange if possible so to raise our rates, and agree
6456 with the Continental Lines, a small differential is all that we would require for steamers like the "Estonia," and if it is true that the Volunteer will abandon the New York trade that the Company will see their way clear to go into the combination or pooled lines so that they will get a paying revenue for the business which would make it more profitable for all concerned.

At the present writing we have now booked 7 first cabin, 40 second cabin, and about 60 improved steerage but we have the cheap rate of the Volunteer Line. $21.00 and the Continental Line of $21.00 and the Holland American Line of $22.00. The Continental

Petitioner's Exhibit 568

6457

Line sailing four days before us, it is a question what steerage passengers we will be able to secure and as we do not wish to reduce the rates until we know that a steamer of the Continental Pool line is placed against us at lower rates than ours, if they should not we hope to be able to do fairly well in the steerage. As so many steerage passengers have left this side as stated before, it is an impossibility to state what we can expect at so early a time, however the Company can rest assured that we will do everything in our power, and leave no stone unturned to get the passengers for the steamer "Russia."

Yours very truly,

6458

(Pencil Notation.)

File under Copenhagen for future reference.

6459

6460 **Petitioner's Exhibit 569.**

June 15th, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

We beg to acknowledge receipt of your cablegram reading as follows:

"Achispado Richards continue selling prepaids our line until further."

Richards will continue selling prepaids for Volunteer as per our letter written you June 12th, and is
6461 asking his Company to transfer them to our line at cost, also asking his Company instructions as to whether he will continue selling prepaids. In this case, Richards will continue selling prepaids for the Volunteer expecting them to be transferred to our line, as Volunteer Line withdraws only temporarily.

Yours very truly,

6462

Petitioner's Exhibit 570.

6463

June 25th, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

We beg to acknowledge receipt of your cable reading as follows:

"Telegraph numbers each class sincerely hope abdruck get about full ship if pool racimarian Competing wire rancidness reduce."

To which we replied:

6464

"Actually booked fifteen first sixty second roisters improved steerage now estimate rotulamos steerage consider inadvisable reducing."

We are glad to report to you that we got a fair number of passengers for this steamer as outward business is very quiet, one steamer had 240, and the "Mauretania" has 530 steerage. We understand the Holland-America Line with all the Conference lines, their steamer against us on the same day with equal rates, had 1070 passengers against our 900 steerage. Under the circumstances, we think we done fairly well and hope that the Company is satisfied.

Yours very truly,

6465

6466 **Petitioner's Exhibit 571.**

June 27th, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

Referring to your letter of June 10th regarding the Russian Volunteer withdrawing from the service, which wire we received from you confidentially and which we answered to you in accordance with answers given us by Messrs. Richard & Co. We can now state to you that Richard's received a cable signed by Niedenmuller, who Mr. Richard claims is the President of
6467 the Company, which cable stated "MAKE NO ENGAGEMENTS FOR OUR LINE" and also "we do not see why we should (meaning Volunteer Line) permit Agents to sell prepaids in order to make commissions for others." I asked Mr. Richard what it meant and he said, it evidently means that they do not feel that the agents should make commissions as they are not interested financially themselves. It seems that the rumor has it here since the steamer "CHERSON" of the Russian Volunteer Left that the Captain should have stated that the expenses charged by Richard & Co. for the handling of Company's affairs in this Country has been so great and so costly; this state-
6468 ment was made by the Russian Consul here, and there must have been some hitch of some kind between the Volunteer people and C. B. Richard & Co. We have had a number of conversations with Mr. Richard with reference to prepaid business and outward business. The Company understands, of course, that our Agents and Richard's Agents are identical; they are what we call the non-conference Agents, they are not the better class of Agents. The great many of them have no standing and we try to bond them whenever possible. so by the Volunteer withdrawing we ought to benefit a good deal, and we are sure that we will get all their

Petitioner's Exhibit 571

6469

prepaids from the Agents. We already noticed an improvement in the prepaid business this week as compared with last week, in other words we got the prepaid business this week that Richards would have got as well as our own, which will amount to 40 or 50. You understand of course while the times are in the state they are in prepaid business will not grow, but will gradually grow greater and larger, and as stated to you before in previous letters, the more passengers that go to Europe the more will come back, and we expect to see a tremendous immigration from the other side, and we hope the Company will get the full benefit of it.

6470

Steamers direct from Libau to New York. For your information the percentage of the outward business to Libau has been very small compared with the gross amount of business, the majority of course going to Rotterdam. A great many people would go direct to Libau if they could get the necessary papers vizaged through the Consul here, but as they are under certain instructions from the Russian Government, we therefore do not think we could fill the boats up, nor could anyone for business through to Libau, the Company must certainly stop at Rotterdam in order to get the outward business. In accordance with conversation with Richard & Co. they have hopes that the New York and Continental line will increase their service as they have purchased, they claim, three steamers (one of them had an accident outside of Rotterdam, it is called the "Avoca") Richard & Co., claim that they will then have a fortnightly service between New York and Rotterdam. This Agency Mr. Richard is very anxious to continue, as we understand it he expects eventually to make the home port Hamburg for that Company if they can get certain things through which they are trying for now.

6471

Yours very truly,

6472 **Petitioner's Exhibit 572.**

July 1st, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

We beg to acknowledge receipt of your esteemed favor of June 20th and contents noted, but most particularly we note your remarks in reference to the Pooled Lines. We look with great interest to when the Company will make suitable arrangements with the Pooled Lines and we hope it will be satisfactory.
6473 It is the only thing that is necessary in the States; we do not know, of course what it would benefit the Company in Russia, but here with the Agents we could get if we were in the conference would be so important that we assure you the Line would be a grand success, and also the revenue that would be received for Outward and Prepaid tickets would be from one to two pounds a head more, which figured out, if we carried only 25,000 westbound passengers, and raising the rate $10.00 more a head would mean $250,000.00 extra profit on that business, leaving out the profit that would be made on Outward business besides. Then expenses could be cut down very materially, and we
6474 hope that the Company will be able to make suitable arrangements so that there will be plenty money for the Company in the business.

Yours very truly,

Petitioner's Exhibit 573.

6475

Gentlemen:

Enclosed please find supplement to our European Railroad Tariff whereby we have raised the railway fares from the Interior to Rotterdam as per the suggestion made by the Company. Now that the Volunteer is out of the way we do not need to take these losses in Railroad Fares. Hoping it meets with the Company's approval we remain

6477

Yours very truly,

6478 **Petitioner's Exhibit 575.**

July 9th, 1908.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

We beg to call your attention to the question of cancellation fee. The position is entirely changed now since the Volunteer has withdrawn from the business. We can now see our way clear to charge the 10% cancellation fee for steerage prepaids, except in isolated cases that might come up where we will use
6479 the best of judgment for the Company. When we charge this 10% cancellation fee we refund the entire amount less the Agents commission and the 10% on the gross ocean fare: in these cases our Agents commission are not deducted, and in such cases the prepaid ticket cancelled will be a loss to us, we therefore credit the company with 5% for cancellation and the other 5% goes to us, if this meets with the Company's approval.

As stated to you before the British Lines do not charge cancellation fee. By the time this letter reaches you Mr. Johnson will be in Copenhagen and can discuss the matter further.

6480 Trusting the same is satisfactory to the Company, we remain

Gentlemen:

In line with letter to you in reference to Mr. Lang. Mr. Lang called to-day and if the Company think of investigating the information we have written to it in regard to the Hungarian concession and if the Company feel inclined to go after this concession the same as the other lines: we herewith send you the form of letter head of Mr. Lang, also Mr. Lang's picture and 6482
the send off that he received when he left Hungary and which the newspapers published in Hungary. Mr. Lang further states that he will be willing to put up the $10,000.00 that is required for the General Agency, and if the Company desires to see him on this business, seeing that he is a citizen of Hungary he will be glad to take passage on one of our steamers to Rotterdam and go from Rotterdam to Copenhagen to discuss the matter thoroughly.

Yours very truly,

6483

6484 **Petitioner's Exhibit 577.**

COPY

Messrs. A. E. Johnson & Co.,
27 Broadway, New York.

Gentlemen:

Referring to my letter of June 25th in regard to selling your prepaids tickets and arranging to appoint an Agency in Hungary, I received to-day an extract of the new Hungarian Immigration Law of which I find it necessary to make the following communication. According to the new law there will be allowed
6485 no monopoly to a steamship Company in Hungary, consequently the Cunard Line looses the priviledge they had. The government of Hungary intends to give a concession to any steamship line for the transport of immigrants if they have the requirements and are willing to follow the Hungarian Law. As I hope that this matter is interesting for the Head Office at Copenhagen I will by the following make you acquainted with a few points of this new law. The principal is—Hungary wants, that the steamship companies give them permission to make an inspection of their steamers by the representative of the Hungarian Government: the expenses to be paid by the
6486 Hungarian Government. Further the Government wants that the steamship Societies send to them for acknowledgment the tariffs: as well as this the Government requires that it will be allowed to take a look into the books of the Steamship Society relating to Hungarian passengers only. The Government wants from the Steamship Society the understanding not to forward such passengers who do not possess the necessary passport. These are the principal conditions under which the Hungarian Government will give the concession. The value of such concession is very great as after Italy, Hungary has the greatest

Petitioner's Exhibit 577 6487

number of emmigrants and therefore this concession for your Company is of unaccountable value, as I have been such a long time in the position of Manager and who knows the circumstances so well can only assure you that your Company should not spare any expense to receive the concession in Hungary as well as the German Belgischen and the Holland Gesellchaften.

The first condition according to the new law is to make a deposit of $20,000.00 as security and a further $10,000.00 for the General Agency. This is the protection that the Steamship Societies will carry out the rules of the law. If your Company at Copenhagan requires to investigate this business I agree to go to Hungary and to devote myself entirely to the services of your Company. A proof that the Hamburg American Line already has tried to receive the concession you can learn perhaps from the General Agency at New York. I have already learned the name of the Lawyer of the Hamburg American Line, it is the Reichstag representative, Dr. Seigmund von Parkashazy. I wrote at once so that your Company would be familiar with this matter and give the necessary instruction. 6488

Yours truly,

(signed) JOSEPH LANG. 6489

July 18th, 1908.

Messrs The East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

We were in hopes that by raising our rates the pooled lines would not go lower than us, in fact would allow the steamer "Estonia" a differential against the North German Lloyd. The American members of the different steamship companies were very glad they claim that we took the initial step in
6503 raising the rates, but they received instructions yesterday to reduce their rates of the North German Lloyd to $25.00 and at the same time the Austro-American Line received instructions to make their rate $25.00 and thereby take the business away from the steamer "Estonia." As the North German Lloyd railway tariff from Bremen to the interior is from $1.50 to $2.00 cheaper than ours from Rotterdam to most places we cabled the Company recommending our line rate be $24.00 otherwise we would have lost considerable business for the steamer "Estonia" and we are anxiously awaiting the Company's answer as a number of Agents have already called stating
6504 that they will loose a lot of business that they were already negotiating for. We have told the Agents that they must remit to us for all tickets sold at the old rate of $26.00 and in order not to loose the business against the North German Lloyd and the Austro-American Lines we will take $24.00 gross rate. We trust that the Company will approve of the step taken by us as we would not like to see the steamer "Estonia" go out with only a few passengers on account of $1.00 difference which we certainly would do if allowed the North German Lloyd and Austro American Lines to scoop the business away us.

Copenhagen, the 21st Febr. 08.

Messrs. A. E. Johnson & Co.,
New York

Dear Sirs,

We beg to acknowledge receipt of your 4 favors of the 21st Febr., contents of which are duly noted.

That the Conference Lines should try to secure the Agents whom they are discovering as doing good business for our Line is regrettable, but is on the other hand only what might be expected in times of fight. The Volunteer Line is of course suffering from the same state of things. On the other hand we understand that you on your part have in some cases been able to secure Conference Agents interesting themselves in the Russasiatic Co.'s Line. The prepaid business is constantly the weak point, and the Volunteers are as yet better off in that respect than we are, but we hope it will not be long until you will be just as strong, seeing that ere long we shall have new and modern steamers.

Gentlemen:

We beg to inform you that the North West Transport Co., have postponed the "Raglan Castle" to Saturday, and are quoting a rate of $21.00 less $3.00 commission, therefore the Small Committee have decided to make the rate of the Red Star Line steamer "Vaderland" sailing on the same day, $20.00 less $2.00 commission.

6524

This is for your information.

Yours very truly,

6525

6526 **Petitioner's Exhibit 594.**

June 26th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Mr. Farley, the manager of the International Mercantile & Marine Co. notified us that he had a letter from his people, in reference to demurrage on the "Estonia," being detained here from Saturday to Monday, and also to give them his views (Mr. Farley's) on the subject.

6527 We called Mr. Farley's attention to the following facts: that we agreed to keep the "Estonia" here and follow the same tactics of the North West Transport Co., but as the "Volturno" of the North West Transport Co. was delayed on account of a collision in ice, and also that our steamer coming over here with sealed boilers, we asked the committee under these circumstances to relieve us of our promise, as the steamer would have to be repaired at Rotterdam, but the Committee found it was important for us to stay here from Saturday to Monday, therefore Mr. Farley will recommend his Company the payment of the demurrage on the S. S. "Estonia."

6528 This is for your information so that you are posted on the situation and the decision that the I. M. & M. Co. will make when they receive the recommendation from their manager here.

Yours very truly,

Petitioner's Exhibit 595.

6529

July 21st, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Your letter of the 27/10th to hand, it is quite a surprise to us that the Secretary of the pool states that some of the Atlantic Lines are objecting to reimburse the Company for the expenses incurred by the delay of the "Estonia" in order to fight the "Volturno."

We have sent you a copy of the letter of the Small Committee, recommending the payment of the same, 6530
which is all we can do in the matter.

We have also had a conversation with the White and Red Star and American Line, and North German Lloyd and Holland American Line representatives, who were on that committee, and each of them claimed that they have recommended the payment, not alone for the extra commission, but everything else, and we believe if the Company insists upon it, the Pool Lines will pay.

If the Company desires to receive a letter from the Small Committee on this subject, we will call on each of the members and have them write us a letter, authorizing the extra commission and recommending consideration for the keeping of the S. S. "Estonia" 6531
over from Saturday to Tuesday."

The Small Committee as we understand it, is given power by the steamship lines, according to instructions from Secretary Peters.

We regret exceedingly that you should have any trouble in this matter, and expect to hear from you further on this subject. We are sure this matter will be settled satisfactory to the Company, but the Company must insist upon the payment.

6532 *Petitioner's Exhibit 595*

The Company also understands, whatever we do on this side, in reference to traffic, is always done for the Company's interest, and our best judgment is always used in such matters.

Now that the White Star and American Line have recommended their people to pay, which means the Red Star Line also, or the entire International Mercantile, Mercantile & Marine, the North German Lloyd, as we understand it, and also the Holland American Line, and we believe the Hamburg American Line, there are only a few lines that might object, such as the Cunard, Allen and Anchor Lines,
6533 and when they find that all the other Lines are willing to pay, they will fall in line and agree with the same.

The Company should ask Mr. Peters also if the Small Committee have implicit power to act in all these cases, and as they have been instrumental in bringing about the delay. When our protest went in we promised to hold the steamer on account of the boilers of the "Estonia." That was good and sufficient reason for the pool lines to pay their proportion without any question.

Yours very truly,

Copy to Copenhagen

6534

Petitioner's Exhibit 596.

6535

July 21st, 1909.

Messrs. The Russian American Line,
Libau, Russia

Gentlemen:

Referring to the Company's letter of the 27/10th inst., "Estonia" against "Volturno," will you kindly inform us which of the Lines object to reimburse the Company for the expenses incurred in delaying the "Estonia" in order to fight the "Volturno."

We will then call upon these different Companies, and as the Committee has recommended giving the 6536
matter consideration there is nothing further to do except to see the Companies' representatives here, and they could write over to their respective Companies and have them pay our Company.

The members of the Small Committee at the time were, Mr. Winter, of the North German Lloyd, who has recommended the payment to his Company; Mr. Farley of the International Mercantile & Marine, who has recommended the payment to his Company, and Mr. Nyland of the Holland American Line, who as we understand it, has also recommended the payment to his company.

Now, if every one on the Small Committee has 6537
recommended the payment, and their Companies agree to pay, and the Small Committee has power to act in all such cases, we cannot see how we can be at fault.

Please give us the information we desire. We can help you straighten the matter out. We always try to do our utmost for the Company's interest, just the same as if it was ourselves.

You state in your letter that you take this opportunity to impress upon us never to again postpone a steamer or reduce a rate, or to pay higher commis-

6538 *Petitioner's Exhibit 597*

sions, or to charge lower railroad fares, without obtaining your sanction by wire. We would respectfully suggest to the Company not to require this if the Small Committee instructs us to reduce our rate, as they have power to act, and the Company is compensated by the Pool Lines. If we should refuse to accept a lower rate from the Small Committee claiming we must first wire, it might not be time for that, and it would cause us to lose the opportunity if some benefit should be derived therefrom.

We again repeat that we use our best judgment in
6539 all cases and give all such matters careful consideration, wherever the Company is interested.

Yours very truly,

Copy to Copenhagen.

6546

Petitoner's Exhibit 601. 6547

A. K. 7.

Libau, 8/21st June 09.

P

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

Your two favours of the 8th inst. are duly to hand.

Stowaways. We thank you for having placed to the credit of our account the amount of $170.00 being the passage for the two stowaways on "Lituania" 9 and the two stowaways on "Russia" 5. We note 6548
you will encash the expenses incurred at E. I. and credit us with same later on.

"*Lituania*" *11.* Due notice has been taken that the small committee has decided to put her against the "Raglan Castle" and that the rate to Rotterdam has been fixed at $24—so that we will be entitled to a refund of $4. on our Rotterdam steerage passengers besides eventual higher commission to non-conference agents. We also note that you have reduced the steerage rate to Libau to $33. We take it that you have got guarantee from the small committee that we will get also this reduction refunded, as we previously have asked you not to reduce the rates without our 6549
consent, unless you got the sufficient guarantee from the small committee that we would be indemnified by the conference.

"*Estonia*" *14.* Kindly see that a basket, containing some linen galoshes, hat and tobacco, belonging to a passenger, J. Schmukler, who came too late for this steamer, is kept at yours until the passenger arrives by "Russia" next trip.

Yours faithfully,
THE RUSSIAN-AMERICA LINE,
THE RUSSIAN EAST-ASIATIC STEAMSHIP CO., Ltd.

Signature undecipherable.

June 21, 1909.

6552

Petitioner's Exhibit 603. 6553

Dec. 27, 1910.

Messrs. The Russian-American Line,
Libau, Russia.

Gentlemen:

We beg to acknowledge receipt of your letter advancing the rates from January 1st on. For your information we herewith send you a memorandum from the Secretary's office, dated Dec. 27th, showing that some of the Lines will reduce their rates from January 1st on.

We have also had the Cunard Line on the telephone 6554
and they claim that their rate from Libau to New York will be $38.50 plus $4.00 head tax, which will include lodging at Liverpool, 5 days. Our rate from the 1st of the year will be $41.00 plus $1.50 for lodging, making a rate of $42.50; in other words, $4.00 higher than the Cunard Line rate and the other English Lines. $4.00 is too much of a differential to give the British Lines, and we respectfully suggest to the Company to reduce our rates in accordance with the other lines at the beginning of the year. However, we will carry out your instructions if you find it consistent and agreeable.

We would suggest, that in making our rates, to in- 6555
clude the $1.50 lodging in the rate, and to state in the rate sheet that this includes five days lodging at Libau, as the Cunard Line does not mention anything about lodging, but stated to us over the telephone that the lodging is included in the rate.

Awaiting your further instructions in the matter, we remain,

Yours very truly,

Copy to Copenhagen.

6556 **Petitioner's Exhibit 604.**

Dec. 14th, 1909.

Messrs. The Russian-American Line,
Libau, Russia.

Gentlemen:

We enclose you herewith copy of the rates quoted by the North German Lloyd S. S. Co. for the sailing of the steamer Neckar sailing Saturday, the 18th inst. For your information, whenever we had a steamer sailing against the N. W. T. Co., and when Mr. Nyland, the representative of the Holland-
6557 American Line was on the Small Committee, we noticed he was always very anxious that the rate we received should not be given to us until Wednesday, and of course the balance of the committee agreed with him, which we were perfectly satisfied with, but which was too late to have any effect against the steamer of the N. W. T. Co. leaving the same day. When we received the notice on Wednesday about 12 noon, we could not receive the circulars before Wednesday night or Thursday morning, and the agents receive them invariably only Thursday afternoon or Friday morning, giving them only one day to do their business in, but all our conversations with Mr. Nyland,
6558 who happened to be the spokesman at that time, had no effect. Now, that our steamer is not selected for this particular Saturday, we noted that the North German Lloyd was selected and their rate goes out on Monday instead of Wednesday which should have been in our case and all other cases in the future.

Yours very truly,

Copy to Copenhagen.

Petitioner's Exhibit 605. 6559

Dec. 17, 1909.

PRIVATE.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to acknowledge receipt of your favor of the 19/2nd inst in which you state that at the last Conference meeting it was decided to allow the Company for Eastbound passengers on Fighting steamers the difference between the regular and reduced net 6560
rates on Libau, limited to $12.00, and we are very glad of your success. We therefore understand, should we be selected again as a fighting steamer, we will reduce the Libau rate in proportion, as the Company will be compensated accordingly. If we are incorrect, please let us know.

Yours very truly,

6561

6562 **Petitioner's Exhibit 606.**

June 26, 1909.

Messrs. The Russian-American Line,
Libau, Russia.

Gentlemen:

We beg to refer to your letter of the 28/10th, June, from which we noted your views regarding the arrangement with the railroad companies in Russia. We noted that at the present time it is impossible to make any arrangements and that it will be done only when the passport facilities will be granted, which we hope will not take a long time.

6563 Yours very truly,

Copy to Copenhagen.

Petitioner's Exhibit 607.

June 28th, 1909.

Messrs. The Russian-American Line,
Libau, Russia.

Gentlemen:

The Company's letter of the 1/14th inst to hand. The question in reference to the cancellation of tickets
6564 will come up at the next Conference meeting. As per your suggestion, irrespective of the reason, we shall hold out for the 10%.

In seeing some of our friends, The Cunard Line, who always objected to charging any cancellation fees, Mr. Walker in discussing the matter with our Mr. Straus agreed to waive his objections for Continental Lines only. However, we will write you fully on this subject later on.

Yours very truly,

Copy to Copenhagen.

Petitioner's Exhibit 608.

6565

June 30th, 1909.

Messrs. The Russian-American Line,
Libau, Russia.

Gentlemen:

Referring to your letter of the 4/17th June, regarding Joint Proceedings #11, of the Conference, that it has been decided to divide.

2 1/2% to the steamship company,
2 1/2% to the General Agent,
5% to the booking agent,

and that you would thank us in the future to credit 6566
the company's account with this 2 1/2%, beg to inform you that only in cases where the Steamship Companies have their own offices in New York do they receive the 2 1/2%, and not where they have General Agents such as we are.

Messrs. Oelrich & Co., who represent the North German Lloyd the same as we represent the Russian American Line have to pay the expenses of an office staff both here and in Chicago, which is under considerable expense in order to maintain the proper representation, and under these circumstances the 2 1/2% would go to the General Passenger Agents at New York instead of to the Steamship Company. 6567

Continued.

6568 **Petitioner's Exhibit 609.**

July 2nd, 1909.

Messrs. The Russian-American Line,
Libau, Russia.

Gentlemen:

The Committee has just returned from Ellis Island and in a conversation with Mr. Winter of the North German Lloyd, he claims that the entire matter is a little more exaggerated than necessary. The commissioner simply desires the immigrants to have money when landing here. A great many passengers
6569 that have money are being discharged, but those that have no money are held up and their friends and relatives are telegraphed to to send the money, so that they have sufficient funds.

The circular, nevertheless, which the Commissioner has sent to the Companies in reference to the $25.00 will be sent out by the different steamship lines in order to save detention, etc., at Ellis Island.

Mr. Peters has been cabled, today by the lines, explaining the situation, and we hope this will improve the position, so that when passengers have money they will not be put in the "S. I." room (special inquiry), at the expense of the Company. Copy of this cable we enclose you herewith.

6570 Yours very truly,

Copy to Copenhagen.

Petitioner's Exhibit 610. 6571

July 9th, 1909.

Messrs. The Russian-American Line.

Libau, Russia.

Gentlemen:

We beg to call the Company's attention to the enclosed communication from Secretary Sanford to the Steamship Lines, dated July 8th, and especially to the cable which was decided upon by the Committee and which cable has been sent to Mr. Peters.

"At meeting of all lines today general protest of steamship lines against arbitrary actions of Immigration Commissioner was considered unwise and dangerous. Please construe cable July 2nd to Peters rather in nature of general warning to be careful in booking: if immigrants have reliable addresses of relatives and railroad tickets they will be admitted even with less than $25, but families should have at least $25." 6572

and Mr. Peters will promulgate the same to the different steamship companies.

Yours very truly,
A. E. JOHNSON & CO.,
Per.

6573

Encl.
Copy to Copenhagen.

6574 **Petitioner's Exhibit 611.**

July 12th, 1909.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

We beg to give you herewith, a copy of the memorandum from the Peterson's Detective Bureau, in reference to the S. S. "Volturno" of the North West Transport Co.,

"In compliance with instructions we went to Pier 27 Rovinson Stores, Brooklyn, to ascertain the num-
6575 ber of passengers sailing on S. S. 'Volturno' leaving on the 10th day of July at 3 P. M.

We found that there were eighteen Cabin passengers, 212 steerage passengers (70 of whom were infants and children) and 31 deported aliens (2 of whom were stowaways). Total number of passengers 261.

The S. S. 'Volturno' sailed at 3 P. M.

Respectfully submitted July 12th, 1909."

Their cabin rate was $45.00, and steerage rate was $23.00 to Rotterdam, using the Hamburg rail fare to the interior instead of the Rotterdam tariff.

This is for your information.

Yours very truly,

6576

Copy to Copenhagen.

6577

July 27th, 1909.

Messrs. The Russian-American Line,
Libau, Russia.

Gentlemen:

Prepaid 17745, reference 3888, report 131, June 10th.

Enclosed please find application from the agent for cancellation of the above prepaid ticket, which passenger has paid her own fare from Wilno to Libau, and paid her own ocean fare. You will find on our statement that we applied for the cancellation of this 6578
prepaid also, and as you will see from the enclosed letter the agent requires to have this money refunded without any deductions.

By this opportunity beg to inform you that the other lines still do not charge any cancellation fees for passengers who have been refused transportation on account of sickness or suffering from trachoma, favus, etc., and until this will not be charged by the Conference Lines, we will have to take the same stand.

Yours very truly,

Copy to Copenhagen.

6579

6580 **Petitioner's Exhibit 614.**

Libau, 28/10 June, 1909.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

Your favour of the 26th ulto. to hand We agree with you that it would be very good if we could go into arrangements with the railroad companies in Russia that they should accept orders from us for railroad tickets, but at present it is impossible to obtain this because the negotiations with the Govern-
6581 ment always last very long and secondly when such arrangement takes place, the Government as a rule always establishes for it a special Office with large staff for which we have to pay our share, which is very heavy, thus the matter will bring us only losses the immigration over Russian ports being at present too unimportant compared with what it will be when the passport-facilities will be granted. As soon as this happens it will be a matter of course that we will apply at the Government to go with us into arrangement re railroad tickets.

We are, dear Sirs,

Yours faithfully,

7.

Libau, 27/10th July 09.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

"Estonia" against "Volturno."

We do not fail to inform you that we are informed by the secretary of the pool that some of the Atlantic Lines are objecting to refund us for the expenses incurred by delaying the "Estonia" in order to fight the "Volturno." 6602

As we have previously impressed upon you not to postpone any of our steamers without obtaining our permission, you ought not to have delayed the "Estonia" and under no circumstances without getting a guarantee from the small guarantee, that we would be fully indemnified by the pool. Under these circumstances we regret we will have to look to you for payment of the costs in connection with the postponement of the steamer, if the pool-lines should refuse to pay.

We take the opportunity to impress upon you again never to postpone a steamer, or to reduce the rates, or to pay higher commission, or to charge lower railfares without obtaining our sanction by wire, when 6603 we shall understand that you have a proper guarantee from the small committee, that we will get our loss and extra expenses fully refunded.

Yours faithfully,

Copenhagen the 9th July, 1907.

Messrs. A. E. Johnson & Co.,
New York.

Gentlemen:

We beg to confirm telegrams exchanged as per copy enclosed.

Relations to Volunteers. We were pleased to see from your telegram received today that you are on very good terms with Messrs. Richards & Co., the clippings comparing the Volunteer steamers with ours
6611 in disfavor of the latter made us suspect that those Agents were on their own account militating against the Russian East Asiatic Co. Now that Kammerjunker Rschewusty is coming over to New York the most cordial relations also on your side should be sure to be established with the Volunteers, and we trust that you will call on the gentleman on board his steamer (Moscow) on arrival, and that the most efficient manner of working together across the Atlantic will be discussed with success.

We telegraphed you the sailings for August and September as desired, and shall to-morrow forward to you a detailed sailing list.

6612 *Reduction of Rate Rotterdam*—New York. You will kindly have understood from our cable that we have deemed expedient to reduce this rate by 5 Roubles for the time being.

General. Referring to your previous letters on our admission into the Conference, attitude of American Railroad to non-conference Lines, the question of a suitable dock, your commission etc., etc., we would prefer to deal with these verbally and in an exhaustive way, when your Mr. Johnson visits Copenhagen, which we hope can be arranged so that Mr. Johnson could meet our Senior, Etatsraad Anderson, who

Petitioner's Exhibit 624

Petitioner's Exhibit 631. 6631

H

Copenhagen, 13th December, 1907.

LIBAU-NEW YORK TRADE.

Messrs. A. E. Johnson & Co.,
New York.

Gentlemen:

We received your telegram:

"Red Star outward $30. Volunteer $28—we will follow Volunteer you must abide we expect Korea 900."

of which we note that the price eastwards has been 6632
reduced by the Red Star Line to $30—which was followed by the Volunteer Fleet to $28—and confirm our reply:

"Follow Volunteer."

We regret that a reduction has taken place and as we note that "KOREA" will get abt. 900 passengers eastwards we understand that many passengers still leave America.

We suppose that "KOREA" will have the benefit of the higher price say $31—and await your kind informations.

Yours faithfully,
AKTIESELSKABET,
DET OSTASIATISKE KOMPAGNI. 6633

(Pencil notation) (Signature undecipherable.)

Acknowledge receipt and tell, we have done the best and almost taken $31—rate as they can see on our report. S/s Korea.

Copenhagen, O., 17th December, 1907.

CONTROL DEPARTMENT.

Messrs. A. E. Johnson & Co.,
27 Broadway, New York.

Gentlemen:

Your favor of the 4th inst. regarding differences in the railroad fares is duly to hand. Although these differences are comparatively slight—not very slight as you say, as in some cases they amount to from 12 to
6635 16%—still they total on an average $50—per steamer and with an increased eastbound passage traffic this amount will naturally be still further enlarged.

We do not doubt that you are following the Volunteers who, you state, again follow the Holland American Line, but as these railway fares simply are cash outlays on which there is no profit whatever, we think that the steamship owners are entitled to get at least their outlays for passengers' railway tickets back again without having to lose money on them.

We would also direct your attention to the fact, that in our letter of the 19th inst. in which this matter was mentioned, we stated that one passenger for
6636 Antwerp, No. 11650, was not included in your manifest, *i. e.* we had neither got payment of ocean nor of railway fare, but this part of our letter you do not reply to at all.

We await the favor of your early answer to this as well as to our letter of the 11th inst., which mentions some similar cases and today we have to state that No. 10251 to Krakau by S/S "Korea" IV, which is charged for by Ruys & Co., does not appear in your passenger manifest. How is it that in almost every boat there seems to be one or more passengers not included in your manifest?

Petitioner's Exhibit 632

6637

In reply to these various questions we shall feel obliged if you will kindly give us a little more explicit answer than we received to our respect of the 19th ult.

6640 **Petitioner's Exhibit 633.**

Copenhagen, O. 24th December, 1907.

CONTROL DEPARTMENT.

Messrs. A. E. Johnson & Co.,
27 Broadway, New York.

Gentlemen:

We have for some time past been desirous of making a change with regard to our financial arrangement with New York in connection with the emigrant trade, and now that the number of prepaids and eastbound passengers is on the increase, which we hope will
6641 continue, and you are consequently collecting larger amounts on our account, we think that the moment for initiating the change has arrived.

As you are no doubt aware our Russian steamers are supplied with coals by the Pennsylvania Beech Creek & Eastern Coal Co. at the price of $3 per ton net, for which the Company has hitherto valued on us in Sterling by Masters' drafts at 30 d/s London.

As regards Messrs. Benham & Boyesen their a/cs generally average from 8-10.000$ per steamer, for which they draw on us at 8 d/s in dollars with 1/4% bank brokerage added.

Now we consider that instead of your remitting us
6642 the full amounts collected by you, less your expenses, for which checks we only obtain 5 to 6 points under sight exchange, while we have to honor the drafts at the full exchange at sight, it would be better to centralize the financing so that you pay the Beech Creek Company's a/cs upon presentation same to be accompanied by receipt for the coal signed by the master and 1st engineer, and that you also settle Messrs. Benham & Boyesen's a/cs on presentation, the controlling and critizizing of these a/cs of course remaining with us as heretofore. Immediately upon the payment of these a/cs we would then ask you to make up your own

Petitioner's Exhibit 633

6643

a/cs in connection with the particular steamers and remit the balance if any to us, leaving all the general expenses to the monthly statement as usual.

We are writing to the two other parties by the same mail giving them the necessary instructions, and trusting that you will experience no trouble or difficulty in complying with the new arrangement.

We are, Gentlemen,

Yours faithfully,

(Attached slip reads as follows):
ENCLOSURE FOR:
Messrs. A. E. Johnson & Co.,
undecipherable.

Chicago, Ill., Jan. 6, 1908.

Messrs. A. E. Johnson & Co.,
Chicago, Ill.

Gentlemen:

Report of my days work in the interest of the S. S. "ESTONIA" sailing Jan. 11th as well as prepaid business.

6656

No prepaids can reasonably be looked for yet for two months time, all agents called on don't seem to look for any amount of it before March, and not much then unless the 75,000 men that are now out of employment can go to work, besides the very little difference in the rates and with the many difficulties in getting passengers through to Rotterdam there seem to be no object for an agent to exert himself to book prepaids via our line, as the same commissions are offered as are paid by all other lines, however, some agents promise to do what they can for us when time comes.

6657

Called on Russian American Bureau, Mr. V. Braslavski, 700 5th Av. I have lost all faith in this agency, only makes promises.

Mr. K. W. Kempf, has quoted our rates to several parties, will try and give us some passengers if he is able to—very quiet now.

Mr. M. Hartman, had a visit but do not look for any business.

Mr. Anton Boenert, spent about an hour at his office, he will have some passenger for us.

Mr. Julian Piotrowski, 416 Milwaukee Ave. Had a very pleasant visit at his office and may get some

6658 *Petitioner's Exhibit 637*

business from him, on account of an accident he is not able to be at the office himself. On account of misunderstanding when first appointed he instructed his clerk not to sell any more tickets for our line, but has partly changed his mind since my previous call.

Zwierkowski & Kulik, 259 W. Chicago Ave., has no business in view.

Kvorka, Fisher & Co., 367 W. Chicago Ave. has the Cunard Line, not our agents, promises to give us some business and will call at office for tickets, but want to be put on the mailing list.

6659 A. Ossowski, 141 W. Division St. Has nothing in view, at present time he refers his business to Mr. Boenert.

Pananek, Kovak & Co., 179 Cornell St. had a pleasant visit with agents and again asked them to call at our office for tickets in case they had any passengers.

Geo. R. Lenke & Co., 608 Milwaukee Ave. had a pleasant visit. Mr. Lenke gave orders to his clerk to give us some passengers for this sailing and will do so if anyone comes for tickets and can be booked to Rotterdam.

Mr. Jos. Husak, 591 Milwaukee Ave. Want our prepaid blanks and will make effort to give us some
6660 business.

John A. Prebis & Co., 814 Milwaukee Ave. had a nice visit with agent. All agents are anxious to know about the S. S. "ESTONIA" and as I have seen this ship I can recommend same very highly and have informed all agents that she is a fast ship.

Mr. Adam Majewski, 567 Noble St. Will do all he can for us. Have ordered a new outward book to be sent this agent.

Joseph Rosinski, 521 Noble St. has some passengers in view that he will try to book for our steamer. Promises to push our line when business opens up.

Petitioner's Exhibit 639

6661

Anton Klimek, 633 Noble St. has not yet given us any business had a pleasant visit and may get some passengers from him.

H. A. Bijaski, 602 Noble St. Called but did not find him at office.

A. J. W.

ANSWERED
(Undecipherable)

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

6665 We beg to acknowledge receipt of your favours of the 8th, 9th (2) and 10th (2) inst., having reference to the *Rate Question*, and we have with great interest read your observations on the general *steerage rate* situation, and more especially the rate war initiated owing to the Cunard Line repudiating the principle of differentials against great speed and superior accommodations, and we shall be obliged for your keeping us fully posted on developements in this respect.

We note that you consider a reduction of our *Cabin Rate* to $37 necessary, and that you are reducing the rate accordingly for s/s "Korea," abt. 22nd Febr. from yours. We would however kindly request you
6666 henceforth in any particular case of reduction to cable us, when we shall at once cable you our views in reply, and be pleased to *keep us posted of the exact* dates on which the individual reductions come into force. In the present case you ascribe the necessity of the reduction to $37 for cabin to the reduction made by Holland American, Red Star, Cunard, White Star and Allan Lines, but from the rate cards you have sent us, it appears only that the Eastward rate has been reduced, but we do not see any reference to the prepaids at all, while your proposal refers to "outward and prepaid" as well (your letter 9th Jan.),

Petitioner's Exhibit 641 6667

and we therefore do not see the necessity for the reduction in the case of "prepaids."

We would be obliged to have your further information on this point and remain, Dear Sirs,

Yours faithfully,

Copenhagen, O., 28, January, 08.

LIBAU-NEW YORK TRADE.

Messrs. A. E. Johnson & Co.,
New York.

Gentlemen:

We received your favor of 14th inst. and note to our regret that you have been obliged to reduce the rates again so that the price for second class is now $37—to and from Rotterdam and $47 to and from
6671 Libau. The rates for emigrants have been considerably reduced, we understand, by other lines but we note that you will look on some time as no steamer will leave New York before 19th February.

Regarding the prices for second class we beg to ask you if it was necessary to reduce them now, when no steamers will leave for Europe, as the steerage rates have not been reduced, and when it is possible to keep up the steerage rate unaltered we think that it would have been the same case with the cabin tickets.

Yours faithfully,

AKTIESELSKABET,

Copenhagen the 8th Febr., 08.

LIBAU-NEW YORK TRADE.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

Prepaids. It could of course not be expected that we should as yet have reached the number of prepaids secured by Messrs. Richards & Co. for the Volunteer Fleet, but at the same time we cannot help to point out that the difference in the numbers of prepaids secured for their and our Line is so great that in fact 6680
it constitutes a conspicious disproportion. An example will show you what we mean. About the end of January the Volunteer Fleet had abt. 1500 prepaids, which had not sailed yet, whereas our number was only 335, and the Volunteer Fleet receives at present, when the traffic is very weak, no less than 80 prepaids, while the corresponding number on our side is only abt. 20. Seeing that the prepaid business is considered the basis of any emigrant Line, the result is a sad one, and more especially so at this time of the year, when the passengers that can be booked in Europe amount practically to nil. The importance of the prepaid business is evident to your goodselves as 6681
it is to us, and we shall be obliged to have your views as to what prospect you can hold out as to the developement of this business for our Line in the near future.

Yours faithfully,

6686

(Signature undecipherable.)

(Newspaper Clipping attached to Original.)

The following is the TRANSLATION.

Warning for those leaving for Europe. Our duty is to warn fellow countrymen before exploitation which sacrifice are falling leaving for Europe, Poles, which having little practice, falling into the hands of unconscionable agents, straining without compassion. We think here about the agents of the Russian Steamship Co., beautifully by them advertised, and really very bad with regard to navigation, comforts and food consumed by the passengers travelling with this line. Above all is to note that every guarantee given the purchaser of the ticket, that the Russian Line has its own consistent ports at Bremen, Hamburg, Rotterdam and Antwerp is deprived of truth because the mentioned line has only one consistent port at Libau, Russia, but at Holland, near Rotterdam, the line has a halting place so-called coaling station where the steamers stop to provide themselves with coal for the further voyage. And from this coaling station

6687

6688 *Petitioner's Exhibit 646*

which has no conditions to fit it as a port the passengers from the steamers of the Russian Line are forwarded by railroad to the other ports. The passengers on the steamers of the Russian Line are not treated like Human Beings, and the steamers do not merit the name of steamers at all—they are old transport ships from the Russian-Japanese war. What the Japs have not smashed to pieces, the Muscovites turned to their profit these much used boxes, and established for the exploitation of the inexperienced, the Russian Line. The chief passengers on this line are
6689 the Poles. It is time to put an end to this, and in order to do so, we are giving our fellow countrymen the following warning. Do not listen to the beautiful sonorous words and guarantees of the agents, and do not cram the pockets of the Muscovites with your money, for they are murdering us enough. Do not help with your money the finances of the Russian Line, because in this way, you turn the whip against yourselves. In order to prevent the misuse, you must warn each other against the hunting of Poles by agents of the Russian Line, and especially must we warn those fellow-countrymen not knowing, reading. Although you can buy a ticket on this line for Two or three dollars less than on the others, it is necessary
6690 not to consider this, because this cheapness will not bring you utility, and will perhaps deprive you of your health. Instead of the expected good, you will let unnecessary tears fall. If you, fellow-countrymen wish to go to Europe, via Rotterdam, in buying your ticket ask for a ticket on the Holland American Line, and if they answer, "Yes," then buy the ticket. If you wish to go to Antwerp, declare that you want a ticket on the Red Star Line, if to Bremen, ask for the North German Lloyd. In buying a ticket to Hamburg via Liverpool mention the names of the following steamship lines, "Cunard Line," "White Star Line," "American Line," or "Anchor Line."

We confirm our respects of yesterday and are in receipt of your favors of 18th, 20th and 21st inst. with enclosures, also your telegram of yesterday, contents of which have our best attention.

s. s. "Russia." We note that the North German Lloyd and the Austrian Line have now reduced their
6707 rate to $23,—against us and that you according to our telegram of 25th inst. leaving you free hands have temporarily fixed the rate for "Russia" to $23,—as well. We see that you expect to increase your bookings with a few Hundreds, if you drop the rate, and we understand that you will reduce the rate to $22,—if you consider it the most profitable to us. It is only to be hoped that the prospects may improve, and we anyhow still await to hear from you what you have done.

We further note that s. s. "Jelunga" has left yesterday with 250 steerage passengers.

Yours faithfully,

6708 AKTIESELSKABET,

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

We confirm our respects of yesterday and telegrams exchanged since as per copy enclosed.

As you will now understand the reason, why we wired you yesterday not to book prepaids for some time, was that we at present are in close negotiations
6713 with the pooled lines, and we hope the result will be that The Russian East-Asiatic Co. joins the pool.

Taking it that the steamers join the pool, we, of course, do not now want to book at the present low rates, and we therefore wired you today in the meantime to keep all off.

Our Mr. Etatsraad Anderson is leaving for London next week where a meeting is to be held of the combined transatlantic Owners, and using this opportunity we hope to come to a final arrangement.

We remain, dear Sirs,

Yours faithfully,

Control Department.

Messrs. A. E. Johnson & Co.,
21 Broadway, New York.

Gentlemen:

We cabled you today as follows: "Do not book prepaids via Rotterdam" which we hereby acknowledge.

The reason for cabling you is this that we continually find a few passengers being booked at yours from Rotterdam at much lower rates than we have to pay 6722
the H. A. L., by whose steamers they are forwarded and invariably with a considerable loss to us.

Here is a typical example:

No. 16384 Messrs. Ruys & Co. debit us as follows:

Paid to H. A. L. passage & headtax	Fl.	82.46
Commission	"	1.25
14 days lodging expenses	"	12.90
	Fl	96.61
Credited by you in Libau Report No. 101:		
Net amount $24—at 2.50	"	60.00 6723
Loss to R. A. Line	Fl.	36.61

Naturally we do not desire any more bookings of that kind.

We beg to refer to your letter of the 8th July last in which you ask us (on Page 2 under heading "Passenger Manifest steamer 'Korea' May 2nd") to investigate the matter of the bearers of the tickets 6528 and 6530 being forwarded to Tilsit, as Embarkation Coupons only read Rotterdam. We now enclose the

6724 *Petitioner's Exhibit 658*

railway order for No. 6528 which distinctly states Tilsit, and have asked Libau to forward you No. 6530 direct. We shall therefore ask you to be kind enough to credit in your next monthly statement the railway fare to Titsit, viz. $6.60 on each ticket, and we now return you the coupons which you forwarded to us.

On Page 1 of the same letter you write under heading "April Statement" that you will credit us with $2.50, small differences in prepaid tickets 1832, 1093, 10194 and 9783, but so far you have not done so.

6725 You will no doubt also hear from Libau about this.

We are, Gentlemen,

Control Department.

Messrs. A. E. Johnson & Co.,
27 Broadway, New York.

Gentlemen:

In Messrs. Benham & Boyesens Disbursement a/c for S/S "Korea" were included various amounts aggregating $26 for maintenance at Ellis Island of passengers arriving by the Holland America steamers Ryndam 22 Sept., Statendam 29 Sepr., Noordam 5 Oct., and Ryndam 27 Oct., and on writing these 6728
friends objecting to these charges they now write us to the effect that they paid these amounts at your request, and that you are now arranging to have the amount refunded from the Holland American Line.

We cannot understand how you came to request Messrs. Benham & Boyeson to make such payment on a/c of our company, as you of course are fully aware of the fact, that at the moment the Holland American Line have accepted our prepaids at Rotterdam our responsibility and liability are at an end, and we shall therefore be glad to have your explanation of this matter.

In the meantime we have debited you with the $26 6729
and expect to see a credit for same in your December financial statement.

6731

Petitioner's Exhibit 661.

Feb. 13, 1909.

The East Asiatic Co.,
Copenhagen, Denmark.

Gentlemen:

We sent a letter to Libau, informing them that the New York Continental Line, being revived and called the North West Transport Line, of which C. B
6732 Richards & Co., are the General Passenger Agents, have advertised the "Volturno" for Feb. 27th.

We have had our meeting here, and cabled to the other side through the secretary, for instructions in reference to competing against the steamer on the date mentioned by the North-West Transport Line.

Awaiting further instructions, we remain,
Yours very truly,

Petitioner's Exhibit 662. 6733

Copenhagen, 25 March, 1908.

Libau-New York Trade.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

We received your telegrams and replied as per copy enclosed.

We regret we cannot fix sailings otherwise until Messrs. The Russian Eastasiatic S. S. Ltd.'s negotiations with the Pool have been brought to an end. Until then we would thank you not to make any forward 6734
bookings of Passengers. As soon as we come to a decision either one way or the other, we shall wire you full instructions regarding sailings, but we may already now inform you that owing to the depressed state of affairs all over we intend to send only one steamer each month. We will only require the steamers to maintain a monthly sailing from Libau, and the new Steamer whose name is "RUSSIA," and "ESTONIA" will easily could keep up a monthly sailing.

The "KOREA" will be kept as a reserve steamer whereas s/s "LITUANIA" will be put into one of our Eastern routes and already be taken out of the 6735
trade when she returns to Libau.

Therefore we telegraphed you that s/s "ESTONIA" will sail after "KOREA" on the 4th of May, provided she will not clash with the Volunteer Fleet's departure.

This Company will not send their two April steamers, also on account of the Eastern Holidays, but we are not aware of which day in May will be fixed but have enquired St. Petersburg and will let you know if there should be any alteration in "ESTONIA'S" sailing.

6736 *Petitioner's Exhibit 662*

The next sailing after "ESTONIA" will then be the new building, s/s "RUSSIA," which we expect ready middle May to leave Libau end of May or beginning of June and so far as we calculate the 25 Cabins you telegraph about could come in nicely for her, as we should think she will not be able to leave many days before the 24th June.

"RUSSIA" can take 42 Ist class and 60 IInd class Passengers. As we however do not expect so many Ist class Passengers we will only send inventory on board for 30 Ist class, whereas we will give full outfit for 60 Passengers on IInd class, which please note.

6737

6739

August 6th, 1908.
File #24.

Dear Mr. Johnson:

From the different letters received from the Company from time to time we imagine that it is the desire on the Company's part to cut out Rotterdam coming westward; possibly it might be expensive, we do not know the reason, but it is very important for the Company to keep up the Rotterdam service as that is the important link against the pool lines. Naturally the pool Lines would hail such a project for us to discontinue when coming this way from the other side to leave out Rotterdam. Before the Company should entertain any such proposition they should be mighty well paid for it. Possibly there is no intention of doing this but in your discussion with the gentlemen on the other side kindly call their attention to this although we feel quite certain they know the importance and will not let it escape their attention in case of any discussion with the pooled lines.

6740

Cordially yours,

6741

6742 **Petitioner's Exhibit 664.**

6760 **Petitioner's Exhibit 672.**

Aug. 26th, 1908.

File #345.

Messrs the East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

The Conference Lines notified us today that they received a cable from Mr. Peters, Manager of the Pool Lines that they have made arrangements with the Russian East Asiatic Steamship Company and all competition should cease, and that our outward rate
6761 should be $28.00 to Rotterdam, and of course our Libau rates should be $35.00, and our Commission to sub-agents will be $2.00 the same as paid by the Conference lines. Not having heard anything from you and knowing that this arrangement has been made, and knowing the Company's wish to get as much revenue as possible, we immediately complied with the Conference orders and sent out our circulars simultaneously with theirs, and we herewith send you copy of same. Would respectfully suggest that outward from here that we should use Wednesday, as Wednesday we consider the best sailing day from New York. The North German Lloyd goes on Tuesday, and the Holland American goes on Tuesday leaving
6762 Wednesday open for us. This is the only day that there is no sailings from here and which is considered the best day, and therefore wish that you get that day for our sailings if possible.

Now the only thing in the way is the Italian Lines and we hope that that fight will soon be settled then we are at peace with the world. We should make plenty of revenue for the Company, advance rates all around and as we only receive a percentage of the pool it will be necessary for us to keep up our percentage and if we run ahead, (the way we understand

the pool arrangement means) they raise the rates for lines that run ahead and reduce them for lines and reduce them for other lines to catch up. It will then be simply a matter of percentages and much better revenue, less expenses and easier matter for the Company to figure the profit on each and every ship, we therefore congratulate you upon the work of arranging your matters so amicably we remain,

Yours sincerely,

Petitioner's Exhibit 673. 6764

Gentlemen:

We cabled you this morning: "HAVE APPLIED FOR ADMISSION WILL BE ACCEPTED THIS EVENING." The Secretary of the Conference has just notified us that before admitting us it was decided by the Conference Lines to Cable to Peters as fol-
6779 lows: "EASTASIATIC APPLY FOR ADMISSION IS THIS CONTEMPLATED AND ON WHAT TERMS" so that you will be posted in case you wish to cable Peters. We have applied as per your instructions and as we do not anticipate any hitch, there is just a little pull-back from some of the lines thinking that they should be notified direct by Peters which he evidently has not done.

We will cable you result tomorrow.

Yours very truly,

6780

Petitioner's Exhibit 680.

6781

Aug. 31st, 1908.

File #405.

Dear Mr. Johnson:

We have cabled you today that our line joined the Conference. I suppose by this time you are aware of it. We received a cable from the Company and wrote you to Copenhagen to that effect but joining the Conference it means that the Company has joined the pool and we will get our percentage—what the percentage is I do not know. We will select the best agents to get the best share of the business and if 6782
we can we will keep up to our percentage; if we get ahead of our percentage our rates will advance and if we drop behind they will reduce. We have telegraphed to Chicago to stop booking prepaids and also sent circular out to New York Agents to stop booking prepaids. Reduced Commission to sub-agents to $2.00 and to General Agents to $3.00. We think it important for you however to get to Copenhagen and renew our arrangements. Things will run very smoothly. Expect the "ESTONIA" out with about 600 or 700 steerage. The Russian Consul here is working very friendly with us. In order that the Company should get the benefit of the pool arrangement we stopped the Agents from stocking up pre- 6783
paids and took every prepaid blank away from them in the city of New York, who we thought most apt to take advantage of any advance that took place. We done this so that the Company would get the benefit of any advance as stated before. Several of the agents of whom we were in doubt about expressed a willingness to become conference agents and paid up at once so instead of being stock by any particular agents we will come out without any trouble or loss which was the most important thing as several of these

6784 *Petitioner's Exhibit 681*

Agents thought they would be dropped after they had sold the tickets and we would possibly be stock or fight the bond company for the money.

While writing you we have just received word from Sandford that there was some objection to our joining Conference by two of the lines and it was decided that they should cable Peters as follows: "EASTASIATIC APPLY FOR ADMISSION IS THIS CONTEMPLATED AND ON WHAT TERMS. JOHNSON" and I have repeated the Cable to Copenhagen so that they would be posted and pull the strings on Peters if necessary. With kindest regard to Mrs. Johnson, I

Mr. Lawson Sandford, Sec'y,
The Continental Conference,
#19 Broadway, N. Y. City.

Dear Sir:

Please note the name of the Agent in Newark which we submit to you to add to the Newark list is A. Paszek, No. 30 South Orange Street, Newark, N. J. He will notified to deposit with you a cheque for
6797 $250.00.

Yours very truly,

6798

Petitioner's Exhibit 687.

6799

Septr. 4th, 1908.

File #480.

Messrs. the East Asiatic S. S. Co.,
Copenhagen, Denmark.

Gentlemen:

Your cable reading as follows:

"PREPAID PERIPLUM ORILLARON OBCE-CARSR CONFERENCE TALGFETT" which we interpret means:

"Prepaid we propose $35.00 if there is no objection. 6800
Telegraph what you have done."

We have made our prepaid rate from Libau to New York $35.00 including Headtax which is the same proportion as sold by other lines. For instance the Anchor Line is $30.00 plus $4.00 Headtax from Libau—the Cunard Line $32.50 plus $4.00 Headtax, which is $36.50 for such steamers as the Mauretania and the Lusitania. All Lines agree with that rate which is satisfactory to them. The different lines are now writing to their home offices as the competition has been withdrawn suggesting for all lines an advance in the Libau rate. Copies of the letters sent out by the Secretary of the Conference will be sent to 6801
us by him. We will then have to advance our second cabin rates prepaid from Libau to New York about $2.50 per head and particularly for the steamer "Russia" only after we have again advanced our prepaid steerage rates.

We note that you do not say anything about prepaid rate from Rotterdam to New York and await your further instructions to this effect, and have cabled you so.

For your information yesterday afternoon at 4 o'clock was our first meeting in the official capacity as

6802 *Petitioner's Exhibit 688*

members of the Conference and we have been requested to select such Agents as we see fit for the City of New York under the City rules, and so far have selected four Agents in New York of our own which we consider the best Agents for Russian business, if they can live up to the rules and regulations of the Conference they will be admitted as they have been accepted. The Conference lines Agents immediately called on us and we are taking them one by one discussing what business they can do for us, and as they are very anxious particularly

6803

File #562.

Dear Mr. Lundberg:

Enclosed please find letter from Lawson Sandford, and kindly arrange to communicate with the Chicago Committee of Continental Conference and get acquainted with the rules and regulations regarding deposit, etc., plan which apply to the Chicago territory, as suggested in the enclosed.

Yours very truly,

6806

Petitioner's Exhibit 690.

Sept. 10th, 1908.

File #566.

Dear Mr. Lundberg:

Enclosed please find the letter from that good agent in Omaha, nevertheless do not change from the ruling pay only $2.00 commission as your general Agent's commission is only $1.00 more both on Outward and prepaid business, and for your information now that 6807
our Company is in the pool it really makes no difference to them and our compensation will naturally be reduced. You will find in time that it will work itself as we are the only direct line from Libau to New York and from New York to Libau via Rotterdam.

Yours very truly,

6808 **Petitioner's Exhibit 691.**

Sept. 10/08.

File #573.

Dear Mr. Johnson:

Emil Lederer came in and saw me last night and gave me the tip that the lines have had a little understanding amongst themselves that now that A. E. Johnson & Co., are members on the Conference Lines that it is an unwritten law, same as laid down to Mr. Conti that no General Passenger Agent can represent any other line in New York as subagent, and he ad-
6809 vised me rather than have the lines write us to return tickets for me to deliver them back and I called upon Mr. Farley, Mr. Walker of the Cunard Line and Mr. Reilly and they all hinted the same thing to me, and I have therefore today arranged to deliver to all lines their tickets thanking them for past favors and courtesies. This you understand we have to give up now and I thought I would let you know this for your information when you go to Copenhagen in case any particular argument that might come up.

With kindest regard to Mrs. Johnson, I am,

Yours sincerely,

6810

Petitioner's Exhibit 692.

6811

Libau 18/31 March 1908.-

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

Your favor of the 14 inst, concerning the pamphlet entitled "Trachoma" to hand, and we beg to thank you for having sent us three copies of same.

We also beg to thank you for the Conference-report Nr. 756, which we received yesterday and should feel obliged, if you would send us Nr. 753, 54 and 55 as we have not received these numbers.

6812

Thanking you in anticipation we remain, Dear Sirs,

Yours faithfully,

THE RUSSIAN EAST-ASIATIC STEAMSHIP CO., LTD.
Libau Branch.

Petitioner's Exhibit 693.

June 30th, 1909.

Messrs. The East Asiatic S. S. Co.,
Copenhagen, Denmark.

6813

Libau & St. Petersburg.

Gentlemen:

(About 20 Lines Undecipherable.)

However you can see from the (undecipherable) here we have been able to create a demand for tickets on the steamer "RUSSIA" and as it is not early to reply to you what success we have had we hope to do fairly well under the circumstances.

Yours very truly,

6814 **Petitioner's Exhibit 694.**

U/O

Libau 4/17th June 1908.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

American Inland Tariffs:

Being in possession of "Joint Tariff No. 13" with "Supplement No. 4" only we are obliged to charge all inland fares in accordance with same. However we are aware, that F. inst. the Cunard Line have issued
6815 a combined tariff containing also rates per steamer, which for several places came out much cheaper than per railway. We take it that you have already posted to our address two complete sets of all tariffs, which are of interest to us, and if you have not done so already, we should thank you to give us a full explanation about which tariffs we have to follow during winter and summer for the various destinations. F. inst. we have just received an application from the Mallory Steamship Company. Please let us know by return of mail, whether we may avail ourselves of their rates.

Rate: We beg to draw your attention to the fact, that the difference between Rotterdam and Libau is
6816 $7—for eastbounders whereas for prepaids $2.50 only. Is this not due to some mistake?

Yours faithfully,
THE RUSSIAN EAST-ASIATIC STEAMSHIP CO., LTD.
Libau Branch.
(Signature undecipherable.)

Petitioner's Exhibit 695.

6817

June 29th, 1908.

Messrs., the Russian East Asiatic S. S. Co.,
Libau, Russia.

Gentlemen:

Please note that in accordance with your letter of the 17th instant we have sent you Mallory Line Steamship Company's latest rates and will again send them to you as you may use them in connection with tickets from New York to destination.

Regarding the other part of your letter we have sent you all tariffs and will send you a new supply again so as to keep you thoroughly posted. 6818

Regarding your letter of June 17th we beg to call your attention to the difference between the rate of $2.50 between Libau and New York and Rotterdam and New York. We have to take the rates according to the way the German Lines do, for instance, the Hamburg Line quoted a rate of $27.50 to Hamburg, plus $4.00 Head tax, we therefore made our rate $27.50 to Libau. The Hamburg Line charged two dollars more for Russians. Of course, it is our intention to attempt to raise all prepaid rates now from Russia, not from Rotterdam. We were afraid to raise prepaid rates at Libau on account of the Volunteer whose Agents claim that if the difference was too great between Rotterdam and Libau prepaid Russians would buy their tickets from Rotterdam to New York instead of Libau to New York, and of course this claim is correct. We will readjust matters as soon as we can raise the rates, as we are now attempting to raise the rates from this side to see if the other lines will follow. 6819

Yours very truly,

6820 **Petitioner's Exhibit 696.**

RUYS & CO.

Rotterdam, July 8th, 1907.

Messrs. A. E. Johnson & Co.,
I. Broadway,
New York.

Dear Sirs:

Prepaids Nr. 4412/4413. Replying to your favor of the 27th ult. we beg to say that both passengers reside in Russia, Government Wilna, and thus had to be advised and no doubt will have been advised by
6821 Messrs. Knie, Falk & Co., Libau, as it was arranged at the time that these gentlemen should take care of all passengers coming from Russia. We have written to Messrs. Knie, Falk & Co., on the subject. We may tell you that Insterburg is not situated in Austria but in Prussia and is even a control station, so that passengers for our company could never travel via or from Insterburg. This explains why the people have been rejected there.

Yours faithfully,
(Singature undecipherable.)

(Notation in pencil.)
Max A. E. J. Attended to

6823

Rotterdam, March 14th, 1908.

Code 5th Edition A. B. C.

Messrs. A. E. Johnson & Co.,
27 Broadway,
New York.

In answer to your favor of the 3rd inst. regarding ppd. 331/2991 we have given to this passenger proper instructions, but as she lives in the neighborhood of the so-called control station, she did not care to go via Vienna-Basel, which would mean an expense to a far bigger extent. However we have instructed her again explaining the consequences if she did not follow our advise. 6824

Yours truly,

THE ATLANTIC EXPRESS.

Petitioner's Exhibit 698.

Rotterdam, 24th April, 1908.

Messrs. A. E. Johnson & Co.,
27 Broadway,
New York.

Dear Sirs:

6825

In reply to your favor of the 14th inst. regarding ppd. 346/13012, Antony Siemieski, we beg to inform you that his claims, as you presume, are wrong. Very probably he has been prevented in the control station Illowo and there people told him to pay $42 for another ticket.

We shall write now again to this passenger and instruct him to voyage not through Germany, but through Austria to Vienna to come forward from this place to Rotterdam without further trouble.

Yours truly,

pr. pa. KARLSBERG, SPIRO & CO.

Julius Koffler,
N. Y. City.

6826 **Petitioner's Exhibit 699.**

May 28th, 1908.

Messrs. Ruys & Company,
Rotterdam, Holland.

Gentlemen:

Prepaid 11741, reference 369, report 47 dated April 7th. The purchaser of this ticket asks to have the same cancelled, because the passenger booked on the same was stopped by the authorities and he was told that he could not proceed on account of passage being via a known conference line, therefore the Agent asks
6827 to have the full amount refunded as he otherwise will have to stand the cancellation out of his own money, purchaser claiming that the Company only is to blame. Kindly advise what you can do in this matter, thanking you in advance for your prompt attention, we remain

Yours very truly,

6828

Petitioner's Exhibit 700.

6829

Dec. 19, 1910.

Messrs. The Russian American Line,
Libau, Russia.

Gentlemen:

Referring to the circular sent you from the Secretary's Office, Serial No. 56, dated Dec. 16th: At a meeting we have decided to send the following cable to Secretary Peters:

"Referring Conference Cables second and eighth July nineteen nine inform all Transatlantic Lines Ellis Island vigorously enforcing existing money requirements and that Commissioner considers a payment after arrival and detention made by relatives or friends is assistance justifying deportation in many Cases."

6830

This has been brought out on account of Commissioner Williams being stricter at Ellis Island than heretofore, and it was therefore considered best to inform the home offices so that there would be less deportations on account of money questions.

The Jewish Society through Judge Sanders also sent cables to Hamburg, Bremen, Rotterdam and Libau, informing the societies that passengers coming on should be in possession of $25.00.

Our object in calling the Company's attention to this is to show you the methods the other lines are using, and to use the same method for the time being.

6831

We also enclose you herewith a circular sent out by the Cunard Line, and we will also send out a similar circular to our agents, reading:

"The Commissioner of Immigration at Ellis Island calls attention to the fact that Immigrants who are not in possession of sufficient funds even though they hold railroad order to their destination and / or are

6832 *Petitioner's Exhibit 700*

otherwise admissible, may not be allowed to land and proceed to their destination until they receive a sufficient amount of money which will enable them to reach their destination and maintain themselves until they can obtain employment. It is therefore imperative that purchasers of prepaid tickets provide passengers with sufficient funds to be in possession upon arrival here, of at least $25.00 for an adult and a larger amount for a family as circumstances may require.

You will undoubtedly appreciate that strict compliance with these requirements will be of benefit to
6833 yourself as well as to the passenger and purchaser of a prepaid ticket, inasmuch as it "will prevent unnecessary delay and hardship to the passenger, and incidental expense and complaint on the part of the purchaser." This is for your information.

Yours very truly,

Copy to Copenhagen.

6834

Petitioner's Exhibit 701.

6835

P.
Registree.

Libau, 1/14 Septbr., 1910.

Confidential.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

"Lituania" 18. It happened this time that the steamer got a few passengers more than the 946 adults allowed by the last certificate dated June the 24th, in consequence of which we instructed the purser to write down the ages of a few children between 8 and 12 years to below 8 years. After this the correct numbers should be: 6836

	Steeragers:	Cabins:
Adults (12 years & up)	763	59
8 to 12 years	89	8
1 to 8 years	179	16
up to 1 year	17	3
	1048 souls or 942 adults.	86 souls

and we ask you to kindly convince yourselves, that all manifests, passenger lists etc. are in conformity with these figures before they are handed over to the Officials, so as to avoid fine. 6837

So far we received no information from you about the limit of Cabin Passengers, but the above named 86 souls = — 75 adults will hardly exceed the allowed maximum.

Yours faithfully,

THE RUSSIAN AMERICA LINE
Russian East-Asiatic
Steamship Co. Ltd.

Mr. Straus
R.

6838 **Petitioner's Exhibit 702.**

7 Libau, 15/28 Oktober 1910.

Messrs. A. E. Johnson & Co.,
New York.

Dear Sirs:

Sailings from New York, 1910. Your favor of the 16th ult. came duly to hand, and we carefully noted contents of same.

We fully understand the importance of keeping clear of the sailings of the Uranium S. S. Co., but on the other hand, when fixing our sailing list there
6839 are so many regards to take that it is impossible to adhere to them all without losing much time.

We are glad to note that the sailing date of the "Kursk" from yours (19/11) is alright, and we hope you will succeed in booking a fair number of eastbound passengers for her, especially cabin, the more so as we feel sure the accommodations in this steamer will highly satisfy any traveller.

From the attached list you will observe, that "Lituania" 19 will be the following sailing, and as this steamer is running fast, she may arrive at yours in ample time for being despatched on Thursday the 8th of December instead of Saturday the 10th, and
6840 we are now trying to get her appointed fighting ship against the "Uranium," about which we shall wire you later on. The following 2 boats (Russia 15 and Kursk 2) you had better advise direct for Libau, the more so as they will most probably get full cargoes of agriculturals for the Baltic.

As for the "Birma" 10 (21/1) we await your information about the sailing list of the Uranium Co. for 1911, when we shall see what can be done.

Asking you to kindly inform Messrs. Benham & Boyesen about the above named we remain, Dear Sirs,

Yours faithfully,

6842

Dear Mr. Ballin,

I am sailing to-morrow per "Oceanic" for the round-trip, and although there seems no necessity to come to an Agreement on Saloon rates this Season, as all Lines appear to be booking well at good rates, I have had a talk with our people on the matter, and enclose for your PRIVATE INFORMATION, memo of what we think would be a fair classification and rating for the respective Steamers, and shall be glad to hear how far it coincides with your own views. If there is anything in it which you think is not equitable, I shall be glad if you will point it out.

6843

While as above indicated, I send you our views privately, and do not, therefore, wish them put forward as a proposition from us, there is no objection to your laying the matter before the other Continental Lines, if you consider it desirable in order to ascertain if acceptable to them.

Wishing you a happy and prosperous New Year, Believe me

Yours sincerely,
(Sgd.) BRUCE ISMAY.

Dr. Wiegand in the chair.

1. The following scheme was approved to meet the competition of the Volunteer Fleet, Russian East Asiatic Company, and New York Continental Line in the Eastbound business. Secretary Peters to notify the New York Conference.

(a) When an Atlantic Conference Line with the consent of the other A. C. Lines puts a steamer on the berth in opposition to an outside Eastbound steamer at the same or a lower rate than such outsider then the A. C. Lines (including the Line of the opposing steamer) will compensate such Line for the passengers forwarded at the reduced rate the difference per adult between the regular rate in operation for the steamer at the time when she was proposed and agreed upon for the opposition but not exceeding $30—and the reduced rate at which the passengers were carried. Maximum compensation to be $12.

6849

(b) Opposition steamers to be put on the berth against the steamers of the Russian Volunteer Fleet, the Russian East Asiatic Steamship Company, and the

6850 *Petitioner's Exhibit 705*

New York and Continental Line for Eastbound business. Further extension of this measure is subject to a unanimous decision of the A. C. Lines.

(c) The opposition steamer is appointed by Vote by majority of the members of the New York Conferences (North Atlantic Conference and Continental Conference) Canpac Ry. to be considered to enable them to vote. The chairman shall have a casting vote in the event of the votes being divided equally. In their decision the members shall be guided by considering which steamer is best suitable for being most
6851 efficiently opposed with regard to date of sailing preference by steeragers, capacity etc. These terms being nearly equal the steamers sailing direct for the Continent of such party that is short or most short shall be appointed. If a British Line steamer is selected it must be subject to the consent of the Line concerned. The New York Conferences to be at liberty to appoint a small committee to carry out this clause.

(d) If for such an opposition steamer more passengers are booked than she can carry then the A. C. Line which carries the excess is entitled to a compensation per adult to the amount of the difference be-
6852 tween the rate which the passengers have paid and the regular rate of the carrying steamer at the time when the opposition steamer was appointed, except if in the meantime her rate has been reduced, subject to the limitations provided for in clause a.

(e) The Compagnie Generale Transatlantique and the Austro Americanc participate in the compensation in the proportion of their share to be fixed by a special agreement between them and the N. D. L. V. Lines. These Agreements to be tabled.

6853

(f) The amounts of compensation to be paid by the Atlantic Conference Lines in the proportion of their Eastbound percentages which will be adjusted in accordance with clause e.

(g) Any Line may withdraw from this Agreement at any time by giving 30 days' notice.

2. The question of compensation to the White Star Line for the passengers overbooked for the Pretoria April 14th and transferred to the Baltic and to the Holland America Line for the passengers also overbooked for the Pretoria and Barbarossa and transferred to the Potsdam and Noordam to be referred to 6854
Mr. Ismay for decision.

3. The question of the payment of commission by the C. P. Ry. to the New York Continental Line on inland business to be taken up by a small committee with the C. P. Ry. representative.

4. The following cable was dispatched by unanimous consent from Secretary Peters to Secretary Sanford with the view to the New York Conference taking prompt action to discipline all agents in the States transgressing conference rules. Viz: "Referring your last cable Atlantic Conference Lines are unanimously agreed that under present conditions it is highly 6855
essential that the Conference Regulations should be strictly enforced against Agents and request New York Conference act accordingly and in cases of doubt refer same to arbitration." The further consideration of the competition by the Italian Lines for Eastbound Continental Business to be deferred until Mr. Ballin has seen Mr. Crespi in Hamburg early next month.

5. The British Lines form of Promissory note accepted for all Lines, except "Hinrich Peters" to appear instead of the words "the Secretary of the Gen-

6856 *Petitioner's Exhibit 705*

eral Pool." The promissory notes to be deposited by all Lines with the Secretary not later than June 15th next.

6. Agreed that the Allan Line under Appendix A to Agreement Z are entitled to carry not exceeding 100 Hirsch passengers for each sailing, to whom the special compensation rate applies. The average number per sailing is not to be considered.

7. Agreed that the Cunard Line are to participate with the other Pool Lines in the compensation pay-
6857 ments as between the Canadian Lines and Atlantic Conference Lines under Agreement Z.

8. All steerage passengers whether booked at regular or reduced rates have to be pooled under the Agreement AA. except those exempted under clauses 3 and 11 of the bye-laws to that Agreement.

9. Clause 11 Agreement W to be amended to permit a minimum commission of $6 per adult to be paid to Agents in America on second class round trip bookings. The other amendments to the Agreements as suggested are approved failing advice to the contrary being received by the Secretary from any Line prior to 15th June.

6858 10. Noted the Austro Americana join Agreement H.2, but the Allan Line do not.

11. The N. D. L. V. Lines to consider what steps they can take to break the Westbound Libau Rate in competition with the Russian Lines. If they do not find this practicable the question of the reduction by the British Lines with compensation to be considered.

12. The difficulties still experienced by passengers for the British Lines in passing the control stations was referred to. Mr. Ballin stated this matter has been taken up with the German Government, and that

Petitioner's Exhibit 705

6859

he has received a letter from the authorities that the question is under consideration, and added that the British Lines may expect a settlement to be arrived at very shortly.

13. Telegrams from Secretary Peters for the British Conference Lines to be sent in future to Secretary Smyth who will communicate same to the British Lines.

14. The C. G. T. agree to withdraw their agency from the New York Up-town office of the Sleeping Car Company provided all the Lines agree not to open Up-Town offices, or appoint Up-town agents within 3 years from 1st March last. All Lines agreed to this proposal, except the Cunard Company who will communicate their decision as early as possible to the Secretary.

6860

15. The proposal to amend Agreement V by omitting the words "or reductions" on the 6th line clause 11 to be considered at next Meeting.

6862 **Petitioner's Exhibit 706.**

White Star Line,
Passenger Department,
LIVERPOOL,
25th April 1908.

Per S/S "Lusitania"

Passenger Department,
White Star Line,
9 Broadway,
NEW YORK.

Dear Sirs,

6863 Eastbound Pool Percentages

For your information, we attach herewith copies of letters addressed by Mr. Ismay and Mr. Sanderson to Secretary Peters, Jena, with respect to the percentages named for the I. M. M. Co. Lines.

Yours faithfully,
For ISMAY, IMRIE & CO.,
(Intd.) A. B. C.

Copy.

6864 April 22nd 1908.

Dear Sir,

Atlantic Conference Eastbound Pool Percentages

Referring to my letter of April 2nd naming a division of the I. M. M. Co.'s Pool allotment among the associated Lines, I have now to give you the following amended division of the Eastbound percentage which has been reduced as the result of the arbitration to 25.71 in all, viz:

Petitioner's Exhibit 706 6865

American, Southampton,	6.74%
Liverpool,	1.98%
Dominion Line	1.50%
White Star Line (New York & Boston)	15.49%
	25.71%

This allotment is made with the same reservation as to possible alterations in the future, as indicated in my previous letter.

I understand that in future Pool statements you will show all the I. M. M. Co. Lines as well as the N. D. L. V. Lines separately, and the disposal of this question regarding the Eastbound percentages, will, I hope, enable you to complete the Pool statements for the first month without further delay. 6866

Yours faithfully,

(Sgd.) J. BRUCE ISMAY.

Secretary Peters,
Nordatlantischer Dampfer-Linien Verband,
JENA.

April 22nd 1908. 6867

Dear Sir,

Eastbound Pool Percentage Arbitration

Referring to Mr. Wilding's award of the 20th inst., in this matter, a copy of which has been mailed to you, I have had the percentages worked out in accordance therewith and agree with those submitted by the N. D. L. V. Lines as follows:

6868 *Petitioner's Exhibit 706*

Allan Line	4.95%	
Anchor Line	3.93%	
I. M. M. Co.	25.71%	(exclusive of Red Star)
N. D. L. V.	45.80%	(including Red Star)
C. P. Ry.	4.49%	
Cunard Co.	15.12%	
	100.00%	

In Mr. Wilding's letter covering the award he gives the percentage for all the Lines, but he has calculated
6869 them on the assumption that the other British Lines will make an additional contribution beyond what they have already agreed upon towards the extra percentage to the Allan Line and C. P. R. Such an arrangement can not be suggested, so the above figures remain correct.

I shall be glad to have your acknowledgment and confirmation.

Yours faithfully,
(Sgd.) HAROLD A. SANDERSON.

Secretary Peters,
Nordatlantischer Dampfer-Linien Verband.
JENA.

White Star Line,
New York.

Dear Sirs,

Atlantic Conference—Cologne Meeting
3rd December

6872

We enclose herewith copy of Minutes of above Meeting from which you will note the various points dealt with, and we would draw your special attention to the following:

Minute 4. You will observe that it has been decided that Second Class passengers transferred through "force majeure" from one steamer to another higher rated steamer are not to be pooled.

Minute 9. 1st Class rates. Intermediate season. You will be pleased to see it has been agreed by the Lines that until further notice an intermediate schedule of First Class rates is to be published for each steamer, being the mean between the Summer and Winter schedules for the respective steamers, for the following periods—

6873

Westbound. 1st April-31st July and 16th Oct.-31st October.

Eastbound. 1st April-30th April and 16th July-15th August. It was impossible to get the Lines to agree to extend the intermediate season schedule beyond the 15th August Eastbound.

This does not apply to the Mediterranean Service nor to the Canadian Lines (or Anchor Line) who

6874 *Petitioner's Exhibit 707*

will continue their present practice in this matter, and it is of course understood that no Line is bound to maintain the schedule except as regards the minimum rates. We are revising our rate schedules accordingly, and will send you copy next mail.

The inclusion of the intermediate schedule should result in a marked increase in the earnings for the different steamers.

Minute 10 records that

> "It was agreed that the West and Eastbound "pools cannot be balanced against each other."

6875 In this connection we would refer you to Minute 41 of the printed minutes of the Meeting at Paris August 7th recording that

> "The White Star Line were requested by "some of the Lines to withdraw their recent "advance in eastbound rates made with the "view to balance their position in the west-"bound and eastbound Pools taken as a whole "as they are in the minus for eastbound busi-"ness."

On account of a difference of opinion as to the principle of balancing the west and eastbound carry-
6876 ings against one another it was then decided, if necessary, to refer the matter to arbitration.

Minute 14. International Sleeping Car Co's. uptown Office. Under the circumstances referred to in the minute we consider that the White Star Line should also be represented by the International Sleeping Car Co., and we shall be glad to know what you arrange in this respect.

Minute 15. You will note the advance rates to be quoted by the Continental Lines from the 1st Janu-

Petitioner's Exhibit 707 6877

ary, 1909, and we hope to let you know in the course of a few days what our own rates will be.

Yours faithfully,
FOR ISMAY, IMRIE & CO.,
(Intd.) A. B. C.

P. S. We attach copy of cable we propose sending you to-morrow on behalf of the I. M. M. Lines. We may say that the Anchor Line claimed exemption from this Minute on the ground that in the past they have not issued an intermediate schedule.

Proposed Cable to New York Office. 6878

Cologne Meeting all Lines decided advertise intermediate season first class rates mean between Winter Summer schedules Westbound 1st April 31st July 16th October 31st October Eastbound April 16th July to 15th August this does not apply Anchor Line Canadian Lines nor Mediterranean Services.

6879

6880 *Petitioner's Exhibit 707*

NORTH ATLANTIC PASSENGER CONFERENCE,

31 James Street,
Liverpool.

December 5th, 1908.

ATLANTIC CONFERENCE.

Minutes of Meeting Held At Hotel Disch, Cologne,

December 3rd, 1908.

Present:

Allan Line	Mr. Henry Allan
6881 Anchor Line	Mr. Richard Henderson
	Mr. John Aitchison
Canadian Pacific	Mr. Allan Cameron
Cunard Line	Mr. A. D. Mearns
	Mr. S. J. Lister
Hamburg American Line	Mr. Ballin
	Mr. Ad. Storm
	Dr. Murken
	Mr. Neumann
	Mr. Bosse
Holland America Line	Mr. O. V. Reuchlin
	Mr. J. G. V. Reuchlin
	Mr. J. R. Wierdsma
6882 I. M. M. Co.	Mr. Harold A. Sanderson
Norddeutscher Lloyd	Mr. Heineken
	Mr. v. Plettenberg
	Mr. Seyde
Red Star Line	Mr. Strasser
	Mr. Geo. Weingartner
White Star Line	Mr. Sanderson
	Mr. A. B. Cauty

Secretary of the British Lines Mr. Smyth.

Chairman, Mr. Harold A. Sanderson.

Petitioner's Exhibit 707

6883

1. It was decided that a clause must be included in the agreement with the Scandinavian American Line under which the latter will confine themselves to the carriage of Scandinavian and/or Finnish passengers. They are already under agreement with the Hamburg American Line in this respect up to 1st January, 1910.

It was the general feeling that the Donaldson Line should not be party to the Pooling Agreement with the Scandinavian American Line.

The British Lines to defer concluding the final agreement with the Scandinavian American Line until they are advised the agreement with the Russian American Co. is finally ratified.

6884

2. Draft agreement with the Russian American Line approved with Clause 15 giving the equivalent cash and Prepaid rates amended as suggested. Clause 23 regarding the freight agreement with the Holland America Line to be deleted.

3. The question under what circumstances cabin passengers are to be pooled was further considered, and it was agreed by all Lines except the C. P. R. that all passengers paying a rate less than the agreement second cabin rate of the carrying steamer must be accounted for as steerage. This matter to be arbitrated.

The C. P. R. agreed to file a memorandum of the number of railway employees at special rates who have travelled first or second class during 1907. The Allan and Dominion Lines to file a similar statement, when the question as regards employees to be further considered.

6885

4. Second class passengers transferred through "force majeure" from one steamer to another and higher rated steamer are not to be pooled.

6886 *Petitioner's Exhibit 707*

5. The proposals to discontinue the granting of free rail tickets to first class passengers to and from Paris and London was not agreed to.

6. No agreement was found possible as regards the levying of head tax on first and second class passengers.

7. The minimum first and second class rates for the S/S "Cincinnati," "Cleveland," "George Washington," "Berlin" to be left to Mr. Wilding to decide.

8. The Lines agreed not to entertain proposals for
6887 variety shows, etc., on board the steamers.

9. It was agreed by the Lines who have been accustomed in the past to issue an intermediate first class schedule, that until further notice they will publish an intermediate schedule for each steamer being the mean between the Summer and Winter schedules by the respective steamers for the following periods:

Westbound. 1st April-31st July and 16th Oct.-31st October.

Eastbound. 1st April-30th April and 16th July-15th August.

This does not apply to the Mediterranean services nor to the Canadian Lines who will continue their
6888 present practice in this matter. It is, of course, understood that no Line is bound to maintain the schedule except as regards their minimums.

It is further understood that each Line is at liberty to issue revised tariffs if it should find it necessary such tariffs to be circulated two days before issue among the Lines through the medium of the Secretary.

10. It was agreed that the West and Eastbound Pools cannot be balanced against each other.

11. The Allan Line take exception under Agreement A.A. and Agreement Z. to the White Star-Dominion

6889

Canadian service, and the White Star announcements in connection therewith and it was agreed to have the question arbitrated.

The Arbitrator to be first asked if it is a case in which he is competent to give a decision under the terms of the agreements named.

12. The British Lines were advised that the question regarding the control stations was practically settled, and they might expect an official announcement to this effect very shortly.

13. It was agreed that the Pool statements between the Austro-Americana and N. D. L. V. Lines should be circulated among the B. L. 6890

The Cunard Line wished it to be noted that they consider the Austro-Americana should become party to Agreement A.A. and request the N. D. L. V. to give the matter consideration.

14. The question of Up-Town Offices in New York was referred to and the Cunard Line announced their intention to give their agency to the International Sleeping Car Company's Up-Town Office.

The other Lines reserve their right to take any action they may see fit in this respect.

The question of reducing the commission to 2% on first class business done by New York agents was deferred to next meeting. 6391

15. The Continental Lines advised that in view of the proposed U. S. regulation concerning the measurement of emigrant quarters they will quote from first of January 1909, the following steerage rates exclusive of head tax:

6892 *Petitioner's Exhibit 707*

Hamburg American Line	Marks	160
Lloyd Kaiser boats	"	180
" other New York boats	"	160
" Baltimore boats	"	160
" Galveston boats	"	150
Red Star	"	160
Holland America Line	"	160
Cie Gle. Transatlantique fast boats	"	160
" " cargo "	"	150
Austro Americana	"	160

Prepaid rates to be advanced accordingly at once.

6893 16. It was agreed to hold the semi-annual meetings in future on the last Thursday in November and the last Thursday in March at Cologne and London alternately.

6894

Petitioner's Exhibit 708. 6895

WHITE STAR LINE,

Steamship Department,

Liverpool.

December 3rd, 1910.

Mr. W. W. Jefferies,
Passenger Department,
White Star Line,
New York.

Dear Sir:

Mr. Ismay is writing Mr. Franklin fully regarding the Atlantic Conference Meeting in London last month, 6896
which unfortunately broke up without anything being accomplished. We are hopeful that the difficulties that caused this unfortunate result may not prove insurmountable and that the Lines may get together again in time to continue the agreements, which otherwise expire on the 28th February next. The present position is that all the Lines have given notice to retire from all agreements, the Canadian Lines having taken the initiative.

We attach a copy of the Agenda which it was intended to consider if the meeting had been successful in settling the more important questions which arose, and you will notice that Nos. 11 and 12 were put on 6897
by us following your memo. which Mr. Ismay brought back from New York with him. We may say, however, that the question of the 1st class transportation between London and Paris and the landing and embarking ports, was fully discussed at a previous meeting, and no headway could be made as the German Lines were unwilling to give up this facility.

As you will recollect also at a previous meeting the Cunard Co. suggested that an arbitrary rate of £1 to and from Paris and 10/- to and from London should be charged by all the Lines, but this proposal did not go through.

6898 *Petitioner's Exhibit 708*

How the Lines would view your suggestion regarding Agents' commission in New York we do not know, but the proposal seems to us a good one, and we shall take the first opportunity of bringing it up for consideration.

As regards the other points mentioned in your memo. we would comment as follows:

Agreement H2. We concur that this agreement has lost its usefulness, but we do not as a matter of principle want to suggest ourselves to cancel it. If any Line suggests cancellation we shall agree.

6899 *Free Fares between New York, Boston and Philadelphia.* The Cunard Line, with whom we have discussed this proposal some little time ago, were quite definite in their intention to contiuue this privilege, and we do not think any good purpose would be served by bringing the question up again now.

Following the meetings in London the Mediterranean Conference held a meeting in Paris, on November 28th, the Minutes of which are attached for your information.

The memo, prepared by the Sub-committee, containing a scheme for adjustment measures to be taken among the Lines, was not adopted owing to the very divergent views, some of the Companies refusing to ac-

6900 cept any proposal that *obliged* Lines in the plus to take action. The memo. prepared by the Sub-committee is to come up again at the Conference Meeting on the 24th April next should the agreements then be renewed.

We would draw your special attention to Minute No. 65 as to which we will write you again.

Yours faithfully,
For ISMAY, IMRIE & CO.,
(Intd.) A. B. C.

Petitioner's Exhibit 708

6901

ATLANTIC CONFERENCE.

AGENDA.

For the Meeting at the Savoy Hotel, London, on Novr. 24th, 1910, at 10 A. M.

1. Revisal of By-laws (Red Star Line) (G. 862.845).

2. Cunard Line's deported Hungarians via Fiume. (Hapag) (G.965.981).

3. Dominion Line's notice of withdrawal from Agreement AA Westbound. (G. 1000 Mr. Ismay).

6902

4. Cunard Line's circular on minimal cabin rates. (Hapag.)

5. Advance in second class rates. (G.985.996.1002. White Star Line.)

6. Thomson Line. (B. L.)

7. Withdrawal of Russian America Line from Agreement BB. (Cunard.)

8. Appointment of a Sub-Committee for the revisal of the Agreements. (Cunard L.)

9. Reinstatement of Mr. Schyns. (B. L.)

JENA. November 19th, 1910.

6903

SUPPLEMENT

to the Agenda of London Meeting, November 24th, 1910.

10. Lloyd's Eastbound rates. (Hapag) (G.1060.)

11. First class transportation between landing port and London and Paris. (White Star.)

12. Agents commission in New York. (White Star.)

JENA. 21st November, 1910.

6904 *Petitioner's Exhibit 708*

COMM. A. CRESPI IN THE CHAIR.

57. A small committee consisting of Messrs. Brunelli, Cauty, Fabre, Nicholl and Mr. Seyde was appointed to study the question of pool adjustment and to suggest proper measures for same. This committee is also to take up the question of fines for infringements of the Agreement and the proposed alterations to Article 11.

58. The Italian Lines agree to give to the Group two Lines through their secretary month by month
6905 their respective positions under the main agreement.

59. The Fabre Line agree to advance as a trial their second class rates by the Sant'Anna to 325 Lire after the next voyage. The Conference reserves its rights to protect its position against the Fabre Line should it not maintain the rate of 325 Lire.

60. The White Star Line will make inquiry in regard to the board and forwarding expenses of Azores passengers Eastbound beyond the port of call, and will report to Conference.

61. It was agreed that the infants rates for first and second class (Spain and Azores excepted) are
6906 to be as follows:

	1st class	2nd class
Eastbound	$10	$7.50
Westbound	Lit. 50	Lit. 37.50
Commission	5%	5%

U. S. headtax included.

Class Unica is to be considered as second class. These rates to take effect December 10th, 1910.

62. With regard to third class Azores rates for children the White Star Line will communicate with

6907

Mr. Truccey and they will try to come to a uniform age limit for children.

63. The question whether Austro Americana's Azores steeragers are to be pooled or not is to be submitted to Mr. Wilding as sole arbitrator; the White Star Line accept to prepare the statement for the other Lines.

64. It is agreed to accept the following proposition to determine a pool period:

> "A departure being once counted during a pool year, cannot be counted a second time during the following pool year in case a part of the passengers embarked at intermediate ports has to be accounted for in that year in accordance with Art. 9.
>
> "It is however understood that in case the pooling agreement should expire such Group as has not reached its minimum number of sailings cannot count any departure comprised in the final settlement as a full sailing, unless it accounts for all passengers embarked on the same voyage at intermediate ports even subsequent to the date of expiry of the pool."

6908

65. With regard to the threatening new Greek competition the Norddeutscher Lloyd and the White Star Line point out that they have made offers for sale of steamers to this proposed company. The majority of the members express the opinion that such sales are contrary to Art. 21 of the M. S. T. Agreement.

6909

The White Star Line declare their willingness to withdraw, if possible, their offer, provided the Norddeutscher Lloyd do, and the Norddeutscher Lloyd representatives undertake to submit the matter to their board for final and prompt decision, but record their view that such sale of steamers is not covered by the M. S. T. Agreement.

6910 *Petitioner's Exhibit 708*

66. Agreed that the Greek Lines do not participate in the expenses of the pool for the present.

67. With regard to the claim of the Anchor Line that the Fabre Line has been secretly paying extra commission the Anchor Line has shown evidence to Mr. Crespi and Mr. Sanderson who declared that, provided the documents are genuine, they prove the allegations of the Anchor Line. Mr. Fabre cannot accept this decision until he examine the document and consequently the Anchor Line claim the right to appeal to arbitration.

6911 68. It is agreed to extend minute 39 *re* Cia. Transatlintica to the second pool year.

69. The next meeting to be held in Paris on Monday, April 24th, 1911.

Paris, November 28th, 1910.

Signed by all Parties.

Endorsement of Mr. Fabre: Monsieur Fabre repousser absolument la minute 67 pour la raison qu'il exposera le moment venu.

6912 POOL ADJUSTMENT MEASURES.

The commission appointed by the Conference make the following recommendations:

(a) *For Westbound business.*

(1) A plus Line may at any time reduce the commission allowed to agents, and further must do so on the request of two or more minus Lines, but under no circumstances need a Line reduce its commission to less than 10 Lire.

Petitioner's Exhibit 708

6913

It is understood that before making a request to a plus Line to reduce commission the minus Line will take into account the probable position of the plus Line at the end of the pool period.

(2) As the Italian Lines are to be dealt with as a Group the Italian Lines have the right to decide amongst themselves which Line or Lines of their Group reduces commission in the event of the Group being in the Plus and a demand for the reduced commission being made by two or more Group two Lines.

(3) In addition to reducing commission, if this measure does not have the desired result, the plus Lines will endeavor on the request of the minus Lines to reduce the maximum capacity of their steamers by 10%. 6914

(4) As a further measure of adjustment, if necessary, the plus Lines will endeavor to direct Greeks and Orientals to minus Lines.

(5) When the plus Lines cannot take any further adjustment measures the minus Lines may take action as follows:

(a) If the steps taken by the plus Lines are not effective within one month the minus Lines have the right to increase commission, but after 30th April may increase the commission forthwith, *i. e.* without waiting for a month, except that a Line in a plus Group may not under any circumstances increase its commission except by consent of the minus Group. Further in no case may the commsision be increased beyond 20 lit. without the consent of the other Lines. 6915

(b) The minus Lines may reduce their prepaid rates, but not to a greater extent than s2. No reduction in prepaid rate to be effective after 31st March. In no case is the commission on prepaid business to be increased.

6916 *Petitioner's Exhibit 709*

(6) Any question arising under the foregoing condition shall be referred to Mr. Wilding as sole arbitrator who will be asked for an early decision. Such decision shall be binding and must be acted upon within two days of receipt.

(7) No alteration shall be made in commission and/or prepared rates except as provided for in the foregoing, and notice must in every case be given to all the Lines through the Secretary before a change is made

(b) *For Eastbound business.*

6917 (8) The adjustment shall be made by altering rates on the principle that the plus Lines shall increase their rates, before the minus Lines reduce. No Line however can he required to charge a higher rate than $42.

(c) *For both West and East.*

(9) When a Line in the minus has increased commission or reduced its rates and becomes a plus Line in consequence it must at once restore the normal position as regards commissions and rates.

6918 **Petitioner's Exhibit 709.**

WHITE STAR LINE,
Steamship Department.

Liverpool, March 31st, 1909.

Messrs. Lee & Franklin,
9 Broadway,
New York.

Dear Sirs:

Paris Meeting March 25th and 26th.

The Passenger Department have already sent you the Minutes of the Atlantic Conference held at Paris on the 25th instant, which speak for themselves.

Petitioner's Exhibit 709

6919

Minute No. 1. The competition of the North West Transport Line is considered serious, but in view of the large westbound movement from the Continent at present it is not felt desirable to take any steps in opposition to their westbound sailings which would only be effected at a very heavy cost to the Atlantic Conference Lines, but by resuscitating by-law 22 to meet their eastbound departures it is hoped to make their service unprofitable, and we trust the Committee has at once got together with a view to giving effect to this resolution.

You will observe the Allan Line do not agree to join in this resolution, but the other Lines decided to go on without them. 6920

Minute No. 4. We expect in view of the general feeling in favor of the alteration suggested that the arbitrator will give his decision in favor of same, and we hope that the reduction in the second class rate of the "Adriatic" and "Oceanic" will be useful.

Minute No. 6. While the cables exchanged with our Passenger Department indicate that you do not view the suggestion to reduce first class commission in New York to 2% with favor we would not have blocked the proposal had all Lines agreed but it would have been made a condition at the same time that the Lines should restrict themselves to their present offices. 6921

We shall be interested to have your reasons for objection if all the Companies acted together.

Minute No. 13. In view of the failure to obtain the consent of the Hungarian Government the scheme for pooling the westbound carryings by the Cunard Fiume Service is to be cancelled, and the previous arrangement as given in Appendix 3 to Agreement A.A. again comes into force.

Minute No. 14. We hope all the eastbound intermediate first class schedules have been issued ere this

6922 *Petitioner's Exhibit 709*

and those for the westbound sailings are to be out, as you will see, not later than 3rd April.

Minute No. 17. It is doubtful what attitude the Scandinavian American Line will take now that they have failed to implement the Paris agreement of October last, but the Conference Secretary is approaching them with a view to their attending a Meeting in Liverpool to consider the situation.

March 26th. We attach a supplementary memo: regarding the proceedings on this date which were in connection with the Italian and Hungarian situation.

6923 The Cunard Co. had a special meeting with the Continental Lines regarding the Hungarian situation in view of the failure of both they and the Continental Lines to arrange matters satisfactorily with the Hungarian Government. The result of this meeting has we hope removed any misunderstanding between the Cunard Line and Continental Lines and the Cunard Line has certain proposals under consideration which are to be finally dealt with at a Meeting arranged for London, May 6th and 7th.

The Cunard Company provisionally agreed to join the Mediterranean Pool for their Italian Eastbound carryings with an allotment of 6% and we are going

6924 through the agreement in detail with them at an early date with a view to having same put into shape before the Meeting of the 6th May.

The immediate result of these negotiations was to remove the opposition of the Cunard Company to co-operating towards improving the position in the Mediterranean, and we hope as the result of the cables sent that a general increase in the third class eastbound rate has been found possible.

Yours faithfully,

For ISMAY, IMRIE & CO.,

(Intd.) A. B. C.

Petitioner's Exhibit 710 and 711 6925

PARIS MEETING.

Minutes, March 26th, 1909.

Secretary Peters' salary on account Mediterranean Pool fixed at £1000 per annum to cover all expenses.

White Star and American Line percentage E. B. in Italian Pool for Southampton Services fixed at 4.70% against 4.53% which they previously offered us.

Italian Lines wished to fix a minimum number of sailings for Southampton services, also to alter the Mediterranean Agreement to restrict the booking of Italians via Cherbourg, which we rejected. 6926

Mediterranean 2nd Class commission is 25 lit. per adult.

Continental Lines advocate that this be made to include Head Agents Commission.

Nothing agreed by Agents in Italy that is contrary to Main Agreement to be binding on the Lines.

(Intd.) A. B. C.

Petitioner's Exhibit 710 for Identification.

6927

Minutes of Meetings of North Atlantic Passenger Conference from 1904 to 1907, Minutes 368-374, Vol. I.

Petitioner's Exhibit 711 for Identification.

Minutes of meetings of North Atlantic Passenger Conference from 1908-1911, Minutes 375-417, Vol. II.

6928 **Petitioner's Exhibit 712.**

ATLANTIC CONFERENCE.

MINUTES AND BY-LAWS.

22. The following scheme was approved to meet the competition of the Volunteer Fleet, Russian East Asiatic Company, and New York Continental Line in the eastbound business. Secretary Peters to notify the New York Conference.

a) When an Atlantic Conference Line with the consent of the other A. C. Lines puts a steamer on the
6929 berth in opposition to an outside eastbound steamer at the same or a lower rate than such outsider, then the A. C. Lines (including the Line of the opposing steamer) will compensate such Line for the passengers forwarded at the reduced rate, the difference per adult between the regular rate in operation for the steamer, at the time when she was proposed and agreed upon for the opposition, but not exceeding $30 —and the reduced rate at which the passengers were carried. Maximum compensation to be $12.—

b) Opposition steamers to be put on the berth against the steamers of the Russian Volunteer Fleet, the Russian East Asiatic Steamship Company, and the
6930 New York and Continental Line for eastbound business. Further extension of this measure is subject to a unanimous decision of the A. C. Lines.

c) The opposition steamer is appointed by vote by majority of the members of the New York Conferences (North Atlantic Conference and Continental Conference), Canpac Ry. to be considered to enable them to vote. The chairman shall have a casting vote in the event of the votes being divided equally. In their decision the members shall be guided by considering which steamer is best suitable for being most efficiently

6931

opposed with regard to date of sailing, preference by steeragers, capacity, etc. These terms being nearly equal, the steamers sailing direct for the Continent of such party that is short or most short shall be appointed. If a British Lines' steamer is selected it must be subject to the consent of the Line concerned. The New York Conferences to be at liberty to appoint a small committee to carry out this clause.

d) If for such an opposition steamer more passengers are booked than she can carry then the A. C. Line which carries the excess is entitled to a compensation per adult to the amount of the difference between the rate which the passengers have paid and the regular rate of the carrying steamer at the time when the opposition steamer was appointed, except if in the meantime her rate has been reduced, subject to the limitations provided for in clause *a*.

6932

e) The Compagnie Générale Transatlantique and the Austro Americana participate in the compensation in the proportion of their share to be fixed by a special agreement between them and the N. D. L. V. Lines. These Agreements to be tabled.

f) The amounts of compensation to be paid by the Atlantic Conference Lines in the proportion of their eastbound percentages which will be adjusted in accordance with clause *e*.

6933

g) Any Line may withdraw from this Agreement at any time by giving 30 days' notice.

23. The question of compensation to the White Star Line for the passengers overbooked for the Pretoria April 14th and transferred to the Baltic and to the Holland America Line for the passengers also overbooked for the Pretoria and Barbarossa and transferred to the Potsdam and Noordam to be referred to Mr. Ismay for decision.

6934 *Petitioner's Exhibit 712*

24. The question of the payment of commission by the C. P. Ry. to the New York Continental Line on inland business to be taken up by a small committee with the C. P. Ry. representative.

25. The following cable was dispatched by unanimous consent from Secretary Peters to Secretary Sandford with the view to the New York Conference taking prompt action to discipline all agents in the States transgressing conference rules, viz: "Referring your last cable Atlantic Conference Lines are unanimously agreed that under present conditions it is
6935 highly essential that the Conference Regulations should be strictly enforced against Agents and request New York Conference act accordingly and in cases of doubt refer same to arbitration." The further consideration of the competition by the Italian Lines for eastbound Continental Business to be deferred until Mr. Ballin has seen Mr. Crespi in Hamburg early next month.

26. The British Lines' form of Promissory note accepted for all Lines, except "Hinrich Peters" to appear instead of the words, "the Secretary of the General Pool." The promissory notes to be deposited by all Lines with the Secretary not later than June
6936 15th next.

27. Agreed that the Allan Line under Appendix I to Agreement Z are entitled to carry not exceeding 100 Hirsch passengers for each sailing, to whom the special compensation rate applies. The average number per sailing is not to be considered.

28. Agreed that the Cunard Line are to participate with the other Pool Lines in the compensation payments as between the Canadian Lines and Atlantic Conference Lines under Agreement Z.

Petitioner's Exhibit 712

6937

29. All steerage passengers, whether booked at regular or reduced rates, have to be pooled under the Agreement A. A. except those exempted under clauses 3 and 11 of the bye-laws to that Agreement.

30. Clause 11 Agreement W to be amended to permit a minimum commission of $6 per adult to be paid to Agents in America on second class round trip bookings.

The other amendments to the Agreements as suggested are approved failing advice to the contrary being received by the Secretary from any Line prior to 15th June.

6938

31. Noted the Austro Americana join Agreement H_2, but the Allan Line do not.

32. The N. D. L. V. Lines to consider what steps they can take to break the Westbound Libau Rate in competition with the Russian Lines. If they do not find this practicable, the question of the reduction by the British Lines with compensation to be considered.

33. The difficulties still experienced by passengers for the British Lines in passing the control stations was referred to. Mr. Ballin stated this matter has been taken up with the German Government, and that he has received a letter from the authorities that the question is under consideration, and added that the British Lines may expect a settlement to be arrived at very shortly.

6939

34. Telegrams from Secretary Peters for the British Conference Lines to be sent in future to Secretary Smyth who will communicate same to the British Lines.

35. The C. G. T. agree to withdraw their agency from the New York Uptown office of the Sleeping

6940 *Petitioner's Exhibit 712*

Car Company, provided all the Lines agree not to open Uptown offices, or appoint Uptown agents within 3 years from 1st March last. All Lines agree to this proposal, except the Cunard Company who will communicate their decision as early as possible to the Secretary.

36. The proposal to amend Agreement V by omitting the words "or reductions" on the 6th Line clause 11 to be considered at next Meeting.

Agreed London 25 May, 1908.

6941

---

37. At the commencement of the Proceedings the chairman of the Cunard Company made the following statement:

"Since we agreed to attend this Conference certain developments have taken place bearing on our Hungarian business. This will or may have a material effect on our position in the Italian portion of our business. We believe that the difficulty arising out of these developments can and should be settled. We tried to arrange a preliminary meeting yesterday, unfortunately without success, though we had a short
6942 interview with Dr. Wiegand and Mr. Heineken yesterday afternoon. The position is now that we cannot make any Agreement with regard to the Italian Steerage business for, failing a solution, we may find it necessary to increase very largely our interests in the Italian trade. Any conclusions therefore, which may be arrived at by this Conference, can only be provisionally agreed to by us and are dependent upon some definite arrangements being come to in connection with the Hungarian business."

Petitioner's Exhibit 712

38. The Canadian Pacific Co. being unable to give a Promissory Note in accordance with the terms of Agreement A. A. it was agreed that a guarantee for the required amount from the Bank of Montreal would be satisfactory. 6943

In view of the high stamp duty on promissory notes in England it was further agreed that the British Lines may deposit bills payable on demand duly accepted, in lieu of promissory notes. These to be renewed from time to time as may be necessary.

39. The definite settlement of the Pool percentages to be arranged by the Secretary by correspondence. 6944

40. In the case of a breakdown of a steamer or other unforeseen occurrence necessitating the transfer of third class passengers to another Line, the Line carrying the passengers must pool them, except that if the Line to which the passengers are transferred is not a party to Agreement A. A., as far as those passengers are concerned, then the Line for which the passengers were booked must account for them to the Pool.

41. The White Star Line were requested by some of the Lines to withdraw their recent advance in eastbound rates, made with the view, to balance their position in the westbound and eastbound Pools taken as a whole, as they are in the minus for eastbound business. 6945

There being a difference of opinion as to whether the principle of balancing the westbound and eastbound carryings against one another is correct, decided, if necessary, to refer the matter to arbitration.

42. The International Transportation Company to be disqualified by all Lines at once, except that the Holland America Line who have an Agreement with

6946 *Petitioner's Exhibit 712*

this Company will do so, as soon as possible, but at latest within six months from date.

43. W. H. Müller & Co. will be advised by the North German Lloyd not to book passengers for any non-Conference Line.

44. Pending the Meeting with the Russian East Asiatic Co. and the Italian Lines the question of disqualifying A. E. Johnson & Co. was postponed.

45. The compensation accounts for fighting steamers eastbound to be settled in dollars, or the equivalent
6947 in the currency of the country of the carrying Line at the current rate of exchange.

46. Clause 10 Agreement W to be altered, to read the same as clause 12 Agreement V.

47. The Canadian Lines to have the right to give free transportation to first and second class passengers between Quebec and Montreal, in the case of steamers landing or embarking passengers at Quebec.

48. No reduction on agreement rates to be offered to the British Association for the Advancement of Science.

6948 49. The numbers of first class passengers carried to be advised to the Secretary and to be included in the Weekly Pool Returns.

50. The Continental Lines undertook to consider the proposals of the British Lines for reducing advertising expenses, and to fall in with same as far as they consider practicable.

51. Messrs. Strasser, Storm, v. Reuchlin, Mearns and Aitchison were appointed as a committee to consider the question of charging head tax separately to make their recommendation at the next Conference Meeting, as regards all classes.

Petitioner's Exhibit 712

6949

52. It was decided not to supply Secretary Sandford, New York, with copies of the Agreements and Conference circulars.

53. The Salary of the Atlantic Conference Secretary was recorded as £ 2000 per annum to be paid by all the Conference Lines together with expenses on the basis provided for in Article 23 of Agreement A. A.

The apportionment of the expenses as between the N. D. L. V. Lines and the Atlantic Conference Lines to be left to the Secretary.

54. The question of the Control-Stations was referred to, and the chairman stated that everything possible was being done in accordance with byelaws 17 Agreement A. A. and hope the matter will be settled to the satisfaction of the non-German Lines shortly. 6950

55. The charge of 15/-being made at the Control-Stations on cash passengers for the British Lines to be taken up by correspondence.

56. The Agreements with the French Line as referred to in section e, byelaw 22 to be tabled.

57. The threatened new direct competition from Scandinavia to U. S. A. was referred to. The Chairman advised that this would be brought up at the meeting with the Russian East Asiatic Co. which, it it hoped, will be arranged for an early date. 6951

58. Messrs. Strasser, Cameron, Mearns, Storm and Seyde were appointed a sub-committee to consider the question of commission to Agents in connection with clause 13 Agreement V. and clause 11 Agreement W., and to frame a definition of the term "Tourist Office." Reported that no progress was made and the matter was deferred.

6952 *Petitioner's Exhibit 712*

59. The chairman reported that owing to the exorbitant demands of the Italian Lines the committee appointed to meet them, had been unable to make any progress towards a settlement of the present difficulties, and the meeting broke up without result. A further meeting, however, had taken place with Signor Crespi which may result in the resumption of negotiations towards the end of the month. Under the circumstances it was decided to take no action before the end of the present month as regards rates in competition with the Italian Lines pending these further negotiations.

6953

Agreed Paris 7 August, 1908.

---

60. Mr. Strasser, Mr. Mearns, Mr. v. Reuchlin, and Mr. Seyde were appointed a committee to meet the Russian Eastasiastic representatives to discuss their joining the General Pool, subject to the following conditions, viz:

1) That they and the Danish East Asiatic Co. do not enter into the Scandinavian and Finnish business east-or westbound in any way directly or indirectly.

6954

2) That the Pool arrangement must come to an end if any other Line whatever including the Russian Volunteer Fleet starts from Russia to North America.

3) That the percentage allotted to them represents their present weak position.

61. The threatened new competition from Scandinavia was discussed, and the representatives of the United S. S. Co. submitted their proposals as follows, viz:

Petitioner's Exhibit 712

6955

In order to avoid this new competition which we feel sure will come, if we don't take the matter in hand, we are making the following proposal:

That we shall have the right in future to run 6 steamers instead of 5, to keep these six steamers under the three Scandinavian flags—2 under each—and run a weekly service from Scandinavian ports to United States under a rate agreement as hitherto with other Lines concerned.

This should be carried out in the following way:

Of the existing 4 Danish boats 2 are to be handed over to Sweden and Norway, and two more boats to be provided, one for the Swedish and one for the Norwegian flag.

6956

After some discussion the Danish Line representatives retired. The matter was fully considered and the following reply was subsequently addressed to Admiral de Richelieu, viz:

The Lines have given the proposals placed before them by the representatives of the Scandinavian American Line their best consideration, but they are of opinion that these proposals would be prejudicial to the interests of the Conference Lines, and they consequently regret that they are unable to see their way to entertain them.

6957

62. The final Westbound and Eastbound percentages were agreed to as shown in Article 3 of the Agreement A. A.

63. The following form of acceptance was agreed to, to be deposited with the Secretary by the British Lines instead of promissory notes as required under Article 17 Agreement A. A.

£..... Hamburg 1908

On Demand pay to the order of the General Director of the Hamburg-American Packet Co., the

6958 *Petitioner's Exhibit 712*

Chairman of the Cunard Steamship Co., and Hinrich Peters, Secretary Atlantic Conference, the sum of ..... pounds sterling, value received.

(Sgd.) HINRICH PETERS,
Secretary Atlantic Conference.

To .....

Liverpool

(crossed) Accepted 1908
Payable at .....
..... Bank
Sgd. .....

6959 64. The proposed reductions in advertising were not agreed to.

65. The question of discontinuing free forwarding of 3rd class passengers between London and Liverpool, and between London and Southampton was left to be dealt with by the British Lines.

66. No allowance is to be made to Agents in America for exchanging eastbound prepaid tickets.

67. The Chairman advised that Mr. Crespi had intimated the willingness of the Italian Flag Lines to resume negotiations for a Pool on the basis of the 3rd class carrying capacity of the steamers, but with
6960 certain amendments as regards sailings, and has suggested a meeting for middle of September.

The following telegram was despatched, viz:

Docteur Paratore care Navigazione Generale,
Rome.

Conference Lines agree meeting proposed by Mr. Crespi middle September but are sorry they cannot any longer tolerate present state of things they must adopt measures immediately to protect their business unless the Italian Lines agree forthwith to withdraw from booking continental eastbound steeragers. If

Petitioner's Exhibit 712

6961

Italian Lines cooperate believe Conference Lines will be prepared to restore previous Mediterranean rates pending negotiations. Please wire immediately.

WIEGAND,
Carlton Hotel.

Pending receipt of reply no action was agreed upon regarding further steps to meet the Italian competion.[1])

26./8. Rome. 6962

Dr. Wiegand, Carlton Hotel, London.

Received your wire Stop before all let me note you that leaving in Paris we agreed that pending negotiations no variations would be done to the *Status quo* Stop so that attitude London's Conference astonishes us Stop we are sorry to be not able to follow you in your proposals for the same reasons we explained to you in our meeting to Chattam's.

Hotel Stop but in order to confirm the conciliating design of which the Italian lines gave proof in Mr. Crespi's letter of 18th inst. we can only propose the 6963
sole means able to make possible a rapid solution of the present situation namely to hasten the devised meeting if you will at the end of the current week in Carlsbad where as you know is Mr. Crespi in treatment please wire Paratore.

---

[1]) Note of the Secretary:

The following further telegrams have been exchanged between General Director Dr. Wiegand and Dr. Paratore.

6964 *Petitioner's Exhibit 712*

26./8. London.

Paratore Navigazione, Rome.

Your telegram received I must again positively repute your assertion that at our meeting in Paris any arrangement was made with you that pending negotiations no alterations should take place on the contrary I have distinctly told you that I could not say what measures the Conference would take to protect their interest Stop Conference must insist on your acting according to our yesterday's proposal else Conference will now take measures Stop leaving for Bremen to-
6965 morrow morning where I await your final decision by wire.

WIEGAND.

29./8. Rome.

Dr. Wiegand, Bremen.

Wire received Stop we must believe that about *status quo* is question of equivocation which I would be disposed clear up coming to Bremen in some day Stop I confirm in the meantime that Italian Lines cannot agree your request about continental eastbound until agreement is not definite Stop Italian Lines are
6966 sorry that Conference had not considered proposal meeting immediately on purpose to eliminate if possible every divergence Stop with such a proposal Italian Lines believe done a clear proof of their conciliating mind and they cannot think that Conference Lines should modify for a few days question their attitude making more heavy a situation yet difficult. Please wire.

PARATORE.

Petitioner's Exhibit 712

6967

29./8. Bremen.

Dr. Paratore, Rome.

Am prepared to settle with you question of *status quo* tuesday next Bremen.

WIEGAND.

68. The Committee which met the Russian East-asiastic Co. representatives reported that after considerable discussion they had proposed to the Russian gentlemen they should join the Pool on the basis of their carryings for 1907 for 17 sailings westbound and 15 sailings eastbound, increased proportionately to 24 sailings, on the understanding that they should effect not less than 18 sailings or more than 24 sailings, which it was stated would give them 1.88% west- and 2.48% east. A reduction of 1/18th to be made for each sailing less than 18.

6968

After communicating with St. Petersburg the Russian gentlemen submitted the following as their final offer:

1) An allotment of 2.50% West and 3.—% East.

2) The agreement to be for one year.

3) To have the right to call at Rotterdam eastbound, but not westbound.

6969

4) Their sailings to be not less than 18 or more than 24.

5) The agreement to be subject to a satisfactory adjustment of freight matters.

The committee were authorized to conclude an agreement on these lines, except that the period must be the same as Agreement A. A. and special clauses to be included to safeguard the Scandinavian and Finnish business, also to terminate the agreement in the event of new competition.

6970 *Petitioner's Exhibit 712*

69. The Chairman reported that as the result of a Meeting between the N. D. L. V. and the Cunard Lines, he was in a position to place before the Conference a proposal of the Cunard Line to include their Fiume Service in the Westbound Pool on the basis of their carryings for the years 1906—1907, which it was stated, would give them 6.47%.

The principle of including the Cunard Fiume Service in the General Pool was favorably received by the Lines, but the question was deferred for further consideration until the Meeting proposed for the middle
6971 of September to give the lines an opportunity of looking into the figures.

70. No reply being to hand from Docteur Paratore to the telegram of yesterday it was agreed that in the event of same being unsatisfactory the Atlantic Conference Lines calling at French ports should reduce the eastbound rate for Italian passengers to $17 basis Turin, such passengers not to be accounted for to the Atlantic Conference Pool. Any of the Conference Lines to have the same right. Any Line, inclusive Transatlantic, to have the right to cancel this measure on giving one month's notice.

71. The following reply to hand from Admiral de
6972 Richelieu was read:

Carlton Hotel, 26. August 1908.

Dr. Wiegand,
Director General North German Lloyd.
Savoy Hotel, London.

Dear Sir:

I beg to acknowledge the receipt of your letter of 25th inst. from which I see that the Atlantic Conference Lines are unable to entertain the proposals

Petitioner's Exhibit 712

which the representatives of the Scandinavian Line yesterday placed before them. 6973

We considered these matters to be in our common interests although we well can see that they are of much greater importance to us than to the Atlantic Conference Lines, as we are solely dependent on a small part of the Scandinavian and Finnish Emigration for the support of our Line, whereas the Atlantic Conference Lines, when the trouble which we foresee to be coming, does arrive, still have their British and Continental Emigration intact.

We can therefore not but express our regret over the unfriendly way in which the Atlantic Conference Lines have met the earnest representations of their old ally in the Scandinavian and Finnish business. 6974

Yours faithfully,

(Sgd.) A. de RICHELIEU.

A further meeting was arranged to give the Danish representatives the opportunity of making any further remarks or proposals which they may desire.

72. It was reported that as the result of the further meeting with the Danish gentlemen they expressed their willingness to consider joining the General Pool, it being made clear to them that their proposed extension was not acceptable, and by joining the General Pool their interests would be safeguarded to an important extent in the event of the threatened new National Lines being established. 6975

Secretary Smyth to furnish them such statistics as bear on the question when they will submit a proposal (1) for joining the Pool under present conditions (2) for joining the Pool on their proposed extended basis and will attend a meeting to continue the negotiations.

It was agreed to leave the negotiations in the hands of the British Lines with authority to conclude an agreement on the basis of No. 1.

6976 *Petitioner's Exhibit 712*

73. In pursuance of Min. 68 the Secretary has added here the following agreement arrived at with the Russian East Asiatic S. S. Co.:

MEMORANDUM

of an Agreement between the Russian Eastasiatic Co. and the Steamship Companies called the Atlantic Conference Lines concerning third class passenger business.

6977 1) The Russian Eastasiatic Co. to receive as their share of the total third class business of the Atlantic Conference Lines (Mediterranean services excepted) and their own carryings 2.50% west, 3.—% east.

The Atlantic Conference Lines are so far as the westbound carryings are concerned:

Allan Line (United S. Services), Anchor, Cunard (Fiume Service excepted), Hamburg American Line, Holland America Line, Norddeutscher Lloyd, Red Star, White Star, American, and Dominion, and so far as Eastbound business is concerned—the Allan Line (United States and Canadian Services included), Cunard (Liverpool Service), Cunard (Fiume Service Italians excepted), Hamburg American, Holland
6978 America, Norddeutscher Lloyd, Red Star, White Star, American Line, Dominion, Canadian Pacific and Anchor Line.

Accounts are to be closed at the end of each calendar year.

2) The percentage is subject to the Russian Eastasiatic Co. making not less than 18 sailings and not more than 24 sailings in a calendar year. For every sailing less than 18 sailings the percentage shall be reduced by 1/18th.

Petitioner's Exhibit 712 6979

3) The Russian Eastasiatic Co. undertakes not to carry any Scandinavian and Finnish passengers.

4) In the event of the Danish Eastasiatic Co. entering the Scandinavian, Finnish or continental third class business to or from North America or in the event of any new competition whatever, including the Russian Volunteer Fleet from Russia to or from North America, the Atlantic Conference Lines have the right to terminate this agreement forthwith.

5) The Russian Eastasiatic Co. undertakes not to call with any of their steamers, westbound or eastbound, at any Scandinavian, British or Continental 6980
port, except eastbound they retain the right to call at Rotterdam.

6) This Agreement is subject to an understanding being reached between the Holland America Line and the Russian Eastasiatic Co. concerning freight matters.

7) This Agreement commences to operate 1st September, 1908, and is included for the period from 1st September, 1908, to February 28th, 1911, and shall after this latter date continue from year to year unless due notice be given to the Secretary of the Atlantic Conference not later than 1st December of the intention of terminating same at the end of the next February, namely, in the first instant 1st December, 1910. 6981
—Accounts being closed at the end of each calendar year, the period during which this Agreement operates in 1908, being from 1st September to 31st December—thus only for 4 months—the sailings referred to in clause 2 shall be 6 minimum and 8 maximum for this period. The last period in case of this agreement terminating on a 28th February will consist of 14 months from 1st January to 28th February of the subsequent year, the number of sailings to be altered proportionally.

6982 *Petitioner's Exhibit 712*

8) The compensation rate to be paid or to be received by the Russian Eastasiatic Co. in case of their carryings in a calendar year being in excess or below their percentage, is fixed at £ 4.— per soul.—This compensation is subject to change if such a change is agreed upon by the Atlantic Conference.

9) This memorandum is to be replaced by an Agreement in a more complete form on the same lines as the Agreement between the Atlantic Conference Lines, and in the meantime it is subject to all the conditions of the said agreement between the Atlantic Conference Lines of which a copy shall be sent to the Russian Eastasiatic Co.

6983

74. MEMORANDUM

referring to the Agreement with the Russian East Asiatic Co. which has been minuted and read in presence of all concerned:

"It is understood that clause 4 is to be interpreted as if the words 'directly or indirectly' were inserted, between the words 'entering' and 'the'; that for certain private reasons the Russian East Asiatic Co. desires those words not to be added."

6984 Agreed London 25./26. August 1908.

ATLANTIC CONFERENCE.

89. Agreement Scandinavian American Line. It was decided that a clause must be included in the Agreement with the Scandinavian American Line under which the latter will confine themselves to the carriage of Scandinavian and/or Finnish passengers. They are already under agreement with the Hamburg American Line in this respect up to 1st January, 1910.

6985

It was the general feeling that the Donaldson Line should not be party to the Pooling Agreement with the Scandinavian American Line.

The British Lines to defer concluding the final agreement with the Scandinavian American Line until they are advised the agreement with the Russian American Co. is finally ratified.

90. Agreement Russian Eastasiatic Co. Draft Agreement with Russian Eastasiatic Co. approved with clause 15 giving the equivalent cash and prepaid rates amended as suggested. Clause 23 regarding the freight agreement with the Holland America Line to be deleted.

6986

91. Pooling of cabin passengers. The question under what circumstances cabin passengers are to be pooled was further considered, and it was agreed by all Lines except the C. P. R. that all passengers paying a rate less than the agreement second cabin rate of the carrying steamer must be accounted for as steeragers. This matter to be arbitrated.

The C. P. R. agreed to file a memorandum of the number of railway employees at special rates who have travelled first or second class during 1907. The Allan and Dominion Lines to file a similar statement, when the question as regards employees to be further considered.

6987

Second class passengers transferred through force majeure from one steamer to another higher rated steamer are not to be pooled.

92. Discontinuance of granting free rail tickets to I. class passengers to and from Paris and London. The proposal to discontinue the granting of free rail tickets to first class passengers to and from Paris and London was not agreed to.

6988 *Petitioner's Exhibit 712*

93. Head tax on I. and II. class business. No agreement was found possible as regards the levying of head tax on first and second class passengers.

94. Minimum I. and II. class rates for "Cincinnati, Cleveland, George Washington, Berlin." The minimum first and second class rates for the S. S. Cincinnati, Cleveland, George Washington and Berlin to be left to Mr. Wilding to decide.

95. Theatrical performances and variety shows. The Lines agreed not to entertain proposals for
6989 variety shows, etc., on board the steamers.

Jena, 14th December, 1908.

96. Intermediate First class schedule. It was agreed by the Lines who have been accustomed in the past to issue an intermediate first class schedule, that until further notice they will publish an intermediate schedule for each steamer being the mean between the Summer and Winter schedule by the respective steamers for the following periods:

Westbound: 1st April—31st July and 16th October —31st October.

Eastbound: 1st April—30th April and 16th July —15th August.

6990 This does not apply to the Mediterranean services nor to the Canadian Lines who will continue their present practice in this mattter. It is of course understood that no line is bound to maintain the schedule except as regards to minimums.

It is further understood that each Line is at liberty to issue revised tariffs if it should find it necessary; such tariffs to be circulated, two days before issue, among the Lines through the medium of the Secretary.

97. Balancing of westbound and eastbound pools against each other. It was agreed that the West and

Eastbound Pools cannot be balanced against each other.

98. White Star-Dominion Canadian service. The Allan Line take exception under Agreement A. A. and Agreement Z to the White Star-Dominion Canadian service and the White Star announcements in connection therewith, and it was agreed to have the question arbitrated.

99. Controlstations. The British Lines were advised that the question regarding the control stations was practically settled, and they might expect an official announcement to this effect very shortly. 6992

100. Circulating of Austro Americana pool statements. It was agreed that the Pool statements between the Austro Americana and N. D. L. V. Lines should be circulated among the British Lines.

The Cunard Line wished it to be noted that they consider the Austro Americana should become party to Agreement A. A. and request the N. D. L. V. Lines to give the matter consideration.

101. New York Uptown offices. The question of Uptown offices in New York was referred to, and the Cunard Line announced their intention to give their agency to the International Sleeping Car Company's 6993 Uptown office.

The other Lines reserve their right to take any action they may see fit in this respect.

The question of reducing the commission to 2% on first class business done by New York agents was deferred to next meeting.

102. Continental Lines initial rates for 1909. The Continental Lines advised that in view of the proposed U. S. regulation concerning the measurement of emigrant quarters they will quote from the first of Janu-

ary, 1909, the following steerage rates exclusive of head tax:

Hamburg American Line	Marks	160
Lloyd, Kaiser boats	"	180
" other New York boats	"	160
" Baltimore boats	"	160
" Galveston boats	"	150
Red Star Line	"	160
Holland America Line	"	160
Cie. Gle. Transatlantique fast boats	"	160
" " cargo boats	"	150
6995 Austro Americana	"	160

Prepaid rates to be advanced accordingly at once.

103. Semi annual Meetings. It was agreed to hold the semi annual meetings in future on the last Thursday in November and the last Thursday in March at Cologne and London alternately.

Cologne, 3d December, 1908.

Signed for the Allan Line	Henry Allan.
Anchor Line	Richard Henderson.
Canadian Pacific	Allan Cameron.
Cunard Line	A. D. Mearns.
Hamburg-American Line	Ballin.
Holland-America Line	Reuchlin.
6996 I. M. M. Co.	Harold A. Sanderson.
Norddeutscher Lloyd	Heineken.
Red Star Line	Ed. Strasser.

ATLANTIC CONFERENCE.

75. Transat and compensation for fighting rates. The Cie Gle Transatlantique participates in the division of the compensation for fighting rates against the Russian Eastasiatic and Newyork Continental Line eastbound with 9.17%. (Agreed 18th June, 1908.)

Petitioner's Exhibit 712

6997

76. Cunard Line's Fiume Service westbound. It was agreed to include the Cunard Line's Fiume Westbound service in the Atlantic Conference on the basis of their carryings for 1906 and 1907 which gives them an allotment of 6.88% of the total Westbound carryings of the present Atlantic Conference Lines and the Cunard Fiume service.

This arrangement to come into effect on November 1st, 1908.

It is understood the carryings by the Cunard Line Fiume service are not to be accounted for under Agreement Z.

6998

The Cunard Company wish it to be understood that as previously explained the foregoing agreement is subject to the approval of the Hungarian Government.

77. Agreement Russian Eastasiatic. A special agreement to be made with the Russian East Asiatic Co. to cover the pooling arrangement made with them. They are not to become party to Agreement A.A.

78. Outstanding Russian Prepaids of Russian Lines. It was agreed that the question of the outstanding Russian Volunteer Fleet's prepaid passengers from Libau was to be left to Mr. Strasser to arrange with Mr. Benislavski.

6999

Compensation to the N. D. L. V. Lines for carrying outstanding low rate prepaid passengers off Rotterdam of the Russian Lines to be settled by the N. D. L. V. Lines.

Arrangement between Mr. Ed. Strasser and Mr. v. Benislavski:

It has been agreed between Mr. v. Benislavski, subject to approval of his Board of Directors, and between Mr. Ed. Strasser with regard to the outstanding prepaid passengers at old rates of the Russian East Asiatic Co. and the Russian Volunteer Fleet according to the initialled statement attached hereto:

7000 *Petitioner's Exhibit 712*

1. The prepaid tickets booked from or via Rotterdam can be used by any of the N. D. L. V. Lines from Hamburg, Bremen, Rotterdam, Antwerp within fifteen months from their date of issue, and the carrying Line will accept the net rate at which the prepaid has been issued to be paid by the Russian East Asiatic Co. upon presentation of the prepaid ticket.

The difference between such net rate and the net rate of the carrier shall be paid to the carrier by the N. D. L. V. Lines, Transatlantique, and Austro Americana.

7001 2. The prepaid tickets booked from Libau shall be used by the Russian East Asiatic Co. and for one half of them this Company shall receive from the Atlantic Conference Lines the difference between the net rate at which the prepaid ticket has been issued and the net rate of the Russian East Asiatic Co. at present in force; these prepaids also to be forwarded within fifteen months from their date of issue.

This difference will be supported by the A. C. Lines in the proportion of the percentages as stated in Agreement A.A. for Westbound business, the French Line and Austro Americana to participate in the same.

Paris, 22nd October, 1908.

7002 (Signed) Ed. Strasser.

This proposal is subject to the approval of my Board.

(Signed) M. Benislavski.

Statement of Prepaids:

Volunteer Fleet prepaids:

Libau 437/1, 227/2, 12/0 = 676 souls or 551 adults
Rotterdam 293/1, 131/2, 10/0 = 434 " " 359 " *)

---

*) more than one year old: 536/1, 187/2, 12/0 = 735 souls or 630 adults.

Petitioner's Exhibit 71. 7003

for which we get about Rbl. 41.—per adult from Rotterdam; about Rbl. 51.—per adult from Libau whereas we have to pay the pool for an event. excess £4.—per soul equal to about Rbl. 50.—per adult.

Our own Rotterdam prepaids amount to:

III. Class 381/1, 144/2, 25/0 = 550 souls, gross $13611; net $11430.96, or about Rbl. 45.—net per adult.

Holland America Line's present rate is M. 130.—(Rbl. 60.—).

II. Class 26/1, 11/2, 2/0 = 39 souls, gross $1404.50
net " 1196.88 7004
or about Rbl. 73.—net per adult.

I. Class 1/1, 2/2, 0/0 = 3 souls, gross $150.—
net " 127.50
or about Rbl. 125.—net per adult.

Paris, 7/20/10, 1908.

(Signed) Ed. Strasser (Signed) M. v. Benislavski.

79. Compensation for fighting rates. The Norddeutscher Lloyd's claim for compensation for passengers carried at fighting rates by the S.S. "Lützow" April 30th to be referred to Mr. Ismay for decision.

80. Cabin passengers at reduced rates. The question of the C. P. Ry. giving reduced cabin rates to their railway employees throughout Canada, was discussed and deferred to give Mr. Cameron an opportunity of communicating with his principals. In the meantime the question as to under what circumstances reduced rate first and second cabin passengers should be pooled was deferred. 7005

81. Commission on Cruise business. The question of allowing more than 5% commission to Agents in America on alleged Mediterranean cruise business to be referred to Mr. Wilding for arbitration.

7006 *Petitioner's Exhibit 712*

82. Compensation on eastbound Italian business. The claim of the Anchor Line for compensation for loss sustained in the Eastbound Mediterranean business since the late advance in steerage rates was discussed, and the Anchor Line intimated their intention to submit this claim on another suitable occasion.

83. Passengers of St. George's Society. It was decided that steerage passengers from New York carried for the St. George's Society whether at special rates, or not, must be pooled, as no exception can be made in their favor.

7007 84. Control Stations. The Chairman stated that the British Lines might expect the question of the Control Stations to be settled satisfactorily to them very shortly.

85. Tabling of Continental Line's Agreements. It was agreed that the agreements between the N. D. L. V. Lines and the C. P. Ry., Austro Americana and the Cie Gle. Transatlantic respectively were to be tabled for the information of the A. C. Lines.

86. Discontinuance of granting free rail tickets to Passengers from Paris and London. The question of all Lines concerned agreeing to discontinue including
7008 free rail transportation from Paris and London to port of embarkation for First Class passengers to be brought up for consideration at next meeting.

87. Agreement Scandinavian American Line. a) The agreement which British Lines have negotiated with the Scandinavian American Line concerning the admittance of the latter into the A. C. according to the annexed draft is approved.

b) The Allan Line give their consent to the inclusion of the Scandinavian American Line in the General Pool as per above agreement on the following conditions:

The Allan Line agree to the arrangement between the Atlantic Conference and the Scandinavian American Line. It being understood that in respect of the infraction of Agreement Z clause 13, which is involved, the Allan Line shall receive compensation at the rate of £4.—per soul from the British A. C. Lines in the event of the Allan Line's Westbound Scandinavian and Finnish (exclusive of Russian) carryings in any year during the continuation of the said agreement falling below their percentage of such business for 1906/7. Such compensation however not to exceed such an amount as would represent their pro rata share in the extra percentage of 0.65% allotted to the Scandinavian American Line.

7011

7012 *Petitioner's Exhibit 712*

In the event of the Scandinavian American Line overcarrying their Westbound percentage the Allan Line to receive a share of the compensation equal to their percentage of the Scandinavian and Finnish (exclus. of Russians) business during the years 1906/7.

Any compensation paid the Allan Line under this agreement to be borne by the British A. C. Lines pro rata according to their westbound A. C. percentages.—

The Allan Line has the option till 31st December, 1908, of joining the General Pool in respect of Westbound Scandinavian and Finnish business on the basis of 1906/7 carryings subject to adjustment covering
7013 the allotment to the Scandinavian American Line. (Signed) Henry Allan.

88. Head tax on First and Second class business. a) The committee appointed under minute 51 deliver the following report: First and Second class business. Being unable to obtain unanimity in regard to the levying of the head tax on first and second class business it was decided that the matter be postponed until the General Meeting in December, and that in the meantime the British Lines will see if any arrangement can be made with the Canadian Lines on the subject.

b) Head tax on third class business—The British
7014 Lines having already added 15/— to their British and Scandinavian rates for head tax purposes, and shown same on their circulars *i. e.* 15/— less for U. S. citizens it was left to the Continental Lines to see if they cannot follow the same course, and report to the Meeting to be held in December, it being understood that should the Continental Lines find it possible to take action in the meantime, the British Lines will adopt the same action for their third class Continental business. (Signed) A. D. Mearns.

Paris, October 23rd 1908.

Petitioner's Exhibit 712 7015

Annex to Minute 87:

MEMORANDUM

of Agreement between the Scandinavian American Line and the Steamship Companies called the Atlantic Conference Lines concerning third class passenger business.

1. In view of the agitation in Norway and Sweden for National Flag Lines to North America the Scandinavian American Line undertakes to support an arrangement whereby its own United States Service will be reduced to two steamers, and a new Norwegian 7016
Line with two steamers, and a new Swedish Line with one steamer will be established, and they will oppose any further extension as regards Norway, Denmark, or Sweden, and further bind themselves not to increase their own service.

This agreement is subject to the above arrangement being carried out giving a combined service of

2 Danish steamers
2 Norwegian steamers
1 Swedish steamer.

2. In the event of any new competition to or from any Scandinavian or Finnish port to or from United 7017
States or Canada, arrangements to be considered for combined action for meeting same. Failing a satisfactory arrangement to this end the Atlantic Conference Lines have the right to cancel this agreement forthwith.

3. The Scandinavian American Line to receive as their share of the total third class business of the Atlantic Conference Lines as defined in Article 4 and of their own carryings

Westbound 3.25%
Eastbound 4.—%.

7018 *Petitioner's Exhibit 712*

This allotment to cover the new Norwegian and Swedish flag Lines to be established as referred to in Article 1.

4. The Atlantic Conference Lines for statistical purposes under this contract are as follows (Mediterranean Services being excepted west and eastbound):

Westbound:

Allan Line (United States services)
Anchor Line
7019 Cunard Line
Hamburg American Line
Holland America Line
North German Lloyd
Red Star Line
White Star Line
American Line
Dominion Line

Eastbound:

Allan Line (United States and Canadian services)
Anchor Line
7020 Cunard Line (Continental passengers by their Fiume service included)
Donaldson Line
Hamburg American Line
Holland America Line
North German Lloyd
Red Star Line
White Star Line
American Line
Dominion Line
Canadian Pacific Ry. (Atlantic S. S. Lines).

Petitioner's Exhibit 712

7021

If the statistics, as per memo attached, on which the percentage was arrived at, include other services the allotment under clause 3 to be amended accordingly.

5. The Scandinavian American Line to confine themselves to their present Scandinavian ports (Copenhagen, Christiana and Christianasand) except to have the right to call one steamer monthly at Gothenburg, and during the three spring months a fortnightly steamer may call there, the total calls at Gothenburg throughout each year not to exceed fifteen.

7022

The Scandinavian American Line also to have the right to call at Helsingborg and to make 20 calls at Bergen. This clause applies both westbound and eastbound.

6. The present rate schedule to continue in force excepting that the Scandinavian American Line will charge three Kroners extra to and from Gothenburg and 1 kr. 50 extra to and from Helsingborg by steamers calling at these ports.

7. The Scandinavian American Line agree not to carry through booked passengers to Canada.

8. The compensation rate to be paid to or to be received from the Scandinavian American Line in case their carryings in a calendar year are in excess or below their percentage is fixed at £4 per soul.

7023

This compensation rate is subject to change if such change is agreed upon by the Atlantic Conference.

The payment of compensation is not the object of this contract, but merely the means of deterring either party from overcarrying its percentage, it being understood that every endeavour shall be made by both parties to carry their percentage allotment.

7024 *Petitioner's Exhibit 712*

9. Accounts to be closed at the end of each calendar year.

10. This agreement to become effective with the complete establishment of the new combined service as defined in clause I, say on January 1st 1909, and to run concurrently with Agreement AA.

In the event of the new combined service being commenced on 1st January 1909 with only four steamers instead of five steamers the allotment to the Scandinavian American Line to be reduced pro rata until the fifth steamer is put into the service.

7025

11. This memorandum to be replaced by an agreement in a more complete form on the same lines as the Agreement between the Atlantic Conference Lines (called Agreement AA) and in the meantime shall be subject to all the conditions of the said agreement so far as they apply and are not amended by the conditions provided for in this memorandum.

The agreement also to be supplemented by a subsidiary agreement with the British Lines to effectively control Scandinavian and Finnish business and agencies.

12. The term Scandinavian American Line throughout this memorandum is understood to mean the new combined service as defined in article 1.

ATLANTIC CONFERENCE.

Supplement to Minute 87 b. 7029

Memo of the C. P. R.

With regard to the clause accepted by the British Lines protecting the Allan Line against loss of business owing to 0.65 being allowed the Scandinavian American Line on Westbound traffic. Should it develop that this additional percentage reduced the carryings of the Canadian Pacific Railway from the percentage they carried during 1906/7, a similar adjustment will be made on their behalf as made with the Allan Line for compensation.

Jena, 12th Nov. 1908.

7030 *Petitioner's Exhibit 712*

ATLANTIC CONFERENCE.

104. Revival Byelaw 22. The Lines, Allan excepted, agree to revive Byelaw 22 to meet the competition of the North West Transport Line. The Allan Line's share of participation to be borne by the other Lines in proportion to their shares.

105. Reisebureau Vaterland. At the request of the Anchor Line the disqualification of the Reisebureau "Vaterland" is to be reconsidered by the British Lines.

106. Infants rates. Agreed to fix the infant rates

7031

	I. class	II. class	III. class
Westbound	M 40.—	M 30.—	M 10.—plus headtax for aliens
			" 10.—for citizens
Eastbound	" 40.—	" 30.—	" 10.—

except for Italian third Class business. The question of commission to be decided by the Liverpool Conference. These rates to come into operation on July 1st.

107. Cabin rates Mauretania, Lusitania, Caronia, Carmania, Oceanic, Adriatic. All Lines, except as mentioned below, agree to reduce the present agreement first class rates of Mauretania and Lusitania, and
7032 the second class rates of Caronia, Carmania, Oceanic, Adriatic by 10/— or its equivalent in each case, eastbound and westbound. In view of Allan Line's objection to both classes, and Cie. Gle. Translatantique to the second class the proposed alterations to be referred to Mr. Wilding for arbitration.

108. First class Commission in New York. The question of reducing 1st class commission in New York to 2% was deferred to further consideration.

109. Places of meetings. The next two meetings to be held in London. Places of subsequent meetings to be arranged later.

Petitioner's Exhibit 712

7033

110. Dr. Barnardo's charity children. The proposition of the Dominion Line for charity children of Dr. Barnardo being excluded from the Pool is deferred to next meeting, the Allan Line recording their objection to the proposal.

111. Passengers to St. Pierre, New Foundland. It is confirmed that passengers by direct steamers to St. Pierre New Foundland do not come under the Agreements Z and AA.

112. Arbitration of notice of withdrawal of the Allan Line from Agreement AA. The result of the pending arbitration between Allan Line and White 7034
Star Line to be waited before taking action as regards the notice of withdrawal of the Allan Line from Agreement AA. In the meantime the other Lines protest against the action of the Allan Line and will in due course take same to arbitration. Mr. Ballin undertaking to prepare the case for the Conference Lines, other than the Allan Line.
Jena, 1st April, 1909.

113. Extension of Byelaw 78. Agreed, except by Allan Line, that Minute 78 as far as it refers to prepaids of the Russian Volunteer Fleet, forwarded by the Russian East Asiatic Steam Ship Co., shall apply 7035
also to those prepaids forwarded before the date of the respective arrangement viz. October 22.

114. Commission of Grand Trunk Railway to North West Transport Line. Letter from Grand Trunk Railway submitted, the C. P. R. representative advises they only allowed commission to the North West Transport Line on inland business, because they had been unable to induce the Grand Trunk Railway to agree not to do so and after they had found that the Inter Colonial Grand Trunk connection at Halifax were paying commission.

7036 *Petitioner's Exhibit 712*

Mr. Sanderson was requested to approach the Grand Trunk Railway with a view to facilitating an agreement between the two Canadian railways (including Inter Colonial Railway) to allow no commission to the North West Transport Line.

115. Proposed Pool for second class business. The proposed general advance of westbound 2nd class rates was not agreed to, but an alternative suggestion to form a Pool for second class business was made. The matter to be brought up at the next meeting. In the meantime the Secretary to circulate statistics for con-
7037 sideration.

116. Cunard's Fiume service westbound. The letter from the Cunard Line in regard to the Fiume westbound service, cancelling Minute No. 76 viz:

Liverpool March 20, 1909.

"With reference to the provisional arrangement come to between the Cunard Line and the Conference Lines at Paris on the 22nd October last, vide Minute 76, for the inclusion of the Cunard Line's Westbound Fiume Service in the Atlantic Conference, we beg to refer to our letter of the 28th December, 1908, in-
7038 timating in reply to your enquiry that negotiations up to that time had not resulted in our obtaining the approval of the Hungarian Government, and further, that applications made by this Company for permission to vary rates in order to regulate the traffic in the manner provided by Agreement AA had been declined, thus making it impossible for our Westbound Fiume Service to come under that Agreement, as from the 1st November 1908: We now beg to mention that further negotiations have since taken place, with a view to obtaining the necessary approval of the Hungarian Government, but the Government will not

7039

give their sanction, as certain arrangements between themselves and the Continental Lines have not been settled. Under these circumstances, we have no alternative but to give formal notice that as we have been unable to obtain the approval of the Hungarian Government, as contemplated by Minute 76 above referred to, the inclusion of the Westbound Fiume Service in the Pool cannot be carried out. If, as a result of subsequent negotiations, we should be able to obtain the consent of the Hungarian Government to such an arrangement, we should be quite willing for the matter to be brought up afresh for consideration by the Atlantic Conference. Until then, the Cunard Company's Fiume Service will continue to be worked as already provided for under Appendix III of Agreement AA"

7040

was read, and the notification accepted.

117. First class intermediate season schedules. It was agreed by all the Lines interested that the 1st class intermediate schedules as per Minute 96 are to be in the hands of all Agents not later than 3rd April next, after being first circulated through the Conference Secretary.

118. Control stations. The question of the Control Stations was mentioned and the German Lines promised to pursue the matter further with the view to according facilities to passengers for the British Lines passing through the Control Stations en route to Rotterdam and Antwerp.

7041

119. Agreement BB. Agreement BB with the Russian East Asiatic Co. was duly signed by all the A. C. Lines.

120. Negotiations Scandinavian American Line. The N. D. L. V. Lines agreed to the British Lines

7042 *Petitioner's Exhibit 712*

taking up negotiations with the Scandinavian American Line with the view to bringing them into the General Pool, the Scandinavian American Line not having been able to carry out the agreement made in Paris in October last which required them to establish Norwegian, Swedish and Danish services with five ships. The N. D. L. V. Lines leave the British Lines full discretion with regard to percentages, sailings, etc., but do not agree to the Scandiavian American Line being permitted to carry Continental passengers.

121. Jewish Hilfsvererine. The question of dis-
7043 qualifying the Reisebureau Jewish Hilfsvererine was not adopted.

122. Proposed advance in II cabin rates. The British Lines agree to advance their second class rates of Continental ports by 10 sh. provided the Continental Lines agree amongst themselves to make a similar advance.—Allan Line's Havre service excepted but subject to negotiations between the Allan Line and the Cie. Gle. Transatlantique.

123. C. P. R. Employees. The question of the C. P. Ry. carrying their Railroad employees 1st and 2nd class at reduced rates without accounting for them to the Pool was referred to, and it was agreed that
7044 the C. P. Ry. be accorded this privilege. The Allan, Dominion and Donaldson Lines reserving the same right.—The numbers of passengers so carried to be exchanged between the Canadian Lines.

With the above exception all passengers paying less than Agreement 2nd cabin rate by the carrying steamer are to be pooled.

124. Exchange of Ppd Statistics of C. P. R. and Allan Line. The C. P. R. and Allan Lines agree to exchange their prepaid statistics with other Lines.

Paris, 25th March 1909.

ATLANTIC CONFERENCE.

*125. Commission on infants. In amendment of Agreement V. Art. 13 b 1 & 2 and Agreement W Art. 11 b 2 the commission westbound and eastbound on infants rates as per byelaw 106 has been fixed at 5% maximum. The commission on third class infants is one shilling or its equivalent. (Agreed May 17th 09.) 7047

*126. Passengers free from the Pool. Passengers landing or embarking at Gibraltar, the Azores or Madeira by steamers of the direct Mediterranean Lines need not be accounted for under Agreement A. A. Non-Italian and Non-Oriental passengers from or to Genoa, Naples or any other Mediterranean port must be accounted for. (cfr. Circular letters G. 608 and 615 10./.9.09.)

---

for * see Minute 128.

7048 *Petitioner's Exhibit 712.*

127. Passengers to St. Pierre, New Foundland (cfr. Minute 111). The Allan Line's claim of refund of the compensation charged to them for steeragers by their steamers from and to New Foundland to be referred to Mr. Wilding as sole arbitrator. His decision to apply to the whole period of the present Agreement.

128. Byelaws and Minutes. The Secretary to lay before the next Meeting a synopsis of those minutes for the past which in his opinion ought to be considered as bye-laws forming part of the contract, and
7049 the meeting then to decide whether they agree. In future such bye-laws are to be pointed out by asterisks and confirmed at the subsequent meeting.

129. Regulation of continental rates. A proposal of the Continental Lines to be at liberty to reduce their rates, even though plus-parties, is not unanimously agreed. Continental Lines may submit for consideration at the next meeting a proposal for regulating continental rates.

*130. Continental rates of British Lines. Agreed in principle that, under the Agreement, the rates must be gross rates, but under present exceptional circum-
7050 stances it was considered unwise to change the present practice.

*131. Donaldson Line's entering the eastbound Pool. The limit imposed upon Donaldson Line in clause 5 Appendix 3 to Agreement Z is withdrawn. They are to be allowed, with a view to entering the eastbound Pool, to fix their Eastbound steerage rates for 1910 for British and Scandinavian business in accordance with the schedule in force among the British Lines. Their Continental Eastbound rates for 1910 to be fixed from time to time by the other British Lines after having been submitted to and approved by the Continental Lines.

7051

132. Infants rates (cfr. Minute 106). With regard to infants rates no change to be made in present practice.
Jena, December 4th 1909.

133. Disqualification of agents. The question of the disqualification of agents to be considered by a small committee consisting of Messrs. Cauty, Aitchison, Lister, Rodan, Storm, van der Graaf, v. Plettenberg and Weingaertner. (For committee report see Min. 143.)

*134. Agreement with Scandinavian American Line. (cfr. Minute 120.) Agreed by all Lines that this question be reopened and that a special committee be appointed consisting of Messrs. Aitchison, Cauty and Lister, to confer with the Allan and C. P. R. Lines, and thereafter with the Scandinavian American Line on the matter. The special committee is fully empowered to negotiate an agreement on the best terms obtainable. 7052

135. Agreement H 2. The consideration of changes in Agreement H 2 referred to a small committee in which each Line concerned is to be represented. (For report see Min. 144.)

7053

136. Arbitration French Lemon & Co. The question if the Holland-America Line are entitled to pay French Lemon & Co. Florence a commission of 7½% on first class business to be referred to Mr. Wilding as sole arbitrator.

*137. Seasons for First Class business. The Lines parties to Appendix 2 Agreement V agree to advertise the first class full summer schedule eastbound for U. S. Lines as from May 1st to July 31st. The intermediate first class schedule to be advertised in accordance with minute 96, with the exception, that the

7054 *Petitioner's Exhibit 712*

second period of the eastbound intermediate season will run from 1st to 15th August. It was understood that the Compagnie Gen. Transat. would follow the same procedure.

*138. Agreement V and Cruise business. In case of chartering any ships for cruise business the charter to contain a clause, obliging charterers or cruise agents to comply with Agreement V or any other Argeements which the Lines themselves would be bound by if doing the business direct.

7055 *139. Compensation to Russian American Line in case of fighting steamers. (cfr. Minutes 104.) The Russian American Line are allowed for eastbound Libau passengers on fighting steamers compensation for the difference between the regular and reduced net rate, but limited to $12.

*140. Arbitration of rate S. S. Laurentic. Rate for Carpathia. The rate of steamship "Laurentic" while in the New York trade is left to Mr. Wilding for arbitration.

The Cunard Line accept a minimum rate of £16.— for Carpathia in the Liverpool New York service.

7056 *141. Sending A. C. Statistics and circulars to Transat. All Lines agree to Atlantic Conference Lines statistics and circulars being sent to Cie. Gle. Transatlantique on condition that the statistics between the N. D. L. V. and Transat are sent in future to the British Lines.

142. Proposed general advance of second class rates (cfr. Minute 115). All Lines agreed to make a general advance of 10/— in Second Cabin minimum rates, the lowest rated steamers from Havre of the Allan and Compagnie Générale Transatlantique excepted. This Agreement on the part of the Canadian

Petitioner's Exhibit 712

7057

Pacific Railway (S. S. Lines) was conditional on a 5/— advance being made in Third Class Rates, except for their open Steerage. As this condition could not be accepted, the C. P. R. were asked to reconsider the matter in the hope that they might be willing to make the proposed advance in Second Cabin business, either with no change in Third Class Rates or with a uniform advance of 5/— on all Third Class Rates. Further consideration of the whole matter was referred to the British Conference who will communicate with the Continental Lines.

London, November 25th 1909.

REPORTS OF SUB COMMITTEES:

143. Disqualification of Agents. The subcommittee appointed by the General Meeting (Min. 133) today recommends the following:

Considering the unanimous wish of the British Lines to have removed the disqualification of Onishcavich the Continental Lines agree to it on the condition that he does not send his passengers through the Universal Reisebureau Vienna.

7060 *Petitioner's Exhibit 712*

Continental Lines will reconsider if it would be practicable and in the interest of business to reinstate disqualified agents who in the mean time may have turned over business to competing outside Lines.

7062

ATLANTIC CONFERENCE.

145. Proposed advance of second class rates. The motion of the North German Lloyd to advance second class rates all round by £1 is not carried.

*146. Special rates. The rates which several of the British Lines now quote at Basle are considered by the N. D. L. V. Lines to be special rates, but under present circumstances the Lines do not object.

Petitioner's Exhibit 712

7063

*147. Donaldson Line's westbound percentage. The percentage of the Donaldson Line under Agreement Z is increased from 0.20 to 0.30 per cent as from January 1st 1910.

*148. Regulation of Continental Lines' rates (see Minute 129). The following proposal of the N. D. Lloyd is agreed to up to September 30th 1910: In case the Continental Lines find it convenient, at the beginning of the year, to adopt for their regular New York steamers the maximum rate of £8, they shall be allowed to reduce their rates for adjustment among themselves by not more than £1 irrespective of their position in the A. C. Agreement.

7064

149. Canadian Northern Ry. The British Lines undertake to approach the Canadian Northern Ry. Co. with regard to the Royal Line and to communicate the result as soon as possible to the Continental Lines, so that these may have an opportunity to approach Mr. Mackenzie with regard to the Uranium S. S. Co. before he leaves Europe. With regard to the Thomson Line further development shall be waited for.

*150. Agreements with Scandinavian American Line (see Minute 134). The Agreements with the Scandinavian American Line as per annex are approved.

7065

151. Disqualifications. The disqualification of G. Schyns is valid.

*152. Arbitration S. S. Franconia. The rates suggested by the Cunard Line for S. S. "Franconia" £ 17. 10.— first class, £ 10.—.— second class were not agreed to. Referred to Mr. Wilding for arbitration.

153. Synopsis of Minutes. The Allan Line withdraw their proposal contained in G. No. 825.

2355

7066 *Petitioner's Exhibit 712*

*154 .General advance of second class rates. The advance of 10/— in all second class rates except by the lowest rated steamers from Havre of the Allan Line and C. G. T. was confirmed (see Minute 142).

Report of the Special Committee appointed to consider the resolutions of past conferences under Minute 128 of today's meeting.

155. Decided that the following resolutions be reprinted for reference as byelaws to the respective agreements viz:

Agreement A. A.—Resolutions Nos. 1 to 21 as already provided for under Appendix II also Nos. 28, 29, 40, 53, 63, 91 paragraph c. 97, 103, 106 so far as it relates to 3rd class 123, 126, 130 and 131.

7068

Agreement V.—Resolutions 66, 95, 96, 106 so far as it relates to 1st class, 125, 137 and 138.

Agreement W.—Resolutions 30, 66, 95, 106 so far as it relates to 2nd class, and 125. The Committee recommend that a further resolution to be considered a byelaw to this agreement be passed today confirming the advance of 10/— in all second class rates, except by the lowest rated steamers from Havre of Allan Line and C. G. T.

the Lines are excepted, except as specially provided for)

and the

(2) Det Forenede Dampskibs-Selskab Limited, of Copenhagen,

called the

Scandinavian-American Line.

1. It is agreed to include the Scandinavian-American Line in the Atlantic Conference for their Eastbound steerage passenger traffic from the United
7073 States of America and Canada to Europe under Agreement AA (with all subsequent bye-laws and resolutions so far as they are applicable to Eastbound business), to which they become party, with a percentage allotment of 3.94 of the total Eastbound steerage carryings of the Atlantic Conference Lines, as mentioned above, and themselves.

2. It is agreed that this arrangement dates from 1st March 1910.

3. In the event of any new competition whatever arising to any Scandinavian or Finnish port, from the United States or Canada, arrangements to be con-
7074 sidered for combined action for meeting same. Failing a satisfactory arrangement to this end, either party has the right to cancel this agreement forthwith.

AGREEMENT

on

Scandinavian and Finnish Westbound Third-Class Business.

It has this day been agreed by the following Steamship Lines, viz:

Allan Line, Anchor Line, Cunard Line, Donalson Line, American Line, Canadian Pacific Railway Co., Dominion Line, White Star Line, Scandinavian-American Line, of the First part, and the 7076

Canadian Northern Steamships Limited,

hereinafter referred to as the Royal Line, of the Second part, as under:

1. The Royal Line become associated with the Canadian Lines, as parties to the existing Agreement for Scandinavian and Finnish Third Class business, dated April 7th, 1910, copy of which is attached hereto, and agree to all the clauses and conditions thereof. They also agree to the rules and regulations for the control of the Scandinavian and Finnish business forming part of that Agreement.

2. The steamers at present running in the service of the Royal Line, s. s. "Royal Edward" and "Royal George," to be rated on the same basis as the steamers "Empress of Britain" and "Empress of Ireland," viz: 7077

Westbound.

Scandinavian.	Finnish.
Cash Kr. 135 Prepaid $36.	Cash F. M. 204 Prepaid $39.

The above rates are exclusive of U. S. Head Tax, which must be collected in addition, viz; $4 (Krs. 15 or F. M. 21) per Adult, Child or Infant.

7078 *Petitioner's Exhibit 713*

* Eastbound.

Scandinavian $33.75. Finnish $36.75.

*(Note: The Eastbound rates are shewn herein for the purpose of recording their normal level, and they are subject to alteration for adjustment purposes under the Agreement on Eastbound Third-class Business.)

3. The privilege accorded to the Canadian Lines in regard to free railway tickets between Quebec and Montreal, referred to in Clause 4 of the Scandinavian
7079 and Finnish Agreement, to be accorded also to the Royal Line only when their steamers do not proceed beyond Quebec.

4. Railway rates from ports of debarkation to interior points are to be the fares quoted in the published passenger tariffs of the United States or Canadian Railway Companies, and both parties to pay to booking agents the agreed on commissions. On Eastbound railway rates in the United States and Canada, both parties to be on the same basis as to rates and commissions to agents. All alterations in railway rates or commissions are to be tabled before being put into operation; the Secretary of the Conference to circulate
7080 notices of such alterations amongst the members.

5. This Agreement is to run concurrently with the Agreement on Scandinavian and Finnish Business referred to.

6. This Agreement is subject to ratification by the Scandinavian-American Line, Copenhagen.

Signed by

ALLAN LINE,

F. S. Thompson.

SCANDINAVIAN AGREEMENT.

AGREEMENT.

Between the Trans-Atlantic Steamship Companies, named, viz: (1) The following North Atlantic Passenger Conference Lines:

International Mercantile Marine Co.,
American Line.
Dominion Line.
White Star Line.

7085 Anchor Line (Henderson Brothers), Limited, Liverpool

The Cunard Steamship Co., Limited, Liverpool.

hereinafter called the Conference Lines of the first part, and the (2)

Det Forenede Dampskibs-Selskab Limited, of Copenhagen,

hereinafter called the Scandinavian-American Line, of the second part.

The following Agreement has been concluded:

1. The Conference Lines guarantee to the Scandinavian-American Line, the percental participation, as defined and provided for in article 2 of this Agreement, of the entire Scandinavian and Finnish third
7086 class (steerage) traffic, as defined in said article 2, forwarded by the parties to this Agreement from all European ports to and via the United States of America and Canada, in vessels owned, leased, chartered, or controlled by them without regard to the flag.

2. The Scandinavian-American Line to receive 25.74% as their share of the total Scandinavian and Finnish Westbound third class (steerage) business carried by the parties to this contract.

Scandinavian passengers under this contract are understood to be those of Danish, Icelandic, Swedish and Norwegian nationality.

Petitioner's Exhibit 714

7087

The compensation price fixed by Article 7, as also the statistics relating to the transportation of steeragers is in all cases based upon the number of persons, or souls, so that children and infants always count as full passengers in the sense of this present contract.

3. (a) All Scandinavian and Finnish third class (steerage) passengers whether booked at regular or reduced rates have to be pooled under this Agreement except those exempted under article 13.

(b) All passengers forwarded in any intermediate class between third class (steerage) and cabin as defined in article 6 (d), are to be considered as third class (steerage) passengers in the sense and meaning of this contract.

7088

(c) Intermediate or even cabin passengers are third class (steerage) in the meaning of this Contract unless they pay at least the lowest cabin fare as defined in article 6 (d).

4. The Scandinavian-American Line to confine themselves to their present Scandinavian ports, Copenhagen, Christiania and Christiansand.

5. The Scandinavian-American Line agree to confine themselves to the carriage of Scandinavian and / or Finnish steerage passengers only. It is not permissible for the Scandinavian-American Line to book Russian passengers via Finland.

7089

6. (a) The passage rates, fixed by the schedule attached hereto, with any amendments agreed upon from time to time, are to be charged.

(b) No Line has the right to alter its third class (steerage) or second cabin rates without having previously informed the Secretary, who shall notify the other Lines.

7090 *Petitioner's Exhibit 714*

(c) The third class (steerage) cash rates and the American prepaid rates shall be established on the equivalence of Kr. 3.75 = $1. The rates for Finnish business to be regulated on the basis of Kr. 10.80 and $3 above the rates quoted off the various Scandinavian ports.

(d) Unless there is a second class rate agreement the lowest Westbound second cabin rate of any Line must be at least £2, higher than the highest third class rate of the respective steamer.

7091 7. (a) If the number of third class (steerage) passengers carried by the Scandinavian-American Line in any calendar year exceeds its allotted share of the traffic, as per article 2, it has to pay to the Conference Lines a compensation of £4, for each passenger (soul) carried in excess of its share.

(b) On the other hand, if the Scandinavian-American Line is short of its share of the traffic, as per article 2, the Conference Lines have to pay to the Scandinavian-American Line a compensation of £4, for each passenger (soul) it is short of its share.

(c) The compensation rate may be changed by mutual consent.

7092 8. In the event of a breakdown of a steamer or any unforseen occurrence necessitating the transfer of third class (steerage) passengers to another Line, the Line carrying the passengers has to pool them, except that if the Line to which the passengers are transferred is not a party to this agreement, as far as those passengers are concerned, then the Line for which the passengers were originally booked is required to account for them to the pool.

9. (a) Both parties undertake to arrange their services in such a manner that the number of third class

(steerage) passengers actually carried corresponds as nearly as possible with the percentage allotted to it under article 2, the payment of compensation not being the intent and object of this contract, but merely the means of deterring either party from overcarrying its percentage allotment. 7093

(b) In case the results thus obtained show that the traffic is not divided as provided for in article 2, measures must be adopted calculated to bring about a correct adjustment. The intention being that the plus party shall whenever practicable advance rates rather than the minus party should reduce rates. 7094

(c) It is, however, understood that in adopting measures to effect an adjustment, no action will be taken that is in opposition to or at variance with the terms of this agreement, or of Agreement A. A.

10. (a) The commission to agents in Scandinavia or Finland for third class (steerage) business to be not more than 12 kroners or 17 Finnish marks per adult, and for second cabin business a maximum of 6% with liberty, however, to grant a minimum of 13.50 kroners or 19.50 Finnish marks. For second class Continental business other than Scandinavian or Finnish, the commission to be 15 marks on a single trip per adult. 7095

(b) The commission to agents in America to be as fixed by the New York Conference.

(c) The agents of the parties hereto shall not book nor interest themselves in the booking of passengers from Europe to the U. S. and Canada or *vice versa*, for Lines not parties to this contract or not connected by agreements with the Atlantic Conference or the N. D. L. V. Lines.

7096 *Petitioner's Exhibit 714*

11. (a) The Secretary will make up monthly provisional accounts, showing the compensation payments due between the parties, and will also notify the party which has to pay. These payments to be made within a fortnight after receipt of such notification.

(b) Final settlements will be made for each calendar year on the basis of a compensation account, prepared by the Secretary to comprise the entire year. Objections against these final accounts to be made within four weeks after receipt of same from the Secretary by the Lines, failing which the accounts shall stand.

7097 As this agreement commences on 1st March, 1910, the first settlement shall comprise the period from 1st March, 1910, to the 28th February, 1911.

(c) Objections to the correctness of the accounts form no release from the obligation to effect the provisional settlement.

12. (a) For the purpose of compilation of the compensation accounts, all the Lines have to furnish to the Secretary, every 7th, 15th, 23rd and last day of a month, their statistics of the steeragers (souls) and also second cabin passengers, carried by them in the week ending with these respective dates, and the name and destination of the steamers.

7098

(b) A fine of £5 shall be imposed upon any Line delaying the delivery of the statistics for more than three days.

(c) The Secretary has to furnish to the Parties weekly the statistics of the pool passengers carried, and monthly a statement showing the position of the parties *versus* each other, not later than the 15th of each month for the preceding month.

13. (a) Passengers deported by Government authorities shall be deducted from the number of third-class (steerage) to be accounted for to the pool.

7099

(b) Passengers who are transported free or against payment of the cost of subsistence upon request of the Government, shall be treated in like manner.

14. For the faithful performance of the conditions of this Agreement, the parties have to deposit with the Secretary, an accepted bill or promissory note in the amount of £3,000 each. This bill is only payable if it is accompanied by an arbitration award, as provided for in article 19 of this Agreement.

15. The securities given shall be considered the amount of liquidated damages and thus entirely forfeited if either party unduly withdraws from this present contract before its expiration, or, if either party resorts to actions which render the continuance of this present contract impossible, and which are therefore to be considered equivalent to a withdrawal from this present contract, as *e. g.* refusal to pay compensation or failure to replenish the security mentioned in article 14 within 14 days, or assisting directly or indirectly a new opposition Line, or starting or assisting a Line whereby the business as defined in article 1 would be seriously interfered with.

7100

16. (a) Penalties in case of contravention against or infraction of any stipulations of this contract shall be fixed by the Arbritrator, but in no case shall such a penalty exceed the amount of the security given by the party at fault.

7101

(b) The amount of penalty to be in each case not less than £50 for each contravention or infraction, except as provided for in article 12 (b).

(c) In case of the contravention or infraction being made wilfully and designedly, especially in case of any wilful and intentionally incorrect statement or declaration in respect to statistics, the penalty shall not be less than £500.

7102 *Petitioner's Exhibit 714*

(d) Unless the penalty be paid to the Secretary within eight days after the Line concerned has received the award, the security will be realized and the amount of the penalty forfeited.

17. The execution and control of the fulfilment of the stipulations of this contract is confined to the Secretary. He must have access to the passenger offices of the Lines, and can there examine all books, correspondence, etc., so far as he may deem it practicable to satisfy himself that the terms of this contract have been complied with. He has to act as mediator in
7103 general in the transactions between the parties so far as such transactions appertain to matters relative to this contract, and it is his duty to use every exertion to settle difficulties amicably.

18. The Scandinavian-American Line has to contribute to the office expenses of the Secretary, in the proportion of its Westbound percentage, so far as the expenses are applicable to the carrying out of this contract.

19. All disputes or claims under this contract between the two parties shall be settled by arbitration as provided for in Art. 24 of Agreement A. A., except that the arbitration shall take place alternately
7104 in England and Denmark, and according to English or Danish law. The first arbitration to take place in England. Differences which may arise after the expiration of this contract, before the accounts are finally closed shall still be subject to arbitration, and securities given will not be returned until the final accounts are settled.

20. (a) The parties agree that in all cases in which resolutions have to be taken with regard to existing differences of opinion as to the terms and conditions of the present contract, as also in the case of all de-

cisions by the arbitrator, not only the tenor but also more especially the spirit of this agreement are to be taken into consideration.

(b) All alterations and additions made in respect of this contract to be valid and binding upon the Parties to this contract only when each Line has given its written consent to such alterations and additions.

21. If either party transfer its business in part or in whole to a successor, or if an amalgamation with another Line takes place, such party is bound, subject to the consent of the other party, to make it binding upon its successors to enter into this contract and to become a party to it with all the rights and obligations arising out of it, and its deposit devolves upon such successor. 7106

22. In the event of any new competition whatever arising from or to any Scandinavian or Finnish port, to or from United States or Canada, arrangements to be considered for combined action for meeting same.

23 (a) No circulars or publications shall be issued by any Line reflecting upon or instituting comparisons with any other Line in this Agreement unfavorable to the latter Line, and no party hereto shall support any newspaper which may systematically attack any other Line party hereto. 7107

(b) The Lines shall be responsible for their agents and employees or other representatives in this sense, that any Line is bound to dismiss an agent, etc., who in respect to another Line has disregarded the stipulations of Article 23 (a). All the other Lines are also bound to break off all and every direct or indirect business connection with such agent.

7108 *Petitioner's Exhibit 714*

(c) The Lines undertake to send to the Secretary copies of any printed matter and circulars sent to agents in relation to third class steerage and second cabin business.

(d) This article (23) applies in its entirety to circulars or publications issued both in America, and Europe.

24. This Agreement commences to operate 1st March, 1910, and is concluded for the period from 1st March, 1910, to February 28th, 1911, and shall after this latter date continue from year to year, unless due notice be given by either party to the Secretary, not later than 1st December, of the intention of terminating same at the end of the next February, namely, in the first instance, 1st December, 1910.

7109

25. This Agreement is to be supplemented by a subsidiary agreement made between the Conference Lines and the Scandinavian-American Line for the effective control of Scandinavian and Finnish business and agencies, but nothing in said subsidiary agreement must be at variance with the provisions of this contract.

26 (a) The execution and control of the fulfillment of the stipulations of the present contract are confided firstly to the Secretary, secondly to the Arbitrator (see clause 19).

7110

(b) The Secretary must be a person entirely and in every respect independent of any of the parties to this present contract. Mr. E. S. Smyth at Liverpool is hereby appointed as Secretary, subject to the pleasure of the Lines.

27. If either party is compelled by vis major to discontinue its entire service or even only its entire steerage service for longer than 4 weeks after its last

Petitioner's Exhibit 714

7111

sailing (the day of this sailing included) this contract is suspended from the date of such last sailing, but becomes again operative immediately upon the resumption of the suspended service or even only of the steerage service. This clause does not apply to the usual interval in the Scandinavian-American Line sailings in December and January.

7121

*While engaged in New York or Boston Service.

The above rates apply only to U. S. Citizens, Canadian passengers and passengers in transit.

For all Alien passengers destined to the United States (whether sailing via a U. S. or Canadian Port) an additional charge of 15 Kroners or 21 Finnish Marks more than these scheduled rates must be made for each adult, each child or each infant.

7122

For Scandinavian Business.—United States Citizens, Canadians, and passengers in transit, Children 1 year and under 12 years, half-fare; Infants under 1 year, Cash 10 Krs. gross (10/-each nett); Infants Prepaid $2.50; for Aliens to the United States, the amount of U. S. Head Tax (Krs. 15) must be charged additional for each Child and Infant. Eastbound Infants, $2.50.

For Finnish Business.—United States Citizens, Canadians, and passengers in transit, Children 1 year and under 12 years, half-fare; Infants under 1 year, Cash 14 F. M. gross (10/- each nett); Infants Prepaid, 2.50; for Aliens to the United States, the amount of U. S. Head Tax (F. M. 21) must be charged additional for each Child and Infant. Eastbound Infants, $2.50. 7123

(*a*) Stockholm Westbound Prepaid and Eastbound Rates $3.00 higher than the scheduled Scandinavian Rates. Cash Rates from Stockholm to be on the basis of the scheduled rates from the Scandinavian Agreement Ports plus Kr. 10.80. 7124

(*b*) That the cash rate for Icelandic passengers be 140 kroners per adult for all steamers, from Iceland to landing port in America. Children of 1 year and under 12 years, half-fare; Infants, Krs. 10 gross (10/- nett) on United States citizens, Canadian passengers and passengers in transit. On U. S. Aliens, U. S. Head Tax (Krs. 15) must be charged additional for each Adult, Child and Infant. Commission to Head Agents 9 kroners per Adult, Kr. 4.50 per child. No prepaids to be issued.

(c) When any service has more than one rate, tickets at a lower rate shall plainly state they are only available for the named Steamer or Steamers to which such lower rate applies, and the Companies undertake they will not carry holders of lower rated tickets by higher rated Steamers, unless they have paid differences in rate. 7125

(*d*) All the foregoing rates apply only to steamers at present employed in the services of the Lines. New steamers to be rated as they come out on a similar basis. Such rating to be subject to revision by arbitration in case of difference of opinion arising.

7126 *Petitioner's Exhibit 715*

2. For Scandinavian Westbound Cash business the commission to Head Agents shall be 12 Krs. per adult, and 6 Krs. per child.

(*a*) For Finnish Westbound Cash business the commission to Head agents shall be 17 Finnish Marks per adult, and 8.50 Finnish Marks per child.

(*b*) The commission payable to agents in the United States or Canada on Westbound prepaid business shall be $2 per adult, and $1 for children between the age of 1 year and 12 years, and 25 cents for infants under 12 months, except that the commission
7127 to General Agents is to be settled by the New York Conference.

(*c*) Commission to agents Eastbound to be arranged by New York Conference.

(*d*) That an uniform commission of Kr. 1 per adult be allowed agents for exchanging Third Class Westbound prepaid certificates, this sum to cover all incidental expenses incurred in regard to such passengers.

3. That beyond said commission and the commission for sale of Inland tickets agreed to by the Lines, no allowance of any kind based upon results, present,
7128 prospective, or retrospective be made. Each Company shall, however, be at liberty to allow its Head Agents such sum per annum fixed in advance without any expressed or implied reference to the Agent's bookings, as it may think desirable. The limit of such allowances being fixed by clause 13 hereof.

4. That free railway tickets be granted only between United States ports of New York, Boston, or Philadelphia, except that the Canadian Lines retain the rights accorded them under Agreements V (appendix 1 and 3) and W (appendix 1 and 2).

Petitioner's Exhibit 715 7129

5. The British Lines parties hereto agree to discontinue free forwarding of passengers from Drontheim to any other Scandinavian ports for shipment.

6. The Lines agree not to book (nor allow to be booked by their Head Agents) passengers for other than their own sailings.

7. No free or reduced passages shall be given in any class to agents, press representatives, shippers or brokers, or to anyone with the object of obtaining other passengers or business of any kind, or in recognition of advertisements in any way, the intention being that except that the principals of the different firms 7130
or Lines are at liberty to grant free passes or reductions to Government officials, scheduled general agents, or to individuals on purely personal grounds, no free passages or reductions whatever shall be given.

8. The Secretary of the Passenger Conference at 18 James Street, Liverpool, shall act as Secretary in England under this Agreement for all Lines parties hereto, who will furnish him in each week with a full and exact return of all 2nd and 3rd Class Scandinavian and Finnish and Icelandic passengers carried during the previous week, which information is to be circulated among the parties. 7131

9. That the rules and regulations agreed upon by the parties to this Agreement, and also those annexed for agents, be considered portion of this Agreement, and be adopted and enforced.

10. In case of complaint the Line complained against shall give every facility for the examination of passengers, and that the only persons to be present at such examination shall be one representative each of the complaining and defending Lines, with their interpreters, and the Secretary under this Agreement or his nominee.

7132 *Petitioner's Exhibit 715*

11. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall, at the option of the complaining party, take place at Copenhagen or in England.

(*b*) Notice in writing of intention to prefer a claim shall be given in reasonable time to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office in England of such Line, or to the principal office of the Scandinavian-American Line, and shall be deemed to have been delivered in the ordinary course of post. Copies to be sent to the Secretary who has to inform all the subscribing parties.

7133

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within fourteen days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

7134

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator, in the reference, whether the party fail-

ing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding. 7135

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the cost of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly. 7136

(*g*) The fine or damage for breach of this Agreement by any party hereto shall not be less than £10, nor more than £100 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall be in accordance with the scale given in clause 7 sub-clause (*d*) of the Rules for Agents.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him, and if continued as Agent by any party hereto or reinstated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or reinstating him. 7137

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall

7138 *Petitioner's Exhibit 715*

be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach, and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall, notwithstanding they may have made and published an Award, have power to reopen and consider the same and to hear further evidence and to make a fresh
7139 Award, provided cause be shown satisfactory to him or them within one week after the Award is first made and published, or if the Arbitrator or Arbitrators see cause to extend the time, then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile, residence or office of business of the parties to this Agreement may be or become.

7140 (*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

(*l*) *Disposal of Fines.*—All fines shall be payable through the Arbitrators, who may in their discretion award a part or the whole thereof to the complaining party; any sum not so disposed of to be apportioned equally between the parties hereto, excepting the parties paying the fine.

(*m*) This Agreement may be made a rule of his Majesty's Court of King's Bench, or his Majesty's

Petitioner's Exhibit 715 7141

Court of Common Pleas at Lancaster, or in the event of any party being concerned as a plaintiff or defendant residing out of the jurisdiction of both of those Courts, may be made a rule of any court in whose jurisdiction such party may reside.

12. This Agreement to run concurrently with the London Agreement of March 3rd, 1910, except that any Line has the right to withdraw at any time on giving one month's notice. The withdrawal of any Line releases the other parties hereto.

13. That the British Lines each be allowed to pay up to a maximum sum of £1200 per annum in salaries to Head Agents, throughout Scandinavia, but not more than £250 to be paid at any one port. This sum to cover office rent, advertising, and all incidental expenses for the twelve months. The Allan Line, Liverpool, London and Glasgow, to be counted as one Line. The American Line, Southampton, and the American Line, Liverpool, to be counted as one Line, and White Star Line, Liverpool and Southampton, likewise to be counted as one Line. 7142

14. The lowest rate for Second Class Passengers by the Lines parties hereto shall not be less than £2, or the equivalent thereof, more than their highest rate for Steerage Passengers by the same Steamer. 7143

15. No alterations in Third Class Rates may be made by any of the Lines parties hereto without first informing the Secretary, who shall promptly notify the other Lines.

It is also agreed that the adjustment of the Westbound rates as between the Lines of the first part in connection with their agreement arrangements, is to be effected not by reducing, but by increasing the rates of one or several of such Lines.

LIVERPOOL, April 7th, 1910.

SCANDINAVIAN and FINNISH AGREEMENT

7146 RULES AND REGULATIONS FOR AGENTS.

Agreement

Relating to Scandinavian (Norway, Sweden and Denmark) and Finland Third-class Passenger Business, to be in Force on and from the 7th April, 1910.

(1) Each Company being party to this arrangement shall obtain from each of its Head Agents his signature, duly witnessed, to two copies of these rules,

one of which shall be deposited with the Secretary of the North Atlantic Passenger Conference, 18, James Street, Liverpool, who shall act as Secretary under this Agreement, for all Lines parties hereto. Head Agents may be those at the ports following, viz. —Aalesund, Bergen, Christiania, Christiansand, Drontheim, Starvanger, Copenhagen, Gothenberg, Helsingborg, Malmo, Stockholm, and Hango or Helsingfors, Finland.

(2) All Agents in Scandinavia and Finland shall be liable to dismissal or fine by the Company employing them, or by the unanimous decision of all the 7148
Companies parties to this agreement, without having any claim for damages or indemnity in consequence thereof.

(3) An Association of Head Agents shall be maintained at each Head Agency Port, with a duly appointed Local Secretary to administer these rules. The Local Secretary shall be one of the members of the Association, to be appointed in the alphabetical order of their names, and each Secretary shall act for a period not exceeding three months. It shall be obligatory upon Agents to attend Meetings personally, unless prevented by unforeseen circumstances, when they have liberty to appoint a deputy—say the 7149
person managing his business at the time, or other competent member of his office staff—to attend. Wilful or continued absence from meetings without reasonable cause on the part of Agents, will be considered a breach of regulations.

(4) Each Association shall formulate local rules, not at variance with the tenor hereof, for governing all matters relating to their business, which rules shall include instructions in regard to booking Aliens, Citizens, and transit passengers, and discriminating be-

7150 *Petitioner's Exhibit 715*

tween Aliens and the latter passengers. A copy of such local rules to be forwarded to the Secretary, 18, James Street, Liverpool, for approval by the agreement Lines, also, notification of any alterations or additions thereto. Such rules and any alterations thereof must be unanimously adopted, and shall be binding on all Agents, unless anyone of the Companies parties hereto refuse to confirm the same. Agents acting for more than one Line shall have one vote only. If unanimity cannot be obtained, a majority of the members may appeal through the Secretary under this agreement to the several Companies
7151 parties hereto, and upon his advising the Association that the objection of the minority has been overruled by the Companies, the proposal in question shall stand good.

(5) Meetings shall be called by the Secretary of the Local Association for the date which may be fixed for ordinary meetings, or at any time on the request of any one member.

On the notice convening the Meeting, must be stated the business to be discussed at such Meeting, and any question not entered on such notice paper cannot be considered, unless with the consent of all
7152 members of the Association.

All correspondence in connection with the Association must be promptly circulated for the general information of the Members.

(6) At the Meetings of the Association the members shall take the chair in the alphabetical order of their names. The Passenger Manager of any of the Companies parties hereto, and the Liverpool Secretary under this Agreement, shall be at liberty to attend any of the meetings, but shall have no vote. Should any difference, dispute, or complaint take place, in connection with which the Chairman or Local Secre-

tary, for the time being is the complainant or defendant, the Members next in turn to take office as Chairman or Local Secretary must act as such when the matter is under discussion, or in carrying on the investigations connected therewith. 7153

(7) (*a*) All differences, disputes, and complaints must, as far as possible, be investigated at the Scandinavian or Finnish Port—the Agents of the complaining and defending Lines to be present at the examination of passengers and investigation of complaints, it being the duty of the Local Secretary to instruct them to be present before examining passengers in such cases of complaint. 7154

(*b*) In case of complaint the Agent and/or the Line complained against shall give every facility for the examination of passengers. It shall be considered a serious offense to advise a passenger to either evade examination or the giving of truthful evidence, on oath or otherwise.

(*c*) The complaining and defending agents must jointly appoint one of the agents as a third party to conduct the investigation proceedings and in conjunction with the Local Secretary to formulate the complaint and the result of the inquiry and/or the examination, made in reference thereto, copy of which is to be sent to the Conference Secretary in Liverpool for consideration and decision of the Lines. Failing to agree on a third party, the complaining and defending agents each to select their representative, who between them must appoint the third party. 7155

(*d*) Fines inflicted for breach of Agreement rules shall be levied according to the following scale:

7156 *Petitioner's Exhibit 715*

For infractions committed by Members of Associations at	1st offense.	2nd offense.
Aalesund, Bergen Christiansand, Drontheim, Stavanger, Helsingborg, Malmo, or Stockholm	50 to 100 Kr.	125 to 200 Kr.
Christiana, Copenhagen or Gothenburg	100 to 200 Kr.	250 to 400 Kr.
7157 Hango, Helsingfors or other Finnish Port		

For a 3rd offense an Agent shall be liable to dismissal and disqualification.

If the complaint is in regard to the booking of passengers at reduced rates, or by improper concessions, and the transaction in question embraces more than one adult passenger, the amount of fine fixed shall be increased by ten per cent for each other computed adult so included in the transaction in question, even though the total exceed the scale limits.

(*e*) All fines and costs shall be borne by the Agents themselves, the Line employing them not being allowed to refund any part of the same. Head Agents to be responsible for payments of fines inflicted upon their Sub-Agents. All fines shall, under pain of disqualification, be paid immediately to the Local Secretary, who will thereupon remit same to the Secretary at Liverpool.

7158

(*f*) Sub-Agents reported to the Local Association as being in default to any Association Member, or as acting for any North Atlantic Line in opposition to the parties of this Agreement, shall, *ipso facto*, be disqualified, and shall not be eligible for employment in

any capacity by any Association Member during the period his disqualification remains in force.

(*g*) Application from the Association for an allowance out of the fines levied at their port, toward the legitimate expenses incurred by the Association, may be made to Conference through the Secretary at Liverpool.

(8) (*a*) From the gross Ocean rate fixed by the Companies, a commission of 12 kroners per adult, 6 kroners per child, and 1 kroner per infant, will be allowed to Head Agents. In the case of Finnish 7160
Head Agents, the commission will be 17 Finnish marks per adult, 8.50 Finnish marks per child, and 1 1/2 Finnish marks per infant. The commission allowed them on the Inland fare will be 5 per cent, but not exceeding $2 on any single fare, except that on fares to points east of Buffalo, Erie, Pittsburg, Wheeling, &c., on which no commission is paid.

No further allowance per head or based upon the amount of business done, present, prospective, or retrospective, can be made.

(*b*) Head Agents are empowered to allow out of their commission to sub-agents only, a commission of 5 kroners per adult, and 2.50 kroners per 7161
child. In the case of Finnish Sub-Agents, commission not to exceed 7 Finnish marks per adult, 3.50 Finnish marks per child.

(*c*) Sub-Agents are not to be allowed commission on Infant Fares, American Inland Fares, Money exchanging or Drafts, nor shall any allowances, presents, or concessions of any kind beyond the above commission be granted them, except that Sub-Agents entitled to 10 kroners or 14 Finnish marks Ocean commission (see sub-clause *d*) may be considered as entitled also to inland fare commission as per clause (*a*).

7162 *Petitioner's Exhibit 715*

(*d*) In regard to Aalesund, Arendal, Christiansund, and Laurvik in Norway; Esbjerg in Denmark; and Helsingborg, Malmo and Stockholm in Sweden, Head Agents governing same to pay to their Agents at those points, a commission of not exceeding 10 kroners per adult. In the case of Finnish points, viz: —Gamla Karleby, Kristinestad, and Wasa, the Sub-Agents' commission not to exceed 14 Finnish marks.

Aalesund and Christiansund may be governed by Bergen or Christiania, or Drontheim; Arendal, and Laurvik by Christiania or Christiansand; Esbjerg by Copenhagen; and it is also permissible for any Line
7163 to govern Helsingborg, Malmo or Stockholm by Gothenburg or Copenhagen; Finnish points by Hango or Helsingfors.

(*e*) No person shall be acknowledged as Sub-Agent, or receive commission for business done within one month from the date upon which his agent's license is countersigned by the police authority at the port from which such license is issued, nor shall any commission or allowance whatever be paid to any person who is not duly licensed as a Sub-Agent.

(*f*) The rates fixed from time to time are not subject to any allowance or drawback of any kind, either
7164 to a leader in the shape of free or reduced passage in any class, or in any other way, directly or indirectly, and no person shall be carried who does not pay the full tariff fare for the accommodation he receives.

(*g*) Commission allowance for forwarding prepaid passengers one Kroner per statute adult.

(9) (*a*) By "Adult" shall be understood any person who, by the date fixed for his or her embarkation at the Scandinavian or Finnish Port, will have completed his or her twelfth year; by "Child" such as,

7165

on said date, will be twelve months and under twelve years old, and by "Infant" such as, on said date, will not have completed the twelfth month. Agents shall require the production of baptismal certificates for children and infants, and where such verification of the ages stated cannot be produced, or the attestation obtained of two other Agents that the ages stated are manifestly correct, the children shall be charged for as if they had passed fixed age-limit.

(*b*) In the event of passengers not being able to produce the certificates of Baptism of the children, or of its being inconvenient to obtain the attestation of 7166
two other Agents, the Agent is permitted to book at once (without calling in two other Agents) provided it is manifest to him that the infant or child is not above six months, or eight years respectively; but for any such infant or child so booked, the Agent must immediately give notice to two of the other Agents of the transaction, in order that they may investigate the matter, if there be in their opinion any doubt about the infant or child being under the Conference age limit, viz: infant under 12 months and child under 12 years. Failing his giving such notice, the booking of such child or infant will be considered a breach of clause 9 (a).

7167

(10) (*a*) The actual amount received from passengers shall in all cases be distinctly entered on the passage contract ticket. Deposits must not be received to cover the booking of Passengers whose full names and ages are not recorded (and a deposit ticket issued in favor of such individual passenger, except in the case of a family the whole of whose names may be entered upon one deposit receipt) at the time of making deposit. In other words, no passenger shall be considered as booked in advance who has not paid the full amount of fare or a cash deposit on account

7168 *Petitioner's Exhibit 715*

of same, and who has not received at the time of making the deposit or paying the full fare a ticket or deposit receipt in his or her name and showing therein the amount paid, the date of payment, and the full fare through to destination agreed upon. It will be considered a breach of this rule if any Agent issues a deposit receipt or contract ticket without these particulars being fully inserted therein.

(b) In the case of Prepaid Certificates, such must not be accepted for passage by Steamers other than called for by the prepaid Certificate or other than
7169 those to which the Rate named in the Prepaid Certificate applies unless difference in Rate is paid.

(11) (*a*) Agents shall not be permitted to quote rates nor issue Ocean or Inland tickets at any but the authorized through rates from Scandinavian and Finnish Ports. In cases when booking families through to an Inland destination, the proper tariff rate of Inland transportation must be collected from every member of the family of 5 years and upwards, and the total amount of such Inland fare, along with the total amount of Ocean passage money, entered in the contract ticket.

When the whole family, that is each member of it
7170 of 5 years and above, are not prepared to pay the cost of Inland transportation, but wish to book only a portion of the family Inland, then the Agent must decline to book any of the family Inland at all, but collect the Ocean passage money to the port of debarkation only.

(*b*) No allowance for transportation of baggage, board or lodging in Scandinavia or Finland, nor any other concession from the fixed rate, in any form whatever, shall be promised, granted, or pretended to be offered to or on account of any passenger, ex-

cept that the Scandinavian-American Line be allowed to pay board, transportation expenses, &c. at the port of embarkation on passengers booked through at, and arriving from other points to which agreement Ocean rates apply. The British Lines to have equal right regarding passengers booked at one agreement point and forwarded to another agreement point for shipment except as provided for in clause 11 c.

(*c*) The British Lines agree to discontinue free forwarding of passengers from Drontheim, to any other Scandinavian port for shipment.

(12) No Agent is permitted to issue Inland tickets, 7172
nor in any way to book or quote Inland rates to passengers, nor to cause them to be booked, nor to receive commission for their being so booked from the Port of Debarkation to their place of destination in America or Canada, except through the Steamship Company for which the Ocean Tickets are issued; and no Agent is permitted to issue Inland Tickets to places not mentioned in the current Tariffs supplied by the Company he represents. This rule applies only to Inland booking at Third Class (Emigrant or Colonist) and Second Class or Mixed Class rates. Such Tariffs to be only those tabled by the respective Steamship Companies with the Secretary. 7173

In charging Inland rates quoted in the British currency tariffs, the rate of exchange of Kr. 18.25 per Pound is to be used; and when quoting Inland fares from an American currency tariff, the exchange of Kr. 3.80 per Dollar to be charged.

(13) Passengers booked to or from Scandinavian or Finnish Inland points must in all cases be given a ticket or forwarding order for the journey to or from the Port of Embarkation or Debarkation; it being prohibited to give cash or its equivalent for such Inland journey.

7174 *Petitioner's Exhibit 715*

(14) Agents are not permitted to represent a North Atlantic Line or Lines in opposition to the parties of this Agreement. Agents shall not book passengers for any North Atlantic Line other than those they directly represent.

(15) No circular or publication of any kind reflecting upon or instituting comparisons between the Lines subscribing to this Agreement shall be issued or made use of by any Agent, nor shall any Agent or his employés make or utter any statement concerning any Line party to this Agreement, or concerning
7175 its Agents, or its sailings, that can injuriously affect such Line's or its Agents' business, and it is prohibited for an Agent or his Employés to meddle with the prepaid or cash passengers, or tickets, of any Line not represented by him. To avoid the possibility of being fined for breach of this rule, Agents are requested to avoid all reference to Lines other than those they represent. Agents describing vessels must not exaggerate their size or speed or publish any tonnage other than the gross registered tonnage.

(16) Agents' Associations in Scandinavia are to determine an uniform rate of exchange for drafts, currency or gold, such rate not to be less than Kr. 3.70
7176 nor more than Kr. 3.80 per Dollar.

(17) A return of the numbers of cash and prepaid passengers leaving the port (and outports, if any, under its control) must be sent monthly by the Secretary of each Local Association to the Secretary under this Agreement at Liverpool; as also copies of all Minutes of Meetings of the Association.

(18) To conduce to an uniform interpretation of the terms hereof by the several Agents an approved translation of these Agreement Rules shall be printed respectively by the Associations at Christiania, Goth-

Petitioner's Exhibit 715 7177

enburg, and Copenhagen, and three copies be supplied to each member of the several Associations respectively, in Norway, Sweden, and Denmark, also to the Secretary in Liverpool, who will remit the expense thereby incurred.

(19) The following Lines are parties to the Agreement:

Allan Line, Liverpool, Glasgow and London.
American Line, Liverpool and Philadelphia, and Southampton and New York.
Anchor Line.
Canadian Pacific Railway (Atlantic S.S. Lines). 7178
Cunard Line.
Dominion Line.
Donaldson Line.
Scandinavian-American Line.
White Star Line, Liverpool and Southampton.

Declaration to be signed by Agent and returned within one week from receipt.

I hereby assent to and undertake to abide by the foregoing regulations, and I agree that they shall be considered as part of the terms of my employment as Agent. 7179

7180 **Petitioner's Exhibit 716.**

MEDITERRANEAN CONFERENCE.

MINUTES OF MEETING, HELD AT THE HOTEL MEURICE, PARIS FEB. 8th 1909.

1. The direct Non-Italian Lines agree that the minimum number of sailings to be effected by each to reach the minimum of 120 sailings required under Article 3 of the Main Agreement with the Italian Lines, to secure the full percentual allotment to them as Group 2 under that agreement, is to be as follows, viz:

Westbound:

7181

Hamburg American Line	Nineteen (19)
North German Lloyd	Thirty (30)
White Star Line	Twenty six (26)
Anchor Line	Nineteen (19)
Fabre Line	Twenty six (26)

Eastbound:

Hamburg American Line	Twenty (20)
North German Lloyd	Thirty (30)
White Star Line	Twenty five (25)
Anchor Line	Nineteen (19)
Fabre Line	Twenty six (26)

7182 Any Line or Lines falling short of the number of sailings provided for above to suffer a reduction in its percentage allotment, eastbound and/or westbound as the case may be, under the Agreement between the Group 2 Lines, this reduction to be calculated in a similar way to the method laid down in Article 3 of the Main Agreement.

HAMBURG-AMERIKA LINIE	(signed) pr. Dr. Murken.

Jena, 18th February 1909.

Petitioner's Exhibit 716 7183

MEDITERRANEAN CONFERENCE.

MINUTES OF MEETING, HELD AT THE HOTEL MEURICE, PARIS, FEBRUARY 6th, 1909.

1. MEMORANDUM OF AGREEMENT between the following Lines for the Pooling of the third class passenger business between Mediterranean ports and North America, carried by the steamers of the Lines named passing through the Straits of Gibraltar, Eastbound and Westbound, including also third class passengers to or from North America landed or embarked at intermediate ports, viz: 7184

Group 1: Italia
La Veloce
Lloyd Italiano
Lloyd Sabaudo
Navigazione Generale Italiana &
Sicula Americana,

hereinafter called the Italian Lines; also

Group 2: Anchor Line
Fabre Line
Hamburg-Amerika Linie
Norddeutscher Lloyd &
White Star Line 7185

Westbound: The percentual allotment to each of the Groups in the westbound business shall be as follows, viz:

Group 1	The Italian Lines		49,13%
	Anchor Line	6,73½	
	Fabre Line	10,69	
Group 2	Hamburg-Amerika Linie	7,09	50,87%
	Norddeutscher Lloyd..	13,53½	
	White Star Line	12,82	

Jena, 25th Febr. 1909.

7186 *Petitioner's Exhibit 716*

Eastbound: The percentual allotment to each of the Groups in the eastbound business shall be as follows, viz:

Group 1	The Italian Lines ...		49.48½%
	Anchor Line	5,09	
	Fabre Line	10,75	
Group 2	Hamburg-Amerika Linie 7,91½		50,51½%
	Norddeutscher Lloyd	11,41	
	White Star Line ...	15,35	

7187 The Fabre Line to have the right to carry up to one percent (1%) of the total percentual allotment westbound of the Group 2 Lines by their steamers from Marseille (either direct or calling at a Spanish port) to North America without accounting for them to the Pool. Any excess over 1% to be pooled.

The compensation rate to be paid by any Line exceeding it's share, or received by any Line being short of it's share, to be one hundred and ten Lire (Lit. 110) per soul. This amount is subject to revision by a subcommittee to be appointed to consider the question as regards Greeks and Orientals.

7188 The pool statistics to be in souls.

The agreement to be in effect from 1st June 1909 until 30th June 1911 and to continue thereafter subject to six months' notice from any Line. It is agreed that up to the 1st June 1909 the present westbound and eastbound rates and commissions are maintained. The westbound prepaid rate to be advanced forthwith by all Lines to a parity with the highest westbound cash rate, except that the Italian Lines are not bound to quote a higher prepaid rate than the highest rate quoted by the Non-Italian Lines. Fabre Line to be allowed to quote $1 below its highest cash rate equiva-

 7189

lent. Cables to be dispatched Febr. 8th giving effect to this clause.

2. An Agreement is concluded between the direct Mediterranean Lines, referred to as Groups 1 and 2 in Minute No. 1 and the Austro Americana, whereby the Austro Americana are entitled to the following percentages, viz:

Westbound: 42,50% of the total Greek and Oriental steerage traffic embarked in Mediterranean ports for ports of United States and/or Canada by the direct Mediterranean Lines as mentioned in the previous Minute under Groups 1 and 2 and also their own carryings from Greece. 7190

In the event of the Greek and Oriental steerage traffic carried by the Lines party to this agreement falling below 76,50% of the total Greek and Oriental steerage business to North America from Mediterranean ports carried by the Lines party to this Agreement or not, the share of the Austro Americana to be not less than 25% of such total business from Mediterranean ports, but it is understood that in no case shall the direct Lines from Italy, parties hereto, in compensating the Austro Americana, exceed an amount that would represent their total carryings of Greek and Oriental passengers. 7191

Greek and Oriental passengers are passengers originating from Greece, European Turkey, Asia und Africa.

Eastbound: 4% of the total Italian, Greek and Oriental steerage traffic carried by all the direct Mediterranean Lines including the Prince and Greek Lines from North American ports to the Mediterranean, also Italian, Greek and Oriental steerage traffic carried by the French, American and White Star Lines via Cherbourg and Havre.

7192 *Petitioner's Exhibit 716*

The compensation rate is agreed at sixty-five Lire (Lit 65) westbound and one hundred and ten Lire (Lit. 110) eastbound per soul.

The Austro Americana to have not less than 26 sailings both east-and westbound each year.

The Austro Americana to retire from the Italian westbound business.

The agreement to run concurrently with the Agreement between Groups 1 and 2 as mentioned in Minute No. 1.

3. An Agreement was concluded between the di-
7193 rect Mediterranean Lines referred to as Groups 1 and 2 in Minute No. 1 and Cie. Générale Transatlantique as per „Special Agreement A" attached hereto. The westbound percentage being altered from 11 to 10.50%.

It was also agreed to include the American and White Star Lines for their eastbound Italian, Greek and Oriental carryings by their English channel services with a percentage of .... in this agreement.

The agreement to run concurrently with that between Groups 1 and 2 mentioned in Minute No. 1.

4. The Lines having direct services from Italy bind themselves not to attempt to book Continental
7194 passengers westbound nor eastbound and specially not to quote special rates or commissions for such business.

The indirect Continental Lines and indirect British Lines, parties to this agreement, except as specially provided for, undertake not to endeavor to book Italian steerage passengers westbound or eastbound, by quoting special rates and/or commissions for such business. The same obligation refers to the other Lines of the Atlantic Conference except the Cunard Line. The parties to this agreement undertake not to

Petitioner's Exhibit 716 7195

give their consent to any special rates being quoted for Italian business.

5. In the event of any difference of opinion arising regarding the interpretation of any of the foregoing Minutes the question shall be referred to arbitration. The arbitration proceedings to be conducted according to Article 29 of the Agreement between the direct Mediterranean Lines dated February 8th 1909.

6. Article 3 of the Main Agreement with regard to the number of departures for both Groups 1 and 2 is affirmed in principle and is to be included in the detailed agreement. 7196

7. The parties other than the Italian Lines undertake to negotiate with the Cunard Co. to secure their entry into the pool and they undertake that under no circumstances shall the Italian Lines be called upon to contribute to the Cunard Co. more than their share of six per cent (6%). But the other Pool Lines reserve to themselves the option of either assuming for their own account any excess over six per cent (6%) which may have to be given to the Cunard Co. or of declaring the negotiations for the establishment of a Pool to be at an end.

8. It is agreed that the Compania Trasatlantica Espanola joins the Pool, receiving an allotment of 2% eastbound and 2% westbound of the Mediterranean steerage traffic carried by the Lines of Groups 1 and 2 mentioned in Minute No. 1 and their own carryings. The compensation rate to be 110 Lire per soul. 7197

HAMBURG-AMERIKA-LINIE signed Ad. Storm.
Norddeutscher Lloyd signed Heineken
WHITE STAR AND AMERICAN LINES signed I. Bruce Ismay.
ANCHOR LINE signed A. C. F. Henderson.

7198 *Petitioner's Exhibit 716*

Compania Transatlantica	signed G. de los Rios.
Austro Americana	signed O. Cosulich.
Cie. Gle. Transatlantique	signed Ch. Tattet.
Fabre Line	signed Cyp. Fabre & Cie.
Navigazione Generale Italiana Lloyd Italiano Sicula Americana	signed Crespi.
Lloyd Sabaudo	signed Alesso Cerruti di A.
Italia	signed T. Ferrari.
La Veloce	signed D. Brunelli.

7199

9. The Austro-Americana's share Eastbound to be fixed by Mr. Wilding, as sole arbitrator. Mr. Wilding's decision to be limited between four and five percent of the traffic referred to in the agreement with the Austro-Americana; the share so established to be effective from the beginning of the Pool.

Paris, 7th February 1909.

(signed) Heineken, Chairman. (signed) O. Cosulich.

7200 MEDITERRANEAN CONFERENCE.

Minutes of Meeting, held at the Hotel Meurice, Paris Feb. 8th 1909.

10. Noted that the following cable had been dispatched from Secy. Peters to Secy. Sandford.

„Medit. conference agreed fix minimum prepaid „rates, Fabre 37 1/2, Anchor 35 1/2, Spanish 33 1/2, „all other 38 1/2, any line may quote higher, circulars „to be mailed February 8th, Eastbound general ad- „vance recommended effective until 31st May when „new agreement operates."

Petitioner's Exhibit 716

7201

11. The American and White Star Lines claim a percentage of 4,53% for their English channel services under Special Agreement A on the total Eastbound Mediterranean steerage traffic as defined in Article 1 of that Agreement and also including the carryings of the Prince and Greek Lines. As the Italian Lines do not agree the American and White Star Lines claim to have the question settled by arbitration, but the Italian Lines do not recognise the right of the American and White Star Lines to claim arbitration.

12. It was agreed that the stipulations of the principal contract concluded between the Lines belonging to Groups 1 and 2 should apply also to the Agreement effected between those Lines and the Austro Americana, so far as such stipulations are applicable. 7202

Passengers by the Austro Americana to and from Austrian and Hungarian ports are excepted from this contract.

This Minute refers to Minute No. 2 of the meeting of Feb. 6th 1909.

MEDITERRANEAN CONFERENCE.

Minutes and Byelaws.

13. Resolutions of Agents Meetings. No resolutions that may be adopted at the meetings of Italian representatives, that are contrary to the terms of the Mediterranean steerage Traffic Agreement of February 8th 1909, are binding on the Lines.

(Circular letter M Nr. 21 of 30./3. 09.)

14. White Star and American Lines' percentage
7205 Special Agreement A. It is agreed that the percentage of Eastbound business allotted to the American and White Star Line under clause b, article 2, of Special Agreement A, dated Paris February 6th 1909 is fixed at 4.70%.

This cancels the reference to arbitration under Mediterranean Conference Minute Nr. 11.

BYELAW.

16. Steerage Round Trip tickets. No reduction is allowed upon steerage round trip tickets east & westbound.

The price of the round trip ticket is obtained by the addition of the east and westbound rates.

(Circular letter M Nr. 204 of Sept. 10th 1909.)

Jena. September 10th 1909. 7208

MEDITERRANEAN CONFERENCE.

MINUTES OF MEETING,

PARIS, NOVEMBER 3rd 1909.

17. The Chairman gives expression to the feeling of sympathy on the part of the Mediterranean Conference on the loss which has been inflicted upon the Cunard S. S. Co. by the death of their Chairman Mr. Watson, and the Cie. Gle. Transatlantique of their Director Mr. Tattet, and the Secretary is requested to convey this expression to the respective companies, and likewise to the families of the deceased. 7209

18. With reference to the negotiations with the Greek Lines it is unanimously agreed that their withdrawal from the Italian business is an indispensable condition. Likewise the Lines are unanimous that an agreement with the Greek Lines would be preferable to the present state of things, provided the Greek Lines will accept reasonable terms. A Committee is appointed consisting of Messrs: Commendatore

7210 *Petitioner's Exhibit 716*

Crespi, Cauty, Seyde, Guez, Cosulich, Dr. Murken and the Secretary to discuss what terms can be offered to the Greek Lines and to hear what the Greek Lines have to say.

19. With the view to arrange an adjustment in the eastbound traffic the following changes in eastbound rates will be made:

White Star Line	advance to	$ 40.—
Trasatlantica	" "	33.—
Cie. Gle. Transatlantique	" "	42.—
" " " Touraine	" "	40.—
7211 " " " Chicago, Bretagne	" "	38.—
Austro Americana Martha Washington advance	" "	40.—
Austro Americana other steamers	" "	35.—

White Star and American Lines channel service will consider what they can do.

20. The Italian Lines will communicate every month to the Secretary the position of the individual Lines in the pool, both east and westbound between themselves, as soon as the respective statement has been prepared.

7212 21. The Group 1 Lines may change their rates for adjustment purposes amongst themselves provided the changes are in accordance with Arts. 10 and 13 and do not prejudice their position vis-à-vis Group 2.

22. As to the westbound position of the White Star Line the following measures have been taken:

1. Sub-agents commission reduced to Lire 10.—
2. Free forwarding between Palermo and Naples discontinued.

23. As to free transportation from Palermo and/or Messina to Naples westbound, Italian Lines are

negotiating with the Commissariate and will inform the other Lines of the result. In the meantime the matter is left in abeyance. In the meantime the Anchor Line reserves the right to give free transportation from Messina to Palermo in the event of any direct steamers from Messina. Eastbound all Lines will quote higher fares to Palermo and Messina than to Naples, except for pool adjustment purposes. Free forwarding from Naples to Palermo and/or Messina to be used only as a measure of adjustment. The difference in rate between Palermo/Messina and Naples to be not less than $ 2 1/2.

7214

24. With regard to secretly paying extra commission it must be appealed to the respectability of the Lines. Attention is called to Art. 11. As a principle it is acknowledged for westbound business that Lines in excess reduce their commission, but they cannot be obliged to reduce it below L. 10.—. If a Line within a reasonable time after it has thus reduced its commission should not decrease its excess, then the short Lines have to make proposals for increasing their commission.

25. American R. R. Commission. Nothing can be done for the present. Art. 16 is temporarily suspended and Lines are at Liberty to allow their agents 7215
the whole of the commission which they get themselves. This matter to be considered when further information is received from Mr. Sandford.

26. The question of American Line's and White Star Line's right to carry Italian passengers via channel ports westbound is to be referred to arbitration. Dr. Hansen to act as sole arbitrator.

27. The question whether the Fabre Line's Azores steeragers by their steamers not calling at Italian ports westbound come under the regulation of Art. 5 sec-

7216 *Petitioner's Exhibit 716*

tion 4 is likewise referred to arbitration. Mr. Wilding to be sole Arbitrator, and the North German Lloyd undertake to draw up the statement for the other Lines.

28. The application of the White Star Line to give them liberty to carry by their Boston service up to 100 Italian conscripts at the same terms as the Italian Lines carry such conscripts is declined.

29. The 0.36% which have been awarded to the Austro Americana by arbitration in addition to the 4% allotted to them in Minute 2 of the Meeting of
7217 February 6th 1909 are to the charge of the Group 2 Lines exclusively.

30. Beginning with November 1st the eastbound share of the Austro Americana is to be based on the traffic specified in minute 2 of the Paris Meeting February 6th 1909 except Lines not in the Conference at this date, and in consideration of carryings of outside Lines no longer being taken in account, the share of the Austro Americana is increased to 4.50% of which however 4.12% are to be charged to the Groups 1 & 2 Lines whilst 0.38% (the equivalent of the 0.36% as mentioned in Minute 29) are to the charge of the Group 2 Lines only which 0.38% are to be
7218 adjusted at the close of the pool year.

31. The matter of the Navigazione's new service to Boston is to be referred to arbitration.

32. The Lines are agreed in principle that it is desirable to come to an agreement in cabin business. A Committee was appointed consisting of:

Mr. Brunelli for Italian Lines
" Storm for Hamburg Amerika Linie
" Nicholl for Anchor Line
" Heineken for Norddeutscher Lloyd

" Cauty for White Star Line
" Lister for Cunard Line
" Sagot for Cie. Gle. Transatlantique
" Guez for Fabre Line

33. The Naples agents of all Lines shall meet forthwith and consider a basis for a freight pool for the traffic from Italy to United States and Canada, and shall submit their proposals to the Lines not later than 27th November. Statistics showing number of sailings weight and measurement cargo carried and net freight earnings to be prepared for consideration for the years 1905, 6, 7 & 8 by the Naples agents. 7220
The Lines agree to meet at Florence 13th December to discuss the agents' proposals. Cunard Line will notify the Lines through the Secretary a few days after receipt of the statistics from the Naples agents whether or not they are prepared to attend a meeting.

34. The names of the Banks on which the Securities of the Lines are drawn were read and agreed.

35. The next meeting is fixed for the first Thursday in May 1910 at Venice, Excelsior Hotel.

36. The following cable was sent to Mr. Sandford: "No Lines to take excess passengers of Greek Lines except at regular rates. Spanish Line has increased 7221
rate to thirty three."

37. The Committee appointed to recommend an agreement for cabin business reports that owing to the wide differences in the opinion of the Lines as to minimum rates no result was obtained.

38. It was agreed that the Cunard Co. are to be compensated for the passengers booked at fighting rates for the "Argentina" and transferred to the "Carpathia" from New York September 1st.

7222 *Petitioner's Exhibit 716*

39. It was agreed that the Cia. Trasatlantica Espanola are not to receive compensation westbound for the first pool year should they be in the minus, and in consideration of this the Cia. Trasatlantica Espanola shall not participate in the compensation payments to fighting steamers eastbound or westbound during the same period.

The committee appointed under Minute 18 having reported that repeated negotiations with the Greek Lines had failed on account of quite unreasonable demands on their part it was resolved to continue the
7223 fight in the following manner (This is an addition of the Secretary in order to make connections with Minute 18).

FIGHTING GREEK LINES.

40. Westbound: Austro Americana undertake to take for Greeks and Orientals no higher rate than leaving them L. 60.— net including United States head tax; in consideration of which the Lines agree to drop the compensation at the rate of Fr. 20.— incurred since 15th August. Any excess over L. 60.— shall be distributed between Groups 1 and 2 and the Austro Americana *pro rata* of their shares since 1st November.

7224

41. All the other Lines parties to the Westbound Agreement are obliged to take for Greek and Oriental passengers a rate of L. 50.—net off Naples including U. S. and Italian head tax. Such passengers to be reported to the Secretary but not to be accounted for in the Pool between Groups 1 and 2 and subsidiary Lines. This to apply as long as the Italian Government does not prevent the Lines to take this rate.

42. Mr. Cosulich undertakes to draw up a scheme for an eventual Line from Greece which will be submitted to the Conference.

Petitioner's Exhibit 716 7225

43. Eastbound: Leave New York Committee to suggest to Mr. Crespi and Mr. Heineken the measures they advise for this purpose. Mr. Crespi and Mr. Heineken communicating with each other and giving definite instructions in the name of all Lines to the New York Committee informing the other Lines of what has been done. The Lines accept the decision of these two gentlemen. Any compensation for difference in net rates to be borne by all the Lines *pro rata* their pool share. It is understood that the Committee has no power to delay the departure of a steamer. The Committee may extend the fight to Italian business if necessary, but only after December 15th. The parties to the subsidiary agreement participate in the expenses incurred in the fight for Greek and Oriental business *pro rata* of their share. Each Line has the right to withdraw from the agreements for fighting Greek Lines for westbound and eastbound business after having given fourteen days' notice, but without retrospective effect. 7226

AGREEMENT E E

on First and Second Class business.

It has this day been agreed by the following Atlantic Steamship Lines, viz:

Allan Line, American Line, Anchor Line, Atlantic Transport Line, Canadian Pacific Ry. Co., Cie. Gle. Transatlantique, Cunard Line, Dominion Line, Donaldson Line, Hamburg-American Line, Holland-America Line, Leyland Line, Norddeutscher Lloyd, Red Star Line, White Star Line, hereinafter known as
7229 the Atlantic Conference, of the first part, and the

Canadian Northern Steamships Limited,

hereinafter known as the Royal Line, of the second part, as under, viz:

1) The Royal Line becomes a party to the appended Agreement "V" for first class buisness, dated London 5th February, 1908, and Agreement "W," for second class business of same date together with appendices attached thereto and agree to all clauses and conditions thereof, and amendments thereto made by Minutes of the Atlantic Conference, as per annexed extracts.

7230 2) The steamers at present in the service of the Royal Line, viz., S. S. "Royal Edward" and S. S. "Royal George" to be rated on the same basis as the S. S. "Empress of Britian" and S. S. "Empress of Ireland," viz., £18 first class and £10.5.0 second class.

3) The Royal Line to have equal privileges with the other Canadian Lines under clause 5(a) and 11(b) of Agreement "V" and appendices 1 and 3 thereto, clause 7(b) and appendix 2 to Agreement "W."

Petitioner's Exhibit 717 7231

4) The First and Second Class ocean rates scheduled as in operation at this date are understood to be the minimum ocean rates that can be accepted. No application for reduced rates that may be made to either party by any Society or Body, can at once be acceded to. Any such application must be sent by the party receiving it to the Secretary and placed before both parties, and all members of both parties must be unanimous before any action can be taken in regard thereto.

Jena, September 6th, 1910. 7232

The Royal Line to table with the Secretary for the information of the other parties particulars of any commitments or concessions of reduced rates granted to any Society, Body or Government, if any, now in operation. Such commitments or concessions to terminate on the expiry of the period for which they have been made, and not to be renewed.

5) This Agreement is subsidiary to, and forms part of, Agreements "V" and "W" attached hereto.

For the Atlantic Conference,
(Signed) JOHN AITCHISON.

For the Royal Line, 7233
(Signed) SCOTT GRIFFIN,
Manager.

Liverpool, August 15th, 1910.

7234 **Petitioner's Exhibit 718.**

AGREEMENT D D

on Continental Third Class Business Westbound.

It has this day been agreed by the following Steamship Lines, viz:

Allan Line, Anchor Line, Dominion Line, White Star Line, Hamburg-American Line, American Line, Cunard Line, Donaldson Line, Red Star Line, Norddeutscher Lloyd, Holland-America Line, known as the Atlantic Conference, of the one part, and the

Canadian Northern Steamships Limited,

7235 hereinafter referred to as the Royal Line, of the other part, as under:

1) The Royal Line agree to maintain for Westbound Continental Third Class Passengers a rate not lower than the lowest Continental rate of any other British Canadian Line member of the Atlantic Conference, except from Libau, where they may take the lowest rate of any British Conference Line.

2) The Royal Line to be at liberty to carry Third Class passengers for the Uranium Company only in the event of one of the latter Company's steamers being prevented from sailing, owing to breakdown, of which satisfactory evidence must be produced, as for

7236 instance a Lloyd's certificate.

Signed on behalf of:

Atlantic Conference,

(Signed) JOHN AITCHISON.

Royal Line,

(Signed) SCOTT GRIFFIN,

Manager.

Liverpool, August 15th, 1910.

Jena, September 6th, 1910.

Petitioner's Exhibit 719. 7237

AGREEMENT C C.

Between the following S. S. Lines,

The Allan Line Steamship Co., Lim., Glasgow,

The Anchor Line (Henderson Brothers) Lim., Liverpool.

The Cunard Steamship Co., Lim., Liverpool,

The Hamburg Amerikanische Packetfahrt A. G., Hamburg,

The Nederlandsch Amerikaansche Stoomvaart Maatschappij, (Holland Amerika Lijn) Rotterdam,

Norddeutscher Lloyd, Bremen, 7238

Société Anoyme de Navigation Belge Américane (Red Star Line), Antwerp,

International Mercantile Marine Co. (except the Société Anonyme Belge Américaine, Red Star Line, Antwerp) New Jersey,

Canadian Pacific Ry. Co. (Atlantic Steamship Lines), Montreal, hereafter called the Atlantic Conference, of the first part, and the

Canadian Northern Steamships Ltd., hereinafter referred to as the Royal Line of the second part the following Agreement has been concluded:

Art. 1. 7239

The Atlantic Conference guarantee to the Royal Line 1.15% as their share, of the entire steerage traffic forwarded by the parties to this Agreement from the United States of America and Canada, to all European ports in vessels owned, leased, chartered, or controlled by them without regard to the flag. Excepted are Italian and Oriental passengers forwarded by direct steamers through the Straits of Gibraltar (Oriental passengers means passengers to or from Greece, Africa & Asia).

7240 *Petitioner's Exhibit 719*

Art. 2.

All passengers forwarded in any intermediate class between steerage and cabin as defined in Art. II are to be considered as steerage passengers in the sense and meaning of this contract.

Intermediate, or even cabin passengers, are steeragers, unless they pay at least the lowest cabin fare as defined in Art. II.

In the event of a breakdown of a steamer or other unforseen occurrence necessitating the transfer of third class passengers to another Line, the Line carry-
7241 ing the passengers must pool them, except that if the Line to which the passengers are transferred is not a party to this Agreement as far as those passengers are concerned, then the Line for which the passengers were booked must account for them to the Pool.

Jena, September 6th, 1910.

Art. 3.

The percentage of the Royal Line is subject to their effecting eastbound not less than 21 sailings and not more than 26 sailings in a calendar year. For every
7242 sailing less than 21 sailings east the percentage shall be reduced by 1/21st.

Art. 4.

If the Royal Line transfer their business in part or in whole to a successor or if an amalgamation with another Line takes place, they are bound to make it binding upon their successors to enter into this contract and to become a party to it with all the rights and obligations arising out of it, and their security devolves upon such successor.

Petitioner's Exhibit 719 7243

Art. 5.

If the number of steeragers carried by the Royal Line in any year exceeds their share as per Art. 1, they have to pay to the Atlantic Conference Lines a compensation of £4—for each passenger (soul) carried in excess of their share.

On the other hand, when they are short of their share, the Atlantic Conference Lines have to pay them likewise a compensation of £4—p. soul for their shortage.

The compensation rate is subject to change, if such 7244
a change is agreed upon by the Atlantic Conference Lines for the accounts between themselves.

Art. 6.

The Secretary of the Atlantic Conference will make up monthly provisional accounts, showing the amount of compensation due to or by the Royal Line and he will notify the party, which has to pay. These payments to be made within a fortnight after receipt of such notification.

Final settlements will be made for each calendar year on the basis of a compensation account, prepared by the Secretary, to comprise the entire year. Ob- 7245
jections against these final accounts to be made within four weeks of receipt of same by the Lines, failing which the accounts shall stand.

Objections to the correctness of the accounts form no release from the obligation to effect the provisional settlement.

Art. 7.

The Royal Line undertake to arrange their service in such a manner that the number of steeragers which

7246 *Petitioner's Exhibit 719*

they actually carry, corresponds as nearly as possible with the number allotted to them by this contract, the payment of compensation money not being the intent and object of this contract, but merely the means of deterring either party from overcarrying its percentage allotment.

Art. 8.

a) For the purpose of the compilation of the compensation accounts the Lines, parties to this Agreement, have to furnish to the Secretary every 7th,
7247 15th, 23rd and last day of a month their statistics of the steeragers, and also 2nd Cabin passengers, carried by them in the week ending with these respective dates and the destination of the steamer. First class numbers to be furnished to the Secretary for statistical purposes.

b) Passengers deported by Government authorities shall be deducted from the number of steeragers to be accounted for to the pool. Live stock attendants are likewise not to be accounted for.

c) Passengers who are transported free or against payment of the cost of subsistence westbound or east-
7248 bound upon request of the Government shall be treated in like manner.

d) Persons belonging to the Board, the staff or the crew of any party to this Agreement as also their wives and children need not to be acounted for, if they receive free passage or passage at reduced rates.

e) All steerage passengers, whether booked at regular or reduced rates, have to be pooled under this Agreement, except those excepted under paragraphs b, c, d, of this clause.

 7249

f) A fine of £5—shall be imposed upon any Line delaying the delivery of the statistics for more than three days.

g) The Secretary has to furnish to the parties weekly the statistics of the passengers carried, and monthly a statement showing the position of the parties versus each other and not later than the 15th of each month for the preceding month.

Art. 9.

In case the results thus obtained show that the 7250
Royal Line have exceeded their proportion or have remained below it, they are bound to adopt measures calculated to bring about a correct adjustment. But before putting such measures in operation they must inform the Secretary of the measures proposed to be adopted.

Art. 10.

The Royal Line have not the right to alter their steerage rates without having previously informed the Secretary, and they must not make special rates, either in Europe or in America, without previous assent 7251
of the Atlantic Conference.

Art. 11.

Unless otherwise agreed upon the lowest second cabin rate of the Royal Line eastbound must be at least $10—higher than the highest third class rate of the respective steamer. In case third class and steerage passengers are carried the basis for fixing the second class rate shall be the third class rate.

7252 *Petitioner's Exhibit 719*

Art. 12.

a) The commission to agents in America and Canada to be as fixed by the New York Conference.

b) The agents of the Royal Line shall not book or interest themselves in the booking of passengers for Lines not parties to this contract or not connected by Agreements with the Atlantic Conference or the N. D. L. V. Lines.

Art. 13.

7253 a) The Royal Line undertake to comply with Art. 8 of the General Rules third series of the Continental Conference which reads as follows:

No circulars or publications shall be issued by any Line reflecting upon or instituting comparisons with any Conference Line, unfavorable to the latter, and no party hereto shall support any newspaper which may systematically attack any Conference Line.

b) The Royal Line shall be responsible for their agents and employees or other representatives in this sense, that they are bound to dismiss an agent etc. who in respect to another Line has disregarded the
7254 stipulations of Art. 13a. All the other Lines are also bound to break off all and every direct or indirect business connection with such agent.

c) They further undertake to send to the Secretary any printed matter and circulars sent to agents in relation to steerage and Second Cabin business.

d) Article 13 applies in its entirety to circulars or publications issued both in America and Europe.

Petitioner's Exhibit 719 7255

Art. 14.

For the faithful performance of the conditions of this agreement the Royal Line have to deposit with the Secretary an accepted bill of the same form as those agreed to by the British Atlantic Conference Lines, and to the amount of £1150. This bill is only payable if it is accompanied by an award of the arbitrator provided for in Art. 19 of this Agreement, or by the award of another arbitrator agreed upon. The securities given by the Atlantic Conference Lines under Agreement A. A. shall also apply to this contract. 7256

Art. 15.

The security given shall be considered the amount of liquidated damages and thus entirely forfeited, if the Royal Line unduly withdraw from the present contract before its expiration, or if they resort to actions which render the continuance of this present contract impossible and which are therefore to be considered equivalent to a withdrawal from this present contract as f. i. refusal to pay compensation or failure to replenish the security mentioned in Art. 14 within 14 days or assisting directly or indirectly a new opposition Line, or starting, or assisting a Line whereby the business as defined in Art. 1 would be interferred with. 7257

Art. 16.

a) Penalties in case of contravention against or infraction of any stipulations of this contract shall be fixed by the Arbitrator, but in no case shall such a penalty exceed the amount of the security given by the individual Line at fault.

7258 *Petitioner's Exhibit 719*

b) The amount of penalty to be in each case not less than £250—for each contravention or infraction, except as provided for in Art. 8.

c) In case of the contravention or infraction being made wilfully and designedly, especially in case of any wilful and intentionally incorrect statement or declaration in respect to statistics, the penalty shall not be less than £1000.

d) Unless the penalty be paid to the Secretary within 8 days after the Line concerned has received the award, the security will be realized and the amount
7259 of such penalty forfeited.

Art. 17.

The execution and control of the fulfilment of the stipulations of this contract is confided to the Secretary of the Atlantic Conference. He must have access to the passenger office of the Royal Line and can there examine all books, correspondence etc., so far as he may deem it practicable to satisfy him that the terms of this contract have been complied with. He has to act as mediator in general in the transactions between the parties, so far as such transactions
7260 appertain to matters relative to this contract, and it is his duty to use every exertion to settle difficulties amicably.

Art. 18.

The Royal Line have to contribute to the office expenses of the Secretary of the Atlantic Conference in the proportion of their percentage allotment under this agreement.

The salary of the Secretary shall be paid by the Lines in equal parts.

Petitioner's Exhibit 719 7261

Art. 19.

All parties mutually agree that any dispute or claims between any of them, or between any one or more of them, and the rest of them arising under this agreement, shall be settled by Arbitration as follows:

(a) Arbitration proceedings, unless the parties in dispute agree otherwise, shall take place alternately in England and Germany; to commence with England.

(b) Notice in writing of intention to prefer a claim shall be given, in reasonable time, to the party com- 7262
plained of, signed by or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office in England of such British or American Line, and to the principal office on the Continent of such Continental Line, and shall be deemed to have been delivered in the ordinary course of post. Copies to be sent to the Secretary, who has to inform the other parties.

(c) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days 7263
from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen shall appoint an Umpire. In case they cannot agree upon the Umpire, the latter to be nominated by the President of the Board of Trade if the arbitration takes place in England, and by the President of the Hanseatic court of appeal in case the arbitration takes place in Germany.

(d) Should either of the parties fail to appoint an Arbitrator within 21 days after notice of the intended

7264 *Petitioner's Exhibit 719*

reference has been given, and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator in the reference whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(e) The arbitrator or arbitrators shall alone have power to determine whether any claim preferred comes
7265 within the terms of this agreement, and also as to which of the parties shall pay the costs of the reference.

(f) The arbitrator or arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this agreement, and shall impose damages accordingly.

(g) The damages for breech of this agreement shall be imposed by the arbitrator having due regard to the stipulations in Article 19.

7266 (h) Damages shall be payable within eight days from the date of the notification of the award.

(i) Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach, and each party hereby irrevocably declares himself finally stopped from raising any contrary contention.

(k) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an award have power to re-open and re-consider the same and to hear further evidence and to make a fresh award provided cause be shown satisfactory to him or them within one week after the award is first made and published, or if the Arbitrator or Arbitrators see cause to extend the time, then within three weeks of the issue and publication of the said award. The award of the Arbitrator takes the place and is equivalent to a legal judgment given by the highest instance of any law court against which all right or appealing is exhausted, and it is expressly understood that all the parties to this present contract relinquish all and every right to employ against the award given any legal means of whatever name or description such legal means may be. 7268

(l) Any disputes arising under this Agreement shall be settled according to the law of the country in which the arbitration takes place, wherever the domicile residence or office of business of the parties to this Agreement may be or become.

(m) In case of arbitration taking place in England, all and singular, the provisions of the Arbitration Act 1889, or any statutory modification or amendment thereof for the time being in force, shall be applicable. 7269

(n) In case of Arbitration taking place in Germany, the German law will apply, both the manner in which the arbitrator thinks proper to take the evidence of the parties and of the witnesses who may have to be heard, as also the modus which he adopts in ascertaining the facts of the matter at issue are left entirely to his conscientious decision, and it is expressly understood that he is not bound to the observance of the rules in operation in respect of any legal procedure.

7270 *Petitioner's Exhibit 719*

Differences which may arise after the expiration of this contract, before the accounts are finally closed, shall still be subject to arbitration, and the securities given will not be released until the final accounts are settled.

Art. 20.

The Royal Line agree that in all cases in which resolutions have to be taken with regard to existing differences of opinion as to the terms and conditions of the present contract, as also in the case of all decisions by the Atlantic Conference Lines or by the arbitrator, not only this contract, but also the tenor and especially the spirit of the Atlantic Conference Contract which is the basis of this agreement and if which they have received a copy is to be taken in consideration.

7271

Art. 21.

All resolutions passed by the Atlantic Conference Lines relating to the Atlantic Conference contract and all alterations and additions shall be binding on the Royal Line after they are communicated to them by the Secretary.

7272

Art. 22.

This Agreement commences to operate 1st September, 1910, and is concluded for the period from 1st September, 1910, to February 28th, 1911, and shall after this latter date continue from year to year, unless due notice be given to the Secretary of the Atlantic Conference by either party not later than 1st December of the intention of terminating same at the next February namely, in the first instance 1st De-

Petitioner's Exhibit 719 7273

cember, 1910. Accounts being closed at the end of each calendar year, the period during which this Agreement operates in 1910, being from 1st September to 31st December—thus only for 4 months—the sailings referred to in article 3 shall be 6 minimum and 8 maximum for this period. The last period, in case of this agreement terminating on a 28th February, will consist of 14 months from 1st January to 28th February of the subsequent year, the number of sailings to be altered proportionally.

Signed on behalf of:

Atlantic Conference,

7276 **Petitioner's Exhibit 720.**

SPECIAL AGREEMENT E.

Between the following Steamship Companies engaged in the transporation of Italian, Greek and Oriental steerage passengers to and from North America namely:

7277 1. Group "A"
Italia
La Veloce
Lloyd Italiano
Lloyd Sabaudo
Navigazione Generale Italiana
Sicula Americana
Anchor Line
Fabre Line
Hamburg-Amerika Linie
Norddeutscher Lloyd
White Star Line

2. Austro Americana.

3. Hellenic Transatlantic Steam Navigation Co. the following contract has this day been concluded.

Article 1.

7278 The contract shall cover:

Westbound.

All Greek and Oriental steerage passengers embarked in Mediterranean ports for ports of the United States and / or Canada, by the Lines referred to under Group "A," and the total steerage carryings of the Austro-Americana, the Hellenic Transatlantic Steam Navigation Co. and The National Steam Navigation Co. Ltd. of Greece, from Greek and / or Oriental ports to the United States and / or Canada, whatever their nationality may be.

Petitioner's Exhibit 720

Greek and Oriental passengers are passengers originating from Greece, European Turkey, Asia and Africa. 7279

Jena, July, 1910.

Eastbound.

All steerage passengers carried by the Austro-Americana, the Hellenic Transatlantic and the Greek National Steam Navigation Co. coming from the United States and / or Canada and disembarking in Greek or Oriental ports whatever their destination may be. 7280

Article 2.

The proportions in which the Lines participate in the total transportation of steeragers in accordance with Article 1 of this contract, are fixed as follows:

Westbound.

The Lines referred to under Group "A"	30%
The Austro-Americana Hellenic Transatlantic Steam Navigation Co. The National Steam Navigation Co. of Greece	70%
	100%

7281

The share of 70% allotted to the three direct Lines is divided amongst themselves in such a way that the Hellenic Transatlantic S. N. Co. receives the equivalent of 16% (Sixteen per centum) of the total Greek and Oriental steeragers carried by the Lines parties to the Mediterranean and Atlantic Conferences from Mediterranean, Continental and / or British ports to the United States and / or Canada, while the remainder represents the share of the Austro-Ameri-

7282 *Petitioner's Exhibit 720*

cana and the National Steam Navigation Co. Ltd. of Greece.

Parties to the Mediterranean Conference for the purpose of this agreement are:

The Lines referred to under Group "A," and
The Cunard Line
Austro-Americana
Compagnie Générale Transatlantique
Compania Transatlantica
Hellenic Transatlantic S. N. Co.
National Steam Navigation Co. Ltd., of Greece,

7283 and Parties to the Atlantic Conference are the following Lines:

Allan Line
American Line
Dominion Line
Holland America Line
Red Star Line

besides those referred to above, already Parties to the Mediterranean Conference, which have North Atlantic Services.

Eastbound.

Hellenic Transatlantic S. N. Co.	46%
National Steam Navigation Co.	27%
7284 Austro-Americana	27%
	100%

The direct Lines to Greece shall quote an Eastbound rate for Greek and Oriental ports which shall not be lower than the rates quoted for same destinations via Naples by Conference steamers of similar size, class and speed. The Greek Lines will therefore for the present quote for Greek and Oriental ports the same rates as quoted by the Austro-Americana, with the exception of the S/S "Martha Washington;" for this steamer a $4—higher rate will be quoted.

The Austro-Americana binds itself to call at least on 18 voyages Eastbound at Greek ports; for every sailing less than 18, the percentage of the Austro-Americana shall be reduced by one-eighteenth. The 18 voyages will be effected proportionately by all Austro's steamers including "Martha Washington" and spread evenly over the 12 months.

Article 3.

The percentages of the Hellenic Transatlantic S. N. Co. are subject to their effecting both East and Westbound not less than eleven sailings during the course of each twelve months. For every sailing less than eleven, either East or Westbound, the percentage shall be reduced by one-eleventh, East or West, as the case may be. 7286

The first Contract period covering only six months, *i. e.* from the 1st January to the 30th June, 1910. The number of sailings to be effected during such period to be six and the eventual reduction to be one-sixth.

In the event of the National Steam Navigation Co. of Greece performing one voyage less than the minimum number stipulated in their agreement and the Hellenic Transatlantic Steam Navigation Co. effecting at least one voyage more than the minimum number stipulated in this Agreement, the percentage for the one non-effected voyage thus forfeited by the former Company shall be added to the share of the latter Company. 7287

Article 4.

If the number of steeragers carried by the Hellenic Transatlantic S. N. Co. exceeds their share as per Article 2, they have to pay; on the other hand, if they are short of their share, they have to receive a

7288 compensation of Lire 110. (One hundred and ten Lire) for each passenger carried in excess or short of their share.

Article 5.

The Lines referred to under Group "A" bind themselves not to call with their Ocean steamers at Greek and Oriental ports for carrying steerage passengers to and from United States and / or Canada. The Hellenic Transatlantic Steam Navigation Co. binds itself not to call at any other port except ports in
7289 Greece, European Turkey, Asiatic Turkey, Malta (calling eastbound excluded) and Egypt for the carriage of steerage passengers to or from the United States and / or Canada, and not to attempt to book British, Continental and / or Italian steerage passengers, East or Westbound, and specially not to quote special rates and commissions for such a business.

Should Greek legislation prevent the Group A Lines from carrying Greek and Oriental passengers via Naples their above obligation not to call with their ocean steamers at Greek and Oriental ports becomes void with the day such law or ordinance becomes operative. In such case the Group A Lines undertake
7290 not to quote lower rates than the Greek Lines except for adjustment purposes.

Article 6.

As a guarantee for the faithful performance of the conditions of this Contract, the Hellenic Transatlantic S. N. Co. will deposit forthwith with the Secretary a Bank guarantee amounting to Lire 125,000 (one hundred and twenty-five thousand Lire) through the Banca Commerciale Italiana, Milan, or any other Bank recognized by the Lines.

Petitioner's Exhibit 720

In the case of the other Lines, parties to this Contract, the deposits made under the terms of the principal Contract answer also for the fulfilment of the present Agreement.

Article 7.

For the rest the stipulations of the principal Contract concluded between the Lines referred to under Group "A," known as the "Mediterranean Steerage Traffic Agreement of February 8th, 1909," shall apply to the present Contract.

Article 8.

This Contract has been concluded for the period from 1st January, 1910 to 30th June, 1911, and shall after that date continue from year to year unless one of the Parties gives notice of withdrawal three months before the termination of this period.

This present Contract however, ceases to exist on the day on which the principal Contract concluded between the Lines referred to under Group "A" expires.

Article 9.

In the event of any new Greek Steamship Company, or any other Company in which the Greek Companies may be interested or not, entering the Greek and / or Oriental Steerage business to and / or from the United States and / or Canada, the Lines under Group "A" and the Austro-Americana have the right to terminate this agreement forthwith.

7294 *Petitioner's Exhibit 720*

Article 10.

If the Hellenic Transatlantic S. N. Co. transfer their business in part or in whole to a successor or if any amalgamation with another Line takes place, they are under obligation to make it binding upon their successors to enter into this Contract and to become Parties to it, with all the rights and obligations arising out of it, and their security devolves upon such successor.

7295

SPECIAL AGREEMENT F.

Between the following Steamship Companies engaged in the transportation of Italian, Greek and Oriental steerage passengers to and from North America namely:

7296 1. Group "A"
Italia
La Veloce
Lloyd Italiano
Lloyd Sabaudo
Navigazione Generale Italiana
Sicula Americana
Anchor Line
Fabre Line
Hamburg-Amerika Linie
Norddeutscher Lloyd
White Star Line

2. Austro Americana

3. National Steam Navigation Co. Ltd. of Greece

the following contract has this day been concluded.

Petitioner's Exhibit 720 7297

Article 1.

The contract shall cover:

Westbound.

All Greek and Oriental steerage passengers embarked in Mediterranean ports for ports of the United States and / or Canada, by the Lines referred to under Group "A," and the total steerage carryings of the Austro-Americana, the Hellenic Transatlantic Steam Navigation Co., and the National Steam Navigation Co., Ltd. of Greece, from Greek and / or Oriental ports to the United States and / or Canada, 7298
whatever their nationality may be.

Greek and Oriental passengers are passengers originating from Greece, European Turkey, Asia and Africa.

Jena, July, 1910.

Eastbound.

All steerage passengers carried by the Austro-Americana, the Hellenic Transatlantic and the Greek National Steam Navigation Co. coming from the United States and / or Canada and disembarking in Greek or Oriental ports whatever their destination 7299
may be.

Article 2.

The proportions in which the Lines participate in the total transportation of steeragers in accordance with Article 1 of this contract, are fixed as follows:

7300 *Petitioner's Exhibit 720*

Westbound.

The Lines referred to under Group "A"	30%
The Austro-Americana Hellenic Transatlantic Steam Navigation Co. The National Steam Navigation Co. of Greece	70%
	100%

The share of 70% allotted to the three direct Lines is divided amongst themselves in such a way that the National Steam Navigation Co. receives the equi-
7301 valent of 11% (eleven per centum) of the total Greek and Oriental steeragers carried by the Lines parties to the Mediterranean and Atlantic Conferences from Mediterranean, Continental and / or British ports to the United States and/or Canada, while the remainder represents the share of the Austro-Americana, and the Hellenic Transatlantic S. N. Co.

Parties to the Mediterranean Conference for the purpose of this agreement are:

The Lines referred to under Group "A," and
The Cunard Line
Austro-Americana
Compagnie Générale Transatlantique
7302 Compania Transatlantica
Hellenic Transatlantic S. N. Co.

National Steam Navigation Co. Ltd., of Greece, and Parties to the Atlantic Conference are the following Lines:

Allan Line
American Line
Dominion Line
Holland American Line
Red Star Line

besides those referred to above, already Parties to the Mediterranean Conference, which have North Atlantic Services.

Petitioner's Exhibit 720 7303

Eastbound.

Hellenic Transatlantic S. N. Co.	46%
National Steam Navigation Co.	27%
Austro-Americana	27%
	100%

The direct Lines to Greece shall quote an Eastbound rate for Greek and Oriental ports which shall not be lower than the rates quoted for same destinations via Naples by Conference steamers of similar size, class and speed. The Greek Lines will therefore for the present quote for Greek and Oriental ports 7304
the same rates as quoted by the Austro-Americana, with the exception of the S/S "Martha Washington;" for this steamer a $4—higher rate will be quoted.

The Austro-Americana binds itself to call at least on 18 voyages Eastbound at Greek ports; for every sailing less than 18, the percentage of the Austro-Americana shall be reduced by one-eighteenth. The 18 voyages will be effected proportionately by all Austro's steamers including "Martha Washington" and spread evenly over the 12 months.

Article 3.

7305

The percentages of the National Steam Navigation Co. are subject to their effecting both East and Westbound not less than six sailings during the course of each twelve months. For every sailing less than six, either East or Westbound, the percentage shall be reduced by one-sixth, East or West, as the case may be.

The first Contract period covering only six months, *i. e.*, from the 1st January to the 30th June, 1910. The number of sailings to be effected during such period to be three and the eventual reduction to be one-third.

7306 *Petitioner's Exhibit 720*

In the event of the Hellenic Transatlantic S. N. Co. performing one voyage less than the minimum number stipulated in their agreement and the National Steam Navigation Co. effecting at least one voyage more than the minimum number stipulated in this Agreement, the percentage for the one non-effected voyage thus forfeited by the former Company shall be added to the share of the other Company.

Article 4.

7307 If the number of steeragers carried by the National Steam Navigation Co. exceeds their share as per Article 2, they have to pay; on the other hand, if they are short of their share, they have to receive a compensation of Lire 110. (One hundred and ten Lire) for each passenger carried in excess or short of their share.

Article 5.

The Lines referred to under Group "A" bind themselves not to call with their Ocean steamers at Greek and Oriental ports for carrying steerage passengers to and from United States and / or Canada. The
7308 National Steam Navigation Co. binds itself not to call at any other port except ports in Greece, European Turkey, Asiatic Turkey, Malta (calling eastbound excluded) and Egypt for the carriage of steerage passengers to or from the United States and/ or Canada and not to attempt to book British, Continental and / or Italian steerage passengers, East or Westbound, and specially not to quote special rates and commissions for such a business.

Should Greek legislation prevent the Group A Lines from carrying Greek and Oriental passengers via Naples their above obligation not to call with their

ocean steamers at Greek and Oriental ports becomes void with the day such law or ordinance becomes operative. In such case the Group A Lines undertake not to quote lower rates than the Greek Lines except for adjustment purposes.

Article 6.

As a guarantee for the faithful performance of the conditions of this Contract, the National Steam Navigation Co. will deposit forthwith with the Secretary a Bank guarantee amounting to Lire 100,000 (one hundred thousand Lire) through the Banca Commerciale Italiana, Milan, or any other Bank recognized by the Lines. 7310

In the case of the other Lines, parties to this Contract, the deposits made under the terms of the principal Contract answer also for the fulfilment of the present Agreement.

Article 7.

For the rest the stipulations of the principal Contract concluded between the Lines referred to under Group "A," known as the "Mediterranean Steerage Traffic Agreement of February 8th, 1909," shall apply to the present Contract. 7311

Article 8.

This Contract has been concluded for the period from 1st January, 1910 to 30th June, 1911, and shall after that date continue from year to year unless one of the Parties gives notice of withdrawal three months before the termination of this period.

This present Contract however, ceases to exist on the day on which the principal Contract concluded be-

7312 *Petitioner's Exhibit 720*

tween the Lines referred to under Group "A" expires.

Article 9.

In the event of any new Greek Steamship Company, or any other Company in which the Greek Companies may be interested or not, entering the Greek and/or Oriental Steerage business to and/or from the United States and/or Canada, the Lines under Group "A" and the Austro-Americana have the right to terminate this agreement forthwith.

7313

Article 10.

If the National Steam Navigation Co. Ltd., of Greece transfer their business in part or in whole to a successor or if any amalgamation with another Line takes place, they are under obligation to make it binding upon their successors to enter into this Contract and to become Parties to it, with all the rights and obligations arising out of it, and their security devolves upon such successor.

7314

Petitioner's Exhibit 721. 7315

Jena, 29th May, 1908.

AGREEMENT H_2

on

Interchangeable First and Second Class Return Tickets.

1. It is agreed from March 1st, 1908 until further notice to make return tickets both First and Second Class, issued by the Lines parties to this Agreement, interchangeable, the holder having the option of returning by any of the following Lines: 7316

Hamburg Amerika Linie
Holland America Lijn
Norddeutscher Lloyd
Red Star Line
Campagnie Générale Transatlantique
Austro Americana
American Line
Atlantic Transport Line
Cunard Line
Dominion Line
Leyland Line
White Star Line 7317

2. Under "Cheque value" is understood the amount paid by the passenger, and the rate of the accommodation to which the ticket entitles the holder of it.

3. To prevent misuse of return tickets, lost, stolen or cancelled, it is agreed that a memorandum be sent the same day by any Line accepting another Line's return-ticket, advising that Line that they have done so with name of passenger number of return ticket and class.

7318 *Petitioner's Exhibit 721*

4. Return tickets to be retained by carrying Line until passenger has gone forward, accounts to be rendered after steamer sails, and the issuing Line to pay the carrying Line the cheque value of the ticket within fourteen days. Settlements between the British and Continental Lines to be made by drafts on London. Settlements between the Continental Lines amongst themselves to be made in Marks.

5. In settlements as in bookings $ 1 = 4 Marks= 4 shillings, = 5 Francs, = 2.40 Dutch Guilder.

7319 6. Each return ticket to state on the face of it, or have attached to it, a slip, stating:

"This Return Ticket entitles the holder to

$ accommodation on this or any of the following Lines (reciting all the Lines other than the one issuing it) provided:

"A. There be room vacant on the steamer by which the passenger desires to sail.

"B. All the conditions in the ticket and regulations of the carrying Line shall be accepted and binding on the passenger, whether they are contained in the original return ticket which the passenger holds or not.

7320 "C. That the passenger pays the difference, if any, between the value of the accommodation called for and the value of the accommodation he selects in the steamer by which he travels.

"D. In the event of the original return ticket calling for transportation on a specific steamer or date, the transfer cannot be made unless application for transfer is presented more than 28 days before such specific date, unless the passenger at the time of making application for transfer, presents the authority of the Line for which the original return ticket was issued, for the transfer being made.

Petitioner's Exhibit 721

7321

"E. In the event of the passenger selecting accommodation of a lower tariff rate than that shown on the original return ticket, the difference between the value of the accommodation called for and the value of the selected accommodation will be refunded by the carrying Line, less 10%."

7. All tickets issued under the agreement H_2 dated on and after March 1st, 1908, shall be treated in accordance with this revised agreement as soon as it is signed.

7322

7328

7324 **Petitioner's Exhibit 722.**

BY-LAWS TO AGREEMENT V.

95. *Theatrical performances and variety shows.* The Lines agreed not to entertain proposals for variety shows, etc., on board the steamers.

96. *Intermediate First class schedule.* It was agreed by the Lines who have been accustomed in the past to issue an intermediate first class schedule, that until further notice they will publish an intermediate schedule for each steamer being the mean between the Summer and Winter schedule by the re-
7325 spective steamers for the following periods:

Westbound: 1st April—31st July and 16th October —31st October.

Eastbound: 1st April—30th April and 16th July—15th August.

This does not apply to the Mediterranean services nor to the Canadian Lines who will continue their present practice in this matter. It is of course understood that no Line is bound to maintain the schedule except as regards to minimums.

It is further understood that each Line is at liberty to issue revised tariffs if it should find it necessary; such tariffs to be circulated, two days before issue, among
7326 the Lines through the medium of the Secretary. (See Minute 137.)

106. *Infant rates.* Agreed to fix the infant rates I class westbound and eastbound at M. 40.—.

125. *Commission on infants.* In amendment of Agreement V Art. 13b 1 & 2 the commission westbound and eastbound on infant rates as per byelaw 106 has been fixed at 5% maximum.

Jena, June 7th, 1910.

Petitioner's Exhibit 722

7327

137. *Season for First Class business.* The Lines parties to Appendix 2 Agreement V agree to advertise the first class full summer schedule eastbound for U. S. Lines as from May 1st to July 31st. The intermediate first class schedule to be advertised in accordance with minute 96, with the exception, that the second period of the eastbound intermediate season will run from 1st to 15th August. It was understood that the Compagnie Gén. Transat. would follow the same procedure.

138. *Agreement V and Cruise business.* In case of chartering any ships for cruise business the charter 7328
to contain a clause, obliging charterers or cruise agents to comply with Agreement V or any other Agreements which the Lines themselves would be bound by if doing the business direct.

7329

7330

Petitioner's Exhibit 723.

BY-LAWS TO AGREEMENT W.

30. *Commission on round trip tickets.* Clause 11 Agreement W to be amended to permit a minimum commission of $6.—per adult to be paid to Agents in America on second class round trip bookings.

95. *Theatrical performances and variety shows.* The Lines agreed not to entertain proposals for variety shows etc., on board the steamers.

106. *Infant rates.* Agreed to fix the II class infant rates westbound and eastbound at M. 30.—.

7331

125. *Commission on infant rates.* In amendment of Agreement W Art. 11 b 2 the commission westbound and eastbound on infant rates as per byelaw 106 has been fixed at 5% maximum.

Jena, June 7th, 1910.

7332

Petitioner's Exhibit 724.

7333

AGREEMENT W.

APPENDIX II.

Amendment to

Appendix I:

The Canadian Lines to have the right to give free transportation to first and second class passengers between Quebec and Montreal, in the case of steamers landing or embarking passengers at Quebec.

Amendment to

7334

Clause 10 to read:

Bicycles shall be charged ten Shillings each; they must be crated. Dogs to be charged not less than 40 Shillings each. Motor cars to be charged for at current freight rates.—No commission to be paid on such charges in future.

(Agreed upon at Paris, August 7th, 1908.)

Jena, August 12th, 1908.

7335

7336 **Petitioner's Exhibit 725.**

AGREEMENT X.

London 6th February, 1908.

MEDITERRANEAN SERVICES.

It is agreed that the following minimum First Class Ocean rates shall be charged all the year round for the steamers named when employed in the Mediterranean Trade, viz:—

	CUNARD LINE	
7337	Caronia, Carmania	£19.10
	Carpathia	16.—
	Pannonia, Slavonia	14.10
	WHITE STAR LINE	
	Cedric, Celtic	£ 19.10
	Republic, Romanic, Canopic	16.10
	Cretic	16.—
	HAMBURG AMERICAN LINE	
	Deutschland	£ 24.—
	Moltke, Blucher	18.10
	Hamburg	17.10
	NORDDEUTSCHER LLOYD	
	Kaiser Wilhelm der Grosse	£ 24.—
7338	Friedrich der Grosse	17.10
	König Albert Prinzess Irene	17.10
	Königin Luise	17.10

Agreed as to rates.

Cunard S.S. Co. Ld. (signed) A. D. Mearns.
Hamburg Amerika Linie (signed) J. P. Meyer.
Holland Amerika Lijn (signed) J. G. v. Reuchlin.
I. M. M. Co. (signed) Harold A. Sanderson.
Norddeutscher Lloyd (signed) Heineken.
Red Star Line (signed) by Harold A. Sanderson.
Cie. Gle. Transatlantique (signed) Ch. Tattet.

Petitioner's Exhibit 726 7339

The steamers not mentioned above when entering or engaging in the Mediterranean trade to be rated the same as in the North Atlantic trade. The conditions and regulations of the North Atlantic First Cabin Agreement also to apply to the Mediterranean trade.

The rates to be the same Eastbound and Westbound, the year round. No rebate to be allowed for return tickets.

N. B. Second Class rates to be arranged by New York Conference.

Also agreed 7340

The Cunard Steam Ship Co. Ld.
(signed) A. D. Mearns.
Hamburg Amerika Linie (signed) J. P. Meyer.
Holland Amerika Lijn (signed) J. G. Reuchlin.
I. M. M. Co. and Red Star Line
(signed) Harold A. Sanderson.
Norddeutscher Lloyd (signed) Heineken.
Cie. Gle. Transatlantique (signed) Ch. Tattet.

Petitioner's Exhibit 726. 7341

Appendix to Agreement X.

In conformity with Agreement V the rate for children under 1 year has been fixed at

M. 40.—each

both west- and eastbound.

(Agreed to by Circular letter Sept. 24th, 1909.)

Jena, December 4th, 1909.

Red Star Line:		
Friesland, Berlin	280	240
Westernland, Noordland	260	220
Southwark, Kensington	Carry no First Cabin.	

Petitioner's Exhibit 729

7375

These rates apply only to the steamers at present employed in the Services of the Lines.

Servants pay the Winter rate of the respective steamers all the year round, and 15 Pounds on the Mediterranean Lines.

2

London shall cease in the First Cabin business to be a common point for the American Line, the Norddeutscher Lloyd and the Hamburg-Amerika Line; however the American Line shall retain London as terminal for Second Cabin Business Westbound and Eastbound, in consideration of which the American Line shall cease to book Steerage passengers free to points in Great Britain and Ireland beyond London, which continues to be a common point to all British Lines for Eastbound Steerage passengers.

7376

The Norddeutscher Lloyd Line and the Hamburg-Amerika Line retain London as terminal in the Second Cabin business for Southampton and Plymouth Westbound and Eastbound, provided the fare via either of these ports is in excess of those of the Liverpool Fast Lines by the amount of the Railway fares from such ports to London.

7377

3

The minimum rates stipulated in clause 1 are understood to be gross per adult, including commission.

4

The minimum summer rates shall be in force Westbound and Eastbound for sailings between 1st April and 31st October.

7378 *Petitioner's Exhibit 729*

5

Children between 1 and 8 years pay half fare—children under 12 months free.

6

Except when otherwise stated above, through booked passengers must pay in addition to the Ocean fare the actual official tariff rate of the Transportation Companies by which the transportation takes place, and such fare always be separately quoted and appear
7379 separately on the ticket.

This clause applies during 1898 only to minimum rate passengers, but on and after 1st January, 1899, it applies to all business whether carried at minimum rates or otherwise.

7

Each Line is at liberty to fix its minimum Westbound cash or prepaid or Eastbound rate independently of each other higher than provided for in this agreement.

7380 8

An allowance of 5 per cent may be made on the rate paid for round trip tickets.

9

All rates and commissions shall be converted into different currencies at the following rates of exchange: 1 Shilling = 1 Mark = 1.25 Franc = 0.25 Dollar = 0.60 Dutch Guilder.

Petitioner's Exhibit 729 7381

10

No free passages shall be given to Press representatives, shippers or brokers, or to any one with the object of obtaining other passages or business of any kind; the intention being that excepting that the principals of the different Firms or Lines are at liberty to grant free passes to Government officials, or to individuals being purely personal friends, no free passages whatever shall be given.

An exception shall be made in the case of Steamers carrying Live Stock, which Steamers are at liberty to convey the men when accompanying such Live Stock, and on the return journey, free of charge. An exception shall also be made in the case of Canadian steamers carrying Charity Children, which steamers are at liberty to convey the persons accompanying such Charity Children, and on the return journey free of charge. 7382

11

Steamers carrying only Second Cabin passengers, as distinguished from Saloon, must appear in all Advertisements, Circulars, or other printed matter issued by the Line as carrying Second Cabin passengers only, without any reference to such passengers enjoying so-called Saloon privileges. 7383

12

Each adult passenger shall be entitled to 20 cubic feet of personal baggage free of charge; extra baggage will be charged for at the rate of 1 shilling per cubic foot as far as possible.

Bicycles will be charged 10 shillings; they must be crated.

7384 *Petitioner's Exhibit 729*

13

The commissions to agents on First Cabin business shall be as follows:

FOR TICKETS ISSUED IN AMERICA.

Not more than 5 per cent of the passage money with a minimum of 4 Dollars per adult for a single passage, and 8 Dollars for a round trip passage, except in the case of scheduled General agents who are non-salaried, to whom an extra commission of 2 1/2
7385 per cent of the gross amount of the passage money may be paid.

No commission will be paid in New York City, except to Messrs. Thomas Cook & Son and Henry Gaze & Son, who shall not be allowed to book passengers in New York City or vicinity except in connection with their advertised tours. Commission may, however, be paid to any party provided they furnish not less than 25 passengers in one party for any one sailing. In any city or town within a radius of 10 miles from New York City Hall (but not in New York City itself), each Line may appoint one agent, whose name and address shall be filed with the Secretary,
7386 and to whom they shall be at liberty to pay commission on First or Second Cabin business; said agent shall be disqualified by all Lines if found guilty of dividing his commission with any outside party. The term "New York City" is understood to mean New York City as defined by the boundaries existing prior to the passing of the "Greater New York Bill."

FOR TICKETS ISSUED IN EUROPE.

In Great Britain and Scandinavia not more than 5 per cent of the passage money, except 7 1/2 per cent to Agents in London (see Clause 14).

Petitioner's Exhibit 729

7387

On the Continent not more than 7 1/2 per cent of the passage money to General agents or to agents in Paris (see clause 14); and not more than 5 per cent to Tourists Offices, Bankers, and special Cabin Agents. Such agents in the Cabin and Steerage business who have their own sub-agents' organization, are considered as General Agents. It is agreed that such General Agents cannot pay to their sub-agents more than 5 per cent commission.

14

7388

Each Line shall not have more than two offices in London (West-end and City) and two in Paris for its own account or conducted by an agent or by agents receiving 7 1/2 per cent commission (clause 13), and one office for its own account in any other place, which offices or agents are at liberty to pay to sub-agents or brokers a commission not exceeding 5 per cent of the passage money.

15

The commission includes telegraphic expenses of agents for securing berths, etc., and no refund or allowance shall be made for them. 7389

16

All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall take place at London.

7390 *Petitioner's Exhibit 729*

(*b*) Notice in writing of intention to prefer a claim shall be given, in reasonable time, to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepared in a registered letter duly addressed to the principal office in England of such British Line, and to the principal office on the Continent of such N. D. L. V. Line, and shall be deemed to have been delivered in the ordinary course of post.

7391 (*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the
7392 party or parties who appointed him proceed to act as sole Arbitrator in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

Petitioner's Exhibit 729 7393

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach and for breach by any agent the fine or damages shall not be less than £5 nor more than £100.

(*h*) Any fine imposed on any party hereto shall be 7394
payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided 7395
shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an Award have power to re-open and reconsider the same and

7396 *Petitioner's Exhibit 729*

to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and published, or if the Arbitrator or Arbitrators see cause to extend the time then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile residence
7397 or office of business of the parties to this Agreement may be or become.

(k) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

17

All official communications between the Lines must be made through the Secretary of the North Atlantic Passenger Conference, or of the Nordatlantischer Dampfer-Linen Verband.

7398

18

Any Line is at liberty to retire from this Agreement on giving fourteen days' notice.

19

This Agreement shall take effect and circulars and tariffs shall be issued and mailed not later than on the 1st July, 1898.

Do do. (Paris via Antwerp)	200	190

Petitioner's Exhibit 730

7411

All the foregoing rates apply only to the Steamers at present employed in Services of the Lines.

When any Service has two rates, prepaid and cash Tickets at the lower rates shall plainly state they are only available for the named Steamers to which the lower rate applies and the Companies undertake they will not carry the holders of lower rate tickets by the higher rated Steamers, unless they have been paid difference in rate.

4. Red Star Line Steamers calling at Southampton Eastbound to land American Line passengers, to charge for such passengers the rate scheduled by the American Line, for "Berlin" and "Chester" except for "Kensington" and "Southwark" which are to charge 170 Shillings.

7412

5. The minimum rates named above are understood to be gross per adult, including commission.

6. Children between 1 and 12 years to be charged half fare. Children under 12 months free.

7. Each Line is at liberty to fix its minimum Westbound Cash or prepaid Eastbound rates, independently of each other, higher than provided for in this Agreement.

7413

8. An allowance of 5 per cent may be made on the rate paid for round trip tickets.

9. All rates and commissions shall be converted into different currencies at the following rates of exchange:—1/=1 Mark=Fcs. 1.25=$0.25=0.60 Dutch Guilder.

10. No free passes shall be given to press representatives, shippers or brokers, or to any one with the object of obtaining other passages or business of any kind, the intention being that, excepting that

7414 *Petitioner's Exhibit 730*

the principals of the different firms or lines are at liberty to grant free passes to Government Officials, or to individuals being purely personal friends, no free passes whatever shall be given.

11. Free Rail Tickets may be granted from United States ports of debarkation to New York, Boston and Philadelphia. The American Line, Southampton Service, and the Canadian Lines except when sailing to United States ports other than Portland, are allowed to include the rail ticket to or from London in the ocean fare. Except when otherwise stated
7415 above through booked passengers must pay in addition to the ocean fare the actual official tariff rate of the transportation companies by which the transportation takes place, and such fare must always be separately quoted and appear separately on the ticket.

12. Steamers carrying only Second Cabin Passengers as distinguished from Saloon, must appear in all advertisements, circulars, or other printed matter issued by the Line, as carrying Second Cabin passengers only, without any reference to such passengers enjoying so called Saloon privileges.

13. Each adult passenger shall be entitled to 20 cubic feet of personal baggage free of charge. Extra
7416 baggage will be charged for at the rate of 1/- per cubic foot as far as possible. Bicycles will be charged 10/-; they must be crated.

14. Commissions to Agents on Second Cabin Business shall be as follows:

For Tickets Issued in America, 5 per cent with a minimum of $3 per adult for a single passage, and $5 per adult for a round trip passage. An extra commission of $1 for a single passage, and $2 for a round trip passage, may be allowed to scheduled General Agents at the recognized general passenger agency points.

Petitioner's Exhibit 730

7417

No commission will be allowed in New York City except to Messrs. Thomas Cook & Son and Henry Gaze & Son, who shall not be allowed to book passengers in New York City or vicinity except in connection with their advertised tours. Commission may, however, be paid to any party provided they furnish not less than 25 passengers in one party for any one sailing. In any city or town within a radius of 10 miles from New York City Hall (but not New York City itself) each Line may appoint one agent, whose name and address shall be filed with the Secretary, and to whom they shall be at liberty to pay commission on First or Second Cabin business. Said 7418
agent shall be disqualified by all Lines if found guilty of dividing his commission with any outside party.

The term New York City is understood to mean New York City as defined by the boundaries existing prior to the passing of the "Greater New York Bill."

For Tickets Issued in Europe—In Great Britain the commission to any agent to be 5 per cent with a minimum of 9/- per adult for a single passage, and 18/- per adult for a round trip ticket. On the Continent not more than 10 per cent of the passage money to General Agents, and 5 per cent to Tourist Offices, Bankers and special Cabin Agents with a maximum of 15/- per adult for a single passage, and 30/- for a 7419
round trip passage. General Agents are such Agents in the Cabin and Steerage Business who have their own Sub-Agents' organizations. It is agreed that such General Agents cannot pay to their Sub-Agents more than 5 per cent commission.

The N. D. L. V. Lines will endeavor to reduce these commissions payable on the Continent, and if they succeed in establishing such reductions, the British Lines agree to adopt such reduced commissions as Continental Lines may arrange.

7420 *Petitioner's Exhibit 730*

15. The commission includes telegraphic expenses of Agents for securing berths, etc., and no re-fund or allowance shall be made for them.

16. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall take place at London.

7421 (*b*) Notice in writing of intention to prefer a claim shall be given in reasonable time to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office in England of such British Line and to the principal office on the Continent of such N. D. L. V. Line, and shall be deemed to have been delivered in the ordinary course of post.

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within four-
7422 teen days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the

7423

party or parties who appointed him proceed to act as sole Arbitrator, in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the cost of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly. 7424

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall not be less than £5 nor more than £100.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him. 7425

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by

7426 *Petitioner's Exhibit 730*

the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall, notwithstanding they may have made and published an Award, have power to re-open and reconsider the
7427 same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and published or if the Arbitrator or Arbitrators see cause to extend the time then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile, residence or office of business of the parties to this
7428 Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

17. All official communications between the Lines must be made through the Secretary of the North Atlantic Passenger Conference, or of the Nord Atlantischer Dampfer Linien Verband.

18. Any Line is at liberty to retire from this Agreement on giving 14 days' notice.

Petitioner's Exhibit 730 7429

19. This Agreement shall take effect, and circulars and tariffs shall be issued and mailed not later than on the 1st July, 1898.

	Majestic, Teutonic	£8. 0.0	40.00	

The above arrangement is subject to the usual 14 days' notice.

The above rates are to be put in operation on Monday the 12th instant.

That the gross rates fixed by the Lines be adopted as net rates for Scandinavian business off East Coast

Petitioner's Exhibit 730

7435

port; and that the rates from Continental ports be £1.0.0 higher than the rates fixed for British business.

Memo by the Secretary

N. B. The attention of Lines is respectfully called to Clause 6 in the Continental Agreement, which requires the minimum second cabin Continental rates to be about £8.0.0 for Slow Lines and £9.0.0 for Fast Lines off the Continental Port.

(Initials undecipherable.)

7436

7437

7438 **Petitioner's Exhibit 731.**

This Agreement amongst British Lines is supplementary to the Agreement concerning Second Cabin business with Continental Lines.

SECOND CABIN BUSINESS.

AGREEMENT ON SECOND CABIN BUSINESS: between the following British Lines: Allan Line, American Line, Anchor Line, Beaver Line, Cunard Line, Dominion Line and White Star Line.

1. The minimum Second Cabin rates, both East and Westbound of the British Lines to be:

7439

American Line, Southampton Service—	
S.S. "St. Paul," "St. Louis," "Paris," "New York"	£8 10 0
S.S. "Berlin," "Chester"	8 0 0
American Line, Philadelphia Service	7 0 0
Allan Line, Liverpool Canadian Service	7 0 0
Allan Line and State Line, Glasgow	6 10 0
Anchor Line—	
S.S. "City of Rome"	7 10 0
S.S. "Furnessia"	7 0 0
Other Steamers	6 10 0
Beaver Line—	
S.S. "Gallia," "Superior," "Ontario"	7 0 0
Other Steamers	6 10 0
Cunard Line—	
S.S. "Campania," "Lucania"	9 0 0
S.S. "Etruria," "Umbria"	8 10 0
S.S. "Servia," "Aurania"	8 0 0
S.S. "Catalonia," "Cephalonia," "Pavonia"	7 10 0
Dominion Line—	
S.S. "Canada," "New England"	8 0 0
Liverpool Canadian Service	7 0 0

7440

Petitioner's Exhibit 731

7441

White Star Line—
S.S. "Majestic," "Teutonic" 8 10 0
S.S. "Adriatic," 7 10 0

2. The British Lines agree to charge 20s. more than the above-named rates from or to all Continental ports.

3. That the gross Rates fixed by British Lines for British Business as named above, are adopted as nett rates for Scandinavian Business off East Coast Ports.

4. That the rules and regulations in operation July, 1893, and those for Agents annexed, be considered part of this Agreement. 7442

5. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall take place at London.

(*b*) Notice in writing of intention to prefer a claim shall be given in reasonable time to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office in England of any party hereto and shall be deemed to have been delivered in the ordinary course of post. 7443

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within fourteen days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbi-

7444 *Petitioner's Exhibit 731*

trator to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator, in the reference, whether the party failing
7445 to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penali-
7446 ties accordingly.

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall not be less than £5 nor more than £100.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be dis-

qualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and 7448
not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall, notwithstanding they may have made and published an Award, have power to re-open and reconsider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and published or if the Arbitrator or Arbitrators see cause to extend the time then within three weeks of 7449
the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile, residence or office of business of the parties to this Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or

7450 *Petitioner's Exhibit 731*

amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

6. Any Line is at liberty to retire from this Agreement on giving 14 days' notice.

7. This agreement shall take effect, and circulars and tariffs shall be issued and mailed not later than on the 1st July, 1898.

THE NORTH ATLANTIC PASSENGER CONFERENCE. 7455

REVISED REGULATIONS FOR AGENTS

Conditions of granting and accepting Licenses.

The attention of Agents is specially called to the following revised Conference Regulations, and it must be clearly understood that a license to act as Agent for any Conference Line is granted only on the following conditions, and the acceptance or retention of such license is considered as an agreement on the part

7456 *Petitioner's Exhibit 731*

of the Agent that the Regulations herein contained will be strictly adhered to.

Prohibition against booking for any Non-Conference Line.

1. No Agent is to issue Tickets, book passengers, nor cause them to be booked directly or indirectly, nor permit *any person in his employ or on his premises* to book for any Steamship Line sailing from any Port in Europe to any Port in the United States or Canada except those forming this Conference. Any Agent for a Conference Line found holding an Agency or
7457 booking Passengers for any non-Conference Line will be immediately disqualified.

The Conference Lines.

The names of the North Atlantic Passenger Conference Companies are:

Allan Line Allan Brothers & Co. Liverpool and London, Limited.

Allan State Line J. & A. Allan.

American Line, Liverpool-Philadelphia American Line, Southampton-New York Richardson, Spence & Co.

Anchor Line Henderson Brothers.

7458 Beaver Line D. & C. MacIver.

Cunard Line The Cunard Steamship Co., Limited.

Dominion Line Richards, Mills & Co.

White Star Line Ismay, Imrie & Co.

Agents not to book Passengers, or represent themselves as Agents for any Line from whom they do not hold a License.

2. No Agent is permitted to represent himself in or by any printed matter or in any other way as a Passenger Agent, or to book Passengers, for any Con-

Petitioner's Exhibit 731

7459

ference Steamship Company from whom he does not hold a license.

Amount actually received to be entered in the Ticket.

3. The amount actually received as deposit for passages, as well as the total passage money, and balance due, is in all cases to be entered on the ticket.

No return or allowance to be made to Passengers or other persons.

4. Agents are strictly prohibited from making any reduction in the Ocean or Railway Fares, or RETURNING ANY PORTION OF THEIR COMMISSION, or granting 7460
any allowance in any shape or form, directly or indirectly, either to Passengers, other Agents, or ANY PERSON WHATEVER. They are also prohibited from appointing Sub-Agents. The commission includes telegraphic expenses of Agents for securing berths, &c., and no refund or allowance can be made for them.

Inland Bookings of Emigrant or Colonist Class, must take place through the Steamship Company only, and only to places mentioned in the Tariff.

5. No Agent is permitted to issue Inland Tickets, nor in any way to book or quote rates to Passengers nor to cause them to be booked nor to receive com- 7461
mission for their being so booked, from the Port of Debarkation to their place of destination in America, except through the Steamship Company for which the Ocean Tickets are issued; and no Agent is permitted to issue Tickets to places not mentioned in the current Tariffs supplied to them by the Conference Company he represents. This rule applies only to Inland booking at Third Class (Emigrant or Colonist) and Second Class Rates.

7462 *Petitioner's Exhibit 731*

Remittances.

6. Any Agent reported by any Member of the Conference for irregularity in remittances becomes at once disqualified for acting for any Conference Company. Other infractions of rules may be dealt with by fine or disqualification, as decided by Conference. No allowance is made for postage or any other charge excepting cost of Bankers' Drafts, Postal or Post-Office Order. Under no circumstances can any charge be allowed for remittance by private cheque, which latter form of remittance is only permitted if previously ar-
7463 ranged with the Company.

Bill-posting.

7. No charge is allowed to be made by Agents for bill-posting.

Injurious Publications or statements concerning any Conference Line or its Agents forbidden.

8. No Circular or publication of any kind reflecting upon, or instituting any comparison unfavorable to any Conference Line or its Agents is to be issued or made use of by any Agent, nor shall any Agent or his employes make or utter any statement concerning any Conference Line or its Agents, or commit any act
7464 that can injuriously affect such Line's or its Agents' business.

Advertising rates of passage.

9. When an Agent Advertises a Rate for Passage to America he must distinctly name the Line by which such rate is available.

Connection between Liverpool City Agents and Agents outside Liverpool.

10. In order to regulate the connection between Liverpool Agents and Agents in the country and other

Petitioner's Exhibit 731

towns, and to prevent the one interfering with the functions of the other, as is frequently the case to the detriment of all concerned, and further, to prevent indirect breaches of Conference Regulations, it has been agreed between the several Conference Companies, as follows:

Charge for Lodgings in Liverpool.

(A) That the charge per night for lodgings at the house of any Liverpool Agent, not including anything else but attendance, be not less than one shilling per adult, or one shilling and sixpence for two persons sleeping in one bed, for all British passengers, except those only just arrived from Ireland, for which passengers the lowest charge for lodgings shall be sixpence per night.

(B) That the lowest charge for a plain meal be sixpence; and for a meal with meat one shilling.

Commission on Board or Lodging.

(C) That the payment of commission on the board or lodging of passengers be strictly prohibited. Agents found paying or receiving such to be at once disqualified.

Baggage Labels.

(D) That Agents outside of Liverpool be prohibited from making use of, or supplying passengers with any baggage labels except those issued by the Steamship Companies.

11. No Agent shall be justified in allowing Commission or committing any breach of the Conference Rules, because some other Agent may be suspected of doing so. It shall be the duty of every Agent to adhere strictly to the Rules, and to report any violation thereof that may come to his knowledge to the Con-

7468 *Petitioner's Exhibit 731*

ference Secretary or to the Steamship Company he represents.

7471

CONTINENTAL BUSINESS.

Agreement

Between The Following British Lines, viz:

Allan and Allan State (Liverpool, London and Glasgow), American (Liverpool and Philadelphia, and Southampton and New York), Anchor, Beaver, Cunard, Dominion and White Star Lines, for controlling and pooling the share of Continental Traffic allotted to British Lines in accordance with the foregoing Agreement with the Continental Lines.

CONTINENTAL BUSINESS. 7472

Agreement

between the following British Lines, viz:—Allan and Allan State (Liverpool, London and Glasgow); American (Liverpool and Philadelphia, and Southampton and New York); Anchor; Beaver; Cunard; Dominion, and White Star Lines, for controlling and pooling the share of Continental Traffic allotted to British Lines in accordance with the foregoing Agreement with the Continental Lines.

This traffic will be pooled in the manner following:

1.—(a) The traffic to be pooled as per clause (b) and the pooled amount divided in the following percentage proportions. Traffic until 10th September, 1898, is subject to distribution as per Agreement of 10th September, 1895, afterwards, 7473

1. Allan Line (Liverpool) ...
2. " (Glasgow) ...
3. American Line (Liverpool) ...
4. " (Southampton)
5. Anchor Line ... ...
6. Beaver Line ... ...
7. Cunard Line ... ...

7474 *Petitioner's Exhibit 732*

8. Dominion Line ... ...
9. White Star Line ... ...

Lines numbered 1, 2, 3, 5, 6 and 8 receive 79 per cent. Lines numbered 4, 7 and 9 receive 21 per cent. Each group to arrange its own Subdivision.

(b) The Lines to pool the net Passage Money received off Liverpool, Glasgow, or Southampton, less a carrying rate of £1 10/- per adult.

7475 2.—The rates to be charged by British Lines to be those fixed by clause 6 of agreement with Continental Lines.

3.—All Lines having more than one service reserve the right to carry their Pool Shares of the traffic by any of their different services as may suit these Lines respectively.

4.—Pool settlements will be made weekly, and the Lines to furnish to the Secretary of the North Atlantic Passenger Conference, 23 Water Street, Liverpool, not later than Monday in each week, a full and exact return of all Continental Passengers carried during
7476 the previous week, and furnish the particulars required by Clause 10 of the Agreement with Continental Lines.

5.—No passenger of Continental origin (as defined in Clauses 3 and 5 of Agreement with Continental Lines) shall be booked as a British Passenger who has not resided in Great Britain for at least 5 weeks.

6.—The British Lines retire altogether from Italian business Westbound, except the Anchor Line, for their service direct from the Mediterranean to America.

Petitioner's Exhibit 732 7477

7.—This agreement is to commence on the 1st July, 1898, and to continue, subject to any Line having the right to withdraw on giving three months' notice on or after the 1st March, 1900, and subject to Clause 4 of Agreement with Continental Lines.

8.—All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this agreement shall be settled by Arbitration as follows:

(a) Arbitration proceedings in Europe shall take place at Liverpool. 7478

(b) Notice in writing of an intention to prefer a claim shall be given in reasonable time to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post, prepaid in a registered letter duly addressed to the principal office in England of any party hereto, and shall be deemed to have been delivered in the ordinary course of post.

(c) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire. 7479

(d) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given, and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been

7480 *Petitioner's Exhibit 732*

chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(e) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

7481 (f) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

(g) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall not be less than £5 nor more than £100.

(h) Any fine imposed on any party hereto shall be payable within ten days from the date of the notifica-
7482 tion of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall

Petitioner's Exhibit 732 7483

be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(i) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an Award have power to re-open and re-consider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him 7484
or them within one week after the Award is first made and published, or if the Arbitrator or Arbitrators see cause to extend the time, then within three weeks of the issue and publication of the said Award.

(j) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England, wherever the domicile residence or office of business of the parties to this Agreement may be or become.

(k) All and singular the provisions of the Arbitra- 7485
tion Act 1889, or any statutory modification or amendment thereof for the time being in force, shall be applicable to any Arbitration hereunder.

British Business (Eastbound).

It is hereby agreed that the advance of ten shillings or its equivalent in British Cash and Prepaid rates be followed by a similar advance in British *Eastbound rates*, and that the undersigned cable American representatives to this effect at the same time that they cable the agreed advance in Scandinavian and Finnish rates, Westbound and Eastbound, viz., on 20th instant.

7492 *Petitioner's Exhibit 733*

Subject Claim Agreement.
White Star Line, Royal Mail Steamers.

LIVERPOOL TO NEW YORK,

Every Wednesday,

Calling at Queenstown every Thursday.

ADVANCE IN THIRD CLASS RATES.

To our British and Irish Agents.

7493 It has this day been agreed by the Lines—Members of the North Atlantic Passenger Conference—to advance the Third Class Rates by 10/-, to be put in force on receipt of this advice.

You will therefore please charge the following Rates for all future bookings:

£6, per "Oceanic," "Majestic" and "Teutonic,"
£5. 15s. per "Germanic," "Britannic," and "Cymric."

Please alter all Sailing Bills in conformity, pending receipt of a new supply now in the Printers' hands.

Advices of any bookings at the £5 5s. and £5 10s. Rates must be sent us by return mail, otherwise we shall be unable to accept same.

7494 As intimated in our post card of the 12th instant, the "Oceanic," 19th inst., has now only room for Single Men Rate £6.

Yours truly,

ISMAY, IMRIE & CO.

Petitioner's Exhibit 734

7510

Children between 1 and 12 years, half fare; Infants under 1 year, 15 Marks gross, 10/-net. Commission to Head Agents, 17 Finnish Marks per adult.

3.—That the Cash Rate for Icelandic passengers be fixed as follows:—For fast steamers 140 kroners, for all other steamers of the Lines party hereto, 115 from Iceland to landing port in America. Children between 1 and 12 half fare, Infants 10 kroner, 10s. net. Commission to Head Agents 9 kroner per Adult, Kr. 4.50 per child. No prepaids to be issued.

All the foregoing rates apply only to Steamers at
7511 present employed in the services of the Lines.

4.—The British Lines agree to discontinue Free forwarding of passengers from any Norwegian port to any other Scandinavian port for shipment.

5.—That beyond said commission no allowance of any kind based upon results, present, prospective or retrospective, be made. Each Company shall, however, be at liberty to allow its Head Agents such sum per annum, fixed in advance without any expressed or implied reference to the Agents' bookings, as it may think desirable. The limit of such allowances being fixed by clause 19 hereof.

7512 6.—That free railway tickets be granted only from United States ports of debarkation to New York, Boston, Philadelphia, or Baltimore, except Beaver Line, who are permitted to book at Ocean Rate to New York and Boston.

7.—The Scandinavian-American Line to confine its direct business to the ports it ran from prior to July, 1893, and to its present fleet, except that the "Thingvalla" and "Island" be permitted to call at Gothenburg.

Petitioner's Exhibit 734 7513

8.—That the Lines party hereto agree not to carry any other Lines' passengers at less than the rate in force for the Steamer carrying such Passengers.

9.—The Lines agree not to book (nor allow to be booked by their agents) passengers for other than their own Sailings.

10.—Finnish or other business booked by Scandinavian Agents, either directly or through a sub-agent, and forwarded through a Scandinavian port, shall be considered as Scandinavian business.

11.—The Scandinavian-American Line undertakes 7514
not to engage as steward, or in any other capacity, for the passage out, any person who is accompanied by, or who can influence the booking of, intending passengers; and further that the Secretary of the Local Association shall be informed of the names of persons engaged to work the passage out as stewards, in time for an examination into the circumstances, should the Secretary or the Association desire it.

12.—The Secretary of the Passenger Conference, at 23, Water Street, Liverpool, shall act as Secretary in Europe under this Agreement for all Lines parties hereto, who will furnish him, not later than Monday in each week, with a full and exact return of all Scan- 7515
dinavian and Finnish and Icelandic passengers carried during the previous week.

13.—Free and reduced passages being prohibited, no passenger shall be carried in any class of Atlantic Steamer who does not pay full tariff fare for the accommodation he receives. No free passages shall be given to Press representatives, shippers or brokers, or to any one with the object of obtaining other passages or business of any kind; the intention being that excepting that the principals of the different Firms or

7516 *Petitioner's Exhibit 734*

Lines are at liberty to grant free passes to Government officials, or to individuals being purely personal friends, no free passages whatever shall be given.

14.—All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall at the option of the complaining party take place at Copenhagen, Liverpool or Glasgow.

7517 (*b*) Notice in writing of an intention to prefer a claim shall be given, in reasonable time, to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office in England of such British Line, and to the principal office of the Scandinavian-American Line, and shall be deemed to have been delivered in the ordinary course of post.

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days from the date of the aforesaid notice, each party shall 7518 without delay, appoint in writing an Arbitrator to act in his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator

in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

(*g*) The fine or damages for breach of this agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall be in accordance with the scale given in clause 4 sub-clause (*b*) of the Rules for Agents.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the Award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement com-

7522 *Petitioner's Exhibit 734*

plained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an Award have power to re-open and reconsider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and
7523 published, or if the Arbitrator or Arbitrators see cause to extend the time then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile residence or office of business of the parties to this Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

7524 (*l*) *Disposal of Fines.*—All Fines shall be payable through the Arbitrators, who may in their discretion award a part or the whole thereof to the complaining party; any sum not so disposed of to be apportioned equally between the parties hereto, excepting the parties paying the fine.

(*m*) This Agreement may be made a rule of Her Majestiy's Court of Queen's Bench, or Her Majesty's Court of Common Pleas at Lancaster, or in the event of any party being concerned as a plaintiff or defendant residing out of the jurisdiction of both of those

Petitioner's Exhibit 734 7525

Courts, may be made a rule of any court in whose jurisdiction such party may reside.

15.—That in case of complaint the Line complained against shall give every facility for the examination of passengers, and that the only persons to be present at such examination shall be one representative each of the complaining and defending line, with their interpreters, and the Acting Secretary under this Agreement or his nominee.

In the event of the Secretary being the representative of the complaining or defending Line, another Secretary shall be nominated by the Lines other than 7526
those at issue.

16.—That the annexed Agreement Rules and Regulations for Agents considered part of this Agreement be adopted and enforced.

17.—This Agreement to be subject to right of withdrawal by any Line on giving fourteen days' notice.

18.—The above rates are subject to change at any time by any Line considering such change necessary or desirable on giving a fortnight's notice. Any change so made by any Line may be followed without notice by any other Line, but same differentials must be maintained. 7527

19.—That the Indirect Lines each be allowed to pay a maximum sum of £600 per annum in salaries to Head Agents, throughout Scandinavia, but not more than £200 to be paid at any one port. This sum to cover office rent, advertising, and all incidental expenses for the twelve months. The Allan Line Liverpool and London, and Allan and State Line Glasgow to be counted as one Line. The American Line, Southampton, and the American Line, Liverpool, being likewise counted as one Line.

7531

Liverpool, December 6th, 1898.

FINNISH STEERAGE BUSINESS.

The following AGREEMENT has this day been entered upon between the following British Steamship Lines, viz.:—Allan and Allan-State (Liverpool and Glasgow); American (Liverpool and Southampton); Anchor; Beaver; Dominion; Cunard; and White Star, hereinafter called "The Lines," and the Finska Angfartygs Aktiebolaget of Helsingfors, Managing Director Mr. Lars Krogius, and hereinafter called the "Finska Company."

7532

That the Finska Company undertakes to maintain regular weekly service between Hull and Finland (Abo Hango and Helsingfors in summer and Hango only in winter, ice permitting) and by establishing Sub-Agencies at different important places in Finland, shall work for the engaging of the Finnish emigrants or steerage passengers to United States and Canada solely for the Lines and provide for their transportation from Finland (Ports as above) to Hull and *vice versa* on conditions hereinafter set forth.

That the Lines undertake to protect the Finska Company in their working for this mutual business, by engaging that the British Lines' rate from Stockholm shall at no time be less than their rate from Hango, Helsingfors or Abo.

7533

The Lines undertake that, so far as practicable, they will confine the forwarding of their Finnish passengers, both Eastbound and Westbound, to the steamers of the Finska Company.

The Finska Company to sign the General Agreement Regulations relating to Scandinavian and Finland Steerage Passenger Business on behalf of each and all of their Sub-Agents.

7534 *Petitioner's Exhibit 735*

The Finska Company to have fourteen days' notice of any intended change in existing rates.

The Finska Company undertakes to transport the Emigrants in their Steamers from Finland, (Ports as above), to Hull and *vice versa* on following conditions, (unless specially agreed upon by the Finska Company in case of any contingency menacing the mutual interest).

For Prepaid and Cash Business:—

24% (Twenty-four per cent), of the maximum nett rate with a minimum of 25/-.

7535 For East Bound Business:—

24% (Twenty-four per cent), of the maximum nett rate with a minimum of 20/-.

The rate for children between 1 and 12 years being half that of an adult. Infants under 1 year free.

The maximum nett rate herein referred to shall be arrived at by deducting $2 from the gross Prepaid or Eastbound rate and 17 Finnish Marks from the Gross Cash Rate.

All cost of advertising in Finland, Printing (except the usual pictures and posters supplied by the Lines), the erection and maintenance of Hotels, &c., shall be

7536 borne by the Finska Company.

This Agreement to remain in operation so long as the British Lines' present Scandinavian Agreement dated Dec. 6th, 1898, remains in force, and subject to 14 days' notice from either side.

NOTE.—The alterations below are principally as authorized by Minute 323, 8th October, 1900, when an all-round advance of 10/- came into force. .. .. ..

BRITISH BUSINESS (STEERAGE WESTBOUND).

AGREEMENT between the following British Lines, viz.:—Allan and Allan and State, (Liverpool, London, and Glasgow); American, (Liverpool and Philadelphia, and Southampton and New York); Anchor; Beaver; Cunard; Dominion; and White Star.

1.—That the rules and regulations in operation July,
7541 1893, and also those for Agents annexed, be considered part of this Agreement.

2.—That the commission to any Agent for securing Cash Passengers shall not exceed six shillings per adult, three shillings per child, one shilling per infant; and for Prepaid Passengers, $2 per adult, $1 per Child, $0.50 per Infant.

3.—That the rates be as follows:

ALLAN LINE Liverpool Canadian Service	£5	10	0....	$26.50
ALLAN LINE AND STATE LINE Glasgow—New York Service..	5	10	0....	26.50
7542 Do. Do. Boston Cattle Steamers.	5	5	0....	26.50
AMERICAN LINE Southampton—New York Service—S. S. St. Paul, St. Louis, *Philadelphia*, New York	6	0	0....	28.75
S.S. Vaderland	5	15	0....	27.75
S.S. Southwark, Kensington	5	10	0....	26.50
AMERICAN LINE—Philadephia	5	10	0....	26.50
ANCHOR LINE S. S. Furnessia, *Columbia*	5	15	0....	27.75
Other Steamers	5	10	0....	26.50
DOMINION LINE S.S. Canada and New England..	5	15	0....	27.75
Merion, *Commonwealth* Liverpool Canadian Service	5	10	0....	26.50

Petitioner's Exhibit 736

7543

CUNARD LINE S.S. Campania, Lucania, Etruria, Umbria	6	0	0....	28.75
S. S. Aurania, and Boston Service ..... *Ultonia, Ivernia, and Saxonia*	5	15	0....	27.75
WHITE STAR LINE S.S. Teutonic, Majestic..... *and Oceanic*	6	0	0....	28.75
S.S. Britannic, Germanic, Cymric, *Celtic, Cedric*	5	15	0....	27.75

Children between 1 and 12 years half fare; Infants under 12 months 10/- cash, $3 prepaid.

When any Service has two rates, Prepaid or Cash Tickets at the lower rates shall plainly state they are only available for the named Steamers to which the lower rate applies, and the Companies undertake they will not carry the holders of lower rate tickets by the higher rated steamers, unless they have been paid difference in rate.

7544

The foregoing rates apply only to Steamers at present employed in the Services of the Lines.

4.—That the Canadian Lines be at liberty to charge a rate of £4 5s. nett for parties consisting solely of Charity Children shipped by the Managers or Proprietors of Children's Homes. This rate to be off London for London Charity Children, off Glasgow for Scotch Charity Children, and off Liverpool for others. The Canadian Lines to schedule with the Secretary a complete list giving particulars of the institutions who alone are entitled to this special rate.

7545

5.—That free railway tickets be granted only from United States ports of debarkation to New York, Boston, Philadelphia, or Baltimore.

6.—That Homeward orders be the equivalent of the East Bound rate at the exchange of 4/- per $1 (commission 6/-) from New York, Boston, Philadelphia, and Baltimore to ports of debarkation, except in

7546 *Petitioner's Exhibit 736*

the case of the American Line, who may give free rail tickets to London from Southampton, and the Liverpool Canadian Lines who may give free rail tickets Liverpool to London.

7.—The above rates are subject to change at any time by any Line considering such change necessary or desirable on giving a fortnight's notice. Any change so made by any Line may be followed without notice by any other Line, but same differentials must be maintained.

8.—This agreement is to commence on the 1st July,
7547 1898, and to continue, subject to any Line having the right to withdraw on giving three months' notice on or after the 1st March, 1900, subject to clause 7, and to the power of suspension being exercised by any line should any new line (or opposition steamer or steamers) not now in the business, seek to compete for steerage business.

9.—That Passengers must in all cases pay their own rail fares to port of embarkation (save in the case of the American Southampton Line, and Liverpool Canadian Lines except when sailing to United States Ports other than Portland, who are allowed to include the rail ticket from London only), and from ports of de-
7548 barkation excepting as provided for in clause 5.

10.—All parties mutually agree that any disputes or claim between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:—

(*a*) Arbitration proceedings in Europe shall take place at Liverpool.

(*b*) Notice in writing of intention to prefer a claim shall be given in reasonable time to the party complained of, signed by, or on behalf of the complaining

party, and stating the nature, and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office in England of such British Line, and shall be deemed to have been delivered in the ordinary course of post.

(*c*) Unless the disputing parties mutually agree to the appointment of a Single Arbitrator within fourteen days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

7550

(*d*) Should either of the parties fail to appoint an Arbitrator within fourteen days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator, in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

7551

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for

7552 *Petitioner's Exhibit 736*

each breach, and for breach by any agent the fine or damages shall be in accordance with the decision arrived at in each case at a meeting of Conference, the Line in connection with which the complaint is made to have no vote.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party
7553 hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from
7554 raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall, notwithstanding they may have made and published an Award, have power to re-open and reconsider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and published or if the Arbitrator or Arbitrators see cause to extend the time then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made

Petitioner's Exhibit 736 7555

in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile, residence or office of business of the parties to this Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any Statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

FOR BRITISH & IRISH AGENTS.

THE NORTH ATLANTIC PASSENGER CONFERENCE.

REVISED REGULATIONS FOR AGENTS.

Conditions of granting and accepting Licenses.

The attention of Agents is specially called to the following revised Conference Regulations, and it must be clearly understood that a license to act as Agent for any Conference Line is granted only on the following conditions, and the acceptance or retention of such license is considered as an agreement on the part of
7559 the Agent that the Regulations herein contained will be strictly adhered to.

Prohibition against booking for any Non-Conference Line.

1.—No agent is to issue Tickets, book passengers, nor cause them to be booked directly or indirectly, nor permit ANY PERSON IN HIS EMPLOY OR ON HIS PREMISES *to book for any Steamship Line sailing from any Port in Europe to any Port in the United States or Canada except those forming this Conference. Any Agent for a Conference Line found holding an Agency or booking Passengers for any non-Conference Line*
7560 *will be immediately disqualified.*

The names of the North Atlantic Passenger Conference Companies are:—

The Conference Lines.

Allan Line ...Allan Brothers & Co., Liverpool and London, Limited.
Allan State Line .....J. & A. Allan.
American Line, Liverpool—Philadelphia. } Richardson, Spence & Co.
American Line, Southampton—New York }
Anchor Line .....Henderson Brothers.
Cunard Line .....The Cunard Steamship Co., Limited.
Dominion Line .....Richards, Mills & Co.
White Star Line.....Ismay, Imrie & Co.

Petitioner's Exhibit 736 7561

2. No Agent is permitted to represent himself in or by any printed matter or in any other way as a Passenger Agent, or to book Passengers, for any Conference Steamship Company from whom he does not hold a license; *or to obtain tickets, directly or indirectly, through or by any other Agent or person. Agents are also prohibited from appointing Sub-agents.*

Agents not to book Passengers, or represent themselves as Agents for any Line from whom they do not hold a License *or appoint Sub-Agents.*

3.—The amount actually received as deposit for passages, as well as the total passage money, and balance due, is in all cases to be entered on the ticket. 7562

Amount actually received to be entered in the Ticket.

5—Agents are strictly prohibited from making any reduction in the Ocean or Railway Fares, or RETURNING ANY PORTION OF THEIR COMMISSION, or granting any allowance in any shape or form, directly or indirectly, either to Passengers, other Agents, or ANY PERSON WHATSOEVER.

No return or allowance to be made to Passengers or other persons.

4—*No Agent is permitted to issue Inland Tickets, nor in any way to book or quote Inland rates to Passengers nor to cause them to be booked Inland nor to receive commission for their being so booked, from the Port of Debarkation to their place of destination in America, except through the Steamship Company for which the Ocean Tickets are issued; and no Agent is permitted to issue Tickets to places not mentioned in the current Tariffs supplied to them by the Conference Company he represents. This rule applies only to Inland booking at Third Class (Emigrant or Colonist) and Second Class or Mixed Class Rates. In col-* 7563

7564 *Petitioner's Exhibit 736*

lecting inland fares Agents must be careful to charge the Inland tariff rate from the Port at which passengers land from the Atlantic steamer. It is not permissible to use the tariff rate from any other port.

Inland Bookings of Emigrant or Colonist or second or mixed class, must take place through the Steamship Company only, and only to places mentioned in the Tariff

7—Any Agent reported by any Member of the Conference for irregularity in remittances becomes at once disqualified for acting for any Conference Com-
7565 pany. Other infractions of rules may be dealt with by fine or disqualification, as decided by Conference.

Remittances.

6—No charge is allowed to be made by Agents for bill-posting.

Bill-posting.

8.—No circular or publication of any kind reflecting upon, or instituting any comparison unfavourable to any Conference Line or its Agents is to be issued or made use of by any Agent, nor shall any Agent or his employes make or utter any statement concerning any
7566 Conference Line or its Agents, or commit any act that can injuriously affect such Line's or its Agents' business.

Injurious Publications or statements concerning any Conference Line or its Agents forbidden.

9.—When an Agent Advertises a Rate for passage to America he must distinctly name the Line by which such rate is available, *and see that the rate inserted in the Advertisement is the correct one charged by the Line.*

Petitioner's Exhibit 736 7567

Advertising rates of passage.

10.—In order to regulate the connection between Liverpool Agents and Agents in the country and other towns, and to prevent the one interfering with the functions of the other, as is frequently the case to the detriment of all concerned, and further, to prevent indirect breaches of Conference Regulations, it has been agreed between the several Conference Companies, as follows:

Connection between Liverpool City Agents and Agents outside Liverpool. 7568

(A) That the charge per night for lodgings at the house of any Liverpool Agent, not including anything else but attendance, be not less than one shilling per adult, or one shilling and sixpence for two persons sleeping in one bed, for all British passengers, except those only just arrived from Ireland, for which passengers the lowest charge for lodgings shall be sixpence per night.

Charge for Lodgings in Liverpool.

(B) That the lowest charge for a plain meal be sixpence; and for a meal with meat one shilling.

(C) That the payment of commission on the board or lodging of passengers be strictly prohibited. Agents found paying or receiving such to be at once disqualified. 7569

Commission on Board or Lodging.

(D) That Agents outside of Liverpool be prohibited from making use of, or supplying passengers with any baggage labels except those issued by the Steamship Companies.

7570 *Petitioner's Exhibit 736*

Baggage Labels.

11.—No Agent shall be justified in allowing Commission or committing any breach of the Conference Rules, because some other Agent may be suspected of doing so. It shall be the duty of every Agent to adhere strictly to the Rules, and to report any violation thereof that may come to his knowledge to the Conference Secretary or to the Steamship Company he represents.

S. S. Britannic, Germanic, Cymric, *Celtic, Cedric*	5	15	0	27.75

Children between 1 and 12 years half fare; Infants under 12 months 10/-cash, $3 prepaid.

Petitioner's Exhibit 737 7579

When any Service has two rates, Prepaid or Cash Tickets at the lower rate shall plainly state they are only available for the named Steamers to which the lower rate applies, and the Companies undertake they will not carry the holders of lower rate tickets by the higher rated Steamers unless they have been paid difference in rate.

The foregoing rates apply only to Steamers at present employed in the Services of the Lines.

4.—That the Canadian Lines be at liberty to charge a rate of £4 5s. nett for parties consisting solely of Charity Children shipped by the Managers or Proprie- 7580
tors of Children's Homes. This rate to be off London for London Charity Children, off Glasgow for Scotch Charity Children, and off Liverpool for others. The Canadian Lines to schedule with the Secretary a complete list giving particulars of the institutions who alone are entitled to this special rate.

5.—That free railway tickets be granted only from the United States ports of debarkation to New York, Boston, Philadelphia, or Baltimore.

6.—That Homeward orders be the equivalent of the Eastbound rate at the exchange of 4/- per $1 (commission 6/-) from New York, Boston, Philadelphia 7581
and Baltimore, to ports of debarkation, except in the case of the American Line, who may give free rail tickets to London from Southampton, and the Liverpool Canadian Lines, who may give free rail tickets, Liverpool to London.

7.—The above rates are subject to change at any time by any Line considering such change necessary or desirable on giving a fortnight's notice. Any change so made by any Line may be followed without notice by any other Line, but same differentials must be maintained.

7582 *Petitioner's Exhibit 737*

8.—This agreement is to commence on the 1st July, 1898, and to continue, subject to any Line having the right to withdraw on giving three months' notice on or after the 1st March, 1900, subject to clause 7, and to the power of suspension being exercised by any Line, should any new Line (or opposition steamer or steamers) not now in the business, seek to compete for steerage business.

9.—That Passengers must in all cases pay their own rail fares to port of embarkation (save in the case of the American Southampton Line, and Liverpool
7583 Canadian Lines except when sailing to United States Ports other than Portland, who are allowed to include the rail ticket from London only), and from ports of debarkation excepting as provided for in clause 5.

10. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall take place at Liverpool.

(*b*) Notice in writing of intention to prefer a claim
7584 shall be given in reasonable time to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office in England of such British Line, and shall be deemed to have been delivered in the ordinary course of post.

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within fourteen days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator

to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within fourteen days after notice of the intended reference has been given, and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision 7586
of such sole Arbitrator shall be final and binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

7587

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall be in accordance with the decision arrived at in each case at a meeting of Conference, the Line in connection with which the complaint is made to have no vote.

(h) Any fine imposed on any party hereto shall be payable within ten days from the date of the notifica-

7588 *Petitioner's Exhibit 737*

tion of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement, and each party hereto undertakes not to employ him, and if continued as Agent by any party hereto or reinstated without the consent of all parties hereto during the continuance of this Agreement, it shall constitute a breach hereof by the party employing or reinstating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall
7589 be treated as the liquidated and ascertained damage for the breach of this Agreement complained of, and not in the nature of a penalty, or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach, and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall, notwithstanding they may have made and published an Award, have power to re-open and reconsider the same and to hear further evidence and to make a fresh Award, provided cause be shown satisfactory to him or them
7590 within one week after the Award is first made and published, or if the Arbitrator or Arbitrators see cause to extend the time then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile, residence or office of business of the parties to this Agreement may be or become.

7596 ference Companies are:

Allan Line	Allan Bros. & Co., Liverpool and London, Limited.
Allan State Line	J. & A. Allan.
American Line, Liverpool—Philadelphia	Richardson, Spence & Co.
American Line, Southampton—New York	Richardson, Spence & Co.
Anchor Line	Henderson Brothers.
Cunard Line	The Cunard Steamship Co., Limited.
Dominion Line	Richards, Mills & Co.
White Star Line	Ismay, Imrie & Co.

Petitioner's Exhibit 737 7597

2.—No Agent is permitted to represent himself in or by any printed matter or in any other way as a Passenger Agent, or to book Passengers, for any Conference Steamship Company from whom he does not hold a license *or to obtain tickets, directly or indirectly, through or by any other Agent or person. Agents are also prohibited from appointing Sub-Agents.*

Agents not to book Passengers, or represent themselves as Agents for any Line from whom they do not hold a License, or *appoint Sub-Agents.* 7598

3.—The amount actually received as deposit for passages, as well as the total passage money, and balance due, is in all cases to be entered on the ticket.

Amount actually received to be entered in the Ticket.

5.—Agents are strictly prohibited from making any reduction in the Ocean or Railway Fares, or returning any portion of their commission, or granting any allowance in any shape or form, directly or indirectly, either to Passengers, other Agents. or any person whatever. *The Agent's commission includes all postages, telegraphic expenses of Agents for securing berths, &c., and no refund or allowance can be made for them. The cost of Bankers' Drafts, Postal or Post Office Orders, may be deducted from the remittance, but under no circumstances, can any charge be allowed for remittance by private cheque, which latter form of remittance is only permitted if previously arranged with the Company.*

No return or allowance to be made to Passengers or other persons. 7599

7600 *Petitioner's Exhibit 737*

4.—No Agent is permitted to issue Inland Tickets, nor in any way to book or quote Inland rates to Passengers nor to cause them to be booked Inland nor to receive commission for their being so booked, from the Port of Debarkation to their place of destination in America, except through the Steamship Company for which the Ocean Tickets are issued; and no Agent is permitted to issue Tickets to places not mentioned in the current Tariffs supplied to them by the Conference Company he represents. This rule applies only to Inland booking at Third Class (Emigrant or Colonist) and Second Class *or Mixed Class Rates. In collecting Inland fares Agents must be careful to charge the Inland tariff rate from the Port at which passengers land from the Atlantic steamer. It is not permissible to use the tariff rate from any other Port.*

Inland Bookings of Emigrant or Colonist *or Second or Mixed Class* must take place through the Steamship Company only, and only to places mentioned in the Tariff.

7601

7.—Any Agent reported by any Member of the Conference for irregularity in remittances becomes at once disqualified for acting for any Conference Company. Other infractions of rules may be dealt with by fine or disqualification, as decided by Conference.

Remittances.

6.—No charge is allowed to be made by Agents for bill-posting.

Bill-posting.

7602

8.—No circular or publication of any kind reflecting upon, or instituting any comparison unfavorable to any Conference Line or its Agents is to be issued or made use of by any Agent, nor shall any Agent or his employes make or utter any statement concerning any Conference Line or its Agents, or commit any act that can injuriously affect such Line's or its Agent's business.

Injurious Publications or statements concerning any Conference Line or its Agents forbidden.

Petitioner's Exhibit 737 7603

9.—When an Agent Advertises a Rate for Passage to America he must distinctly name the Line by which such rate is available, *and see that the rate inserted in the Advertisement is the correct one charged by the Line.*

Advertising Rates of passage.

10.—In order to regulate the connection between Liverpool Agents and Agents in the country and other towns, and to prevent the one interfering with the functions of the other, as is frequently the case to the detriment of all concerned, and further, to prevent indirect breaches of Conference Regulations, it has been agreed between the several Conference Companies, as follows:

Connection between Liverpool City Agents and Agents outside Liverpool.

7604

(A) That the charge per night for lodgings at the house of any Liverpool Agent, not including anything else but attendance, be not less than one shilling per adult, or one shilling and sixpence for two persons sleeping in one bed, for all British passengers, except those only just arrived from Ireland, for which passengers the lowest charge for lodgings shall be sixpence per night.

Charge for Lodgings in Liverpool.

(B) That the lowest charge for a plain meal be sixpence; and for a meal with meat one shilling.

(C) That the payment of commission on the board or lodging of passengers be strictly prohibited. Agents found paying or receiving such to be at once disqualified.

Commission on Board or Lodging.

7605

(D) That Agents outside of Liverpool be prohibited from making use of, or supplying passengers with any baggage labels except those issued by the Steamship Companies.

Baggage Labels.

11.—No Agent shall be justified in allowing Commission or committing any breach of the Conference Rules, because some other Agent may be suspected

7606

of doing so. It shall be the duty of every Agent to adhere strictly to the Rules, and to report any violation thereof that may come to his knowledge to the Conference Secretary or to the Steamship Company he represents.

Children between 1 and 12 years, half fare; Infants under 1 year, 15 Marks gross, 10/- nett. Commission to Head Agents, 17 Finnish Marks per adult. 7622

3. That the cash rate for Icelandic passengers be fixed as follows: For Fast steamers 140 kroners, for all other steamers of the Lines party hereto 115 from Iceland to landing port in America. Children between 1 and 12 half-fare, Infants 10 kroner, 10s. net. Commission to Head Agents 9 kroner per Adult, Kr. 4.50 per child. No prepaids to be issued.

All the foregoing rates apply only to steamers at present employed in the services of the Lines.

4. The British Lines agree to discontinue free forwarding of passengers from any Norwegian port to any other Scandinavian port for shipment. 7623

5. That beyond said commission no allowance of any kind based upon results, present, prospective, or retrospective be made. Each Company shall, however, be at liberty to allow its Head Agents such sum per annum fixed in advance without any expressed or implied reference to the Agents' bookings, as it may think desirable. The limit of such allowances being fixed by clause 19 hereof.

7624 *Petitioner's Exhibit 738*

6. That free railway tickets be granted only from United States ports of debarkation to New York, Boston, Philadelphia, or Baltimore.

7. The Scandinavian-American Line to confine its direct business to the ports it ran from prior to July, 1893, and to its present fleet, except that the *"Hekla"* and "Island" be permitted to call at Gothenburg.

8. That the Lines party hereto agree not to carry any other Lines' passengers at less than the rate in force for the Steamer carrying such passengers.

7625 9. The Lines agree not to book (nor allow to be booked by their agents) passengers for other than their own Sailings.

10. Finnish or other business booked by Scandinavian Agents, either directly or through a sub-agent, and forwarded through a Scandinavian port, shall be considered as Scandinavian business.

11. The Scandinavian-American Line undertakes not to engage as steward, or in any other capacity, for the passage out, any person who is accompanied by, or who can influence the booking of, intending passengers; and further that the Secretary of the Local Association shall be informed of the names of
7626 persons engaged to work the passage out as stewards, in time for an examination into the circumstances, should the Secretary or the Association desire it.

12. The Secretary of the Passenger Conference, at *31 James* Street, Liverpool, shall act as Secretary in Europe under this Agreement for all Lines parties hereto, who will furnish him, not later than Monday in each week, with a full and exact return of all Scandinavian and Finnish and Icelandic passengers carried during the previous week.

Petitioner's Exhibit 738 7627

13. Free and reduced passages being prohibited, no passenger shall be carried in any class of Atlantic Steamer who does not pay full tariff fare for the accommodation he receives. No free passages shall be given to Press representatives, shippers or brokers, or to any one with the object of obtaining other passages or business of any kind; the intention being that excepting that the principals of the different Firms or Lines are at liberty to grant free passages to Government officials, or to individuals being purely personal friends, no free passages whatever shall be given. 7628

14. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall at the option of the complaining party take place at Copenhagen, Liverpool or Glasgow.

(*b*) Notice in writing of intention to prefer a claim shall be given in reasonable time to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office in England of such British Line, and to the principal office of the Scandinavian-American Line, and shall be deemed to have been delivered in the ordinary course of post. 7629

(*c*) Unless the disputing party mutually agree to the appointment of a single Arbitrator within fourteen days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbi-

7630 *Petitioner's Exhibit 738*

trator, to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator, in the reference, whether the party fail-
7631 ing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic
7632 violation of this Agreement, and shall impose penalties accordingly.

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall be in accordance with the scale given in clause 4 sub-clause (*b*) of the Rules for Agents.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing

duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent for any Party hereto or reinstated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or reinstating him. 7633

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach, and each party hereby irrevocably declares him finally stopped from raising any contrary contention. 7634

(*i*) The Arbitrator or Arbitrators shall, notwithstanding they may have made and published an Award, have power to reopen and reconsider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and published or if the Arbitrator or Arbitrators see cause to extend the time then within three weeks of the issue and publication of the said Award. 7635

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile, residence or office of business of the parties to this Agreement may be or become.

7636 *Petitioner's Exhibit 738*

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

(*l*) Disposal of Fines. All fines shall be payable through the Arbitrators, who may in their discretion award a part or the whole thereof to the complaining party; any sum not so disposed of to be apportioned equally between the parties hereto, excepting the parties paying the fine.

7637 (*m*) This Agreement may be made a rule of *his* Majesty's Court of *Kings* Bench or *his* Majesty's Court of Common Pleas at Lancaster, or in the event of any party being concerned as a plaintiff or defendant residing out of the jurisdiction of both of those Courts, may be made a rule of any court in whose jurisdiction such party may reside.

15. That in case of complaint the Line complained against shall give every facility for the examination of passengers, and that the only persons to be present at such examination shall be one representative each of the complaining and defending Lines, with their interpreters, and the Acting Secretary under this
7638 agreement or his nominee.

In the event of the Secretary being the representative of the complaining or defending Lines another Secretary shall be nominated by the Lines, other than those at issue.

16. That the annexed Agreement Rules and Regulations for Agents considered part of this Agreement be adopted and enforced.

17. This Agreement to be subject to right of withdrawal by any Line on giving 14 days' notice.

Petitioner's Exhibit 738

18. The above rates are subject to change at any time by any Line considering such change necessary or desirable on giving a fortnight's notice. Any change so made by any Line may be followed without notice by any other Line, but same differentials must be maintained.

19. That the Indirect Lines each be allowed to pay a maximum sum of £600 per annum in salaries to Head Agents, throughout Scandinavia, but not more than £200 to be paid at any one port. This sum to cover office rent, advertising, and all incidental expenses for the twelve months. The Allan Line, Liverpool and London, and Allan and State Line, Glasgow, to be counted as one Line. The American Line,

7642 **Petitioner's Exhibit 739.**

N. B.—The additions herein are principally as authorized by Minutes 299, 337, and 453.

AGREEMENT

RULES AND REGULATIONS FOR AGENTS,

Relating to Scandinavian (Norway, Sweden and Denmark) and Finland Steerage Passenger Business, to be in Force on and From Date Hereof.

7643 1. Each Company being party to this arrangement shall obtain from each of its Head Agents his signature, duly witnessed, to two copies of these rules, one of which shall be deposited with the Secretary of the North Atlantic Passenger Conference, *31, James Street*, Liverpool, who shall act as Secretary under this Agreement, for all Lines parties hereto. Head Agents shall be those at the ports following, viz.—Drontheim, Bergen, Stavanger, Christiansand, Christiania, Gothenburg, Stockholm, Helsingborg, Malmo and Copenhagen, also Hango, or Helsingfors, Finland.

7644 2. All Agents in Scandinavia and Finland shall be liable to dismissal or fine by the Company employing them, or by the unanimous decision of the Companies parties to this agreement, other than the Companies employing them, without having any claim for damages or indemnity in consequence thereof.

3. An Association of Head Agents shall be maintained at each Head Agency port, with a duly appointed Secretary and Arbitrator. If at any time no agreement can be arrived at by the Associated Agents as to appointment of Arbitrator, the Secretary shall notify the fact to the Secretary under this agreement, at *31, James Street*, Liverpool, and the Lines party

hereto shall thereupon without delay make the appointment. The Secretary shall be one of the members of the Association and each to act for a period not exceeding three months, to be appointed in alphabetical order of their names. It shall be obligatory upon Agents to attend meetings personally, unless prevented by unforseen circumstances, when they have liberty to appoint a deputy—say the person managing his business at the time, or other competent member of his office staff—to attend. Wilful or continual absence from meetings without reasonable cause on the part of Agents, will be considered a breach of regu- 7646
lations.

4. (*a*) All differences, disputes, and complaints are, as far as possible, to be investigated at the Scandinavian or Finnish port—the Agents of the complaining and defending Lines to be present at the examination of passengers and investigation of complaints, *and it is the duty of the Local Secretary to instruct them to be present before examining passengers in cases of complaint*—and if it be considered by the Association, or any Member thereof, that a breach of the letter or spirit of this Agreement has been committed, the Association, or such individual Member, is empowered to refer the matter to the Arbitrator. 7647

(*b*) The Arbitrator shall have power to decide all matters thus brought before him, and to inflict fines as he may think equitable according to the following scale, in addition to the Arbitrator's fee and all costs relating to the Arbitration reference. He shall likewise have power to require the complainant or complainants to pay the costs and fee in case the decision be adverse to them.

7648 *Petitioner's Exhibit 739*

SCALE OF FINES.

For infractions committed by Members of Associations at	1st offence.	2nd offence.
Bergen, Stavanger or Christiansand	50 to 100 Kr.	125 to 200 Kr.
Drontheim, Stockholm, Malmo or Helsingborg	75 to 150 Kr.	125 to 250 Kr.
Christiania, Gothenburg or Copenhagen	100 to 200 Kr.	250 to 400 Kr.
Hango, Helsingfors, or other Finnish port	100 to 200 Kr.	250 to 400 Kr.

7649 For a third offence the penalty shall be dismissal and disqualification.

In case the complaint is in regard to the booking of passengers at reduced rates, or by improper concessions, and the transaction in question embraces more than one adult passenger, the amount of fine fixed shall be increased by ten per cent for each other computed adult so included in the transaction in question, even though the total exceed the scale limits.

(*c*) All fines and costs shall be borne by the Agents themselves, the Line employing them not being allowed to refund any part of the same. Head Agents to be responsible for payments of fines inflicted upon
7650 their Sub-Agents. All fines shall, under pain of disqualification, be paid immediately to the Arbitrator, who will thereupon remit same to the Acting Secretary at Liverpool.

(*d*) Application from the Association through the Secretary at Liverpool for an allowance out of the fines, levied at their port toward the legitimate expenses incurred by the Association will be considered.

(*e*) A Scandinavian or Finnish Arbitrator's Award which any three Lines parties hereto may con-

 7651

sider bad or defective, provided the fine awarded shall duly have been paid in, shall once only, at the instance of any of those Lines, be referred back to the Arbitrator in question for reconsideration. If not then amended, there shall be a right of final appeal by the said Company to the Lines party hereto, who shall have power to annul the award by the vote of a majority of two-thirds. The Line against whose Agent the complaint is brought shall have no vote.

5. In case of complaint the Agent and/or the Line complained against shall give every facility for the examination of passengers. It shall be considered a 7652
serious offence to advise a passenger to either evade examination or the giving of truthful evidence, on oath or otherwise.

6. Each Agent shall deposit with the Arbitrator cash security for Kr. 500, and should any Agent refuse to pay a fine imposed upon him, it shall be deducted from such deposit, and he shall at once be disqualified from acting thereafter as Agent for any of the Associated Lines. Any Agent omitting to make this deposit, shall be disqualified from acting for any Company party hereto.

7. Meetings shall be called by the Secretary of the 7353
Local Association for the date which may be fixed for ordinary meetings, or at any time on the request of any one member.

On the notice convening the Meeting must be stated the business to be discussed at such Meeting, and any question not entered on such notice paper cannot be considered, unless with the consent of those present.

All correspondence in connection with the Association must be circulated for the general information of the Members.

7654 *Petitioner's Exhibit 739*

8. At the Meetings of the Association the members shall take the chair in the alphabetical order of their names, or the Arbitrator appointed as per Rule 3 shall be the Chairman, if he be present at such meetings. The Passenger Manager of any of the Companies parties hereto, and the Secretary under this agreement shall be at liberty to attend any of the meetings, but shall have no vote.

Should any difference, dispute, or complaint take place, in connection with which the Chairman or secretary, for the time being is the complainant or defendant, the Members next in turn to take office as
7655 Chairman or Secretary must act as such when the matter is under discussion, or in carrying on the investigation connected therewith.

9. Each Association shall formulate local rules, not at variance with the tenor hereof, for governing all matters relating to their business.

A copy of such local rules to be forwarded to the Secretary, *31 James Street,* Liverpool, for approval, also notification of any alterations or additions thereto.

Added to Rule 7.

10. Such Rules and any alteration thereof must be
7656 unanimously adopted, and shall be binding on all Agents, unless any one of the Companies parties hereto refuse to confirm the same. Agents acting for more than one Line shall have one vote only. If unanimity cannot be obtained, a majority of the members may appeal through the Secretary under this agreement to the several Companies parties hereto, and upon his advising the Association that the objection of the minority has been overruled by the Companies, the proposal in question shall stand good.

11. (*a*) From the gross Ocean rate fixed by the Companies, a commission of 12 kroner per adult, 6

kroner per child, and 1 kroner per infant, will be allowed to Head Agents. In the case of Finnish Head Agents, the commission will be 17 Finnish marks per adult, 8.50 Finnish marks per child, and 1 1/2 Finnish marks per infant. The commission allowed them on the Inland fare will be 5 per cent, except on fares to points east of Buffalo, Pittsburg, Wheeling, &c., to which no commission is paid. No further allowance per head or based upon the amount of business done, present, prospective, or retrospective, can be made.

(*b*) Head Agents are empowered to allow out of 7658
their commission to sub-agents only, a commission of 5 kroner per adult, and 2.50 kroner per child. In the case of Finnish Sub-Agents, commission not to exceed 7 Finnish marks per adult, 3.50 Finnish marks per child.

(*c*) Sub-Agents are not to be allowed commission on Infant Fares, American Inland Fares, Money Exchanging or Drafts, nor shall any allowances, presents, or concessions of any kind beyond the above commission be granted them.

(*d*) Sub-Agents reported to the Local Association as being in default to any Association Member, or as 7659
acting for any Line not party to the Scandinavian Agreement, shall *ipso facto*, be disqualified, and shall not be eligible for employment in any capacity by any Association Member during the period his disqualification remains in force.

(*e*) Commission allowance for forwarding prepaid passengers one shilling per statute adult.

(*f*) In regard to Christiansund, Aalesund, Laurvik, and Arendal in Norway, Stockholm in Sweden, and Esbjerg in Denmark, Head Agents are at

7660 *Petitioner's Exhibit 739*

liberty to pay commission to their agents at Scandinavian points, not exceeding 10 kr. per adult. In the case of Finnish points, viz:—Wasa, Kristinestad, and Gamla Karleby, the Sub-Agents' commission not to exceed 14 Finnish marks.

Christiansund and Aalesund shall be governed by Drontheim or Christiania, or Bergen; Arendal, and Laurvik by Christiania, or Christiansand, Stockholm by Gothenburg, Helsingborg and Esbjerg by Copenhagen, and it is also permissible for any Line to govern Malmo or Helsingborg by Gothenburg or
7661 Copenhagen; Finnish points by Hango or Helsingfors.

(*g*) No person shall be acknowledged as Sub-Agent, or receive commission for business done within one month from the date upon which his agent's license is countersigned by the police authority at the port from which such license is issued.

(*h*) The rates fixed from time to time are not subject to any allowance or drawback of any kind, either to a leader in the shape of free or reduced passage in any class, or in any other way, directly or indirectly, and no person shall be carried who does not pay the full tariff fare for the accommodation he receives.

7662

12. By "Adult" shall be understood any person who, by the date fixed for his or her embarkation at the Scandinavian or Finnish Port, will have completed his or her twelfth year; by "Child" such as, on said date, will be twelve months and under twelve years old, and by "Infant" such as, on said date, will not have completed the twelfth month.

Agents shall require the production of baptismal certificates for children and infants, and where such verification of the ages stated cannot be produced, or the attestation obtained of two other Agents that

Petitioner's Exhibit 739 7663

the ages stated are manifestly correct, the children shall be charged for as if they had passed fixed age-limit.

In the event of passengers not being able to produce the certificates of baptism of the children, or of its being inconvenient to obtain the attestation of two other Agents, the Agent is permitted to book at once (without calling in two other agents) provided it is manifest to him that the infant or child is not above six months, or eight years respectively; but for any such infant or child so booked, the Agent must immediately give notice to two of the other Agents 7664 *of the transaction, in order that they may investigate the matter, if there be in their opinion any doubt about the infant or child being under the Conference age limit, viz: infant under 12 months and child under 12 years. Failing his giving such notice, the booking of such child or infant will be considered a breach of clause 12 of the Agreement.*

13. (*a*) The actual amount received from passengers shall in all cases be distinctly entered on the passage contract ticket. Deposits must not be received to cover the booking of passengers whose full names and ages are not recorded (and a deposit ticket issued in favour of each *individual passenger, except in the case of a* 7665 *family the whole of whose names may be entered upon one deposit receipt) at the time of making deposit. In other words, no passenger shall be considered as booked in advance who has not paid the full amount of fare or a cash deposit on account of same, and who has not received at the time of making the deposit or paying the full fare a ticket or deposit receipt in his or her name and showing therein the amount paid, the date of payment, and the full fare through to destination agreed upon. It will be considered a breach of this rule if any Agent issues a deposit receipt or*

7666 *Petitioner's Exhibit 739*

contract ticket without these particulars are fully inserted therein.

The name of the Steamer for which deposit receipt or Contract Ticket is issued must be plainly stated thereon, and in the case of Prepaid Certificates, such must not be accepted for passage by Steamers other than called for by the Prepaid Certificate or other than those to which the Rate named in the Prepaid Certificate applies unless difference in Rate is paid.

(*b*) Agents shall not be permitted to quote rates nor issue tickets at any but the authorized through
7667 rates from Scandinavian and Finnish Ports.

In cases when booking families through to an Inland destination, the proper tariff rate of Inland transportation must be collected from every member of the family of 5 years and upwards, and the total amount of such Inland fare, along with the total amount of Ocean passage money, entered in the contract ticket.

When the whole family, that is each member of it 5 years old and above, are not prepared to pay the cost of Inland transportation, but wish to book only a portion of the family Inland, then the Agent must decline to book any of the family Inland at all, but
7668 *collect the Ocean passage money to the port of debarkation only.*

(*c*) The British Lines agree to discontinue free forwarding of passengers from Norwegian ports to other Scandinavian port for shipment.

(*d*) No allowance for transportation of baggage, board or lodging in Scandinavia or Finland, nor any other concession from the fixed rate, in any form whatever, shall be promised, granted, or pretended to be offered to or on account of any passenger, except that the Scandinavian-American Line be allowed

to pay board, transportation expenses, &c., at the port of embarkation on passengers booked through at, and arriving from other points to which agreement Ocean rates apply. The British Lines to have equal right regarding points in Scandinavia and Finland, when passengers booked at the agreement Ocean rate under above clause C are not conveyed direct from thence to the East Coast port in Great Britain

(*e*) Passengers booked to or from Scandinavian or Finnish Inland points must in all cases be given a ticket or forwarding order for the journey to or from the Port of Embarkation or Debarkation; it being 7670
prohibited to give cash or its equivalent for such Inland journey.

(*f*) *Added to Rule 13* (*a*).

14. No Agent is permitted to issue Inland Tickets, nor in any way to book or quote rates to passengers nor to cause them to be booked, nor to receive commission for their being so booked from the Port of Debarkation to their place of destination in America, except through the Steamship Company for which the Ocean Tickets are issued; and no Agent is permitted to issue Tickets to places not mentioned in the current Tariffs supplied by the Company he repre-
sents. 7671
This rule applies only to Inland booking at Third Class (Emigrant) or Colonist and Second Class *or Mixed Class rates.* Such Tariffs to be only those tabled by the respective Steamship Companies with the Secretary.

In charging Inland rates quoted in the British currency tariffs, the rate of exchange of Kr. 18.25 per Pound is to be used; and when quoting Inland fares from an American currency tariff, the exchange of Kr. 3.80 per Dollar to be charged.

7672 *Petitioner's Exhibit 739*

15. Agents are not permitted to represent a Line or Lines not party to this Agreement. Agents shall not book passengers for any Line other than that they directly represent.

16. No circular or publication of any kind reflecting upon or instituting comparisons between the Lines subscribing to this Agreement shall be issued or made use of by any Agent, nor shall any Agent or his employès make or utter any statement concerning any Line party to this Agreement, or concerning its Agents, or its sailings, that can injuriously affect such
7673 Line's or its Agents' business, and it is prohibited for an Agent or his Employès to meddle with the prepaid or cash passengers, or tickets, of any Line not represented by him. To avoid the possibility of being fined for breach of this rule, Agents are requested to avoid all reference to Lines other than those they represent. Agents describing vessels must not exaggerate their size or speed or publish any tonnage other than the gross registered tonnage.

17. Agents' Associations in Scandinavia are to determine a uniform rate of exchange for drafts, currency or gold, such rate not to be less than Kr. 3.70 nor more than Kr. 3.80 per Dollar.

7674 18. A return of the numbers of cash and prepaid passengers leaving the port (and outports, if any, under its control) must be sent monthly by the Secretary of each Local Association to the Secretary under this Agreement, at Liverpool, as also copies of all Minutes and Agreements of the Association.

19. To conduce to an uniform interpretation of the terms hereof by the several Agents and Arbitrators, an approved translation of this Agreement shall be printed respectively by the Associations at Christiania, Gothenburg, and Copenhagen, and three copies

 7675

be supplied to each member of the several Associations respectively, in Norway, Sweden, and Denmark, and to their Arbitrators, also to the Secretary in Liverpool, who will remit the expense thereby incurred.

20. The following Lines are parties to this Agreement:

ALLAN LINE and STATE LINE Liverpool, Glasgow and London.

ANCHOR LINE, Glasgow, Liverpool and London.

AMERICAN LINE, Liverpool and Philadelphia, and Southampton and New York.

CUNARD LINE, Liverpool. 7676

DOMINION LINE, Liverpool.

SCANDINAVIAN-AMERICAN LINE, Copenhagen.

WHITE STAR LINE, Liverpool.

Revised Proof.

AGREEMENT R

AGREEMENT ON FIRST CLASS BUSINESS.

Between the Allan Line — Allan-State Line — American Line — Anchor Line — Atlantic Transport Line — Cie. Générale Transatlantique — Cunard Line — Dominion Line — Hamburg-Amerika Linie — Holland-Amerika Lijn — Leyland Line — Norddeutscher Lloyd — Red Star Line — White Star Line.

7679 1. Minimum Ocean Rates for First Class Passengers, Eastbound and Westbound:

Winter	Summer	
£20.10	£23.10	Kronprinz Wm., Kaiser Wm. II., Kaiser Wm. d. Gr., Deutschland.
£18	£21	Oceanic
£17	£20	Campania, Lucania, Amerika, Kaiserin Auguste Victoria.
£14[1])	£17[1])	Amerika, Kaiserin Auguste Victoria.
£16	£19	Lorraine, Savoie (Provence, to be rated, when she comes out).
£16	£19	Baltic, Cedric, Celtic, Caronia, Carmania.
7680		
£15	£18	Moltke. Blücher, Grosser Kurfürst.
£14	£17	Hamburg, Bremen, Barbarossa, König Albert, Friedrich der Grosse, Königin Luise, Prinzess Irene, Prinzess Alice
£15	£18	Majestic, Teutonic, St. Louis, St. Paul, Newyork, Philadelphia.
£14	£17	Touraine, Aquitaine.

Petitioner's Exhibit 740 7681

1) For passengers not provided with food. The restaurant charges for food being such as will prevent a passenger availing of these rates crossing at less than £ 17.— 20 including food.

Winter	Summer	
£13.10	£16.10	Umbria, Etruria.
£13	£16	Saxonia, Ivernia, Arabic, Republic, Canopic, Minneapolis, Minnehaha, Minnetonka, Vaderland, Zeeland, Finland, Kroonland, Holland America Line all steamers. Pennsylvania, Patricia, Pretoria, Graf Waldersee, Victorian, Virginian. 7682
£13	£14	Columbia, Caledonia.
£12	£15	Canada, Carpathia, Tunisian, Bavarian, Bretagne, Champagne, Gascogne etc., Cymric.
£11	£14	Cymric (when carrying cattle).
£11	£14	Other Steamers Dominion, Atlantic Transport, Leyland, C. P. R., Allan L'pool, Hamburg American Line and North German Lloyd.
£11	£11	Other slow steamers of Anchor and Parisian of Allan Line from Glasgow. 7683
£10	£10	Allan State Line.

New steamers to be rated as they come out on a similar basis. Such rating to be subject to revision by arbitration in case of difference of opinion arising.

The Mediterranean services of the Lines parties to this agreement are excepted from the operation of this agreement.

7684 *Petitioner's Exhibit 740*

2. The Westbound and the Eastbound Summer Season shall be from 1st April to 31st October inclusive, except for Anchor Line „Columbia" „Caledonia" which shall have Summer Season 1st May to 31st October inclusive.

3. Servants accompanying First Class Passengers must pay the First Class Minimum Winter Rate of the respective steamer, throughout the year, if they have access to the First Class accommodation.

4. The minimum rates stipulated in Clause 1 are
7685 understood to be gross per adult, including commission.

5. Children of 1 year and under 10 years pay half fare, children under 12 months are free.

6. Through booked passengers must pay in addition to the Ocean Fare the actual official tariff rate of the Transportation Companies by which the transportation takes place.

7. Each Line is at liberty to fix its Minimum Westbound Cash or Prepaid or Eastbound Rate independently of each other higher than provided for in this Agreement.

7686 8. On round-trip tickets a reduction of 10% can be made, on the return portion of the rate. Passengers not taking round-trip tickets are not to be allowed any reduction when taking their homeward tickets

9. All rates and commissions shall be converted into the different currencies at the following rates of exchange: 1 s. = 1 mark = 1.25 fr. = $ 0.25 = 0.60 Dutch guilder.

Petitioner's Exhibit 740 7687

10. No free passes or reductions shall be given to press representatives, shippers, or brokers, or to anyone, with the object of obtaining other passengers or business of any kind or in recognition of advertisements in any way, the intention being that except that the principals of the different firms or Lines are at liberty to grant free passes or reductions to Government officials, Scheduled General Agents or to other individuals on purely personal grounds, no free passages or reductions whatever shall be given.

An exception shall be made in the case of steamers carrying live stock, which steamers are at liberty to 7688
convey men when accompanying such live stock and on the return journey free of charge. An exception shall also be made in the case of Canadian steamers carrying charity children, which steamers are at liberty to convey the persons accompanying such charity children and on the return journey free of charge.

Allan Glasgow Canadian Service may grant passes when absolutely necessary in competition with Donaldson Line, they confining such passes to their Canadian service and reporting any passes given to the other Canadian Conference Lines.

11. Bicycles shall be charged 10/-each; they must be crated. Dogs to be charged not less than 40/-each. 7689

12. The commissions to agents on First Cabin business shall be as follows:

For tickets issued in America:

Not more than 5% of the passage money with a minimum of $4 per adult for a single passage and $8 for a round-trip passage except in the case of scheduled General Agents, who are nonsalaried, to whom an extra commission of 2 1/2% of the gross amount of the passage money may be paid.

7690 *Petitioner's Exhibit 740*

For tickets issued in Europe:

In Great Britain and Scandinavia
not more than 5% of the passage money, except 7 1/2% to agents in London. (See Clause 12.)

On the Continent
not more than 7 1/2% of the passage money to General Agents or to agents in Paris (see clause 13), and not more than 5% to tourist offices, bankers, and agents doing only Cabin business. Such agents in the Cabin and Steerage business who have their own sub-agents organization are considered as General Agents.
7691 It is agreed that such General Agents cannot pay to their sub-agents more than 5% commission.

Tourist Offices

shall under no circumstances and in no country receive more than 5% commission.

Names of agents receiving more than 5% Commission to be reported to the Secretaries of the respective conferences who are to keep lists of same and circulate the lists amongst all the parties.

Agents may be allowed 3 sh. per ticket for exchanging prepaid or return tickets.

7692 13. Each Line shall not have more than two offices in London (Westend and City) for First Class business, and two in Paris, for its own account or conducted by an agent or by agents receiving 7½% commission (clause 12), and one office for its own account in any other place, which offices or agents are at liberty to pay to sub-agents or brokers a commission not exceeding 5% of the passage money. The above restriction for Paris does not refer to the Cie. Transatlantique.

14. The commission includes telegraphic expenses of agents for securing berths, etc., and no refund or allowance shall be made for them.

15. This agreement shall take effect 27th March and circulars and tariffs shall be issued and mailed not later than 25th March, 1905.

16. The agreement shall continue for one year and thereupon or thereafter may be terminated on 3 months' notice.

17. All official communications between the Lines must be made through the Secretary of the North 7694
Atlantic Passenger Conference, or of the Nordatlantischer Dampfer-Linien Verband.

18. Steamers carrying only Second class Passengers, as distinguished from First class, must appear in all advertisements, circulars or other printed matter, issued by the Line, as carrying Second class Passengers only, without any reference to such passengers enjoying so-called Saloon Privileges.

19. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this agreement shall be settled by 7695
Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall take place at London.

(*b*) Notice in writing of intention to prefer a claim shall be given, in reasonable time, to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in registered letter, duly addressed to the principal office

7696 *Petitioner's Exhibit 740*

in England of such British Line, and to the principal office on the Continent of such N. D. L. V. Line, and shall be deemed to have been delivered in the ordinary course of post.

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

7697 (*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may, if so required by the party or parties who appointed him, proceed to act as sole Arbitrator in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

7698 (*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offenses, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £ 50, nor more than £ 500 sterling, or the equivalent, for each breach, and for breach by any agent the fine or damages shall not be less than 5 £ nor more than £ 100.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not 7700
to employ him, and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and 7701
each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an Award have power to re-open and reconsider the same and to hear further evidence and to make a fresh Award, provided cause be shown satisfactory to him or them within one week after the Award is first made and published, or if the Arbitrator or Arbitrators see cause to extend the time, then within three weeks of the issue and publication of the said Award.

7702 *Petitioner's Exhibit 740*

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England, wherever the domicile residence or office of business of the parties to this Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

7703

7704

Petitioner's Exhibit 741.

7705

London, March, 1905.

AGREEMENT F

AGREEMENT ON SECOND CLASS BUSINESS.

Between the Allan Line — Allan-State Line — American Line — Anchor Line — Cunard Line — Dominion Line — Hamburg-Amerika Line — Holland-Amerika Line — Norddeutscher Lloyd Line — Red Star Line — White Star Line — Cie. Générale Transatlantique.

1. Minimum Ocean Rates for Second Class Passengers, Eastbound and Westbound:

7706

		Westbound			Eastbound		
"Oceanic," "Campania," "Lucania"		10	0	0	10	0	0
"Majestic," "Teutonic," "Baltic," "Cedric," "Celtic," "Caronia," "Carmania," "Carpathia," when not carrying First Class Passengers or cattle.		9	10	0	9	10	0
		9	10	0	9	10	0
"Philadelphia," "New York" / "St. Louis," "St. Paul"	Great Britain / Cherbourg	9	10	0	9	10	0
		11	0	0	10	0	0
"Umbria," "Etruria," "Saxonia," "Ivernia," "Arabic," "Republic," "Canopic" "Ottawa," "Victoria," "Virginian" and Empress boats		9	0	0	9	0	0
"Canada," "Ionian" (from Liverpool), "Tunisian," "Bavarian"							
"Kensington," "Southwark" American Line, Philadelphia Service "Columbia," "Caledonia"		8	10	0	8	10	0
Other existing steamers Allan Line do. Dominion Line Canadian Pacific Steamers "Furnessia" and "Parisian" from Glasgow		8	0	0	9	10	0
Other existing steamers Allan, Allan State and Anchor Lines from Glasgow		7	10	0	7	10	0
"Buenos Ayrian," "Laurentian"	London	7	5	0	7	5	0
"Sardinian," "Pomeranian" "Sarmatian"	Havre	30/—lower than lowest rate of C. G. T.					

7707

7708 *Petitioner's Exhibit 741*

"Kaiser Wilhelm II," "Kronprinz Wilhelm," "Kaiser Wilhelm der Grosse," "Deutschland"	12	0	0	11	0	0
X. Cie Générale Transatlantique twin screw steamers: "Amerika," "Kaiserin Auguste Victoria,"	11	10	0	10	10	0
Cie Générale Transatlantique single screws	10	10	0	9	0	0
"Barbarossa" and "Moltke" class	11	0	0	10	0	0
Red Star Line	10	10	0	9	0	0
Holland American	10	0	0	9	0	0
"Rhein," "Main," "Neckar" type	10	10	0	9	10	0
"Frankfurt," "Gera" type	10	10	0	9	0	0
Hapag slow steamers	10	10	0	9	10	0

7709 New steamers to be rated as they come out on a similar basis. Such rating to be subject to revision by arbitration in case of difference of opinion arising.

The above are minimum Ocean rates except that the present practice of providing passengers by United States Lines with third-class Rail tickets between London and Liverpool for 10s. additional is continued. The Glasgow Lines may provide similar transportation between London and Glasgow for 25s. additional, and the Canadian Lines, when sailing to Canadian ports, are allowed to include the Rail ticket to and from London in the Ocean fare.

7710 All British Lines to advertise and charge 20s. more than the respective British Line rates from and to all Continental ports, and the said British Lines' rates to be the net rates off East Coast port for Scandinavian and Finnish passengers. No lower local rate than 20s. between the Continent and Great Britain is to be charged or advertised not even in 3rd Class tariff and advertisements.

The rates named include free transportation between New York, Philadelphia and Boston.

All Contracts are to be tabled.

2. When any Service has more than one rate, the tickets both prepaid and cash, issued at the lower rates shall plainly state they are available only for the named steamers to which the lower rate applies, and the Companies undertake that they will not carry the holders of lower rated tickets by higher rated steamers unless they have been paid the difference in rate.

3. The minimum rates named above are understood to be gross per adult including commission.

4. Children of 1 year and under 12 years to be charged half-fare. Children under 12 months one pound. 7712

5. Each Line is at liberty to fix its minimum westbound cash or prepaid or eastbound rates independently of each other, higher than provided for in this Agreement.

6. On round-trip tickets a reduction of 10% may be allowed off the return portion of the fare. Passengers not taking round-trip tickets are not to be allowed any reduction when taking their tickets for the return journey.

7. All rates and commissions shall be converted into different currencies at the following rates of exchange: 7713
— 1 s = 1.25 fr. = 1 mark = $0.25 = 0.60 Dutch guilder.

8. The Norddeutscher Lloyd and the Hamburg-Amerika Line have the right to quote to or from Southampton, Dover and Plymouth for their Express steamers the same second class rate as the American Line for their fast steamers to or from Southampton, except that for the four steamers "Kaiser Wilhelm der Grosse," "Kaiser Wilhelm II.," "Kronprinz Wilhelm" and "Deutschland," they shall charge 30s. more, and for all other except their Express steamers they may quote 10s. less (so far as British law permits).

7714 *Petitioner's Exhibit 741*

9. No free passages or reductions shall be given to press representatives or in recognition of advertisements, or to shippers, or brokers, or to anyone with the object of obtaining other passengers or business of any kind, the intention being that except that the principals of the different firms or lines are at liberty to grant free passages to Government officials or other individuals on purely personal grounds, no free passages or reductions whatever shall be given.

10. All official communications between the Lines must be made through the Secretary of the North
7715 Atlantic Passenger Conference, or of the Nordatlantischer Dampfer-Linien-Verband.

11. Steamers carrying only Second class Passengers, as distinguished from First class, must appear in all advertisements, circulars or other printed matter issued by the Line as carrying Second class Passengers only, without any reference to such passengers enjoying so-called First Class or Saloon Privileges.

12. Bicycles to be charged 10s.; they must be crated. Dogs to be charged 40s.

13. Commissions to agents on second cabin business shall be as follows:

7716 For tickets issued in America: 5% with a minimum of $3 per adult for a single passage, and $5 per adult for round-trip passage. An extra commission of $1 per adult for single passage, and $2 per adult for round-trip passage may be allowed to scheduled General Agents at the recognized general passenger agency points.

For tickets issued in Europe: In Great Britain the commission to any agent to be 5% with a minimum of 9s. per adult for a single passage, and 18s. per adult for round-trip ticket. On the Continent not

more than 15s. per adult for a single passage and 30s. per adult for round-trip ticket.

The General Agents of the Continental Lines at London and their ports of call are considered as Company's own offices.

Tourist Offices in Great Britain shall under no circumstances receive more than 5% commission with a minimum of 9s. per adult for a single passage, and 18s. per adult for round-trip ticket; on the European Continent not more than 10s. per adult for a single passage, or 20s. per adult for round trip ticket, and in the United States 5% with a minimum of $3 per adult for a single passage and $5 per adult for round trip ticket. 7718

Agents may be allowed 2s. per ticket for exchanging second class prepaid or return tickets.

14. The commission includes telegraphic expenses of agents for securing berths, etc., and no refund or allowance shall be made for them.

15. This agreement shall take effect 27th March and circulars and tariffs shall be issued and mailed not later than 25th March, 1905. The agreement shall continue for one year and thereupon or thereafter may be terminated on 3 months' notice.

7719

16. The Mediterranean services of the Lines parties to this agreement are excepted from the operation of this agreement.

17. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall take place at London.

7720 *Petitioner's Exhibit 741*

(*b*) Notice in writing of intention to prefer a claim shall be given, in reasonable time, to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in registered letter, duly addressed to the principal office in England of such British Line, and to the principal office on the Continent of such N. D. L. V. Line, and shall be deemed to have been delivered in the ordinary course of post.

7721 (*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party
7722 or parties who appointed him proceed to act as sole Arbitrator in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £ 50, nor more than £ 500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall not be less than 5 £ nor more than £ 100. 7724

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him, and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by 7725
the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an Award

7726 *Petitioner's Exhibit 741*

have power to re-open and reconsider the same and to hear further evidence and to make a fresh Award, provided cause be shown satisfactory to him or them within one week after the Award is first made and published, or if the Arbitrator or Arbitrators see cause to extend the time, then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according
7727 to the law of England, wherever the domicile residence or office of business of the parties to this Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

7728

Petitioner's Exhibit 742.

7729

PROPOSAL OF THE BRITISH LINES.

Cologne 25th May 1906.

CONTINENTAL BUSINESS.

Agreement between the undersigned representatives of the Hamburg-Amerika Linie, Norddeutscher Lloyd, Holland-Amerika Linie, Red-Star-Line, Allan & Allan State Lines, American-Line, Anchor-Line, Dominion Line and White Star Line.

1. That the British Lines, namely: Allan, and Allan State Lines; American; Anchor, Dominion, and White Star Line agree to enter into a pool contract with the N. D. L. V. Lines, namely: Hamburg-Amerika Linie, Norddeutscher Lloyd; Holland-Amerika Linie, and Red Star Line, the said British Lines to be considered as one party, the N. D. L. V. Lines as the other party hereto. 7730

2. The N. D. L. V. Lines, agree to withdraw altogether from the carriage of Scandinavian (Norway, Sweden, Denmark and Iceland), Finnish and British Steerage business, Westbound and Eastbound, direct and indirect, except indirect Eastbound Scandinavian and Finnish by Norddeutscher Lloyd and Hamburg-Amerika Linie via their home ports, which Lines shall charge for their fast services (Definition here of fast services postponed for same reasons as clause 8) the same rate as the British fast steamers and for their slower services two dollars less and conditional upon this. 7731

3. The British Lines agree to accept as their share of the Continental Steerage traffic 7,8 per cent per annum of same. Such traffic to include all German, Austrian, Hungarian, Servian, Bulgarian, Dutch, Belgian, French, Russian or Helvetian passengers carried

7732 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

for in clause 5. Italian passengers, coming to Great Britain by direct steamers and carried by British Lines from British ports, are also considered as Continental passengers under this contract.

The Lines parties to this agreement undertake not to support or finance a new competition (U. A. L. excepted) from the Mediterranean (Adriatic and Black Sea included) or from the Continent.

If any Line, not party to this agreement, should come into the business of taking Continental Steerage
7733 passengers, any passengers taken by such new Line, are not to form part of the account between the British Lines and the N. D. L. V. Lines. In case of such new competition on the Continent (the Compagnie Générale Transatlantique excepted) the N. D. L. V. Lines have the right to suspend the agreement as long as such competition exists. The British Lines have in like manner the right to suspend the agreement, if any N. D. L. V. Line or any other line from the Continent competes therewith for Scandinavian and/or British steerage business.

The percentage above agreed upon to be operative until 31st December, 1906, and thereafter to be sub-
7734 ject to revision at the beginning of each calendar year, based on the total of British and Scandinavian steerage traffic on the one side, and Continental steerage traffic by the Lines, parties to this agreement, on the other side, in the previous calendar year, as compared with the carryings forming the basis of the agreement of 1895, between the parties, as defined in Appendix A to this agreement. (An example how the new percentage is to be found to be attached hereto.)

4. That this agreement be subject to a power of suspension being exercised by any line, should a

by the Lines parties to this agreement from ports between Cronstadt and Bordeaux inclusive, and also passengers of these nationalities carried by the Lines parties to this agreement from Scandinavian, Finnish or Mediterranean ports, unless in the case of the British Lines such passengers may be booked as British, Scandinavian, or Finnish passengers as defined in the second paragraph of clause 5.

Italian passengers carried by the British Lines from British ports to be accounted for the pool.

If any line not party to this agreement should come 7736
into the business of taking Continental Steerage passengers, any passengers taken by such new line are not to form part of the account between the British Lines and N. D. L. V. Lines. In case of such new competition on the Continent (the Compagnie Générale Transatlantique excepted) the N. D. L. V. Lines have the right to suspend the agreement. The British Lines have the right to suspend if any N. D. L. V. Line or any other Line from the Continent competes therewith for Scandinavian and/or British Steerage business.

The percentage above agreed upon to be subject to revision at the beginning of each agreement year, 7737
based on the carryings of British and Scandinavian steerage traffic on the one side and Continental steerage traffic on the other side in the previous calendar year as compared with the carryings forming the basis of the agreement of 1895 between the parties as defined in Appendix A to this agreement.

4. That this agreement be subject to a power of suspension being exercised by any Line, should a new

7738 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

new Line, or steamer or steamers, outside of those of the existing British Lines, be started from Scandinavian ports, or take passengers from such ports, which new Line, steamer or steamers, belong to or are chartered by any of the existing N. D. L. V. Lines, or in which any of the existing N. D. L. V. Lines should have any other interest, direct or indirect; the intention of the parties subscribing hereto being that no countenance, influence or support of any kind be extended to any Line, steamer or steamers, seeking
7739 to attack the British interests in Scandinavia, or the Continental Lines' interests on the Continent.

5. The British Lines agree to pay compensation to the N. D. L. V. Lines at the rate of sixty shillings per soul for any Continental business they carry in excess of their share as fixed in clause 3. The N. D. L. V. Lines in like manner undertaking to compensate the British Lines at the rate of sixty shillings per soul for all passengers the British Lines may be short of their allotment.

A Continental passenger is:

a) Every passenger carried by the Lines parties to this agreement coming from or via ports between
7740 Cronstadt and Bordeaux inclusive.

b) Every Italian or Oriental passenger, coming to Great Britain by direct steamers and carried by British Lines from British ports.

c) Every passenger of German, Russian, Austrian, Hungarian, Servian, Bulgarian, Roumanian, Montenegrinian, Helvetian, Dutch, Belgian, French, Luxemburgian origin forwarded by Lines parties to this agreement coming from or via Scandinavian, Finnish or Mediterranean ports, but after a continuous residence of such a person in Great Britain, Scandinavia,

Petitioner's Exhibit 742 7741

Proposal of the British Lines.

Line, or steamer or steamers, outside of those of the existing British Lines, be started from Scandinavian ports, or take passengers from such ports, which new Line, steamer or steamers, belong to or are chartered by any of the existing N. D. L. V. Lines or in which any of the existing N. D. L. V. Lines should have any other interest, direct or indirect, the intention of the parties subscribing hereto being that no countenance, influence or support of any kind be extended to any Line, steamer or steamers, seeking to attack the British interests in Scandinavia. 7742

5. The British Lines agree to pay compensation to the N. D. L. V. Lines at the rate of sixty shillings per soul for any Continental business they carry in excess of their share of 7,8 per cent. The N. D. L. V. Lines in like manner undertaking to compensate the British Lines at the rate of sixty shillings per soul for all passengers the British Lines may be short of their allotment of 7,8 per cent.

A Continental passenger is a person of Continental origin as defined in clause 3, but the continuous residence of such a person in Great Britain (Scandinavia or Finland or in a Mediterranean country not specified 7743
in clause 3) for at least five weeks shall justify the Lines in booking him as a British (Scandinavia, Finnish or Mediterranean) passenger. In like manner a British or Scandinavian passenger must have resided in the Continental country from which the steamer sails, five weeks before he can be booked by a Continental steamer.

7744 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

Finland or in a Mediterranean country, not specified above, of at least five weeks, the Lines shall be justified in booking him as a British, Scandinavian, Finnish or Mediterranean passenger. In like manner a British, Scandinavian or Finnish passenger must have resided on the Continent at least five weeks before he can be booked for a Continental steamer. The detention of passengers for 5 weeks in a certain country in order to exempt them from the accounts is contrary to the spirit of this agreement.

7745 The White Star Line not to carry Continental passengers from Mediterranean ports.

6. All Continental prepaid tickets sold for British Lines shall be regularly advised to the Secretary of the N. D. L. V. All other prepaid tickets sold for British Lines to be endorsed as follows:

"This ticket is not available for any person residing at present on the Continent of Europe."

A clause to the same effect to be contained in all third class circulars issued to agents by the British Lines. The British Lines hold themselves responsible not to honour such prepaid tickets issued in violation

7746 of this clause.

The British Lines agree that they will not establish, use or tolerate any agents organization in Great Britain, America or on the Continent, or countenance or take any steps for the booking of Continental passengers, except through their regular authorized agencies.

The Continental Lines having proven that since years certain agents make it their business to book with the British Lines passengers as British, Scandinavian or Finnish passengers, who in fact had to be accounted for as Continentals, the British Lines agree,

Petitioner's Exhibit 742 7747

Proposal of the British Lines.

7748

All prepaid tickets sold by British Lines at British rates to be endorsed—"This ticket is not available for any person at present residing on the Continent of Europe."

The British Lines agree that they will not establish, use or tolerate any agents' organization in Great Britain, America or on the Continent, or countenance or take any steps for the booking of Continental passengers, except through their regular authorized agencies.

An officer to be known as Control Officer to be chosen by the N. D. L. V. Lines and approved by 7749
the British Lines to be appointed by the N. D. L. V. Lines for investigating cases. And whenever it is alleged that the British Lines have booked a Continental passenger as defined in clause 3 as a British Scandinavian or Finnish passenger without his being qualified for such booking by a five weeks' residence it shall be incumbent on the British Lines to satisfy such Control Officer that such passenger has been properly qualified by five weeks' residence, or otherwise that shall return him to the Pool as a Continental passenger.

7750 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

that the Continental Lines for investigation purposes establish a Clearing-house in England, in a similar way as the British Lines in former years used to have one in Hamburg, under an agreement with the Hamburg-Amerika Linie.

The task of this Clearing-house will consist in seeing to it, that all passengers defined under this agreement as Continentals are accounted for as such. The Clearing-house will carry on its investigations in London, Southampton, Liverpool, Glasgow, Libau or any
7751 other place as it may deem necessary.

The British Lines agree to allow the Clearing-house officials upon request and at any time to inspect their passenger-manifests, agents, booking slips, etc., to give them admittance to their steamers, passengers, boarding houses, agencies, etc., etc., briefly, to enable the officials to fulfill their duty to the satisfaction of the N. D. L. V. Lines.

It is understood that in cases where the Clearing-house expresses its doubts as to the origin of a passenger, it is the duty of the forwarding or booking British Line to prove to the Clearing-house's satisfaction that the passenger is not a Continental one in the sense of this agreement. If such British Line
7752 should not be in a position to prove to the satisfaction of the Clearing-house that the passengers are of British, Scandinavian or Finnish origin in the sense of this agreement, such passengers to be accounted for as Continentals without demur.

It is distinctly understood, however, that the above investigations by the N. D. L. V. Lines' Clearing-house does not free the British Lines from the obligation to take themselves every measure in their power so as to avoid that passengers, who are Continentals in the sense of this agreement, are not accounted for by them, and for every Continental passenger not

Petitioner's Exhibit 742

7753

Proposal of the British Lines.

7754

7755

If it should be proven that contrary to this agreement a British Line has carried Continental passengers without accounting for them, a fine of £ 10 (besides the compensation money) shall be paid by the British Lines to the N. D. L. V. Lines for each passenger (Soul) so booked, and in case of a repetition of such offense, by the same line, the fine shall be doubled.

7756 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

so accounted for, the British Lines shall pay to the N. D. L. V. Lines damages £ 10 (besides the compensation money as stated above) and in case of repetition of such offence by the same Line this amount shall be doubled.

7. For Continental business only gross through rates off Continental ports to be quoted; it is for instance not allowed to quote net rates off U. K. ports, as hitherto practised. The Continental steerage gross rate of any British Line off a Continental port, (which
7757 includes a commission of not exceeding fifteen Marks per adult and the actual local transportation, that is, from the Continent to the British port of embarkation), must not be lower than the lowest gross rate of the N. D. L. V. Line off the same port, and in the case of a Continental port, not being frequented by steamers of a N. D. L. V. Line, the lowest gross rate of the British Lines off such port must not be lower than the lowest gross through rate quoted by any N. D. L. V. Line off such port.

7758 It being the sense of this agreement, that the British Lines should carry the share allotted to them as nearly as possible, it is agreed that in case and as long as the British Lines are short of their allotment, the Line or Lines of them which are short, may reduce their rate below the aforesaid minimum on submitting proof of such shortage to the N. D. L. V. Lines. In like manner in case and so long as the British Lines are in excess of their allotment, the Line or Lines of them which are in excess, are bound to advance their rates even above the aforesaid minimum. Such

Petitioner's Exhibit 742. 7759

Proposal of the British Lines.

6. The Continental steerage gross rate of any British Line off a Continental port, (which includes 15 shillings commission and the actual local transportation, that is, from the Continent to the British port of embarkation), must not be lower than the lowest gross rate of the N. D. L. V. Line of the same port, 7760
and in the case of a Continental port not being frequented by steamers of a N. D. L. V. Line, the lowest gross rate of the British Lines off such port must not be lower than the lowest gross rate of any N. D. L. V. Line, but in case the British Lines are short of their allotment of 7,8 per cent, the Line or Lines of them which are short, may reduce their rate below the aforesaid minimum, provided the consent of the N. D. L. V. Line of the respective port, or in the case of a port not frequented by steamers of a N. D. L. V. Line, the consent of all of them is previously obtained. This consent is not required in the case of Lines not having a German license. 7761

7762 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

reduction or advance to be applied by the Line, which reduces or advances uniformly and simultaneously off all ports; for instance, a British Line having had off Antwerp a rate of 140 Marks, off Rotterdam 140, off Bremen 150, off Hamburg 150, off Libau 160 and intending on account of shortage to reduce by ten Marks, such Line would have to quote simultaneously off Antwerp 130 Marks, off Rotterdam 130, off Bremen 140, off Hamburg 140, off Libau 150.

In case the British Lines are short of their allot-
7763 ment as per clause 3 the N. D. L. V. Lines agree to book passengers for them as far as the law permits and the British Lines agree to accept such passengers offered to them.

The British Lines and the N. D. L. V. Lines shall communicate to each other through the Secretaries any change in their rates three days before it is published.

The prepaid rate of any Line shall not be below the equivalent of the Westbound rate at the following scale:

	Mark 100	Dollar	24½
	" 110	"	27
7764	" 120	"	29½
	" 130	"	31½
	" 140	"	34
	" 150	"	36½
	" 160	"	38½
	" 170	"	41
	" 180	"	43½
	" 190	"	45½
	" 200	"	48

and the British Lines to pay the same commission as the N. D. L. V. Lines.

Petitioner's Exhibit 742 7765

Proposal of the British Lines.

7766

The British Lines and the N. D. L. V. Lines shall communicate to each other through the Secretaries any change in their rates 24 hours before it is published.

The prepaid rate of any Line shall not be below the equivalent of the Westbound rate at the following 7767 scale:

Mark	100	Dollar	24½
"	110	"	27
"	120	"	29½
"	130	"	31½
"	140	"	34
"	150	"	36½
"	160	"	38½

and the British Lines to pay the same commission as the N. D. L. V. Lines.

7768 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

The British Lines and the N. D. L. V. Lines mutually undertake that they will not book Steerage passengers as Second Cabin with a view to evading the conditions of this agreement. All Continental passengers paying a rate less than the second cabin Continental rate of the respective steamer to be accounted for as steeragers. As second cabin rate to be considered the rate, fixed in a special second class agreement by the parties to this contract and during the time such cabin agreement not being in existence,
7769 a rate 30 Marks higher than the lowest Continental Lines gross steerage rate; but in no case the British Lines' Continental second class rate shall be lower than Marks 180, unless the N. D. L. V. Lines or any one of them quote a lower second class rate, in which case the British Lines are entitled to the same rate.

8. That the N. D. L. V. Lines hold themselves free to suspend the guarantee of the share of the B. L. under this agreement for such time as the British Lines or any of them may decline to book or to carry Russian and/or Austrian traffic, or for that period during which international hostilities, measures of Governments, or epidemics prevent Russian and/or
7770 Austrian transit.

9. The direct Mediterranean Services of the Lines parties to this agreement are not concerned in this agreement, except as stated in clauses 3 and 5.

The British Lines with the exception of the existing services of the Anchor Line and White Star Line are excluded from the direct Mediterranean business.

Petitioner's Exhibit 742 7771

Proposal of the British Lines.

The British Line and the N. D. L. V. Lines mutually undertake that they will not book Steerage passengers as Second Cabin with a view to evading the conditions of this agreement.

Any complaint by the N. D. L. V. Lines tho the Arbitrator should be considered by him with reference to the Second Cabin Continental passenger rate for Continental passengers being about £ 8 for Slow and £ 9 for fast Lines off the Continental port. The Arbitrator is not to take into consideration the Second Cabin rate for British or Scandinavian passengers. 7772

That the N. D. L. V. Lines hold themselves free to suspend the guarantee of 7/8 per cent, for such time as the British Lines may decline to book or to carry Russian and/or Austrian traffic, or for that period during which international hostilities, measures of Governments, or epidemics prevent Russian and/or Austrian transit. 7773

9. The direct Mediterranean Services of the Lines Parties to this agreement *are not concerned* in this agreement, *except as before stated.*

15. That the British Lines with the exception of the Anchor Line *and White Star Line* withdraw from the Italian Westbound business and are prepared to agree rates Eastbound.

7774 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

10. The consideration of the old clause 8 is suspended and no alteration was made in it pending the consideration of a pool for the entire third class business eastbound.

7775

7776

Petitioner's Exhibit 742 7777

Proposal of the British Lines.

8. The American Line Southampton service, Cunard Line, Newyork service, and White Star Line shall adopt for Continental Eastbound passengers to all Continental ports the lowest rate of the Norddeutscher Lloyd or Hamburg-Amerika Linie's. Fast services to Bremen and Hamburg, except for their steamers "Germanic," "Britanic," "Adriatic," "Cymric," "Aurania," "Servia," "Berlin," "Chester," for which steamers the said British Lines shall be allowed to charge to Bremen a two dollar lower rate than the Norddeutscher Lloyd fast service and to Hamburg 7778
a two dollar lower rate than the Hamburg-Amerika Linie's fast service, and the other British Lines' services shall adopt for Eastbound Continental passengers to each Continental port the lowest rate of the other N. D. L. V. Lines' services to the same port, and in the case of ports not frequented by a N. D. L. V. Line, the lowest through rate of any N. D. L. V. Line to such port. (Italian and Oriental passengers excepted).

The N. D. L. V. Lines shall inform the British Lines through the Secretaries of the Conferences in Newyork of any change in their rates and such changes must be followed in accordance with the fore- 7779
going within four days.

The British Lines shall pay the same commission as the N. D. L. V. Lines.

All rates shall be from the port of embarkation to the respective Continental port of debarkation. Passengers booked through to interior points shall be charged the actual railroad fare from the port of debarkation to such point. (Italian and Oriental passengers excepted.)

The Holland-Amerika Linie and Red Star Line cannot reduce their Eastbound Continental rate for

7780 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

7781

11. For the purpose of controlling the proportions of the traffic the Secretary of the North Atlantic passenger Conference shall telegraph to the Secretary of the N. D. L. V. Lines not later than 8 days after the
7782 7th, 15th, 23rd, and last of each month the number of Continental passengers forwarded by the British Lines in the course of the respective pool period.

In like manner the N. D. L. V. Lines shall communicate to the Secretary of the North Atlantic Passenger Conference the returns of the numbers of passengers carried by the N. D. L. V. Lines.

Pool statements for each month to be made up by the Secretary of the N. D. L. V. before the 20th of each succeeding month and remittance to be made before the end of the month next ensuing. Re-

Petitioner's Exhibit 742 7783

Proposal of the British Lines.

the purpose of competing with the Compagnie Générale Transatlantique by more than four dollars below the lowest rate of the British Lines, unless they obtain the present of the Committee "A."

The Committee "A" shall consist of two gentlemen named by the British Lines, and two gentlemen named by the N. D. L. V. Lines, the latter to appoint the Chairman, the majority to decide, and in case the Committee cannot reach a decision, Mr. Thomas H. Ismay to act as umpire.

If any other Line than the Holland-Amerika Linie 7784
and the Red Star Line desire to enter into this competition with the Compagnie Générale Transatlantique, the Committee will decide whether or not they are to do so.

Foot-note. The consideration of clause 8 is suspended and no alteration was made in it pending the consideration of a pool for the entire third class business eastbound.

For the purpose of controlling the proportions of the traffic, full and exact return of all Continental business by N. D. L. V. Lines shall be furnished to the Secretary of the North Atlantic Passenger Con- 7785
ference.

Liverpool, (who will act as Secretary for British Lines under this agreement), such information and all accounts to be made up four times each month viz. on the 7th, 15th, 21st and last day of each month and remittances to be made before the next month ensuing.

10. Pool statements and settlements as between the British and N. D. L. V. Lines to be made weekly.

Remittances in compensation to British Lines to be made by Banker's draft on London, payable to the

7786 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

mittance in compensation to British Lines to be made by Banker's draft on London, payable to the North Atlantic Passenger Conference. Remittance in compensation to N. D. L. V. Lines to be made as may be advised by the N. D. L. V. Lines' Secretary.

The British Lines shall for each month, and not later than the 15th of the next month hand in to the Secretary of the N. D. L. V. full manifests of all steerage passengers carried by them showing full names and age of the passengers, their origin and the
7787 steamer and date on which they have sailed, pointing out which of them are accounted for as Continental passengers, and stating at the same time the Continental port through which they came.

12. If the N. D. L. V. Lines fix the age of children carried at half rate from one to ten years, the British Lines guarantee to do the same so far as Continental passengers are concerned. They also agree to endeavor to adopt the same rule for British business.

13. In all cases in which differences of opinion arise on the terms and meaning of this agreement, not only
7788 the tenor but more and especially the spirit of it has to be considered by the parties as well as by the arbitrator.

14. Arbitration clause. All differences between the parties to be settled by arbitration. Such arbitration to take place between the two contracting parties *i. e.*, the British Lines on the one side and the N. D. L. V. Lines on the other side for every alleged fault or breach of contract, although the same may have been committed by one line only. Settlement according Belgian laws. Clause G. J. & K. to be altered.

Petitioner's Exhibit 742 7789

Proposal of the British Lines.

North Atlantic Passenger Conference. Remittance in compensation to N. D. L. V. Lines to be made as may be advised by the N. D. L. V. Lines' Secretary.

The British Lines shall four times each month viz. on 7th, 15th, 21st and last day of the month make up and hand in to Secretary of the N. D. L. V. a list of the Continental passengers carried by them, showing the full names, the age of the passengers, the Continental port from which received, and the steamer and date on which they have sailed.

7790

12. If the N. D. L. V. Lines fix the age of children carried at half rate from one to ten years, the British Lines guarantee to do the same so far as Continental passengers are concerned. They also agree to endeavor to adopt the same rule for British business.

7791

14. Arbitration clause.

7792 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

15. This agreement is to operate from 1st March, 1905, and to continue for five years subject to any Line having the right to withdraw on giving three months' notice on or after the 1st March, 1910.

Passengers embarked for the British Lines from a Continental port on or before the date of termination of the agreement, shall be accounted for although they may sail from Great Britain at a later date.

16. This contract is subject to the condition that
7793 an agreement be reached with reference to the east-bound business.

7794

Petitioner's Exhibit 742 7795

Proposal of the British Lines.

13. This agreement is to operate from 1st March, 1905, and to continue for 5 years subject to any Line having the right to withdraw on giving three months' notice on or after the 1st of March, 1910.

Passengers embarked for the British Lines from a Continental port on or before the date of termination of the agreement, shall be accounted for although they may sail from Great Britain at a later date.

7796

APPENDIX "A."

CONTINENTAL STEERAGE TRAFFIC:

For the purpose of arriving at the British Lines' allotment of Continental Pool under the agreement of 1895, the carryings during the years 1887 to 1892 were taken as a basis.

In that period the total Continental traffic by all Lines was 1,406,503 souls, of which British Lines carried 181,516 or 12.9%. 7797

In consideration of Continental Lines retiring from Scandinavian and British business, British Lines consented to surrender such share of Continental traffic as would equal in numbers the total British and Scandinavian carryings by Continental Lines in the period which amounted to 97,048 passengers and which represented 6.9% of the total Continental traffic; thus leaving 6% as British Lines share of the Pool.

In the period from 1895 to August, 1905, the total Continental carryings were 2,432,222 of which 6% = 145,933.

7798 *Petitioner's Exhibit 742*

Counter-proposals of the N. D. L. V. Lines.

7799

In view of the fact that the proportion of British and Scandinavian to Continental business is varying, the share of the two parties to this agreement in Con-
7800 tinental business should vary in the same ratio and should automatically adjust itself in accordance with the variations year by year in the proportions of the total British and Scandinavian traffic on the one hand and the Continental traffic of the Lines parties to this agreement on the other, and the figures in each preceding year are to form the basis upon which to calculate the current year's Pool division.

Petitioner's Exhibit 742 7801

Proposal of the British Lines.

If the British Lines had been free to take 12.9% this number would have increased to 313,756 a difference of 167,823, lost to British Lines.

Of Scandinavian and British traffic, the 97,048 passengers carried by Continental Lines in 1887—1892 = 8.15% of the total Scandinavian and British traffic in that period.

In the years 1895 to August, 1905, the British Lines carried 1,411,502 British and Scandinavian passengers. If Continental Lines had continued to take 8.15% of this that would = 115,037 passengers. 7802

On that basis the British Lines give up 167,823 Continentals for 115,037 British and Scandinavians, representing a nett loss of 52,786 passengers which equal 2.17% of the total Continental traffic, and showing that instead of 6% British Lines were entitled to 8.17% of the Continental Pool averaging over the 11 years named.

Of this 6% the Cunard Lines' proportion when they retired from the Pool was 0.37% leaving for the British Lines parties to the present agreement 7.8%.

In view of that fact that the total British and Scandinavian business is a varying quantity, the sacrifice the British Lines make on Continental business should 7803 vary in same ratio, and the British Lines' share of Continental Pool should automatically adjust itself in accordance with the variations year by year in the total British and Scandinavian traffic on the one hand and the Continental traffic on the other, and the figures in each preceding year should be the basis of the current year's Pool division.

7804 **Petitioner's Exhibit 743 for Identification.**

7810 **Petitioner's Exhibit 745.**

Liverpool, September 10th, 1895.

AGREEMENT between the undersigned representatives of the Hamburg-American Packet Co.; North German Lloyd; Nertherland American Line; Red Star Line; Allan and Allan State Lines (Liverpool, London and Glasgow); American Line (Liverpool and Philadelphia, and Southampton and New York); Anchor Line; Beaver Line; Cunard Line; Dominion Line; and White Star Line.

1. That the British Lines, namely—Allans, Liverpool and London and Glasgow, American, Southamp-
7811 ton and Liverpool, Anchor, Beaver, Cunard, Dominion and White Star Lines, agree to enter into a pool contract with the Continental Pool Lines, namely—Hamburg-American Packet Co., North German Lloyd, Nederland-American, and Red Star Lines, the said British Lines to be considered as one party, the Continental Lines as the other party hereto.

2. The Continental Lines, including the Scandia and Hansa Lines, agree to withdraw altogether from the carriage of Scandinavian (Norway, Sweden, Denmark and Iceland), Finnish and British Steerage business, Westbound and Eastbound, direct and indirect (except indirect Eastbound for Scandinavian and Fin-
7812 nish business by Hamburg and Bremen direct steamers only), and conditional upon this.

3. The British Lines agree to accept as their share of the Continental traffic six per cent (6%) per annum of same, such traffic to include all passengers from ports between Cronstadt and Bordeaux inclusive, but if any Line or Steamship Company, not party to this agreement, should come into the business of taking Continental passengers over Great Britain, any passengers taken by such new line are not to form part of the aforesaid six per cent allotted to the British Lines, but in case of such new competition of

a British Line on the continent, the Continental Lines have the right to suspend the agreement, the same as the British Lines have the right to suspend the agreement if a Continental Pool Line competes therewith for Scandinavian and/or British business.

4. That this agreement be subject to a power of suspension being exercised by any Line, should a new Line or steamer or steamers outside of those of the existing British Lines, be started from Scandinavian ports, or take passengers from such ports, which new line steamer or steamers belong to or are chartered by any of the existing Continental Lines, or in which 7814
any of the existing Continental Lines should have any other interest, direct or indirect, the intention of the parties subscribing hereto being that no countenance, influence or support of any kind be extended to any line steamer or steamers seeking to attack the British interests in Scandinavia.

5. The British Lines agree to pay compensation to the Continental Lines at the rate of sixty shillings per soul for any Continental business they carry in excess of their share of six per cent. The Continental Lines in like manner undertaking to compensate the British Lines at the rate of sixty shillings per soul for all passengers the British Lines may be short of their allot- 7815
ment of six per cent.

6. That the British Lines agree to fix their minimum cash rate at the equivalent of the lowest gross rate in operation from time to time by Continental Pool Lines, and to allow same Commission as Continental Pool Lines, and to assimilate their prepaid rates thereto by charging the equivalent of their gross cash rates, less an allowance of three dollars to Agents.

7. The British Lines agree to take forward such Scandinavian cash and prepaids, not exceeding two thousand souls, as may already have been booked by

7816 *Petitioner's Exhibit 745*

Scandia and Hansa Lines to sail during 1895 at rates at which they have been sold, but not less than eleven dollars net per adult, the Scandia and Hansa Lines to deposit with the Acting Secretary, within ten days of the signing hereof, a full list of all passengers booked at full rates, giving names, ages and destinations.

The British Lines also agree to take forward any Scandinavian passengers the North German Lloyd may have booked under their contract to sail in 1895, and any Finnish passengers they may have booked under their contract with the Scandinavian-Finnish Emigration Co., to sail up to June 30th, 1896, which
7817 contracts fix rates the same as the higher rates of the fast British Lines.

7a. That the Scandinavian and Finnish American Emigrant Co.'s contract with the North German Lloyd be carried out by the latter, who shall account to British Lines for all passengers carried under it on the basis of British Fast Lines' nett rates off Liverpool, less 20s. per adult, and Statements of such passengers carried and settlements for them to be made on the same lines as Clause 10.

8. That the Continental Lines hold themselves free to suspend the guarantee of six per cent for such time
7818 as British Lines may decline to carry Russian and/or Austrian traffic, or for that period during which international hostilities, measures of governments or epidemics prevent Russian and/or Austrian transit.

9. That the Lines arrange the Eastbound Continental Steerage rates, and that the American Line, Southampton Service, Cunard Line, New York Service, and White Star Line agree that their eastbound rates for Continental through bookings shall not be less than the Eastbound steerage rate fixed for the North German Lloyd, or the Hamburg Company's Express service; that the Eastbound Steerage rates of the British

Slow Lines are not to be less than the lowest rates of any of the Continental Pool Lines.

10. Pool Statements and settlements as between the British and Continental Lines to be made monthly. For the purpose of controlling the proportions of the traffic, full and an exact return of all Continental business by Continental Pool Lines shall be furnished to the acting Secretary of the North Atlantic Passenger Conference, 23 Water Street, Liverpool (who will act as Secretary for British Lines under this Agreement), such information for each month to be given, and all accounts to be made up before the expiration 7820
of the month next ensuing. Remittances in compensation to British Lines to be made by Banker's draft on London, payable to the North Atlantic Passenger Conference. Remittances in compensation to Continental Lines to be made as may be advised by the Continental Lines' Secretary.

11. The British Lines agree that they will not establish any organization in Great Britain or take any steps for the booking of Continental passengers, except through their regular authorised Continental Agencies.

12. That should a final agreement not be reached 7821
with other British Lines or with Continental ones on points bearing on those above referred to, the acceptance of said points is not to be binding on the signatories hereto, who are at liberty, in any fresh negotiations, should such be necessary, to consider them as beginning *de novo*.

13. That this agreement, subject to the operation of clauses 3 and 4, is to be operative for three years from the date hereof.

14. That the British Lines, with the exception of the Anchor Line, withdraw from the Italian Westbound business, and are prepared to agree rates eastbound.

7822 **Petitioner's Exhibit 746.**

CONTINENTAL BUSINESS.

AGREEMENT between the following British Lines, viz: Allan and Allan State (Liverpool, London and Glasgow); American (Liverpool and Philadelphia, and Southampton and New York); Anchor; Beaver; Cunard; Dominion, and White Star Lines, for controlling and pooling the share of Continental Traffic allotted to British Lines in accordance with the foregoing agreement with Continental Lines.

This traffic will be pooled in the manner following:

7823 (a) The Cunard and White Star Lines to accept as their joint share of the Continental traffic allotted to British Lines an aggregate of 1,100 adults per annum, which the other Lines guarantee. The balance of the traffic to be pooled as per clause (b) and the pooled amount divided in the following percentage proportions.

	%
Allan Line (Liverpool)	9.12
" (Glasgow)	21.59
American Line (Liverpool)	24.43
" (Southampton)	13.05
Anchor Line	18.59
7824 Beaver Line	5.00
Dominion Line	8.22
	100.00

(b) The Lines (except Cunard and White Star) to pool the nett Passage Money received off Liverpool, Glasgow, or Southampton, less a carrying rate of £1 10/-.

2. The initial rates to be charged by British Lines to be £3 10/- per adult nett off Liverpool or Glasgow,

Petitioner's Exhibit 746 7825

or in the case of American Line Southampton service, £3 15/- per adult nett off London. These rates to be varied from time to time for any Line in such a way as may be considered necessary, to enable any Line or Lines to obtain, and to prevent their exceeding, their respective allotments.

3. The Allan and American Lines reserve the right to carry their Pool Shares of the traffic by any of their different services as may suit these Lines respectively.

4. Pool settlements will be made weekly, and the Lines to furnish to the Acting Secretary of the North Atlantic Passenger Conference, 23 Water Street, Liverpool (who will act as Secretary under this agreement) not later than Monday in each week, a full and exact return of all Continental Passengers carried during the previous week. 7826

Prepaid and Cash passengers already booked prior to the signing hereof will not be pooled.

5. The Lines will deposit with the Secretary within 10 days of the signing hereof, a full list of all cash passengers booked at old rates, giving passengers' names, ages and destinations. The lists of such passengers to be consecutively numbered for reference and purposes of identification by the Secretary and Auditor at the time passengers travel. In the case of Prepaid Passengers at old rates, the prepaid certificates to be produced to the Secretary and Auditor as the passengers come forward. 7827

6. The British Lines retire altogether from Italian business Westbound, except the Anchor Line. The British Lines' Italian Agents are not to be prejudiced through having acted as such in their subsequent dealings with the Mediterranean Lines. All British Lines forward bookings of Italian to be accepted and carried by such Mediterranean Lines.

7828 *Petitioner's Exhibit 746*

7. This agreement shall be in operation three years from date hereof subject to the power of suspension being exercised by any Line should any new Line (or opposition steamer or steamers) not now in the business seek to compete for steerage business.

8. Amounts received under the agreement between the British Lines and Continental are to be divided between the British Lines in the proportions in which the British Lines carry other Scandinavian and Finnish passengers between the date hereof and the expiry of the Emigrant Co.'s contract on June 27th,
7829 1896.

7830

Petitioner's Exhibit 747.

7831

BRITISH BUSINESS.

AGREEMENT between the following British Lines, viz:—Allan and Allan State, (Liverpool, London and Glasgow); American, (Liverpool and Philadelphia, and Southampton and New York); Anchor; Beaver; Cunard; Dominion and White Star.

1. That the rules and regulations of July, 1893, for the government of the Steerage Passenger Business be re-enforced forthwith.

2. That the commission to Agents for securing Cash Passengers shall not exceed six shillings per adult each, and to brokers scheduled shall not exceed nine shillings each. 7832

3. That the rate for steamers "Lucania," "Campania," "Etruria" and "Umbria," of the Cunard Line; "Paris," "New York," "St. Louis" and "St. Paul," of the American Line; and "Teutonic," and "Majestic," of the White Star Line be £5 10 0 off the Port of embarkation.

4. That for all other steamers of the Cunard, White Star, and American, Southampton Service, also the steamers of the Canadian Lines from Liverpool, and the Anchor Line S.S. "City of Rome" and "Furnessia," and the Allan Line S.S. "State of California," the rate be £5 5s. off the Port of Embarkation. 7833

5. That for steamers of the Allan Line, Glasgow-New York and Glasgow-Quebec Services, also the S.S. "State of Nebraska," the American Line Steamers Liverpool to Philadelphia, and Anchor Line Steamers to New York (except "City of Rome" and "Furnessia") the rate of £5 off the Port of Embarkation.

7834 *Petitioner's Exhibit 747*

That for Allan and Allan State Lines, Glasgow to Boston and Philadelphia Direct Services, by all steamers regularly carrying cattle, the rate be £4 15/- from Glasgow only, but from Irish and English ports the rate for these steamers shall be £5.

5a. That the Canadian Lines be at liberty to charge a rate of £4 5s. nett for parties consisting solely of Charity Children shipped by the Managers or Proprietors of Children's Homes. This rate to be off London for London Charity Children, off Glasgow for Scotch Charity Children, and off Liverpool for
7835 others. The Canadian Lines to schedule with the Acting Secretary a complete list giving particulars of the institutions who alone are entitled to this special rate.

6. That free railway tickets be granted only from ports of debarkation to New York, Boston, Philadelphia, or Baltimore.

7. That the prepaid rates of steamers of the Cunard, White Star, and American Southampton Service be $26.50 less $2 commission.

8. That the prepaid rate of Anchor, Allan, Allan State, Beaver, Dominion, and American Philadelphia
7836 Lines be $25.50 less $2 commission.

9. That Homeward orders be the equivalent of the East Bound rate, commission 6/- from New York, Boston, Philadelphia, and Baltimore to ports of debarkation, except in the case of the American Line, who may give free rail tickets to London from Southampton, and the Liverpool Canadian Lines who may give free rail tickets, Liverpool to London.

10. The above rates are subject to change at any time by any Line considering such change necessary or desirable on giving a fortnight's notice. Any

7837

change so made to be proportionate to the rate named herein.

11. This agreement to be operative for three years from date hereof, subject to clause 10, and to the power of suspension being exercised by any line should any new line (or opposition steamer or steamers) not now in the business, seek to compete for steerage business.

12. That Passengers must in all cases pay their own rail fares to port of embarkation (save in the case of the American Southampton Line, and Liverpool Canadaian Lines, who are allowed to include the rail ticket from London only), and from ports of debarkation excepting as provided for in clause 6.

7838

Liverpool, September 10th, 1895.

7839

7840 **Petitioner's Exhibit 748.**

(Appendix to Minute 217.)

SCANDINAVIAN AND FINNISH STEERAGE PASSENGER BUSINESS.

(Including Iceland.)

AGREEMENT between the following British Lines, viz: Allan, and Allan-State, (Liverpool, London and Glasgow); American, (Liverpool and Philadelphia, and Southampton and New York); Anchor; Beaver; Cunard; Dominion; White Star; and the Thingvalla
7841 Line, Copenhagen.

1. That Prepaid Rates for Scandinavian Business (Norway, Sweden and Denmark) from the ports of Gothenburg, Helsingborg, Malmo, Copenhagen, Esbjerg, Frederickshavn, Christiania, Christiansand, Stavanger, Bergen, Drontheim, Christiansund, and Aalesund, be—

For American Line (Southampton Service), Cunard White Star and Thingvalla Lines..... $30.50 per adult,
For all other Lines ..... $28.50 "

Children between 1 and 12 years, half fare; Infants
7842 under 1 year, $3.

Commission $3 per adult.

From Stockholm the rate to be $3 additional.

That gross cash rates for Scandinavian Business (Norway, Sweden and Denmark) be fixed as follows, from the ports of Gothenburg, Helsingborg, Malmo, Copenhagen, Esbjerg, Frederickshavn, Christiania, Christiansand, Stavanger, Bergen, Drontheim, Christiansund, and Aalesund—

Petitioner's Exhibit 748

7843

	Gross.	Nett of Copenhagen.
For Thingvalla Line's Steamers (all ports as above)	117 Krs.	105 Krs.
For the Lucania, Campania, Etruria and Umbria, of the Cunard Line, and Paris, New York, St. Louis and St. Paul, of the American Line, and Teutonic and Majestic of the White Star Line	117 Krs.	Nett of Scandinavian Port. £5 15 0
For all other Steamers of the Lines party hereto	103 Krs.	£5 0 0

Children between 1 and 12 years, half fare; Infants under 1 year, 10 Krs. Gross. 10/- each, nett. Commission to Head Agents, 12 Krs. per adult. 6.00 Krs. per child.

7844

2. That Prepaid Rates for Finnish Business, to or from ports of Abo, Hango or Helsingfors be—

For American Line (Southampton Service), Cunard, White Star and Thingvalla Lines	$33.50 per adult.
For all other Lines	$31.50 "

Children between 1 and 12 years, half fare; Infants under 1 year, $3. Commission $3 per adult.

That the gross cash rates for Finnish Business by direct Steamers from Abo, Hango or Helsingfors via Hull or Copenhagen be fixed as follows—

7845

	Gross Finnish Marks.	Nett off Finnish Port
For Thingvalla Line's Steamers	185	£6 15 0
For the Lucania, Campania, Etruria and Umbria, of the Cunard Line, and Paris, New York and St. Louis and St. Paul of the American Line and Majestic and Teutonic of the White Star Line	185	£6 15 0
For all other Steamers of the Lines party hereto	167	£6 0 0

Children between 1 and 12 years, half fare; Infants under 1 year, 15 Marks gross, 10/- nett. Commission to Head Agents, 17 Finnish Marks per adult.

7846 *Petitioner's Exhibit 748*

That the cash rate for Icelandic passengers be fixed as follows: For fast steamers 130 kroners, for all other steamers of the Lines party hereto 115 from Iceland to Landing port in America. Children between 1 and 12 half-fare, Infants 10 kroner, 10s. net. Commission to head Agents 9 kroner per adult, Kr. 4.50 per child. No prepaids to be issued.

2a. The above rates are subject to change at any time any Line considers such change necessary or desirable on giving a fortnight's notice. Any change so made to be proportionate to the rate named herein.

7847 3. That beyond said commission no allowance per passenger of any kind based upon results, present, prospective, or retrospective, be made. Each Company shall, however, be at liberty to allow its head Agents such sum per annum fixed in advance without any expressed or implied reference to the Agent's bookings, as it may think desirable. The limit of such allowances being fixed by clause 14 hereof.

4. The Thingvalla Line to confine its direct business to the ports it ran from prior to July, 1893 and to its present fleet.

5. That the Lines party hereto agree not to carry
7848 any other Lines' passengers at less than the rate in force for the Steamer carrying such passengers.

6. The Lines agree not to book (nor allow to be booked by their agents) passengers for other than their own Sailings.

7. Finnish or other business booked by Scandinavian Agents, either directly or through a sub-agent, and forwarded through a Scandinavian port, shall be considered as Scandinavian business.

8. The Thingvalla Line undertakes not to engage as steward, or in any other capacity, for the passage

 7849

out, any person who is accompanied by, or who can influence the booking of, intending passengers; and further that the Secretary of the Local Association shall be informed of the names of persons engaged to work the passage out as stewards, in time for an examination into the circumstances, should the Secretary or the Association desire it.

9. The Acting Secretary of the Passenger Conference, at 23 Water Street, Liverpool, shall act as Secretary in Europe under this agreement for all Lines parties hereto, who will furnish him, not later than Monday in each week, with a full and exact return of 7850 all Scandinavian passengers carried during the previous week.

10. Free and reduced passages prohibited, no passengers shall be carried in any class of Atlantic Steamer who does not pay full tariff fare for the accommodation he receives.

11. In case anyone or more of the parties hereto shall at any time desire to prefer any claim against any other of the said parties for damages arising out of any infraction of this Agreement, the provisions of arbitration shall be as follows:

(*a*) Arbitration proceedings in Europe shall, at the 7851 option of the complaining party, take place at Copenhagen, Liverpool, or Glasgow.

(b) Notice of intention to prefer a claim shall be given to the party complained of, stating the nature and leading particulars of the said claim.

(c) Unless the disputing parties mutually agree as to the appointment of an arbitrator within seven days from the date of the aforesaid notice, each party in difference shall without delay, choose an Arbitrator, the two Arbitrators so chosen electing a third; but

7852 *Petitioner's Exhibit 748*

should they not do so within seven days of the earliest appointment, such third Arbitrator shall be elected by a vote of the majority of the parties hereto. The decision of any two of these three Arbitrators shall be binding and final concerning the matter in difference.

(*d*) Should either of the parties fail to appoint an Arbitrator within fourteen days after notice of the intended reference has been given, the one arbitrator who has been chosen shall be and is hereby authorized to proceed to decide on the matter in difference, whether the party failing to appoint an Arbitrator
7853 appear before him or not, and the decision of such sole Arbitrator shall be binding and final.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred come within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved infractions are isolated offenses, or whether they are incidents in a systematic violation of this Agreement, and shall impose pen-
7854 alties accordingly.

(*g*) The fine for breach of this Agreement by any Company, party hereto, shall not be less than fifty nor more than five hundred pounds sterling or the equivalent, for each conviction, and for breach by any Agent in accordance with the scale given in clause 14, sub-clause 4 *b*.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the Award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto*

7855

be disqualified for acting in any capacity for any Company, party to this Agreement, and if continued as Agent or reinstated without the consent of all parties hereto, during the continuance of this Agreement, it shall constitute an infraction hereof.

(*i*) The Arbitrator or Arbitrators shall have power to reconsider any bad or faulty decision by him or them if cause be shown satisfactory to him or them within one week or, if the Arbitrator or Arbitrators see cause to extend the time, within three weeks of the date of the decision.

7856

(*j*) *Disposal of Fines.* All fines shall be payable through the Arbitrators, who may in their discretion award a part or the whole thereof to the complaining party; any sum not so disposed of to be apportioned equally between the parties hereto, excepting the parties paying the fine.

(*k*) This agreement may be made a rule of Her Majesty's Court of Queen's Bench, or her Majesty's Court of Common Pleas at Lancaster, or in the event of any party being concerned as a plaintiff or defendant residing out of the jurisdiction of both of those Courts, may be made a rule of any Court in whose jurisdiction such party may reside.

7857

12. That in case of complaint the Line complained against shall give every facility for the examination of passengers, and that the only persons to be present at such examination shall be one representative each of the complaining and defending Line, with their interpreters, and the Acting Secretary under this agreement or his nominee.

In the event of the Acting Secretary being the representative of the complaining or defending Line, another Secretary shall be nominated by the Lines, other than those at issue.

7858 *Petitioner's Exhibit 748*

13. That the annexed Agreement Rules and Regulations for Agents be adopted and enforced.

14. This agreement to be operative for three years from the date hereof, subject to clause 2a and to the power of suspension being exercised by any Line should any new Line (or opposition steamer or steamers) not now in the business, seek to compete for steerage business.

That the Indirect Lines each be allowed to pay a maximum sum of £600 per annum in salaries to Head Agents throughout Scandinavia, but not more than
7859 £200 to be paid at any one port. This sum to cover office rent, advertising, and all incidental expenses for the twelve months.

15. That the attached be the regulations for conducting the business in Europe.

7860

Petitioner's Exhibit 749.

7861

CONTINENTAL BUSINESS.

AGREEMENT between the following British Lines, viz: Allan and Allan-State (Liverpool, London and Glasgow); American (Liverpool and Philadelphia, and Southampton and New York); Anchor; Beaver; Cunard; Dominion and White Star Lines, for controlling and pooling the share of Continental Traffic allotted to British Lines in accordance with the foregoing Agreement with the Continental Lines.

This traffic will be pooled in the manner following: 7862

1.—(*a*) The traffic to be pooled as per clause (*b*) and the pooled amount divided in the following per centage proportions. Traffic until 10th September, 1898, is subject to distribution as per Agreement of 10th September, 1895, afterwards:

1. Allan Line (Liverpool)
2. Allan Line (Glasgow)
3. American Line (Liverpool)
4. American Line (Southampton)
5. Anchor Line
6. Beaver Line
7. Cunard Line 7863
8. Dominion Line
9. White Star Line

Lines numbered 1, 2, 3, 5, 6 and 8 receive 79 per cent, Lines numbered 4, 7 and 9 receive 21 per cent. Each group to arrange its own Sub-division.

(*b*) The Lines to pool the nett Passage Money received off Liverpool, Glasgow, or Southampton, less a carrying rate of £1 10/- per adult.

2. The rates to be charged by British Lines to be those fixed by clause 6 of agreement with Continental Lines.

7864 *Petitioner's Exhibit 749*

3. All Lines having more than one service reserve the right to carry their Pool Shares of the traffic by any of their different services as may suit these Lines respectively.

4. Pool settlements will be made weekly, and the Lines to furnish to the Secretary of the North Atlantic Passenger Conference, 23 Water Street, Liverpool, not later than Monday in each week, a full and exact return of all Continental Passengers carried during the previous week, and furnish the particulars required by Clause 10 of the Agreement with Conti-
7865 nental Lines.

5. No passenger of Continental origin (as defined in Clauses 3 and 5 of Agreement with Continental Lines) shall be booked as a British Passenger who has not resided in Great Britain for at least 5 weeks.

6. The British Lines retire altogether from Italian business Westbound, except the Anchor Line, for their service direct from the Mediterranean to America.

7. This agreement is to commence on the 1st June, 1898, and to continue, subject to any Line having the right to withdraw on giving three months' notice on
7866 or after the 1st March, 1900, and subject to Clause 4 of Agreement with Continental Lines.

8. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall take place at Liverpool.

(*b*) Notice in writing of intention to prefer a claim shall be given in reasonable time to the party com-

plained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post, prepaid in a registered letter duly addressed to the principal office in England of any party hereto, and shall be deemed to have been delivered in the ordinary course of post.

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act 7868
on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given, and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator in the reference, whether the party failing to appoint an Arbitrator appear before him, or not, and the decision of such sole Arbitrator shall be final and 7869
binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic

7870 *Petitioner's Exhibit 749*

violation of this Agreement, and shall impose penalties accordingly.

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall not be less than £5 nor more than £100.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be
7871 disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circum-
7872 stances be regarded otherwise than as the true a ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an Award have power to re-open and re-consider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and published, or if the Arbitrator or Arbitrators see cause

to extend the time, then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England, wherever the domicile residence or office of business of the parties to this Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force, shall be applicable to any Arbitration hereunder. 7874

Glasgow.
WHITE STAR LINE.

Liverpool, 15th June, 1898.

7876 **Petitioner's Exhibit 750.**

BRITISH BUSINESS (Steerage Westbound).

AGREEMENT between the following British Lines, viz: Allan and Allan and State, (Liverpool, London, and Glasgow); American, (Liverpool and Philadelphia, and Southampton and New York); Anchor; Beaver; Cunard; Dominion; and White Star.

1. That the rules and regulations in operation July, 1893, and also those for Agents annexed, be considered part of this Agreement.

7877 2. That the commission to any Agent for securing Cash Passengers shall not exceed six shillings per adult, three shillings per child, one shilling per infant; and for Prepaid Passengers, $2 per Adult, $1 per Child, $0.50 per Infant.

3. That the rates be as follows:

	Cash.	Prepaid.
ALLAN LINE Liverpool Canadian Service	£5 0 0	$24.00
ALLAN LINE AND STATE LINE Glasgow—		
New York Service	5 0 0	24.00
Do Do. Boston Cattle Steamers	4 15 0	24.00
AMERICAN LINE Southampton—New York Service—		
7878 S.S. St. Paul, St. Louis, Paris, New York	5 10 0	26.25
S.S. Berlin, Chester	5 5 0	25.25
AMERICAN LINE—Philadelphia	5 0 0	24.00
ANCHOR LINE S.S. City of Rome, Furnessia.....	5 5 0	25.25
Other Steamers	5 0 0	24.00
BEAVER LINE	5 0 0	24.00
DOMINION LINE S. S. Canada and New England	5 5 0	25.25
Liverpool Canadian Service	5 0 0	24.00
CUNARD LINE S.S. Campania, Lucania, Etruria, Umbria	5 10 0	26.25
S.S. Servia, Aurania, and Boston Service	5 5 0	25.25
WHITE STAR LINE S.S. Teutonic, Majestic	5 10 0	26.25
S.S. Britannic, Germanic, Adriatic, Cymric	5 5 0	25.25

7879

Children between 1 and 12 years half fare; Infants under 12 months 10/- cash, $3 prepaid.

When any service has two rates, Prepaid or Cash Tickets at the lower rates shall plainly state they are only available for the named Steamers to which the lower rate applies, and the Companies undertake they will not carry the holders of lower rate tickets by the higher rated Steamers, unless they have been paid difference in rate.

The foregoing rates apply only to Steamers at present employed in the Services of the Lines.

7880

4. That the Canadian Lines be at liberty to charge a rate of £4 5s. nett for parties consisting solely of Charity Children shipped by the Managers or Proprietors of Children's Homes. This rate to be off London for London Charity Children, off Glasgow for Scotch Charity Children, and off Liverpool for others. The Canadian Lines to schedule with the Secretary a complete list giving particulars of the institutions who alone are entitled to this special rate.

5. That free railway tickets be granted only from United States ports of debarkation to New York, Boston, Philadelphia, or Baltimore, except Beaver Line, who are permitted to book at Ocean Rate to New York and Boston.

7881

6. That Homeward orders be the equivalent of the East Bound rate at the exchange of 4/- per $1 (commission 6/-) from New York, Boston, Philadelphia, and Baltimore to ports of debarkation, except in the case of the American Line, who may give free rail tickets to London from Southampton, and the Liverpool Canadian Lines who may give free rail tickets, Liverpool to London.

7882 *Petitioner's Exhibit 750*

7. The above rates are subject to change at any time by any Line considering such change necessary or desirable on giving a fortnight's notice. Any change so made by any Line may be followed without notice by any other Line, but same differentials must be maintained.

8. This agreement is to commence on the 1st July, 1898, and to continue, subject to any Line having the right to withdraw on giving three months' notice on or after the 1st March, 1900, subject to clause 7, and to the power of suspension being exercised by any
7883 line should any new line (or opposition steamer or steamers) not now in the business, seek to compete for steerage business.

9. That Passengers must in all cases pay their own rail fares to port of embarkation (save in the case of the American Southampton Line, and Liverpool Canadian Lines except when sailing to United States Ports other than Portland, who are allowed to include the rail ticket from London only), and from ports of debarkation excepting as provided for in clause 5.

10. All parties mutually agree that any disputes or claims between any of them or between any one or
7884 more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall take place at Liverpool.

(*b*) Notice in writing of intention to prefer a claim shall be given in reasonable time to the party complained of, signed by, or on behalf of the complaining party, and stating the nature, and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in

 7885

a registered letter, duly addressed to the principal office in England of such British Line, and to the principal office of the Thingvalla Line, and shall be deemed to have been delivered in the ordinary course of post.

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within fourteen days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

7886

(*d*) Should either of the parties fail to appoint an Arbitrator within fourteen days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator, in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference. 7887

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

7888 *Petitioner's Exhibit 750*

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall be in accordance with the decision arrived at in each case at a meeting of Conference, the Line in connection with which the complaint is made to have no vote.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing
7889 duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any
7890 circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall, notwithstanding they may have made and published an Award, have power to re-open and reconsider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and published or if the Arbitrator or Arbi-

7891

trators see cause to extend the time then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile, residence or office of business of the parties to this Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

For British & Irish Agents.

THE NORTH ATLANTIC PASSENGER CONFERENCE.

REVISED REGULATIONS FOR AGENTS

Conditions of granting and accepting Licenses.

The attention of Agents is specially called to the following revised Conference Regulations, and it must be clearly understood that a license to act as Agent for any Conference Line is granted only on the following conditions, and the acceptance or retention of such license is considered as an agreement on the part
7895 of the Agent that the Regulations herein contained will be strictly adhered to.

Prohibition against booking for any Non-conference Line.

1. No Agent is to issue Tickets, book passengers, nor cause them to be booked directly or indirectly, nor permit any person in his employ or on his premises to book for any Steamship Line sailing from any port in Europe to any Port in the United States or Canada except those forming this Conference. Any Agent for a Conference Line found holding an Agency or booking Passengers for any non-Conference Line will
7896 *be immediately disqualified.*

The Conference Lines.

The names of the North Atlantic Passenger Conference Companies are:

Allan Line ..... Allan Brothers & Co. Liverpool and London, Limited.

Allan State Line ..... J. & A. Allan.

American Line, Liverpool—Philadelphia .. } Richardson, Spence & Co.
American Line, Southampton—New York }

Anchor Line ..... Henderson Brothers.

Beaver Line ..... D. & C. MacIver.

Petitioner's Exhibit 750

7897

Cunard Line .....The Cunard Steamship Co., Limited
Dominion Line ..... Richards, Mills & Co.
White Star Line .....Ismay, Imrie & Co.

Agents not to book Passengers or represent themselves as Agents for any Line from whom they do not hold a License.

2. No Agent is permitted to represent himself in or by any printed matter or in any other way as a Passenger Agent, or to book Passengers, for any Conference Steamship Company from whom he does not hold a license.

7898

Amount actually received to be entered in the Ticket.

3. The amount actually received as deposit for passages, as well as the total passage money, and balance due, is in all cases to be entered on the ticket.

No return or allowance to be made to Passengers or other persons.

4. Agents are strictly prohibited from making any reduction in the Ocean or Railway Fares, or returning any portion of their commission, or granting any allowance in any shape or form, directly or indirectly, either to Passengers, other Agents, or any person whatever. They are also prohibited from appointing Sub-Agents. The commission includes telegraphic expenses of Agents for securing berths, &c., and no refund or allowance can be made for them.

7899

Inland Bookings of Emigrant or Colonist Class, must take place through the Steamship Company only, and only to places mentioned in the Tariff.

5. *No Agent is permitted to issue Inland Tickets, nor in any way to book or quote rates to Passengers nor to cause them to be booked nor to receive commission for their being so booked, from the Port of De-*

7900 *Petitioner's Exhibit 750*

barkation to their place of destination in America, except through the Steamship Company for which the Ocean Tickets are issued; and no Agent is permitted to issue Tickets to places not mentioned in the current Tariffs supplied to them by the Conference Company he represents. This rule applies only to Inland booking at Third Class (Emigrant or Colonist) and Second Class Rates.

Remittances.

6. Any Agent reported by any Member of the Conference for irregularity in remittances becomes at
7901 once disqualified for acting for any Conference Company. Other infractions of rules may be dealt with by fine or disqualification, as decided by Conference. No allowance is made for postage or any other charge excepting cost of Bankers' Drafts, Postal or Post-Office Order. Under no circumstances can any charge be allowed for remittance by private cheque, which latter form of remittance is only permitted if previously arranged with the Company.

Bill-posting.

7. No charge is allowed to be made by Agents for bill-posting.

7902 Injurious Publications or statements concerning any Conference Line or its Agents forbidden.

8. No Circular or publication of any kind reflecting upon, or instituting any comparison unfavorable to any Conference Line or its Agents is to be issued or made use of by any Agent, nor shall any Agent or his employés make or utter any statement concerning any Conference Line or its Agents, or commit any act that can injuriously affect such Line's or its Agents' business.

Petitioner's Exhibit 750 7903

Advertising rates of passage.

9. When an Agent Advertises a Rate for Passage to America he must distinctly name the Line by which such rate is available.

Connection between Liverpool City Agents and Agents outside Liverpool.

10. In order to regulate the connection between Liverpool Agents and Agents in the country and other towns, and to prevent the one interfering with the functions of the other, as is frequently the case to the detriment of all concerned, and further, to prevent 7904
indirect breaches of Conference Regulations, it has been agreed between the several Conference Companies, as follows:

Charge for Lodgings in Liverpool.

(A) That the charge per night for lodgings at the house of any Liverpool Agent, not including anything else but attendance, be not less than one shilling per adult, or one shilling and sixpence for two persons sleeping in one bed, for all British passengers, except those only just arrived from Ireland, for which passengers the lowest charge for lodgings shall be sixpence per night. 7905

(B) That the lowest charge for a plain meal be sixpence; and for a meal with meat one shilling.

Commission on Board or Lodging.

(C) That the payment of commission on the board or lodging of passengers be strictly prohibited. Agents found paying or receiving such to be at once disqualified.

2635

7906 *Petitioner's Exhibit 750*

Baggage Labels.

(D) That Agents outside of Liverpool be prohibited from making use of, or supplying passengers with any baggage labels except those issued by the Steamship Companies.

11. No Agent shall be justified in allowing Commission or committing any breach of the Conference Rules, because some other Agent may be suspected of doing so. It shall be the duty of every Agent to adhere strictly to the Rules, and to report any violation thereof that may come to his knowledge to the Con-
7907 ference Secretary or to the Steamship Company he represents.

Children between 1 and 12 years, half fare; Infants under 1 year, 15 Marks gross, 10/- nett. Commission to Head Agents, 17 Finnish Marks per adult.

7920 3. That the cash rate for Icelandic passengers be fixed as follows: For fast steamers 140 kroners, for all other steamers of the Lines party hereto 115 from Iceland to landing port in America. Children between 1 and 12 half fare, Infants 10 kroner, 10s. net. Commission to head Agents 9 kroner per Adult, Kr. 4.50 per child. No prepaids to be issued.

All the foregoing rates apply only to Steamers at present employed in the services of the Lines.

4. The British Lines agree to discontinue Free forwarding of passengers from Norwegian ports to other Scandinavian ports for shipment.

Petitioner's Exhibit 751

5. The above rates are subject to change at any time any Line considers such change necessary or desirable on giving a fortnight's notice. Any change so made may be followed without notice by any other Line, but same differentials must be maintained. 7921

6. That beyond said commission no allowance of any kind based upon results, present, prospective, or retrospective, be made. Each Company shall, however, be at liberty to allow its head Agents such sum per annum fixed in advance without any expressed or implied reference to the Agents' bookings, as it may think desirable. The limit of such allowances being fixed by clause 18 hereof. 7922

7. The Thingvalla Line to confine its direct business to the ports it ran from prior to July, 1893, and to its present fleet.

8. That the Lines party hereto agree not to carry any other Lines' passengers at less than the rate in force for the Steamer carrying such passengers.

9. The Lines agree not to book (nor allow to be booked by their agents) passengers for other than their own Sailings.

10. Finnish or other business booked by Scandinavian Agents, either directly or through a sub-agent, and forwarded through a Scandinavian port, shall be considered as Scandinavian business. 7923

11. The Thingvalla Line undertakes not to engage as steward, or in any other capacity, for the passage out, any person who is accompanied by, or who can influence the booking of, intending passengers; and further that the Secretary of the Local Association shall be informed of the names of persons engaged to work the passage out as stewards, in time

7924 *Petitioner's Exhibit 751*

for an examination into the circumstances, should the Secretary or the Association desire it.

12. The Secretary of the Passenger Conference, at 23, Water Street, Liverpool, shall act as Secretary in Europe under this agreement for all Lines parties hereto, who will furnish him, not later than Monday in each week, with a full and exact return of all Scandinavian and Finnish and Icelandic passengers carried during the previous week.

13. Free and reduced passages being prohibited, no
7925 passenger shall be carried in any class of Atlantic Steamer who does not pay full tariff fare for the accommodation he receives.

14. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall at the option of the complaining party take place at Copenhagen, Liverpool or Glasgow.

(*b*) Notice in writing of intention to prefer a claim
7926 shall be given in reasonable time to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office in England of such British Line, and to the principal office of the Thingvalla Line, and shall be deemed to have been delivered in the ordinary course of post.

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within fourteen days from the date of the aforesaid notice, each

party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator, in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding. 7928

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offenses, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly. 7929

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall be in accordance with the scale given in clause 4 sub-clause (*b*).

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notifica-

7930 *Petitioner's Exhibit 751*

tion of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall
7931 be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall, notwithstanding they may have made and published an Award, have power to re-open and reconsider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him
7932 or them within one week after the Award is first made and published or if the Arbitrator or Arbitrators see cause to extend the time then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile, residence or office of business of the parties to this Agreement may be or become.

Petitioner's Exhibit 751 7933

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

(*l*) *Disposal of Fines.* All fines shall be payable through the Arbitrators, who may in their discretion award a part or the whole thereof to the complaining party; any sum not so disposed of to be apportioned equally between the parties hereto, excepting the parties paying the fine.

(*m*) This agreement may be made a rule of Her Majesty's Court of Queen's Bench, or her Majesty's Court of Common Pleas at Lancaster, or in the event of any party being concerned as a plaintiff or defendant residing out of the jurisdiction of both of those Courts, may be made a rule of any court in whose jurisdiction such party may reside. 7934

15. That in case of complaint the Line complained against shall give every facility for the examination of passengers, and that the only persons to be present at such examination shall be one representative each of the complaining and defending Line, with their interpreters, and the Acting Secretary under this agreement or his nominee.

7935

In the event of the Secretary being the representative of the complaining or defending Line, another Secretary shall be nominated by the Lines, other than those at issue.

16. That the annexed Agreement, Rules and Regulations for Agents considered part of this Agreement be adopted and enforced.

17. This agreement to be operative from date hereof until 1st March, 1900, subject to clause 5 and to the power of suspension being exercised by any Line

7936 *Petitioner's Exhibit 751*

should any new Line (or opposition steamer or steamers) not now in the business, seek to compete for steerage business.

18. That the Indirect Lines each be allowed to pay a maximum sum of £600 per annum in salaries to Head Agents, throughout Scandinavia, but not more than £200 to be paid at any one port. This sum to cover office rent, advertising, and all incidental expenses for the twelve months. The Allan Line Liverpool and London and Allan and State Line Glasgow to be counted as one Line. The American Line, South-
7937 ampton, and the American Line, Liverpool, being likewise counted as one Line.

Liverpool, June 15th, 1898.

7938

Petitioner's Exhibit 752.

7939

BRITISH BUSINESS, THIRD-CLASS.

AGREEMENT between the following British Lines, viz.: Allan and Allan and State, (Liverpool, London, and Glasgow); American (Liverpool and Philadelphia and Southampton and New York); Anchor; Canadian Pacific Railway Company (Atlantic S. S. Lines); Cunard; Dominion; and White Star.

1. That the rules and regulations in operation July, 1893, and also those for Agents annexed, be considered part of this Agreement.

7940

2. That the commission to any Agent in the United Kingdom for securing Cash or Homeward Passengers shall not exceed six shillings per adult, three shillings per child, one shilling per infant; and to Agents in the United States or Canada for Prepaid or Eastbound Passengers, $2 per adult, $1 per Child, ($0.50 per Infant, prepaid only).

3. That the rates be as follows:

Petitioner's Exhibit 752

Children 1 year and under 12 years half fare; Infants, Westbound, under 12 months 10/—cash, $3 prepaid; Infants, Eastbound, free.

The foregoing rates apply only to Steamers at present employed in the Services of the Lines, and the Eastbound rates are subject to all the regulations and conditions made and hitherto obtaining in the United States and Canada with respect to Eastbound business.

When any service has more than one rate, tickets at a lower rate shall plainly state they are only available for the named Steamer or Steamers to which the lower rate applies, and the Companies undertake they will not carry the holders of lower rate tickets by higher rated steamers, unless they have been paid difference in rate.

4. That the Canadian Lines be at liberty to charge a rate of £4 10s. net for parties consisting solely of Charity Children shipped by the Managers or Proprietors of Children's Homes. This rate to be off London for London Charity Children, off Glasgow for Scotch Charity Children, and off Liverpool for others. The Canadian Lines to schedule with the Secretary a compiete list giving particulars of the institutions who alone are entitled to this special rate.

5. That free railway tickets be granted only from United States ports of debarkation to New York, Boston, Philadelphia or Baltimore.

6. That the rate for Homeward orders be the same as the Westbound cash rate (New York, Boston, Philadelphia and Baltimore being common points for United States Lines only) to ports of debarkation, except in the case of the American Line, who may give free rail tickets to London from Southampton and the Liverpool Canadian Lines who may give free rail tickets, Liverpool to London.

7945

7946

7947

7948 *Petitioner's Exhibit 752*

7. This Agreement to be terminable at the end of three years from date hereof, or at any time thereafter by giving six months' previous notice. Should any new Line (or opposition steamer or steamers) not now in the business, seek to compete for Third Class business, any Line party hereto shall have the power of summary suspension of this Agreement.

The above clause to be subject to an Agreement made between the International Mercantile Marine Company and the Cunard Company, dated 14th January, 1903, being carried out and maintained, otherwise this Agreement to be terminable by three months
7949 notice as before.

8. That Passengers must in all cases pay their own rail fares to port of embarkation (save in the case of the American Southampton Line, and Liverpool Canadian Lines except when sailing to United States Ports other than Portland, who are allowed to include the rail ticket from London only), and from ports of debarkation excepting as provided for in clause 5.

9. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any
7950 alleged breach of this Agreement shall be settled by Arbitration as follows:

(a) Arbitration proceedings in Europe shall take place at Liverpool.

(b) Notice in writing of intention to prefer a claim shall be given in reasonable time to the party complained of, signed by or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal of-

fice in England of such British Line, and shall be deemed to have been delivered in the ordinary course of post. 7951

(c) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within fourteen days from the date of the aforesaid notice, each party shall without delay appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen shall appoint an Umpire.

(d) Should either of the parties fail to appoint an Arbitrator within fourteen days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, than the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator, in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding. 7952

(e) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference. 7953

(f) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

(g) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50.

7954 *Petitioner's Exhibit 752*

nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall be in accordance with the decision arrived at in each case at a meeting of Conference, the Line in connection with which the complaint is made to have no vote.

(h) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party
7955 to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party
7956 hereby irrevocably declares him finally stopped from raising any contrary contention.

(i) The Arbitrator or Arbitrators shall, notwithstanding they may have made and published an Award, have power to re-open and reconsider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and published or if the Arbitrator or Arbitrators see cause to extend the time then within three weeks of the issue and publication of the said Award.

Petitioner's Exhibit 752 7957

(j) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile, residence or office of business of the parties to this Agreement may be or become.

(k) All and singular the provisions of the Arbitration Act, 1889, or any Statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

British and Irish Agents.

THE NORTH ATLANTIC PASSENGER CONFERENCE.

REVISED REGULATIONS FOR AGENTS.

Conditions of granting and accepting Licenses.

The attention of Agents is specially called to the following revised Conference Regulations, and it

7960 *Petitioner's Exhibit 752*

must be clearly understood that a license to act as Agent for any Conference Line is granted only on the following conditions, and the acceptance or retention of such license is considered as an agreement on the part of the Agent that the Regulations herein contained will be strictly adhered to.

Prohibition against booking for any Non-Conference Line.

1. No Agent is to issue Tickets, book passengers, nor cause them to be booked directly or indirectly, nor permit any person in his employ or on his premises
7961 to book for any Steamship Line sailing from any Port in Europe to any Port in the United States or Canada except those forming this Conference. Any Agent for a Conference Line found holding an Agency or booking Passengers for any non-Conference Line will be immediately disqualified.

The names of the Conference Lines.

The names of the North Atlantic Passenger Conference Companies are:

ALLAN LINE ..... Allan Brothers & Co., Liverpool and London, Ltd.
ALLAN LINE AND STATE LINE GLASGOW ..... J. & A. Allan.
7962 AMERICAN LINE, LIVERPOOL—PHILADELPHIA } American Line.
AMERICAN LINE, SOUTHAMPTON—NEW YORK }
ANCHOR LINE ..... Anchor Line (Henderson Brothers), Limited.
CANADIAN PACIFIC RAILWAY CO. (ATLANTIC S. S. LINES)
CUNARD LINE ..... The Cunard Steamship Co., Limited.
DOMINION LINE ..... Dominion Line.
WHITE STAR LINE ..... Ismay, Imrie & Co.

Agents not to book Passengers, or represent themselves as Agents for any Line from whom they do not hold a License, or appoint Sub-Agents.

2. No Agent is permitted to represent himself in or by any printed matter or in any other way as a pas-

senger Agent, or to book Passengers for any Conference Steamship Company from whom he does not hold a license; or to obtain tickets directly or indirectly through or by any other Agent or person. Agents are also prohibited from appointing Sub-Agents.

Amount actually received to be entered in the Ticket.

3. The amount actually received as deposit for passages, as well as the total passage money, and balance due, is in all cases to be entered on the ticket.

Inland Bookings of Second Class, Emigrant or Colonist or mixed Class, must take place through the 7964
Steamship Company only, and only to places mentioned in the Tariff.

4. No Agent is permitted to issue Inland Tickets, nor in any way to book or quote Inland rates to Passengers nor to cause them to be booked Inland, nor to receive Commission for their being so booked, from the Port of Debarkation to their place of destination in America, except through the Steamship Company for which the Ocean Tickets are issued; and no Agent is permitted to issue Tickets to places not mentioned in the current tariffs supplied by the Conference Company he represents. This rule applies only to Inland Booking at Third Class (Emigrant or Colonist) and 7965
Second and Mixed Class Rates. In collecting Inland Fares, Agents must be careful to charge the Inland Tariff Rate from the Port at which Passengers land from the Atlantic Steamer. It is not permissible to use the Inland Tariff Rate from any other Port.

No return or allowance to be made to Passengers or other persons; also particulars of charges to be allowed or otherwise.

5. Agents are strictly prohibited from making any reduction in the Ocean or Railway Fares, or returning

7966 *Petitioner's Exhibit 752*

any portion of their commission, or granting any allowance in any shape or form, directly or indirectly, either to Passengers, other Agents, or any person whatever. The Agent's commission includes all postages, telegraphic expenses of Agents for securing berths, &c., and no refund or allowance can be made for them. The cost of Bankers' Drafts, Postal or Post Office Orders, may be deducted from the remittance, but under no circumstances can any charge be allowed for remittance by private cheque, which latter form of remittance is only permitted if previously arranged with the Company.

7967 Bill-posting and advertising.

6. No charge is allowed to be made by Agents for bill-posting or advertising.

Remittances.

7. Any agent reported by any Member of the Conference for irregularity in remittances becomes at once disqualified for acting for any Conference Company. Other infractions may be dealt with by fine or disqualification as decided by Conference.

Injurious Publications or statements concerning any Conference Line or its Agents forbidden, also extra-
7968 vagantly worded advertisements.

8. No circular or publication of any kind, reflecting upon, or instituting any comparison unfavorable to any Conference Line or its Agents, is to be issued or made use of by any Agent, nor shall any Agent or his employes make or utter any statement concerning any Conference Line or its Agents, or commit any Act that can injuriously affect such Line's or its Agent's business. Extravagantly worded advertisements issued by agents are to be deprecated.

Petitioner's Exhibit 752

7969

Advertising rates of passage.

9. When an Agent advertises a Rate for Passage to United States or Canada he must distinctly name the Line by which such rate is available, and see that the rate inserted in the advertisement is the correct one charged by the Line.

Connection between Liverpool City Agents and Agents outside Liverpool.

10. In order to regulate the connection between Liverpool City Agents and Agents in the country and other towns, and to prevent the one interfering with 7970
the functions of the other, as is frequently the case to the detriment of all concerned; and further, to prevent indirect breaches of Conference Regulations, it has been agreed between the several conference companies, as follows:

Charge for Lodgings in Liverpool.

(A) That the charge per night for lodgings at the house of any Liverpool Agent, not including anything else but attendance, be not less than one shilling per adult or one shilling and sixpence for two persons sleeping in one bed, for all British passengers, except those only just arrived from Ireland, for which passengers the lowest charge for lodgings shall be six- 7971
pence per night.

(B) That the lowest charge for a plain meal be sixpence; and for a meal with meat, one shilling.

Commission on Board or Lodgings.

(C) That the payment of commission on the board or lodging of passengers be strictly prohibited. Agents found paying or receiving such to be at once disqualified.

7972 *Petitioner's Exhibit 752*

Baggage Labels.

(D) That Agents outside of Liverpool be prohibited from making use of, or supplying passengers with any baggage labels except those issued by the Steamship Companies.

Allowing Commission and Breach of Rules.

11. No agent shall be justified in allowing Commission or committing any breach of the Conference Rules, because some other Agent may be suspected of doing so. It shall be the duty of every Agent to adhere strictly to the Rules, and to report any violation thereof that may come to his knowledge to the Conference Secretary or to the Steamship Company he represents.

AGREEMENT Z.

Parties

Reason for Agreement.

London 5th February 1908

1. The Hamburg-American Line, Holland-America Line, North German Lloyd, Red Star Line, American Line, Cunard Line, White Star Line, Anchor Line and Allan Line, United States Services, called herein collectively for the purpose of this contract the Atlantic Conference Lines (but of which the Hamburg- 8000
American Line, Holland-America Line, North German Lloyd and Red Star Line are hereinafter called the Continental Lines) of the first part, and the Allan Line, Canadian Services, which include Portland in the winter Dominion Line, which includes Portland in the winter, and Donaldson Line, hereinafter called the Canadian Lines, of the second part, agree to enter into a Pool Contract on Continental Steerage business to and via the United States and Canada carried by them.

Sharing of Continental Steerage Traffic.
Summary of Passengers Classed as Continentals.

8001

2. a) The Canadian Lines agree to accept as their share of the Continental Steerage traffic as abovementioned 2.79 per cent. per annum of same, such traffic to include all passengers carried by the Lines, parties to this agreement, except the Cunard Line from and via ports between Cronstadt and Bordeaux inclusive. All passengers of German, Russian, Austrian, Hungarian, Servian, Bulgarian, Roumanian, Montenegrinian, Helvetian, Dutch, Belgian, French, Luxembourgian origin, forwarded by Lines, parties to this agreement, from or via Scandinavian or Finnish

8002 *Petitioner's Exhibit 755*

ports to be also included, except as provided for in Clause 3.

b) (Italian passengers coming to Great Britain by direct steamers and carried by British Lines from British ports are also considered as Continental passengers under this contract.)

c) If any Line, not party to this contract, should come into the business of taking Continental steerage passengers, any passenger taken by such new Line is not to form part of the account between the Canadian Lines and the Atlantic Conference Lines.

8003 Fixing a Compensation Price for Excess or Short Carryings.

3. The Canadian Lines agree to pay compensation to the Atlantic Conference Lines at the rate of £ 4 per soul for any Continental business they carry in excess of their share as fixed in Clause 2. The Atlantic Conference Lines in like manner to compensate the Canadian Lines at the rate of £ 4 per soul for all passengers the Canadian Lines may be short of their allotment.

A continental passenger is:

8004 Definition of a Continental Passenger.

(*a*) Every passenger carried by the Lines parties to this agreement coming from or via ports between Cronstadt and Bordeaux inclusive.

(*b*) Every Italian or Oriental passenger coming to Great Britain by direct steamers from Mediterranean ports and carried by British Lines from British ports.

(*c*) Every passenger of German, Russian, Austrian, Hungarian, Servian, Bulgarian, Roumanian, Montenegrinian, Helvetian, Dutch, Belgian, French, Luxembourgian origin forwarded by Lines parties to

8005

this agreement and coming from or via Scandinavian or Finnish ports, but after a continuous residence of such a person in Great Britain, Scandinavia or Finland of at least five weeks, the Lines shall be justified in booking him as a British, Scandinavian or Finnish passenger. The detention of passengers in any country for five weeks in order to exempt them from the accounts is contrary to the spirit of this agreement.

Booking by Canadian Lines of Continental Passengers through Authorized Agencies.

4. a) The Canadian Lines agree that they will not establish, use or tolerate any agents' organization in Great Britain, America, or on the Continent, or countenance or take any steps for the booking of Continental passengers except through their regular authorized agencies. 8006

Clearing House Duties.

b) The Canadian Lines agree that the Atlantic Conference Lines for investigation purposes may establish a Clearing House in England in a similar way as the British Lines in former years used to have one in Hamburg, under an agreement with the Hamburg-American Line. The Canadian Lines have the same privilege to establish a similar Clearing House on the Continent. 8007

c) The task of the Clearing House will consist in seeing to it, that all passengers defined under this agreement as Continentals are accounted for as such. These Clearing Houses will carry on their investigations in London, Liverpool, Glasgow, Libau, Hamburg, Bremen, or any other place as may be deemed necessary.

d) All reasonable facilities shall be accorded to the Clearing House officials to satisfactorily discharge their duties.

8008 *Petitioner's Exhibit 755*

Proving to Clearing House officer that a passenger, is not a pool passenger.

e) It is understood that in cases where the Clearing House expresses its doubts as to the origin of a passenger, it is the duty of the forwarding or booking Line to prove to the Clearing House's satisfaction that the passenger is not a Continental one in the sense of this agreement. If such Line should not be in a position to prove to the satisfaction of the Clearing House that the passengers are not Pool passengers in the sense of this agreement, such passengers to be ac-
8009 counted for as Continentals without demur, without prejudice to the right of the carrying line to appeal to arbitration.

Penalty for not accounting for a Continental passenger.

f) It is distinctly understood, however, that the above investigations by the Clearing House do not free the Lines from the obligation to take themselves every measure in their power so as to avoid that passengers, who are Pool passengers in the sense of this agreement, are not accounted for by them to the Pool, and for every Continental passenger not so accounted for, the Canadian Lines shall pay to the Atlantic Con-
8010 ference Lines, and *vice versa,* damages £ 10 (besides the compensation money as stated above), and in case of repetition of such offence by the same Line this amount shall be doubled.

Quoting of gross rates off Continental ports.

5a) For Continental business only gross through rates off Continental ports to be quoted; it is, for instance, not allowed to quote nett rates off U. K. ports.

8011

Canadian Lines minimum rate off a Continental port not to be lower than lowest rate quoted by a Continental Line from that port.

b) The Continental steerage gross rate of any Canadian Line off a Continental port (which includes a commission of not exceeding fifteen Marks per adult and the actual local transportation that is from the Continent to the British port of embarkation), must not be lower than the lowest gross rate of the Continental Line, party to this agreement or French Line off the same port; and in the case of a Continental port not being frequented by steamers of a Continental 8012
Line party to this agreement or French Line, the lowest gross rate of the Canadian Lines off such port must not be lower than the lowest gross through rate quoted by any Continental Line party to this agreement or the French Line.

Canadian Lines alter Continental rates adjust.

c) It being the sense of this agreement, that the Canadian Lines should carry the share allotted to them as nearly as possible, it is agreed that in case and as long as the Canadian Lines are short of their allotment, the Line or Lines of them which are short may reduce their rate below the aforesaid minimum on 8013
submitting proof of such shortage to the Atlantic Conference Lines. In like manner, in case and so long as the Canadian Lines are in excess of their allotment, the Line or Lines of them which are in excess are bound to advance their rates even above the aforesaid minimum.

Communications thro. secretary Notice change in rates.

6a) The Canadian and the Atlantic Conference Lines shall communicate to each other through the Secretary of the Atlantic Conference any change in their rates 24 hours before it is published.

8014 *Petitioner's Exhibit 755*

P. R. Canadian Lines not to be below equivalent west rate at given scale.

b) The prepaid rate of the Canadian Lines shall not be below the equivalent of the Westbound rate at the following scale:

M.	100	Dollars	24 1/2
"	110	"	27
"	120	"	29 1/2
"	130	"	31 1/2
"	140	"	34
"	150	"	36 1/2
8015 "	160	"	38 1/2
"	170	"	41
"	180	"	43 1/2
"	190	"	45 1/2
"	200	"	48

and the Canadian Lines to pay the same commission as the Atlantic Conference Lines.

Not to book steerage as second cabin.
Passgrs. at lower than cabin rates are steeragers. See cabin rates minimum.

8016 c) The Canadian Lines and the Atlantic Conference Lines mutually undertake that they will not book steerage passengers as second cabin with a view to evade the conditions of this agreement. All Continental passengers paying a rate less than second cabin Continental rate of the respective steamer to be accounted for as steeragers. As second cabin rate shall be considered the rate, fixed in a special second class agreement by the parties to this contract, and during the time such cabin agreement not being in existence a rate 40/- higher than the lowest gross steerage rate of any Continental Line party to this agreement or the French Line, but in no case the Canadian Lines'

8017

Continental second class rate shall be lower than 180 Marks, unless the Continental Lines, parties to this agreement or the French Line, or any one of them quote a lower second class rate, in which case the Canadian Lines are entitled to the same rate.

Suspense of Canadian Lines' share made possible.

7. That the Atlantic Conference Lines hold themselves free to suspend the guarantee of the share of the Canadian Lines under this agreement for such time as the Canadian Lines, or any of them, may decline to book or to carry Russian and/or Austrian traffic, or for that period during which international hostilities, measures of Governments, or epidemics prevent Russian and/or Austrian transit.

8018

Informing Secy. Cont. carryings Dates.

8a) For the purpose of controlling the proportions of the traffic the Canadian Lines shall telegraph to the Secretary of the Atlantic Conference Lines not later than three days after the 7th, 15th, 23rd and last of each month, the number of Continental passengers forwarded by them in the course of the respective pool period.

Circulating Statistics.

8019

b) In like manner the Atlantic Conference Lines shall communicate to the Secretary of the Atlantic Conference the returns of the numbers of Continental passengers carried by them. The statistics to be circulated.

Making up pool statements. Remittances time limits.

c) Pool Statements for each month to be made up by the Secretary of the Atlantic Conference before the 20th of each succeeding month and remittance to be made before the end of the month next ensuing.

8020 *Petitioner's Exhibit 755*

Remittance in compensation to Canadian Lines to be made by Bankers' draft on London.

d) Remittances in compensation to Atlantic Conference Lines to be made as may be advised by the Secretary of the Atlantic Conference.

Settling disputes.

9. All parties mutually agree that any disputes or claims between any of them, or between any one or more of them, and the rest of them arising out of any alleged breach of this agreement shall be settled by
8021 Arbitration as follows:

Place.

a) Arbitration proceedings in Europe shall take place at London.

Giving Notice of Claim.

b) Notice in writing of intention to prefer a claim shall be given, in reasonable time, to the party complained of, signed by, or on behalf of, the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the prin-
8022 cipal office in England of such British Line and to the principal office on the Continent of such N. D. L. V. Line, and shall be deemed to have been delivered in the ordinary course of post.

Appointing an Arbitrator.

c) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen shall appoint an Umpire.

Petitioner's Exhibit 755

8023

d) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator in the reference whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

8024

Arbitrators' powers.

e) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this agreement, and also as to which of the parties shall pay the costs of the reference.

f) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

8025

Penalties for breach of Contract.

g) The fine or damages for breach of this Agreement, by any party hereto shall not be less than £50 nor more than £500 sterling, or the equivalent for each breach and for breach by any agent the fine or damages shall not be less than £5 nor more than £100.

h) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be

8026 disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and
8027 not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

Re-opening and reconsidering a claim.

i) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an Award have power to re-open and re-consider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and
8028 published, or if the Arbitrator or Arbitrators see cause to extend the time, then within three weeks of the issue and publication of the said Award.

Statement to be made under English Law.

j) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England, wherever the domicile, residence or office of business of the parties to this Agreement may be or become.

 8029

k) All and singular the provisions of the Arbitration Acts 1889, or any statutory modification or amendment thereof for the time being in force, shall be applicable to any arbitration hereunder.

Observing spirit and letter of agreement.

10. In all cases in which differences of opinion arise on the terms and meaning of this Agreement, not only the tenor but more and especially the spirit of it has to be considered by the Arbitrator.

Period of agreement. Notice termination.

11. This present contract has been concluded for the period from March 1st 1908 to February 28th 1911, and shall after this latter date continue from year to year unless due notice be given not later than on the 1st December of the intention of terminating same at the end of the next February, namely, in the first instance on the 1st December 1910. 8030

A/cing of passengers on termination contract.

12. Passengers embarked for the Canadian Lines from a Continental port on or before the date of termination of this agreement shall be accounted for, although they may sail from Great Britain at a later date. 8031

N. D. L. V. withdraw from certain traffic.

13. The N. D. L. V. Lines, agree to withdraw altogether from the carriage of Scandinavian (Norway, Sweden, Denmark and Iceland) Finnish and British Steerage business, Westbound and Eastbound, direct and indirect, except indirect Eastbound Scandinavian and Finnish by Norddeutscher Lloyd and Hamburg-Amerika Line via their home ports, which Lines shall charge for their fast services the same rate as the British fast steamers and for their slower services two dollars less.

APPENDIX II.

AGREEMENT Z.

Note to be added to the agreement between the Atlantic Conference Lines and the Allan Line, Canadian Services, including Portland in the winter, Dominion Line, including Portland in the winter, and the Donaldson Line, with regard to pooling Westbound Continental third class business.

1. The allotment of 2.79 per cent per annum of the Westbound Continenal steerage traffic is to be divided as follows, viz.:

Dominion Line	.74	per cent
Allan Line, Canadian Services	1.85	"
Donaldson Line	.20	"
	2.79	"

8036

2. This percentage to be calculated on the total Westbound steerage Continental traffic carried by the—

Allan Line,
Donaldson Line,
Dominion Line,
British United States Lines (exclusive of the Cunard Line),
N. D. L. V. Lines.

8037

3. The Dominion Line, being party to the Atlantic Conference their percentage under this Agreement must be accounted for to the Atlantic Conference.

APPENDIX III.

AGREEMENT Z.

The following is the preliminary Agreement reached on January 31st, 1908:

Meeting

at Savoy Hotel, January 31st, 1908.

The following Lines being represented, viz.:

Hamburg American Line	Anchor Line
North German Lloyd	American Line
8039 Holland America Line	Donaldson Line
Red Star Line	Canadian Pacific Railway Company
French Line	White Star Line
Cunard Line	Dominion Line.
Allan Line	

1. *a*) The percentage of Continental Westbound business to be allotted to the Canadian Lines to be as follows:

Canadian Lines	Allan Line, Liverpool Allan Line, Glasgow Dominion Line, Liverpool Donaldson Line, Glasgow	2.79 %	To be amended by reduction on %. Allan Boston Service

8040 *b*) The Donaldson Line accept 0.20 as their share of this allotment. The division of the balance to be left to the Allan and Dominion Lines to adjust between themselves.

United States Lines	N. D. L. V. Lines British United States Lines	97.21 %

(exclusive of Cunard Line)

Petitioner's Exhibit 755 8041

c) The Canadian Lines agree to pool Russian passengers via Hango or other Finnish or Scandinavian ports. *The revised Agreement on Continental Westbound Business to be considered at a subsequent meeting, with a view to adapting it to the Canadian Lines as against the United States Lines.*

2. The Canadian Lines agree in principle that in the event of U. S. Lines 3rd class rates for pool purposes being raised they will follow up to a maximum of £7 provided the same differentials are preserved as against the British United States Lines as may be agreed upon.

3. Ten shillings differential to be continued for 8042
Canadian business as against U. S. business by all British Lines.

4. *Allan Line Boston Service to be included in the General Westbound Pool. The allotment of the 2.70* per cent to the Canadian Lines to be reduced in accordance with the Continental carryings by this service in the past.

5. Donaldson Line agree not to carry more than 200 third class passengers eastbound per annum without giving three months' notice to the Pool Lines of their intention to go into the eastbound business, when their percentage allotment will be considered. This is 8043
subject to an Eastbound Pool being arranged.

AGREEMENT BB.

Between the following S. S. Lines

The Allan Line Steamship Co. Lim., Glasgow,

The Anchor Line (Henderson Brothers) Lim., Liverpool,

The Cunard Steamship Co. Lim., Liverpool,

The Hamburg Amerikanische Packetfahrt A. G., Hamburg,

The Nederlandsch Amerikaansche Stoomvaart Maatschappij, (Holland Amerika Lijn) Rotterdam,

Norddeutscher Lloyd, Bremen,

8045 Societe Anonyme de Navigation Belge Americaine (Red Star Line), Antwerp,

International Mercantile Marine Co. (except the Societe Anonyme Belge Americaine, Red Star Line, Antwerp) New Jersey,

Canadian Pacific Ry. Co. (Atlantic Steamship Lines), Montreal, hereafter called the Atlantic Conference, of the first part, and the

Russian Eastasiatic Steamship Co., St. Petersburg of the second part the following Agreement has been concluded:

Art. 1.

8046 The Atlantic Conference guarantee to the Russian Eastasiatic S. S. Co. the percental participation, as defined and provided for in Art. 3 of this Agreement, of the entire steerage traffic as mentioned in Art. 3, forwarded by the parties to this Agreement from all European ports to and via the United States of America and Canada and vice versa in vessels owned, leased, chartered, or controlled by them without regard to the flag. Excepted are Italian and Oriental passengers forwarded by direct steamers through the Straits of Gibraltar (Oriental passengers means passengers to or from Greece, Africa & Asia.)

Petitioner's Exhibit 756 8047

Art. 2.

All passengers forwarded in any intermediate class between steerage and cabin as defined in Art. 13 are to be considered as steerage passengers in the sense and meaning of this contract.

Intermediate, or even cabin passengers, are steeragers, unless they pay at least the lowest cabin fare as defined in Art. 13.

In the event of a breakdown of a steamer or other unforeseen occurrence necessitating the transfer of third class passengers to another Line, the Line carrying the passengers must pool them, except that if the 8048
Line to which the passengers are transferred is not a party to this Agreement, as far as those passengers are concerned, then the Line for which the passengers were booked must account for them to the Pool.

Jena, *Decbr. 10th, 1908;* March 31st, 1909.

Art. 3.

The Russian Eastasiatic S.S. Co. shall receive as their share in the total transportation of steeragers (souls) in accordance with Art. 1

a) Westbound 2.50%

of the carryings of

The Allan Line S.S. Co. Ltd., Glasgow for its 8049
United States Services.

The Anchor Line (Henderson Brothers) Lim., Liverpool,

The Cunard S.S. Co. Lim. Liverpool, (their Adriatic service excepted)

The Hamburg Amerikanische Packetfahrt A. G., Hamburg,

The Nederlandsch Amerikaansche Stoomvaart Maatschappij, Rotterdam,

Norddeutscher Lloyd, Bremen,

Societe Anonyme de Navigation Belge Americaine (Red Sar Line) Antwerp.

8050 *Petitioner's Exhibit 756*

White Star Line, Liverpool and Southampton,
American Line, Liverpool and Southampton,
Dominion Line, Liverpool, and
Russian Eastasiatic S.S. Co., St. Petersburg.

b) Eastbound 3.—%

of the carryings of

The Allan Line S.S. Co. Lim. Glasgow, United State & Canadian services,

The Anchor Line (Henderson Brothers) Ltd., Liverpool,

The Cunard S.S. Co. Lim., Liverpool for its Liverpool services and for all non-Italian & non-Oriental
8051 passengers by its Triest-Fiume service,

The Hamburg Amerikanische Packetfahrt A. G., Hamburg,

The Nederlandsch Amerikaansche Stoomvaart Maatschappij, Rotterdam,

Norddeutscher Lloyd, Bremen,

Societe Anonyme Belge Americaine (Red Star Line) Antwerp,

White Star Line, Liverpool and Southampton,
American Line, Liverpool and Southampton,
Dominion Line, Liverpool,

Canadian Pacific Ry. Co. (Atlantic Steamship Lines) Liverpool services, and
8052 Russian Eastasiatic S.S. Co., St. Petersburg.

Art. 4.

The percentages of the Russian Eastasiatic S.S. Co. are subject to their effecting both east and westbound not less than 18 sailings and not more than 24 sailings in a calendar year. For every sailing less than 18 sailings either east or west the percentage shall be reduced by 1/18th, east or west, as the case may be.

Petitioner's Exhibit 756

8053

Art. 5.

The Russian Eastasiatic S.S. Co. undertake not to carry any Scandinavian and Finnish passengers, nor to call with any of their steamers westbound or eastbound at any Scandinavian, Finnish, British or Continental port, except eastbound they retain the right to call at Rotterdam.

Art. 6.

If the Russian Eastasiatic S.S. Co. transfer their business in part or in whole to a successor or if an amalgamation with another Line takes place, they are 8054
bound to make it binding upon their successors to enter into this contract and to become a party to it with all the rights and obligations arising out of it, and their security devolves upon such successor.

Art. 7.

If the number of steeragers carried by the Russian Eastasiatic S.S. Co. in any year exceeds their share as per Art. 3, they have to pay to the Atlantic Conference Lines a compensation of £4.—for each passenger (soul) carried in excess of their share.

On the other hand, when they are short of their share, the Atlantic Conference Lines have to pay them likewise a compensation of £4.—p. soul for their short- 8055
age.

The compensation rate is subject to change, if such a change is agreed upon by the Atlantic Conference Lines for the accounts between themselves.

Art. 8.

The Secretary of the Atlantic Conference will make up monthly provisional accounts, showing the amount of compensation due to or by Russian East-Asiatic S.S. Co. and he will notify the party, which has to pay. These payments to be made within a fortnight after receipt of such notification.

8056 *Petitioner's Exhibit 756*

Final setlements will be made for each calendar year on the basis of a compensation account, prepared by the Secretary, to comprise the entire year. Objections against these final accounts to be made within four weeks of receipt of same by the Lines, failing which the accounts shall stand.

Objections to the correctness of the accounts form no release from the obligation to effect the provisional settlement.

Art. 9.

8057 The Russian Eastasiatic S.S. Co. undertake to arrange their service in such a manner that the number of steeragers which they actually carry, corresponds as nearly as possible with the number allotted to them by this contract, the payment of compensation money not being the intent and object of this contract, but merely the means of deterring either party from overcarrying its percentage allotment.

Art. 10.

a) For the purpose of the compilation of the compensation accounts the Lines, parties to this Agreement, have to furnish to the Secretary every 7th, 15th, 23rd and last day of a month their statistics of the
8058 steeragers, and also 2nd Cabin passengers, carried by them in the week ending with these respective dates and the destination of the steamer. First class numbers to be furnished to the Secretary for statistical purposes.

b) Passengers deported by Government authorities shall be deducted from the number of steeragers to be accounted for to the pool. Live stock attendants are likewise not to be accounted for.

c) Passengers who are transported free or against payment of the cost of subsistence westbound or eastbound upon request of the Government shall be treated in like manner.

Petitioner's Exhibit 756 8059

d) Persons belonging to the Board, the staff or the crew of any party to this Agreement as also their wives and children need not to be accounted for, if they receive free passage or passage at reduced rates.

e) All steerage passengers, whether booked at regular or reduced rates, have to be pooled under this Agreement, except those excepted under paragraphs b, c, d, of this clause.

f) A fine of £5.—shall be imposed upon any Line delaying the delivery of the statistics for more than three days.

g) The Secretary has to furnish to the parties weekly the statistics of the passengers carried, and monthly a statement showing the position of the parties versus each other and not later than the 15th of each month for the preceeding month. 8060

Art. 11.

In case the results thus obtained show that the Russian Eastasiatic S.S. Co. have exceeded their proportion or have remained below it, they are bound to adopt measures calculated to bring about a correct adjustment. But before putting such measures in operation they must inform the Secretary of the measures proposed to be adopted.

8061

Art. 12.

The Russian Eastasiatic S.S. Co. have not the right to alter their steerage, and second cabin rates without having previously informed the Secretary, and they must not make special rates, either in Europe or in America, without previous assent of the Atlantic Conference.

Art. 13.

Unless otherwise agreed upon the lowest second cabin rate of the Russian Eastasiatic S.S. Co. west-

8062 bound must be at least £2.—and eastbound at least $10.—higher than the highest third class rate of the respective steamer. In case third class and steerage passengers are carried the basis for fixing the second class rate shall be the third class rate.

Art. 14.

a) The commission to agents in Europe for steerage business to be not more than 15 sh. or 7 Roubles per adult, and for second cabin business a maximum of 6% with liberty however, to grant a minimum of 15 sh. or 7 Roubles. The commission to agents in Amer-
8063 ica to be as fixed by the Newyork Continental Conference.

b) The agents of the Russian Eastasiatic S.S. Co. shall not book or interest themselves in the booking of passengers for Lines not parties to this contract or not connected by Agreements with the Atlantic Conference or the N. D. L. V. Lines.

Art. 15.

The cash steerage rates and the American Prepaid rates of the Russian Eastasiatic S.S. Co. shall be established on the following equivalents:

8064

50	Roubles	$ 25
55	"	" 27½
60	"	" 30
65	"	" 32½
70	"	" 35
75	"	" 37½
80	"	" 40
85	"	" 42½
90	"	" 45
95	"	" 47½
100	"	" 50

The Russian Eastasiatic S.S. Co. has to furnish to the Secretary weekly reports of the number of souls

Petitioner's Exhibit 756 8065

for which prepaid tickets for their line have been sold in the past week.

Art. 16.

a) The Russian Eastasiatic S.S. Co. undertake to comply with Art. 8 of the General Rules third series of the Continental Conference which reads as follows:

> No circulars or publications shall be issued by any Line reflecting upon or instituting comparisons with any Conference Line, unfavorable to the latter, and no party hereto shall support any newspaper which may systematically 8066
> attack any Conference Line.

b) The Russian Eastasiatic S.S. Co. shall be responsible for their agents and employees or other representatives in this sense, that they are bound to dismiss an agent etc. who in respect to another Line has disregarded the stipulations of Art. 16 a.—All the other Lines are also bound to break off all and every direct or indirect business connection with such agent.

c) They further undertake to send to the Secretary any printed matter and circulars sent to agents in relation to steerage and Second Cabin business.

d) Article 16 applies in its entirety to circulars or publications issued both in America and Europe. 8067

Art. 17.

For the faithful performance of the conditions of this agreement the Russian Eastasiatic S.S. Co. have to deposit with the Secretary an accepted bill of the same form as those agreed to by the Bitish Atlantic Conference Lines, and to the amount of £5500. This bill is only payable if it is accompanied by an award of the arbitrator provided for in Art. 22 of this Agreement, or by the award of another arbitrator agreed upon. The securities given by the Atlantic Conference

Petitioner's Exhibit 756

8068 Lines under Agreement A.A. shall also apply to this contract.

Art. 18.

The security given shall be considered the amount of liquidated damages and thus entirely forfeited, if the Russian Eastasiatic S.S. Co. unduly withdraw from the present contract before its expiration, or if they resort to actions which render the continuance of this present contract impossible and which are therefore to be considered equivalent to a withdrawal from this present contract as f. i. refusal to pay compensation or
8069 failure to replenish the security mentioned in Art. 17 within 14 days or assisting directly or indirectly a new opposition Line, or starting, or assisting a Line whereby the business as defined in Art. 1 would be interfered with.

Art. 19.

a) Penalties in case of contravention against or infraction of any stipulations of this contract shall be fixed by the Arbitrator, but in no case shall such a penalty exceed the amount of the security given by the individual Line at fault.

b) The amount of penalty to be in each case not
8070 less than £250 for each contravention or infraction, except as provided for in Art. 10.

c) In case of the contravention or infraction being made wilfully and designedly, especially in case of any wilful and intentionally incorrect statement or declaration in respect to statistics, the penalty shall not be less than £2500.

d) Unless the penalty be paid to the Secretary within 8 days after the Line concerned has received the award, the security will be realized and the amount of such penalty forfeited.

Petitioner's Exhibit 756

Art. 20.

The execution and control of the fulfilment of the stipulations of this contract is confided to the Secretary of the Atlantic Conference. He must have access to the passenger office of the Russian Eastasiatic S.S. Co. and can there examine all books, correspondence, etc., so far as he may deem it practicable to satisfy him that the terms of this contract have been complied with. He has to act as mediator in general in the transactions between the parties, so far as such transactions appertain to matters relative to this contract, and it is his duty to use every exertion to settle difficulties amicably.

Art. 21.

The Russian Eastasiatic S.S. Co. have to contribute to the office expenses of the Secretary of the Atlantic Conference in the proportion of the mean of their west and eastbound percentages or 2.75%.

The salary of the Secretary shall be paid by the Lines in equal parts.

Art. 22.

All parties mutually agree that any dispute or claims between any of them, or between any one or more of them, and the rest of them arising under this agreement, shall be settled by Arbitration as follows:

(a) Arbitration proceedings, unless the parties in dispute agree otherwise, shall take place alternately in England and Germany; to commence with England.

(b) Notice in writing of intention to prefer a claim shall be given, in reasonable time, to the party complained of, signed by or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office

8074 *Petitioner's Exhibit 756*

in England of such British or American Line, and to the principal office on the Continent of such Continental Line, and shall be deemed to have been delivered in the ordinary course of post. Copies to be sent to the Secretary, who has to inform the other parties.

(c) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen shall appoint an Umpire. In case they cannot agree upon the Umpire, the latter to be nominated by the President
8075 of the Board of Trade if the arbitration takes place in England, and by the President of the Hanseatic court of appeal in case the arbitration takes place in Germany.

(d) Should either of the parties fail to appoint an Arbitrator within 21 days after notice of the intended reference has been given, and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator in the reference whether the party failing to appoint an Arbi-
8076 trator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(e) The arbitrator or arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this agreement, and also as to which of the parties shall pay the costs of the reference.

(f) The arbitrator or arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this agreement, and shall impose damages accordingly.

8077

(g) The damages for breach of this agreement shall be imposed by the arbitrator having due regard to the stipulations in Article 19.

(h) Damages shall be payable within eight days from the date of the notification of the award.

(i) Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of penalty or under any circumstances be regarded otherwise than as the true and as-
8078
certained damages resulting from the breach, and each party hereby irrevocably declares himself finally stopped from raising any contrary contention.

(k) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an award have power to re-open and re-consider the same and to hear further evidence and to make a fresh award provided cause be shown satisfactory to him or them within one week after the award is first made and published, or if the Arbitrator or Arbitrators see cause to extend the time, then within three weeks of the issue and publication of the said award. The award of the Arbitrator takes the place and is equivalent to a legal judgment given by the highest instance of any law 8079
court against which all right of appealing is exhausted, and it is expressly understood that all the parties to this present contract relinquish all and every right to employ against the award given any legal means of whatever name or description such legal means may be.

(l) Any disputes arising under this Agreement shall be settled according to the law of the country in which the arbitration takes place, wherever the domicile residence or office of business of the parties to this Agreement may be or become.

8080 *Petitioner's Exhibit 756*

(m) In case of arbitration taking place in England, all and singular, the provisions of the Arbitration Act 1889, or any statutory modification or amendment thereof for the time being in force, shall be applicable.

(n) In case of Arbitration taking place in Germany, the German law will apply, both the manner in which the arbitrator thinks proper to take the evidence of the parties and of the witnesses who may have to be heard, as also the modus which he adopts in ascertaining the facts of the matter at issue are left entirely to his conscientious decision, and it is expressly understood that he is not bound to the observance of the rules in operation in respect of any legal procedure.

8081

Differences which may arise after the expiration of this contract, before the accounts are finally closed, shall still be subject to arbitration, and the securities given will not be released until the final accounts are settled.

Art. 23.

The Russian Eastasiatic S.S. Co. agree that in all cases in which resolutions have to be taken with regard to existing differences of opinion as to the terms and conditions of the present contract, as also in the case of all decisions by the Atlantic Conference Lines or by the arbitrator, not only this contract, but also the tenor and especially the spirit of the Atlantic Conference Contract which is the basis of this agreement and of which they have received a copy is to be taken in consideration.

8082

Art. 24.

All resolutions passed in future by the Atlantic Conference Lines relating to the Atlantic Conference contract and all alterations and additions shall be binding on the Russian Eastasiatic S.S. Co. after they are communicated to them by the Secretary.

Petitioner's Exhibit 756

Resolutions regarding Russian business, to be binding on the Russian Eastasiatic S.S. Co. must be agreed to by them in writing, except as otherwise provided for. 8083

Art. 25.

This Agreement commences to operate 1st September, 1908, and is concluded for the period from 1st September 1908 to February 28th 1911, and shall after this latter date continue from year to year, unless due notice be given to the Secretary of the Atlantic Conference by either party not later than 1st December of the intention of terminating same at the next February namely, in the first instance 1st December 1910. 8084
—Accounts being closed at the end of each calendar year, the period during which this Agreement operates in 1908, being from 1st September to 31st December —thus only for 4 months—the sailings referred to in article 4 shall be 6 minimum and 8 maximum both east- and westbound for this period. The last period, in case of this agreement terminating on a 28th February, will consist of 14 months from 1st January to 28th February of the subsequent year, the number of sailings to be altered proportionally.

Art. 26.

In the event of the Danish Eastasiatic Co. entering 8085
the Scandinavian, Finnish or Continental third class business to or from North America or in the event of any new competition whatever being started, including the Russian Volunteer Fleet, from Russia to or from North America, the Atlantic Conference Lines have the right to terminate this agreement forthwith.

The Russian East-Asiatic Steamship Co. Ltd.

8086 *Petitioner's Exhibit 756*

I, Konrad A. Goetz, Notary of the Exchange of St. Petersburg, Marskaja Str. 28, certify, that the above Agreement was signed by the Members of the Board of the Russian Eastasiatic Steamship Company, Count Mr. Apraxin and M. Theodor Hoffding, personally known to me. And I further declare, that on ground of the Statutes of the Russian East-Asiatic Steamship Company, Agreements, performed in this manner and signed by two members of the Board obliges the Company. In witness whereof my hand and seal of my office.

AGREEMENT

on

BRITISH WESTBOUND THIRD CLASS BUSINESS.

It has this day been agreed by the following British Atlantic Lines, viz.:

Allan Line.
Anchor Line.
Cunard Line.
Donaldson Line.
American Line. 8090
Canadian Pacific Railway Co.
Dominion Line.
White Star Line.

known as the North Atlantic Passenger Conference, of the First part, and the Canadian Northern Steamships Limited, hereinafter referred to as the Royal Line, of the Second part, as under:

(1) The Royal Line become parties to the Agreement for British Third Class Business dated May 23rd, 1908 (as revised) appended hereto, and agree to all the clauses and conditions thereof and amendments thereto made by the Minutes of the North Atlantic Passenger Conference, of which Body, by virtue of this Agreement, the said Royal Line now becomes a member. An extract of the Minutes is annexed. 8091

(2) The privileges accorded to the Canadian Lines under Clauses 4, 6, and 7, of the said revised Agreement for British business to be accorded also to the Royal Line.

(3) The steamers at present running in the service of the Royal Line, viz., S. S. "Royal Edward" and "Royal George" to be rated on the same basis as the

8092 *Petitioner's Exhibit 757*

steamers "Empress of Britain" and "Empress of Ireland," viz:

	Westbound.	Eastbound.
Cash, £6.	Prepaid $30.	$30.

(*NOTE. The above Westbound rates are exclusive of U. S. Head Tax, which must be collected in addition, viz: $4 (or 16/-, per Adult, Child or Infant.

The Eastbound rate is shown herein for the purpose of recording its normal level, and it is subject to alteration for adjustment purposes under the Agreement on Eastbound third class business.)

8093 (4) The ocean rates scheduled as in operation at this date are understood to be the minimum ocean rates that can be accepted. No application for reduced rates that may be made to either party by any Society or Body can at once be acceded to. Any such application must be sent by the party receiving it to the Secretary and placed before all the members of both parties and all members of both parties must be unanimous before any action can be taken in regard thereto.

The Royal Line to table with the Secretary for the information of the other parties particulars of any commitments or concessions of reduced rates granted to any Society, Body or Government, if any, now in
8094 operation. Such commitments or concessions to terminate on the expiry of the period for which they have been made, and not to be renewed.

(5) Railway rates from ports of debarkation to interior points are to be the fares quoted in the published passenger tariffs of the United States or Canadian Railway Companies, and both parties to pay to booking agents the agreed on commissions. On Eastbound Railway rates in the United States and Canada, both parties to be on the same basis as to rates and commissions to agents. All alterations in Railway rates

Petitioner's Exhibit 757 8095

or commissions are to be tabled before being put into operation, the Secretary of the Conference to circulate such alterations amongst the members.

(6) This Agreement is subsidiary to, and forms part of, the revised Agreement on British Third Class Business attached hereto, dated May 23rd, 1908.

(As Revised.)

BRITISH BUSINESS.

THIRD-CLASS. 8097

AGREEMENT between the following British Lines:—Allan Line; American Line, Anchor Line; Canadian Pacific Railway Company (Atlantic S. S. Lines); Cunard Line; Dominion Line; Donaldson Line and White Star Line; to enter into an arrangement for the due observance of the rates and conditions relating to Third Class British business as set forth herein, viz:

1. That the rules and regulations agreed upon at Conference meetings, and also those for Agents an-

8098 *Petitioner's Exhibit 757*

nexed, be considered part of this Agreement. All official communications between the Lines to be made through the Secretary of the North Atlantic Passenger Conference.

2. That the commission to any Agent in the United Kingdom for securing Cash or Homeward Passengers shall not exceed six shillings per adult, three shillings per child, one shilling per infant; and to Agents in the United States or Canada for Prepaid Passengers, $2 per adult, $1 per Child, $0.25 per Infant, except commission to General Agents in the United States and Canada, which is to be settled in the New York
8099 Conference.

3. That the Westbound Rates be as follows:

	British Gross Rates.	
	Cash.	Prepaid.
ALLAN LINE, Liverpool—		
S.S. Victorian, Virginian	£6 0 0	$30.00
S.S. Hesperian, Corsician, Tunisian, Ionian, Parisian, Grampian, and other Steamers	5 15 0	28.75
ALLAN LINE, Glasgow—		
Canadian Service	5 15 0	28.75
U. S. Service, S.S. Grampian, Hesperian		
United States other Steamers and London		
8100 Service	5 10 0	27.50
AMERICAN LINE, Southampton—		
S.S. St. Paul, St. Louis, New York, Philadelphia	6 5 0	31.25
AMERICAN LINE, Liverpool—		
S.S. Friesland, Haverford, Merion, Westernland	5 15 0	27.75
ANCHOR LINE—		
S.S. Caledonia, Columbia, California	6 0 0	30.00
S.S. Astoria, Furnessia	5 15 0	28.75
CANADIAN PACIFIC RAILWAY CO.— (ATLANTIC S.S. LINES)		
S.S. Empress of Britain, Empress of Ireland....	6 0 0	30.00

Petitioner's Exhibit 757

8101

S.S. Lake Manitoba, Lake Erie, Lake Champlain	5 15 0	28.75
CUNARD LINE—		
S.S. Lusitania, Mauretania	7 0 0	35.00
S.S. Caronia, Carmania	6 10 0	32.50
S.S. Campania	6 10 0	32.50
S. S. Ivernia, Saxonia	6 5 0	31.25
S.S. Carpathia		
When not carrying Cattle	6 0 0	30.00
When carrying Cattle	5 15 0	28.75
DOMINION LINE		
S.S. Canada, Dominion, Ottawa, Southwark	5 15 0	28.75
S.S. Laurentic, Megantic	6 0 0	30.00
DONALDSON LINE—		
S.S. Cassandra, Athenia, Saturnia	5 15 0	28.75
WHITE STAR LINE—		
S.S. Oceanic, Baltic, Cedric, Celtic, Adriatic	6 10 0	32.50
S.S. Majestic, Teutonic, Arabic, Zeeland	6 5 0	31.25
S.S. Cymric		
When not carrying Cattle	6 0 0	30.00
When carrying Cattle	5 15 0	28.75

8102

Children 1 year and under 12 years half-fare; Infants under 12 months 10/-cash, $2.50 prepaid.

8103

U. S. Head Tax. On all alien passengers to the United States (whether sailing via a U. S. or Candian port), an additional charge of 16/- per soul, and $4 on prepaid passengers, is made to cover the amount of the Head Tax, viz., $4.

(N. B.) The Eastbound Rates are covered by the General Adjustment contract to which all Lines are parties for Eastbound business.

The foregoing rates apply only to steamers at present employed in the services of the Lines. New steam-

8104 *Petitioner's Exhibit 757*

ers to be rated as they come out on a similar basis, such rating to be subject to revision by arbitration in case of difference of opinion arising.

When any service has more than one rate, tickets at a lower rate shall plainly state they are only available for the named steamer or steamers to which the lower rate applies, and the Companies undertake they will not carry the holders of lower rate tickets by higher rated steamers, unless they have been paid difference in rate.

4. That the Canadian Lines be at liberty to charge a
8105 rate of £4 10/-nett for parties consisting solely of charity children shipped by the Managers or Proprietors of children's homes. This rate to be off London for London charity children, off Glasgow for Scotch charity children, and off Liverpool for others. The Canadian Lines to schedule with the Secretary a complete list giving particulars of the institutions who alone are entitled to this special rate.

No free passes or reductions shall be given to agents, press representatives, shippers or brokers, or to anyone with the object of obtaining other passengers or business of any kind, or in recognition of advertisements in any way, the intention being that except that the principals of the different firms or Lines are at
8106 liberty to grant free passes or reductions to Government officials, scheduled General Agents, or to other individuals on purely personal grounds, no free passes or reductions whatever shall be given.

An exception shall be made in the case of steamers carrying live stock, which steamers are at liberty to convey men when accompanying such live stock and on the return journey free of charge. An exception shall also be made in the case of Canadian steamers carrying charity children, which steamers are at liberty to convey the persons accompanying such charity chil-

dren and on the return journey free of charge. The number of such free passages to be limited to the proportion of one conductor to every 100 boys (or part of 100) and one conductress to every 100 girls, (or part of 100). Canadian Lines to table contracts now existing which provide for free transportation to conductors. An exception is made in the case of the Allan Line, Glasgow, regarding Quarriers' children by Allan Glasgow service, in whose favor it is agreed that conductors may be carried not exceeding three for each party. 8107

5. That free railway tickets be granted only from United States ports of debarkation to New York, Boston, and Philadelphia. 8108

6. That the rate for Homeward orders be the same as the Eastbound cash rate. New York, Boston and Philadelphia, to be common points for the United States Lines to ports of debarkation only, except in the case of the American Line Southampton, and White Star Line Southampton services, who may give free rail tickets to London from Southampton, and the Liverpool Canadian Lines, who may give free rail tickets, Liverpool to London.

7. That passengers Westbound must in all cases pay their own rail fares to port of embarkation save in the case of the American and White Star Line Southampton services, and Liverpool Canadian Lines (except when sailing to United States Ports other than Portland) who are allowed to include the rail ticket from London only. 8109

8. That all arrangements entered into for the payment of extra commission or the granting of passages at reduced rates, are to be tabled forthwith with the Conference Secretary, and must not be renewed.

8110 *Petitioner's Exhibit 757*

9. This agreement commences to operate 1st June 1908, and is concluded for the period from 1st June, 1908, to 28th February, 1911, and shall after this latter date continue from year to year. Any Line, however, has the right to withdraw at any time on giving one months notice. The withdrawal of any Line releases the other parties hereto.

10. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by
8111 Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall take place at Liverpool.

(*b*) Notice in writing of intention to prefer a claim shall be given in reasonable time to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also the particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office in England of such British Line, and shall be deemed to have been delivered in the ordinary course of post. Copies to be sent to the Secretary, who has to inform
8112 the parties.

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within fourteen days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing

8113

by the disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of the sole Arbitrator shall be final and binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

8114

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement and shall impose penalties accordingly.

(*g*) The damages for breach of this Agreement by any party hereto shall not be less than £10, nor more than £100 sterling, or the equivalent for each breach, and for breach by any agent the damages shall be in accordance with the unanimous decision arrived at in each case at a meeting of Conference, the Line in connection with which the complaint is made to have no vote.

8115

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or reinstated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or reinstating him.

8116 *Petitioner's Exhibit 757*

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall, notwith-
8117 standing they may have made and published an Award, have power to reopen and reconsider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and published or if the Arbitrator or Arbitrators see cause to extend the time then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile, residence or
8118 office of business of the parties to this Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any Statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

THE NORTH ATLANTIC PASSENGER CONFERENCE.

REVISED REGULATIONS FOR AGENTS.

Conditions of granting and accepting Licenses.

The attention of Agents is specially called to the following revised Conference Regulations, and it must be clearly understood that a license to act as Agent for any Conference Line is granted only on the following conditions, and the acceptance or retention of such license is considered as an agreement on the part of 8121
the Agent that the Regulations herein contained will be strictly adhered to.

Prohibition against booking for any Non-Conference Line.

1. No Agent is to issue Tickets, book passengers, nor cause them to be booked directly or indirectly, nor permit any person in his employ or on his premises to book for any Steamship Line sailing from any Port in Europe to any Port in the United States or Canada except those forming this Conference. Any Agent for

8122 *Petitioner's Exhibit 757*

a Conference Line found holding an Agency or booking Passengers for any non-Conference Line will be immediately disqualified.

The names of the Conference Lines.

The names of the North Atlantic Passenger Conference Companies are:

ALLAN LINE ..... Allan Bros. & Co., U.K., Ltd.

AMERICAN LINE, SOUTHAMPTON—
NEW YORK
AMERICAN LINE, LIVERPOOL—
PHILADELPHIA } American Line.

8123 ANCHOR LINE . Anchor Line (Henderson Brothers), Limited.

CANADIAN PACIFIC RAILWAY CO.
(Atlantic S. S. Lines) .. Canadian Pacific Railway Company.

CUNARD LINE .....The Cunard Steamship Co., Limited.

DOMINION LINE .....Dominion Line.

DONALDSON LINE ..... Donaldson Brothers, Glasgow.

WHITE STAR LINE, LIVERPOOL—

WHITE STAR LINE, Southampton—
New York
WHITE STAR—DOMINION—
Canadian Service } Ismay, Imrie & Co.

8124 Agents not to book Passengers or represent themselves as Agents for any Line from whom they do not hold a License, or appoint Sub-Agents.

2. No Agent is permitted to represent himself in or by any printed matter or in any other way as a Passenger Agent, or to book Passengers for any Conference Steamship Company from whom he does not hold a license; or to obtain tickets directly or indirectly through or by any other Agent or person. Agents are also prohibited from appointing Sub-Agents.

Petitioner's Exhibit 757

8125

Amount actually received to be entered in the Ticket.

3. The amount actually received as deposit for passages, as well as the total passage money, and balance due, is in all cases to be entered on the ocean contract ticket.

Inland bookings of Second Class, Emigrant or Colonist, or Mixed Class, must take place through the Steamship Company only, and only to places mentioned in the Tariff.

4. No Agent is permitted to issue Inland Tickets, nor in any way to book or quote Inland rates to Passengers nor to cause them to be booked Inland, nor to receive Commission for their being so booked, from the Port of Debarkation to their place of destination in America, except through the Steamship Company for which the Ocean Tickets are issued; and no Agent is permitted to issue Tickets to places not mentioned in the current Tariffs supplied by the Conference Company he represents. This rule applies only to Inland Booking at Third Class (Emigrant or Colonist) and Second or Mixed Class Rates. In collecting Inland Fares, Agents must be careful to charge the Inland Tariff Rate from the American or Canadian Port at which Passengers land from the Atlantic Steamer. It is not permissible to use the Inland Tariff Rate from any other Port than the Port of Landing.

8126

8127

No return or allowance to be made to Passengers or other Persons; also particulars of charges to be allowed or otherwise.

5. Agents are strictly prohibited from making any reduction in the Ocean or Railway Fares, or returning any portion of their commission, or granting any allowance in any shape or form, directly or indirectly, either to Passengers, other Agents, or any person

8128 *Petitioner's Exhibit 757*

whatever. The Agent's commission includes all postages, telegraphic expenses of Agents for securing berths, &c., and no refund or allowance can be made for them. The cost of Bankers' Drafts, Postal or Post Office Orders, may be deducted from the remittance, but under no circumstances can any charge be allowed for remittance by private cheque, which latter form of remittance is only permitted if previously arranged with the Company.

Bill-posting and advertising.

8129 6. No charge is allowed to be made by Agents for bill-posting or advertising.

Remittances.

7. Any Agent reported by any Member of the Conference for irregularity in remittances becomes at once disqualified for acting for any Conference Company. Other infractions or irregular conduct may be dealt with by fine or disqualification as decided by Conference.

Injurious Publications or statements concerning any Conference Line or its Agents forbidden, also extravagantly worded advertisements.

8130 8. No Circular or publication of any kind reflecting upon, or instituting any comparison unfavorable to any Conference Line or its Agents, is to be issued or made use of by any Agent, nor shall any Agent or his employes make or utter any statement concerning any Conference Line or its Agents, or commit any Act that can injuriously affect such Line's or its Agent's business. Extravagantly worded advertisements issued by agents are to be deprecated.

 8131

Advertising rates of passage.

9. When an Agent advertises a Rate for Passage to United States or Canada he must distinctly name the Line by which such rate is available, and see that the rate inserted in the advertisement is the correct one charged by the Line.

Connection between Liverpool City Agents and Agents outside Liverpool.

10. In order to regulate the connection between Liverpool City Agents and Agents in the country and other towns, and to prevent the one interfering with 8132
the functions of the other, as is frequently the case to the detriment of all concerned; and further, to prevent indirect breaches of Conference Regulations, it has been agreed between the several Conference Companies, as follows:

Charge for Lodgings in Liverpool.

(A) That the charge per night for lodgings at the house of any Liverpool Agent, not including anything else but attendance, be not less than one shilling per adult or one shilling and sixpence for two persons sleeping in one bed for all British passengers, except those only just arrived from Ireland, for which pas- 8133
sengers the lowest charge for lodgings shall be sixpence per night.

(B) That the lowest charge for a plain meal be sixpence; and for a meal with meat, one shilling.

Commission on Board or Lodging.

(C) That the payment of commission on the board or lodging of passengers be strictly prohibited. Agents found paying or receiving such to be at once disqualified.

8134 *Petitioner's Exhibit 757*

Baggage Labels.

(D) That Agents outside of Liverpool be prohibited from making use of, or supplying passengers with any baggage labels except those issued by the Steamship Companies.

Allowing Commission and Breach of Rules.

11. No agent shall be justified in allowing Commission or committing any breach of the Conference Rules, because some other Agent may be suspected of doing so. It shall be the duty of every Agent to adhere strictly to the Rules and to report any violation thereof that may come to his knowledge, to the Conference Secretary and to the Steamship Company he represents.

8135

Petitioner's Exhibit 758

8143

Children of 1 years and under 12 years, half-fare; Infants under 1 year, Cash 20Krs. gross (20/- each nett). Infants Prepaid, $5.00. Eastbound, $3.00.

Prepaid from Stockholm $3.00 higher than above. Cash Rates from Stockholm to be Kr. 10.80 higher than the above rates from the Agreement Ports.

That the cash rate for Icelandic passengers be 140 kroners per adult for all steamers, from Iceland to landing port in America. Children of 1 year and under 12 years, half-fare: Infants 20 kroners gross (20s. nett). Commission to Head Agents 9 kroners per Adult, Kr. 4.50 per child. No prepaids to be issued.

8144

When any service has more than one rate, tickets at a lower rate shall plainly state they are only available for the named Steamer or Steamers to which such lower rate applies, and the Companies undertake they will not carry holders of lower rate tickets by higher rated Steamers, unless they have been paid difference in rate.

All the foregoing rates apply only to steamers at present employed in the services of the Lines. New steamers to be rated as they come out on a similar basis. Such rating to be subject to revision by arbitration in case of difference of opinion arising.

The commission payable to agents in the United States or Canada on Westbound prepaid business shall be $2 per adult, and $1 for children between the age of 1 year and 12 years, and 50 cents for infants under 12 months, except that the commission to General Agents is to be settled by the New York Conference.

8145

That an uniform commission of Kr. 1 per adult be allowed agents for exchanging Third Class Westbound prepaid certificates, this sum to cover all incidental expenses incurred in regard to such passengers.

For Scandinavian Westbound Cash business the commission to Head Agents shall be 12 Krs. per adult, and 6 Krs. per child. 1 Kr. per infant.

8146 *Petitioner's Exhibit 758*

Commission to agents Eastbound to be arranged by New York Conference.

For Finnish Westbound Cash business the commission to Head Agents shall be 17 Finnish Marks per adult, and 8.50 Marks per child. 1½ Finnish Marks per infant.

2. That beyond said commission and the commission for sale of Inland tickets agreed to by the Lines, no allowance of any kind based upon results, present, prospective, or retrospective be made. Each Company shall, however, be at liberty to allow its Head
8147 Agents such sum per annum fixed in advance without any expressed or implied reference to the Agents' bookings, as it may think desirable. The limit of such allowances being fixed by clause 14 hereof.

3. That free railway tickets be granted only from United States ports of debarkation to New York, Boston, or Philadelphia.

4. The British Lines agree to discontinue free forwarding of passengers from Drontheim to any other Scandinavian port for shipment.

5. The Lines agree not to book (nor allow to be booked by their head agents) passengers for other
8148 than their own sailings.

6. That the rules and regulations agreed upon at Conference Meetings, and also those for agents annexed, be considered part of this Agreement, and be adopted and enforced.

7. The Canadian Lines agree, that in the event of the British Pool Lines Westbound Third Class rates for pool purposes being raised, they will follow up to a maximum of 160 Krs. gross off Scandinavian ports, retaining the differentials agreed upon as above, and an equivalent advance for Stockholm and Finnish

8149

Business. This applies equally to the Scandinavian-American Line who agree on their part to make a corresponding advance, provided all the British Lines' are included in such advance and will also make a similar advance in rates Eastbound should all the British Lines Eastbound rates be increased.

8. The Secretary of the Passenger Conference, at 31, James Street, Liverpool, shall act as Secretary in England under this Agreement for all Lines parties hereto, who will furnish him in each week with a full and exact return of all Scandinavian and Finnish and Icelandic passengers carried during the previous week. 8150

9. No free or reduced passages shall be given to Agents, Press representatives, shippers or brokers, or to any one with the object of obtaining other passages or business of any kind; and excepting that the principals of the different firms or Lines are at liberty to grant free passages to Government officials, or to individuals being purely personal friends, no free passages whatever shall be given.

10. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows: 8151

(*a*) Arbitration proceedings in Europe shall, at the option of the complaining party, take place at Copenhagen, Liverpool or Glasgow.

(*b*) Notice in writing of intention to prefer a claim shall be given in reasonable time to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a

8152 *Petitioner's Exhibit 758*

registered letter, duly addressed to the principal office in England of such British Line, and to the principal office of the Scandinavian-American Line, and shall be deemed to have been delivered in the ordinary course of post. Copies to be sent to the Secretary who has to inform all the subscribing parties.

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within fourteen days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so
8153 chosen, shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him, proceed to act as sole Arbitrator, in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

8154 (*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the cost of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

Petitioner's Exhibit 758

8155

(*g*) The fine or damage for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall be in accordance with the scale given in clause 7 sub-clause (*b*) of the Rules for Agents.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not 8156
to employ him, and if continued as Agent by any party hereto or reinstated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or reinstating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each 8157
party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall, notwithstanding they may have made and published an Award, have power to reopen and consider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and published or if the Arbitrator or Arbitrators see cause to extend the time then within three weeks of the issue and publication of the said Award.

Petitioner's Exhibit 758

8158

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England wherever the domicile, residence or office of business of the parties to this Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

8159 (*l*) *Disposal of Fines.* All fines shall be payable through the Arbitrators, who may in their discretion award a part or the whole thereof to the complaining party; any sum not so disposed of to be apportioned equally between the parties hereto, excepting the parties paying the fine.

(*m*) This Agreement may be made a rule of his Majesty's Court of King's Bench, or his Majesty's Court of Common Pleas at Lancaster, or in the event of any party being concerned as a plaintiff or defendant residing out of the jurisdiction of both of those Courts, may be made a rule of any court in whose jurisdiction such party may reside.

8160 11. That in case of complaint the Line complained against shall give every facility for the examination of passengers, and that the only persons to be present at such examination shall be one representative each of the complaining and defending Lines, with their interpreters, and the Secretary under this agreement or his nominee.

12. This agreement to be subject to right of withdrawal by any Line by giving one month's notice from the first of any month.

Petitioner's Exhibit 758.

8161

The above rates are subject to change at any time by any Line considering such change necessary or desirable on giving a month's notice. Any change so made by any Line may be followed without notice by any other line, but same differentials must be maintained.

13. That the British Lines each be allowed to pay up to a maximum sum of £750 per annum in salaries to Head Agents, throughout Scandinavia, but not more than £200 to be paid at any one port. This sum to cover office rent, advertising, and all incidental expenses for the twelve months. The Allan Line Liverpool, London and Glasgow to be counted as one Line. The American Line, Southampton, and the American Line, Liverpool to be likewise, counted as one Line.

Liverpool, 20th February, 1908.

8164 **Petitioner's Exhibit 759.**

NORDATLANTISCHER DAMPFER-LINIEN VERBAND.

397. Der Vertrag vom 19. Januar, 1892 wird vom 1 Januar, 1904, bis zum 31 Dezember, 1904, verlängert, mit Ausnahme der Artikel 3—8 einschliesslich und der auf tonnage bezüglichen Stellen in Artikel 11 und 16, welche aufgehoben werden.

398. Die Beschlüsse 1—396 sind aufgehoben.

399a) Die stellung einer Caution fällt fort. Der an ihrer Stelle von den Parteien beim Secretair hinter- 8165 legte Revers, laut Anhang 1, bleibt in Kraft. Der Revers bildet einen Bestandtheil des Vertrages. Anhang 1.

b) Die Aufhebung der Caution hindert aber nicht die Bestimmung, dass die Parteien nicht über den Cautionsbetrag hinaus der für jede im Vertrag angegeben ist, verantwortlich sind.

c) Jede Partei hat, sobald sie M. 30,000 oder mehr zu zahlen hat nach der Anweisung des Secretärs zu zahlen. Die Zahlungen der Plus-Parteien werden an die Minus-Parteien pro rata ihres Fehlbetrages vertheilt.

400. In Art. 11 treten an Stelle von „articles 3 to 8" 8166 die Worte „Beschluss 401."

401. Die westbound Antheile der Parteien sind folgende:

Hamburg-Amerika Linie	30.71 %
Holland-Amerika Linie	9.78 "
Norddeutscher Lloyd	44.14 "
Red Star Line	15.37 "

402. Der Compensationspreis westbound beträgt für das Jahr 1904 M. 75.

Petitioner's Exhibit 759

8167

403. Es ist jeder Partei, die hinter ihrem Antheil zurück ist, gestattet, zum Schutz gegen Concurrenzlinien, welche nicht dem Verband oder dem Continental-Englischen Uebereinkommen vom 7. Juni 1898 angehören, ihre Tarifpreise unter M. 100 zu ermässigen, nachdem sie dem Secretär 3 Tage vorher Anzeige gemacht hat.

404. Keine Partei kann gezwungen werden, ihren Zwischendeckspreis höher als M. 160 für Schnelldampfer und M. 140 für andere Dampfer zu setzen. Thut sie es freiwillig, so kann sie jeder Zeit und unter allen Umständen auf diese Raten zurückgehen.

8168

405. Keine Partei kann gezwungen werden, zum Zwecke des Ausgleichs die Annahme oder Beförderung von Passagieren auch nur vorübergehend einzustellen.

406. Die Passagepreise verstehen sich Westbound immer von Hafen zu Hafen.

407. Die diesseitigen Passagepreise und die amerikanischen Prepaid-Passagepreise müssen stets in folgendem Verhältniss sein:

M. 100 = $ 24½
„ 110 = „ 27
„ 120 = „ 29½
„ 130 = „ 31½
„ 140 = „ 34
„ 150 = „ 36½
„ 160 = „ 38½
„ 170 = „ 41
„ 180 = „ 43½

8169

In der Zeit vom 15. November bis 31. Dezember ist es indessen jeder Linie gestattet, ihre Prepaid-Raten unabhängig von den cash Raten, höher oder niedriger, feszusetzen.

8170 *Petitioner's Exhibit 759*

408. Der Passagepreis der Hamburg-Amerika-Linie Canada-Linie ab Antwerpen darf nicht niedriger sein, als der niedrigste Passagepreis der Red Star Line.

409. Eine etwaige Erhöhung oder Erniedrigung der Preise einer Partei zwecks Herstellung des Ausgleichs braucht nicht sämmtliche Linien der Partei zu umfassen, sondern kann sich auf einzelne derselben beschränken. Immer aber muss sie geeignet sein, den in Art. 17 angegebenen Zweck zu erfüllen.

410a) Den im Absatz 7 des Commentar 12 ausgenommenen Ländern wird Spanien, Portugal, Südamerika und Australien beigefügt. (Bosnien, die Herzeogwina und Ostrumelien werden nicht als zur Türkei gehörig angesehen.)

8171

b) Der Schlussatz in demselben Commentar wird abgeändert, wie folgt: „This applies also the Nordd. Lloyd and Hamburg American Line Mediterranean services."

411. Die Anzahl der „exempted south" Passagiere, welche eine Partei befördern kann ohne dieselben im Pool zu verrechnen, wird von 10 auf 15% der Gesammtbeförderung der Packetfahrt erhört.

412. Personen, welche der Verwaltung, dem Be-
8172 amtenkörper, oder der Schiffsmannschaft irgend einer Partei angehören, sowie deren Frauen und Kinder, werden, wenn sie freie oder ermässigte Fahrt geniessen, im Poole nicht Verrechnet.

413. Die Commission für Zwischendeck soll in den Poolländern M. 15, in den bisherigen exempted Ländern M. 30 nicht übersteigen.

414. Im Commentar zu Art. 23 werden die Worte „agents receiving more then 2 Dollars" in „such head agents" abgeändert, und nach „Continental Confer-

8173

ence in Newyork" wird hinzugefugt, „and with the secretary of the N. D. L. V."

415a) Europäische Inlandbeförderung in Verbindung mit prepaid tickets oder in Verbindung mit eastbound tickets darf von jeder Partei nur auf Grund des von ihr herausgegebenen officiellen Inlandtarifs, der nicht mehr als 300 Stationen für jeden Hafen oder Anlaufhafen, sofern die Häfen in verschiedenen Staaten liegen, enthalten soll, vorgenommen werden. Die Eisenbahnfahrpreise in den von den Gesellschaften veröffentlichten Tarifen sollen bona fide die wirklichen tarifmässigen Eisenbahnfahrpreise sein.

8174

Die Umrechnung europäischer Eisenbahn-Preise erfolgt zum Course von $1-M. 4.20 fr. 5.25 = 5 Kr. = 2½ Gulden Holl.

b) Auf euopäische Inlandbeförderung wird keine Commission bezahlt.

416. Die europäischen Agenten der Parteien dürfen amerikanische Inlandbeförderung nur durch Vermittlung derjenigen Partei verkaufen mit deren Schiffen die betreffenden Passagiere befördert werden. Auf andere Gesellschaften oder Personen ausgestellte Anweisungen für amerikanische Inlandbeförderung werden von den Parteien eingezogen und durch ihre eigenen essetzt. Für den Betrag bleibt der Agent der Partei haftbar. Ausserdem trifft ihn eine Geldstrafe von mindestens M. 400.

8175

417. Die an Agenten (Experdienten an den Einschiffungshäfen gelten nicht als Agenten im Sinne dieses Beschlusses) zu vergütende Commission auf den Verkauf amerikanischer Eienbahnbillets für Immigrantenzug darf nicht mehr als 5% des Fahrpreises betragen.

418. Beschluss 417 findet nicht Anwendung auf Griechenland, Italien, Frankreich, Schweiz,, Tirol Görz, Istrien, Dalmatien, Triest, Susak, Fiume, Lux-

8176 *Petitioner's Exhibit 759*

emburg, Elsass-Lothringen. An Agenten in diesen Distrikten darf eine höhere Commission auf amerikanische Emigrantenbillets gezahlt werden, sofern die Auswanderer in den genannten Ländern ansässig sind und zwar im Sinne von Art. 12 des Vertrages. Dieser Beschluss unterliegt 14 tägiger Kündigung.

419. Die Durchbuchung von Kajütenpassagieren nit amerikanischem immigrant train ist untersagt. Diese Bestimmung ist alljährlich den Agenten in Erinnerung zu bringen.

8177 420a) Jede Partei hat das Recht Zuwiderhandlungen ihrer Agenten gegen den Vertrag durch das Präsidium bestrafen zu lassen.

b) Das Präsidium ist an keinen bestimmten Betrag gebunden, jedoch darf die Stafsumme niche höher sein als gegen die Parteien selbst. Beschluss 416 wird hierdurch nicht geändert.

c) Eine Absetzung kann das Präsidium nicht verhängen, es sei denn, die Partei beantrage eine solche.

d) Die Zahlungsweigerung der Stafe hat aber die Absetzung des Agenten von selbst zur Folge und zwar für alle Parteien im Sinne des Commentars zu Art 24.

8178 e) Die Wiedereinsetzung eines abgesetzten Agenten erfordert einen Beschluss des Präsidiums. (Art. 35, Absatz 4.)

421. Die Parteien verpflichten sich, Gesellschaften oder Privatpersonen in der cisleithanischen Monarchie, welche die Tendenz verfolgen, das Auswanderungs-Geschäft zu monopolisiren, oder einen massgebenden Einfluss auf dasselbe zu gewinnen, keinerlei finanzielle Unterstützung durch Provision, Beiträge, oder in irgend einer anderen Form zukommen zu lassen und sich jedes Verkehrs mit denselben zu enthalten. Der Norddeutsche Lloyd und die Hamburg-Amerika-Linie

übernehmen diese Verpflichtung auch für ihre Expedienten in Hamburg und Bremen.

422. Die Parteien sind für ihre Agenten und Organe verantwortlich, jedoch nicht für Strafen, welche denselben auferleft werden.

423. In Abänderung des Absatzes 1 des Art. 21: Der niedrigste Kajütenpreis einer Partei muss westbound mindestens M. 50, und eastbound mindestens $10 höhersein, als der höchste normale Pool-Zwischendeckspreis des betreffenden Dampfers. Ist letzterer höher als die in Beschluss 404 angegebenen Maximalraten, so braucht zur Feststellung des Preises der 8180
II Kajüte vorstehender Unterschied von M. 50 nur den Maximalraten von M. 140 bezw. M. 160 hinzugerechnet zu werden. Bei east- wie westbound roundtrip tickets kann dieser Unterschied von M. 50 und $10 gegen den Zwischendeckspreis um 10% des Cajütenpreisses geringer sein.

424. Die Bestimmungen des Beschlusses 423 finden keine Anwendung, falls die Parteien unter sich, oder gemeinsam mit anderen Parteien etwas Anderes vereinbart haben.

425. Beschluss 424 ist so zu verstehen, dass wenn die Parteien in einem Cajütenpreis-Agreement einen 8181
so billigen Preis feststellen, dass die Differenz zwischen diesem und dem Zwischdeckspreis nicht den in 423 festgesetzten Betrag erreicht, die zu solchem Preise gebuchten Passagiere doch nicht verrechnet werden.

426. Im Commentar zu Art. 21, Abs. 3 wird der Umrechnungskurs für Mark in Dollars von 4.20 auf 4.00 geändert.

427. Passagiere, welche vom Zwischendeck durch Nachzahlung in die Cajüte übertreten, gleichviel ob

8182

vor, oder nach dem Antritt der Reise, gelten als Cajüten-Passagiere sofern die Bestimmungen der Artikel 423 bezw 424 eingehalten sind.

428. Der Absatz 2 des Commentars zu Art. 21 findet keine Anwendung auf Passagiere, die in Intermediate oder irgend einer anders als Zwischendeck, resp. III Klasse oder Cajüte bezeichneten Klasse reisen. Auf solche Passagiere findet also unter allen Umständen Beschluss 423 und Absatz 2 des Comm. zu Art. 2 Anwendung.

8183

429a) Von der gesammten westbound Beförderung der Continentalen Linien und der Britischen Linien, soweit dieselbe unter das Agreement vom 7. Juni 1898 fällt, erhalten die Britischen Linien 6% und die Red Star Line C 0.94%, so lange jenes Agreement besteht.

Anhang 2.

b) Als von der Red Star Line C befördert werden nur so viel Passagiere angenommen, als die Red Star Line über ihren Antheil befördert hat, mit der Beschränkung, dass für die Red Star Line C nie mehr Passagiere als befördert gelten, als ihr Antheil ist.

8184

c) Der Antheil der einzelnen Parteien an der aus der Abrechnung mit den Britischen Linien und der Red Star Line C sich ergebenden Compensation wird bestimmt durch den procentualen Antheil an der Gesammtbeförderung der vier Parteien, der sich für jede einzelne Partei ergiebt, wenn dem Antheil der betreffenden Partei an westbound Passagieren ihre Beförderung von exempted Passagieren hinzugefügt wird. Die Compensation für Red Star Line C ist M. 60. Bei der Preisfestsetzung der Red Star Line darf auf Red Star Line C keine Rücksicht genommen werden.

d) Sollte der N. D. L. V. aufhören, bevor das Agreement mit den Britischen Linien vom 7. Juni

8185

1898 abgelaufen ist, so gehen die in diesem Beschlusse unter c enthaltenen Rechte und Verpflichtungen gegenüber den Britischen Linien und der Red Star Line C auf die am N. D. L. V. betheiligten Linien im Verhältnisse ihrer Antheile laut Beschluss 401 über.

e) Für das Verhältniss zwischen den Parteien und der Red Star Line C sind im Zweifelsfall die schiedsrichterlichen Entscheidungen vom 30. Juli 1896 und 30. Septbr. 1903 massgebend.

430. Die Parteien übermitteln dem Secretär wöchentlich (vide Art. 42) ihre Aufgaben über ihr west- 8186
bound Prepaid-Geschäft und zwar für ihre verschiedenen Linien getrennt.

431. Der Art. 24 des Vertrages findet seinem ganzen Inhalt nach auch Anwendung auf die in Amerika erlassenen Circulare und Veröffentlichungen.

432a) Im Commentar zu Art. 31 werden die Worte „Havre und Boulogne" gestrichen.

b) Die Dampfer der Hamburg-Amerika Linie, welche im Sommer nach Montreal und Quebec und im Winter nach Halifax und Boston fahren, dürfen Antwerpen anlaufen.

c) Zwischen dem Norddeutschen Lloyd und der 8187
Hamburg-Amerikanischen Packetfahrt-Actiengesellschaft ist vereinbart worden, dass, wenn den Gesellschaften, im Falle von Epidemien, oder in Folge von Massnahmen ihrer eigenen, oder der amerikanischen Staatsbehörden, die Expedition ihrer Schnelldampfer aus ihren resp. Ausgangshäfen erschwert, oder unmöglich gemacht worden ist, die Gesellschaften sich gegenseitig das Recht der Expedition oder des Anlaufens der ihnen im Commentar zum Art. 31 zugesprochenen Häfen einräumen.

8188 *Petitioner's Exhibit 759*

d) Art. 31 des Vertrages wird dahin geändert, dass, falls ein Ausgangshafen, in Folge Ausbruchs von Cholera oder anderen Epidemien nicht mehr als Ausgangshafen benutzt werden kann oder wenn durch Verfügung der betreffenden Regierung die Einschiffung von Zwischendeckern aus Deutschland oder Russland oder den Ländern der österreichisch-ungarischen Monarchie nicht gestattet wird die betreffende Partei berechtigt ist, in solchem Falle einen anderen Vertragshafen anzulaufen. Die Partei dieses letzteren Hafens ist in dem Falle berechtigt, unter Einhaltung einer 14-tägigen Kündigungsfrist aus dem Vertrage aus-
8189 zuscheiden.

433. Wenn von einem der Häfen, Hamburg, Bremen, Antwerpen, Rotterdam oder Amsterdam eine direkte Concurrenz entstehen sollte, so hat die Partei, von deren Hafen sie ausgeht, das Recht, sich nach mindestens 3 Monate vorausgegangener Anzeige von dem Vertrage zurückzuziehen, wenn die Parteien sich nicht über eine Bekämpfung solcher Concurrenz für gemeinschaftliche Rechnung einigen.

434. Die Parteien erneuern ihr Abhommen betreffend das eastbound Zwischendeck-Geschäft bis zum 31 December 1904 auf folgender Grundlage:

8190 435a) Die eastbound Antheile sind folgende:

Hamburg-Amerika Linie	26,47%
Holland-Amerika-Linie	13,32 "
Norddeutscher Lloyd	41,53 "
Red Star Line	18,68 "

b) Der Compensationspreis eastbound ist M. 100.

436. Die mit directen Dampfern der Parteien nach Mittelmeerhäfen beförderten Passagiere sind von dem Uebereinkommen ausgeschlossen.

Petitioner's Exhibit 759

8191

437. Im Uebrigen finden die Bestimmungen der westbound Uebereinkunft vom 19. Januar 1892 und aller in Kraft befindlichen Beschlüsse sinngemässe Anwendung für die Eastbound Uebereinkunft.

438a) Bondable Passagiere, d. h. Passagiere, die von der Vereinigten Staaten Regierung zurückgeschickt werden, sollen nur eastbound abgesetzt werden. Eastbound passagiere, die in Europa von Behörden zurückgewiesen werden, können beim Rücktransport westbound abgesetzt werden.

b) In gleicher Weise werden Passagiere behandelt, welche eastbound auf Verlangen einer Regierung frei oder gegen Ersatz der Verpflegungskosten befördert werden.

8192

439. Solange die British Lines ihre eastbound Passage-Preise von den common points, New York, Boston, Baltimore, Philadelphia, festsetzen ist es den Parteien gestattet die gleichen Begünstigungen eastbound zu gewähren.

440. Das Verhältnisszwischen eastbound cash rates und diesseitigen prepaid rates wird nach Art. 23 festgestellt.

441a) Auf steerage roundtrip tickets east- und westbound wird keine Ermässigung gewährt. Der Preis eines roundtrip ticket ergiebt sich aus der Addition des east- und westbound Preises.

8193

b) Auf Fahrkarten, welche eastbound für die Cajüte und westbound für Zwischendeck oder umgekehrt lauten, darf keinerlei Ermässigung gewährt werden; auch sollen derartige Roundtrip Combinationen nicht veröffentlicht werden.

442. Die Unkosten des Secretariats werden nach dem aus der procentualen Betheiligung der verschie-

2731

8194 *Petitioner's Exhibit 759*

denen Parteien am westbound steerage- und eastbound steerage pool sich ergebenden Mittel vertheilt.

443. Die Parteien verpflichten sich, ohne allseitiges Einverständniss keinerlei Mittheilungen über Verhandlungen oder Beschlüsse der Parteien an die Presse oder unbetheiligte dritte Personen gelangen zu lassen.

444. Die Beschlüsse der Continental Conference in New york sind für die Parteien nicht bindend, falls sie im Widerspruch mit dem Vertrage stehen.

445. Alle gefassten und noch zu fassenden Beschl-
8195 lüsse gelten als ein Bestandtheil des Vertrages, auch wenn sie nicht von Mitgliedern des Präsidiums, sondern von andern Unterschriftberechtigten der Parteien gezeichnet sind.

446. Alle Beschlüsse, welche in Meetings gemäss, Art. 39 und Beschluss 448 durch Unterschriftsberechtigte der Parteien, oder durch Personen, welche dem Secretär telegraphisch oder schriftlich als bevollmächtigt angesagt wurden, unterschrieben sind, erhalten durch diese Unterschrift Rechtskraft und gelten als Bechlüsse im Sinne des Beschlusses 445. Beschlüsse über Gegenstände, welche nicht, oder nicht gemäss Art. 39 auf der Tagesordnung stehen, müssen mit
8196 Stimmeneinheit angenommen werden und erhalten erst Gültigkeit, wenn bis zum dritten Tag (einschliesslich) nach Mitteilung des Protokolles beim Secretär in Jena kein Einspruch eingelaufen ist. Derart zur Rechtskraft gelangte Beschlüsse gelten ebenfalls als im Sinne Beschlusses 445. Beschlüsse über Preise sind unter allen Umständen gültig. Beschlüsse über Cajütengeschäft gelten als unter dem Vertrag stehend nur dann, wenn dies ausdrücklich gesagt ist.

447. Die Reihenfolge für das Secretariat beginnt am 1 Januar mit der Packetfahrt und für das Präsidium mit der Red Star Line.

8197

448. Am ersten Mittwoch im April, am letzten Mittwoch im September und am zweiten Mittwoch im December findet regelmässig eine Conferenz in Cöln statt.

449. Für skandinavische oder finnische Zwischendecker, welche der Norddeutsche Lloyd oder die Hamburg-Amerika Linie unter Berücksichtigung von Artiken 2 des Agreements mit den Britischen Linien vom 7. Juni 1898 eastbound befördern, wird der Unterschied zwischen dem conintentalen und dem skandinavischen eastbound Fahrpreise des betreffenden Dampfers, sowie der Betrag der Transportkosten von Bremen/Hamburg nach Skandinavien oder Finland, incl. der etwaigen Aufenthaltskosten, von den Parteien gemeinsam d. h. im Verhältniss ihrer Eastbound Antheile getragen. Jeder Partei steht das Recht zu, nach vorausgagangener vierzehntägiger Kündigung von diesem Abkommen zurückzutreten.

8198

450. Cajüten Agreements unterliegen der Controlle des Secretärs nicht weiter als durch Beschluss 423 und 424 bedingt ist.

451. Freie Fahrt zwischen New York, Boston und Philadelphia darf an Cajütenpassagiere nicht gegben werden. Transat schliesst sich diesem Beschlusse an.

8199

452. Als Reisebureaux sind solche Agenten anzusehen, die für mehr eine Nordatlantische Linie thätig sind.

453. Die Durchbuchung von 1 und 2 Classe Passagieren nach europäischen Inlandpunkten, ausser Paris und London, ist untersagt. Dieser Beschluss unterliegt einer dreimonatlichen Kündigung.

454. Die Abfertigungsgebühr an Agentum für Umtausch und Behandlung von amerikanischen Prepaids und return tickets wird auf M. 3 für 1 Cl. und M. 2

8200 *Petitioner's Exhibit 759*

für 2, Cl. festgesetzt. Dieselbe versteht sich pro Billet, ohne Rücksicht auf die Personenzahl auf demselben. Eine weitere Verg tung für Porto und Telegramme findet seitens der Gesellschaften nicht statt.

455. Während der Dauer eines Cajüten-Agreements sind die auf das Cajütengeschäft bezüglichen Drucksachen dem Secretär in gleicher Weise, wie in Art. 24 für Zwischendeck vorgesehen, einzusenden.

456. Wird wegen Abweichung von vereinbarten Cajütsraten der Schiedrichter in Anspruch genommen, so soll für denselben als Richtschnur gelten, dass bei
8201 unbeabsichtigten Versehen die Auszahlung der vollen nach der Vereinbarung zu berechnenden Passage an die anderen Pareien zu gleichen Theilen als genügende Gutmachung angesehen wird. Zutreffendenfalls sind ausserdem Cajütenpassagiere, die unter den vereinbarten Raten angenommen sind, auch im Pool zu verrechnen. Im Uebrigen werden Verletzungen der festgesetzten Preise nicht dadurch gut gemacht, dass die betreffenden Passagiere im Zwischendeckspool verrechnet werden, sei es durch das Functionieren von Beschl. 423 oder durch freiwilliges Anerbieten der betreffenden Partei.

8202 457. In Abänderung des Art. 36 wird zum Schiedsrichter, corläufig bis zum 31. December 1904, der Oberlangesgerichts-Präsident Hansen in Hamburg ernannt.

458. Die Hamburg-Amerika Linie kann in den Monaten März bis August (beide Monate eingeschlossen) monatlich 2 Expeditionen, während der übrigen Zeit des Jahres 1 Expedition nach canadischen Häfen ausführen und braucht die damit beförderten Passagiere nur zu M. 70 zu compensiren, soweit der von diesen Passagieren bezahlte Fahrpreis nicht höher als M. 120 ist.

8203

Dieser Beschluss unterliegt einer vierwöchentlichen Kündigung und erlischt ohne Weiteres so bald ein Abkommen mit der Canadian Pacific Railway in Kraft tritt.

459. Das mit der Cie. Gên. Transatlantique abgeschlossene Agreement G, bleibt bis auf Weiteres in Kraft. Agr. G.

460. Für Pooldistricte dürfen weder in Europa noch in Amerika Ausnahmeraten gemacht werden ohne vorherige Zustimmung aller Parteien. Ausgenommen Ist Rumänien, woher bis auf Weiteres jede Partei berechtigt ist, Passagiere bis zu M. 20 unter ihrem regulären Passagepreis zu befördern.

8204

461. Die Bestimmungen des Art. 12 des Vertrages und des Commentars zu Art. 12, durch welche Passagiere aus gewissen Ländern als nicht unter den Vertrag fallend (exempted) gelten, werden für die Zeit, dass die Cie. Gên. Transatlantique dem Pool angehört, aufgehoben und zwar rückwirkend vom 1. Januar 1904 an. Die bisherigen procentualen Antheile der Parteien im westbound Pool werden in der Weise abgeändert, dass die in den 3 Jahren 1900/2 von der Hamburg-Amerika Linie, dem Norddeutschen Lloyd und der Red Star Line beförderten exempted Passagiere im Verhältniss von 2: 1, die vonder Holland-Amerika Linie beförderten im Verhältniss von 1,5: 1 in Contract-Passagiere umgerechnet werden. Die aus der ungleichen Umrechnung sich ergebende Differenz zu Gunsten der Holland-Amerika Linie trägt der Norddeutsche Lloyd. Die danach für jede Partei sich ergebende Anzahl von Contract-Passagieren wird mit ihrer Zahl von Contract-Passagieren, die sich aus ihrem Vertragsantheil für die Jahre 1900/2 ergiebt verbunden, und das Verhältniss, in welchem die derart für jede einzelne Partei ermittelten Ziffern zu deren Gesammtheit stehen, bildet die neuen Antheile jeder Partei. Dieselben sind folgende: (R. 1769.)

8205

8706 *Petitioner's Exhibit 759*

Hamburg-Amerika Linie	30,88%
Holland-Amerika Linie	10,61 „
Norddeutscher Lloyd	42,96 „
Red Star Line	15,55 „

Die mit direkten Dampfern der Vertragslinien ab Mittelmeer-Häfen beförderten Itäliener und Orientalen (Griechen, Türken, Asiaten und Afrikaner) gelten nach wie vor als nicht unter den Vertrag fallend und blieben von der Verrechnung im Pool ausgeschlossen.

8207 462. Mit dem Tage, da das gegenwärtige Abkommen mit der Cie. Gén. Transatlantique erlischt, treten alle in dem ursprünglichen Vertrage, sowie in den aufgehobenen Beschlüssen 258—396 enthaltenen Bestimmungen über exempted Passagiere, sowie die in Beschluss 401 bestimmten Antheile an Contract-Passagrieren ohne weiteres wieder in Kraft.

463. Die Verrechnung der aus dem Vertrage mit der Cie. Gén. Transatlantique sich ergebenden Compensationen findet auf Grund der in Beschluss 461 angegebenen Antheile statt, mit Rückwirkung auf 1903.

Agr. J. 464. Mit der Canadian Pacific Railway ist ein Vertrag laut Agreement J geschlossen, laut welchem derselben 5,429% von der westbound Zwischendecks-Beförderung der 4 Poolparteien von nördlichen Häfen zustehen. Von den aus dem Agreement sich ergebenden Compensationszahlungen entfallen auf

8208

Hamburg-Amerika Linie	27,27%
Holland-Amerika Linie	9,37 "
Norddeutscher Lloyd	37,93 "
Red Star Line	13,73 "
Cie. Gén. Transatlantique	11,70 "

465. Beschluss 458 ist durch das Abkommen mit der Canadian Pacific Railway erloschen. Auf die von der

Petitioner's Exhibit 759 8209

Hamburg-Amerika Linie für canadische Häfen vorgebuchten Passagiere, deren Anzahl sie mit ca. 3000 angiebt, findet indessen die Compensation von M. 70 noch Anwendung, soweit der von diesen Passagieren bezahlte Fahrpreis nicht höher, als M. 120 ist.

466. Die in Art. 5 des Vertrages mit Transat auf M. 90 festgesetzte Compensation für Passagiere der 2ten Gruppe wird für die Zeit, dass die N.D.L.V. Linien unter sich die Compensation von M. 75 haben, ebenfalls auf M. 75 ermässigt.

467. Die Zahl der in den Jahren 1900, 1901 und 1902 von den N.D.L.V. Linien beförderten Italiener und Orientalen wird auf Transat übertragen, und diese giebt dafür von ihren in den genannten Jahren beforderten Passagieren der 2ten Gruppe die entsprechende Anzahl auf, indem 4 Passagere der 1ten Gruppe für 3 Passagiere der 2ten Gruppe gerechnet werden. Der Secretair wird die betreffenden Zahlen revidiren und danach die neuen Antheile für Transat in jeder der beiden Gruppen feststellen, die dann vom 1. Januar 1904 an an Stelle der früheren Antheile Transat's treten. (Die dementsprechend abgeänderten Antheile der Cie. Gén. Transatlantique betragen lt. R. 1793.
10,289% für die 1. Gruppe (Italiener und Orientalen)
3,842% " " 2. " (Andere Passagiere).
Ihr Gesammtantheil ist also 14,131%.) 8210 8211

468. Die Continentalen Linien nehmen zum Zweck der Concurrenz gegen die Cunard Linie das Scandinavische westbound Geschäft wieder auf nach den Bestimmungen des Agreement K. Die unter dieser Vereinbarung beförderten skandinavischen Passagiers gelten sowohl für die Poolparteien, wie auch der Cie. Gén. Transatlantique und den British Lines gegenüber als nicht unter den Vertrag fallend (exempted).—Die Bestimmung des Beschlusses 399b findet für das Agreement K keine Anwendung.

Agr. K.

8212 *Petitioner's Exhibit 759*

469. Zwischen den N.D.L.V. Linien und Transat und der American Line, ist für eastbound steerage
Agr. L. Geschäft ein Vertrag lt. Agreement L. geschlossen.

470. Die Beschlüsse 416 und 419 werden für Schweizer Passagiere und Schweizer Agenten aufgehoben (Schweizer in beiden Fällen im Sinne des Commentars zu Art. 12 verstanden).

471. Der Cie. Gén. Transatlantique wird für das laufende Jahr für Passagiere, die sie von der Alliance Israelite zu frcs. 115 net per adult übernimmt, ein Zuschuss von M. 10 per adult gewährt. Dieser Zuschuss
8213 vermindert sich um den Betrag, den die Cie. Gén. Transatlantique etwa mehr als frcs. 115 net erhält, so dass er also bei einem Preise von frcs. 127.50 ganz fortfällt.

472. Die Raten für ungarische und kroatische Passagiere, sowie für Dalmatiner, Istrianer und Krainer werden auf M. 120 für Schnelldampfer und M. 100 für andere Dampfer ermässigt; Prepaids entsprechend. An Commission für solche Passagiere kann bis M. 25 gezahlt werden.

473. In Leipzig soll für die Behandlung der Auswanderer ein unter allseitiger Zustimmung der Par-
8214 teien zu ernennender, gemeinschaftlicher, concessionirter Beamter als Stationsverwalter der Gesellschaften angestellt werden. Die bezüglichen Verhandlungen mit den sächsischen Behörden werden dem Lloyd überlassen.

474. Die von dem Anglo-Continentalen Reisebureau für Britische Linien engagierten, Leipzig passierenden Passagiere sollen von dem dortigen Stationsverwalter an die Holland-Amerika Linie avisirt werden, die ihrerseits wieder den Britischen Linien und dem Secretair eine Aufgabe solcher Passagiere senden wird.

Petitioner's Exhibit 759

8215

475. Für den Zuschuss der Holland-Amerika Linie und der Red Star Line zu den Kosten der Controlstationen sollen Zinsen auf das Anlage-Capital, Abschreibungen, Reparaturen und sonstige Unkosten einerseits, die Einnahme andererseits in Betracht gezogen werden. Die Höhe der Zinsen und Abschreibungen wird weiterer Vereinbarung vorbehalten.

476. Die Parteien werden, jede für sich, ihren Agenten schreiben, dass sie sich aller Handlungen, die der Beförderung von Passagieren für die Cunard Line Vorschub leisten können, zu enthalten haben.

477. Die Hamburg-Amerika Linie und der Nordd. 8216
Lloyd werden sich dahin bemühen, dass die Passagiere für die Holland-Amerika Linie und die Red Star Line unbehindert die schlesische und sächsische Grenze passieren können.

Anhang. 1.

REVERS.

Die unterzeichnete Gesellschaft:

verpflichtet sich hierdurch gegenüber den Gesellschaften:

die Bestimmungen des in Hamburg am 19. Januar Dampfer-Linien Verbandes, in all und jeder Beziehung sowie gegenüber dem Secretär des Nordatlandischen

8218 *Petitioner's Exhibit 759*

1892 vereinbarten Vertrages sowie des Protocolls 1 vom 19. Februar 1892 und der vereinbarten Abänderungen als für sich massgebend, anzuerkennen und denselben in all und jeder Richtung nachzukommen, obwohl zwischen den Parteien dieses Vertrages nachträglich vereinbart ist, dass die im Artikel 25 des Vertrages vorgesehene Kaution nicht hinterlegt werden soll, vielmehr dieser Verpflichtungs-Schein an Stelle der Kaution treten soll. Die unterzeichnete Gesellschaft unterwirft sich in all und jeder Beziehung, soweit der am 19. Januar 1892 in Hamburg geschlossene Vertrag
8219 nebst den vereinbarten Abänderungen in Frage kommt, den deutschen Gesetzen und unterwirft sich, falls wider Erwarten aus irgend einem Grunde gerichtliche Schritte gegen die unterzeichnete Gesellschaft abseiten der sämmtlichen übrigen Gesellschaften oder einer der übrigen Gesellschaften oder abseiten des Secretärs nothwendig sein sollten, der Gerichtsbarkeit der Kölnischen Gerichte, dergestalt, dass jede auf Grund dieses Vertrages oder auf Grund einer Entscheidung des Secretariats oder des Präsidiums oder des Schiedsrichters etwa gegen die Gesellschaft nothwendig werdende gerichtliche Klage in erster Instanz bei dem Landgericht zu Köln anzubringen ist.

Die Gesellschaft erklärt, eine von dem Landgericht
8220 zu Köln oder dem diesem Gerichte vorgesetzten Oberlandesgericht resp. Reichsgericht abgegebene Entscheidung in jeder Zeit als eine von einem zuständigen Gerichte gegen sie abgegebene Entscheidung anzuerkennen und die direkte Zwangsvollstreckung aus einem derartigen Urtheilsspruche gegen sich als gültig anzuerkennen. Die Gesellschaft verpflichtet sich aber vor allem, es niemals zu einem gerichtlichen Verfahren kommen zu lassen, sondern verpflichtet sich ausdrücklich, alle ihr auferlegten Zahlungen von Ausgleichgeldern oder von Strafen unweigerlich sofort zu leisten.

8221

Translation.

NORTH ATLANTIC STEAMSHIP LINES.
COMBINE.

397. The agreement of January 19, 1892, is extended from January 1, 1904 to December 31, 1904, with the exception of articles 3-8 inclusive and those passages in articles 11 and 16 which refer to tonnage, which are cancelled.

398. Resolutions 1-396 are cancelled.

8222

399, a. The furnishing of a guarantee is omitted. The bond furnished in its place by the parties to the secretary, see Appendix 1, remains in force. The bond forms a part of the agreement.

APPENDIX I.

b. Cancellation of the guarantee does not however, interfere with the agreement, that the parties are not liable over and above the amount of the guarantee which is specified for each in the agreement.

c. Each party as soon as it has to pay 30,000 marks or more, must pay according to the direction of the Secretary. The payments of the plus parties are assigned to the minus parties *pro rata* of their deficit.

8223

400. In Article 11 the words "resolution 401" take the place of "Article 3 to 8."

401. The westbound proportions of the parties are the following:

Hamburg-America Line	30.71%
Holland-America Line	9.78%
North German Lloyd	44.14%
Red Star Line	15.37%

402. The westbound compensation price for the year 1904 amounts to 75 marks.

8224 *Petitioner's Exhibit 759*

403. Each party which has not attained to its share, is permitted, as a protection against competing lines which do not belong to the pool or to the Continental-English agreement of June 7, 1898, to lower its tariff prices below 100 marks, after having given the Secretary three days' prior notice.

404. No party can be forced to place their steerage price higher than 160 marks for express steamers and 140 marks for other steamers. If it does so voluntarily, it can at any time and under all conditions go back to these rates.

8225 405. No party can be forced to suspend even temporarily for the purpose of equalization, the acceptance or transportation of passengers.

406. Passage prices westbound are always understood from port to port.

407. The this-side passage prices and the American prepaid passage prices must always be in the following ratio:

M.	100—	$ 24½
"	110—	" 27
"	120—	" 29½
"	130—	" 31½
8226 "	140—	" 34
"	150—	" 36½
"	160—	" 38½
"	170—	" 41
"	180—	" 43½

During the time from November 15 to December 31, however, each line is permitted to fix its prepaid rates independently of the cash rates, higher or lower.

408. The passage price of the Hamburg-America-line Canada-line from Antwerp may not be lower than the lowest passage price of the Red-Star line.

8227

409. A possible elevation or lowering of the prices of a party in order to bring about equalization need not comprise all lines of the party, but may be limited to some of these. However, it must always be adapted to fulfill the purpose stated in Article 17.

410a. To the countries excepted in Section 7 of Commentary 12 Spain, Portugal, South America and Australia are added (Bosnia, the Herzegovina and East Roumelia are regarded as not belonging to Turkey).

b. The concluding sentence in the same commentary is changed as follows: "This applies also to the North-German-Lloyd and the Hamburg-American-line Mediterranean services." 8228

411. The number of the "exempted south" passengers which a party may transport without accounting for the same in the pool, is raised from 10 to 15% of the total transportations of the packet-transportation.

412. Persons who belong to the administration, the officials or to the crew of any one party, as well as their wives and children, are not to be accounted for in the pool, when they enjoy free passage or passage at reduced rates.

413. The commission for steerage shall not exceed 15 marks in the pool-countries, in the hitherto exempted countries 30 marks. 8229

414. In the commentary to Article 23 the words "agents receiving more than two dollars" is changed to "such head agents," and after "Continental Conference in New York" there is added "and with the Secretary of the N. D. L. V."

415a. European inland transportation in connection with prepaid tickets or in connection with east-bound

8280 *Petitioner's Exhibit 759*

tickets may be transacted by each party only on the basis of its published official inland-tariff, which may not contain more than 300 stations for each port or port-of-passage, inasmuch as the ports lie in different states. The railroad prices in the tariffs published by the companies must be "*bona fide*" the real tariff railroad prices.

The calculation of European railroad prices is effected at the rate of $1-M. 4.20-Fr. 5.25 5-Kr. 2½ Dutch gulden.

b. No commission is paid on European inland trans-
8231 portation.

416. The European agents of the parties are allowed to sell American inland transportation only through the intervention of that party with whose ships the respective passengers are transported. Tickets for American inland transportation made out to other companies or persons are withdrawn by the parties and replaced by their own. The agent remains responsible for the amount to the party. Moreover he is subjected to a fine of at least 400 marks.

417. The commission to be paid to agents (expediting-agents at the shipping-ports are not regarded as agents in the sense of this resolution) for the sale of
8232 American railroad tickets for an immigrant-train may not amount to more than 5% of the fare.

418. Resolution 417 does not apply to Greece, Italy, France, Switzerland, the Tyrol, Gorz, Istria, Dalmatia, Trieste, Susak, Fiume, Luxemburg, Alsace-Lorraine. A higher commission on American immigrant tickets may be paid to the agents in these districts inasmuch as the emigrants are residents of the countries named in the sense of Article 12 of the agreement. This resolution is subject to cancellation at 14 days' notice.

419. The through-booking of cabin passengers with American immigrant train is forbidden. This resolution is to be annually recalled to the agents.

420a. Each party has the right to have actions of their agents which are contrary to the agreement punished by the Praesidium.

b. The Praesidium is not bound to any definite amount, yet the penalty may not be higher than against the parties themselves. Resolution 416 is hereby not changed.

c. The Praesidium cannot order dismissal, unless 8234
the party demands the same.

d. Refusal to pay the penalty however involves of itself dismissal of the agent and this for all parties in the sense of the Commentary to Article 24.

e. Reinstatement of a dismissal agent requires a resolution of the Praesidium. (Article 35, Section 4.)

421. The parties obligate themselves to furnish no financial support through commissions, contributions, or in any other form, to companies or private persons in the Cisleithanian Monarchy, who follow the tendency to monoplize the immigration business or to gain 8235
a controlling influence of the same, and to abstain from all intercourse with such parties. The North-German-Lloyd and the Hamburg-American-line accept this obligation also for their expediting-agents in Hamburg and Bremen.

422. The parties are responsible for their agents and organs, however not for penalties which are inflicted upon them.

423. In change of Section 1 of Article 21, the lowest cabin price of a party must westbound be at least 50 marks and east-bound at least $10 higher than the

8236 *Petitioner's Exhibit 759*

highest normal pool-steerage-price of the steamer concerned. If the latter is higher than the maximum rates stated in resolution 404, then to fix the price of the second cabin the before-mentioned difference of 50 marks need only be added to the maximum rates of 140 marks, respectively 160 marks. In east as well as westbound round-trip tickets this difference of 50 marks and $10 against the steerage price can be 10% less than the cabin price.

424. The directions of resolution 423 do not apply in case the parties among themselves or in common
8237 with other parties have reached some other agreement.

425. Resolution 424 is so to be understood that if the parties in a cabin-price agreement establish a price so low that the difference between this and the steerage-price does not reach the price set in 423 that the passengers booked at such price are not to enter into the accounting.

426. In commentary to Article 21, Section 3, the rate of exchange of marks into dollars is changed from 4.20 to 4.00

427. Passengers who by subsequent payment pass
8238 from the steerage into the cabin, immaterial whether before or after commencement of the voyage, figure as cabin passengers, inasmuch as the directions of Articles 423 and 424 are followed.

428. Section 2 of the Commentary to Article 21 has no application to passengers who travel in intermediate or any other class designated differently than steerage, respectively III-class or cabin. Resolution 423 and Section 2 of the Commentary to Article 2, therefore applies to such passengers under all circumstances.

Petitioner's Exhibit 759

8239

429a. Of the entire westbound transportation of the continental lines and the British lines as far as the same comes under the agreement of June 7, 1898, the British lines receive 6% and the Red Star line C 0.94% as long as that agreement remains in force.

APPENDIX II.

b. Only so many passengers are regarded as having been transported by the Red Star line C, as the Red Star line has transported above its share, with the restriction that no more passengers shall be regarded as having been transported by the Red Star Line C than is its quota.

8240

c. The share of the individual parties to the compensation resulting from the accounting with the British lines and the Red Star line C is determined by the percentage proportion of the total transportation of the four parties, which follows for each individual party when there is added to the share of the respective party in westbound passengers, its transportation of exempted passengers. The compensation for Red Star Line C is 60 Marks. In fixing the price of the Red Star line no attention must be paid to Red Star line C.

d. Should the N. D. L. V. cease before the agreement with the British lines of June 7, 1898 has terminated, then the rights and obligations towards the British lines and the Red Star line C contained in this resolution under "c" pass over to the lines participating in the N. D. L. V. in proportion to their shares, in accordance with resolution 401.

8241

e. In case of doubt as to the relation betwee the parties and the Red Star line C the arbitrator's decisions of July 30, 1896 and September 30, 1903 are effective.

8242 *Petitioner's Exhibit 759*

430. The parties transmit to the Secretary weekly (vide Art. 42) their statements concerning their westbound prepaid business, separately for their different lines.

431. Art. 24 of the agreement has application in its entire content also to the circulars and publications made in America.

432a. In the commentary to Art. 31 the words "Havre and Boulogne" are crossed out.

b. The steamers of the Hamburg-America line
8243 which in summer go to Montreal and Quebec and in winter to Halifax and Boston, may touch Antwerp.

c. It has been agreed between the North German Lloyd and the Hamburg-American-Packet-Stock-Company that if the expedition of their express steamers from their respective ports of departure is made difficult or impossible in the case of epidemics or in case of measures taken by their own or by the American State authorities, that then the companies mutually cede to each other the right of departure or of touching at the ports assigned to them in commentary to Art. 31.

d. Art. 31 of the agreement is changed to the effect
8244 that if a port of departure, in consequence of the outbreak of cholera or of other epidemics can no longer be used as port of departure, or that if through the action of the respective government the shipping of steerage passengers from Germany or Russia or from the countries of the Austrian-Hungarian monarchy is not allowed, that in such a case the respective party is justified in touching at another port of agreement. In this case the party of the latter port is justified to resign from the agreement after having given a fourteen day's notice of cancellation.

Petitioner's Exhibit 759

8245

433. If from one of the ports Hamburg, Bremen, Antwerp, Rotterdam or Amsterdam there should arise a direct competition, then the party from whose port this occurs has the right to withdraw from the agreement, after having given at least three months' preliminary notice, in case the parties do not agree upon a fighting of such competition for mutual account.

434. The parties renew their agreement concerning the eastbound steerage business up to December 31, 1904 on the following basis:

435a. The eastbound allotments are the following: 8246

Hamburg-American Line	26.47%
Holland-American Line	13.32%
North German Lloyd	41.53%
Red Star Line	18.68%

b. The compensation-price eastbound is 100 marks.

436. Passengers transported by direct steamers of the parties to Mediterranean ports are excluded from the agreement.

437. As to the rest the resolutions of the westbound agreement of January 19, 1892 and all resolutions in force, find proper application to the eastbound agreement. 8247

438a. Bondable passengers, that is passengers which are sent back by the U. S. Government shall be landed only eastbound. Eastbound passengers which are refused by authorities in Europe can on the return transportation be landed westbound.

b. In the same manner passengers are treated who are transported eastbound on the demand of a government without charge or on payment of cost of board.

8248 *Petitioner's Exhibit 759*

439. As long as the British lines fix their eastbound passage prices from the common points New York, Boston, Baltimore, Philadelphia, the parties are permitted to grant the same privileges eastbound.

440. The relation between eastbound cash rates and this-side prepaid rates is fixed according to Art. 23.

441a. No reduction is granted on steerage roundtrip tickets east and westbound. The price of a roundtrip ticket is determined by the addition of the east and westbound price.

8249

b. No reduction whatsoever may be allowed on tickets which call for cabin-eastbound and steerage-westbound, or *vice versa;* nor shall such roundtrip combinations be published.

442. The expenses of the Secretariat are divided according to the means resulting from the percentage assignment of the different parties in the westbound steerage and eastbound steerage pool.

443. The parties obligate themselves to allow no communications concerning agreements or resolutions of the parties to get to the Press or to non-concerned third-parties, without general consent.

8250

444. The resolutions of the Continental Conference in New York are not binding on the parties in case they are contrary to the agreement.

445. All resolutions taken and yet to be taken are considered a part of the agreement, even when they are not signed by members of the Praesidium but by other members of the parties who are authorized to sign.

446. All resolutions wihch have been signed in meetings in accordance with Art. 39 and Resolution

Petitioner's Exhibit 759 8251

448 by representatives of the parties authorized to sign, or by persons who have been reported to the Secretary by telegram or in writing as having authority, obtain validity through such signature, and are considered as resolutions in the sense of Resolution 445. Resolutions concerning subjects which are not on the day's program or not according to Art. 39, must be adopted unanimously and only become valid if no remonstrance has been made up to the third day (inclusive) after communication of the Protocol to the Secretary in Jena. Resolutions which have in this manner become valid are also regarded as in the sense of Resolution 445. Resolutions concerning prices are valid under all circumstances. Resolutions concerning cabin business are only regarded as coming under the agreement, when this is specifically expressed. 8252

447. The sequence for the Secretariat begins January 1 with the Packet-line and for the Praesidium for the Red Star line.

448. A conference takes place regularly in Cologne on the first Wednesday in April, on the last Wednesday in September, and on the second Wednesday in December.

8253

449. For Scandinavian or Finnish steerage passengers which the North German Lloyd or the Hamburg-America line transport eastbound under observance of Article 2 of the agreement with the British lines of June 7, 1898, the difference between the continental and the Scandinavian eastbound fare of the respective steamer, as well as the amount of cost of transportation from Bremen-Hamburg to Scandinavia or Finland, inclusive of possible costs of detention, is born in common by the parties, that is to say in proportion to their eastbound-allotments. Each party

8254 *Petitioner's Exhibit 759*

has the right to withdraw from this agreement after a prior fourteen day's notice.

450. Cabin agreements are not subject to the control of the Secretary further than is determined by Resolutions 423 and 424.

451. Free passage between New York, Boston, Philadelphia, may not be given to cabin passengers. Transat joins in this resolution.

452. Agents who are active for more than one North Atlantic line are to be regarded as bureaux-of-
8255 travel.

453. The through-booking of first and second-class passengers to European inland points, excepting Paris and London, is forbidden. This resolution is subject to a three month's notice of cancellation.

454. The compensation to agents for exchange and handling of American prepaids and return tickets is fixed at 3 marks for first class and two marks for second-class. This is understood per ticket, without regard to the number of persons on the same. There shall be no further compensation by the companies for postage and telegrams.

8256 455. During the continuance of a cabin-agreement printed matter referring to the cabin-business is to be sent to the Secretary in the same manner, as provided for the steerage in Art. 24.

456. If the arbitrator is called in on account of variation from agreed-upon cabin-rates, the same shall be governed by the consideration, that in unintentional errors the payment of the full rate for passage calculated according to the agreement to the other parties in equal parts shall be considered as a sufficient making good. The proper instances more-

825

over, cabin-passengers who have been accepted under the rates agreed upon, are also to be accounted for in the pool. Aside from this violations of the fixed prices are not remedied by counting the said passengers in the steerage-pool, be it through functioning of Resolution 423 or through voluntary offer of the party concerned.

457. Changing Art. 36 there is temporarily appointed as arbitrator until December 31, 1904, the Oberland-esgericht, president Hansen in Hamburg.

458. The Hamburg-America line may in the months March to August (both months inclusive) send two expeditions monthly, during the rest of the year one expedition to Canadian ports, and needs to compensate for the passengers thus transported only at 70 marks, provided the price paid by those passengers does not exceed 120 marks. 8258

This resolution is subject to a four weeks notice of cancellation and terminates without further also as soon as an agreement with the Canadian Pacific Railway enters with force.

459. Agreement G made with the Companie Gen. Transatlantique remains in force until further notice. AGR. G.

8259

460. For pool districts exceptional rates may not be made, neither in Europe nor in America, without prior consent of all parties. Excepted is Roumania, from whence, until further notice, each party is justified to transport passengers up to 20 marks below its regular passage-price.

461. The resolutions of Art. 12 of the agreement and of the Commentary to Art. 12 by which passengers from certain countries are regarded as not coming under this agreement (exempted), are as-

8260 *Petitioner's Exhibit 759*

pended for the time that the Cie. Gen. Transatlantique belongs to the pool retroactively from Jany. 1, 1904. The hitherto percentage allotments of the parties in the westbound pool are changed in the manner that the exempted passengers transported in the three years 1900-2 by the Hamburg-America line, the North German Llyod and the Red Star Line are recalculated with contract-passengers in the ratio of 2:1, those transported by the Holland-American Line in the ratio of 1.5:1. The difference resulting from the unequal recalculation in favor of the Holland America line is borne by the North German Lloyd.

8261 The number of contract passengers thus resulting for each party is combined with its number of contract-passengers which results from its agreement-share for the years 1900-2, and the ratio in which the numbers thus ascertained for each individual party stand to their total, represents the new allotments of each party. The same are as follows: (R. 1769)

Hamburg-America line	30.88%
Holland-America line	10.61%
North German Lloyd	42.96%
Red Star line	15.55%

8262 Italians and Orientals (Greeks, Turks, Asiatics and Africans) who are transported by direct steamers of the lines in the agreement from Mediterranean ports are, as before, considered as not coming under the agreement and remain excluded from calculation in the pool.

462. With the say on which the present agreement with the Cie Gen. Transatlantique expires, all regulations in the original agreement, as well as in the suspended resolutions 258/396 concerning exempted passengers, as well as the allotments assigned in resolution 401 as to contract passengers, are at once again in force.

Petitioner's Exhibit 759 8263

463. Calculation of the compensation resulting from the agreement with the Cie. Gen. Transatlantique is based on the shares allotted in resolution 461, made retroactive to 1903.

AGREEMENT J. 464. A contract has been made with the Canadian Pacific Railway in accordance with agreement J. by which the same is entitled to 5.429% of the westbound steerage-transportation of the four pool-parties from Northern ports. From the compensation payments resulting from the agreement there are due to 8264

Hamburg-America Line	27.27%
Holland America Line	9.37%
North German Lloyd	37.93%
Red Star Line	13.73%
Cie. Gen. Transatlantique	11.70%

465. Resolution 458 is ended through the agreement with the Canadian Pacific Railway. However, for the passengers booked in advance by the Hamburg-America line for Canadian ports, which number it states to be about three thousand, the compensation of 70 marks still applies, inasmuch as the fare paid by these passengers does not exceed 120 marks.

466. The compensation for passengers of the second group fixed in Art. 5 of the agreement with Transat at 90 marks, is for the time during which the N. D. L. V. lines have among themselves the compensation of 75 marks, also reduced to 75 marks. 8265

467. The number of Italians and Orientals transported in the years 1900, 1901 and 1902 by the N. D. L. V. lines is transferred to Transat and the latter in return therefore gives up a corresponding number of passengers of the second group transported by it in the years named, by counting four passengers of the first group for three passengers of the second

group. The Secretary will revise the respective numbers and thereby ascertain the new shares for Transat in each of the two groups which will then from the first of January, 1904, on, take the place of the former shares of Transat. [The changed fares thus figured of the Cie. Gen. Transatlantique amount to, according to Resolution 1793

10.289% for the first group (Italians & Orientals)
3.842% for the second group (other passengers)
Its total share is therefore 14.131%.]

AGREEMENT K. 468. The continental lines resume the Scandinavian westbound business again according to the resolutions of agreement K, for the purpose of competition against the Cunard line. These Scandinavian passengers transported under this agreement figure for the pool parties, as well as for the Cie. Gen. Transatlantique and the British lines, as not coming under the agreement (exempted). The intention of Resolution 399b has no application to Agreement K.

AGREEMENT L. 469. Between the N. D. L. V. lines and Transat and the American line a contract has been made for eastbound steerage business by agreement 4.

470. Resolution 416 and 419 are cancelled for Swiss passengers and for Swiss agents (Swiss in both cases is understood in the sense of the Commentary to Art. 12.)

471. There is granted to the Cie. Gen. Transatlantique for the current year for passengers which it accepts from the Alliance Israelite at 115 francs net per adult, a bonus of 10 marks per adult. This bonus is decreased by the amount which the Cie Gen. Transatlantique may possibly receive above 115 francs net, so that at a price of 127.50 francs it falls away altogether.

8269

472. The rates for Hungarian and Croatian passengers as well as for Dalmatians, Istrians and Krainians are lowered to 120 marks for express steamers and 100 marks for other steamers; prepaids correspondingly. For such passengers up to 25 marks may be paid as commission.

473. In Leipzig there shall be appointed under common consent of all parties a commonly appointed official as station-representative of the companies, for the handling of the immigrants. The necessary arrangements with the authorities of Saxony are left to be made by the Lloyd.

8270

474. Passengers passing Leipzig who have been engaged by the Anglo-Continental Travelling Bureau for British lines shall be announced by the station-representative there placed to the Holland-America line and this line will in return send a list of such passengers to the British lines and to the Secretary.

475. For the contribution of the Holland-America line and the Red Star line to the expenses of the controlled-stations, there shall be taken into account on the one hand interests on the invested capital, charges, repairs and other expenses, on the other hand the receipts. The extent of the interests and of the charges are reserved for further agreement.

8271

476. The parties, each for itself, are to write their agents that they are to refrain from all actions which could advance the transportation of passengers for the Cunard line.

477. The Hamburg-America line and the North German Lloyd will take pains to arrange that the passengers for the Holland-America line and the Red

8272 *Petitioner's Exhibit 759*

Star line may pass without restraint the Silesian and Saxon boundary.

AGREEMENT J.

MEMORANDUM OF AGREEMENT made this ninth day of March, 1904 between the Candian Pacific Railway Company, hereinafter called "the Company" of the First Part; and the Hamburg-Amerika Linie, Norddeutscher Lloyd, Holland-Amerika Line and Red Star Line, hereinafter called "the Continental Lines" of the Second Part. WITNESSETH as follows:

1. This agreement is made in consideration of the mutual promises and agreements herein contained and
8279 is binding upon the successors and assigns of the parties hereto respectively and they respectively covenant and agree to perform the terms thereof.

2. It is the essence of this contract and is distinctly understood that the Company will not carry passengers of Continental nationality other than Scandinavian or Finnish by its own steamers or by any steamers in which it is interested sailing from ports in Great Britain or Ireland to ports in Canada or the United States. The Company undertakes to exercise all possible care to prevent any contravention of this clause and should the Continental Lines at any time require it the Company agrees to afford to the Secretary of the Conti-
8280 nental Lines facilities for satisfying himself that there has been no contravention of this clause. If in spite of measures adopted by the Canadian Pacific Railway for the above purpose any agents should succeed in shipping passengers of Continental nationality under false declaration by the Canadian Pacific Railway Company's Steamers from British ports, such passengers so shipped shall be advised to the other Lines parties to this agreement and be included in the share due to the Canadian Pacific Railway Company as per Clause 5.

Petitioner's Exhibit 760

3. The Company being about to establish a steamship service from Antwerp to Canadian Ports agrees to place its passenger business from the Continent of Europe (Scandinavia and Finland excepted) exclusively in the hands of the Continental Lines. 8281

4. The Company agrees to establish and maintain during the continuance of this Agreement, a steamship service from Antwerp to Canadian Ports providing for not less than twenty-four sailings per annum.

5. The Continental Lines agree to deliver to the Company's Steamships at Antwerp in each year during the continuance of this Agreement not less than 5.429 per cent of the total emigrant business secured for carriage by the Continental Lines, it being understood that the emigrants so delivered to the Company will include a fair average of adults. 8282

All prepaid passengers booked and shipped as per Clause Six of this Agreement will be counted in the percentage hereby guaranteed to the Company.

6. The Company, through its offices and agencies in Canada and the United States, shall be at liberty, to continue booking prepaid passengers for forwarding from the Continent; and the Continental Lines shall forward such prepaid passengers by the Company's steamers only. The Company undertakes that the rate charged to prepaid passengers so booked as aforesaid shall not be less than the equivalent of the lowest rate for the time being charged by any one of the Continental Lines for cash passengers, and that the Company will not pay larger commissions on such prepaid passengers than are being paid by the Continental Lines in Canada and the United States. 8283

7. Except as provided in Clause Six the Company agrees that it will secure Continental passengers exclusively through the agencies of the Continental Lines

8284 *Petitioner's Exhibit 760*

and not by any other means and that it will carry Continental passengers by its steamers from Antwerp only and not from Liverpool or any other port.

8. The Continental Lines undertake that, as far as possible, the passengers shipped by the Company's steamers shall be passengers destined for Canada and should there be offering an insufficient number of passengers for Canada, to equal the percentage mentioned in Clause Five they will make up the requisite number by passengers destined to United States points West of Detroit and Sault Ste. Marie.

8285 9. The Continental Lines guarantee to the Company that it will receive not less than Five Pounds net for each adult passenger. Two Pounds Ten Shillings net for each child between the age of one and twelve years and Ten Shillings net for each child under the age of one year, so long as the rates received by the Continental Lines do not fall below 120 Marks gross. Should unforeseen circumstances render necessary a reduction of rates below 120 Marks a corresponding reduction shall be made in the net rate hereby guaranteed to the Company, such corresponding reduction to be determined by mutual agreement between the parties.

8286 10. If at the end of any twelve calendar months it is found that the number of passengers shipped by the Company's steamers during such year is less, than the number guaranteed under Clause Five of this Agreement, the Continental Lines shall pay to the Company within sixty days Five Pounds for each adult passenger short of the guaranteed number and a relative amount based upon the figures in Clause Nine for children.

11. The Red Star Line in Antwerp acting for the Continental Lines parties to this Agreement will at-

 8287

tend to all passenger business of the Company and will perform all services in connection with the inspection, boarding and shipment of passengers which it performs for the Red Star Line steamers, receiving for such services the sum of Five Shillings per adult for each passenger embarked, whether cash or prepaid. The said sum of Five Shillings shall for each prepaid passenger be invariably paid by the Company but shall for each cash passenger be paid by the Company only, when the gross amount paid by the passenger for a steamship ticket amounts to less than 120 Marks. Agents commission may be deducted from the gross 8288
fare Provided Always that the Company shall not receive less than Five Pounds net per adult so long as the amount paid by the passenger for the steamship ticket amounts to 120 Marks or over.

12. In order that the Company shall be advised of the progress of the business the Continental Lines shall furnish the Company's London Representatives monthly with statistics showing the total number of Continental passengers shipped by the Continental Lines and the number carried by the Company.

13. The preceding clauses of this agreement relate exclusively to third class or immigrant passengers but the Company agrees that for first and second class 8289
passengers it will charge the same rates and allow the same commissions for its Antwerp service that are for the time being charged and allowed by any one of the said Continental Lines parties to this agreement, making the lowest rates from Continental Ports to United States Atlantic Ports and will not pay higher commissions than are paid by said Line.

14. While it is understood that no part of this Agreement shall be considered to have any reference to Eastbound traffic, it is understood that the Ca-

8290 *Petitioner's Exhibit 760*

nadian Pacific Railway Company will take no action of an aggressive nature towards the other Lines parties to this agreement in this connection.

15. It being to the mutual advantage of the parties hereto that all Continental passengers should, as far as possible, be carried by the united services of the parties to this agreement, the Continental Lines and the Company agree to use their best efforts to prevent the diversion of Continental passengers to other Lines and they will respectively observe this obligation, in making agreements concerning other business
8291 with Lines endeavoring to divert Continental passengers from the Lines owned by the respective parties to this Agreement.

16. This Agreement shall remain in force up to and until the thirty-first day of December, 1907 and shall continue thereafter from year to year Provided However, that either party may terminate the same on any subsequent thirty-first of December after the thirty-first day of December, 1907, by giving to the other twelve months' notice in writing of their intention so to do and on the day named in such notice for the termination of this agreement and all the rights of either party thereunder shall cease and
8292 determine.

17. Any dispute arising under this Agreement shall be referred to arbitration in London. Each party to appoint an Arbitrator, and the two Arbitrators to appoint an Umpire and the decision of the Arbitrators or Umpire as the case may be shall be final.

In Witness Whereof the parties have hereunto affixed their respective corporate seals under the head of their proper officers the day and year first above written.

Signatures.

Petitioner's Exhibit 760

8293

The Cie. Gén. Transatlantique has agreed to join the four above named Continental Lines in this Agreement as a fifth Line, and the share of the different Lines in the compensation to be for the

Hamburg-American Line	27,27%

AGREEMENT K.

Scandinavian Service.

The Continental Lines will establish a direct service from Scandinavian ports to U. S. ports. For the present a monthly service will be arranged, the German Lines providing the necessary tonnage.

The rate for steerage passengers westbound shall be Kr. 70 per adult, less the regular commission.

The Continental Lines shall arrange to take passengers from Scandinavia (Finland included) via the Continental Pool ports at a gross rate of Kr. 60 per
8297 adult from Scandinavia.

For the regulation of Pool shares all these passengers shall be considered as Exempted north.

The actual cash loss for the round trip on the direct service shall be borne by the 5 Poollines in proportion to their fixed percentages westbound including Red Star C_3).

This arrangement only refers to westbound business.

New steamers to be rated as they come out on a similar basis.

The Red Star Line will advance its rate for any of the following steamers by £1, viz:—"Vaderland," "Zeeland," "Kronland," or "Finland," so soon as she may in the course of the year 1902 on 3 voyages have arrived at New York in time to be able to land her passengers on Monday (Saturday sailings from Antwerp).

Steamers employed in the Mediterranean Service must not quote less than the minimum Summer rates named above, from April 15th to July 15th inclusive
8309 Eastbound; with this exception the minimum winter rates will apply.

2. The Westbound Summer Season shall be from May to October inclusive; the Eastbound Summer Season from April to September inclusive. The Westbound Winter Season shall be from November to April inclusive; the Eastbound Winter Season from October to March inclusive.

3. Servants accompanying First Saloon Passengers must pay the First Saloon Minimum Winter Rate of the respective steamer throughout the year, if they have access to the First Saloon accommodation.

8310 4. The minimum rates stipulated in Clause 1 are understood to be gross per adult, including commissions.

5. Children of 1 year and under 10 years pay half fare, children under 12 months are free.

6. Through booked passengers must pay in addition to the Ocean Fare the actual official tariff rate of the Transportation Companies by which the transportation takes place.

Petitioner's Exhibit 762

7. Each Line is at liberty to fix its Minimum Westbound Cash or Prepaid or Eastbound Rate independently of each other higher than provided for in this Agreement. 8311

8. On round-trip tickets a reduction of 10% can be made on the combined fares out and home. Passengers not taking round-trip tickets are not to be allowed any reduction when taking their homeward tickets.

9. All rates and commissions shall be converted into the different currencies at the following rates of exchange: 1 s. = 1 mark = 1.25 fr. = $0.25 = 0.60 Dutch guilder. 8312

10. No free passes or reductions shall be given to press representatives, shippers, or brokers, or to any one, with the object of obtaining other passengers or business of any kind or in recognition of advertisements in any way, the intention being that except that the principals of the different firms or Lines are at liberty to grant free passes or reductions to Government officials, Scheduled General Agents or to other individuals on purely personal grounds, no free passages or reductions whatever shall be given.

An exception shall be made in the case of steamers carrying live stock, which steamers are at liberty to convey men when acompanying such live stock, and on the return journey free of charge. An exception shall also be made in the case of Canadian steamers carrying charity children, which steamers are at liberty to convey the persons accompanying such charity children and on the return journey free of charge. 8313

11. Bicycles shall be charged 10/- each; they must be crated. Dogs to be charged not less than 40/- each.

8314 *Petitioner's Exhibit 762*

12. The commissions to agents on First Cabin business shall be as follows:

For tickets issued in America: Not more than 5% of the passage money with a minimum of $4 per adult for a single passage and $8 for a round-trip passage except in the case of scheduled General Agents, who are non-salaried, to whom an extra commission of 2½% of the gross amount of the passage money may be paid.

For tickets issued in Europe:—In Great Britain and Scandinavia not more than 5% of the passage
8315 money, except 7½% to agents in London. (See clause 13.)

On the Continent not more than 7½% of the passage money to General Agents or to agents in Paris (see clause 13), and not more than 5% to tourists offices, bankers, and agents doing only Cabin business. Such agents in the Cabin and Steerage business who have their own sub-agents organisation are considered as General Agents. It is agreed that such General Agents cannot pay to their sub-agents more than 5% commission. Tourists Offices shall under no circumstances and in no country receive more than 5% commission.

8316 13. Each Line shall not have more than two offices in London (Westend and City) for First Saloon business, and two in Paris, for its own account or conducted by an agent or by agents receiving 7½% commission (clause 12), and one office for its own account in any other place, which offices or agents are at liberty to pay to sub-agents or brokers a commission not exceeding 5% of the passage money. The above restriction for Paris does not refer to the Cie Transatlantique.

8317

14. The commission includes telegraphic expenses of agents for securing berths, etc., and no refusal or allowance shall be made for them.

15. Any Line is at liberty to retire from this Agreement or any part of it (Mediterranean or North Atlantic) on giving fourteen days' notice.

16. This Agreement shall take effect March 31st and circulars and tariffs shall be issued and mailed not later than March 29th, 1902.

17. All official communications between the Lines must be made through the Secretary of the North 8318
Atlantic Passenger Conference, or of the Nordatlantischer Dampfer-Linien Verband.

18. Steamers carrying only Second Cabin Passengers, as distinguished from Saloon, must appear in all advertisements, circulars or other printed matter, issued by the Line, as carrying Second Cabin Passengers only, without any reference to such passengers enjoying so-called Saloon Privileges.

19. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this agreement shall be settled 8319
by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall take place at London.

(*b*) Notice in writing of intention to prefer a claim shall be given, in reasonable time, to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in registered letter, duly addressed to the principal office

8320 *Petitioner's Exhibit 762*

in England of such British Line, and to the principal office on the Continent of such N. D. L. V. Line, and shall be deemed to have been delivered in the ordinary course of post.

(*c*) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen, shall appoint an umpire.

8321 (*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may, if so required by the party or parties who appointed him, proceed to act as sole Arbitrator in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

8322 (*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

(*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offenses, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

8323

(g) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent, for each breach, and for breach by any agent the fine or damages shall not be less than £5 nor more than £100.

(*h*) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him, and if continued as Agent by any party 8324
hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention. 8325

(*i*) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an Award have power to re-open and reconsider the same and to hear further evidence and to make a fresh award, provided cause be shown satisfactory to him or them within one week after the Award is first made and published, or if the Arbitrator or Arbitrators see cause to extend the time, then within three weeks of the issue and publication of the said Award.

8326 *Petitioner's Exhibit 762*

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England, whenever the domicile residence or office of business of the parties to this Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder.

*Where Eastbound are blanked and marked * no Eastbound Second Class Passengers are carried.

All New Steamers as they come out to be rated on a similar basis.

8338 *Petitioner's Exhibit 763*

The above are minimum Ocean rates except that the present practice is continued of providing passengers by U. S. Lines with third-class Rail tickets between London and Liverpool for 10s. additional, The Glasgow Lines to provide similar transportation between London and Glasgow for 25s. additional, and the Canadian Lines, when sailing to Canadian ports, are allowed to include the Rail ticket to and from London in the Ocean fare.

All British Lines to advertise and charge 20s. more than the respective British Line rates from and to all
8339 Continental ports, and the said British Lines' rates to be the nett rates off East Coast port for Scandinavian and Finnish passengers. No lower local rate than 20s. between the Continent and Great Britain is to be charged or advertised not even in 3rd Class tariff and advertisements.

The rates named include free transportation between New York, Philadelphia and Boston.

All Contracts are to be tabled.

2. When any Service has two rates, the tickets both prepaid and cash, issued at the lower rates shall plainly state they are available only for the named steamers to which the lower rate applies, and the Companies
8340 undertake that they will not carry the holders of lower rated tickets by the higher rated steamers unless they have been paid difference in rate.

3. The minimum rates named above are understood to be gross per adult including commission.

4. Children of 1 year and under 12 years to be charged half fare. Children under 12 months are free.

5. Each Line is at liberty to fix its minimum westbound cash or prepaid or eastbound rates independently of each other, higher than provided for in this Agreement.

Petitioner's Exhibit 763

6. The price of a round-trip ticket is the combined West and Eastbound fare. On round-trip tickets a reduction of 5% can be made on the combined West and Eastbound fare. Passengers not taking round-trip tickets are not to be allowed any reduction when taking their tickets for the return passage. 8341

7. All rates and commissions shall be converted into different currencies at the following rates of exchange: 1s = 1.25 fr. = 1 mark = $0.25 = 0.60 Dutch guilder.

8. The Norddeutscher Lloyd and the Hamburg-Amerika Line have the right to quote to or from Southampton and Plymouth for their Express steamers the same second class rate as the Amerika Line for their fast steamers to or from Southampton, except that for the four steamers "Kaiser Wilhelm der Grosse," "Kaiser Wilhelm II," "Kronprinz Wilhelm," and "Deutschland," they shall charge 30s. more, and for all other except their Express steamers they may quote 10s. less (so far as British law permits). 8342

9. No free passages or reductions shall be given to press representatives or in recognition of advertisements, or to shippers, or brokers, or to anyone with the object of obtaining other passengers or business of any kind, the intention being that except that the principals of the different firms or lines are at liberty to grant free passages to Government officials or other individuals on purely personal grounds, no free passages or reductions whatever shall be given. 8343

10. All official communications between the Lines must be made through the Secretary of the North Atlantic Passenger Conference, or of the Nordatlantischer Dampfer-Linien Verband.

11. Steamers carrying only Second Cabin Passengers, as distinguished from Saloon, must appear in all

8344 *Petitioner's Exhibit 763*

advertisements, circulars or other printed matter issued by the Line as carrying Second Cabin Passengers only, without any reference to such passengers enjoying so-called Saloon Privileges.

12. Bicycles to be charged 10s.; they must be crated. Dogs to be charged 40s.

13. Commissions to agents on second cabin business shall be as follows:

For tickets issued in America: 5% with a minimum of $3 per adult for a single passage, and $5 per adult for round-trip passage. An extra commission of $1
8345 for single passage, and $2 for round-trip passage may be allowed to scheduled General Agents at the recognized general passenger agency points.

For tickets issued in Europe: In Great Britain the commission to any agent to be 5% with the minimum of 9s. per adult for a single passage, and 18s. per adult for round-trip ticket. On the Continent not more than 15s. for a single passage and 30s. for round-trip ticket.

The General Agents of the Continental Lines at London and their ports of call are considered as Company's own officers.

Tourist Offices shall under no circumstances receive
8346 more than 5% commission with the minimum of 9s. for a single passage, and 18s. per adult for round-trip ticket in Great Britain; on the European Continent not more than 10s. for a single passage, or 20s. per adult for round trip ticket, and in the United States 5% with a minimum of $3 per adult for a single passage and $5 per adult for roundtrip ticket.

14. The commission includes telegraphic expenses of agents for securing berths, etc., and no refund or allowance shall be made for them.

15. Any Line is at liberty to retire from this agreement on giving 14 days' notice.

Petitioner's Exhibit 763 8347

16. This Agreement shall take effect, and circulars and tariffs shall be mailed not later than September 20th, 1902.*

17. All parties mutually agree that any disputes or claims between any of them or between any one or more of them and the rest of them arising out of any alleged breach of this Agreement shall be settled by Arbitration as follows:

(*a*) Arbitration proceedings in Europe shall take place at London.

(b) Notice in writing of intention to prefer a claim 8348
shall be given, in reasonable time, to the party complained of, signed by, or on behalf of the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in registered letter, duly addressed to the principal office in England of such British Line, and to the principal office on the Continent of such N. D. L. V. Line, and shall be be deemed to have been delivered in the ordinary course of post.

(c) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days from the date of the aforesaid notice, each party shall 8349
without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

(*d*) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has

---

*) Nachtraglich ist der 1. October angenommen.

8350 *Petitioner's Exhibit 763*

been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator in the reference, whether the party failing to appoint an Arbitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

(*e*) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

8351 (*f*) The Arbitrator or Arbitrators shall take into consideration whether from the circumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic violation of this Agreement, and shall impose penalties accordingly.

(*g*) The fine or damages for breach of this Agreement by any party hereto shall not be less than £50, nor more than £500 sterling, or the equivalent for each breach, and for breach by any agent the fine or damages shall not be less than £5 nor more than £100.

(*h*) Any fine imposed on any party hereto shall be
8352 payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to this Agreement and each party hereto undertakes not to employ him, and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them

8353

by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

(*i*) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an Award have power to re-open and reconsider the same and to hear further evidence and to make a fresh Award, 8354
provided cause be shown satisfactory to him or them within one week after the Award is first made and published, or if the Arbitrator or Arbitrators see cause to extend the time, then within three weeks of the issue and publication of the said Award.

(*j*) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England, wherever the domicile residence or office of business of the parties to this Agreement may be or become.

(*k*) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force shall be applicable to any Arbitration hereunder. 8355

AGREEMENT H (REVISED)

on

INTERCHANGEABLE FIRST AND SECOND CLASS RETURN TICKETS.

1. It is agreed from September 15th 1903 until further notice to make return tickets both First and Second Class, issued by the following Lines, interchangeable, the holder having the option of returning by any of the named Lines:

Norddeutscher Lloyd, Hamburg America Linie, 8360
Holland America Lijn, Red Star Line, White Star Line, American Line, Atlantic Transport Line, Dominion Line, Leyland Line, Compagnie Générale Transatlantique.

2. The allowance on First Class return tickets to be 10% on the return portion of the fare only*), and Second Class 5% on the combined west and eastbound fare.

3. Under "cheque value" is understood the net amount (rate less rebate for return ticket) paid by the passenger, and under "tariff rate" the rate of the accommodation to which the ticket entitles the holder 8361
of it.

4. To prevent misuse of return tickets, lost, stolen or cancelled, it is agreed that a memorandum be sent the same day by any line accepting an other Line's return ticket, advising that (the issuing) Line they have done so with name of passenger, number of return ticket and class.

---

*) lt. Schreiben des Secretärs der N. A. P. C. vom 14. März 1904 stimmen die Britischen Linien zu, dass 10% auf „the combined fares out and home„ gegeben werden können.

8362 *Petitioner's Exhibit 764*

5. Return tickets to be retained by carrying Line until passenger has gone forward, accounts to be rendered after steamer sails, and the issuing Line to pay the carrying Line the cheque value of the ticket within fourteen days in the currency of the country of the issuing Line.

6. In settlements as in bookings $1.00 = 4 Marks. = 4 Shillings, = 5 Francs, = 2.40 Dutch Guilder.

7. Each return ticket to state on the face of it, or have attached to it, a slip, stating:

8363 "This Return Ticket entitles the holder to $..... accommodation on this or any of the following Lines (reciting all the other Lines than the one issuing it) provided:

"A. There be room vacant on the steamer by which the passenger desires to sail.

"B. All the conditions in the ticket and regulations of the carrying Line shall be accepted and binding on the passenger, whether they are contained in the original return ticket which the passenger holds or not.

"C. That the passenger pays the difference, if any,
8364 *between the value of the accommodation called for and the value of the accommodation he selects in the steamer by which he travels, less 10% for Ist class and 5% for IInd class.*

"D. In the event of the original return ticket calling for transportation on a specific steamer or date, the transfer cannot be made unless application for transfer is presented more than 14 days before such specific date, unless the passenger at the time of making application for transfer, presents the authority of the Line for which the original return ticket was issued, for the transfer being made.

Petitioner's Exhibit 764

8365

"E. In the event of the passenger selecting accommodation of a lower tariff rate than that shown on the original return ticket, the difference between the value of the accommodation called for and the value of the selected accommodation will be refunded by the carrying Line, less 15%."

8. All tickets issued under the agreement H. dated on and after 3rd June 1903 shall be treated in accordance with this revised agreement as soon as it is signed.

The present form of this agreement has been approved by all the parties thereto as per Circular Letter No. 1650 of September 8th 1903 and my today's telegram. 8366

Jena, Septbr. 14th 1903.

H. PETERS,
Secretary N. D. L. V.

8367

8368 **Petitioner's Exhibit 765.**

AGREEMENT M.

Memo. of all parties negotiating for transportation to U. S. A. in connection with the St. Louis Exhibition to whom special terms have been offered for First Class Passage.

Exhibitors & their Assistants.

20% of schedule rate, but the nett fare paid not to be below agreement minimums.

Outward passage to be made before June 30th 1904,
8369 and when round trip tickets are booked the homeward order issued on this basis will not be available for passage from Newyork between the 1st May and 31st Juli.

Offered through Cook's.

Iron & Steel Institute & German Ship-building Technical Society.

15% of the combined fare out and home available to members, their wives and families booking return tickets.

Applicable to all rates including minimums.

(Iron & Steel Institute offered through Cook's.)

8370 Institute of Civil Engineers & Institute of Mechanical Engineers.

The following reductions have been offered off the combined fares out and home to Members, their wives and families booking return. Applicable to all rates, including minimums, viz:

White Star Line, Newyork Service	20%	reduction
" Boston Service	25 "	"
Dominion & Leyland Lines	20 "	"
American Line, Southampton Service	25 "	"
Cunard Line, Newyork Service	25 "	"
" Boston Service	25 "	"

Petitioner's Exhibit 765

8371

It is agreed that no change shall be made in the terms offered the parties named as set forth above, nor will any further reductions of published minimum rates be granted by any of the Lines to any passengers or parties except by mutual consent.

Journalisten.

Für von der Ausstellungs-Kommission zum Besuch der Ausstellung eingeladene Journalisten sollen ersterer von jeder der an Kajütenagreements betheiligten Linien 8 Rundreisebillets (not interchangeable) zur Verfügung gestellt werden. 8372

(Protocoll Conf. Berlin 3/5 Febr. 14.)

Die Britischen Linien können jeder Ermässigung, die die Cunard Line für Ausstellungsbesucher aus dem United Kingdom macht, die Spitze bieten, unter der Bedingung, dass jeder Fall sofort den Continentalen Linien angezeigt wird. Die Continentalen Linien sind alsdann berechtigt, das gleiche zu thun.

(Protocol Conf. Berlin 3/5 Febr. 13.)

8373

Société Belge des Ingenieurs et Industriels.

Dieser Gesellschaft können in gleicher Weise wie dem Institute of Civil Engineers and Institute of Mechanical Engineers 25% Rabatt bewilligt werden. (Schriftl. Erklärung der Parteien 24/25 März; Hapag mündlich Conf. 31 März.)

Continental conference London. Jan 18 preceding conference with British Lines. Arrange presence.

8376

Petitioner's Exhibit 768.

8377

Translation.

Bremen, February 25, 1908.

Dear Mr. Schwab:

I arranged with Mr. Winter to send him weekly the enclosed statement in regard to the pool status as well as brief advices in regard to the business, as far as it might interest him.

In the absence of Mr. Winter I should like to send this information to you.

Business westbound is unfortunately still poor; nevertheless we are continually receiving information from our agents in the principal emigration districts according to which there are enough emigrants who would like to emigrate, but who cannot decide to take the trip in view of the continued unfavorable reports in regard to the economic and earning conditions on the other side. The agents are continually inquiring of us how long this condition may last, a question, which we cannot answer. It would interest us to learn from you, whether, and to what extent, the business prospects for the future have bettered on the other side.

8378

The intention of advancing the prices in the General Pool west and eastbound, in general, on March 1st, we (the Pool Lines) have for the present postponed, as we are negotiating since today through our pool secretary with the Russian Line, at their suggestion, which proposition may have been made to us as a result of the pressure exerted by the Russian Government. As you perhaps know, the transportation of the Russian Lines in the year 1907 amounted:

8379

westbound 6.49%
eastbound 10.54%

8380 *Petitioner's Exhibit 768*

of the business of the four pool lines and the Russian Lines. It was only a question, of allowing the Russian Lines a pro rata share of this business, which is in correct proportion to the transportation expected. The high eastbound transportation of the Russian Lines, however, obtained through cutting rates and extra commissions, gives no true picture of this. Furthermore, our negotiations with the Russian Lines may be strongly influenced by the fact that the Russian Volunteer Fleet, as also the Russian Asiatic Steamship Co. have economically operated very poorly, so that the former lost almost a million rubel in the years 1906
8381 and 1907 and, it is claimed, the Russian Government will now withdraw the state subsidy.

Accordingly, the Russian Lines find themselves in a predicament, from which they have applied to the Pool Lines, in order to negotiate with them.

I will not fail to let you know immediately the result of the negotiations. I hope that we will come to an understanding with the Russian Lines, which will not cost us too much, then lacking an agreement with these lines, the Ring, which we have begun to close in the General Pool, cannot be definitely closed and an exhaustive control of the New York eastside agents would not be possible for our eastbound business with-
8382 out the co-operation of the Russian Lines.

With best regards, I am

Gratefully yours,

PLETTENBERG.

8388 Baron von Plettenberg,
Steerage Dept.,
Bremen.

Dear Mr. von Plettenberg:

I am in receipt of your favor of the 6th inst. and regret very much that an understanding with the Russian Lines has not yet been reached. I should consider such an understanding as very desirable.

I remain, with best regards,

Yours very truly,
GUSTAV H SCHWAB

Petitioner's Exhibit 772.

8389

Translation.

Bremen, March 5, 1908.

Dear Mr. Schwab:

A telegram just received here advises that the SS "Saratow" of the Russian Volunteer Fleet sailed from Libau on March 2nd with *432 passengers.* If the passengers who will ship in Rotterdam be added to this, this sailing might be designated as exceptionally favorable for this time of the year, as also, according to statistical representation, the Russian Lines have transported since the beginning of the year to February 23rd, 12.36% westbound and eastbound even 13.58% of the continental business (*i. e.*, of the 4 pool lines *and* both Russian lines), and this is all due to the exceptionally low prices and the permission, which was lately introduced, that the Russian emigrants may have their passports made out in Libau.

8390

It is all the more to be regretted that no agreement has been reached with the Russian Lines, as under these circumstances the Lines of the newly organized "General Pool" will, with great difficulty, decide on a general advance in rates, in view of the competition of the Russian Lines.

With best regards, and thanking you,

8391

Respectfully,

PLETTENBERG.

8392 **Petitioner's Exhibit 773.**

Translation.

Per "Kronprinzessin Cecilie"

New York, March 16, 1908.

North German Lloyd,
Steerage Dept.,
Bremen.

We beg to acknowledge receipt of your cable of the 12th inst.

8393 "Unklarer (reduced outward rate) adulations ($25) New York regular Baltimore longicorn (Inform A. Schumacher & Co.)"

which we immediately answered as follows:

"Camellia (Refer to your telegram 12th inst.) steerage reduction Seydlitz has triturated (1350) steerage buddhistic (we await instructions)"

and received your cable of the 14th inst:

8394 "Lottery (in view of) many festoons (steerage passengers SS "Seydlitz" gustrenture (can we expect) further tapasen (a large number) feverish (steerage passengers) eatsbound Valescities (reply by cable immediately)"

which we answered the same day as follows:

"Camelot (refer to your telegram 14th inst.) lubricabam (from the appearance of matters) expect full steerage present rates balance March snebschuit (other lines) still carrying tapasen (a large number) finechio (steerage eastbound) provivendi (it is difficult to) state rumirareis (how long) movement will continue hahevu-

Petitioner's Exhibit 773

8395

nani (we suggest) advance express foolhardy (eastbound sterrage rate) across ($2) stopped booking "Kronprinz" avowals (March 24th)."

We have stopped booking for the "Kronprinz Wilhelm" (24th inst.) as early as the 12th inst., as the steamer is fully engaged. For SS "Man" (26th inst.) we expect, as far as we can judge at the present time, a large number of steerage passengers so that it looks as if for the rest of the month our steamers are well engaged. It is difficult to say how long the increase in the number of eastbound passengers will continue. It all depends upon the resumption of the industry in 8396
this country. It is, however, not improbable, that the return stream of passengers will continue till the beginning of April.

As we believe that, at a rate of $36, we can fill the fast steamers in the very near future, we suggest that the fast steamer rate be increased by $2, and remain

Dear Mr. von Plettenberg:

I beg leave to acknowledge the receipt of your valued favor of February 25th, contents of which I have carefully noted.

8399 I hope that you will be able to make a satisfactory arrangement with the Russian lines, and would be very thankful to you if you would inform me as to further progress and the result of the negotiations. An agreement, ultimately, would clear the situation not only in Europe but here as well.

With best regards, I am,

Yours very truly,
GUSTAV H. SCHWAB.

8400

Petitioner's Exhibit 775.

8401

Translation.

Bremen, March 18, 1908.

My dear Mr. Schwab:

I am enclosing herewith the two last statements in regard to the pool status, the first of which, unfortunately, was not sent you during my absence.

Our great minus eastbound may explain to you that despite the increasing eastbound business, we have nevertheless reduced our mail steamer prices to $25 so as to meet the lines that, with a minus on our part of more than 40%, would be justified in entering complaint against us.

8402

As you, however, advised us simultaneously of the good bookings of our express steamers, we suggested to the parties whether we might not take the Hamburg rate of $36 for our express steamers.

To this inquiry only Hapag has replied as yet, namely, that they had no objection to our advancing our express steamer rate to $36 if we, as long as we were a minus party, would each time take the price of the competition mentioned for our eastbound steamers, which was departing about the same time as a Russian or New York Continental steamer, as by means of such reductions against individual departures, in their opinion the competition would be injured much more severely than through a general reduction, as was the case lately with the reduction to $25.

8403

The idea is not bad and, for example, used successfully by us in our Brazilian business.

We will now, however, if the other Lines have also consented, make the counter-proposition that we maintain our eastbound mail *steamer rate* in general at $27 and only take the rate of the Russian Lines on those days when our mail steamer sailings coincide with those of the Russian.

8404 *Petitioner's Exhibit 775*

I am anxious to ascertain whether the other pool lines will consent. In my opinion they could easily reply that these measures seem advisable in connection with the Russian competition, but could not fulfill their purpose, to decrease our minus in the pool.

A pool conference will be held here on the 26th inst. (for the convenience of our General Director).

The Russian East Asian Steamship Company, who were not satisfied with the failure of the negotiations in Petersburg, will probably take this opportunity to send a representative here and submit the proposition to us to co-operate with it against the bankrupted Vol-
8405 unteer Fleet.

The R. E. A. Co. (R. O. D. G.) has every reason, in view of their financial condition, which is more than shaky, to secure for themselves a "life insurance" for the future through connecting with the continental lines. We will have to make our conditions accordingly.

I will not fail to keep you further posted in regard to the result of these negotiations.

With best regards, and thanking you,

Respectfully,

PLETTENBERG.

New York, March 30, 1908.

Baron von Plattenberg,
Steerage Dept.,
Bremen.

Dear Mr. von Plettenberg:

I am in receipt of your favor of the 18th inst., contents of which I have noted and thank you for the statement of the Pool status. I hope that the negotiations with the Russian East Asiatic S. S. Co. will be 8420
successful and am anxious to hear whether they will lead to an alliance against the Volunteer Fleet.

The increase in the express steamer rate to $40 and of the regular steamer rate to $31 has surprised me somewhat. I suppose, however, that our large figures recently have occasioned a change in the pool situation. Nothing further has developed regarding the possible further reduction of the Volunteer Fleet against our reduction of $24 on SS "Barbarossa" April 9th. With best regards.

Yours very truly,
GUSTAV H. SCHWAB.

8421

New York, April 3, 1908.

North German Lloyd,
Central Bureau,
Bremen.

Gentlemen:

We beg leave to acknowledge receipt of your valued favor of March 20th, contents of which have had our attention, regarding a second doctor on board our steamers with more than 1000 passengers.

8426

For the departure of SS "Seydlitz" April 23rd from here, we shall take the rate of the Volunteer Fleet, whose steamer sails on April 27th. The "Seydlitz" on that day meets the competition of the "Kaiserin Augusta Victoria" with a rate of $38 and on April 22nd, that of the "Staatendam" with a rate of $37. As the "Seydlitz" presumably will have quite a number of passengers although we cannct be sure that there will be more than 1000 passengers, we consider it safer to cable you yesterday to forward a second physician on the "Seydlitz" and confirm our cable to that effect, reading:

> "Refer to your letter 20th ult. we consider it advisable to arrange for two doctors Seydlitz."

8427

We are, Gentlemen,

Yours very truly,

OELRICHS & CO.

S. S. Philadelphia.

New York, April 3, 1908.

North German Lloyd,
Passenger Department,
Bremen.

We confirm our telegram of the first inst:

"Estonia" sailed awesome (April 1st) tri-
"gasion (1050) steerage excess (360) rientrasse
8429 "(forwarded on the) Petersburg Vawlwort
"(April 8th),"

in which we told you that the steamer "Estonia" of the Russian East Asiatic S/S Co. sailed on the first of April with 1050 steerage passengers, and left back an excess of 350, which will be shipped per S/S "Petersburg" of the Volunteer Fleet on April 8th. We hear now that a part of the excess has been transferred from the "Estonia" to the White Star Steamer.

Up to now, both Russian companies and the Continental Lines have not reduced their rates, and a reduction has not as yet been necessary for these lines, as they were completely booked.

8430 If the present rush continues, the question will arise whether we shall also reduce the rate for the "Seydlitz," April 22nd, which we have not as yet published, to $24, if the steamers which we are fighting are filled without this. At the beginning of next week we hope to be in a position to judge better how the Eastbound business will develop, and must then decide what measure we shall take.

We remain,

Respectfully,

OELRICHS & CO.

8431

Translation.

S/S Lucania.

New York, April 7, 1908.

North German Lloyd,
Passenger Department,
Bremen.

We confirm our favor of the 3rd inst. and our telegram of the 4th inst:

> "Johnson General Agent Asiatic opposeras (issued their circulars) allowing agents book 8432
> Re d'Italia awnings (April 9th) weganlage (Trieste) Walzhuette (Fiume) adpreseed (23) Oderberg Basel adroitly ($24) Krakau Wien adulations ($25) Budapest adultery ($26) Agram advantage ($28) fustilug (a commission of $3) soupeser (instructions) draw orders on Asiatic blancs Johnson also General Agent Scandinav and Subagent gentlefolk (British Lines)."

which we sent you for discussion with the Hamburg American Line.

Messrs. A. E. Johnson & Co., the General Agents of the Russian East Asiatic S/S Co., are at the same 8433
time General Agents of the Scandinavian-American Line and Agents of the English Lines. We have advised the English Lines of the action of Messrs. A. E. Johnson & Co. and received the assurance from them that A. E. Johnson & Co. have withdrawn the objectionable circular. To what extent this has been done we can not as yet state. It is said that for the "*Re* d'Italia" Mr. Conti has booked 500-600 passengers too many.

8434 *Petitioner's Exhibit 784*

Meeting was convoked by the Cunard, I. M. M. Co., Anchor, Fabre, Sicula, French, Spanish, Austro-Americana, Hapag and ourselves for yesterday, to organize the Mediterranean conference, Eighth Series, not with the intention to undertake a reduction in rates, neither to control the commission of the agents, but because it seemed important to continue the conference among the non Italian Lines, in order to receive, in a favorable position, possible advances of the Italian Lines, who have expressly announced their withdrawal from the conference, and also, through a
8435 reorganization of the Conference, to place the Lines standing together, in the position of adopting mutual and uniform measures against the insurgents, and make an impression upon them.

In yesterday's Meeting of these Lines, in which the Mediterranean Conference was reorganized in this manner, the situation was discussed and the list of the steamers, to sail in the near future, taken up. It was the general opinion that a temporary continuation of the low rates was offered to exert a moral pressure on the Italian Lines who obviously, as far as we can observe, were surprised and very unpleasantly so, by the sudden reduction.

The proposition was made us today on the part of
8436 Messrs. C. B. Richards & Co. to fix the rate for the Volunteer Steamer "Kherson" April 22nd from here, and for the steamer of the Continental Line "Avoca," April 23rd from here, to $30, if the Hamburg American Line and we were also willing to increase our rates for our two steamers, under the assumption that the H. A. Line would otherwise make a lower rate.

On the one hand, such an advance, seems very desirable in view of the large number of returns, which will very probably continue for the next two weeks, on the other hand it should be our aim to keep the rate for the Russian East Asian Steamship Co. and the Russian

Petitioner's Exhibit 784

Volunteer Fleet as low as possible and reduce their proceeds, if possible. We cabled you today as follows:

> "Zweepriem (C. B. Richard & Co.) schulweges (intend to) adopt foolhardy (eastbound steerage rate) adverbial ($30) Volunteer 'Kherson' azalea (April 22nd) Continent 'Avoca' agarole (April 23) if we Hapag advance similarly bindeth (shall we) continue adroitly ($24) 'Seydlitz' azarole (April 23rd)."

and await your reply.

We remain,

Respectfully,

OELRICHS & CO.

8440 **Petitioner's Exhibit 785.**

Translation.

Bremen, April 13, 1908.

My dear Mr. Schwab:

I confirm with thanks, your esteemed favor of the 30th ult., contents of which I have duly noted.

I enclose herewith statement in regard to the last Pool status.

The Russian East Asian has not as yet replied, and we, therefore, find ourselves forced to fight them further in the pool.

8441 The advance in the express steamer rate to $40 and the mail steamer rate to $31, which surprised you, occured in agreement with the parties of the newly organized Atlantic Conference, for the reason that now, after an understanding has been reached between the English and Continental Lines, there was no further reason to take lower prices. It is therefore, an increase which was made outside of the pool, but within the Atlantic Conference.

In order, however, not to provide the competing lines (especially the Russians) with too great an advantage, we have decided to meet this competition with certain steamers and specially low rates and have de-

8442 termined in this connection, to compensate the lines involved, that are forced to take a very low fighting rate with a steamer on the part of the Atlantic Conference. We have not as yet agreed on the manner of this compensation, but for the present simply resolved that such a line will be reimbursed for the difference between the fighting rate and the normal price of the parties of the Atlantic Conference pro rata their participations.

With best regards,

Gratefully yours,

PLETTENBERG.

Petitioner's Exhibit 786.

8443

Translation.

SS "Kronprinzessin Cecilie."

New York, April 13, 1908.

Administration of the North German Lloyd,
Steerage Dept.,
Bremen.

We confirm our cable and our favor of the 7th inst. and acknowledge receipt of your cable of the 10th inst:

"Cambered (Refer to your telegram 7th inst) follow advance Russians" 8444

to which we replied on the same day:

"Cambium (Refer to your telegram 10th inst) zweepriem (C. B. Richard & Co.) adopted foolhardy (eastbound steerage rate) adultery ($26) volunteer (Kherson azalea) (April 22nd) but fustilug (a commission of $3) to adamant ($5) haorounglu (we shall take) adroitly ($24) fusileers (commission of $2)."

and received your esteemed cable today:

"Cambrium (Refer to your telegram 10th inst) hahevabore (we agree) unkissing (advance outward to) adroitly ($24) hebdomadal (S/S "Seydlitz" substituted for SS....) (Wir nehmen an dass Sie irrtuemlicherweise das Wort "Hebdomadal" statt "Ichneumon" (SS "Seyditz") (benutzten) azarole (April 23rd)." 8445

in regard to the steerage rates for SS "Seydlitz," April 23rd.

We assume that your cable of today signifies that you consent to the Rate "adroitly" ($24) for SS "Seydlitz" April 23.

8446 *Petitioner's Exhibit 786*

Messrs. C. B. Richard & Co. inquired of us whether we would eventually follow them, if they were to increase the rate for SS "Kherson" April 22nd, and "Avoca" April 23rd to $30. In the interim Messrs. C. B. Richard & Co. fixed the rate at $26, but with a commission of $3 to $5. As at a rate of $26 with $2 Commission we would not effect our end of making the business unprofitable for these two steamers, we consider it advisable to maintain our present rate of $24 for SS "Seydlitz" April 23rd, and gladly note that you agree to this.

We remain,

8447 Respectfully yours,

(Sig.) OELRICHS & CO.

8448

Petitioner's Exhibit 787.

8449

Translation.

SS "Lusitania."

New York, April 14, 1908.

Management of the North German Lloyd,
Steerage Dept.,
Bremen.

The high rate of $40 has now been applied to the "Kronprinzessin Cecilie" and we therefore, added the following words to our today's cable wherein we announced the departure of the steamer:

8450

"Fontanges (Eastbound rate) aeromancy ($40) vloersteen (too high) money box (under present circumstances)."

Under the prevailing conditions the high rate does not attract the steerage passengers and the decrease in the east-bound returns, which is to be expected, first makes itself felt in the high prices.

We remain,

Respectfully yours,
OELRICHS & CO.

8451

8452 **Petitioner's Exhibit 788.**

Translation.

Per "Kronprinz Wilhelm."

New York, April 20, 1908.

Management of the North German Lloyd,
Steerage Dept.,
Bremen.

We confirm our favor of the 14th inst. and our cables of the 15th inst:

8453 "Calendula (refer to our telegram of 14th inst.) hunchback (Kronprinz Wilhelm) axstone (April 21) finochio (Steerage eastbound) unbaendig (prospects are poor) unificassi (present rate) Experience shows fougasse (reduction of outward rate) increases business moneybox (under present circumstances) buddhistic (we await instructions)."

and 17th inst.

"Calenture (refer to our telegram of 15th inst.) hunchback (Kronprinz Wilhelm) axstone (April 21) finochio (steerage eastbound) unattire (prospects are improving)."

8454 whereupon we received today your cable of yesterday:

"Sufflamini (in case you consider necessary) masurianum (authorize you to) unklarer (reduce outward rate to) express by actionists (3) to adamant ($5) cable pygomolge (what are you doing?)."

The firm advices for SS "Kronprinz Wilhelm" amounted to about 380 heads up to noon, and under these circumstances the steamer will probably sail with not more than 500 heads. Our agents confirm that the high $50 rate was an obstacle, and we, therefore,

Petitioner's Exhibit 788

consider it in your interests to avail ourselves of your authorization and will reduce our rate to $37 for fast steamers. We are cabling you this with the words:

> "Camions (refer to your telegram of 19 inst.). Namesake (we shall adopt) u advoutry ($37) express."

We also confirm our inquiry of the 15th inst:

> "Bibacious (do you wish us to) continue following fontanges (eastbound rates) Volunteer Eastasia bechamel (next month—May)?"

and await your reply to this.

We beg to call your attention to the fact that the representatives of the Russian Volunteer Fleet and the Russian East Asian Line allow here $3 to $5 commission, according to the standing of the agent, so that we and the Hamburg Lines, even at equal rates, are at a disadvantage with the Russian Lines.

Respectfully,

OELRICHS & CO.

8458 **Petitioner's Exhibit 789.**

New York, April 21, 1908.

Baron von Plettenberg,
Steerage Dept.,
Bremen, Germany.

Dear Mr. von Plettenberg:

I beg leave to acknowledge receipt of your favor of the 13th inst. and thank you for the statement of the pool status. I regret very much to learn that nothing has been heard from the Russian East Asiatic Fleet 8462
and that, therefore, the fight against this line must be continued.

The high rate of $40 for our express steamers has, according to our experience, retarded the movement eastbound on these steamers and restricted it, and as per your message of the 19th inst., we have reduced the express steamer rate to $37. We hope that this rate will have the desired effect.

We have not yet received a reply to our inquiry as to how we should act toward the two Russian lines during next month. I am, with best regards,

Yours very truly,
GUSTAV H. SCHWAB

8463

8464 **Petitioner's Exhibit 791.**

Translation.

Bremen, April 27, 1908.

My dear Mr. Schwab:

I confirm, with best thanks, your kind letters addressed to me of April 13th and 14th, as well as your official favor of April 7th and 10th, addressed to the Passenger Department; also your communication to the Central Office of April 13th and finally the letter to my department of April 14th.

Furthermore, I enclose herewith two pool state-
8465 ments for your information.

It is noteworthy in the later of these two statements that we have reduced by round 1000 passengers from our high eastbound minus, so that, if the transportation continues as favorable in the near future, we have prospect of cancelling our eastbound minus entirely.

Westbound the prospects are, it is true, not as favorable, where our continually increasing minus gives evidence that it would be difficult for us to obtain our pool participation. This can be traced primarily, however, to the steamers of the Red Star Line and the Holland America Line, which are so much better
8466 equipped, and also to the new steamers of the Hamburg America Line, and, not least, to the continual price difference of M.10 against Hapag, which plays a very important part at the present time, when passengers are rare and do not possess much money.

I am just at work compiling a statement of the reasons for the decrease in business and, therefore, I would first of all, mention the equipment on our steamers, for which theme your various letters in the question of competition in the Mediterranean business supply me valuable material.

Petitioner's Exhibit 791

I am convinced that we must improve our steamers in some way; above all, give the steerage passengers an opportunity to dine at tables and cancel the previous arrangement that they must get their meals themselves from the kitchen. 8467

Next, an arrangement in connection with board, which would conform more to the taste of the individual nationalities would be very desirable and finally, the further extension of the stores, which have already been introduced on most steamers, where steerage passengers can buy special viands, without being taken advantage of and where an illegal purchasing from the crew is avoided. 8468

Last of all, however, I should suggest placing the prices on the same basis as Hapag, because I am of the opinion that we are no longer justified in too strongly taxing the favor with which our line is regarded by emigrants, who have in the meanwhile been sufficiently enlightened by the advertising of the competition, by demanding a price that is 10 Mark higher, entirely aside from the fact that many measures of the Hamburg American Line, aiming at the influencing of passengers, who have already been booked by us, in their favor, lose all effect with the introduction of a similar price.

The effective campaign against the New York and Continental Liner "Volturno" pleased me greatly; unfortunately, however, we could not agree in regard to the amount of the allowance on the part of the Pool in war rates and could, therefore, adopt no war measures against the "Avoca" which sails tomorrow. 8469

The result with the "Seydlitz" was also very pleasant, especially the unusually high proceeds of this steamer.

No agreement has as yet been reached in a regard to a mutual action of the Lines in the Mediterranean business. Mr. Crespi, the General Manager of the

8470 *Petitioner's Exhibit 791*

Navigazione Generale Italiana—as you could not come to any arrangement on the other side and as the Lloyd was the attacking party by reducing the prices—requested General Manager Ballin to exert his influence to effect an agreement (Pool) with the Lines in question here; the replies, however, which General Manager Ballin received in response to his endeavors, almost all amounted to one thing: the negotiations were useless, for the Italian Lines would never take the guarantee that a line not included in the pool do not appear upon the scene and make the agreement visionary.

8471 All the data is again being compiled and will be sent us within the next few days, so that the last word has as yet not been spoken in a matter that otherwise seems rather hopeless. Should further negotiations still be entered into, your proposition will be submitted for consideration.

It is regrettable that at a time, when passengers are so rare, we should be forced to transport the few, that we receive, at such ridiculously low rates; but there is still another shadowy side to this matter: the Italian lines have taken serious steps to attract passengers from the eastern countries of the Continents, from the Balkan, Hungary, Galizia, etc., partly because they do

8472 not find sufficient passengers in Italy, partly perhaps also to make the remaining Continental Lines, whose chief business leads over northern ports, more pliable.

This is a very serious question for us, as you can conceive, for the passengers are greatly attracted by the unproportionately low rates of these lines to the Italian ports, if advertised seriously, and are thus lost to us.

We are advised through a notice of the Hamburg American Line that the New York and Continental Line has obviously decided to land their passengers of SS "Volturno" in Rotterdam rather than in Hamburg,

Petitioner's Exhibit 791

8473

this, it would seem at least, is to be construed from the fact that the Hamburg shipper Wolff, who was offered the despatch of the passengers, but who, like all other Hamburg shippers, refused the same, was requested on the 22nd inst. to send the ship lists received to Landy in Rotterdam.

I remain, with best regards,

Gratefully yours,

PLETTENBERG.

Per "Kaiser Wilhelm der Grosse"

New York, May 4, 1908.

Management of the North German Lloyd,
Passenger Dept.,
Bremen.

We hand you enclosed Continental Conference Minutes No. 172, Meeting of April 30th, for your information.

8483 Several differences occurred during the last few weeks between the Lines in regard to the handling and execution of the Conference rules, which were partly due to misunderstandings, partly to the fact that the representative of the Cunard Line had not had a representative at the Meetings, and, therefore apparently was not fully informed in regard to the situation. It was necessary to adjust these differences in order to attain uniform action on the part of the Conference Lines in executing the conference rules against the competition, which is making itself felt, of the Italian Lines and the Russian, as also New York and Continental Lines. As you will note from the visits, the representative of the Cunard Line was successfully

8484 induced to adjust the various controversial points—with exception of Zotti matter, regarding which we will shortly write you in a separate letter.

Very truly yours,

OELRICHS & CO.

Petitioner's Exhibit 795.

8485

Translation.

Bremen, May 4, 1908.

My dear Mr. Schwab:

I thank you for your valued favor of April 21st last. *Competition of Mediterranean Lines:* We have already partly given you our views by cable and have telegraphed in the same matter to the parties to the pool on May 2nd.

"Consider fighting Italians through Cunard Fiume, possibly Austro, rather serious, for if not at the same time sufficient cheap transportation facilities to northern ports, travel will be still further forced into undesirable irregular channels. Recommend carry on fight, if necessary by means of increase cheap departures to northern ports. At the same time with Conference Lines reduce for direct Italian Service to $10 —against compensation on part of pool of $5. Request instructions."

8486

I am of the opinion that we must avoid to draw continental travel still further to the south by the reduction of the prices of Cunards Fiume service with attending compensation to these Lines. It would be better to reduce the northern rate in order to damage the Italian business, which now has a tendency to extend to the Continent, in this manner. The Austro-Americana in my opinion, does not come into consideration. With them the section of Paragraph 21 of our Agreement (N) is applicable, reading as follows:

8487

"For the voyage to Adriatic ports and eastbound steerage rate is to be fixed for the Austro-Americana until further notice, which is $2 cheaper than that of the Cunard Line for the same ports and not higher than the lowest eastbound rate of the two German companies."

Petitioner's Exhibit 795

8488

Doubtless it is an extraordinarily serious matter with which we are just now confronted and the sorry part of it is that all lines interested therein assume an apathetic and uninterested position in spite of the approaching danger.

We meet with the same experience in the *Competition of the New York and Continental Lines.* In this fight we cannot agree upon a method of compensation for war rates, as you will see by the inclosed letter written by us to the parties to the pool.

It is much to be regretted that the good opportunity is again missed. I will keep you posted regarding the

8489 answers of the parties.

Pool Status: Enclosed is a statement of the status of the N. D. L. V. of May 1st.

Faithfully,

PLETTENBERG.

8490

Petitioner's Exhibit 796.

8491

(Letter Inclosed in Preceding.)

Translation.

Bremen, May 4, 1908.

Mr. H. Peters,
Jena.

After having transported about 4700 passengers eastbound to the end of April at war rates without compensation by the pool, and in the interim also become a plus party in the N. D. L. V. Pool, we cabled New York not to place further steamers at war rates for the present.

8492

We greatly regret that the parties have not as yet come to any agreement in regard to a method of treatment, that would be generally enforced, of passengers booked at war rates. The present mode, according to which each party makes special demands for each case, without any certain, generally recognized principle, and in regard to which an agreement can only be reached with great difficulty owing to the essential differences in opinion, can, of course, not lead to any result. We must particularly regret that after we have made such exceptional sacrifices, other parties, and not only plus parties, do not hesitate to demand the full difference. If the fight against the competition eastbound is to be conducted emphatically and with the

8493

prospect of success, it is absolutely necessary that the parties agree upon some certain mode of action. We give below, in summary, the various propositions to be considered, and request that the Continental Lines give their opinion of the individual propositions, so that it may be determined on what basis there is most prospect of reaching an agreement.

(1). The war rates must exclusively be applied by those minus parties, who do not receive any special compensation for it. The steamers, which must be expedited at war rates, are designated at least 14 days

8494 *Petitioner's Exhibit 796*

in advance, eventually by a resolution of the majority, whereby that steamer shall be selected of several which are available, belonging to the largest minus party or the sailing date of which approaches most closely to that of the competition. The circumstance, that the respective party has in the meanwhile become plus party, does not release them from the obligation, to carry out the sailing contemplated at war rates without compensation.

The parties, in this manner, would alternate in applying the war rates, and no one party would be occasioned any special advantage or benefit. Of course,
8495 the English Lines also, as far as they are minus parties, would co-operate. This may not seem very desirable from the standpoint of the Continental Lines, but as the extent of the Scandinavian/British return passengers cannot be increased artificially, the English Lines will have to carry a greater number of Continental eastbound passengers this year under the pool, all the more so as the transportation of Italians and Orientals for the American and White Star Line can only be taken into consideration to a slight extent until further notice.

(2). The steamers, which are to fight the competi-
8496 tion, will be designated by a resolution of the majority at least 14 days in advance. The respective party—regardless of whether plus or minus—will be granted a compensation for applying the war rate, which will be based on the average of the eastbound steamer rate of the 4 N. D. L. V. Lines and which shall be $2 per adult lower than the difference between this average rate and the war rate to be applied. If the rate of the respective party is lower than the average of the mail steamer rate of the 4 N. D. L. V. Lines, the respective party will be reimbursed only with the difference between its own rate and the war rate, less

Petitioner's Exhibit 796 8497

$2. A party, that exceeds its participation in the pool by 20% or more, cannot be forced to carry the war rates.

(3). The very practical proposition of Americano's: Under all circumstances only mail steamers—not express steamers,—shall be resorted to in applying the war rates.

Should difficulties arise on account of the large difference in the position of the individual Continental Lines in the N. D. L. V. Pool and the General Pool, the situation will be explained to the English Lines and they will have to be advised that the N. D. L. V., 8498
according to the status of conditions in the General Pool, must be considered as a party, of which those lines are to be regarded as Minus Parties, who are short in the N. D. L. V.

As soon as the parties have agreed on a certain principle, it will, we hope, also be possible to come to an agreement in regard to the question of treatment of the passengers who have been transported at war rates. In order to gain a better view, we submit a statement of the passengers who have hitherto been carried at war rates, as far as we have been able to follow same.

(We would request you to kindly complete this list, if not entire).

Petitioner's Exhibit 796

8500 We just received Star's proposition, reading:

> "If a line, in conjunction with the other lines, uses a steamer in competition against a steamer of a line, not allied, at a war rate, the A. C. Lines reimburse it pro rata its percentage for such passengers per head (not adult) the difference between the regular rate and the war rate if the line is Plus during the week of the sailing of the steamer. If, however, it is Minus that same week, one-tenth will be deducted from this difference for every week percentage
8501 started, which the line is short in its transportation. Westbound Transat and Austro are also interested, eastbound Transat alone."

We cannot find favor with this proposition, for according to our explicit and, up to now, unrefuted representations (R. 3322 and 3343) a difference between minus and plus parties is not justified, and the reimbursement of the entire difference, especially to plus parties, is extremely questionable. Just the Plus parties gain many more passengers by carrying the war rate than the Minus parties, because, on basis of their regular rate, they can attract but few passengers, whereas the Minus parties, receive a larger number of
8502 passengers on basis of their regular rates. The larger the profit from passengers is for the respective line, the greater is its direct benefit from the transaction, for thereby its pool status is improved to such an extent, that it receives a very great plus and is freed for a long period from the possibility of becoming a Minus party and therewith receiving a smaller compensation. Simultaneously, however, the respective party will advance its regular prices in conformity to its increasing plus, and the difference to be reimbursed this line would accordingly always become larger, or the re-

8503

spective line would have to withdraw entirely for the purposes of the competition. The reimbursement of the full difference to Minus parties would, rather, be much more justifiable, first on account of the smallness of the difference in itself, and then, because the prices of the Minus parties are arranged so, or, at request must be so fixed, that the respective parties, merely on basis of their regular rates, can attract a larger number of passengers. On basis of their regular rates Nasm and Star now receive on an average about 150 to 200 passengers per steamer, with the result that they are slowly coming out of their plus.

8504

If these parties adopt the war rates, with full reimbursement of the differences, they will increase their transportation about ten times and they can conveniently retain their high rates, without needing to fear that they will recede from their high plus in the near future. This would be no healthy condition and therefore we cannot accept the Star proposition. Otherwise, we are prepared to investigate every fair proposition. We would recommend the Nasm proposition as the best solution of the question.

Respectfully,

8505

8506 **Petitioner's Exhibit 797.**

8508

Petitioner's Exhibit 799.

8509

Translation.

Bremen, May 5, 1908.

Messrs. Oelrichs & Co.,
New York.

We just received your Cable, from which we note that you have reduced the eastbound rate to Italy to $10, beginning with SS "Friedrich der Grosse" May 16th. We trust that this measure will be attended with the success contemplated by you, but cannot quite cast out the fear that this reduction, which aside from everything else, imposes material hardships upon us, will actually turn out to be a false move. Our "Koenig Albert" sailed from the other side on May 2nd, on the basis of a $15 rate, with 1473 steerage passengers, that is, therefore, almost to its utmost capacity. Likewise, to judge from the advices received here, the steamers of the allied Italian Lines were very heavily engaged, if not entirely during the last weeks. Through the rate reduction, therefore, we will not be able to take from the Italian Lines a material number of passengers, in case the returns-home, continue to the present extent, which is particularly probable in view of the prompt response of the Italian eastbound business to every rate reduction, inasmuch as we lack the requisite space. Under these circumstances we do not consider it at all impossible that the Italian Lines continue their present rates to Italy and without sacrificing their Italian business to any extent worth mentioning, if only to retain sufficient space for the transportation of continental passengers.

8510

8511

Of course, we do not doubt that you have considered all these points and discussed them with the other lines that are interested, before making the reduction, and we, therefore, refrained from cabling you contrary instructions as you know conditions on the other side better than we.

Petitioner's Exhibit 799

8512 As you will have seen from our today's telegram, the majority of the Atlantic Conference Lines has in the meantime advocated that all those agents in America shall be disqualified by the Atlantic Conference Lines, who book continental passengers for Italian Lines or are in any way active for outsiders. Such a measure, if it can be carried out under the conditions prevailing there, would certainly constitute a very effective and, at the same time, inexpensive weapon. We are afraid however, judging from previous experience, that this idea, which is very true theoretically, cannot be carried out practically, and if you are convinced of
8513 it, it would undoubtedly be more advisable not to start it at all, as the prestige of the Lines is badly injured by unsuccessful measures.

We would thank you to kindly give us your detailed opinion in regard to the prevailing situation, as the termination of the present fight will undoubtedly not occur in the very near future.

Respectfully,
NORTH GERMAN LLOYD,
Dept. (Steerage),
per Freyer.

Management of the North German Lloyd,
Passenger Dept.,
Bremen.

We hand you enclosed Continental Conference Complaint Committee Report No. 154, Meeting April 17th, for your information.

The report hardly requires a detailed explanation. As you will note from the same, strict measures were taken against the agents who, despite the conference regulations, had obtained continental passengers for the Italian Lines and supported them in any manner whatsoever, and further measures were also taken to meet the competition of the latter. In judging of how far these measures can be applied, the large territory, the very great number of agents, to be controlled, and, not least, the perhaps even greater number of petty agents or persons, who would like to conduct an agency or sell tickets, and who are excluded on account of their practices,—and therefore are at the service of the lines who do not belong to the conference—must be considered. 8516 8517

OELRICHS & CO.

8518 **Petitioner's Exhibit 801.**

Translation.

New York, May 22, 1908.

Baron von Plettenberg,

Steerage Dept.,
Bremen.

Dear Mr. Plettenberg:

I am in receipt of your favor of the 4th inst. contents of which I have noted. Under the circumstances and as you doubt the advisability of opposing the
8519 Italians through the Cunard and Austro-Americana, it would seem to me that an effective competition against the Italian Lines, New York-Continental Line, Russian E. Asiatic Co. and the Russian Volunteer Fleet (all at one time) could best be brought about by a uniform reduction of the eastbound rate of all Pool Lines to the North. This would at the same time again stimulate the eastbound movement, which seems gradually to be falling off under the high prices. The fruitless discussions regarding compensation for fighting rates would thereby be eliminated.

In the Italian business the great reduction in the eastbound rates has extraordinarily increased the east-
8520 bound movement. The Italian Lines have booked so many Continental passengers at their reduced rates, that they have now become embarrassed, as the Italian commissioners insisted that the *Italian* passengers should be accommodated first on board the steamer. This was the reason that the Italian Lines increased their rates to $20 (with $4 to $6 commission). The Hamburg American Line followed with $20, and $4 commission; the Anchor Line also; the White Star, $20, with $3 commission for the "Romanic" May 30th from Boston. We have fixed the rate for the "Koe-

Petitioner's Exhibit 801

8521

nigin Luise" previous to the increase in the rate, at $15, with $2 commission and shall await further developments for later steamers.

I am much obliged to you for sending me statement of the pool status and with best regards, remain

Yours very truly,

GUSTAV H. SCHWAB.

8522

8523

8524 **Petitioner's Exhibit 802.**

Translation.

Per "St. Paul."

New York, May 22, 1908.

Management of the North German Lloyd,
Passenger Depart.,
Bremen.

In reply to your today's cable:

8525 "Bailages (Prinz Friedrich Wilhelm, June 25) biflorous how many are there?) finespun (First Cabin) fingers (Second Cabin) steerage, Drahtantwort?"

we cabled you:

"Bailages (Prinz Friedrich Wilhelm, June 25) flashily (first cabin is full) fingers (Second Cabin) tabbying (118) engaged; Steerage uncertain, expect present imparteth (high rates) will diminish eastbound movement"

and now confirm this.

8526 As can be perceived from our advices, "Prinz Friedrich Wilhelm," June 25th from here, has been fully engaged for the first trip since several weeks. I. and II. Cabins are at present booked with 118 passengers, but we also expect to fill the steamer here.

Regarding the steerage number, under existing conditions it is difficult to make any calculations such a long time ahead. The passenger list of the last two weeks seems to indicate that the present high prices (our fast steamers $37, our mail steamers $31 and the other lines proportionately) obstruct the movement from here. There is undoubtedly a large number here who would return to the other side on account of the

8527

labor conditions here, but they cannot pay the present high rates. This is also shown in the increased number of passages from here which were bought from you during the last weeks, and also in the number of continental passengers, who have taken the Italian Lines, attracted by the low rates. A general reduction of the steerage rate on the part of all the northern lines would undoubtedly inject some life immediately in the returns and help business; at the same time, in our opinion, this would also result in injuring the competition of the Russian, the New York & Continental Line, and, not least, the Italian Lines.

SS "Kronprinz Wilhelm".

New York, Aug. 8, 1908.

North German Lloyd,
Steerage Dept.,
Bremen.

As previously reported to you SS "Barbarossa" 6th inst. from here was selected by the Special Committee of the Conference as fight against the "Russia" of the Russian East Asiatic Fleet, 5th inst. from here.

8561 In settling with the steerage passengers of the "Barbarossa" it was not possible, at the last moment, to refund to the passengers mentioned below, who had already paid the $28 rate, the difference. We included the passages in the list at $23, less Agent's commission—the fight rate,—whereas the tickets read for $28, the tariff rate.

We are communicating with our agents here, to ascertain the addresses of the passengers there, and will then further communicate with you in regard to the refund of the difference to the passengers.

Respectfully,

OELRICHS & CO.

Bremen, August 22, 1908.

Dear Mr. Schwab:

I hope you have arrived in New York in good health and spirits.

We are leaving for London this afternoon, where a steamship conference will be held again on Tuesday; the Italians, however, will not be there. They suggested meeting us in Rome on September 15th; but we do not care to go there in September, but shall try to effect a meeting with them in Luzern. The question involving the Hungarians and Danes, Swedes and Norwegians, will probably be entered into at the London Conference.

8564

I remain, with best regards,

Yours

HEINEKEN.

Cable.

Aug. 26, 1908.

Schwab,
Oelrichs, N. Y.

In Conference meeting Russian East Asiatic was admitted member of Conference on basis of certain percentage east and westbound. Mediterranean question will probably be discussed at next meeting. Confiden-
8567 tial: Italian Lines having postponed meeting with us until middle September, Conference Lines insist upon Italian Lines stopping booking continental passengers pending negotiations. If Italian Lines decline, Conference Lines will take Italian passengers via Channel ports.

Leave for Bremen.

WIEGAND.

8568

Petitioner's Exhibit 820.

8569

Translation.

New York, August 28, 1908.

Confidential.

Director General Wiegand,
North German Lloyd,
Bremen.

My dear Doctor:

I beg leave to acknowledge receipt of your cable of the 26th inst. from London, from which I noted with interest that the Russian East Asiatic Co. has 8570
been admitted to Conference and that the Italian Lines have deferred their proposed meeting with you until middle of September. I hope that the Italian Lines will give up the booking of continental passengers. It seems very doubtful to me whether the booking of Italian passengers via Channel ports would harm the Italians. Presumably such a measure would result in business for the northern lines to and from Italy, thereby affecting mainly the Cie. Generale Transallantique. Whether the southern Italians could be swerved from their direct route seems to me to be very questionable.

If a Pool with the Italian Lines cannot be consummated I would urgently recommend trying to effect 8571
a rate agreement with them and to re-establish a Mediterranean Conference here, with a deposit of a large guaranteed sum on the part of each line. I am, with best regards,

Yours very truly,
GUSTAV H. SCHWAB.

8572 **Petitioner's Exhibit 821.**

Translation.

Bremen, August 28, 1908.

Dear Mr. Schwab:

I wrote you on the 22nd inst.

In the meanwhile, we convened two days in London and cabled you the result briefly on the 26th inst.

The Russian-Asiatic was admitted in the Conference on basis of a certain west and eastbound share. The negotiations with the Cunard Line in regard to Fiume have not as yet been concluded and will probably
8573 be discussed in the next Conference; likewise the negotiations with the Danes in regard to the Scandinavian business are still pending. The Italians wished the negotiations with them postponed to the middle of September and originally suggested in its stead a meeting in Rome. We, however, rejected Rome, as it does not suit us to go to Italy just in September for the sake of these negotiations. We, for our part, had perhaps thought of Luzerne for the middle of September. In the interim the Conference decided to demand of the Italians that, until the conclusion of the negotiations, they refrain from booking continental passengers or otherwise the Conference would find itself
8574 compelled to adopt measures against the Italians. This was then communicated to the Italians in a telegram sent to Rome and the next day a reply was received, that Crespi, respectively Paratore were surprised at our telegram, as it had been arranged in Paris that no changes were to be made during the negotiations, but to demonstrate their friendly attitude, they were willing to hasten the conference and suggested that, to this end, we proceed to Karlsbad towards the end of this week, where Crespi was staying at the present time. As you know, nothing like this was conceded to the Italians in Paris; on the contrary Wiegand ex-

pressly stated to them that he could not say what measures the Conference would adopt to protect their interests. The request that we proceed to Carlsbad at the present time is an impertinence, and we entirely ignored it in our reply. In this telegraphic reply the assertion of the Italians that such an arrangement had been reached in Paris is most decidedly refuted and it is again remanded that the Italians do not book any continental passengers, as otherwise the Conference Line would institute measures against the Italians. No reply has as yet been received from the Italians. The measures contemplated by us are that those steamship lines, which stop at French Channel ports, shall 8576
book Italian passengers via these ports to Turin. Whether this will make any very great impression on the Italians appears somewhat doubtful to me; but nevertheless such a step would perhaps be inconvenient for them and furthermore they do not yet know what measures we will adopt against them, as we did not mention in our telegram what we intended doing, and perhaps they will become somewhat more yielding, if they see that we are in earnest. Wiegand wanted to write Crespi and suggest to him that they meet in Berlin on Sept. 15th. We would then try to negotiate alone with Crespi and Paratore; our side would only be represented by the Lloyd and the Hamburg American Line. 8577
Were we, however, to convoke the entire Conference (there were again about 40 gentlemen present in London) we would hardly arrive at any conclusion. Crespi is not untractable, but the other Italian Lines are his evil spirits, and it is, therefore, very much wiser to negotiate with him alone. Then, if a conclusion is reached, the other Italian Lines will probably join in it, as well as the remaining Conference Lines. This is the status today, in actual fact, just the same as when we adjourned in Paris.

Petitioner's Exhibit 821

8578

Vernon Brown, who arrived a few days ago, attended the London Conference.

Please thank Mr. Winter sincerely for me for the newspaper clippings of your newspapers, which he has repeatedly sent me in the last few weeks. I hope, however, that Mr. Winter does not demand that I read them all, for they are too long for that, nor do they contain much news, as we have had most of these matters here also. Nevertheless, I am very much obliged to him for his attention.

I remain, with best regards,

Respectfully,

8579 HEINEKEN.

8580

Petitioner's Exhibit 822.

8581

Translation.

Bremen, Sept. 1, 1908.

My dear Mr. Schwab:

After having again returned here from my trip from Paris to Russia and on my homeward way, via London, Berlin, Dresden and Leipzig, I would, as usual, like to write you in regard to the business situation, as we view it from here, and first of all, express my wish that you have had a pleasant journey.

The most interesting matter that I have to advise you of is, first of all, the result of the conference in London on August 25th and 26th. As you may have 8582
heard, the cause of this conference was contained in the following issues:

1). The negotiations to be conducted with the Russian East Asian Steamship Company.

2). The attitude of the Atlantic Conference to the contemplated Scandinavian Combination.

3). The agreement with the Cunard Line in regard to their Fiume service.

4). The competition of the Italian Lines.

The latter were not invited to the Conference.

No. 1. In regard to the *Russian East Asian,* the 8583
lines were chiefly confronted with the question whether it is advisable to effect an agreement with this concern, which seems to be very unfavorably placed financially, and thereby strengthen its position. In this connection it had to be taken into consideration that the placing of new steamers of the East Asian into service would probably have rendered its service still more unprofitable for the present. Nevertheless, the lines arrived at the conclusion that if an agreement could be reached with the Russians on an acceptable basis, an agreement could not be rejected unjustifiedly. General Director Ballin, in particular,

8584 took the stand that a direct competition from Russia would have to be figured with in the future; that, perhaps, if great sacrifices were made, it might be possible to exclude this competition temporarily in times of poor business, but that, with the return of better times, it would again make its appearance and again cause us difficulty. Under these circumstances it was certainly advisable to make an agreement today with the Russian Line, while it was still very small, especially if thereby certain guarantees were obtained that Russia would offer no further competition.

8585 In regard to the participation to be granted the Russian East Asiatic, it was ascertained by excluding the current abnormal year, that the East Asian had enjoyed a participation of 1.33% westbound and 1.55% eastbound in the entire transportation of the Atlantic Conference in the year 1907, alone, with 17 expeditions westbound and 15 eastbound. On basis of the 24 departures per year in each direction this would have resulted in 1.88% westbound and 2.48% eastbound. The Lines agreed to concede the East Asian up to 2% westbound and 2½% eastbound and to reduce the number of its obligatory sailings, eventually, to 18 (and not more than 24).

8586 During the negotiations the R. O. (Russian East Asian) declared the offer of 1.88 respectively 2.48 to be non-acceptable, as this would not cover its costs. It stated that in the main it was dependent on the revenue from the steerage business. The offer of the Atlantic Conference even in a very good year, would only allow it about 1200 passengers per steamer. The Russian East Asian desired that the offer be retained as basis which Mr. Peters had made both Russian Lines in March of this year, namely 6% westbound and 8.5% eastbound, of the transportation of the Continental and Russian Lines, which would result in a participation of 3.83% westbound and 4.69 eastbound

 8587

under the Atlantic Conference Pool. The Russians gave as the reason for their demands that it was chiefly due to their efforts that the Volunteer Fleet had withdrawn from New York Service. This demand was refused by the Atlantic Conference, if only for the reason that the then offer stipulated a very much larger number of sailings as was now being considered, and because the East Asian could not guarantee that the Volunteer would not again resume the service. The East Asian finally submitted the ultimatum: 2½% westbound and 3% eastbound, which offer was accepted. They proposed joining the pool only for 8588
a year for the present, but upon the representations of the Atlantic Conference Lines declared their willingness to make it non-withdrawable until February 28, 1911. The East Asian assumed the obligation not to transport Scandinavian and Finnish passengers, as also only to stop at Rotterdam, and that only eastbound, of the continental steerage ports. The East Asiatic declared they could not guarantee that a new direct competition would not arise in Russia, just as little as they could guarantee that the Danish East Asian (with whom, as known, they are closely allied) would not transport steerage to North America. Against this, it was agreed that in case of such competition the contract would immediately be cancelled 8589
by the Atlantic Conference Lines.

No. 2. In regard to the position to the contemplated Scandinavian Combine the opinions of the British and Continental Lines varied.

As is known, the question involved is the organizing of a combination for the purpose of forming a mutual Scandinavian service, comprising 6 ships, two each under Danish, Swedish and Norwegian flag. The material would be supplied by the Scandinavian American Line which would be absorbed in the new company, and the Danish East Asian.

8590 *Petitioner's Exhibit 822*

The Danish gentlemen stated that in Norway it was intended to form a national line under the protection of influential men—under the leadership of the former Minister Michelsen, and that Sweden would follow this example. Through such an enterprise the interests of the Scandinavian American Line would be badly injured. They, therefore, had decided to anticipate this enterprise by organizing the contemplated combination and even though they could not guarantee that all competition would be eliminated thereby, nevertheless they personally were firmly convinced that this aim would be reached.

8591 The English Lines stated that they had thoroughly examined this proposition and had arrived at the conclusion that it would be advisable to assume a negative attitude. The business was not so important to justify such an enterprise or to offer a profitable basis for it. It was proper that the desire for a national line existed in certain circles in Norway, but intelligent men here as also in Sweden (as evidence an article was read from the "Farmer"?) criticised such a proposition very unfavorably and they were convinced that no one would invest his money in such an enterprise if it became known that such an organization would from the very first, have to fight a very bitter rate war with

8592 the well established and financially well situated British Lines. They could, therefore, not accept the proposed extension of the service of the Scandinavian American Line and would most certainly oppose it.

The propositions of the Danish gentlemen, were therefore, flatly rejected for the present.

Hereupon motion was made by the Continental Lines to induce the British Lines to take a more conciliatory attitude and to persuade them at least to receive the demands of the Scandinavian Line and to investigate them.

The C. L. were of the opinion that in Denmark, as in other countries, a national line would arise in time.

In order to sustain the life of such a line it did not at all require, as experience had taught, a subsidy in ringing gold, but there were other means to protect the national navigation. But if Norway first had its own line, Sweden, which is very jealous of Norway, would most certainly also have its national line. 8593

The British Lines replied to this that such a development would not be unfavorable, but, on the contrary, favorable for them, for the lines would then attend to it, through mutual competition, that neither of them would remain in existence. This was much more advantageous for them than the creation of a uniformly managed enterprise, which could more easily establish its service on an economic basis. 8594

It was further more explained by the English Lines that the present time was especially unfavorable for negotiations with the Scandinavian Lines because the B. L.—especially the Cunard—owing to their heavy plus were compelled to advance their Scandinavian rates materially, on account of which a good deal of business was lost to the Forenede, which, of course, will rely upon the favorable results they had this year.

Mr. G. D. (General Director Wiegand) replied hereto he could hardly conceive of a stronger argument for the consummation of a contract with the Scandinavian Line than what had just been remarked by the B. L. The Atlantic Conference could certainly never exert its favorable influence if the Danish Line did not also join, for the same situation that existed this year could be repeated any time and the Lines would then only have the opportunity to keep the rates low or to force the business to an outsider on account of prohibitive prices. The time was most opportune for an agreement, for today, it must mean a good deal for the new concern to provide for itself the possibility of existing by avoiding a fight. 8595

8596 *Petitioner's Exhibit 822*

The B. L. did not share this view of the C. L. With a small participation improvement, compared with last year's results, the Scandinavians would not be at all satisfied, if only in view of the contemplated inclusion of new ports in their business. The British Lines viewed the principal danger exactly in this extension of their connections, more so even than in the contemplated placing into service of 2 new ships.

Finally the B. L. declared their willingness to again meet with the Danes and from this conversation resulted the agreement to again meet the Danes in Liverpool for further negotiations. The Danes will sub-
8597 mit two propositions; one for a participation of the new combination; another for the admission of the Scandinavian American Line in the Atlantic Conference Agreement on basis of their previous service.

The B. L. declared that they would only consider the second proposition, for the reason that they adhered to their opinion that a negative attitude towards the far reaching plans of the Scandinavian gentlemen was the only correct policy.

No. 3. The negotiations with the Cunard Line were conducted by a small Committee and have not as yet resulted in a final conclusion. The pending differences,
8598 however, are of a nature that it may be assumed that an agreement will be reached at the next Conference. They consist chiefly in the fact that the Continental Lines desire to fix a share of the HUNGARIAN business for the Fiume-Triest service, based on the results of the years 1906-7, whereas the Cunard Line desires a share on basis of the years mentioned under the Atlantic Conference Pool. Both parties are hereby acting on the supposition that the Hungarian emigration is subject to especially strong fluctuations and in all probability, would not in future comprise the same heavy percentage of the general emigration as in 1906/7. The Cunard is not indisposed to agree on

basis of a share of the Hungarian business, but in this case, wishes a more favorable basis, respectively further guarantees than the figures of the year 1906-7 would offer.

No. 4. In regard to the Italian question preliminary to the conference, differences had already arisen to the extent that the Italian Lines had protested against the reduction of the eastbound rates for the SS "Gascogne," "Chicago" and "Floride" and referred to the fact that it had been agreed in the Paris Conference not to change the rates until the next conference.

General Director Wiegand replied to this telegram 8600
of the Transatlantique that no such agreement had been made. The matter was officially adjusted in the manner that the Transatlantique withdrew their rate reduction with the exception of SS "Floride" for which it retained the rate of $17.

In the Conference the Lines chiefly discussed the question whether they should refrain from further measures for the present or what else should be done. As is known, the Atlantic Conference Lines had agreed among themselves at the Paris Conference not to make any change in the existing rates until the end of August, whereas according to the last advices received from Mr. Crespi the earliest that a conference would be held 8601
would be middle of September, at which time the Italian question could be considered and adjusted.

From the discussion it was seen that a "waiting" attitude of the Atlantic Conference Lines could only be continued in the future if the Italian Lines would also declare their willingness to refrain from booking Continental passengers and to again establish the *status quo* until further notice. Accordingly, a telegram was sent Mr. Crespi, who refused in his reply to stop booking continental passengers, but suggested a conference for the "end of the week" in Carlsbad to adjust the question.

Sincere regards,

Respectfully,

PLETTENBERG.

New York, Sept. 9, 1908.

Baron von Plettenberg,
North German Lloyd,
Bremen.

Dear Mr. von Plettenberg:

I am in receipt of your favor of the 1st inst. and must thank you most heartily for the trouble you have taken in writing me so fully regarding the proceed-
8609 ings at the Conference in London. It was very interesting to receive such detailed information thereof. I was glad to note that the Russian East Asiatic S. S. Co. has joined the Conference, but regret that the British Lines hold themselves aloof from an arrangement with the Scandinavian Combination. I hope that the further negotiations with the Danes in Liverpool will bring about a change.

I further observed that the differences still existing in the Cunard Line are such that it may be assumed that an agreement with the Cunard Line regarding the Hungarian business may be affected at the next conference.

8610 I look forward to your further details regarding the negotiations with the Italian Lines with great interest, and am, with repeated heartiest thanks and best regards,

Very truly yours,
GUSTAV H. SCHWAB.

In order to give better and quicker expression to the agreements reached here in London last February by the Steamship Lines, and the co-operation of the continental, English and Canadian Lines conditioned thereby, it was considered advisable to call into life 8618 the

"American Atlantic Conference."

This Conference is to treat the questions which are of general interest to the Lines interested in the agreements in London, and to settle them, whereas the Continental Conference and North Atlantic Conference continued their existence as before and represent the questions and interests of the lines belonging to them. It was further determined, to obtain better control, to divide the work in 5 divisions:

a. The Canadian Lines for their territory

b. The New York, Phildelphia and Baltimore 8619 Lines as before, with the assistance of the Committees of General Agents in Boston, Chicago and San Francisco,

c. d. and e. for their special districts.

We have already sent you the Minutes of the first two Meetings of this new conference, but are now sending you, to complete your records, copies of the same and the Meetings: No. 3, July 23rd, No. 4, July 30th, No. 5, August 13th, No. 6, 3rd inst. We do not believe they require any further explanation.

Respectfully,

8635

Translation.

Bremen, February 19, 1909.

My dear Mr. Schwab:

I acknowledge, with thanks, receipt of your esteemed letter of the 9th inst., which I received today.

HUNGARIAN CONTRACT. In the meanwhile a conference has again been held with the Hungarian Government on the 12th and 13th inst. in Vienna in the presence of representatives of all the Pool Lines. I
8636
have copied these negotiations and I understand, a copy has been sent you by Director Heineken. The prospects of coming to an agreement with the Hungarian Government are, therefore, not poorer, as the desire for this agreement exists on both sides, and especially so on the side of the Hungarian Government. It is only regrettable, that the Hamburg-America Line during the negotiations with the Cunard Line in Berlin on November 26, 1908, suddenly projected the demand, as stumbling block, that it would not make any arrangements with the Cunard Line in regard to the Hungarian business westbound on the basis agreed, unless simultaneously an agreement was consummated eastbound.
8637

This demand, the Cunard Line—not entirely unjustly—viewed as a certain disloyalty of the pool line, as there was no question of a west—and eastbound agreement in the conferences in Paris, which were held between Mr. Watson and our General Director Dr. Wiegand, but in agreeing in regard to the percentage participation of the Cunard Line in the Hungarian business, only a westbound agreement was mentioned.

Accordingly, the solution of this question as well as the entrance of the Cunard Line in the Mediterranean business has now been postponed until the large

8638 *Petitioner's Exhibit 834*

Atlantic Conference, which is to be held the end of March in London. If the Hungarian Government also sends its representatives to this conference, then the simultaneous solution of these three questions, which are bound so close to each other: the Cunard contract, Mediterranean contract including Cunard, the contract with the Hungarian Government may then be expected.

MEDITERRANEAN CONTRACT. You have also heard in regard to this from Director Heineken, likewise receiving a copy of the progress of the negotiations, so that there is nothing I need add.

8639 STEERAGE RATES. Owing to our continually increasing Plus Westbound and in view of the emigrants here, to transport whom we must place into service unprofitable special steamers, we resolved yesterday—very unwillingly on my part, as I seriously doubt the wisdom of this—to advance our steerage rates for New York by Mk. 10, therefore to Mk. 170. If the extra headtax of Mk. 17 imposed is added, making the amount Mk. 187, this is an enormously high price for transportation in the steerage of a mail steamer.

Enclosed a copy of the last two pool statements.

With best regards, also to Mr. Winter, whom I

8640 thank for the file promised me, I am

Respectfully,

PLETTENBERG.

Dear Mr. von Plettenberg:

I beg leave to acknowledge receipt of your valued favor of February 19th, contents of which I have noted.

HUNGARIAN BUSINESS. I have received from Director Heineken a copy of the report relative to the negotiations in Vienna and have read them with great interest. I sincerely trust that they will lead to an
8645 arrangement which would also result in the entry of the Cunard Line into the Mediterranean Agreement.

STEERAGE PASSENGER PRICES. I regret the increase in the steerage rates for New York to M.170, which, for a large part of the steerage public, are prohibitive. I thank you very much for sending me the pool status, which I have noted, and remain, with best regards.

Yours very truly,

GUSTAV H. SCHWAB.

8646

Petitioner's Exhibit 837.

8647

Translation.

Bremen, March 29, 1909.

Mr. Gustav H. Schwab,
New York.

My dear Mr. Schwab:

The Paris negotiations did not have much positive result. Our motion to advance the II. Class Rates, unfortunately, was refused in consequence of the position taken by the Allan Line; also a further motion of mine, at least to increase the II. Class Rates for 8648
Continental business was not carried on account of the position of the Allan Line, who demand an exception for their Havre-Canada service. It was resolved to advance the rate for infants, eastbound and westbound, beginning July 1st, to Mark 10 plus headtax for III. Class, respectively steerage to Mk. 30 for II. Class and Mk. 40 for I. Cl.

As you know, the Cunard Line has pleaded for a long time for a reduction in the differential rate between SS "Kronprinzessin Cecilie" and "Kaiser Wilhelm II." and the "Mauretania" and "Lusitania" and our gentlemen, it appears, had made them certain concessions. Upon the motion, to advance the rates of 8649
both our steamers mentioned above to the same level as the "Mauretania" and "Lusitania" I could not accept for the reason that hereby the difference between "Ceceilie" Class and all other steamers would have made a difference of Mk. 20 against us. I therefore submitted the counter motion to allow the Cunard Line to fix the rate for both their express steamers to £25, *i. e.*, therefore, to reduce it to Mk. 10. I felt that this was all what the Cunard Line wanted and it was unanimously accepted with the exception of the Allan Line. I hope that we will not be injured too heavily

8650 *Petitioner's Exhibit 837*

through meeting them in this manner. Simultaneously the Cunard Line pleaded for a reduction in their II. Class rate for "Caronia" and "Carmania" amounting to 10 Shilling, whereupon the White Star Line demanded a similar reduction for their "Oceanic" and "Adriatic." Allan and Transat opposed this. As entire harmony was not obtained in either question, they will be submitted to Mr. Wilding for decision as per Art. 17, Agreement V and Art. 14, Agreement W.

Furthermore, negotiations were conducted with the Cunard Line in regard to their position in the Mediterranean business, which are to be continued at a Con-
8651 ference to be convened in May in London and the prospect seems justified that the Cunard Line will join the Mediterranean Pool, and this on basis of the contemplated quota of 6%. For the present the Cunard Line stated its willingness to drop its objection to an advance in the Mediterranean eastbound rates. A cable has been sent from Paris direct to Mr. Sandford in this connection. I hope that this also gives us the opportunity to advance our Continental eastbound rate, provided that we do not need to fear giving the North West Transport Line any business by so doing. In view of this latter competition the conference decided on the re-introduction of the New York Committee. It
8652 is not intended to begin immediately and under all circumstances with the placing of war steamers into service, but rather, this is to occur if the New York Committee considers such action necessary. The re-introduction of the Committee only aims, therefore, at the given moment, to be able to proceed against the North West Transport Line, without time being lost on this side through negotiations in regard to the amount of the compensation, etc.

With best regards, I am

Very respectfully,

v. HELMOLT.

Petitioner's Exhibit 838.

8653

Translation.

Bremen, March 30, 1909.

Dear Mr. Schwab:

Returned from Paris, I am glad to be able to report to you that we have advanced quite a step with the Cunard Line in the Italian question and can now practically consider this question settled. As you know, the Cunard Line made its entrance into the Mediterranean Pool conditional upon an adjustment of the Hungarian question, which latter was chiefly, in its
8654
turn, dependent on an agreement between the Government and the Continental Lines. The negotiations, which were most persistently and almost uninterruptedly conducted with the Hungarian Government for the last few years, and in regard to which you were kept posted in detail, had unfortunately not led to any result hitherto, as up to the present it was impossible for us to convince the Hungarian Government that certain demands made by it were useless and could not practically be carried out. In this connection I would like to mention only the demand of the Government, that all persons whose duty it was to serve in the army, must be rejected even though they had arrived at their
8655
port, as also the demand, to state in all prospectuses, even in those printed in America, that Hungarian passengers without passports, will not be accepted by the Continental Companies. Such regulations, especially as they would be utilized to the utmost by the competition, would of necessity have to result in the Continental Lines losing a great part of the Hungarian business, which would seek new channels; they would cause us an immense loss without helping the Hungarian Government. The Lines, consequently, are unanimously of the opinion that further negotiations with the Government would have little sense and we

8656 therefore considered it wisest to frankly discuss the situation with the Cunard Line and to try to effect an arrangement with it, independent of the position of the Hungarian Government. In order to finally adjust this question, we have agreed on a further conference on May 6th in London, after the negotiations conducted to date make an agreement seem very probable. The Cunard Line also formally reserved its decision in regard to the Italian question to this conference, but it is almost as good as settled today, that it will join the Mediterranean Pool with the contemplated share of 6% eastbound, which, consequently comprises
8657 all the companies involved, outside of the new Greek (Embiricos) Line. In order to give evidence of their good intentions, the Cunard Line immediately withdrew its objection to the contemplated increase in the eastbound Mediterranean rates and consented to join the other lines in regard to the eastbound prices. I had Peters cable Sanford immediately in regard to this and hope to receive advices within the next few days from you in regard to an increase in the rates. Some slight difficulty will be caused by the fact that the Fabre Line lay claim to a certain differential for their "Roma" and "Germania." It is true that such a desire was expressed at the time in Paris and more or less
8658 recognized as justified by the parties, and we, for our part, would be willing to allow the Fabre Line a differential up to $2 for the steamers mentioned, as far as this could be done without counterclaims being made by other lines, which would render still more difficult the consummation of an agreement.

You have already been advised per cable of the increase in the II. Class Mediterranean rate westbound; I hope that there is no obstacle in the way of a corresponding increase in the eastbound rate to $65.

Director v. Helmolt, respectively Mr. v. Plettenberg have undoubtedly reported to you in detail in re-

 8659

gard to the other results of the Conference. I should like to add that the re-appointment of the Fighting Committee (Cl. 22) has for its end only the desire to be prepared should circumstances make it imperative to employ war steamers against the North West Transport Line. At the present time, when the line mentioned can only show a very small passenger list from the other side, the employing of war steamers would probably only be throwing money away and that we cannot very well afford today under the existing conditions. I should like to hear from you whether you believe that an all-round advance in the continental eastbound rates under prevailing circumstances, would be met with objections. Inasmuch as the eastbound Mediterranean rates will probably be advanced within the next few days, an increase in the continental rate would be rather desired by us, in view of the eastbound figures, which could hardly be called unimportant. 8660

With best regards, I remain,

Respectfully,

HEINEKEN.

8661

8662 **Petitioner's Exhibit 839.**

Translation.

New York, April 9th, 1909.

Director Heineken,
North German Lloyd,
Bremen.

Dear Mr. Heineken:

I acknowledge receipt of your favor of March 30th and was glad to note that you have made progress in the matter of the agreement with the Cunard Line
8663 in the Italian question and that the same may practically be considered as settled, even though an understanding between the Hungarian Goverment and the Continental Lines cannot be reached. I observed that final settlement of the question of the Cunard Line will be made at the conference in London, May 6th, up to which conference the Cunard Line formally reserved decision in the Italian question, while it is already established that they will join the Mediterranean Pool with a share of 6% eastbound. That the long-desired settlement with the Cunard Line is now in sight, I greet with pleasure. I hope that we will now succeed in solving satisfactorily the various ques-
8664 tions now pending with the Cunard Line.

In the eastbound Mediterranean rates we have overcome the objections of the Fabre Line regarding their differential rate on the "ROMA" and "GERMANIA" and the increase of $3 in this rate takes effect for steamers after April 20th. The "Roma" of the Fabre Line is placed in the same class as the "Madonna" whereas the "Germania" of the Fabre Line remains $2 under the "Roma."

The "small committee" mentioned by you (we had better not call it by another name for reasons known)

Petitioner's Exhibit 839

8665

has been recalled to life. I hand you a confidential notice sent out by the Secretary in this matter. The committee will begin work as soon as necessary.

An increase in the Continental Eastbound rates I could recommend now that the eastbound Mediterranean rate has been increased. The representatives of the Steamship companies here are generally favorably disposed toward an increase of $3. I am, with best regards,

Yours very truly,

GUSTAV H. SCHWAB.

Steerage Lists New York—Genoa.

As the steerage passengers, who are transported via our New York-Mediterranean Line must be included in the Atlantic Conference contract besides in the Mediterranean Pool, as long as they are not Italians, Greeks,
8693 Asiatics, or Africans, we would request you, should, in exceptional instances, such passengers be transported, to note in the passenger lists some remark, which will show the nationality of the respective traveler. This is urgently required in order to facilitate, respectively make possible its control. Furthermore, we would repeatedly request you to keep as strict watch as possible that passengers other than the above-mentioned nationalities are not accepted for steerage via the New York-Mediterranean Line in view of the double charge.

Respectfully,

N. G. L.

8694

Petitioner's Exhiit 848 1-2.

8695

Translation.

Bremen, August 28, 1909.

Dear Mr. Schwab:

I beg to submit herewith the information promised you. Nothing further has been decided in the Hungarian matter. The matter is before an arbitrator and as he has mentioned Sept. 3rd as the last term for the submitting of assertions on the part of those interested, it may be assumed that his decision will be rendered the first week of September.

I enclose the last pool statement, from which you 8696
will see that eastbound as well as westbound we are the only minus party. We have prospects, however, of coming down to a Minus from our high plus in the large A. C. Pool, which would justify us in reducing our Baltimore price by Mk. 10 also; therefore, to Mk. 140. In this manner our Minus would probably be reduced more quickly and simultaneously the differential rate desired by Schumacher against the New York Mail Steamers would be established.

Respectfully,

PLETTENBERG.

8697

8698 **Petitioner's Exhibit 849.**

Translation.

Per "Kronprinz Wilhelm."

New York, Sept. 6, 1909.

North German Lloyd,
Steerage Dept.,
Bremen.

We acknowledge receipt of your favor of August 26th and in compliance with your request, if, in exceptional cases there are among the steerage passengers transported from here by Mediterranean steam-
8699 ers, passengers that are not natives of Italy, Greece, Asia or Africa, and therefore must be charged in the Mediterranean Pool as also in the North Atlantic Pool, we shall try to make a notation in the Passenger Lists from which the nationality of the passenger in question can be ascertained.

As we wrote you a short time ago, and as can be seen from our circulars, we advertised our Italian steerage rates only for bona fide Italians, Greeks, and Orientals, stating they would apply only to the fore-named, and will endeavor to make this more emphatic in our circulars and price lists and, if possible accept only passengers of the nationalities mentioned.

8700 We would like to point out to you that an absolute, strict adherence to this condition is much more difficult here than abroad, where the passengers must present themselves several days before being transported. Most of the steerage passengers arrive here first on the day of sailing, come direct from the train depot to the steamer, before, in many cases, we even have received the advices of the tickets from the Agents, which latter would otherwise perhaps give us some information. Under the conditions prevailing here this cannot be changed.

Respectfully,

OELRICHS & CO.

Petitioner's Exhibit 853.

8707

Translation.

Bremen, Sept. 27, 1909.

Messrs. Oelrichs & Co.,
New York.

We confirm receipt of your yesterday's cable from which we note to our astonishment, that, as in the last change of rates of February 18th, it has also been omitted this time to issue the new tariffs with the revised prepaid rates.

You can imagine that this omission is very unpleas- 8708
ant to us, as it directly conflicts with the provisions of the contract and serious consequences can result from this for us. In this instance, the omission of publishing the new prices at the proper time can result in our being forced to still further reduce our New York Mail Steamer rates, at all events such a proposition has been submitted by the Red Star Line. In giving their reasons the Red Star Line states the following:

> "Lloyd's reduction of their New York mail steamer rate to M. 160 on August 13th was insufficient and ineffectual, for its Minus has not decreased in the meantime, but increased from 3474 to 3698 *and its New York Mail* 8709
> *Steamers Prepaid figures are no higher than the preceding ones.*"

We can, of course, not refute this argument, by submitting as an apology that a mistake was made by you.

In view of the repetition of this instance, we must urgently beg you to see to it that such mistakes are not made in the future.

Respectfully,

N. G. L.

8710 **Petitioner's Exhibit 854.**

Translation.

Per "Kronprinz Wilhelm."

New York, October 4, 1909.

Management of the North German Lloyd,
Steerage Dept.,
Bremen.

At the time of our difference with the Italian Lines in the Spring and Summer of 1908, a short time ago,
8711 a number of agents of the Continental Lines were given money penalties for violating the Continental Conference Regulations, for the reason that they had brought lines standing outside of the Continental Conference (Italian Lines) continental passengers. We refer to the minutes of the Conference for this period. These penalties (in the one instance of Agent Goldberger here amounting to $500.) were paid by the Italian Lines, respectively their representatives here.

When the negotiations to eliminate these differences began, so as to effect an arrangement, the Italian Lines, respectively their representatives here, as you may remember, demanded as one of the conditions that the penalties in question be dropped and refunded. The
8712 representatives of the Continental Lines in the Mediterranean Conference could not agree to this and it was indicated to the Italian Lines they should bring the matter up for discussion in the course of the negotiations on the other side. As far as can be seen from the negotiations and the agreement of the Italian Lines this suggestion was not followed; at all events we can find no agreement, which drop the penalties in question or state that they should be refunded.

Petitioner's Exhibit 854

8713

The representatives of the Italian Lines, however, now again insist upon this demand, and we would request you to advise us whether this matter was discussed at all during the course of the negotiations in order to bring about an agreement with the Italian Lines, and eventually what disposition was made of the same.

With other Continental Lines we take the view that the Continental Conference cannot recognize such a demand. The agents in question were repeatedly warned through circulars and otherwise that they were not to book any Continental Passengers for the Lines outside of the Continental Conference. This regulation was undoubtedly very familiar to them and we believe that such a violation of regulations shall not subsequently be approved or excused on account of the fact that the differences between the Lines had subsequently been adjusted.

8714

We await your reply, and remain

Respectfully,

OELRICHS & CO.

8715

8716 **Petitioner's Exhibit 855.**

Translation.

Per "St. Paul."

New York, Oct. 7, 1909.

Management of the North German Lloyd,
Steerage Dept.,
Bremen.

We acknowledge receipt of your favor of Sept. 22nd, contents of which had our attention, and beg to state that at various times when discussing the placing of the Eastbound war steamers, we mentioned our
8717 steamers, as we have a Minus. However, as you will know, the competition steamers in question usually sail Saturdays, and often postpone, as experience has taught, their departure to the following Monday or Tuesday. When sailing Saturday, the competition steamer in question must, of course, also sail the same day, so that thereby we are in arrears with our Thursday Mail Steamers and for that reason our steamers cannot be further considered in this connection. You will undoubtedly agree with us that a competition steamer two days *before* departure of the steamer would have little sense and would not be in the sense of the agreement involved.

8718 According to Article 22, when placing the competition steamers the Minus parties are always considered first of all, in first rank the steamers of the Continental Lines. Only after some exertion we succeeded in preventing the Committee Members from considering the English steamers minus under such circumstances, for as we interpret the article in the sense of competition, continental business is chiefly involved and for this Continental steamers are, of course, the best means. Whenever the opportunity offers we will, of course, remember your request.

Respectfully,

OELRICHS & CO.

Petitioner's Exhibit 856.

Translation.

Bremen, October 13, 1909.

Messrs. Oelrichs & Co.,
New York.

We received your esteemed favor of the 4th inst. from which we note that the representatives of the Italian Line in your city have renewed their demand that the cash penalties imposed during the tariff fight the year before last against various continental agents be cancelled.

Negotiations in this connection have actually taken 8720
place, but not in the sense of a cancellation of the penalty, but that the disqualifications imposed upon certain agents be withdrawn. The provisional arrangement signed by General Director Dr. Wiegand, General Director Ballin and Messrs. Crespi and Dr. Paratoe, dated Sept. 16, 1908, decrees in Art. 12 as follows in this connection:

> "With the enforcement of the contract desired, the disqualifications imposed on American Agents owing to the differences hitherto existing between the Lines are cancelled."

This provision was not included in the contract at 8721
the consummation of the final agreement, but we will not oppose the demand of the Italian Lines, as far as it refers to the compliance of the obligations accepted in the above paragraph.

In regard to the refund of the money penalties, conditions are insofar peculiar that if the information given you—which can hardly be questioned—is correct, these penalties need not be paid by the guilty agents but by the Italian lines. Under these circumstances it seems advisable to us to discuss the question at the approaching conferences with the lines interested in it

8722 *Petitioner's Exhibit 856*

and for this purpose we would like to receive further details from you in regard to the amount involved.

Our gentlemen have only very unwillingly agreed to the cancellation of the disqualifications in view of the demoralizing influence which such a measure must exert, but the Italians were determined not to concede this point under any conditions.

We are entirely satisfied with your action in referring the Italian Lines with their demands to the Home Offices and will now wait and see if they approach us in this matter.

Respectfully,

8723 NORTH GERMAN LLOYD.

8724

Petitioner's Exhibit 857.

Bremen.

We acknowledge receipt of your today's cable:

"Unlawed (reduce prepaid rate to..) New York regular advocating ($36.50) Baltimore, 8726
Galveston advisedly ($34) Longicorn (Inform A. Schumacher & Co.) Holt."

and immediately wired and wrote to Messrs. A. Schumacher & Co., Baltimore and Mr. Alfred Holt, Galveston, the passage of interest to them.

Our own corrected price circulars will be sent to our agents tomorrow.

Respectfully,
OELRICHS & CO.

8727

8728 **Petitioner's Exhibit 858.**

Translation.

Per SS "Kronprinz Wilhelm."

New York, October 30, 1909.

Management of North German Lloyd,
Steerage Dept.,
Bremen.

We acknowledge receipt of your favor of the 13th inst. and thank you for your information in the matter of the request of the local representatives of the
8729 Italian Lines, that the penalties imposed by the Continental Conference during last year's tariff fight on the various continental agents shall be cancelled and refunded.

We regret that we had no knowledge of the provisional arrangement of Sept. 16, 1908 (Article 12) for we are firmly convinced that on basis of the same we could have rejected further claims or demands of the representatives of the Italian Lines here.

When meeting after a tariff fight or when admitting a new line to one of the Conferences, it was customary last year to include the agents proposed by the Line, who had supported them during the fight, in a so-
8730 called "Eligible List" of the Conference, so that these could also eventually serve the other lines. Also those agents who had been disqualified in the course of such a tariff fight, if not too serious accusations had been made against them, were again accepted in a similar manner. In no former difference of this nature however, was the demand submitted to refund money penalties.

In compliance with your wish we enclose herewith a list of the Continental Agents who had money penalties against them, stating the amount and giving the

 8731

Continental Conference Minutes, for your information.

At a recent meeting, prior to the receipt of your favor, the representatives of the Italian Lines here again brought the matter to discussion and the writer took up the matter with them, in agreement with the representatives of the other Continental Lines.

From the advices now received from the representatives of the Italian Lines, the latter abroad authorized their representatives here at the time to pay the penalties in question, respectively they guaranteed to indemnify the agents. The representatives of the Italian 8732
Lines here now wish refund of these penalties from the Continental Conference and advised the writer that in case the Continental Conference here did not O. K. this refund, they would be placed in the position of charging their companies with the penalty amounts, which they had not done as yet, in the hope that they would be refunded the amounts.

Writer hereupon took occasion to indicate to the representatives that they themselves could now, after such a long time, induce the agents under the regulations of the Continental Conference to ask for a new hearing or a resumption of their case and promised that in such a resumption, the matter would again be examined thoroughly. It hardly can be assumed that 8733
even in case of a resumption of the claim on the part of the agent, a different result than the confirmation of the penalty can be expected, for the cases were accurately and thoroughly gone into at the time by all the Continental Lines.

The confirmation, after such a new hearing, would therefore, terminate this matter. We leave it to you to consider if it would not perhaps be advisable to settle the entire matter in this manner, respectively, should the Italian Lines on the other side bring the matter to discussion in the Conference, refer them to

8734 *Petitioner's Exhibit 858*

the Continental Conference here with the intimation that the Agents can ask for a new hearing and this would be granted them. Should the penalties, however, be then confirmed, a refund could not be made.

The action of the agents in question, especially Agent Goldberger, was at the time so disagreeable for the Continental Lines that all the representatives of the Continental Lines could only approve a refund of the penalty in the most extreme case.

It was Goldberger, for instance, who called it to the attention of the Italian Lines that they could compete with the Continental Lines in the Hungarian business,
8735 who delivered to the representatives of the Italian Line the names and addresses of the active agents in the Hungarian business, yes, even allowed a representative of the Italian Line to telegraph these active agents in the Hungarian business, and gave the Italian Lines here the various through-rates which were in force at the time.

A cancellation or refund of these money penalties would, therefore, almost signify approval of their actions and in eventual subsequent differences, only incite these agents to further steps and measures. We await your reply.

Respectfully,

8736 OELRICHS & CO.

Petitioner's Exhibit 859.

8737

New York, November 12, 1909.

North German Lloyd,
Passenger Dept.,
Bremen.

We acknowledge receipt of your yesterday's cable:

"Unlawed (reduce prepaid rate) New York Express adytum ($38.50) regular advisedly 8744
($34) Baltimore Galveston advertency ($31.50) Longicorn (inform A. Schumacher & Co.) Holt."

and immediately advised Messrs. A. Schumacher & Co., Baltimore and Mr. Alfred Holt, Galveston, by letter and wire, of the paragraph in question.

The reduction of the prepaid rates for our fast steamers from $43.50 to $38.50 may have the desired effect and assist in stirring up our prepaid business. In our opinion the rate of $43.50 plus the head tax was too high under prevailing conditions and hindered the entire prepaid business for our steamers.

We remain, 8745

Respectfully,
OELRICHS & CO.

8746 **Petitioner's Exhibit 862.**

Translation.

Bremen, November 29, 1909.

Mr. Gustav H. Schwab,
New York.

Dear Mr. Schwab:

I returned on Saturday from the Atlantic Conference in London. We have not been able to attain anything particular this time. It was attempted to increase the rates for II. and III. Class, the former by
8747 M 10, the latter by M 5, but this failed for the present on account of the opposition of the Canadian Pacific. The latter declared openly that their shipping interests in comparison with their railroads were very insignificant and that it does not suit the latter to increase the rate. Finally, however, Mr. Booth promised to urge the increase with his company, so that it is possible that the matter will yet be adjusted.

I am, with best regards,

HEINEKEN.

8822

and were still able to include the advance of the eastbound steerage rates of from $35 to $37 for the Mail Steamers $40 to $42 for the Fast Steamers in our new price lists.

We have also included in these new steerage price lists a number of new railroad stations, to which, we know from experience, passengers get through-booked), and, on the other hand, have dropped a number of stations which are no longer demanded.

As you will have also seen from the price list, we have included the eastbound steerage rates to Livorno, Milan, Torino and Messina also. We refer to our former correspondence. Contrary to your assumption and the advices of Messrs. Leopold Fratelli, all the lines have always continued to issue tickets to these ports and we saw no good reason for excluding ourselves from the sale of through tickets to these points. You requested us at the time, following the catastrophe in Sicily, to quote no rate to Palermo and Messina, but requested us subsequently to include Palermo in our price list again, but we have not as yet received any advices from you whatsoever in regard to Messina and have only followed the example of other lines, which again include Messina.

8823

Respectfully,

OELRICHS & CO.

8852

and have advised our agents of this reduction immediately, by telegraph as also through circular.

Today we received a visit from Mr. William Phillipp, Traffic Manager of the Canadian Northern Line, which, as you know, supports the Royal Steamship Line between Bristol and the Canadian ports, and which was admitted to the conference on the other side only a short time ago.

Mr. Phillip advises us that they had already considered putting more steamers into service to increase the same and, of course, in this connection had thought of the steamers of the Uranium S. S. Co., which was supported by some of their principal stockholders. We intimated to Mr. Phillipp that the withdrawal of these 8853
steamers from the New York service would undoubtedly help adjust the existing difficulties here, as Mr. Phillipp since his connection with the Royal S. S. Co. has undoubtedly always endeavored to conduct the business in conformity with the agreement and the existing regulations and usages. Today, also, he repeatedly expressed the opinion that it was absolutely not necessary to resort to measures, such as had been used by the S. S. Co. mentioned, the Uranium S. S. Co. and its predecessors.

Respectfully,

OELRICHS & CO.

8881

Translation.

Per "St. Louis."

New York, November 25, 1910.

North German Lloyd,
Steerage Dept.,
Bremen.

We refer to our favor of October 4th, 1909, your favor of October 13, 1909, our favor of Oct. 30th, 1909, and your favor of November 15, 1909, in the matter of the demand of the Italian Lines, that the 8882
penalties, which were imposed on various Continental Agents, and especially agent M. B. Goldberger ($500) for violation of the regulations of the Continental Conference at the time of the Italian Continental Rate Fight, be refunded.

On Jan. 13, 1910 last the Italian Lines, who made this demand, were heard by the Continental Conference, for the purpose of reconsidering the matter, especially the case of Agent Goldberger.

After a detailed discussion the representatives of the Continental Lines, however, could only sustain their former decision, that a refund of the penalties could not be made, for the reason that the action of Agent 8883
Goldberger was too treacherous, and betrayed the interests of the Continental Lines, for whom he served as agent and to whom he was bound, in such a manner that no excuse could be found for it.

The fact that the Italian Lines, respectively the three lines represented by the firm Hartfield, Solari & Co., the Navigazone Generale, La Veloce and Italia, paid these penalties, or had refunded them to the agents, could not be considered here. The conclusion of this re-consideration of the matter was given in several memoranda as follows:

8884 *Petitioner's Exhibit 907*

"At the opening of the meeting it was stated that this matter was held at the special request of the Italian Lines in order to discuss and consider the matter of a fine of $500 imposed by the Continental Conference April 17th, 1908, upon the agency of M. B. Goldberger, 75 Clarkson Street, New York City, notified him May 2nd, and paid May 6th, 1908.

"It was stated in behalf of the Continental Conference that the action of Goldberger, who was first of all a Continental agent, could not be considered by the Continental Lines otherwise than a betrayal of the confidence placed in him by knowingly and willingly giving the use of his name for the purpose of deviating Continental business from its usual course against definite instructions, and in direct and flagrant violation of established rules.

8885

"That Goldberger by his example, invited the demoralization of the business; that a cancellation of his agency for the Continental Lines was fully deserved, and that a change to a fine was a concession made out of courtesy to the Italian Lines, and that under no circumstances, the fine of $500 should be reduced."

8886 Unfortunately the other minutes in regard to this Meeting could not be made public, as at that time the Secretary of the Conference had been subpoenaed to show the books by the District Attorney, etc., and it was not considered advisable to have this matter involved herein.

The Italian Lines now wish to derive advantage from this circumstance and, we understand, sent Mr. Solari, who is at present abroad, the papers in the matter so that he can again introduce the matter in the approaching Meeting of the Continental and Italian Lines for consideration and final settlement.

Petitioner's Exhibit 907 8887

In order, however, to exert pressure here simultaneously, the firm of Hartfield, Solari & Co., stopped payment of the amounts due from the three lines, Navigazione Generale, La Veloce and Italiana, represented by them, towards the maintenance of the Conference and it took a good deal of persuasion to pay their share of the various accounts, less the above amount of $550.

Under these circumstances, the Managing Committee of the Conference here, were compelled to cable Mr. Peters in Jena, calling their attention to this matter, and we considered it advisable to cable you as follows, so as to bring to your attention the details of this matter: 8888

> "Memento (referring to) meeting Itallines Garlicky (Continental Conference) Goldberger Fine Caffres (refer to our letter) Bareworm (October 30th) Caisson (refer to your letter). Barklouse (Oct. 13th) Barrulet (Nov. 15th) Wasserung (1909)."

We await your advices in regard to the closing of this matter and hope that it was possible for the Continental Lines to refuse the refund of the penalties to the agents, on the part of the Continental Conference.

Respectfully,

OELRICHS & CO. 8889

Messrs. Oelrichs & Co.,
New York.

Re Agent M. B. Goldberger.

We received your telegram as also your letter of November 25th, contents of which had our attention.

In the meanwhile the matter had been discussed at the Conference and the Italians most emphatically took the stand that it was unjust to impose a penalty of $500 on Goldberger, while all the other agents only received penalties up to $50 in the same matter. They 8894
demand refund of $450, which was refused by the other lines on the ground that a penalty imposed by the New York agents Committee could not be made void on this side, respectively withdrawn, and that there must undoubtedly have been some reason justifying the high penalty completely and entirely. The Lines expressed their willingness to have the matter again referred to the New York Conference for another investigation, with which the Italians, however, were only satisfied on condition that the representatives of the Red Star Line and the Holland American Line would be excluded in the further handling of this matter. We stated that this would be impossible as 8895
the penalty had been imposed by the New York Continental Conference and could only be withdrawn by it. Moreover, the non-Italian Lines took the stand absolutely that they considered it absolutely necessary that there must not be any appeal from the decisions of the New York Committee in American Agent questions, as the discipline could otherwise easily be endangered.

Accordingly, we leave this matter for you to take action on should it really again arise. The 3 Italian Lines will probably now refund the $500 to the Hartfield Firm and we hope to hear from you at your convenience that the back payments of this firm have been collected by the Conference.

Respectfully,

N. G. L.

North German Lloyd,
Steerage Dept.,
Bremen.

Re Agent M. B. Goldberger.

We acknowledge receipt of your favor of the 5th inst. and thank you for your information in regard to the discussion at the Conference of the Agent Goldberger matter, which had our most careful attention. Should the matter really ever again arise, we will try to close same in conformity with your advices.

8900

The penalty of $500, which was imposed on Goldberger, was undoubtedly fully and entirely justified, for the action of this agent, which we have repeatedly described to you, was certainly more portentous in its consequences for the Continental Lines than the action of the other smaller continental agents, who now and again sold a ticket to Continental passengers for Italian Lines, or advertised the rates of the Italian Lines for continental business. Agent Goldberger provided the Italian Lines with ways and means, to establish a competition so serious for us.

8901

Respectfully,

OELRICHS & CO.

8902 **Petitioner's Exhibit 912.**

Translation.

Per "St. Louis."

New York, Dec. 30, 1910.

North German Lloyd,
Steerage Dept.,
Bremen.

We confirm receipt of your yesterday's cable reading:

"Advance outward rate to express $40 regu-
8903 lar Galveston $35 Baltimore $33 third class $38.
Inform A. Schumacher & Co."

We immediately notified Messrs. A. Schumacher & Co., as also Mr. Alfred Holt of the above, but took the liberty to substitute in place of the words "advance outward" the words "reduce outward," as in all probability you used the cable word "unklagbar" by mistake. The rates quoted constitute a reduction in comparison with the prevailing ones.

We trust you approve of our putting the new rates in force only after the departure of SS "George Washington," Jan. 3rd. We have already booked a large number of III Class Passengers for this steamer,
8904 whom, otherwise, we would be forced to refund the difference. Furthermore, our new tariffs would hardly reach our agents in time to exert any influence on the bookings, as Sunday and Monday are legal holidays and "George Washington" proceeds on its trip on Tuesday.

Respectfully,
OELRICHS & CO.

Petitioner's Exhibit 913.

8905

London, 7th June, 1898

CONTINENTAL BUSINESS.

Agreement between the undersigned representatives of the Hamburg-Amerika Line; Norddeutscher Lloyd; Holland-Amerika Line; Red Star Line; Allan and Allan-State Lines (Liverpool and London and Glasgow); American Line (Liverpool and Philadelphia, and Southampton and New York); Anchor Line; Beaver Line; Cunard Line; Dominion Line, and White Star Line.

1. That the British Lines, namely: Allan, Liverpool and London and Glasgow; American, Southampton and Liverpool; Anchor; Beaver; Cunard; Dominion; and White Star Lines; agree to enter into a pool contract with the N. D. L. V. Lines, namely: Hamburg-Amerika Line; Norrdeutscher Lloyd; Holland-Amerika Line; and Red Star Line, the said British Lines to be considered as one party, the N. D. L. V. Lines as the other party hereto. 8906

2. The N. D. L. V. Lines, including the Scandia and Hansa Lines, agree to withdraw altogether from the carriage of Scandinavian[1]) (Norway, Sweden, Denmark and Iceland), Finnish and British Steerage

8907

1) Telegramm vom 10. Febr. 1904 von Wilding an Generaldirector Ballin: „British American Lines all agree Continental Lines competition Scandinavian business provided Continental Lines undertake retire from Scandinavian business when peace restored and meantime recognize each British Line entitled same percentage total Scandinavian business as past year and undertake make up to I. M. M. Coy Lines and Allan and Anchor Lines whatever net revenue such percentage Scandinavian business would have given them had fight not taken place."

8908 *Petitioner's Exhibit 913*

business, Westbound and Eastbound, direct and indirect, except indirect Eastbound Scandinavian and Finnish by Norddeutscher Lloyd and Hamburg-Amerika Line via their home ports, which Lines shall charge for their fast services the same rate as the British fast steamers and for their slower services two dollars less and conditional upon this

3. The British Lines agree to accept as their share of the Continental Steerage traffic six per cent per annum of the same, such traffic to include all passengers carried by the Lines parties to this agreement
8909 from ports between Cronstadt and Bordeaux inclusive, but if any line not party to this agreement should come into the business of taking Continental Steerage passengers, any passengers taken by such new line are not to form part of the account between the British Lines and N. D. L. V. Lines. In case of such new competition on the Continent (the Compagnie Generale Transatlantique excepted) the N. D. L. V. Lines have the right to suspend the agreement. The British Lines have the right to suspend the agreement if any N. D. L. V. Line or any other Line from the Continent competes therewith for Scandinavian and/or British Steerage business.

8910 4. That this agreement be subject to a power of suspension being exercised by any Line, should a new Line or steamer or steamers, outside of those of the existing British Lines, be started from Scandinavian ports, or take passengers from such ports, which new line, steamer or steamers, belong to or are chartered by any of the existing N. D. L. V. Lines, or in which any of the existing N. D. L. V. Lines should have any other interest, direct or indirect, the intention of the parties subscribing hereto being that no countenance, influence or support of any kind be extended to any Line, steamer or steamers, seeking to attack the British interests in Scandinavia.

Petitioner's Exhibit 913

8911

5. The British Lines agree to pay compensation to the N. D. L. V. Lines at the rate of sixty shillings per soul for any Continental business they carry in excess of their share of six per cent. The N. D. L. V. Lines in like manner undertaking to compensate the British Lines at the rate of sixty shillings per soul for all passengers the British Lines may be short of their allotment of six per cent.

A Continental passenger is a person of Continental origin, but the continuous residence of such a person in Great Britain for at least five weeks shall justify the British Lines in booking him as a British passenger. In like manner a British or Scandinavian passenger must have resided in the Continental country from which the steamer sails, five weeks before he can be booked by a Continental steamer.

8912

6. The Continental steerage gross rate of any British Line off a Continental port, (which includes 15 shillings commission and the actual local transportation, that is, from the Continent to the British port of embarkation), must not be lower than the lowest gross rate of the N. D. L. V. Line of the same port, and in the case of a Continental port not being frequented by steamers of a N. D. L. V. Line, the lowest gross rate of the British Lines off such port must not be lower than the lowest gross rate of any N. D. L. V. Line, but in case the British Lines are short of their allotment of six per cent, the Line or Lines of them which are short, may reduce their rate below the aforesaid minimum, provided the consent of the N. D. L. V. Line of the respective port, or in the case of a port not frequented by steamers of a N. D. L. V. Line, the consent of all of them is previously obtained. This consent is not required in the case of Lines not having a German license.

8913

8914 *Petitioner's Exhibit 913*

The British Lines and the N. D. L. V. Lines shall communicate to each other through the Secretaries their Steerage rate on the 25th May 1898, and any change in their rates 24 hours before it is published.

The prepaid rate of any Line shall not be below the equivalent of the Westbound rate at the following rate:

Mark 100	Dollar 24 1/2
" 110	" 27
" 120	" 29 1/2
" 130	" 31 1/2
8915 " 140	" 34
" 150	" 36 1/2
" 160	" 38 1/2

and the British Lines to pay the same commission as N.D.L.V.Lines.

The British Lines and the N.D.L.V.Lines mutually undertake that they will not book Steerage passengers as Second Cabin with a view to evading the conditions of this agreement. Any complaint by the N.D.L.V.-Lines to the Arbitrator should be considered by him with reference to the Second Cabin Continental passenger rate for Continental passengers being about £8 for Slow and £9 for Fast Lines off the Continental
8916 Port. The Arbitrator is not to take into consideration the Second Cabin Rate for British or Scandinavian passengers.

7. That the N.D.L.V.Lines hold themselves free to suspend the guarantee of six per cent for such time as the British Lines may decline to book or to carry Russian and/or Austrian traffic, or for that period during which international hostilities, measures of Governments, or epidemics prevent Russian and/or Austrian transit.

Petitioner's Exhibit 913

8. The American Line Southampton service, Cunard Line New York service, and White Star Line shall adopt for Continental Eastbound passengers to all Continental ports the lowest rate of the Norddeutscher Lloyd or Hamburg-Amerika Linie's Fast services to Bremen and Hamburg, except for their steamers "Germanic," "Brittanic," "Adriatic," "Cymric," "Aurania," "Servia," "Berlin," "Chester" for which steamers the said British Lines shall be allowed to charge to Bremen a two dollar lower rate than the Norddeutscher Lloyd Fast Service and to Hamburg a two dollar lower rate than the Hamburg-Amerika Linie's fast service, and the other British Lines' services shall adopt for Eastbound Continental passengers to each Continental port the lowest rate of the other N.D.L.V.Lines' services to the same port, and in the case of ports not frequented by a N.D.L.V.Line, the lowest through rate of any N.D.L.V.Line to such port.

(Italian and Oriental passengers excepted.)

The N.D.L.V. Lines shall inform the British Lines through the Secretaries of the Conferences in New York of any change in their rates and such changes must be followed in accordance with the foregoing within four days.

The British Lines shall pay the same commission as the N. D. L.V. Lines.

All rates shall be from the port of embarkation to the respective Continental port of debarkation. Passengers booked through to interior points shall be charged the actual railroad fare from the port of debarkation to such point. (Italian and Oriental passengers excepted.)

The Holland-Amerika Line and Red Star Line cannot reduce their Eastbound Continental rate for the purpose of competing with the Compagnie Generale Translantique by more than four dollars below the lowest rate of the British Lines, unless they obtain the consent of the Committee "A."

8917

8918

8919

8920 *Petitioner's Exhibit 913*

The Committee "A" shall consist of two gentlemen named by the British Lines, and two gentlemen named by the N.D.L.V. Lines, the latter to appoint the Chairman, the majority to decide, and in case the Committee cannot reach a decision, Mr. Thomas H. Ismay to act as umpire.

If any other Line than the Holland-Amerika Line and the Red Star Line desire to enter into this competition with the Compagnie Generale Translantique, the Committee will decide whether or not they are to do so.

9. The direct Mediterranean Services of the Lines
8921 parties to this agreement are excepted from this agreement.

10. Pool statements and settlements as between the British and N.D.L.V.Lines to be made monthly. For the purpose of controlling the proportions of the traffic full and an exact return of all Continental business by N.D.L.V.Lines shall be furnished to the Secretary of the North Atlantic Passenger Conference, 23 Water Street, Liverpool, (who will act as Secretary for British Lines under this agreement), such information for each month to be given, and all accounts to be made up before the 20th, and remittances to be made before the end of the month next ensuing. Remittances in
8922 compensation to British Lines to be made by Banker's draft on London, payable to the North Atlantic Passenger Conference. Remittance in compensation to N.D.L.V.Lines to be made as may be advised by the N.D.L.V.Lines' Secretary.

The British Lines shall for each month, and not later than the 15th of the next month hand in to the Secretary of the N.D.L.V. a list of the Continental passengers carried by them, showing the full names, the age of the passengers, the Continental Port from which received, and the steamer and date on which they have sailed.

Petitioner's Exhibit 913

8923

11. The British Lines agree that they will not establish, use or tolerate any agents' organization in Great Britain, America or on the continent, or countenance or take any steps for the booking of Continental passengers, except through their regular authorized agencies.

If it should be proven that contrary to this agreement a British Line has carried Continental passengers without accounting for them, a fine of £10 (besides the compensation money) shall be paid by the British Lines to the N.D.L.V.Lines for each passenger (Soul) so booked, and in case of a repetition of such offence by the same line, the fine shall be doubled.

8924

12. If the N.D.L.V.Lines fix the age of children carried at half rate from one to ten years, the British Lines guarantee to do the same so far as Continental passengers are concerned. They also agree to endeavor to adopt the same rule for British business.

13. This agreement is to commence on the 1st June, 1898, and to continue subject to any Line having the right to withdraw on giving three months' notice on or after the 1st March, 1900.

Passengers embarked for the British Lines from a Continental port on or before the date of termination of the agreement, shall be accounted for although they may sail from Great Britain at a later date.

8925

14. All parties mutually agree that any disputes or claims between any of them or between any more of them, and the rest of them arising out of any alleged breach of this agreement shall be settled by Arbitration as follows:

a) Arbitration proceedings in Europe shall take place at London.

b) Notice in writing of intention to prefer a claim shall be given, in reasonable time, to the party com-

8926 *Petitioner's Exhibit 913*

plained of signed by, or on behalf of, the complaining party, and stating the nature and also particulars of the claim. Such notice shall as to any party hereto be deemed properly served if sent by post prepaid in a registered letter, duly addressed to the principal office in England of such British Line and to the principal office on the Continent of such N.D.L.V.Line, and shall be deemed to have been delivered in the ordinary course of post.

c) Unless the disputing parties mutually agree to the appointment of a single Arbitrator within 14 days
8927 from the date of the aforesaid notice, each party shall without delay, appoint in writing an Arbitrator to act on his behalf, and the two Arbitrators so chosen, shall appoint an Umpire.

d) Should either of the parties fail to appoint an Arbitrator within twenty-one days after notice of the intended reference has been given and for seven days after service upon him or them of notice in writing by the other disputing party or parties appointing his or their Arbitrator, then the one Arbitrator who has been chosen may if so required by the party or parties who appointed him proceed to act as sole Arbitrator in the reference, whether the party failing to appoint an Ar-
8928 bitrator appear before him or not, and the decision of such sole Arbitrator shall be final and binding.

e) The Arbitrator or Arbitrators shall alone have power to determine whether any claim preferred comes within the terms of this Agreement, and also as to which of the parties shall pay the costs of the reference.

f) The Arbitrator or Arbitrators shall take into consideration whether from the cirsumstances disclosed it appears that proved breaches are isolated offences, or whether they are incidents in a systematic

violation of this Agreement, and shall impose penalties accordingly.

g) The fine or damages for breach of this Agreement, by any party hereto shall not be less than £ 50, nor more than £ 500, sterling or the equivalent for each breach and for breach by any agent the fine or damages shall not be less than £ 5 nor more than £ 100.

h) Any fine imposed on any party hereto shall be payable within ten days from the date of the notification of the award. In case of an Agent failing duly to pay the amount of any fine he shall *ipso facto* be disqualified from acting in any capacity for any party to 8930
this agreement and each party hereto undertakes not to employ him and if continued as Agent by any party hereto or re-instated without the consent of all parties hereto during the continuance of this Agreement it shall constitute a breach hereof by the party employing or re-instating him.

Each party hereto agrees that the amount of any fines or damages to be imposed upon him or them by the Arbitrator or Arbitrators as above provided shall be treated as the liquidated and ascertained damage for the breach of this Agreement complained of and not in the nature of a penalty or under any circumstances be regarded otherwise than as the true and ascertained 8931
damages resulting from the breach and each party hereby irrevocably declares him finally stopped from raising any contrary contention.

i) The Arbitrator or Arbitrators shall notwithstanding they may have made and published an Award have power to re-open and re-consider the same and to hear further evidence and to make a fresh Award provided cause be shown satisfactory to him or them within one week after the Award is first made and published, or if the Arbitrator or Arbitrators see cause to extend the time, then within three weeks of the issue and publication of the said Award.

8932 *Petitioner's Exhibit 913*

j) For the purpose of proceeding either legally or by Arbitration this contract shall be deemed to be made in England and to be performed there, and any disputes arising hereunder shall be settled according to the law of England, wherever the domicile, residence or office of business of the parties to this Agreement may be or become.

k) All and singular the provisions of the Arbitration Act, 1889, or any statutory modification or amendment thereof for the time being in force, shall be applicable to any Arbitration hereunder.

Hamburg American Line,
(Passenger Department)
Hamburg.

Re New York & Continental Line.

We acknowledge the receipt of your favor of March 26th and submit to you per enclosure the first sailing
8939 list of this Line.

We cabled you on April 3rd, that the North German Lloyd had stopped booking for s/s Barbarossa, April 9th from here, and that this would benefit Volturno, April 11th from here, and also s/s Petersburg, leaving today. We therefore proposed to the Lloyd, to continue booking for the Barbarossa, and to transfer any surplus to the Amerika, leaving April 9th on account of the Atlantic Conference. However your cable of April 6th showed us that this was impracticable and consequently the Lloyd has not reopened the bookings.

In this connection we will mention that the Kaiser William der Grosse leaving here on the 7th, was
8940 strongly overbooked at the rate of $36.00, and that of these passengers about 150 were transferred to the Pottsdam, sailing on the 8th and—strangely—about 200 to the Barbarossa. Owing to the difference in the rates of the steamers, the Lloyd was compelled to return $12 to every passenger transferred to the Barbarossa. We had made it optional for the Lloyd to transfer the surplus to the Amerika as this would have obviated the necessity of returning any part of the rate received. At the same time we wished to give the Lloyd an opportunity to book new passengers for the Barbarossa. The Amerika leaving tomorrow, owing

Petitioner's Exhibit 1650

8941

to her rate of $38.00 will naturally have few passengers.

The Pretoria, after being compelled to touch at Halifax on account of a shortage of coal, will sail from this port on the 14th inst., instead of on the 11th, and this delay will give the Volturno some of our passengers. In spite of that we hardly think that the Richards firm will receive more than 500 or 600 passengers, unless they do some more stunts. We, on the other hand, expect so far to carry 2,000 passengers on the Pretoria.

We also confirm our cable of the 7th inst., in which we reported to you that the next sailing of the Continental Line per s/s Avoca from this port has been set for April 23d. We also asked, what steps we should take to meet this competition and are still awaiting your answer. In the same cable we intimated that Richards & Co. are willing to raise the rates for the Avoca and the s/s Kherson of the Volunteer Fleet the latter sailing on the 22nd inst. from here, to $30.00. You may now decide whether it is advisable to give the Continental Line and the Russian lines the opportunity to secure the business at higher rates, or to force the rates downward as far as possible.

8942

Very truly yours,

8943

8944 **Petitioner's Exhibit 1651.**

Re New York & Continental Line.

Referring to our cable of yesterday, informing you, that s/s Volturno had sailed from this port with 473
8945 passengers, we beg to state, that the line had made preparations to carry 1400 passengers on the Volturno originally, soon came down to 700 with their calculation, and finally even this guess proved entirely too high. Our Pretoria, which sailed this afternoon carries 2327 steerage passengers, and 400 more, that were overbooked, will be transferred to s/s Noordam, sailing tomorrow from this port.

Hence we believe to have won with eclat the first struggle with the Continental Line.

We request you to kindly let us know, whether the accounting for the 400 passengers with the Rotterdam Line is to be looked after abroad or here, in the latter
8946 case, at what rate?

Enclosed we hand you a placcard, advertising the next sailing of the Avoca from this port, April 25th, which is especially noteworthy, because it also contains an advertisement of the Russian Volunteer fleet. It might be of advantage to call the attention of the Russian Volunteer Co. to the fact that Richard & Co. and the Continental Line is competing with the Russian Volunteer Fleet on the same posters.

Yours very truly,
Sig. E. LEDERER.

Petitioner's Exhibit 1652.

8947

Translation.

April 22nd, 1908.

Per La Touraine.
Hamburg American Line,
(Passenger Department)
Hamburg.

We beg to report that the s/s Kherson of the Volunteer Fleet sailed today with 23 cabin and 802 steerage passengers, as per cable sent. The official rate was $24. but Richard & Co. have paid commissions as high as $6.00 to some agents, and in addition we have learned, that in one case, concerning a group of 45 8948
Bulgarians they even gave three free passages to Rotterdam. The 802 steerage passengers mentioned include the passengers booked for s/s Avoca of the New York & Continental Line.

The North German Lloyd s/s Seydlitz, sailing from here tomorrow will carry 1800 passengers, her full capacity.

During the entire month of May the Volunteer Fleet has no sailings from this port, while the Russian East-Asiatic Steamship Company announces the sailing of s/s Korea, April 30th from here and Estonia, May 27th. The latter sailing however is still uncertain.

8949

The New York & Continental Line announces the sailing of the s/s Jelunga, from here, May 7th, while the sailing of the s/s Avoca, which, as we have reported already had to touch at Halifax owing to damage in her machinery.

Your cable of this date, bearing the instructions to reduce our steerage rate to $28.00 unfortunately arrived here too late to enable us to secure a correspondingly larger number of passengers for the s/s Kaiserin Auguste Victoria, sailing tomorrow, and for the s/s President Lincoln sailing on the 25th inst.

Yours very truly,

Sig. E. LEDERER.

8950 **Petitioner's Exhibit 1653.**

Translation.

April 24th 1908.

Per St. Louis.
Hamburg American Line,
(Passenger Department)
Hamburg.

We have taken aboard the Kaiserin Auguste Victoria, sailing yesterday from here, 385 adults, 17 children and 11 infants that had been booked for s/s Seydlitz, which sailed with 1935 steerage passengers, her
8951 full capacity. We request you to inform us, whether the accounting for these passengers with the North German Lloyd is to be attended to aboard or here, and if here, at what rate?

We also confirm our cable of yesterday, in which we reported that the sailing of the s/s Avoca of the New York & Continental Line has been set for April 23d at the rate of $23 to Rotterdam, $26 to Hamburg and $25 to Bremen. However it is still doubtful, whether the steamer will be able to keep this sailing date, and if there is any change, we shall again cable.

Very truly yours,

Sig. E. LEDERER.

8952

Petitioner's Exhibit 1654.

8953

Translation.

May 1st 1908.

Per Philadelphia.
Hamburg American Line,
(Passenger Department)
Hamburg.

We have accepted for tomorrow's sailing of s/s President Grant about 700 steerage passengers the North German Lloyd had booked for the s/s Lutzow, sailing April 30th from this port. They were booked at the rate of $24, and as the rate for the s/s President Grant is $28, we request you to advise us, whether the accounting for the passengers taken over from the Lloyd is to be attended to aboard or here, and if the latter at what rate.

8954

In conjunction with our cable exchange of the last few days, we hand you herewith the circular issued by the united Italian lines, mentioned in our cable of April 30th, containing their new rates for the continental passenger business. We also enclose several other circulars of individual lines concerning the same business, also a circular issued recently by the New York & Continental Line, concerning the sailings of the steamers Avoca and Jelunga. The Avoca had booked 380 passengers for the sailing, which originally had been set for April 25th. On account of the postponement of the sailing until May 5th, 200 passengers were transferred to the s/s Nord America of La Veloce, sailing from this port May 5th.

8955

It may interest you to learn, that the Ancona of the Italia sailed on April 22nd with 469 continental passengers, the Florida of the Lloyd Italiano April 25th from this port with 275 continental passengers, the Nord America, April 25th from here with 258 and the Piemonte of the Lloyd Sabaudo April 30th from here with 390 continental passengers, so that among the passengers carried by the steamers mentioned there were almost 20 per cent of continental passengers.

Yours very truly,

Sig. E. LEDERER

8956 **Petitioner's Exhibit 1655.**

Translation.

May 4th 1908.

Per La Provence.
Hamburg American Line,
(Passenger Department)
Hamburg.

We confirm our respects of May 1st, with which we submitted to you among others a circular of the united Italian lines with new rates for the continental business, and we also beg to refer to our cable of March
8957 4th, reporting to you, that all agents had received orders of the strictest sort, not to book any continental passengers over Italy. Enclosed please find our circular to agents, similar instructions having been issued by all other continental lines to their agents. Without doubt, this strong pressure exercised upon the agents will not fail to have its effect, although the reduction of the passenger rate to $17 by the Italian lines, allowing $4 commission and extra commissions of $1 to $2 mentioned by our cable, may have a certain alluring effect and result in making it impossible to eliminate such bookings altogether. On the whole however, the orders issued will in all probability have the effect,
8958 of keeping the agents somewhat under controlling influence. Your cable of the 4th, in which you inform us that the British lines had decided to disqualify agents who bring business to the Italian lines, at least gives some guarantee that the threatened disciplinary rule will be more effective, than if the continental lines were taking this stand alone.

In connection with this matter, it will probably be of interest to you to learn, that we sought to have the agents Zotti & Co. disqualified as the chief offenders against the rules of the conference, they not alone giving continental business to the Italian lines, but also

Petitioner's Exhibit 1655

8959

acting in Chicago as general agents for the Volunteer Fleet and the New York and Continental Line. However we did not succeed so far, the motion to disqualify Zotti & Co. being voted down at the Continental Conference on May 2nd, as you will see by the report of the session enclosed. The lines that voted against the proposition were the Cunard and the Red Star Lines, strangely balking at the suggestion, probably because they have received a considerable amount of business through the firm of Zotti & Co., which they feared to lose through the disqualification of the firm. Since then we have not undertaken any specific steps against Zotti & Co., because there had not been presented specified complaints against them, but we have bought test-tickets which prove that Zotti & Co. pay no attention whatever to the rules of the conference. Based upon this material we shall seek to compell the other lines to join us in order to disqualify Zotti & Co., being convinced that such proceedure would have a salutory influence upon other agents that are inclined to ignore the rules of the conference.

8960

In our cable of April 18th we mentioned our intention to fix the rate for s/s Hamburg, sailing on May 14th from this port, at $20. However it has been shown that the other Mediterranian lines having reduced their rates to $10 net, this move is not practicable. Furthermore the Italian lines also have reduced the rates to Palermo and Messina, which always have been $3 higher than that to Naples, to $10 net. We had in consequence decided to fix the rate for the Hamburg at $15 and possibly pay extra commissions, in order to secure a full shipload. In the meanwhile the North German Lloyd has, as we cabled to you today, reduced the steerage rate to Italy to $10 and we will be compelled to follow suit, in reducing the rate, as mentioned in our cable.

8961

8962 *Petitioner's Exhibit 1655*

We acknowledge receipt of your favor of April 27th, gratefully taking note of your remarks regarding the accounting of the passengers overbooked at the competitive rates against Volturno and transferred to s/s Noordam. We will settle with the Holland-American Line and the White Star Line as per your instructions, with the understanding that any possible difficulties will be disposed of abroad. From the Holland-American Line we have received word that it has been decided to accept settlement at our then rate of $23, plus railroad fare from Hamburg, and this has been attended to. The rate of the Noordam at that time was
8963 $34.

Referring to our cable of yesterday, informing you that the Avoca of the New York & Continental Line had sailed with 625 steerage passengers, being filled to her capacity and leaving behind 45 passengers that are to be transferred aboard the Jelunga, sailing May 9th from this port, we beg to add that this weeks competition of these steamers and the efforts made by the Italian lines could not succeed in preventing that the Amerika sails tomorrow, occupied to her capacity in the IIId Cabin and in the steerage as well. In this connection we also confirm our cable of this date, informing you in reply to your cabled request, that up
8964 to May 1st, we only had 80 advices for the Amerika, but that the city business suddenly soared and enabled us to have a full ship at sailing time.

Enclosing the circular of the Italian lines, concerning general reductions in rates, mentioned in the opening part of this letter, we remain

Very truly yours,

Sig. E. LEDERER.

Re North West Transport Line.

In conjunction with our cable of this day we hand you per enclosure the circular mentioned, issued by the Messrs. C. B. Richard & Co., announcing the organi-
8969 zation of this line and placing in prospect a regular passenger service between New York and Rotterdam, comprising the steamers Uranium, Hellium, Tithanium, Volturno and Avoca. Opening this service the Volturno is announced to sail from this port on February 27th, the steerage rates being; to Rotterdam $28, to Antwerp $29, to Hamburg and Bremen $30, commission $3. Upon the arrival of the steamer in this port, we shall probably cable again and submit some propositions, if the competition really is of a serious nature. Business at present is very small you know, and owing to the hard times the small outside agents are unable to successfully compete with the regular
8970 agents, so that the Messrs. Richard & Co., will have, unless we err very much, a very difficult time, to gather any large number of passengers for the steamer.

Very truly yours,
HAMBURG AMERICAN LINE,
Sig. E. LEDERER.

November 12th 1909

Hamburg American Line,
(Passenger Department)
Hamburg.

Re Graf Waldersee, Oct. 8th from New York.

In conjunction with your cabled query of yesterday and our reply thereto, also with our respects of the 11th, we beg to reply, that the competitive rate for this
8987 steamer was placed originally at $24, with $2 commission. When, however the North West Transport Line met this rate of ours with an increase of their extra commissions immediately, we were compelled to lower our rate and we fixed it at $22, minus $2, as told in our letter. Consequently there were booked for this steamer some passengers at the regular rate of $35, a small number at that rate of $24 and the others at the $22 rate, being accounted for to you accordingly.

Very truly yours,
HAMBURG AMERICAN LINE,
Sig. E. LEDERER,
Assistant to the General Manager.

Re Northwest Transport Line.

S/s Volturno of the above line was scheduled to sail from this port, December 31st at a rate of $25, minus $3. Our small committee consequently decided 8996
that the Princessin Irene of the North German Lloyd, sailing December 30th from here should book at the rate of $24 minus $2. The sailing of the Volturno was then deferred to January 1st and the committee mentioned designated s/s Russia as competitor also at the rate of $24, minus $2. When the North West Transport Line replied to this move with a reduction of their rate to $23, minus $4, the rate for the two competitors was lowered to $22, minus $2. The worst of the matter is, that Volturno has not yet arrived in port at all, and hence it may be anticipated, that there will be another postponement of her sailing day, so that a third competitor will have to be pitched against her.

For our Prince Adalbert, leaving here on the 30th, 8997
the outlook, at the eastbound rate of $35, at all events being very poor, and the steamer not having a passenger license, we prefer to let her sail on this trip without passengers.

We wished to make you acquainted with the exceptional circumstances in this case, and sign.

Very truly yours,
HAMBURG AMERICAN LINE,
Sig. E. Lederer,
Assistant to the General Manager.

Hamburg.

Re North West Transport Line.

Pitted against s/s Uranium of the above line, which originally was scheduled to sail from this port on January 15th, the rate, for the Graf Waldersee, sailing
9005 on that date, was fixed at $24, minus $2, the Uranium's rate being $25, minus $3. When the departure of the Uranium was deferred until the 18th and the rate for her lowered to $22.00 with commissions of $3.00, $4.00 and $5.00 our committee also designated the Estonia, sailing on the 18th, at the rate of $22.00 minus $2.00.

Graf Waldersee carried 439 steerage passengers at the rate mentioned, and the Estonia, sailing tomorrow will in all probability obtain about 250. However, as the sailing date of the Uranium has again been postponed—this time ostensibly on account of delayed freight—until next Saturday, Jan. 22nd, our committee decided to place the Lapland as third competing
9006 steamer at the rate of $22, minus $2.00 into competition.

Very truly yours,
HAMBURG AMERICAN LINE.
Sig. E. Lederer,

New York.

Dear Sirs:

Atlantic Conference Meeting Nov. 25th.

* * * * * * 9212

Transportation to and from London and Paris.

We note your views and are quite in accord as to the desirability of all the Lines agreeing to give up this free transportation to and from London and Paris. We have tried to secure joint action to this end but without avail, and we do not think there is any prospect of securing such an agreement.

In view of what you write we do not propose for the present at any rate, to include transportation to and from London and Paris by our Liverpool service as we quite agree the cost to the company would be a very big item and are pleased to note you do not feel the action of the Cunard Co. in this respect has hurt us to any appreciable extent. 9213

We are writing the Cunard Co. that we are willing to fall in with their suggestion should the other Lines interested also agree. This, of course, so far as our Channel services are concerned, which are the only services by which this transportation is included so far as we are concerned.

Yours faithfully,

For Ismay, Imrie & Co.,

A. B. C.

9214 **Petitioner's Exhibit 1737.**

December 8th, 1909.

Mr. Lawson Sandford,
Secretary Passenger Conferences,
17 State Street, New York.

Dear Sir:

We have received from our Liverpool Office the minutes of the Atlantic Conference meeting held in London on November 25th, and have been asked to bring to the attention of the Lines here, certain Minutes of this meeting.

9215 Minute No. 13 Agreement H-2: A sub-committee was appointed to consider this subject, which reported as follows:

> "H-2 Agreement. This Agreement was discussed noted that it is the intention that passengers booking first or second-class from America outward by one line and return by another before making the outward voyage are to have the benefit of this Agreement as regards their return ticket. The New York representatives to discuss this question with the view to arranging the simplest method of covering the point. (Signed) Ad Storm."

9216 In connection with this our Liverpool office write us as follows:

> "Agreement H-2 was discussed at some length, and the Hamburg American Line put forward certain suggestions for collecting a fee for transfers and making a deduction in case of refund on prepaid tickets. The feeling, however, was in favor of making this agreement work as smoothly as possible for the passenger with the idea of encouraging the purchase of prepaid tickets.

Petitioner's Exhibit 1737

9217

In the event of a passenger booking out by one line, and taking a return ticket by another line, it is understood that the return ticket is to come under this Agreement, and it is left to the New York Agents to consult together as to the simplest way of handling this point to secure the desired result."

Will you kindly bring the above matter to the attention of the Lines so that it may be promptly considered, and oblige,

Yours very truly,

PASSENGER DEPARTMENT.

9218

Per

9219

9220 **Petitioner's Exhibit 1738.**

December 7th, 1909.

Messrs. Ismay, Imrie & Co.,
Passenger Department,
Liverpool.

Dear Sirs:

Atlantic Conference, London November 25, 1909.

We are in receipt of your favor of the 26th ulto., enclosing the Minutes of the Meeting of the above Conference which we have very carefully noted and for which please accept our thanks.

9221 Minute 13—Agreement H-2: We note your remarks, and will place the subject before Conference here at the earliest possible moment with a view to having it discussed by the lines and a decision arrived at.

The other Minutes to which you particularly draw our attention are very carefully noted, and we are now awaiting the result of your efforts to advance the Second-class rates, which we trust will be successful.

Yours very truly,
PASSENGER DEPARTMENT
Per

9222

Petitioner's Exhibit 1739. 9223

December 7th, 1909.

Messrs. Ismay, Imrie & Co.,
Steamship Department,
Liverpool.

Dear Sirs:

Atlantic Conference Meeting November 25th.

We are in receipt of your favor of the 27th ulto., enclosing copy of the Minutes of the above meeting in London, which we have very carefully noted.

Minute No. 13: Your remarks regarding Agreement H-2, are carefully noted, and this matter will be brought up before the Conference here at the earliest possible moment. 9224

Minute No. 17: We regret you were not successful in having the Cruise business exempted from the Agreement, but consider that what you were able to get was the next best thing.

Minute No. 24: We regret to note that the German Lines were not satisfied with the first and second-class rates you were willing to take for the "Laurentic" while in the New York trade and that the question has gone to arbitration. In the meantime we are quoting £16.10 first-class and £9 second-class and presume you will promptly advise us the arbitrator's decision. 9225

Minutes 18, 20 and 21: We trust that the Lines will agree to advance the second-class rates, as the feeling here is that next year second-class business especially should be very heavy, and we think we all ought to be in a position to take advantage of it.

Baggage Checking System: Your remarks are noted, and if the Cunard Line will agree to adopt this system for their Mediterranean Service, we approve of its adoption also by our Line.

9226 *Petitioner's Exhibit 1739*

Transportation to and from London and Paris: We must say that we do not see much merit in the Cunard Line's suggestion, except that it produces to a certain extent a pressing burden on the Channel Services. Our feeling is and has been for sometime, that there is no material benefit to any line in the giving of free fares to London and Paris, and we are strongly in favor of a discontinuance of this free fare of course, provided all lines would agree.

In our opinion our New York-Liverpool Service has this year been less affected by the severe competition of the Cunard Line than our Channel Services, we
9227 having not only held our own on the Liverpool Service but made a slight gain, and we do not consider the practice of the Cunard Line of giving free tickets to London or Paris has hurt us to any appreciable extent, and in any event, whatever damage they may have done we do not consider could at all be compared to the cost to us if we were to inaugurate the practice of giving free tickets between Liverpool and London and Paris.

Yours very truly,
PASSENGER DEPARTMENT,
Per

9228

Petitioner's Exhibit 1740. 9229

AMERICAN LINE.

Liverpool, July 29th, 1910.

American Line,
Passenger Department,
6, Bowling Green,
New York.

Dear Sirs,

A. C. Agreement Westbound Third Class Business.

It was decided that in view of American Line's Philadelphia service position in relation to Westbound 9230
carryings that the British rate for this service be advanced by 5/—making the Westbound prepaid rate $30.00.

We therefore cabled you yesterday:

"Advance British Prepaid Rate third class Liverpool Philadelphia Service $30,"

which we confirm, and which we are sure has had your usual prompt attention.

Yours truly,

For the American Line.

9231

9232 **Petitioner's Exhibit 1741.**

III CL. PASS.

July 29-10.

To The Manager,
American Line,
Liverpool.

Dear Sir:

Prepaid Rates. We beg to confirm receipt of your cable of the 28th as follows:

"Advance British Prepaid rates Third Class
9233 Liverpool-Philadelphia Service $30.00."

On receipt of this we promptly advised Philadelphia and also telegraphed the other general offices to increase the British prepaid rates for your service by $1.25. We take it that this increase is due to our position under the Westbound Agreement.

Yours faithfully,
AMERICAN LINE,
Per

9234

Petitioner's Exhibit 1742. 9235

AMERICAN LINE,

Liverpool, June 11th, 1910.

American Line,
Passenger Department,
9, Broadway, New York.

Dear Sirs:

A.A. Agreement—Westbound.

In view of the fact of the American Line becoming minus party is in sight, it was decided to reduce the rates off Havre and Cherbourg for American Line Southampton Service, and we cabled you yesterday accordingly as follows, which we confirm: 9236

"American Line Service New York Southhampton Reduce Continental Prepaid rates from Havre $35 from Cherbourg $33."

Yours faithfully,

For the American Line.

Per

9238 **Petitioner's Exhibit 1744.**

May 6-10.

Messrs. Ismay, Imrie & Co.,
Passenger Department, *Third Class.*
Liverpool.

Dear Sirs:

Continental E. B. Rates "Philadelphia."

We confirm your cable of the 6th as follows:

"Reduce Continental steerage rate Philadelphia May 7th. Hamburg Bremen Rotterdam Antwerp to $25.00,"

9239 and our reply:

"Referring to your cable of May 6th Continental rates Philadelphia instructions received too late to have any effect."

We felt that little if any good would be effected by advising agents of the further reduction in rates. As far as points outside of New York are concerned it would be of no use whatsoever as in the majority of cases passengers books at least 24 hours before sailing and as far as this city is concerned, putting out the reduced rate now we don't think would result in any appreciable gain and would only cause claims on the part
9240 of passengers booked at the $27 rate for refund of the difference and leave the door open to manipulation of the rates by some agents.

While the "Sicilian Prince" reduced their rate, which we assume accounts for your cable, the "Prince" boats that are employed in the Northwest Service are by no means as well known and as popular as the other vessels. Under all circumstances we concluded that nothing could be gained by putting out the reduced rate so close to sailing time and we trust that you will approve our action in this respect.

Yours faithfully,
WHITE STAR LINE,
Per

Petitioner's Exhibit 1745.

9241

Copy of Cable.

Liverpool to Internavco, N. Y., May 6th, 1910.
Reduce Continental Steerage rate Philadelphia May 7th, Hamburg Bremen, Rotterdam, Antwerp to $25.00.
(Copy to Vice Presidents and Third Class Dept.)

Petitioner's Exhibit 1746.

Feb. 8th, 1910.

Messrs. Ismay, Imrie & Co.,
Passenger Department, *Third Class.*
Liverpool.

9242

Dear Sirs:

Manifesting E. B. Aliens. We have read with interest your comments on the proposal of the authorities to have these manifests completed before the sailing of the steamers and we are pleased to say that as result of the protest made by the lines and the special visit of Secretary Sandford to Washington the authorities have at least for the time being held in abeyance their request for the change in the method of procedure.

Northwest Transport Line. We enclose copy of circular of F. Vessely & Co., Agents of this line, which is explanatory. You will see that they are making some inroads on westbound business if the statement is correct that the "Uranium" secured 1100 passengers. Shall be interested to know if there is any truth in the statement regarding the three new twin-screw steamers to come out in March. Of course we were aware that they had purchased the "Heliopolis" and "Cairo" but surprised to see that they have also secured another vessel.

9243

Yours faithfully,
WHITE STAR LINE,
Per

Dear Sirs: 9248

Your favour of the 8th. instant to hand, contents noted.

Joint Passenger Tariff B-3 Supplement No. 3 to Joint Tariff C-2—Extensions.

We duly received the three copies of this tariff supplement which arrived per S.S. "Laurentic," for which we are obliged.

Advertising matter. Copies of recent issues duly received, for which we thank you.

"Zeeland's" Scandinavian & Finnish Rates. We have before us your rate sheet dated 1st. February from which we notice that you have shown the Scandinavian and Finnish prepaid rates for the "Zeeland" as 9249
being $36.00 and $39.00 respectively, but these should read $38.75 and $41.75. Will you please make the necessary correction.

Yours faithfully,
For ISMAY, IMRIE & CO.

9250 **Petitioner's Exhibit 1751.**

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

We desire to refer to your letter of the 6th of September which has reference to Mr. Peters' letter No. 5233 dealing with the information received from the New York Office of the Anchor Line regarding agents Iz. Herz, 2 Carlisle Street and the European S. S. Co. 115 First Street. In reply to your inquiry as to whether these agents are disqualified will say Mr.
9251 Herz represents practically all the Conference Lines (British and Continental) and there has been no thought of his disqualification on account of the character of the advertisement in the newspaper "Russky Golos" referred to. The European S.S. Co., 115 First Street, represents only the Uranium S.S. Co.

The advertisement of Mr. Herz was considered rather clever, it being inserted by him as an offset against the advertisement of the Uranium Line put in by the European S.S. Co. simply to catch business which he thought otherwise would drift to the Uranium Co. although Messrs. Oelrichs & Co. have advised him that it would be best not to continue this
9252 sort of advertising. There is no doubt that it is not agent Herz alone but all the Continental agents are expecting or looking for so-called cheap-rate steamers and as soon as they are announced do everything possible to hold passengers for these departures.

Yours faithfully,
RED STAR LINE,
Per

9255

9256 **Petitioner's Exhibit 1753.**

N. D. L. V.

No. 5233. Jena, September 5th, 1910.

To the Parties.—Fighting Steamers Against the Uranium S.S. Co. (G. 967).

I refer to the information given by the New York agency of the Anchor Line in G.961. What was stated in the letter in question has been confirmed by the advertisements reproduced in the appendix; these were sent me by Russamerica in the original copy and in a
9257 translation of the same. As long as advertisements of this kind appear only in Russian, the matter is not so bad as few passengers read Russian; but it is to be assumed that the matter will take on greater dimensions. The idea is evident, namely, that agents of the Uranium are endeavoring to attract passengers who would not travel by that line. It is improbable that they are Conference agents and that they would really make bookings for the proposed fighting steamers, as their doings would certainly be brought home to them.

The most practical means of meeting such methods would be to install very slow sailing steamers as fighting steamers; and if there were no special objections to this course, it might be of service to make use of the
9258 steamers of Russamerica who have declared their willingness to postpone the sailing of both of their steamers by two days, that is, to the sailing day of the Uranium Company.

A fair agreement could also be come to with them (Russamerica) to cover the case in which the Uranium should repeat their previous manoeuvre of putting forward their sailing-day.

Respectfully,

Petitioner's Exhibit 1753 9259

War! War!

Do you know between whom?

All the shipping companies, having united their forces, have been carrying on a competition for some time against a new shipping company. On this account the united companies are lowering the price of the passage to Europe by their best steamers. This is quite true. On June 9th the express steamer "Prinz Friedrich Wilhelm" sailed from New York and the price for the passage by her to Bremen was only $24, although the usual price is $35. This competition is being still carried on. Why should not the opportunity be turned to advantage? Travel back to your homes on 9260
the following, days: *18th August, 1st, 15th and 29th September. We assume that on these dates the fare for the passage across the ocean will be considerably less than usual; it is extremely likely that it will be so.* Secure a berth for yourself in anticipation by the sending of only $1 as deposit. Do not squander your money without advantage by paying dear for the passage to any swindling agent. In addition to the sailings on the dates indicated, express steamers sail three times in the week for all the ports of Europe.

We also sell steamer tickets for the Journey from Europe to America. We see to the consular papers for travellers to Europe, as well as to all the other documents necessary for travelling, for a fee of $1.60. In 9261
the case of those who do not possess papers of any kind we do what is necessary to obtain passports for them. We send money to Europe and see that it reaches the persons for whom it is intended within 12 days. We perform notarial duties for Russian subjects and persons. We draw up deeds, and authorizations of all kinds; we attend to the documents necessary in connection with military service, etc.

Apply personally or in writing to:

Isidore Herz, Dept. R. 2, Carlisle St., New York. (Telephone 2239 Rector).

9262 *Petitioner's Exhibit 1753*

2).

23 Dollars. 23 Dollars.

23 Dollars. Steamer tickets to Europe. 23 Dollars.

For 23 Dollars you will be able to travel to Hamburg, Bremen, Rotterdam and Antwerp—and for 31 Dollars to Libau—by first class, express steamers. If any person wishes to avail himself of this opportunity, let him send us a deposit of $3, and we shall a good berth for him on the steamer. Do not believe other agents who promise to send you cheaply to Europe. This is untrue. They make this assertion in order to

9263 entice you and then fleece you. We only can sell you cheap steamer tickets, as we do not have any agents to whom we must pay commission. 30 Dollars for the steamer tickets from Europe. 30 Dollars.

EUROPEAN STEAMSHIP CO.,
115 First Street, N. Y.

Petitioner's Exhibit 1754. 9265

111 CL. PASS.

Nov. 11-10.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

Uranium Competition.

The "Grosser Kurfuerst" which sailed Thursday in competition with the "Volturno" had 1781 passengers and the Lloyd informed us that they shut out considerably over 1000. In fact the revised figures they give us are 1550. These they are transferring to the "Pennsylvania" of the Hamburg Line sailing tomorrow. You will therefore see the steamer was very heavily overbooked. This is due entirely to the long advance notice of the reduced rate, which was given to the agents. The circular of the Lloyd was dated Nov. 1st, 10 days prior to the sailing of the ship. We all feel that this advance notice seriously effected the bookings of other steamers which are maintaining regular rates. As an instance the "Lapland" on Wednesday had a comparatively small number of passengers, whereas under ordinary conditions we would have looked for 600 to 700. 9266

The "Volturno" we understand from fairly authentic sources sailed with 625. Of course it is to be presumed that she would have had more passengers had it not been for the low rate in force for the "Kurfuerst," but we are inclined to feel that it is a mistake and tends to demoralize business to put out these rates so far in advance of sailing. The situation can be met for a Thursday sailing by sending the notice out not earlier than the previous Saturday. However as Mr. Van Reuchlin of the Holland American Line is now here it is possible our Vice President will have an opportunity of discussing this question with him. 9267

Yours faithfully,

RED STAR LINE,

Per

Jan. 25-10.

Red Star Line,
Passenger Department,
Antwerp.

Dear Sirs:

Northwest Transport Line Competition.

As advised you in our letter of the 21st. the rate for the "Lapland" was reduced to $22 in competition with
9275 the S.S. "Uranium" of the Northwest Transport Line, the results being as follows:

S. S. "Uranium,"	90 passengers		
S.S. "Lapland,"	*Ad.*	*Ch.*	*I.*
At $35 rate	62	2	0
At $22 rate	307	19	12
Bondables	15		
Belg. Consular Orders	1		
	385	21	12

We did not cable you as Secretary Sandford cabled Mr. Peters the results as above.

9276 Yours faithfully,
RED STAR LINE,
Per

Petitioner's Exhibit 1758.

9277

III CL. PASS.

Jan. 26-10.

Red Star Line,
Passenger Department,
Antwerp.

Dear Sirs:

"Lapland" Sailed 22nd Competitive Rate.

Referring to our letter of yesterday in which we have given you particulars as to the passengers secured at the competitive rate of $22 against the "Uranium," 9278
we overlooked mentioning that there were a number of passengers from New England points who, on account of the delay to the Fall River Line steamer, caused by a severe storm, did not reach New York in time to sail by the "Lapland." Four of these arrived in time to sail by the "Baltic" and went forward on that vessel; eight sailed yesterday by the "Kronprinz Wilhelm." We first took up the question of transfer with the Small Committee who gave their approval so that it will be quite in order for the White Star and Lloyd to receive the usual compensation.

Yours faithfully,
RED STAR LINE,

P. S. *"St. Paul" Saturday.* We are just in receipt of cable from Liverpool as follows:

> "Reduce Continental steerage rate St. Paul April 30 Hamburg Bremen Rotterdam Antwerp to $27 commission $2.00."

the reason for which action is fully understood and circulars will be sent to our agents at once.

Petitioner's Exhibit 1763. 9289

(American Line.)

THIRD CLASS.

Southampton, Sept. 14, 1910.

The American Line,
New York.

Dear Sirs:

* * * * * *

Eastbound Rates. Since you wrote your letter acknowledging cable from Liverpool reducing the British rate to $31.25, you will have received a cable announcing a $1.25 advance by all Lines, thus restoring the British rate to $32.50 which is now our normal rate. 9290

We are sorry to hear the reduced rate we have made to Hamburg will have but little effect. We do not see how we can make a lower rate than $32.50, as it it obvious it would hardly do to make a lower rate to Hamburg than to Southampton and London.

We quite agree that a reduction in the Oriental rate would be the best way to equalize our position under "AA." Unfortunately we are in the plus under the "Medit." and are afraid we shall not be able to advise you to reduce rates. 9291

Commercial Allowance on Inland Fares. We are pleased to note from the circular you enclose that the B and O have followed the Erie in payment of commission on first-class business direct to the Steamship Companies. Are these the only Companies who pay?

* * * * * *

Yours truly,
for AMERICAN LINE.

9292 **Petitioner's Exhibit 1764.**

III CL. PASS.

Sept. 23-10.

To The Manager,
American Line,
Southampton.

Dear Sir:

* * * * * *

E. B. Rates. We note your remarks with reference to your cable of the 31st. ulto, reducing British and Continental rates. Our remarks that this reduction
9293 would have little effect referred to British business of which, as we pointed out, we have comparatively little. The reduction of the Hamburg rate, as you will see from our letter, we said would tend to help our Continental business *i. e.*, in weeks when we are not confronted by specially reduced rates in competition with outside line. As you will have seen our numbers have shown somewhat of an increase due to the Continental reduction and also to a certain percentage of Armenians and Syrians which we are getting despite our high rate.

We note that you quite agree with us that the best way to reduce our minus in the A. A. Agreement
9294 would be by a reduction of the Oriental rates, but we cannot quite follow your remarks that "Unfortunately as we are in plus under the Mediterranean you are afraid you will not be able to advise a reduction in rates" inasmuch as from the Mediterranean Eastbound Statistics to August 31st the American and White Star Channel Services appear to be in the minus by 332. It would seem that we commenced the new year under this agreement with a minus which has increased from week to week. We therefore should say that with a minus under both the A. A. and the Mediterranean it would seem advisable to seriously

Petitioner's Exhibit 1764 9295

consider whether our Oriental rates should not be reduced so we could secure the traffic which would certainly help to equalize under both agreements and we hope we will hear from you fully on this point.

Commercial Allowance Inland Fares. In reply to your query as to whether the B. & O. and Erie are the only Companies paying commission on first-class fares will say that in addition to these the Lehigh Valley, Delaware, Lackawanna & Western and the New York, Ontario & Western RR. pay such commission.

III CL. PASS.

July 26-10.

To The Manager,
American Line,
Southampton.

Dear Sir:

* * * * *

We note with some surprise you say that we were both wrong in our statement that the agreement period expired the end of June this year and that you find
9299 it does not expire until the end of June, 1911, and for that reason you are not taking any action at present as regards adjustment of rates. It is evident we do not quite understand each other. We thought we made ourselves clear in all our letters on the subject that we looked forward to the time when the agreement year would expire about June 30th and that we would make a fresh start from July 1st and in fact a reading of Mr. Peters' Mediterranean Conference circular letters would sustain our view. Circular Letter 585 deals with the proposal for an agreement on rates to commence with the new agreement year submitted by the Austro Americana, which seems to have been
9300 approved by our friends in Liverpool in their replies given in Letters 609 and 612 with the proviso that the American Line and White Star Channel Service rate should be $50. We presume this had reference to Turin as the basing point which is our present rate but we feel that at this figure we cannot expect to look for the return of any of our Eastern traffic.

From the first statistics for the new year just received we see that we commenced the first week with a minus the French Line slightly in the plus. We have, as you know, before frequently referred to our peculiar position growing out of our large minus in

Petitioner's Exhibit 1765

9301

the A. G. Agreement which up to June 30th amounted to 2323, having been growing from week to week and while you say in your letter that you are considering a reduction in the rate to Hamburg and other Northern Continental ports as a means of reducing same, we feel that while this might help to adjust matters, in view of the fact that the steerage traffic of the American Line of late years has been largely built up on the Eastern business *i. e.* North Italian, Greek and Oriental, if we are to look for any effective means of reducing the minus it must be by quoting such rates for the Eastern traffic as will enable us to recover some of our lost patronage.

9302

We quite agree with you that the position of the French Line seems rather extraordinary as it would certainly appear that they paid little attention to reducing their plus. They probably, from what we can gather here, felt that it is necessary for them to continue to quote rates as would enable them to secure what they consider the proper share of the business, irrespective of any Agreements.

We are more convinced than ever that it will be impossible for us to improve our position until we quote equal rates with the French Line as we used to under Agreement L. and we urge you to seriously consider whether we should not reduce our rates to Turin at least to the same basis as the fast French Line steamers "La Provence" and "La Lorraine" viz. $44. It is useless to suppose that we can secure any of this traffic at a $6 higher rate.

9303

Yours faithfully,

AMERICAN LINE.

New York.

Dear Sirs:

9338

Third Class Eastbound Pool.

Your favour of the 18th ulto., received, and we note your remarks regarding a division of the I. M. M. Co.'s percentage among the different Services, which you consider will assist you to keep a close watch over the Eastbound numbers.

We hardly think, however, that a sub-division, such as you suggest, would be of any material benefit in the direction indicated, as our first object should be to let the booking go on normally, for all the Lines; then if the I. M. M. Company, as a whole, is running over its percentage, to increase the rates on whatever business is yielding the lowest return, and the figures we sent you last mail will help you in this.

9339

There has, however, been a general demand from the other Lines that the division of the I. M. M. Co.'s percentage among the associated Lines should be declared, and Mr. Ismay has accordingly addressed a letter, as per copy attached, to Secretary Peters. This will give you, to some extent, the information you ask for.

Yours truly,
For ISMAY, IMRIE & CO.

9340 **Petitioner's Exhibit 1776.**

(Copy.)

Steamship.

April 2nd, 8.

Secretary Peters,
Nordatlantischer Dampfer Linen Verband,
Jena.

Dear Sir:

Referring to your circular letter G. No. 36 of the 30th ultimo and your previous communications re-
9341 garding the I. M. M. Co.'s percentage of the Westbound and Eastbound Pools, while I am not prepared to admit that there is any obligation on the I. M. M. Company to declare a percentage for each of the Associated Lines, I am willing to fall in with your request, and name the following division, viz:

	Westbound		*Eastbound*	
American, Southampton	2.96		6.77	
Liverpool	3.72		1.99	
Dominion	4.47		1.51	
White Star (New York & Boston)	8.60	19.75	15.56	25.83

9342 In doing so, however, I reserve the right to alter these figures from time to time, as I may consider necessary and only consent to name an allotment to each Company in the desire to meet the views of the other Lines as far as possible.

Yours faithfully,

Petitioner's Exhibit 1777. 9343

Passenger Department,
White Star Line,
9 Broadway,
New York. *Special.*

Dear Sirs:

As conveyed to you by cable from Mr. Ismay on the 7th inst., arrangements were completed in London during last week for the pooling of Third Class business, details of which you will find in the enclosed provisional pool contract. 9344

The percentages allotted to the various Lines have not as yet been finally agreed, but the figures will be circulated by the Conference Secretary for final approval very shortly, the basis of course being fixed.

You will observe from the Pool contract aforementioned that same is operative as from March 1st next. We will accordingly thank you to arrange when cabling the Eastbound numbers after the foregoing date, to exclude from same all rejected and deported passengers that may be on board, and as the Westbound pool will be based on the landing returns issued at the United States ports, we shall be glad if you will advise us regularly by mail as you ascertain these particulars. This latter requirement, we may say, refers to both Second and Third Class numbers. 9345

In connection with Agreement "L," between the American, French and N. D. L. V. Lines, this is being continued as heretofore in order to act as a check on the Eastbound Oriental and Italian business of the French Line.

Yours faithfully,
For ISMAY, IMRIE & CO.

(White Star Line.)

Passenger Department.

Liverpool, 27th March, 1909.

Per S. S. "Lucania."

Passenger Department,
White Star Line,
New York. *Special.*

Dear Sirs:

Enclosed please find typewritten copy of the provisional Minutes of the Paris meeting just concluded,
9347 which we send for your information and guidance.

Yours faithfully,
For ISMAY, IMRIE & CO.

Minutes of Meeting, held at Paris, 25th March, 09, Hotel Meurice.

* * * * *

1) The Lines Allan excepted, agree to revive By-law 22 to meet the competition of the North West Transport Line. The Allan Line's share of participation to be borne by the other Lines in proportion to their shares.

* * * * *

9348 4) All Lines except as mentioned below agree to reduce the present Agreement first class rates of Mauretania and Lusitania, and the second-class rates of Caronia, Carmania, Oceanic, Adriatic by 10/— or its equivalent in each case, eastbound and westbound. In view of Allan Lines objection to both classes and the French Lines objection to the second class these proposed alterations to be referred to Mr. Wilding for arbitration.

* * * * *

7) The proposition of the Dominion Line for charity children of Barnado being excluded from the Pool is deferred to next meeting.

Petitioner's Exhibit 1778

9349

8) It is confirmed that passengers by direct steamers to St. Pierre New Foundland do not come under the agreements Z and A. A.

9) The result of the pending arbitration between Allan Line and White Star Line to be awaited before taking action as regards the notice of withdrawal of the Allan Line from agreement A. A. In the meantime the other Lines protest against the action of the Allan Line and will in due course take same to arbitration, Mr. Ballin undertaking to prepare the case for the Conference Lines, other than Allan Line.

9350

10) Agreed, except by Allan Line, that Min. 78 as far as it refers to prepaids of the Russian Volunteer Fleet forwarded by the Russian East Asiatic Steam Ship Co. shall apply also to those prepaids forwarded before the date of the respective arrangement viz: October 22.

11) Letter from the Grand Trunk Railway submitted, the C. P. R. representative advises they only allowed commission to the North West Transport Line on inland business because they had been unable to induce the Grand Trunk Railway to agree not to do so after they had found that the Intercolonial Grand Trunk Connection at Halifax were paying commission. Mr. Sanderson was requested to approach the Grand Trunk Railway with a view to facilitating an agreement between the two Canadian Railways (including Intercolonial Railway) to allow no commission to the North West Transport Line.

9351

12) The proposed general advance of westbound second class rates was not agreed to, but an alternative suggestion to form a pool for second class business was made. The matter to be brought up at the next meeting. In the meantime the Secretary to circulate statistics for consideration.

9353 Dear Sirs:

Paris Meeting March 25th, 1909.

Referring to our letter of 27th inst., we enclose herewith typewritten copy of the Minutes of the Paris meeting held on the 25th instant which please substitute for those sent you with our letter referred to.

Yours faithfully,
For ISMAY, IMRIE & CO.

Minutes of Meeting held at Paris, March 25th, 1909, Hotel Meurice.

* * * * *

9354 1) The Lines, Allans excepted, agree to revive By-law 22 to meet the competition of the North West Transport Line. The Allan Line's share of participation to be borne by the other Lines in proportion to their shares.

* * * * *

4) All Lines, except as mentioned below, agree to reduce the present agreement first class rates of Mauretania and Lusitania, and the second class rates of Caronia, Carmania, Oceanic, Adriatic, by 10/— or its equivalent in each case, eastbound and westbound. In view of Allan Line's objection to both

Petitioner's Exhibit 1779

9355

classes, and Cie. Cle. Transatlantique to the second class the proposed alterations to be referred to Mr. Wilding for arbitration.

* * * * * * *

7) The proposition of the Dominion Line for charity children of Dr. Barnardo being excluded from the Pool is deferred to next meeting the Allan Line recording their objection to the proposal.

8) It is confirmed that passengers by direct steamers to St. Pierre Newfoundland do not come under the Agreements Z and A. A.

9356

9) The result of the pending Arbitration between Allan Line and White Star Line to be awaited before taking action as regards the notice of withdrawal of the Allan Line from Agreement A. A. In the meantime the other Lines protest against the action of the Allan Line and will in due course take same to arbitration. Mr. Ballin undertaking to prepare the case for the Conference Lines, other than the Allan Line.

10) Agreed, except by the Allan Line, that Minute 78 as far as it refers to prepaids of the Russian Volunteer Fleet forwarded by the Russian East Asiatic Steam Ship Co. shall apply to those prepaids forwarded before the date of the respective arrangement viz: October 22.

9357

11) Letter from Grand Trunk Railway submitted, the C. P. R. representative advised they only allowed commission to the North West Transport Line on inland business, because they had been unable to induce the Grand Trunk Railway to agree not to do so and after they had found that the Inter Colonial Grand Trunk connection at Halifax were paying commission. Mr. Sanderson was requested to approach the Grand

9358 *Petitioner's Exhibit 1779*

Trunk Railway with a view to facilitating an agreement between the two Canadian Railways (including Inter Colonial Railway) to allow no commission to the North West Transport Line.

12) The proposed general advance of westbound second class rates was not agreed to, but an alternative suggestion to form a Pool for second class business was made. The matter to be brought up at next meeting. In the meantime the Secretary to circulate statistics for consideration.

9359 * * * * *

14) It was agreed by all the Lines interested that the 1st class intermediate schedules as per Minute 96 are to be in the hands of the Agents not later than 3rd April next after being first circulated through the Conference Secretary.

15) The question of the Control Stations was mentioned & the German Lines promised to pursue the matter further with the view to according facilities to passengers for the British Lines passing through the Control Stations en route to Rotterdam and Antwerp.

9360 16) Agreement BB with the Russian East Asiatic Co. was duly signed by all the A. C. Lines.

17) The N. D. L. V. Lines agreed to the British Lines taking up negotiations with the Scandinavian American Line with a view to bringing them into the General Pool, the Scandinavian American Line not having been able to carry out the agreement made in Paris in October last which required them to establish Norwegian, Swedish & Danish services with five ships. The N. D. L. V. Lines leave the British Lines full discretion with regard to percentages, sailings &c., but

Petitioner's Exhibit 1779

9361

do not agree to the Scandinavian American Line being permitted to carry Continental Passengers.

* * * * *

19) The British Lines agree to advance their second class rates off Continental Ports by 10/- provided the Continental Lines agree amongst themselves to make a similar advance. Allan Line's Havre service excepted, but subject to negotiation between the Allan Line and the Cie. Gle. Transatlantic.

9362

* * * * *

With the above exception all passengers paying less than Agreement 2nd cabin rate by the carrying steamer are to be pooled.

21) The C. P. R. and Allan Lines agree to exchange their prepaid statistics with other Lines.

* * * * *

9363

9364 **Petitioner's Exhibit 1780.**

April 27th, 1909.

Messrs. Ismay, Imrie & Co.,
Steamship Department,
Liverpool.

Dear Sirs:

* * * * *

MINUTE #1. The New York Conference Committee, under By-Law No. 22 has been watching the situation very carefully with a view of taking action if the
9365 competition of the Northwest Transportation Company should become serious; but as their last steamer from New York, the "Uranium" sailing April 24th had only 4 second class and 95 third class passengers, no opposition fighting steamer has as yet been named.

MINUTE #4. We trust with you that the Second Class rate of the "Adriatic" and "Oceanic" will be reduced, as we consider the rate of these steamers as too high.

MINUTE #6. We wrote your Passenger Department fully under date of March 23rd, outlining our reasons for not viewing with favor the sugges-
9366 tion to reduce first class commission in New York to 2%, which you have no doubt received ere this. However, if all lines were agreed on this matter we, of course, would interpose no objection.

MINUTE #13. We regret to note that in view of the failure to obtain the consent from the Hungarian Government the scheme for pooling the westbound carryings of the Cunard Line has to be cancelled, as it would certainly be desirable if this branch of the Cunard Line traffic could be included in the pooling scheme.

Petitioner's Exhibit 1780

9367

MINUTE #14. All intermediate first class eastbound schedules were issued promptly, and you no doubt received our advices as to this.

MINUTE #17. We trust that the further negotiations with the Scandinavian American Line will result in a satisfactory settlement of the difficulty.

MEETING OF MARCH 26TH. We are glad to note that the Cunard Line provisionally agreed to join the Mediterranean Pool for their Italian Eastbound carryings, and trust that at the May Meeting they will determine definitely to become a party to the Pool.

9368

Since your letter was written the $3 advance in Eastbound Italian Third Class rates has been agreed to by all lines, and circulars issued.

We presume the White Star and American Line percentage Eastbound in the Italian Pool for their Southampton Services, which has been finally fixed at 4.70%, will not accrue to these lines in addition to their percentage under Agreement AA, but that these carryings will have to be included in the carryings of these lines under Agreement AA.

Yours very truly,
PASSENGER DEPARTMENT
Per

9369

9370 **Petitioner's Exhibit 1781.**

(White Star Line)

Steamship Department
Liverpool, 6th May, 1909.

Messrs. Lee & Franklin,
White Star Line,
New York.

Dear Sirs,

Paris Meeting March 25th and 26th.

9371 We are in receipt of your favor of the 27th ulto., and note what you write regarding the North West Transport Line and the resuscitation of the New York Conference Committee to meet this competition, and we quite agree that so long as their Eastbound numbers keep as small as in the case of the "Uranium," it is unnecessary to oppose them with a fighting steamer.

MINUTE NO. 4. The Second class rate proposed for the "Adriatic" and "Oceanic" will be included in the case to the Arbitrator very shortly.

MINUTE NO. 6. We note you agree with us that if the other Lines assent there is no reason why the
9372 first class commission in New York should not be reduced to 2%.

MINUTE NO. 13. We have a meeting in London tomorrow, when we hope the situation with regard to the Cunard Line and the Hungarian Government will be cleared up, and the Cunard's westbound Fiume carryings be brought into the pool.

MINUTE NO. 17. We have a meeting with Director Gold next week when we hope some arrangement may be come to with the Scandinavian American Line.

Petitioner's Exhibit 1781

9373

At the meeting tomorrow the question as to whether Cunard's will join the Eastbound Mediterranean Pool for Italian business will also be decided. The percentage eastbound of 4.70 allotted to the White Star and American Lines for Italians, Greeks and Orientals will, of course, have to be accounted for by us in the Atlantic Conference and are not additional to the allotment in that Conference.

Yours faithfully,
For ISMAY, IMRIE & CO.,
A. B. C.

9374

9375

9376 **Petitioner's Exhibit 1782.**

December 13th, 1910.

Messrs. Ismay, Imrie & Co.,
Steamship Department,
Liverpool.

Dear Sirs:

Your favor of the 3rd instant, with enclosures referred to therein, dealing with the Atlantic Conference Meeting in London last month, received and for which please accept our thanks.

9377 We have carefully noted the letter from Mr. Ismay to Mr. Franklin, together with the accompanying enclosure regarding the Conference Meeting, and regret very much the meeting broke up without anything being accomplished; but we feel that we should congratulate you at least upon the recognition accorded by the Continental Lines to the claim of the British Lines with respect to the inclusion of only a portion of the British and Scandinavian business in the Westbound Agreement.

We carefully note your remarks with reference to the items referred to in the memo., which Mr. Ismay brought back with him from New York, and while we recognized the difficulties, we were hopeful that
9378 some progress might be made in arriving at a solution of a number of these questions.

We carefully note Minute No. 65 of the Mediterranean Conference Meeting, as to which we await your further advices.

Yours very truly,
For the PASSENGER DEPARTMENT.

Dear Sirs:

Atlantic Conference. Weekly statistics No. 34, east and westbound, for period 8-15th September with Russian Eastasiatic S. S. Co. enclosed herewith. 9398

* * * * * *

Through rates from New York to Corunna. We have received a communication from Southampton office advising that the Royal Mail Steam Packet Company have discontinued calling in at Corunna, and in connection with this matter they write us as per copy of letter attached. In view thereof, unless passengers en route for Corunna specially desire to travel via Southampton, it would be as well to confine their forwarding by our Liverpool service, and we will leave you to make arrangements accordingly. 9399

* * * * * *

We are in receipt of your favour of the 21st instant, and note your remarks in connection with the above.

It certainly does not leave very much margin if out of the through rate of $36.50 we have to pay forwarding of about $19.50, and we propose to write to New York to arrange to forward passengers who are booking through to Corunna, by our Liverpool steam-

9400 *Petitioner's Exhibit 1790*

ers, but of course if passengers specially desire to travel by the Southampton service, thence by the overland route, then they may do so by paying in addition to the present ocean fares the actual cost of transportation.

* * * * * *

The Cunard Line still advertises a $36.50 rate to Corunna, we presume because they can forward their passengers direct from Liverpool by the Pacific Steam Navigation Co.'s steamers, which we understand still call at Corunna.

9401 We can hardly offer to book passengers through at the same rate as Cunard's and therefore suggest writing New York advising them to book all passengers offering for Corunna by the White Star Line to Liverpool, booking such as specially wish to travel via Southampton at a rate of $52.50.

Atlantic Conference. Weekly statistics East and Westbound for period 24th-30th Sept. No. 36 for the Russian Eastasiatic S. S. Co. duly received.

* * * * * *

9428

Third Class Eastbound Passengers. We beg to submit the following estimates for our sailings during November.

Teutonic, Nov.	3rd,	275
Baltic,	" 6th,	300
Adriatic,	" 10th,	350
Arabic,	" 13th,	250
Majestic,	" 17th,	300
Celtic,	" 20th,	350
Oceanic.	" 24th,	400.

S. S. "Arabic" sailed from here on the 16th inst. with 65 first 92 second and 204 third class passengers including 8 deported. The third class were made up as follows: 9429

English	62
Irish	69
Scandinavians	36
Finnish	7
Continentals	30.
	204.

9430 *Petitioner's Exhibit 1802*

Amongst the deported passengers was William Hayes, insane passenger from the "Adriatic" and as he was very violent at time of his deportation the doctor of the "Arabic" requested additional stewards. This, we could not furnish owing to the short notice, and we instructed the doctor to draw on the extra stewards for additional help as required and we trust that he reached Queenstown safely without serious trouble.

Yours faithfully,
WHITE STAR LINE.

* * * * * *

Christmas Sailings. We appreciate the efforts that are being made to secure a good proportion of the traffic which usually moves at this time of the year, and in order to give the passengers a good impression we are arranging to supplement the bill of fare on the following steamers: "Baltic," Dec. 4th, "Adriatic," Dec. 8th, "Arabic," Dec. 11th, and "Majestic," Dec. 15th, as has been our practice in previous years. We hope that it will result in stimulating the early spring traffic. We quite approve of your using the interchangeable sections if it is found necessary to do so. 9459

Immigration Commission. Report of the Ellis committee dealing with the request received by Conference from Mr. Husband, Secy. of the U. S. Immigration Commission at Washington, duly received, and from which we note that the Lines have decided to provide the information sought with regard to the fares in

9460 *Petitioner's Exhibit 1813*

operation from eastbound ports of departure to countries other than United States and Canada. We shall obtain from the Pacific Steam Navigation Co. particulars of their fares as well as the rates in operation to British India and those of the Bibby Line and hope to send these forward by the "Arabic" on Saturday next.

* * * * * *

Printed matter for Conference Secretary. We attach herewith copy of letter dated 18th inst., from Secretary Peters, which explains itself, and we will
9461 leave you to arrange to furnish him direct with 8 extra copies of printed matter referring to Italian, Greek and Oriental business via Channel ports.

(White Star Line)

Passenger Department,
Liverpool, 22nd February, 1908.

Per S. S. "Mauretania."

Passenger Department,
White Star Line,
9 Broadway,
New York.

Dear Sirs:

Rate sheets. The several copies of rate sheets of the various Lines duly received, for which we are obliged, and we hope that the Continental Lines will advance their rates, as, if they continue to maintain $28 rate to Continental ports against our higher rate to Liverpool or Southampton it will undoubtedly lead to passengers taking tickets to the Continent although their destination may be within the British Isles. 9464

* * * * * *

Inland bookings. We have received a communication from our agent, Mr. B. Mulligan of Aughacliffe, pointing out that Heppner, Marrow County, Oregon is not included in the special reduced emigrant rates, although they apply to Pendleton, Oregon. He desires us to ascertain the rate to Condon city. As all these points are within the zone to which the reduced rates apply, and as he claims that in consequence of being unable to quote reduced rates to Heppner, & Condon City, he is losing bookings, we shall be interested to learn whether we can quote the £11.0.10 rate which applies to Pendleton. 9465

Eastbound Continental Rate. Your cable of the 20th instant to hand, reading:

"Hamburg (American) Line announces Eastbound rate Deutschland $36 other steamers $30 first sailing

9466 *Petitioner's Exhibit 1814*

Deutschland April 30th cable instructions," and beg to confirm our reply of yesterday's date as follows:

"Referring to your telegram of the 20th Continental Eastbound business quote $30 *pro tem,*" from which you will observe that we consider you should adhere for the time being to our contention that the "Deutschland's" rate should not be taken as a basis unless this steamer is actually in commission, adopting instead the rate quoted for Hapag's 'Amerika' and 'Kaiserin Auguste Victoria' class. With the commencement of the general pool on March 1st next, it
9467 will, of course, be necessary to adjust our rates according to our position under the pool statements. This cancels our remarks in the second paragraph of this letter written prior to the receipt of your message.

Prepaid Steerage figures. From your cable of the 15th inst., we note the figures for the past week were 184 British, 28 Italians, 45 Scandinavians and 23 Continentals as against 64 British, 338 Italians, 68 Scandinavians and 86 Continentals for the corresponding period last year.

* * * * *

Scandinavian and Finnish Return 1907. Attached
9468 you will find return showing the Westbound Cash and Prepaid traffic carried by all Lines during the past year as compared with the traffic for 1905-6 inclusive, and from which you will observe the marked decrease in our prepaid sales as commented upon by Mr. Swain at the recent Passenger Managers' meeting held in New York.

Dear Sirs:

9479 Special:

Zotti.

We are in receipt of your cable of the 1st instant, addressed to Mr. Ismay, reading as follows:

"Cunard Line continuing tickets with Zotti, claiming we placed tickets Zotti. We denied, demanded proof. Cunard Line refused, furnish or attend meeting discuss whole agency matter. We have notified Conference must give Zotti tickets, and have joined other Lines giving notice withdrawal all regulations regarding agents. Will not act until decided impossible persuade Cunard Line adhere regulations."

9480 It is regrettable to observe the standpoint which the Cunard Line have taken in connection with Zotti's agency, and in consequence of which we note that the other Lines and yourselves have notified Conference of the withdrawal of all obligations to observe regulations regarding agents. In view, however, of the recent meeting in London when it was arranged amongst the Lines (including Cunards) for the pooling of all Eastbound British, Scandinavian and Continental traffic, we take it that Cunards will have by now seen their way to adhere to the regulations of Conference and

Petitioner's Exhibit 1819 9481

remove their ticket books from Zotti in accordance with the other Lines' wishes.

We note from your correspondence in the last few months with the Southampton office that you have been securing a fair amount of business destined for Basle from Zotti's agency, and assume that the passengers were booked on your own office tickets.

Yours faithfully,
For Ismay, Imrie & Co.,
"A. B. C."

New York.

9491 Dear Sirs:

Free Charity Tickets.

You will find your question under this heading fully answered in our letter of the 7th instant.

We may say that whilst assisted and deported passengers are not being accounted for to the pool, we are nevertheless embodying same under a special heading in our pooling returns in order that the Conference Secretary may be in a position to compare our figures at the end of the year with those issued by Mr. Lawson Sandford in his return of the "Trans-Atlantic Passenger Movement."

9492 Yours faithfully,
For ISMAY, IMRIE & CO.,
A. B. C.

Petitioner's Exhibit 1825.

9493

(White Star Line.)

Passenger Department.

Liverpool, 25th March, 1908.

Per S.S. "Oceanic." Third Class.

Passenger Department,
White Star Line,
9 Broadway,
New York.

Dear Sirs:

9494 Your favor of the 13th instant to hand, contents noted.

Continental Westbound Prepaid Business. We note your remarks, and will obtain the required information as to the full address of the Northern S.S. Co. Riga and whether they are in a position to arrange for passports in a similar manner as Messrs. Karlsberg, Spire & Co., Libau, when we will again write you.

Trans-Atlantic Movement. We shall be glad to receive copies of the Trans-Atlantic movement for 1907 when revised, and thank you for the copy you have sent us in the meanwhile.

9495 "Oceanic." Thanks for particulars of the numbers of passengers sailed by this steamer, and in connection with your remarks as to the inclusion of deported, charity and free passages in your numbers, we would refer you to our letter of 7th instant in which we advised that under the General Pool, it is not necessary to account for these in the pool returns. Notwithstanding this, however, we will thank you to advise us of any such passengers as it is necessary for them to be recorded.

Hamburg American Line. In connection with alterations in Third Class rates, seeing that we are now advised by Secretary Peters of Jena of all changes in the Third Class rates by the Continental Lines it will

9496 be necessary for you in future to cable us any alteration that may be made, unless, however, you feel you are considerably exceeding or below your carryings under our percentage of the pool allotment when we will thank you to cable us any recommendation you may have to make in order that we may consider same as previously advised with the object of adjusting our carryings. You will observe from Article 12 of agreement AA that we cannot make any alteration in our Second cabin and steerage rates without previously informing the Conference Secretary.

9497 New Hamburg Line. Thanks for your remarks, and we shall be glad if you will keep us posted hereon.

Quarterly Statistics. Please refer to our letter of 18th January last and your reply of 28th January. Whilst we can understand the discontinuance of the Continental East and West quarterly statistics in view of the particulars furnished by Secretary Peters, we would point out that we do not appear to have received the Mediterranean East and Westbound statistics for some considerable time; hence our writing you on the matter. As we should like these statistics for the last quarter of 1907, we will leave you to forward same to us as soon as prepared, as you stated in your letter of 28th January that they would be distributed within

9498 a week or so.

* * * * *

Eastbound Scandinavian Passengers. As the Minneapolis office raised the question whether we were obtaining the addresses of E. B. Scandinavian passengers, we enclose herewith letters received from Christiania and Drontheim agents, together with a copy of Mr. Swain's memo to Mr. Ismay on the subject, which explain themselves and we will leave you to pass same on to the office named.

Petitioner's Exhibit 1825

9499

New York Office.

Extract from Mr. T. C. Swain's memo to Mr. Ismay.

This was mentioned at the New York meeting, and I was able to explain that Cunards had for a long time taken addresses of their own and other Lines' passengers, and that we were doing the same. We had in fact gone one better by employing a traveller at Copenhagen to accompany I. M. M. Co.'s Lines passengers thence to Zsbjerg and *vice versa*. His duty being to arrange for the comfort of passengers en route and answer enquiries, etc. This I may say was remarked upon by Cunard's representative at last Conference meeting in Liverpool.

9500

HVIDE STJERNE LINIEN.

New York og Boston Rute.

Christiania, March 16, 1908.

Ferd J. Elster.
Mr. Ths. C. Swain,
Liverpool.

9501

Dear Mr. Swain:

I have your favor of 12th inst.

The importance of having the eastbound passengers met on their arrival here is strictly adherred to.

At stations we have 2 and 3 at work and we succeed in getting them in, in order to talk business.

Sometimes it is quite pleasant to be near them, it is also very unpleasant especially when they are not satisfied, which I regret to say happen too often.

You can rest perfectly satisfied Mr. Swain, it is not anything in the business that I don't know.

9502 *Petitioner's Exhibit 1825*

The stupid Conference rules, I don't like. I don't want to come in contact with them, for your sake. Other agents are not so careful but if caught in the act, they feel sorry for it, no thanks then far from it. Read my private letter of 11th carefully, now you see what the Cunards stoop to do. I now believe all that I have heard both from Norway and Sweden about crooked work. We have conference.

Yours faithfully,

FERD. J. ELSTER.

9503

HVIDE ST. JERNE LINIEN.

(White Star Line.)

Trendhjem, March 16th, 1908.

Mr. T. C. Swain,
Liverpool.

Dear Sir:

I am duly in receipt of your favor of the 12th instant, to which I beg to reply, that all incoming steamers and trains by which eastbound passengers are expected to arrive, are constantly met by one of my men.

9504 And I have the pleasure to enclose herewith a statistic showing the number of passengers arrived from America on the different lines during the last quarter of the years 1905, 6 and 7, and up to date this year. On all these I have names and full address.

In connection herewith, I beg to observe, that there is at present very small prospects for any emigration from here this year, on account of the bad times over in America.

With kind regards, I am

Yours faithfully,

GERH. DAHL.

Petitioner's Exhibit 1826. 9505

New York.

Dear Sirs:

* * * * * *

Continental Third Class Rates. You will have received Mr. Ismay's cable of the 30th ulto. to Messrs. Lee & Franklin instructing an advance in the Eastbound and Prepaid Continental Third class rates by $4 and $2.50 respectively for the I. M. M. Co.'s Lines in consequence of all Lines having agreed to the rates being increased Eastbound $4 and Westbound $2.50. No doubt you have posted Boston as usual. 9506

* * * * * *

Prepaid Steerage figures. From your cable of the 28th ulto. we note the figures for the past week were 107 British, 28 Italians, 37 Scandinavians and 30 Continentals as against 226 British, 730 Italians, 129 Scandinavians and 56 Continentals for the corresponding period last year. On referring to the Return furnished by the Conference Secretary here, we observe that the Cunard Line's prepaids for both Services, from March 1st to March 23d inclusive, total 1121 against our 752, from which it would appear that they have the advantage. Under the Pool Contract all Lines now furnish particulars of their prepaid sales to the Conference Secretary. 9507

* * * * * *

Yours faithfully,
For ISMAY, IMRIE & CO.,
A. B. C.

Dear Sirs:

* * * * * 9512

Cable-Continental Rates. In reference to this matter you will remember that clause 8 of the old Continental agreement provided for differentials in connection with Continental Eastbound business, which of course, with the advent of the General Pool Contract, is now obsolete. Notwithstanding this, however, we are of the opinion that possibly it may be judicious to maintain differentials for steamers of the "Adriatic" and "Arabic" type, but, of course, we will be guided by circumstances in connection therewith. To adjust our position in the pool, we can adopt any rates that may be justified by the situation.

Dear Sirs:

9515 * * * * * *

Third Class Circulars. Referring to your letter of the 7th instant and your remark that it will duplicate the work to supply Secretary Peters with circulars and rate sheets seeing that you already furnish the Secretary of the New York Conference with such for distribution amongst the Lines to send to their home offices. In view, however, of Article 16 of the Contract Agreement AA, it is necessary for us to supply Secretary Peters in addition, and he has stipulated that he will require 30 copies, which number we note you have already commenced despatching to us.

Inland Fares. We have received recently several en-
9516 quiries for rates to points in Montana, particularly those on the Great Northern Railway in Montana, say between Glasgow and North Pacific Junction and west thereof. Whilst we can quote to Glasgow and Assinobia which is south of the Pacific junction we have no rates for any of the intermediate stations nor as far west as Chester. Will you kindly ascertain whether any rates are quoted, and advise us, as some of our Scotch agents have recently been enquiring for through rates.

* * * * *

9517

S.S. "Seydlitz." We note that the N. G. L. are advertising a rate of $23 for this steamer April 23rd in opposition to the "Avoca" of the Russian Volunteer Fleet sailing the same day, and in view thereof, it has been decided by the Atlantic Conference to compensate the N. G. L. to the extent of $5 per adult as was arranged in the case of the Hamburg American Line steamer "Pretoria" which was compensated to the extent of $7 in connection with the new Hamburg Line steamer "Volturno."

Tabling List of General Agents. If you will refer to the commentary to article 15 of the General Pool Contract, you will observe that it is required that the 9518
names of general agents in America receiving a commission of $3 per adult shall be scheduled to the Secretary of the New York Conference and the Secretary of the General Pool. We shall be pleased to have at your convenience a list of such agents in order that we may tabulate same with Secretary Peters.

A. E. Johnson & Co. Referring to our letter of the 8th instant, the question of these people acting for the East Asiatic and Lloyd Sabaudo Lines was taken up at Conference meeting on 22nd inst. and surprise was expressed by the members as to Cunard's refraining from joining other Lines in the proposed disqualification. The Cunard representative intimated that 9519
they were solely guided by the recommendations of their New York office in the matter, and that otherwise they were quite in accord with the general view, and would write their New York office on the subject. Meanwhile, the Conference Secretary was requested to find out from Secretary Peters as to the position and to ascertain what, if any, developments had taken place since Secretary Peters last wired.

ADVERTISING.

The question of advertising was also taken up at Conference yesterday, but no progress was made in consequence of the deadlock created by the C. P. R.

A point was raised as to whether the Lines would agree, apart from the C. P. R., to eliminate, *pro tem,*
9527 agents' names from advertisements, but this did not meet with unanimity.

However, the C. P. R. representative promised on his return to London that he would wire the Conference Secretary if his principals would agree to this agreement pending a subsequent Conference, for the curtailment of advertising expenses, in June.

9533 Dear Sirs:

* * * * * *

Reduced Eastbound Continental Rates. With reference to your remarks a similar arangement as that of the Hamburg Line was subsequently made in favour of the North German Lloyd steamer "Seydlitz" and thence to the Holland-America steamer "Ryndam" to meet the competition of the "Avoca" which was advertised to sail April 23rd which sailing was postponed until May 5th. The compensation to the "Ryndam" to which we have agreed, if other lines acquiesce was $11.00. We note the wide difference in our rates to points in Southern Europe compared with those of the
9534 Austro-Americana Line. In this connection we have suggested to the Lines, in view of our being minus parties in the Eastbound Pool, for the rates of one or two of our steamers sailing about the dates of the New York and Continental Line's departures to be reduced for Continental business. For instance: The "Jelunga" sails May 19th and our "Adriatic" May 20th, for which we would be prepared to quote a Continental rate of, say $23 to Hamburg with $5 compensation. This is our suggestion, but we will write you further thereon after obtaining the views of the Lines.

Petitioner's Exhibit 1833

9535

Prepaid Business. We are looking forward to a revival in the prepaid business, and in view of your remark that the Cunard Line are getting a larger share of the Russian Hebrew prepaids than us, we hope you will direct your efforts towards the object of increasing the prepaid sales. The report from Irish agents is somewhat at variance with that stated by you, as we have advice from several of our leading agents to the effect that the Cunard Line are getting more prepaids than we are. Now that we receive particulars of prepaid sales, which is detailed on the Atlantic Conference returns, you will be able to judge our position at a glance in relation to the other lines.

9536

* * * * * *

North Atlantic Passenger Conference Minutes. For your information, we give you herewith a copy of the printed minutes of Conference meetings (new series No. 375) held on 20th, 24th and 25th February and 3rd March, 1908.

9538 **Petitioner's Exhibit 1834.**

May 13, 1908.

Special Head Tax.

Messrs. Ismay, Imrie & Co.,
Liverpool.

Gentlemen:

The Conference Secretary has transmitted to the British Lines copies of the cables that have passed between himself and Mr. Smyth. We are quite in accord with the Secretary's reply to Mr. Smyth's first cable, as we consider it would be most injudicious under existing conditions here to make any advance in the Third Class prepaid rates, and we were in hopes that you would defer any change until all efforts to induce the Board of Trade on your side to consent to permit the endorsement of the head tax on the tickets had failed. Moreover, Mr. Smyth's cables are not clear to us, as we do not understand how the companies propose to deal with the First and Second-class passengers, who, if anything, is of quite as much importance as to the Third Class passengers. Neither would it assist us with the U. S. authorities, who we are afraid will not be satisfied with anything else short of a clear showing on the ticket that the head tax has not been charged any citizens of this country or aliens in transit.

9539

9540

May 15, 1908.

Per SS "Caronia."

Messrs. Ismay, Imrie & Co.,
Liverpool.

Gentlemen:

We are in receipt of your favor of 6th inst. per SS "Adriatic."

Reduced Eastbound Continental Rates. We note your suggestion to the Lines that in view of our being minus in the Eastbound Pool the rates for one or two of our steamers sailing about the dates of the N. Y. Continental Lines should be reduced for Continental business, and that you are prepared to quote a $23.00 rate to Hamburg with $5.00 compensation. We presume you have fully considered the possibility that many British and Scandinavian passengers would take advantage of this rate by booking to Hamburg.

9542

* * * * * *

Grand Trunk Ry. Referring to your letter of 2nd inst. we desire to say that the suggestions of the Grand Trunk Ry. contained in the memo. seem to deal only with business via the port of Boston, and we notice from copy of letter from the Boston office to you under date of the 12th inst. they have given you fully their views. They are in a much better position to advise you on the subject than we are here. At the same time, we quite appreciate that in order to strengthen us against the competition of the C. P. R. it would be desirable to work as closely as possible with our Grand Trunk Ry friends. The only way in which the suggestions of the G. T. R. can be carried out is by the use of their own orders and not by using our orders and stamping them to read via G. T. R.

9543

9544 **Petitioner's Exhibit 1836.**

May 15, 8.

Per SS "Caronia."

Messrs. Ismay, Imrie & Co.,
Liverpool.

Gentlemen:

Greek & Oriental prepaid Rates.

Referring to your letter of the 6th inst., we beg to say that on reference to your letter of March 18th and our reply of March 27th we fail to find any men-
9545 tion of this matter.

In reply to your remarks respecting the prepaid rates from Greek and Oriental points, the rates are not based on any arrangement covering Continental fares, but are fixed by agreement with the Italian Lines. While the Continental Lines added to their rates the head tax by separate collection and the British and Scandinavian Lines increased their rates by $2.50 to cover the increased tax, the Mediterranean Lines did not do so, but continued to absorb the tax in the same way they did the $2 tax formerly in vogue. Our Greek and Oriental prepaid rates still continue to be based on the port rate plus cost of transportation
9546 to the port of embarkation, but do not include the tax. To do this would make the rates so high that they would be practically prohibitory.

Yours faithfully,
WHITE STAR LINE,
Per

9549

North Atlantic Passenger Conference Meeting—Liverpool.

No action has as yet been taken by the Continental Lines respecting the resolution requesting them to reduce their rates westbound in view of their continued minus. Of course we shall keep you advised as to any movement that may take place. We advised you the reason for our action in advancing the Eastbound British, Scandinavian and Finnish and Continental rates in a previous letter.

9550 *Petitioner's Exhibit 1837*

Colonist Rates. Copy of the official report of the R. R. Committee of the Lines covering the official letter from the Joint Routing Committee announcing the usual colonist rates effective from Aug. 31st to Oct. 30th, duly received, for which we thank you. Simultaneously, we have received advice from the Conference Secretary here of these rates, and it is proposed that all Lines advise their agents.

Atlantic Conference. Minutes of the first meeting of the American Atlantic Conference (Joint Proceedings No. 1) held 25th ulto., duly to hand, and we note
9551 what you say hereon as to Messrs. A. E. Johnston & Co. The Cunard Line here are of the opinion that the question of cancellation of A. E. Johnston & Co., is covered by paragraph 20 of the by-laws to Agreement AA of February this year, which was framed with the express purpose of protecting the interests of these agents, who, at the time of the London meeting, already represented outside and competitive Lines. In this way, Messrs. Karlsberg, Spiro & Co., (who, at that time, already represented the Russian East Asiatic Company), were not called upon to relinquish that agency, although they have since decided to confine their interests to those of the British Lines.

9552 *Changes in Rates.* Copies of notices 376 and 377 referred to received, and we note the circumstances which brought about the reduction in the rate of the "Bremen" of the N. G. L. being fixed at $25 to compete with the "Estonia" of the Russian East Asiatic Co. We also note that the Austro-Americana reduced their rate for "Eugenia," 22nd July to $25 in order to follow the rate of the direct Bremen steamer.

* * * * * *

Continental Rate Situation. Remarks noted, and having regard to the meeting which is now in progress in Paris, at which, no doubt, the position of the various lines will be fully discussed, some developments may be expected and some arrangement brought about whereby all Lines will adjust their carryings to the 9555 figure demanded by the percentual allotment.

* * * * * *

For Ismay, Imrie & Co.

9556 **Petitioner's Exhibit 1839.**

Aug. 11, 8.

Per SS. "Mauretania."

Messrs. Ismay, Imrie & Co.,
Liverpool.

Gentlemen:

* * * * *

N. A. P. C. Meeting—Liverpool. We note that so far no action has been taken by the Continental Lines with regard to the resolutions adopted by your Conference, requesting them to reduce their rates West-
9557 bound in view of their large minus. We see that your action in advancing the E. B. British, Scandinavian, Finnish and Continental rates is the subject of controversy in the Pool correspondence, some of the Lines feeling that the object you have in view is not permissible. We shall be interested to learn whether your contention is sustained.

Colonist Rates. Remarks noted. As advised you in our last letter, we are sending by the "Cedric" a supply of Mallory Line tariffs which contain these rates.

A. E. Johnson & Co. We note the reasons given by the Cunard Line for their refusal to follow the action
9558 of the other Lines in the matter of the disqualification of A. E. J. & Co. If, of course, Paragraph 20 of the Bye-laws to Agreement AA, of the meeting in London in February of this year, was inserted for the express purpose of covering such agents as Earlsberg, Spiro & Co., we suppose the Cunard Line can with justice claim that this should also apply to A. E. J. & Co. In fact that is the stand they take here, and they have informed us that they have been advised by their Liverpool Office not to join in any action which is in contravention to the stipulation of the February agreement. No meeting of the Conference has been held

since we wrote you last, but there will in all probability be a meeting this week, when it is possible the A. E. J. & Co. matter will be brought up for discussion. In all candor, however, we would say that the business of A. E. J. & Co. at present is practically nil, as we do not believe the Cunard Line would permit them to do any business other than Scandinavian and Finnish, and of course A. E. J. & Co. do everything possible to turn all this business to the Scandinavian-American Line.

Joint Colonist Passenger Tariff. Copy attached, showing mixed class of R. R. rates effective Aug. 31st to Oct. 30th.

Complaint Against Falck & Co., Hamburg,)
9569) Enclosed
Daniel P. Fraser and wife, ex-"Adriatic.")
you will find a lengthy letter of complaint from these two Third Class passengers who arrived on the SS "Adriatic" present voyage. Mr. Fraser is quite an intelligent man, and we think the matter ought to be thoroughly investigated. We believe we have already advised you that we quite frequently receive similar complaints from some of our East side agents that Falck & Co. unnecessarily detain their prepaid passengers in Hamburg evidently for the purpose of running up a board bill, and wherever possible divert passengers to the Continental Lines. * * *

9570 We believe Mr. Fraser is quite justified in demanding return of the $1.50 collected from him at Southampton to cover board and lodging expenses in Hamburg.

While we here are, of course, not entirely conversant with the condition of affairs at Hamburg, it does seem to us, from information received by us from time to time, that Messrs. Falck & Co. and their sub-agents do not always act for the best interests of the White Star Line, but wherever possible induce passengers to travel by some other line.

* * * * * *

London Agreements. Thanks for the two sets of Contract AA, Agreement V, W, X, and Z.

9581 * * * * * *

SS "Zeeland" sailing to-morrow against the SS "Volturno" will from present indications be a full ship (1300), and may shut out 150 to 200, who will be transferred to the SS "St Louis." The ostensible rate on the "Volturno" is $23 less $3 commission, but it is claimed that more commission is paid to many agents. The "Zeeland's" rate is $21.00 less $2.00. These two steamers are carrying the bulk of the Continental third class business this week.

* * * * * *

Scandinavian-Finnish Prepaid)
Third Class Rates.)

9582 We have just received through the Secretary of Conference copy of cable just received from Secretary Smyth, reading as follows:

"All Lines agreed advance Scandinavian-Finnish prepaids $1.25 for aliens, except "Lusitania" "Caronia" class $1.50 to rectify parity rates, and charge $4.00 less citizens, Canadians, in force 24th."

We will, of course, take joint action with the other Lines and circularize agents promptly, notifying them that the new rates will go into effect Aug. 24th.

Yours faithfully,
WHITE STAR LINE

Encl. Per

Petitioner's Exhibit 1845. 9583

Your favour of the 25th ulto., to hand, contents noted.

Libau and Riga Prepaid Rate. In connection with the alteration in Continental rates, in view of the recent pool contract Continental rates will not be governed by any action that may be taken by the Continental Lines, each Line party to the Pool being entitled to alter their rates to admit of adjusting their carryings. In future, therefore, when we cable you any alteration in the Continental rate, it will not necessarily apply to the American or Dominion Line unless specifically mentioned in our cable. It may be that we may desire to check our carryings, being in the 9627
plus, while at the same time the Dominion and American Lines may possibly be in the minus and desire their rate to remain as it is or at least not to advance same to the maximum as that which we might decide upon.

In the instance under notice we did not cable Philadelphia that the Philadelphia service rate was to be $34.50 plus $4.00 head tax, but found this was cabled by the American Line.

Supplement No. 11 to joint tariff 13. We have your special letter of the 24th enclosing report No.

9628 *Petitioner's Exhibit 1862*

124 from the Conference Secretary together with 5 copies of the supplement and submitting the reason for the issue thereof. We understand that a new tariff, considerably augmented, is in course of compilation, and we shall be interested to learn how soon this may be expected to be delivered to the Lines, as in the meantime the Lines here are not disposed to go to the expense of having a sterling issue compiled of supplements 10 and 11 having in view that the complete tariff may be expected to supersede same shortly.

* * * * * *

9629 *Sandford's Weekly Returns.* We do not appear to have received Lawson Sandford's weekly statistical return No. 782, although numbers 783/4 are to hand. We will thank you to procure us two copies of No. 782, mailing same to us in due course.

9640 **Petitioner's Exhibit 1866.**

From Ismay, Imrie & Co., Liverpool.

Copy of letter from H. Peters to J. Bruce Ismay, Esq., 6/4/08.

Jena.

Dear Sir:

I beg to acknowledge receipt of your favor of the 2nd inst., which I have communicated to the members of the Atlantic Conference.

As to the reserve you make to alter the figures mentioned from time to time, I am afraid it may give rise
9641 to fresh troubles occasionally. Suppose *f. i.* the White Star Line were in excess and in order not to be obliged to advance its rate you would alter its present percentage to a higher one and thus reduce the excess or perhaps even convert it into shortage. I am not aware that this would be satisfactory to the other Parties. Or suppose the Continental Lines should reserve the same right to alter their percentages from time to time and they should make private arrangements to that effect, which has already once occurred in a certain manner, this would affect the whole working of the Pool adversely.

I will say nothing about the difficulty in keeping
9642 the accounts and keeping them clear as each period when an alteration of the percentages has occurred would have to be closed separately, whilst at present it is contemplated to let the accounts run throughout the year *i. e.* to connect each week or month with the whole of the preceding weeks or months. This, however, being a mere technical difficulty it can be overcome and must be overcome as good or bad as possible.

Notation in red ink in upper left hand corner as follows: Note of Mr. Sanderson's: No intention of doing anything of this kind. We would not object to giving 3 months' notice of an alteration.

Petitioner's Exhibit 1867.

9643

(Copy)

April 22nd, 1908.

Dear Sir,

Atlantic Conference Eastbound Pool Percentages.

Referring to my letter of April 2nd, naming a division of the I. M. M. Co's Pool Allotment among the Associated Lines, I have now to give you the following amended division of the Eastbound Percentage which has been reduced as the result of the arbitration to 25.71% in all, viz:

9644

American Line (Southampton)	6.74%
" " (Liverpool)	1.98%
Dominion Line	1.50%
White Star Line (New York and Boston)	15.49%
	25.71%

this allotment is made with the same reservation as to possible alterations in the future, as indicated in my previous letter.

I understand that in future Pool statements you will show all the I. M. M. Co. Lines as well as the N. D. L. V. Lines separately, and the disposal of this question regarding the Eastbound Percentages, will, I hope, enable you to complete the Pool Statements for the first month without further delay.

9645

Yours faithfully,

(Sgd) J. BRUCE ISMAY.

Secretary Peters,

Nordatlantischer Dampfer Linien Verband,

Jena.

9646 **Petitioner's Exhibit 1868.**

M.
A.B.C.

April 22nd, 1908.

Dear Sir,

Eastbound Pool Percentage Arbitration.

Referring to Mr. Wilding's award of the 20th instant in this matter, a copy of which has been mailed to you, I have had the percentages worked out in accordance therewith, and agree those submitted by the N. D. L. V. Lines as follows,—

9747

Allan Line	4.95%
Anchor Line	3.93%
I. M. M. Co. (Exclusive of Red Star)	25.71%
N. D. L. V. (Including Red Star)	45.80%
C. P. Ry.	4.49%
Cunard Co.	15.12%
	100.00%

In Mr. Wilding's letter covering the award he gives the percentages for all the Lines, but he has calculated them on the assumption that the other British
9648 Lines will make an additional contribution beyond what they have already agreed upon towards the extra percentage to the Allan Line and C. P. R. Such an arrangement can not be suggested, so the above figures will remain correct.

I shall be glad to have your acknowledgment and confirmation.

Yours faithfully,
(Sgd) HAROLD A. SANDERSON.

Secretary Peters,

Jena.

Petitioner's Exhibit 1869. 9649

From ISMAY, IMRIE & Co,
Liverpool.

For Passenger Dept:

Steamship.

For ISMAY, IMRIE & CO.

February 11th 7

H. Peters, Esq.,
Secretary,
Nordatlantischer Dampfer Linien Verband,
Jena, Germany.

Dear Sir, 9650

Clause 8, Third Class Agreement of 1898.

In considering our Eastbound third class arrangements for 1907, we are again faced with the very unfavorable position in which the White Star Line steamers are placed for securing Eastbound Continental business, by our continuing to base the rates on the Continental Line's interpretation of Clause 8 of the 1898 agreement.

The necessity for a revision of this clause to meet the altered conditions since it was drafted has been before the Lines for the last two years, and the question is referred to in the London Agreement of March 3rd 1905. Clause 5 of that Agreement reading as 9651 follows:

"The Continental Lines agree in principle that a "modification of clause 8 of Steerage Agreement of "June 1898 is necessary; a Committee of Continental "and British Lines is to fix a classification satisfac- "tory to both parties of the respective Continental and "British steamers that are to charge about equal rates."

The second Agreement arrived at in London on March 4th 1905 also contains the following clause:

9652 *Petitioner's Exhibit 1869*

"The question of an alteration of clause 8 of the "steerage agreement to be taken up again at a Meeting "at Cologne fixed for March 30th 1905."

From these it will be seen that the principle of the revision asked for by the British Lines was admitted the matter being referred for adjustment to the Cologne Meeting of March 30th 1905. At this Meeting, however, nothing was done in the direction desired, and before the Meeting broke up the British Lines stated that under the circumstances they must hold themselves free to base their Eastbound rates accord-
9653 ing to their interpretation of this clause, but no action was taken in the hope of an early adjustment of the third class agreement being still found possible.

At the Cologne Meeting of May 25th 1906 this point was again discussed and it was then decided that the question should be settled by the formation of an Eastbound Pool, but no steps have yet been taken to carry out this arrangement as the revision of the 1898 Agreement as outlined at this Meeting has never been effected.

While reluctant to cause any disturbance in the Eastbound rates we cannot consent to continue the present disadvantageous arrangement under which we
9654 base our Eastbound Continental fares from New York on the advertised rate for the "Deutschland" to Hamburg, (which steamer it may be noted has for a considerable period this winter not been employed in the Hamburg service) and for Bremen on the rates quoted for the "Kaiser Wm. II" etc. and unless the Hamburg American Line and Norddeutscher Lloyd can see their way to advance the rates of their other steamers to the figure quoted for the vessels already named we see no alternative but to base the White Star Line Eastbound rates on the fares quoted for the "Kaiserin Auguste Victoria" "Moltke" etc. for

Petitioner's Exhibit 1869 9655

Hamburg and for the "Konigin Luise," "Barbarossa etc. to Bremen, but will defer acting until the end of the month in the hope that in the meantime we shall hear from you that the German Lines can see their way to alter their rates as suggested in the foregoing.

We attach a statement showing the alternative which we have in mind, and in the meantime, awaiting the favor of your reply, remain,

Yours faithfully,

Third Class Continental Eastbound

Dear Sir,

In Mr. Ismay's absence, I have to acknowledge the receipt of your telegram of yesterday reading as fol-
9659 lows:

"Referring to the understanding arrived at on July "sixth that all First and Second Class agreements, also "Agreement H are to remain in force pending an early "meeting which is to be held but which has not taken "place up till now. Hapag moves a meeting of I. M. "M. Co, and Continental Lines at Berlin or Hamburg "on August twenty-first, the dull season for which they "have to make their measures approaching fast, please "reply."

and to confirm our reply of to-day reading:

"Referring your wire thirteenth, are strongly of "opinion that no useful purpose will be served by meet-
9660 "ing of I. M. M. Co. and Continental Lines to discuss "revision First and Second Class Agreements without "other British Lines including Cunards being present: "further suggest better postpone meeting until dif- "ferences between Lloyd and Hapag are settled so that "Third Class Pool as well as First and Second Class "Agreements can be dealt with."

I am sure, upon reflection, the Continental Lines will agree that no real progress can be made at a meeting to be attended only by the representatives of the Continental Lines and the I. M. M. Co with the ob-

ject of discussing First and Second Class rates. It would simply mean that a provisional understanding might, at best, be arrived at, when we would have to return and re-open the whole question with the Cunard, Anchor, Allan and C. P. R. Lines. I am sure it would be much better to endeavor to get these interests represented so that they could be present when the pros and cons are discussed. 9661

Furthermore, I think it must be admitted that it would be very desirable that we should be in a position to discuss Third Class matters at the same time, as it is only to be expected that the Allan and Anchor Lines will express the opinion that all three matters should be settled concurrently, and at the present moment we are waiting for certain matters on the Continent to be adjusted before this subject can be further taken up with them. 9662

I think I am right in saying that in the past we have had Third Class Agreements without any for First and Second Class business, but I do not recall the time when the Lines were ever bound to First and Second Class Agreements while Third Class matters were in an unsettled state.

Yours truly,

(Signed) HAROLD A. SANDERSON.

9663

9664 **Petitioner's Exhibit 1871.**

From ISMAY, IMRIE & CO. LIVERPOOL.

Duplicate. Passenger.
For Mr. Canty. August 17th 1908.

Secretary Peters.
Atlantic Conference,
Jena.

Dear Sirs:

Revision of Percentages.

9665 Referring to your G. No. 228 under date of 13th, inst., we wish to draw your attention to an error which appears in your statement of the eastbound percentages.

According to the revised statistics received from Mr. Sandford, the C. P. R's allotment of 4.60% is .23% in excess of the percentual proportion resulting from the mean of percentages years 1906-7. This additional allotment it will, however, be observed is a reduction of .01% on the figures considered at the London meeting, and it therefore follows that the additional allotment to be accorded to the Allan Line in compliance with the provisions of Appendix IV, agree-
9666 ment A. A. shall in like manner be reduced to .23%.

The point which we however wish to bring to your attention is in regard to the participation by the other Lines of the Allan Line's additional allotment as referred to above, for according to your statement submitted, this is borne entirely by the I. M. M. Co's Lines by the arrangement entered into between the Lines, it was agreed that the reduction should be borne proportionately by all Lines with the exception of C. P. R., and with the further exception that the N. D. L. V. Line's share under this arrangement should be accepted by the I. M. M. Co., in addition to their own

Petitioner's Exhibit 1871 9667

proportion, and it is on this basis that the percentages as agreed upon pending the revision of the 1907 carryings were arrived at. The following is our statement of the Eastbound percentages worked on the above basis, and which it will be observed differ from those at present recorded only to the extent of the necessary revision consequent of the reduction of Allan Line's additional allotment from .24% to .23%.

Inclusion of Allan Line's additional allotment of .23%

Allan Line	4.84%	5.06%
Anchor	4.02%	4.02%
I. M. M. Co.	26.52%	26.34%
N. D. L. V.	46.90%	46.90%
Cunard	13.12%	13.08%
C. P. R.	4.60%	4.60%
	100.00	100.00

9668

Inclusion of Cunard Line Fiume Service.

Allan Line	5.06%	4.94%
Anchor	4.02%	3.93%
I. M. M. Co.	26.34%	25.72%
N. D. L V.	46.90%	45.80%
Cunard	13.08%	12.77%
C. P. R.	4.60%	4.49%
	100.00	97.65%
	Cunard Fiume	2.35%
		100.00%

9669

9670 *Petitioner's Exhibit 1871*

The final eastbound percentages are therefore:

Allan	4.94%
Anchor	3.93%
I. M. M. Co.	25.72%
N. D. L. V.	45.20%
Cunard (L'pool.)	12.77%
Cunard (Fiume)	2.35%
C. P. R.	4.49%
	100.00%

9771 We trust you will agree with the above statement, and remain

Yours faithfully,

Atlantic Conference.

Jena August 22nd, 1908.

White Star Line.
Liverpool.

Dear Sirs:

In reply to your favor of the 17th instant I would point out that I was unaware that the other British
9672 Lines with the exception of the Canadian Pacific were prepared to participate in the 0.23% additional for the Allan Line. I do not quite agree with your calculation as regards the Allan & Cunard Lines. In figuring out the division of the 0.23% on the different parties I obtain the following results:

		written in Red Ink.
Allan Line	4.825119	4.8283356
Anchor Line	4.016174	4.0103118
Immco Lines	26.457260	26.4560868
N. D. L. V. Lines	46.785572	46.7869710
Cunard Line.	13.085875	13.0883808
	95.170000	95.1700860

Petitioner's Exhibit 1871 9673

By rounding off the fractions I obtain the percentages as stated in the annexed calculation.—Accordingly the final percentages are:

Allan Line	4.93%
Anchor Line	3.93%
Immco Lines	25.72%
N. D. L. V. Lines,	45.80%
Cunard L'pool	12.78%
Cunard Fiume	2.35%
Canpac	4.49%
	100.00

9674

Please let me know whether you concur.

Yours truly,

Sig.: H. PETERS.

According to the statement of the White Star Line the 0.23% extra to Allan had to be borne by the Agreement Lines with the Exception of the Canpac and N. D. L. V.; the proportion of the N. D. L. V. to be borne by the Immco, the calculation is therefore the following:

	excl. of Canpac	incl. of Canpac.
Allan Line	5.07%	4.84%
Anchor Line	4.22%	4.02%
Immco Lines	27.80%	26.52%
N. D. L. V. Lines	49.16%	46.90%
Cunard Line	13.75%	13.12%
Canpac		4.60%
	100.00%	100.00%

9675

Division of 0.23% Extra for Allan with the exclusion of Canpac.:

9676 *Petitioner's Exhibit 1871*

Allan Line	4.82%	+ 0.23% =	5.05%
Anchor Line	4.02%		4.02%
Immco Lines	26.46%	— 0.12 diff. of N. D. L. V.	26.34%
N. D. L. V. Lines	46.78%	+ 0.12% to be borne by Immco	46.90%
Cunard Line	13.09%		13.09%
Extra for Allans	0.23%		
Canpac	4.60%		4.60%
	100.00		100.00

9677 Inclusion of Cunards Fiume Service:

Allan Line	4.93%
Anchor Line	3.93%
Immco Lines	25.72%
N. D. L. V. Lines	45.80%
Cunard L'pool	12.78%
Canpac	4.49%
Cunard Fiume	2.35%
	100.00

Dear Sir:

Prior to the next A. C. meeting fixed for Thursday,
9695 November 24th, I desire to remind the lines of the discussion which took place at the Paris meeting in May last with regard to the position of the White Star-Dominion Canadian service in connection with Agreement AA.

On that occasion, I placed before the meeting a cable from Mr. Hays, President of the Grand Trunk Railway, indicating the intention of that railway to have a steamship connection in exactly the same position, or at any rate not further committed as regards the agreements than the Atlantic Services of their competitors, the C. P. R., and that unless the White Star-Dominion Canadian Service as the ocean connection of the Grand Trunk Railway, could take up such a
9696 position, the Grand Trunk would feel compelled to establish a line of steamers of their own.

It was felt that a new Canadian service established by the Grand Trunk Railway would be most prejudicial to the interests of all, and should be guarded against if practicable but nevertheless my proposal that the White Star-Dominion Line should be placed in the same position as the C. P. R. and Allan Lines was not agreed to.

Scandinavian American Line.

For your information we attach herewith copy of minutes of meeting of 13th instant, and further meeting of 14th instant, between the representatives of the British Lines and the representatives of the Scandinavian-American Line, from which you will be pleased to note that the latter have entered the Conference, as the result of the final deliberations, on a basis of 2.70% west and 3.50% eastbound. A copy of the agreement, to be noted as C. C., in relation to the agreement AA will be sent you in due course.

Yours faithfully,

9714 For Ismay, Imrie & Co.

Petitioner's Exhibit 1884

North Atlantic Passenger Conference.

31 James Street,
Liverpool, May 13th, 1909.

E. S. Smyth,
Secretary.

* * * * * *

The Chairman explained the reasons which prompted the British Lines to invite the Scandinavian-American Line representatives to meet them in Liverpool, and the position of the Scandinavian-American Line in the business was thoroughly discussed. 9716

Director Gold expressed the willingness of the Scandinavian-American Line to enter into an agreement with the other lines, and the question of their joining the agreement turned upon the percentage of traffic to be allotted to them.

* * * * * *

Director Gold asked for 3% Westbound and 3.50% Eastbound at least, explaining that the period 1906 and 1907 was the most unfair to them that could be selected as a basis, and asked that a more extended period or other years should be taken.

It was pointed out to him that he could not expect to join the agreement on a different basis to that accepted by the original lines members thereof. The beneficial effect of that agreement on passage rates and in other respects were explained at length, at the same time it was made plain to Director Gold that were he to remain outside the British Lines could foresee that fluctuations of rates amongst the agreement lines might result detrimentally to his line, and the British Lines could not always confine their reductions in passage rates for traffic adjustment to business outside Scandinavian which they had hitherto done. 9717

* * * * * *

9718 *Petitioner's Exhibit 1884*

Director Gold, however, asked for 2.80 or 2.90% Westbound, accepting the 3.50% Eastbound. The committee could not agree to this proposal and neither side being prepared to make any further offer, the meeting closed without result.

Subsequent to the above meeting, the chairman had an interview with Director Gold, as a result of which a further meeting was called on the 14th instant at 10 A. M., when after obtaining the assent of the other British Lines, a compromise was arrived at and a final agreement concluded, allotting to the Scandinavian-American Line 2.70% Westbound and 3.50%
9719 Eastbound.

North Atlantic Passenger Conference.

31 James Street,
Liverpool, May 14th, 1909.

COPY.

E. S. Smyth,
Secretary.
9720 H. Peters, Esq.,
Secretary,
Atlantic Conference,
Jena.

Dear Sir:

Referring to Minute No. 120 of the Atlantic Conference, I am instructed to advise you that a small committee was appointed by the British Lines to meet the representatives of the Scandinavian-American Line, who attended in Liverpool yesterday and today with the view of bringing them into the general pool,

and after considerable negotiation an agreement has been concluded alloting to the Scandinavian-American Line 2.70% Westbound and 3.50% Eastbound in the general pool. The agreement in detail is now in the printers' hands and copies will be sent to you as soon as possible.

The signature of the Scandinavian-American Line to this agreement is, however, subject to a condition as set forth in the attached copy of letter from Director Gold. Director Gold has undertaken, as you will see, to at once approach the Hamburg-American Line with regard to this matter with a view to advising the British Lines the result before the 31st instant. 9722

I shall be glad if you will circulate this letter, which will in this way reach the Hamburg-American Line in due course, and the result of the negotiations between the Scandinavian American Line and the Hamburg-American Line will no doubt be notified to the parties as early as possible.

Clause 5 of the agreement with the Scandinavian-American Line reads as follows:

> "The Scandinavian-American Line agree to confine themselves to the carriage of Scandinavian and/or Finish steerage passengers only." 9723

For your information, I am noting this agreement as "Agreement C. C." which I hope will not clash with any other agreements.

Yours truly,

Secretary.

9724 *Petitioner's Exhibit 1884*

COPY.

It is understood that today's agreement regarding steerage business is signed by me on behalf of Det Forenede Dampskibs Selskab subject to the contract between the Hamburg Packet Company and Det Forenede Dampskibs Selskab of the 21st December, 1904, being prolonged up to 26th February, 1911, as to which I undertake to at once approach the Hamburg Packet Company and to give a definite reply before the 31st instant. I have no reason to expect the Hamburg Packet Company will raise any objection to the
9725 proposal.

Should the Hamburg Packet Company refuse the proposal my signature to the said steerage agreement remains binding provided the A. C. Lines agree to cancel clause 5 of that agreement.

Dear Sirs:

Northwest Transportation Co.—Fighting Rate Steamers.

We beg to acknowledge receipt of your cable of the 29th, as follows:

> "Paris meeting by-law twenty-two revived meet competition Northwest Transport act accordingly with other lines."

9746

The Holland Line received a cable from their home office which requested a meeting of the Continental Lines to consider re-establishing the small committee. At the meeting, however, which we attended, the Lloyd Cunard and Hamburg being without instructions we could take no action, but as soon as we received your cable we informed the Secretary that we are prepared to join the other lines in appropriate action. We might add, however, that the Cunard Line at today's Mediterranean meeting, when the matter was touched upon, stated that they were much opposed to reviving the question of fighting rates in accordance with the plan outlined in By-law 22 of the Atlantic Conference.

9747

We would also state that in the cable of the Holland Line the suggestion was made that in view of the increase in rates to be made by the lines in the Mediterranean trade it would be desirable to sound the Continental Lines on the question of a like increase in their eastbound rates. The lines, however, in view of the poor eastbound movement are not a unit as to whether the present is an opportune time for increasing rates but most of the Continental Lines felt that they would be agreeable provided the increase also, applied to the British Lines.

Yours faithfully,
WHITE STAR LINE,
Per

III Cl. Pass.,
9749 Sept. 10-08.

Red Star Line,
Office of the Manager,
Antwerp.

Dear Sir:

Northwest Transport Line—Fighting Rates.

The Small Committee approached us on Wednesday and stated that it was the opinion of the Committee that the "Lapland" should be fixed as the fighting steamer against the "Uranium" of the Northwest Line sailing the same day. The present advertised rate of the "Uranium" being $25 less $3 the rate for the "Lap-
9750 land" will be $24 less $2.

In view of the Red Star Line being in the plus, we hesitated at first as to whether it was good judgment to select the "Lapland" when the "Baltic" of the White Star Line, which has a minus of 3,000 odd, was sailing the same day. After a canvass of the lines it seemed to be the opinion, however, that a direct sailing to the Continent, notwithstanding pool position, was the best competitor to select and therefore we put the reduced rate in effect for tomorrow's steamer. We therefore expect to have about 800 for this sailing.

Yours faithfully,
RED STAR LINE,
Per

* * * * * *

We are glad to see that you were in a position to command acquiescence in your view that the over-
9755 flow from ss. "Finland" should be given to the "Oceanic," and in accordance with the particulars as to the number of passengers so transferred, we have this day submitted our claim through Secretary Peters for the sum of $656.00. The copy of your letter to the Southampton office, however, on the subject does not appear to have been enclosed, but we have read with interest copy of your letter to the Red Star Line of the 9th.

Yours faithfully,
For Ismay, Imrie & Co.

9756

Petitioner's Exhibit 1896. 9757

Messrs. Ismay, Imrie & Co.,
Liverpool.

Dear Sirs:

Special—Frank Zotti & Co.

In our Mediterranean Service letter we referred to the meeting of the Continental Conference which was specially called to consider the inroads made by the Italian Lines on the Continental business of the Pool Lines. As we advised you Mr. Brown of the Cunard Line was present and the business of the meeting had 9758
been very harmonious when, to our surprise, the status of Frank Zotti & Co. was brought up, the Hamburg American Line presenting copies of his paper, the "Naroda Liszt" containing an advertisement of the N. Y. Continental Line with himself mentioned as their agent. Mr. Boas immediately proposed to disqualify Mr. Zotti.

As regards the matter of the advertisement we might explain that when this was brought to our attention at the previous meeting of the Continental Lines we called it to Mr. Zotti's attention, who stated that it was an advertisement which had been running in the paper for some time but that he would immediately have it 9759
changed and he has stated to us that the advertisement was discontinued at once. The papers in question were issued prior to the change. On the motion of disqualification which was seconded by the Austro Americana Line, all lines voted in favor except the Cunard Lines and ourselves, we feeling that it was not fair to go to the extent of disqualification before the case had a hearing. Mr. Brown of the Cunard Line in voting stated that his position on this matter should be well known to all and that he was not prepared to do away with Zotti until other matters were disposed of, he having reference to the stand which was taken by him

9760 *Petitioner's Exhibit 1896*

that as long as Mr. Delli Paoli was maintained as General Agent in Philadelphia by the Hamburg and White Star Line he would not give up Mr. Zotti as agent here. The stand he took excited the ire of Mr. Boas who very much resented the position he took and left the meeting in high dudgeon.

The incident is much to be regretted as up to the time that the case against Zotti was presented the meeting had been harmonious, it being the first time for many months that the Cunard Line had consented to attend a meeting. In fact they had withdrawn their objection to the fine in the case of agent Goldberger
9761 (who was found to have been assisting the Italian Lines by giving them information regarding Continental booking agents) in order to bring about harmony.

We understand Mr. Boas has strongly written to Hamburg and as this question of Frank Zotti agency will most likely be placed before the Atlantic Lines by Secretary Peters we desire to post you fully as to the position we took in the matter.

Yours faithfully,

WHITE STAR LINE,

Edward Strasser, Esq.,
Red Star Line,
Antwerp.

Dear Mr. Strasser:

9768 I have been a great admirer of the statistics issued by Mr. Peters, known as "Strasser's Statistics," and I was yesterday using these statistics in pointing out to one of our very good agents how well the Red Star Line had done both east and westbound this year, and the fact that it had carried more first class passengers eastbound than the Holland America Line.

If you will refer to Statistic including figures up to the end of July you will find that the Red Star Line's carryings are given as 3861 as against 3576 by the Holland America Line.

* * * * * *

Special.
Messrs. Lee & Franklin,
9 Broadway,
New York.

Dear Sirs:

Passenger Situation.

9785 We have pleasure in sending you copy of Minutes of the Meeting held in London on May 7th between the Cunard Company and Continental Lines, when, however, we were also present in connection with the negotiations for bringing the Cunard Company into the Eastbound Mediterranean agreement—see Minute No. 4. The record of the proceedings will post you fully as to what was decided and you will notice the Cunard Company's Westbound Hungarian traffic is now subject to the original arrangement made at the London Meeting in February last year.

We think the result of this Meeting may be considered satisfactory and removes any fear of trouble
9786 in the Mediterranean trade while the Agreement lasts, excepting so far as the Greek Lines are concerned, but they are not looked upon as a very strong opposition, and it has been considered undesirable to endeavor to bring them into the Agreement. We have also pleasure in sending Minutes of the Meeting held in Liverpool on Thursday and Friday last which has resulted in the Scandinavian American Line joining the Conference. This we also think a satisfactory arrangement. You will observe that they have joined the conference on the basis of their present operations and past carryings.

Petitioner's Exhibit 1907

9787

The Agreement you will notice is subject to the Hamburg American and Scandinavian American Lines continuing their Agreement regarding Baltic trade, which at present lapses at the end of the year, but Director Cold advised us he contemplated no difficulty arising in this connection.

Yours faithfully,

For Ismay, Imrie & Co.

North Atlantic Passenger Conference.

9788

31 James Street,
Liverpool, May 13th, 1909.

E. S. Smyth,
Secretary.

* * * * * *

The Committee appointed under Minutes of the Conference Meeting held on the 11th instant (clause 1), viz: Messrs. Aitchison, Lister and Cauty met Director Cold and Captain Moller of the Scandinavian-American Line at this office at 11 a. m. today, Mr. Cauty occupying the Chair.

The Chairman explained the reasons which prompted the British Lines to invite the Scandinavian-American Line representatives to meet them in Liverpool, and the position of the Scandinavian-American Line in the business was thoroughly discussed. 9789

Director Cold expressed the willingness of the Scandinavian-American Line to enter into an agreement with the other Lines, and the question of their joining the agreement turned upon the percentage of traffic to be allotted to them.

This question was discussed at great length, the committee offering the allotment of 2.46% Westbound and 3.51% Eastbound as per meeting held last Sep-

9790 *Petitioner's Exhibit 1907*

tember (being on the basis of 1906-1907 Carryings) informing Director Cold that although the recent carryings of the Scandinavian-American Line hardly justified so large a share, yet they were willing that Scandinavian-American Line should enter the agreement on the same basis as the other Lines.

Director Cold asked for 3% Westbound and 3.50% Eastbound at least, explaining that the period 1906 and 1907 was the most unfair to them that could be selected as a basis, and asked that a more extended period or other years should be taken.

* * * * * *

9791 Director Cold intimated that he was disappointed that the percentage offered him was so small, and he was unable to accept same, but he would not, on the other hand, insist on 3% Westbound. He reminded the committee that last September his Line was to be offered 2.60% West and he had expected an improvement on this.

It was explained that circumstances had altered since then, but eventually, finding the Danish Line's representatives obdurate, the committee increased their offer for the Westbound percentage to 2.60 per cent.

Director Cold, however, asked for 2.80 or 2.90% Westbound, accepting 3.50% Eastbound. The com-
9792 mittee could not agree to this proposal and neither side being prepared to make any further offer, the meeting closed without result.

Subsequent to the above meeting, the Chairman had an interview with Director Cold, as a result of which a further meeting was called on the 14th instant at 10 a. m., when after obtaining the assent of the other British Lines, a compromise was arrived at and a final agreement concluded, allotting to the Scandinavian-American Line 2.70% Westbound and 3.50% Eastbound.

(Sgd) A. B. CAUTY,
Chairman.

Petitioner's Exhibit 1907

(*Copy.*)

It is understood that today's agreement regarding steerage business is signed by me on behalf of Det Forenede Dampskibs Selskab subject to the contract between the Hamburg Packet Company and Det Forenede Dampskibs Selskab of the 21st December 1904, being prolonged up to 28th February, 1911, as to which I undertake to at once approach the Hamburg Packet Company and to give a definite reply before the 31st instant. I have no reason to expect the Hamburg Packet Company will raise any objection to the proposal. 9793

Should the Hamburg Packet Company refuse the proposal my signature to the said steerage agreement remains binding provided the A. C. Lines agree to cancel clause 5 of that agreement. 9794

Dear Sirs: 9830

I beg to confirm my today's telegram reading:

> "All parties agreed making Canadian Agreement operative 1st March 1908 until 28th February 1911."

The Hamburg American Line have given their consent in the assumption that the accounts of the Canadian Agreement will be closed on the 31st December, so that the first year embraces only ten months. I trust there will be no objection as to this being accepted.

Respectfully,

9831

To the Parties to the General Pool:

9883 Dear Sirs,

I beg to confirm my today's telegram reading:

> "On account of shortage in N. D. L. V. eastbound pool Lloyd reduced eastbound New York regular steamers, Baltimore and Galveston steamers to 26 Dollars."

I take this opportunity to inform the parties in Great Britain that in a couple of days I shall furnish them with blanks for the statistics westbound and eastbound separate, a copy of which I beg to request to return to me with the necessary informations filled in, to enable me to compile the statistics. According
9884 to Art. 10 the first week, for which statistics are to be made up ends on the 7th inst.

Respectfully

To the Parties

9836

In the "Frankfurter Zeitung" of February 29th there is a report from Switzerland that Thos. Cook & Son intend to take the emigrant business also in hand. The first emigrant offices, which, it is stated, are to act as agencies of an English steamship line are to be established at several points in Switzerland. It might be well that the Lines give Thos. Cook & Son a hint, if the report should be true, that they would stop accepting their bookings of cabin passengers.

I shall be obliged by getting the views of the parties on this point, which I trust can be given by return.

Respectfully

Newyork Continental Line.

In connection with circular letter G. No. 4 I hereby beg to advise you of the following letter which I re-
9839 ceived from the Holland American Line, they write as follows:

> "We learn that the steamship 'Volturno,' chartered by the New York Continental Line, can carry only 700 steerage passengers instead of 1400, as indicated in G. No. 4. She is a twinscrew steamer of about 3800 gross register tons and about 1500 tons' cargo capacity. Her speed is between 11 and 12 miles. Formerly she plied between Italy and France and La Plata ports. Owners are Messrs D. G. Pinkneys and Co. in connection with whom the firm of Furness, Withy & Co. is mentioned.
>
> 9840 "According to further intelligence received, the New York Continental Line have chartered for a long term two other steamers, viz:
>
> ss. 'Jelunga,' built in 1890, of 5206 tons gross and 3361 tons net
> ss. 'Avoca,' built in 1891, of 5324 tons gross and 3410 tons net
>
> "These latter steamers were formerly employed by the British India Steam Navigation Company."

To the Parties:

9845 *Statistics.*

In Art. 3 of the Contract there are named under 4. 5. 6. 7. the four N. D. L. V. Lines individually but their share is stated jointly. The same applies to the three Immco Lines, for which also one joint percentage only is given. Such concentration is not favorable for the working of the Contract and specially not for judging which special line has to take measures of adjustment and whether measures proposed will answer their purpose. I shall therefore insert in the statistics the 4 N. D. L. V. Lines with their individual shares and shall be obliged for the Immco Lines giving me likewise their individual shares in the west-
9846 bound and eastbound steerage business.

Jena, March 11th, 1908.

To the Parties to the Atlantic Conference:

New York Continental Line. (G. No. 10.)

The Holland America Line write that their General 9849
Agency in Switzerland has received from the tourist office "Oceana" in Rotterdam the following letter:

"Wir beehren uns, Ihnen hierdurch die höfliche Mitteilung zu machen, dass wir am hiesigen Platze unter der Firma

"Reisebureau Oceana"

ein Passagebureau eröffnet haben und von der Königlich Niederländischen Regierung concessionirt sind. Wir sind die General Agenten der

New York und Continental Line,

welche einen directen Passagedienst zwischen Rotterdam Halifax und New York eingerichtet haben. 9849 Die Dampfer landen die Passagire für Canada in Halifax und gehen weiter mit den für die Vereinigten Staaten gebuchten Passagieren nach New York und machen die Seereise in etwa 9 Tagen.

Die Abfahrten finden wie folgt statt:
Volturno am Sonnabend den 21. März
Avoca " " " 4. April
Jelunga " " " 18. "
und weiter alle 14 Tage.

Petitioner's Exhibit 924

9850 Die Doppelschraubendampfer nehmen I., II. und III. Classepassagiere und haben eine vorzügliche Einrichtung. Sie sind mit allem Comfort der Neuzeit ausgerüstet (electrisches Licht etc.) und die Passagiere finden die allerbeste Verpflegung.

Unsere Nettorate, momentan M 90.—von Rotterdam nach Halifax und New York, mit Kost und Logis in Rotterdam frei, wird Ihnen ausserdem Veranlassung geben, uns recht viele Zuweisungen zu machen, in welcher Hoffnung wir uns Ihnen empfehlen.

9851 Hochachtungsvoll
Reisebureau Oceana."

The Holland America Line write further:

"The tourist office Oceana is managed by the notorious agent Landy as is also the tourist office Atlantic Express. It is evident that in the former he will do business for the New York & Continental Line and in the latter for the Russian Eastasiatic S. S. Co. Whether the

9852 Eastasiatic knows that Landy, besides representing them has also the agency of the New York & Continental Line or whether this latter knows that he is also working for the Eastasiatic Co. we are inclined to doubt or he would not have put himself to the expense of two offices."

"P. S. It is said that the New York & Continental Line which by former reports had chartered the steamers Avoca and Jelunga, has now bought them."

Petitioner's Exhibit 924

9853

I have written to the East-Asiatic Line, but I think they will have to tolerate that they must share Mr. Landy's favors with some other party.

As from the two letters it is evident that Mr. Landy makes his offer to established agencies of other Lines, clause 20 of the Bye-Laws will have to be put in operation, and the sooner the better.

I shall draw up a circular to agents and if the Lines would agree to it being a joint one the effect, no doubt, would be stronger.

Respectfully,

H. PETERS.

9854

(1) A letter of the same tenor as above is directed to an agent of the Hamburg Line.

9855

9856 **Petitioner's Exhibit 925.**

G. No. 12.

New York Continental Line (G. No. 10).

The Holland America Line write that their General Agency in Switzerland has received from the Tourist Office "Oceana" in Rotterdam the following letter:

"We herewith beg to advise you that we have opened in this City a Tourist Office, under the style of 'Reisebureau Oceana,' and have received the concession from the Royal Dutch Government. We are acting as General Agents
9857 for the New York and Continental Line, which has established direct sailings between Rotterdam, Halifax and New York. The steamers of the Line disembark passengers for Canada in Halifax, from where they proceed to New York with those passengers booked for the United States, and cover the trip in about 9 days.

"The sailings are fixed as follows:

'Volturno,' on Saturday the 21st March.
'Avoca,' " do " 4th April
'Jelunga,' " do " 18th do

etc., one every fortnight.

9858 "The steamers are fitted with twin screws and take 1st, 2nd and 3rd class passengers and are provided with excellent accommodation. The steamers have up to date appliances (electric light etc.), and passengers are boarded on the best victualling scale.

"We trust that our net rate, at present Marks 90 from Rotterdam to Halifax and New York, including board and lodging in Rotterdam, will give you the opportunity of sending us a good number of passengers, in which expectation, we beg to remain,

Yours respectfully,
Reisebureau 'OCEANA'."

To the Parties to the Atlantic Conference.

New York—Continental Line. (G. No. 12.)

9860

Referring to G. No. 12 I beg to propose that the Lines should send the following circular to their Continental Agents. As most of the Continental Agents understand German it would not be necessary to have the circular in other languages. The Lines of course are at liberty to have it printed also in other languages if they think it expedient. As the French Line and the Austrian Line are also interested in measures against this new competition, I have taken it for granted that they will have no objection to join. If and where Lines have no direct intercourse with subagents, they would have to arrange somehow, that the circulars come into their hands. The agents in Switzerland, 9861
part of which are rather unruly will specially have to be attended to.

Objections of any line to its name being put under the circular or to issuing the circular I await by return.

Respectfully,

9862 *Petitioner's Exhibit 926*

Proposed Circular Letter:

"Die unten genannten Gesellschaften ersuchen hierdurch ihre Agenten sich jeder geschäftichen Verbindung direct oder indirect mit dem Reisebureau Atlantic Express und dem Reisebureau Oceana, zu enthalten. Agenten, die den erwähnten Firmen oder ihren inländischen Vertretern Passagiere zuweisen, oder in irgend einer Weise dazu behülflich sind, dass sie Passagiere erhalten, werden für sämtliche unten genannten Gesellschaften abgesetzt.

Jena, March 13th, 1908.

To the Parties:

With regard to the Contract of the Atlantic Conference some amendments have been proposed as desirable, before it is definitely printed, which I herewith beg to submit for consideration.

9866

1) The Cunard Line's Fiume service being in the agreement eastbound, there ought to be deleted on page No. 1 under 3, the words, "their Fiume-Trieste service excepted" Appendix A excludes misunderstanding.

2) For the same reason the Canadian Pacific Ry. Co. should be added under No. 9.

3) The percentages in Art. 3 should be given as follows:

Westbound.

9867

1.	The Allan Line S. S. Co. Ltd. for its United States services	.62%
2.	The Anchor Line (Henderson Bros.), Liverpool,	3.40%
3.	The Cunard S. S. Co. Ltd. Liverpool,	13.75
4.	Hamburg Amerikanische Packetfahrt Actien Gesellschaft in Hamburg,	62.48%
5.	The Nederlandsch Amerikaansche Stoomvaart Maatschappy in Rotterdam,	
6.	Norddeutscher Lloyd, Bremen,	
7.	Societe Anonyme de Navigation, Belge Americaine (Red Star Line). Antwerp,	

9868 *Petitioner's Exhibit 1263*

8. I. M. M. Co. White Star Line,
American Line,
Dominion Line. } 19.75%

Eastbound.

percentages will be entered later

1. The Allan Line S. S. Co. Ltd. for its Canadian services (including Portland in the winter),
9869 2. The Anchor Line (Henderson Bros.) Ltd., Liverpool, do.
3. The Cunard S. S. Co. Ltd., Liverpool, for its Liverpool service, do.
The Cunard S. S. Co. Ltd., Liverpool for its Fiume-Triest service as per Appendix A, do.
4. Hamburg Amerikanische Packetfahrt Actien-Gesellschaft in Hamburg,
5. The Nederlandsch Amerikaansche Stoomvaart Maatschappy, Rotterdam, do.
6. Norddeutscher Lloyd, Bremen,
9870 7. Societe Anonyme de Navigation Belge Americaine, (Red Star Line) Antwerp,

8. I. M. M. Co., White Star Line,
" American Line,
" Dominion Line, } do.
9. Canadian Pacific Railway Co., Atlantic S. S. Lines, do.

The percentages of the N. D. L. V Lines and Immco Lines should be stated for each Line separately.

4. An additional clause to Art. 3 is suggested reading:

"The Cunard S. S. Co.'s Adriatic service, the Allan Line's Canadian services, and the Canadian Pacific Ry. Co. Atlantic S. S. Lines are not covered by this contract as far as westbound business is concerned."

5. In the commentary to Art. 11 should be added a new paragraph reading:

"In all cases under this contract where percentages have to be taken in consideration it is understood that in questions on westbound business, the westbound percentages, in questions on eastbound business the eastbound percentages, and in general questions the mean of the west and eastbound percentage of each line shall apply." 9872

6. With regard to Clause 11 of the Canadian Agreement, this requires alteration to conform to Art. 27 of the General Pool Contract.

Respectfully,

Circulars.

Clause 16 of the Contract provides that:

9875 "the Lines undertake to send to the Secretary any printed matter and circulars sent to agents in relation to the steerage business so far as such matters are not of purely internal nature."

The practice with the N. D. L. V. Lines is that they send to the Secretary so many of their circulars, etc., that he can send to each Line so many as they may require. The Secretary gets them stamped, gives each set a current number returns one copy to the issuing line as proof that he has received the circulars, keeps one for himself on file and sends the rest out to the other Lines. This refers also to circulars issued in
9876 America, (clause 9 of the by-laws) and when there are cabin agreements, also interchange in this way their circulars, etc., on cabin business.

I send today two circulars and shall be obliged if the British Lines will inform me whether they are agreeable to the practice as described with the N. D. L. V. Lines or whether they prefer not to go beyond what clause 16 asks for.

Respectfully,

H. PETERS.

To the Parties to the Atlantic Conference.

With reference to G. No. 11 I received the following reply:

9878

"* * * There being a number of distinctly separate Companies included in the N. D. L. V. Lines, it would appear only right that the individual shares for each of these Companies should be shown in the General Pool Contract, this being desirable for the working of the Contract, as you point out.

"In the case of the I. M. M. Co. the position is not quite the same and the Associated Lines are correctly provided for in the Pool under one percentage, being controlled from one centre, and it is not the intention to allot a separate percentage to each of these Companies.

9879

"The Red Star Line, however, will be shown separately as one of the N. D. L. V. Lines.

"Yours faithfully,

"HAROLD A. SANDERSON,

"For I. M. M. Co."

Under these circumstances I have no authority to show the individual shares of the N. D. L. V. Lines as in the contract one percentage only is provided for for them also.

Statistical Returns. (G. 11 & 16.)

I received the following communications from the Allan Line:

9896

"* * * We would point out, however, that we strongly protest against the method you have adopted of combining the percentages of the Continental Lines with the Combine Lines in your Eastbound Returns. In all the Returns, the percentages of each Line should be shown separately, as otherwise it will be impossible to properly comply with article 11 of the General Pool Contract. Please give this matter your attention."

Anchor Line:

9897

"* * * We have now before us your 'Weekly Statistics' for 1st—7th March, 1908, both Eastbound and Westbound. We desire to point out that we do not approve of the way you have shown the shares that some of the Lines are entitled to. In the case of the Anchor, Allan, Canadian Pacific and Cunard Lines in the Eastbound Return, we have nothing to say. But we do protest against the slumping of shares that you show in the case of the I. M. M. Co.'s and the N. D. L. V. Lines. We have to ask you to show each Lines' share

9898

separately and where a 'service' of a Line has a special share allotted to it that share and service should be shown distinct from other service the Line may have.

"We also consider that so far as the Westbound Return is concerned the I. M. M. Co.'s should apportion their 19.75% between the American Line, Dominion and White Star Lines and record the allottment. The N. D L. V. Lines in our view should be asked to follow out the same plan."

9899 I await to hear what the other Parties have to say on the subject. A desire has been expressed to have the different Returns printed on different colored paper. This will be attended to.

Respectfully,

Statistical Returns (*G. 11, 16, 22*)

On this point I received further the following tele- 9908
grams from Cunard:

> "As in each of the eastbound and westbound statistics returns received up to date we are shown as plus we consider it absolutely necessary to enable us to review position in terms of general contract that each single line's percentage be shown separately."

Canpac:

> "Referring your wire regarding Cunard contention we also strongly urge each Line's percentage should be shown separately."

9909

As to the eastbound percentages for N. D. L. V. and Immco being shown as one this is only temporary and they will appear in the statistics as two separate parties as soon as a slight difference that has arisen between them is settled, which I trust will be very soon.

But what is wanted is, that the percentages of the individual N. D. L. V. Lines and of the individual I. M. M. Co. Lines and the position of each of them towards their share be shown. The general feeling is evidently that the pooling arrangement cannot work

9910 *Petitioner's Exhibit 1266*

satisfactorily unless that be done. The Canadian Pacific Ry. Co., write:

> "We strongly urge that the percentages shown in the first page of Eastbound statistics should be given for each Line showing separately the percentage for each Line of the I. M. M. Co. as well as the N. D. L. V. Cos., so that the Lines may correctly ascertain their position in relation to each other. We most particularly urge that in any case the percentage pertaining to the Canadian Line of the I. M.
9911 M. Co., be stated so that all the Canadian Lines may know the position relative to each other."

The N. D. L. V. Lines are quite willing to appear in the statistics with their percentages individually if the I. M. M. Co. are agreeable as far as their different Lines are concerned.

I therefore submit to the I. M. M. Co. Lines to reconsider if, quite apart from the question of their being bound to do so, it would not be to the interest of all concerned, to meet the wishes of the other Lines.

Respectfully,

9912

Petitioner's Exhibit 936. 9913

G. No. 27.

ATLANTIC CONFERENCE.

Secretary's Office
Telegraph Address:
"Secretair," Jena.

Jena, March 30th, 1908.

To the Parties:

Advance in Continental rates.

9914

On Thursday last I informed the Parties that the Continental Lines intended to advance steerage rates all round four dollars except for Continental steamers sailing about same date as steamers of opposition lines, and that they further intended to advance westbound steerage rates all round by ten marks, requesting British Lines to increase their eastbound and westbound Continental steerage rates accordingly.

Today I wired as follows:

> "All lines have agreed immediate advance Continental steerage rates eastbound four dollars, westbound ten marks."

9915

to which I beg to add that the Allan Line has excepted their Havre direct service. The traffic on this service being comparatively small and besides being in the Pool I considered it not desirable to delay the advance further and therefore did not mention the exception in my telegram. I hope there will be no objection and the advance will have been put in operation already on receipt of this circular letter.

Respectfully,

9916 **Petitioner's Exhibit 937.**

ATLANTIC CONFERENCE.

Secretary's Office
Telegraph Address:
"Secretair," Jena.

Jena, March 31st, 1908.

To the Parties:

New York and Continental Line.

Messrs. Ismay, Imrie & Co., Liverpool send me copy of a letter received from their London E. C. of-
9917 fice, reading:

"We enclose card of the New York & Continental Line who have opened an Agency here, and are attempting to book passengers through from London to Halifax & New York. The Agents are Messrs. C. Morris & Coy, 88 Fenchurch Street, and their office was opened today. They have no fares in print, but are quoting £5.5.0 London to New York and £5 London to Halifax steerage and £7.10.0 2nd Class to either port. Passengers for New York are not forwarded by rail from Halifax, but stay on board the steamer until her arrival
9918 at New York. You will notice that the card does not bear any agency name. We do not think they will succeed in getting any business from London, but will continue to watch the situation, and advise you of any developments.

"No doubt you are being posted by your Rotterdam Agents as to what is going on there in connection with this Line."

The card referred to is a time table showing fortnightly sailings beginning westbound March 21st from Rotterdam up to July 11th and eastbound from New York April 9th, up to July 30th.

Respectfully,

H. PETERS.

Jena, April 1st, 1908.

To the Parties:

Competition against "Volturno." (G. No. 23.) 9920

On 30th ultimo I wired that after a general advance in eastbound continental rates had been agreed their compensation of seven dollars must be increased to eleven Dollars if the Parties wish them to continue a $23 rate for their steamer Pretoria in opposition against Volturno April 11th. To this I received the following replies:

Lloyd (Translated):

> "Upon reconsidering the question of compensating an excess party for quoting a fighting rate we cannot assent to Hapags proposal. As to scruples regarding measures as resolved in this case we refer to our to-day's letter." 9921

Anchor:

> "As Hapag had agreed to oppose Volturno on a seven Dollar compensation basis do not consider this should be disturbed now."

Ismay:

> "Referring your telegram thirteenth think original arrangement for seven dollars compensation to Hapag should be adhered to in connection Volturno competition."

9922 *Petitioner's Exhibit 938*

Allans:

"Having already agreed compensate Hapag our pool percentage seven dollars not inclined increase at present."

Americana (Translated):

"With reference to eastbound reduction eleventh April and compensation of eleven dollars resulting from it we share Hapags views."

Star (Translated):

9923 "Agree Hapags proposal regarding compensation eastbound in opposition to Volturno."

No reply so far from the Cunard Line and the Canadian Pacific.

I have informed Hapag that there are Lines differing from their view, and it rests therefore with Hapag if they will continue the $23 rate or not.

Respectfully,

Petitioner's Exhibit 938.

Jena, April 3rd, 1908.

To the Parties:

Advance in Continental Rates. (G. No. 27) 9926

Referring to the latter part of G. No. 27 I beg to add some remarks.

The first reply of the Allan Line with regard to the proposed advance was, that they were agreeable except for Havre direct service.

I then wired:

> "In case your not joining proposed advance continental steerage rates for your direct Havre service should be the only obstacle would you insist?

to which I received Allan's reply: 9927

> "Cannot entertain increase Havre rate which was not reduced, when other Continental rates were."

and the following letter of March 30th:
